The words and expressions used but not defined in this Prospectus will have the same meaning as assigned to such terms under the Companies Act, 2013, the Securities and Exchange Board of India Act, 1992 (the “SEBI Act”), the SCRA, SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018 the Depositories Act and the rules and regulations made thereunder.

Notwithstanding the foregoing, terms in “Main Provisions of the Articles of Association”, “Statement of Special Tax Benefits”, “Industry Overview”, “Regulations and Policies in India”, “Financial Information of the Company”, “Outstanding Litigations and Material Developments” and “Issue Procedure”, will have the meaning ascribed to such terms in these respective sections

PRESENTATION OF FINANCIAL, INDUSTRY AND MARKET DATA

Certain Conventions

All references to “India” in this Prospectus are to the Republic of India and its territories and possessions and all references herein to the “Government”, “Indian Government”, “GoI”, “Central Government” or the “State Government” are to the Government of India, central or state, as applicable.

All references in this Prospectus to the “US”, “U.S.” “USA” or “United States” are to the United States of America and its territories and possessions.

In this Prospectus, unless the context otherwise requires, all references to one gender also refers to another gender and the word “Lac / Lakh” means “one hundred thousand”, the word “million (mn)” means “Ten Lac / Lakh”, the word “Crore” means “ten million” and the word “billion (bn)” means “one hundred crore”. In this Prospectus, any discrepancies in any table between total and the sum of the amounts listed are due to rounding-off. All figures in decimals have been rounded off to the second decimal and all percentage figures have been rounded off to two decimal places. In certain instances, (i) the sum or percentage change of such numbers may not conform exactly to the total figure given; and (ii) the sum of the numbers in a column or row in certain tables may not conform exactly to the total figure given for that column or row.

Financial Data

Unless stated otherwise, throughout this Prospectus, all figures have been expressed in Rupees in Lakh. Unless stated otherwise, the financial data in the Prospectus is derived from our restated financial information prepared for the period ended December 23, 2023 and financial year ended March 31, 2023, March 31, 2022 and March 31, 2021 in accordance with Ind AS, the Companies Act and SEBI (ICDR) Regulations, 2018 included under Section titled “Financial Information of the Company” beginning on page 178 of this Prospectus.

There are significant differences between Ind AS, Indian GAAP, the International Financial Reporting Standards (“IFRS”) and the Generally Accepted Accounting Principles in the United States of America (“U.S. GAAP”). Accordingly, the degree to which the Ind AS financial statements included in this Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting practice and Ind AS. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Prospectus should accordingly be limited. We have not attempted to explain those differences or quantify their impact on the financial data included herein, and we urge you to consult your own advisors regarding such differences and their impact on our financial data.

Any percentage amounts, as set forth in “Risk Factors”, “Our Business”, “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and elsewhere in the Prospectus unless otherwise indicated, have been calculated on the basis of the Company’s restated financial statements prepared in accordance with the applicable provisions of the Companies Act, Ind AS and restated in accordance with SEBI (ICDR) Regulations, 2018, as stated in the report of our Statutory Auditor, set out in section titled “Financial Information of the Company” beginning on page 178 of this Prospectus. As on date of the Prospectus we don’t have any subsidiaries. Our fiscal year commences on April 1 of every year and ends on March 31 of every next year.

For additional definitions used in this Prospectus, see the section “Definitions and Abbreviations” on page 1 of this Prospectus. In the section titled “Main Provisions of the Articles of Association”, on page 257 of the Prospectus defined terms have the meaning given to such terms in the Articles of Association of our Company.

Non-GAAP Financial Measures

Certain Non-GAAP Measures relating to our operations and financial performance including EBITDA, EBITDA Margin, EBITDA CAGR, EBIT, RoNW, ROCE and NAV per Equity Share (“**Non-GAAP Measures**”) have been included in this Prospectus. We compute and disclose such Non-GAAP Measures relating to our financial performance as we consider such information to be supplemental and useful measures of our business and financial performance. These Non-GAAP Measures and other information relating to financial performance may not be computed on the basis of any standard methodology that is applicable across the industry and therefore, may not be comparable to financial measures of similar nomenclature that may be

computed and presented by other companies and are not measures of operating performance or liquidity defined by generally accepted accounting principles, including Ind AS and may not be comparable to similarly titled measures presented by other companies.

Currency and Units of Presentation

All references to “Rupee(s)”, “Rs.”, “₹” or “INR” are to Indian Rupees, the official currency of the Republic of India. Except where specified, including in the section titled “Industry Overview” throughout the Prospectus all figures have been expressed in Lakhs.

Any percentage amounts, as set forth in “Risk Factors”, “Our Business”, “Management's Discussion and Analysis of Financial Conditions and Results of Operations” on page 28, 126 and 180 respectively of this Prospectus, unless otherwise indicated, have been calculated based on our restated financial statements prepared in accordance with Ind AS.

The Prospectus contains conversion of certain US Dollar and other currency amounts into Indian Rupees that have been presented solely to comply with the requirements of the SEBI (ICDR) Regulations, 2018. These conversions should not be construed as a representation that those US Dollar or other currency amounts could have been, or can be converted into Indian Rupees, at any particular rate.

Industry and market Data

Unless stated otherwise, industry and market data and forecast used throughout the Prospectus was obtained from internal Company reports, data, websites, Industry publications report as well as Government Publications. Industry publication data and website data generally state that the information contained therein has been obtained from sources believed to be reliable, but that their accuracy and completeness and underlying assumptions are not guaranteed and their reliability cannot be assured.

Although, we believe industry and market data used in the Prospectus is reliable, it has not been independently verified by us or the BRLM or any of their affiliates or advisors. Similarly, internal Company reports and data, while believed by us to be reliable, have not been verified by any independent source. There are no standard data gathering methodologies in the industry in which we conduct our business and methodologies and assumptions may vary widely among different market and industry sources.

In accordance with the SEBI (ICDR) Regulations, 2018 the section titled “*Basis for Issue Price*” on page 99 of the Prospectus includes information relating to our peer group companies. Such information has been derived from publicly available sources, and neither we, nor the BRLM, have independently verified such information.

FORWARD – LOOKING STATEMENTS

This Prospectus contains certain statements which are not statements of historical facts and may be described as “forward-looking statements”. These forward-looking statements generally can be identified by words or phrases such as “aim”, “anticipate”, “are likely”, “believe”, “continue”, “expect”, “estimate”, “intend”, “will likely”, “likely to”, “may”, “seek to”, “shall”, “objective”, “plan”, “project”, “propose”, “will”, “will continue”, “will pursue”, “will achieve”, “can”, “could”, “goal”, “should” or other words or phrases of similar import. Similarly, statements that describe our Company’s strategies, objectives, plans or goals are also forward-looking statements. All statements regarding our expected financial conditions, results of operations, business plans and prospects are forward-looking statements. However, these are not the exclusive means of identifying forward looking statements. These forward-looking statements include statements as to our business strategy, plans, revenue and profitability (including, without limitation, any financial or operating projections or forecasts) and other matters discussed in this Prospectus that are not historical facts.

These forward-looking statements are based on our current plans, estimates and expectations and actual results may differ materially from those suggested by such forward-looking statements. All forward-looking statements are subject to risks, uncertainties, expectations and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. Forward-looking statements reflect our current views with respect to future events and are not a guarantee of future performance. These statements are based on our management’s beliefs and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward looking statements based on these assumptions could be incorrect. Important factors that could cause actual results to differ materially from our expectations include but are not limited to:

1. General economic and business conditions in the markets in which we operate and in the local, regional, national and international economies;
2. Changes in consumer preferences;
3. Failure to successfully upgrade our product portfolio, from time to time;
4. Our ability to retain our key managements persons and other employees;
5. Changes in laws and regulations that apply to the industries in which we operate.
6. Our failure to keep pace with rapid changes in technology;
7. Our ability to grow our business;
8. Our ability to make interest and principal payments on our existing debt obligations and satisfy the other covenants contained in our existing debt agreements;
9. General economic, political and other risks that are out of our control;
10. Inflation, deflation, unanticipated turbulence in interest rates, equity prices or other rates or prices;
11. Company’s ability to successfully implement its growth strategy and expansion plans;
12. Failure to comply with regulations prescribed by authorities of the jurisdictions in which we operate;
13. Inability to successfully obtain registrations in a timely manner or at all;
14. Occurrence of Environmental Problems & Uninsured Losses;
15. Conflicts of interest with affiliated companies, the promoter group and other related parties;
16. Any adverse outcome in the legal proceedings in which we are involved;
17. Concentration of ownership among our Promoter;
18. The performance of the financial markets in India and globally;
19. Global distress due to pandemic, war or by any other reason.

For further discussion of factors that could cause the actual results to differ from our estimates and expectations, see “*Risk Factors*”, “*Our Business*” and “*Management’s Discussion and Analysis of Financial Position and Results of Operations*” on pages 28, 126 and 180 , respectively. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual gains or losses could materially differ from those that have been estimated.

We cannot assure investors that the expectations reflected in these forward-looking statements will prove to be correct. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements as a guarantee of our future performance.

Neither our Company, our Directors, our Promoters, the Book Running Lead Manager or the Underwriter nor any of their respective affiliates or advisors have any obligation to update or otherwise revise any statements

reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with SEBI requirements, our Company and the BRLM will ensure that investors in India are informed of material developments until such time as the grant of listing and trading permission by the Stock Exchange for the Equity Shares allotted pursuant to this Issue.

SECTION II - SUMMARY OF PROSPECTUS

The following is a general summary of the terms of the Issue included in this Prospectus and is not exhaustive, nor does it purport to contain a summary of all the disclosures in this Prospectus when filed, or all details relevant to prospective investors. This summary should be read in conjunction with, and is qualified in its entirety by, the more detailed information appearing elsewhere in this Prospectus, including the sections titled “Risk Factors”, “The Issue”, “Capital Structure”, “Objects of the Issue”, “Industry Overview”, “Our Business”, “Our Promoters and Promoter Group”, “Financial Information”, “Outstanding Litigation and Other Material Developments” and “Issue Procedure” on pages 28, 53, 71, 86, 114, 126, 171, 178, 193, and 229, respectively of this Prospectus.

Overview of Business

Established in 2010, we are primarily engaged in processing of whole milk and skimmed milk to make dairy ingredients including, milk protein concentrates, skimmed milk powder, dairy whitener, whey protein concentrate, milk whey powder, casein, unbranded cream and butter and fat filled powders for infant milk formula. Our processing facility is situated at Dindigul and is spread over 15 acres. Our management system has been assessed and determined to comply with the requirements of FSSC 22000. We also follow and comply with requirements of various relevant authorities in our industry such as FSSAI, Halal, Kosher, Export Import Council of India, Europe Regulations in respect of certain of our products. We have also obtained registration cum membership certificate from APEDA.

Our procurement operations consist of an average procurement of approximately 50,000 litres of milk directly and around 30,000-1,00,000 litres of whole milk from open market or third party suppliers. As on the date of the RHP, we have built a network of more than 150 village collection centers, with direct access to more than 4,000 farmers and more than 50 dairy farms. We procure whole milk either directly from the farmers and through third party suppliers. The skimmed milk is procured by us from third party suppliers, majorly from our Group Company A R Dairy Food Private Limited.

We place significant emphasis on quality control and assurance processes across the business model ensuring and setting the right customer expectation and assurance models. The whole milk procured by us is tested by automatic Milk analysers placed at Village Level Milk Collection centers and a combined quality and sampling methods at Chilling Center Level. Our key products have received and tested in regular intervals by NABL approved food testing labs to comply the requirements of the above stated quality certifying / assuring / inspection authorities Like FSSC etc. Quality food safety forms a part of our policy and we believe is one of the main drivers of our business. We have well defined documented quality system and Standard Operating procedures (SOPs) which is monitored at various stages of procurement and processing.

We market our products under the brand name ENNUTRICA, Activday and currently supply to a wide number of customers from different industries. For fiscal 2023, we have sold products in more than 15 states domestically and 3 countries internationally. However, we aim to expand our international operations by looking to enter more ASEAN and European countries. We mainly supply products to Dairy Industry, Food Ingredients industry, nutrition industry, dairy industry, ice cream industry and baking industry.

Industry in which our Company operates

The Dairy sector in India has grown substantially over the years. As a result of prudent policy interventions, India ranks first among the world’s milk producing nations, achieving an annual production of 221.06 million tonnes during the year 2021-22 as compared to 209.96 million tonnes during 2020-21 recording a growth rate of 5.29%. FAO Food Outlook (November 2022) reported 1.34% increase in world milk production from 912.6 million tonnes in 2020 to 924.8 million tonnes in 2021 (estimates). This represents a sustained growth in the availability of milk and milk products for the growing population.

Dairying has become an important secondary source of income for millions of rural families and has assumed the most important role in providing employment and income generating opportunities particularly for women and marginal farmers. The per capita availability of milk has reached a level of 444 grams per day during the year 2021-22 which is more than the world average of around 320 grams per day in 2021 (estimates) (Food Outlook Nov’22). Most of the milk in the country is produced by small, marginal farmers and landless

labourers.

India, about 46% of the milk produced is either consumed at the producer level or sold to nonproducers in the rural area, the balance 54% of the milk is available for sale to organised and unorganised players. Organised sector comprise of Government, Producers' Owned Institutions (Milk Cooperatives & Producer Companies) and Private players which provides fair and transparent system of milk collection round the year at the village level. Unorganized/informal sector involves local milkman, dudhias, contractors etc. and they are mostly found to be opportunistic, as there is no uniformity of milk price paid to producers and it varies depending upon the situation. Possibility of adulteration of milk is higher among these unorganized groups. In the areas where competition is high and presence of formal sector is strong, they generally give higher prices and at the same time, they don't offer remunerative prices to the producers where organized sector is not present.

SECTION III – RISK FACTORS

An investment in Equity Shares involves a high degree of risk. prospective investors should carefully consider all the information in this Prospectus, particularly the “Restated Financial Information” and the related notes, “Our Business” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” beginning on pages 178, 126 and 180 respectively and the risks and uncertainties described below, before making a decision to invest in our Equity Shares.

The risk factors set forth below are not exhaustive and do not purport to be complete or comprehensive in terms of all the risk factors that may arise in connection with our business or any decision to purchase, own or dispose of the Equity Shares. This section addresses general risks associated with the industry in which we operate and specific risks associated with our Company. Any of the following risks, individually or together, could adversely affect our business, financial condition, results of operations or prospects, which could result in a decline in the value of our Equity Shares and the loss of all or part of your investment in our Equity Shares. While we have described the risks and uncertainties that our management believes are material, these risks and uncertainties may not be the only risks and uncertainties we face. Additional risks and uncertainties, including those we currently are not aware of or deem immaterial, may also have an adverse effect on our business, results of operations, financial condition and prospects.

This Prospectus contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Prospectus. The financial and other related implications of risks concerned, wherever quantifiable, have been disclosed in the risk factors below. However, there are risk factors the potential effects of which are not quantifiable and therefore no quantification has been provided with respect to such risk factors. In making an investment decision, prospective investors must rely on their own examination of our Company and the terms of the Issue, including the merits and the risks involved.

Internal Risks

Risks Relating to our Business

- 1. We have incurred net losses during Fiscal 2022 and Fiscal 2021 and our inability to achieve profitability in future may have an adverse effect on our operations. Further we had negative networth for the past three fiscal years.***

As per our Restated Financial Statements, we have net profit of Rs. 588.40 lakhs for the period ended December 23, 2023, Rs 525.79 lakhs for Fiscal 2023, a loss of Rs. 420.08 lakhs for Fiscal 2022 and loss of Rs 461.19 lakhs for Fiscal 2021. Further we had negative net worth of Rs. (1,638.46) lakhs, (2,162.72) lakhs and (1,742.64) lakhs as on March 31, 2023, March 31, 2022 and March 31, 2021 respectively. The loss in these years is attributed to due to excess supply of milk in the market due to Covid-19 resulting in manufacturing of milk powder by various manufacturers resulting in increased competition. Further as a result of Covid-19, we also incurred higher costs for consumables. With the increase in our business operations and milk supply getting regulated, we have started earning profits but, it is difficult for us to predict our future results of operations or the limits of our market opportunity. We expect our operating expenses to increase as we hire additional personnel, broaden our marketing efforts, expand our operations and infrastructure, continue to enhance our brand, and develop and expand our product range which may impact our profitability in future. Any failure to increase our net revenue sufficiently to keep pace with our initiatives, investments, and other expenses could prevent us from achieving profitability or positive cash flow on a consistent basis in future periods.

- 2. Any increase in the cost of our raw material or a shortfall in the supply of our raw materials, may adversely affect the pricing and supply of our products and have an adverse effect on our business, results of operations and financial condition.***

The success of our operations depends on a variety of factors, including our ability to source raw materials at competitive prices with the desired quality & quantity. The principal raw materials required in the manufacturing process is whole milk and skimmed milk. Our raw milk procurement model involves direct purchase of a majority of our raw milk requirements our network of farmers via village collection centres and from third party suppliers. We majorly procure skimmed milk from one of our Group Company or from open

market. While we believe we have developed a strong relationship with these milk vendors or farmers, we have not entered into any formal supply contracts with such vendors. Also, the amount of such milk procured and the price at which we procure such supplies, may fluctuate from time to time in the absence of a formal supply contract. The availability and price of whole milk is subject to a number of factors beyond our control including seasonal factors, environmental factors, general health of cattle in the regions in which we operate and Government policies and regulations. There can be no assurance that we will be able to procure all of our future milk requirements at commercially viable prices, or that we will be able to pass on any increases in the procurement price of raw milk to our customers. For the period ended December 23, 2023, our cost of materials consumed and was Rs. 4,774.94 lakhs representing 69.46% of our revenue from operations and for Fiscal 2023, 2022 and 2021, our cost of materials consumed was ₹ 6,454.38 lakhs, 2,046.07 lakhs and 1,330.52 lakhs, representing 79.12%, 72.25% and 75.46%, of our revenue from operations, respectively.

Furthermore, in the event that such farmers or milk vendors discontinue their supply to us or if we are unable to source quality milk from other suppliers at competitive prices, we may not be able to meet our production and sales targets. Interruption of, or a shortage in the supply of, milk may result in our inability to operate our production facilities at optimal capacities or at all, leading to a decline in production and sales. In addition, competition in the dairy industry may result in an increase in milk prices, which we may not be able to match, thereby affecting our supply of whole milk. An inability to procure sufficient quality milk at reasonable cost, or an inability to pass on any increases in the price of milk to our customers could adversely affect our business, results of operations and financial condition. If we are required to source milk from other suppliers, it may be more difficult for us to maintain quality control across our procurement process. A decrease in the quality of our milk would adversely affect the quality of our products, our reputation and sales.

3. *Real or perceived product contamination could result in reduced sales, product liability and damage to our reputation, and subject us to regulatory action.*

We are subject to various regulations relating to product liability, including in particular relating to food safety of our products. We sell products for human consumption, which involves risks such as product contamination or spoilage, product tampering and other adulteration of our products, especially as milk is a perishable product. Although we conduct various tests before procurement of raw milk, there can be no assurance that such testing and verification on quality of the raw milk checks conducted by us will be accurate at all times. We believe that we meet existing professional specification standards recognized or required in the industries in which we operate. Maintaining high standards of quality in our processing activities is critical to our growth and success. We have implemented quality assurance systems across our manufacturing facility that cover the full product lifecycle for ensuring consistent quality, efficacy and safety of our products.

If our products are found to be contaminated or reported to be associated with any contamination incidents, our reputation, business, prospects, financial condition and results of operations could be materially and adversely affected. In addition, our products are used in our manufacturing customers' end-products. If those end-products are contaminated, and if the contaminations are ultimately traced back to our milk or ingredient products, we could be subject to product liability claims and damages, including, among other things, medical expenses, disability and wrongful death. There can be no assurance that we will succeed in avoiding any such incident of contamination during the production and transportation of our products in the future.

In addition to product liability claims, if our products are found to be contaminated, we may be subject to regulatory actions. Furthermore, the mere allegations that our products contain or has contained any contaminants could damage our reputation and have a material adverse effect on our business, regardless of whether these reports have any factual basis. Although we have not experienced any significant product liability claims in the past, there can be no assurance that our customers, or unrelated third parties, will not bring claims against us in the future that may result in adverse publicity. We currently do not maintain product liability coverage. A successful product liability claim or series of claims against us, including one or more consumer claims purporting to constitute class actions or claims resulting from extraordinary loss events could materially and adversely affect our business, results of operations and financial condition.

4. *We have experienced negative cash flows in the period ended December 23, 2023, and in Fiscal 2023, Fiscal 2022 and Fiscal 2021.*

We have experienced negative cash flows from investing and financing activities in the period ended December 23, 2023 and in Fiscal 2023, Fiscal 2022 and Fiscal 2021.

The following table summarizes our cash flows for the period ended December 23, 2023, and for Fiscal 2023, Fiscal 2022, Fiscal 2021, as per the Restated Financial Information:

(₹ in lakhs)

Particulars	For the period ended December 23	For the fiscal year ended March 31,		
	2023	2023	2022	2021
Net cash generated from/(used in) operating activities	112.06	630.30	97.63	306.21
Net cash (used in) investing activities	(68.37)	(262.82)	229.44	(72.96)
Net cash generated from/(used in) financing activities	1,092.29	(365.97)	(383.21)	(234.45)

Any negative cash flows in the future could adversely affect our results of operations and financial condition. For further details, see “Restated Financial Information” on page 178.

5. The Company is dependent on few suppliers for purchase of product. Loss of any of these large suppliers may affect our business operations.

Our top ten suppliers contribute 25.15%, 69.96%, 88.50% and 97.22% of our total purchase from operations for the period ended December 23, 2023 and for the financial year ended on March 31, 2023, 2022 and 2021, respectively. We cannot assure that we will be able to get the same quantum and quality of supplies, or any supplies at all, and the loss of supplies from one or more of them may adversely affect our purchases of stock and ultimately our revenue and results of operations. However, the composition and amount of purchase from these suppliers might change as we continue seek new suppliers for our product for better quality and price in the normal course of business. Though we believe that we will not face substantial challenges in maintaining our business relationship with them or finding new suppliers, there can be no assurance that we will be able to maintain long term relationships with such suppliers or find new suppliers in time. The details of contribution of top suppliers in purchase of total purchase is given below:

Particulars	Top Suppliers as a percentage (%) of Purchases			
	23-Dec-23	31-Mar-23	31-Mar-22	31-Mar-21
Top 1	22.78%	67.15%	58.47%	92.51%
Top 3	23.99%	68.56%	70.02%	93.25%
Top 5	24.62%	69.24%	76.89%	94.52%
Top 10	25.15%	69.96%	88.50%	97.22%

6. We do not receive firm and long-term volume purchase commitments from our customers. If our customers choose not to renew their supply contracts with us or continue to place orders with us, our business and results of operations will be adversely affected.

We typically sell our products based on purchase orders received from the customers. Our business is dependent on our continuing relationships with our customers. Our Company does not enter into any long-term contract with any of our customers in the usual course of business. Further, our Company has not appointed any exclusive agents to handle its operations. Any change in the buying pattern of our end users or disassociation of major customers can adversely affect the business of our Company. The loss of or interruption of work by a significant customer or number of significant customers or the inability to procure new orders on a regular basis may have an adverse effect on our revenues, cash flow and operations.

7. Our business is dependent and will continue to depend on our processing facility, and we are subject to certain risks in our processing operations such as the breakdown or failure of equipment, industrial accidents, injury to employees, severe weather conditions and natural disasters.

Our processing facility is subject to operating risks, such as the breakdown or failure of equipment, power supply or processes, performance below expected levels of output or efficiency, obsolescence, labour disputes, natural disasters, industrial accidents and the need to comply with directives issued by the government authorities. The occurrence of any of these risks could significantly affect our operating results. Although, we have taken precautions to minimize the risks of any significant operational issues at our processing facility, our business and operations may be adversely affected by any disruption of operations at processing facility. For further details about business of our Company, please refer chapter titled “Business Overview” beginning on page 126 of this Prospectus.

8. We derive a significant portion of our revenue from certain customers, and the loss of one or more such customers, the deterioration of their financial condition or prospects, or a reduction in their demand for our products could adversely affect our business, results of operations, financial condition and cash flows.

We are dependent on a limited number of customers for a significant portion of our revenues. Revenues generated from sales to our top 10 customers represented 70.56%, 79.36%, 73.11% and 74.87% of our revenue from operations during the period ended December 23, 2023, Fiscal 2023, Fiscal 2022 and Fiscal 2021. While we have developed strong and long-term relationships with certain of our customers and continue to add new customers in the normal course of business, there can be no assurance that our significant customers in the past or our newly acquired customers will continue to place similar orders with us in the future. The loss of one or more of these significant customers or a significant decrease in business from any such key customer, whether due to circumstances specific to such customer or adverse market conditions affecting the industry in which our customer operates or the economic environment, may materially and adversely affect our business, results of operations and financial condition. Our reliance on a select group of customers may also constrain our ability to negotiate our arrangements, which may have an impact on our profit margins and financial performance. The deterioration of the financial condition or business prospects of these customers could reduce their requirement of our products and result in a significant decrease in the revenues we derive from these customers. The loss of one or more of our significant customers or a reduction in the amount of business we obtain from them could have an adverse effect on our business, results of operations, financial condition and cash flow. The table set forth below states contribution of Top 1/3/5/10 customers in our total revenue from operations:

Particulars	Top Customers as a percentage (%) of revenues			
	23-Dec-23	31-Mar-23	31-Mar-22	31-Mar-21
Top 1	26.55%	16.22%	15.56%	14.24%
Top 3	42.38%	43.10%	36.49%	42.52%
Top 5	53.13%	56.44%	50.07%	59.47%
Top 10	70.56%	79.36%	73.11%	74.87%

9. Our Company has in the past not complied with the certain provisions of the Companies Act, 2013.

Note 1: Our Company has filed PAS-3 on June 12, 2024 (delay by 3332 days) for allotment of 1,92,200 Equity Shares on March 31, 2015 details of the same is mentioned below. Our Company is in the process of filing a compounding application for the same. The details wrt this allotment is based on resolutions passed by the Company and other corporate records.

Sridevi, 30,000 Equity Shares to S. Nagaraj and 5,000 Equity Shares to R.K.G.G. Saraboji	9,38,200	9,38,20,000

Additionally, our Company has not complied with the requirement of appointment of a Company Secretary from June 2014 upto May 2019. While no legal proceedings or regulatory action has been initiated against us in relation to the unavailable filings and statutory lapses as of the date of this Prospectus, we cannot assure you that such proceedings or regulatory actions will not be initiated against us in the future in relation to the missing

filings and corporate records. We cannot assure you that any such proceedings will not have a material adverse effect on our financial condition or reputation. Also, we may not be able to produce such evidences in case they are required by any statutory or regulatory authorities.

10. Our proposed expansion plan relating to our processing facility are subject to the risk of unanticipated delays in implementation, cost overruns. If we are unable to implement the expansion plans at the planned cost, it could materially and adversely impact our business, results of operations and financial condition.

We have made and intend to continue making investments to expand the capacity of our processing facility to aid our growth efforts. We intend to use a portion of Net proceeds for setting up of butter making line, multi product line which can produce different products at different capacities. For further details, see "Objects of the Issue" on page 86.

The proposed expansion may be subject to the potential problems and uncertainties that construction projects face including cost overruns or delays. Problems that could adversely affect our expansion plans include increased costs of equipment or manpower, inadequate performance of the equipment and machinery installed in our manufacturing facility, delays in completion, defects in design or construction, the possibility of unanticipated future regulatory restrictions, labour shortages, incremental pre-operating expenses, unforeseen taxes and duties, interest and finance charges, environment and ecology costs and other external factors which may not be within the control of our management.

There can be no assurance that the proposed expansion will be completed as planned or on schedule, and if they are not completed in a timely manner, or at all, our budgeted costs may be insufficient to meet our proposed capital expenditure requirements. If our actual capital expenditures significantly exceed our budgets, or even if our budgets were sufficient to cover these projects, we may not be able to achieve the intended economic benefits of these projects, which in turn may materially and adversely affect our financial condition, results of operations, cash flows, and prospects. There can be no assurance that we will be able to complete the aforementioned expansion and additions in accordance with the proposed schedule of implementation and any delay could have an adverse impact on our business, results of operations and financial condition.

11. We generate our major portion of sales from our operations in certain geographical regions especially Tamil Nadu, Gujarat and Himachal Pradesh. Any adverse developments affecting our operations in these regions could have an adverse impact on our revenue and results of operations.

For the period ended December 23, 2023, and for the year ended March 31, 2023, March 31, 2022 and March 31, 2021, our revenue from our customers situated in Tamil Nadu, Gujarat and Himachal Pradesh contributed 69.05%, 70.00%, 36.45% and 24.76% of our total revenue from operations as per our Restated Financial Statements. Such geographical concentration of our business in these regions heightens our exposure to adverse developments related to competition, as well as economic and demographic changes in these regions which may adversely affect our business prospects, financial conditions and results of operations. We may not be able to leverage our experience in such regions to expand our operations in other parts of India and overseas markets should we decide to further expand our operations. Factors such as competition, culture, regulatory regimes, business practices and customs, industry needs, transportation, in other markets where we may expand our operations may differ from those in such regions, and our experience in these regions may not be applicable to other markets. In addition, as we enter new markets and geographical areas, we are likely to compete not only with national players, but also local players who might have an established local presence, are more familiar with local regulations, business practices and industry needs, have stronger relationships with local dealers, suppliers or are in a stronger financial position than us, all of which may give them a competitive advantage over us. Our inability to expand into areas outside such markets may adversely affect our business prospects, financial conditions and results of operations. While our management believes that the Company has requisite expertise and vision to grow and mark its presence in other markets going forward, investors should consider our business and prospects in light of the risks, losses and challenges that we may face and should not rely on our results of operations for any prior periods as an indication of our future performance.

Management Perception: As on the date of the RHP, the Company has already made a presence in more than 15 states and aims to strengthen its presence and expand operations in such regions.

12. Improper storage, processing or handling of whole milk, skimmed milk and our dairy products may result in spoilage of, and damage to, such whole milk, skimmed milk and dairy products which may adversely affect our business prospects, results of operations and financial condition.

We produce a range of dairy products such as skimmed milk powder, dairy whitener, whey powder, etc. Each such dairy product involves specific temperatures and other conditions of storage depending on the nature of the product. In the event that the procured whole milk, skimmed milk or our dairy products are not appropriately processed, stored, handled and transported under specific temperatures and other food safety conditions, the quality of such milk and dairy products may be affected, resulting in spoilage or contamination. Any accident or negligence in the procurement, production or storage of our products under sub-optimal conditions may result in non-compliance with applicable regulatory standards or quality standards and storage conditions specified by our customers for such products. Any sale of such non-compliant product may be harmful to the health of end consumers of our dairy products, and any such event may expose us to liabilities and claims which could adversely affect our brand image and reputation. Any such event may have a material and adverse effect on our business prospects, results of operations and financial condition.

13. We are dependent on third party transportation and logistics service providers. Any increase in the charges of these entities could adversely affect our business, results of operations and financial condition.

We majorly rely on third party transportation and logistics providers for delivery of our raw materials and products. Though our business has not experienced any major disruptions due to transportation strikes in the past, any future transportation strikes may have an adverse effect on our business. These transportation facilities may not be adequate to support our existing and future operations. In addition, such goods may be lost or damaged in transit for various reasons including occurrence of accidents or natural disasters. There may also be delay in delivery of products which may also affect our business and results of operation negatively. An increase in the freight costs or unavailability of freight for transportation of our raw materials may have an adverse effect on our business and results of operations. Further, disruptions of transportation services due to weather-related problems, strikes, lockouts, inadequacies in the road infrastructure and port facilities, or other events could impair ability to procure raw materials or delivery of goods on time. Any such disruptions could materially and adversely affect our business, financial condition and results of operations.

14. The markets in which our customers compete are characterized by consumers and their rapidly changing preferences and other related factors including alternatives available at lower costs. If we are unable to keep up with the requirements of our customers in a timely manner or at all, it may adversely affect our business, results of operations and financial condition.

The dairy industry in India is evolving and consumers may be tempted to shift their choices and preferences when new products are launched or various marketing and pricing campaigns of different brands are introduced. If the end-user demand is low for our customers' products, there may be significant changes in the orders from our customers and we may experience greater pricing pressures. Our customers' products demand depends on their ability to anticipate, identify, interpret and react to the evolving tastes, dietary habits and nutritional needs of consumers and to offer products that appeal to them. Sales of their products could be affected by nutritional and health-related concerns, such as fat, cholesterol, calorie, sodium, lactose, sucrose, bacteria and other ingredients contained in the products. In addition, medical and other studies released from time to time raise health concerns over cow milk in the human diet, which may result in a decrease in demand for dairy products. Such developments may have an adverse effect on consumer preferences and our results of operations and financial condition. Therefore, risks that could harm the customers of our industry could, as a result, adversely affect us as well. Our success is therefore dependent on the success achieved by our customers in developing and marketing their products. If our customers' products fail to gain widespread commercial acceptance, our customers may experience a reduced demand for their products which may affect our sales to such customers, operating margins depending on the nature of the product, and all of these combined may gradually result in a loss of customers including key ones.

Additionally, industry-wide competition for market share of various products can result in aggressive pricing practices by our customers and therefore our customers may also choose to source the products from our

competitors. This price-pressure from our customers may adversely affect the prices of the products which we supply, which may lead to reduced revenues, lower profit margins or loss of market share, any of which would have a material adverse effect on our business, results of operations and financial condition.

15. We have trade receivables amounting to ₹ 250.80 Lakhs which are more than 3 years old as at the end of December 23, 2023.

We had the following trade receivables which were outstanding for a period of more than 3 years as at the end of December 23, 2023. Although we have not written off any of our outstandings as bad debts, non-receipt of such amounts could have an adverse impact on our financials.

For details please. For details, see Financial Information – Note 10 Ageing Schedule of Trade Receivables” on 178 of this Prospectus.”

16. Our business is operating under various laws which require us to obtain approvals from the concerned statutory/regulatory authorities in the ordinary course of business and our inability to obtain, maintain or renew requisite statutory and regulatory permits and approvals for our business operations could materially and adversely affect our business, prospects, results of operations and financial condition.

Our business requires us to obtain and renew from time to time, certain approvals, licenses, registrations and permits, under various regulations, guidelines, circulars and statutes regulated by various authorities for operating our business activities that may contain conditions, some of which could be onerous. There can be no assurance that the relevant authorities will issue these approvals or licenses in a timely manner, or at all. In the event of any unanticipated delay in receipt of such approvals, it will have an adverse impact on our business operations.

Failure by us to renew, maintain or obtain the required permits or approvals at the requisite time may result in the interruption of our operations and may have an adverse effect on our business, financial condition and results of operations. Further, we cannot assure that the approvals, licenses, registrations and permits issued to us would not be suspended or revoked in the event of non-compliance or alleged non-compliance with any terms or conditions thereof, or pursuant to any regulatory action. Any failure to renew the approvals that have expired or apply for and obtain the required approvals, licenses, registrations or permits, or any suspension or revocation of any of the approvals, licenses, registrations and permits that have been or may be issued to us, may impede our operations. For further details, see “Government and Other Statutory Approvals” on page 196 of this Prospectus. In the event that we are unable to obtain such approvals in a timely manner or at all, our business operations may be adversely affected. We may be impleaded in any environmental legal proceedings in the course of our business due to non-compliances with terms and conditions of regulatory approvals or authorizations.

17. We have certain outstanding litigation against us, an adverse outcome of which may adversely affect our business, reputation and results of operations.

The amounts claimed in these proceedings have been disclosed to the extent ascertainable and include amounts claimed jointly and severally. If any new developments arise, such as a change in Indian law or rulings against us by appellate courts or tribunals, we may need to make provisions in our financial statements that could increase our expenses and current liabilities.

We cannot assure you that any of the outstanding litigation matters will be settled in our favour or that no additional liabilities will arise out of these proceedings. In addition to the above, we could also be adversely affected by complaints, claims or legal actions brought by persons, including before consumer forums or sector-specific or other regulatory authorities in the ordinary course of business or otherwise, in relation to our business operations, our intellectual property, our branding or marketing efforts or campaigns or our policies. We may also be subject to legal action by our employees and/or former employees in relation to alleged grievances, such as termination of employment. We cannot assure you that such complaints, claims or requests for information will not result in investigations, enquiries or legal actions by any regulatory authority or third persons against us.

For further details of certain material legal proceedings involving our Company, our Promoter, our directors, see “Outstanding Litigations and Material Developments” beginning on page 193 of this Prospectus.

18. Our inability to successfully implement some or all our business strategies in a timely manner or at all could have an adverse effect on our business. Further, our failure to manage growth effectively may adversely impact our business, results of operations and financial condition.

As part of our strategy aimed towards business growth and improvement of market position, we intend to

implement several business strategies, which include:

- Continue to invest in our manufacturing capabilities thereby expanding our offerings;
- Expand our presence across geographies;
- Diversify our customer base;
- Enhance our brand visibility; and
- Focus on increasing operational efficiencies to improve returns

The aforesaid strategies are subject to certain risks and uncertainties. Our strategies may not succeed due to various factors, many of which are beyond our control, including our inability to reduce our debt and our operating costs, our failure to develop new products with sufficient growth potential as per the changing market preferences and trends, our failure to effectively market our new products and services or foresee challenges with respect to our business initiatives, our failure to sufficiently upgrade our infrastructure, machines, automation, equipment and technology as required to cater to the requirement of changing demand and market preferences, changes in laws and regulations in India, our inability to respond to regular competition, and other operational and management difficulties. Any failure on our part to implement our strategy due to many reasons as attributed aforesaid could be detrimental to our long-term business outlook and our growth prospects and may materially adversely affect our business, results of operations and financial condition. Further, for any reason, in the event the benefits we realize are less than our estimates or the implementation of these strategies and operating plans adversely affect our operations or cost more or take longer to effectuate than we expect, or if our assumptions prove inaccurate, our results of operations may be materially adversely affected. For further details of our strategies, see “*Our Business*” on page 126.

19. The success of our business and operations are dependent upon certain quality accreditations which are valid for a limited time period. An inability to renew such accreditations in a timely manner, or at all, may adversely affect our business and prospects. We are subject to quality requirements and strict technical specifications and audits by our customers.

Our manufacturing facility have been accredited with management system certificate for compliance with FSSC 22000 which is valid until August 29, 2025. Further our key products have received FSSAI approval which is valid until October 14, 2024. We have also obtained other certificates in respect of our products such as Halal India Certificate, Kosher Certificate Jerusalem, BIS certificate for skimmed milk powder, amongst others. For details please refer the chapter titled “Government and Other Statutory Approvals” on page 196 of the DRHP. These certifications are typically valid for a period of one to three years from the date of decision with surveillance audits conducted once a year, wherever required. Receipt of certifications and accreditations under the standards of quality is important for the success and wide acceptability of our products and also required to be maintained under certain purchasing orders with our customers for specific products. If we fail to comply with the requirements for applicable quality standards, or if we are otherwise unable to obtain or renew such quality accreditations in the future, our customers might not be in a position to provide us with further business or we may be subject to further audit requirements and approvals from customers, which we might not get in a timely manner, or at all, our business and prospects may be adversely affected.

20. We operate in a competitive environment and may not be able to effectively compete due to various factors not under our control, which could have a material adverse effect on our business, results of operations and financial condition.

The market wherein we operate is competitive, rapidly evolving and is characterized by frequent introductions of new products. We expect competition to persist and intensify in the future as the market wherein we operate is constantly evolving and growing with new and existing competitors devote considerable resources to introducing and enhancing products. Accordingly, our ability to grow our business in accordance with our strategy will depend on our ability to introduce new products, adapt to new technologies, respond to pricing strategies by competitors, develop our brand and improve our manufacturing capabilities.

Our competitors may devote greater resources to the development, promotion and sale of their products than we do. They may have lower costs and be able to withstand lower prices better in order to gain market share. They may be more diversified than we are and better able to leverage their other businesses, products and services to be able to accept lower returns and gain market share. In addition, our competitors may have greater technical, manufacturing, research and development, sales, marketing and financial resources and capabilities than we

have. These competitors may be able to respond more rapidly than we can to new or emerging technologies or changes in customer requirements, including introducing a greater number and variety of products than we can.

To remain competitive, we must continue to invest significant resources in modernisation, research and development, manufacturing, sales and marketing and customer support. We cannot be sure that we will have sufficient resources to make these investments or that we will be able to make the technological advances necessary to be competitive. Failure to compete successfully against current or future competitors could have a material adverse effect on our business, results of operations and financial condition.

21. We require sizeable amounts of working capital for our continued operation and growth. Our inability to meet our working capital requirements could have a material adverse effect on our business, results of operations and financial condition.

Our business requires working capital for day-to-day operations, procurement of raw materials and production. Due to seasonal characteristic / nature of the business, we have to stock up in the flush season and hold the material as stocks till the lean season to take advantage of the market dynamics. Further the credit period given to customers may be considerable and customers may not be invoiced for products until the time of delivery of our products and, in some cases, the customer may not pay our invoices on time or at all. As at December 23, 2023, March 31, 2023, March 31, 2022 and March 31, 2021, we had total outstanding working capital loans from banks on a restated basis aggregating to ₹ 445.42 lakhs, ₹ 415.19 lakhs, ₹ 336.52 lakhs and ₹ 294.42 lakhs, respectively. Our growing scale and expansion, if any, may result in increase in the quantum of current assets, which will increase our working capital requirements. Our inability to maintain sufficient cash flow, credit facility and other sources of funding, in a timely manner, or at all, to meet the requirement of working capital or pay out debts, could adversely affect our financial condition and result of our operations.

22. We are dependent upon the experience and skill of our management team and a number of key managerial personnel. If we are unable to attract or retain such qualified personnel, this could adversely affect our business, results of operations and financial condition.

We are dependent on a highly qualified, experienced and capable management team for setting our strategic business direction and managing our business. Our ability to meet continued success and future business challenges depends on our ability to attract, recruit and retain experienced, talented and skilled professionals. Without a sufficient number of skilled employees, our operations and manufacturing quality could suffer. Competition for qualified technical personnel as well as sales personnel with established customer relationships is intense, both in retaining our existing employees and when replacing or finding additional suitable employees. The loss of the services of our key personnel or our inability to recruit or train a sufficient number of experienced personnel or our inability to manage the attrition levels in different employee categories may have an adverse effect on our business, results of operations and financial condition. Further, if we cannot hire additional qualified personnel or retain them, our ability to expand our business may be impacted. As we intend to continue to expand our operations and develop new products for our customers, we will need to continue to attract and retain experienced management and sales personnel. We may also be required to increase our levels of employee compensation more rapidly than in the past to remain competitive in attracting suitable employees. There can be no assurance that our competitors will not offer better compensation packages, incentives and other perquisites to such skilled personnel. In the event that we are not able to attract and retain talented employees as required for conducting our business, or if we experience high attrition levels which are largely out of our control, or if we are unable to motivate and retain existing employees, our business, results of operations and financial condition may be adversely affected. For further information, see “Our Management” on page 157.

23. Our business is subject to seasonal volatility which may contribute to fluctuations in our results of operations and financial condition.

The major raw materials used in our processing operations are whole milk and separated skimmed milk. Due to the seasonal availability of these items, our business is seasonal in nature. The period during which our business may experience higher revenues varies from season to season depending upon the availability and thereafter procurement of these raw materials. During the flush season, we can procure these raw materials at reasonable terms and in substantial quantities, whereas during the lean season their availability is less and also

there are high prices. Accordingly, our revenue in one quarter may not accurately reflect the revenue trend for the whole financial year. The seasonality of fodder and bovine animal health and its impacts may cause fluctuations in our result of operations and financial conditions.

24. Our Group Companies are authorised to engaged in activities which is similar to our business. This may be a potential source of conflict of interest for us and which may have an adverse effect on our business, financial condition and results of operations.

Our Group Companies has some of the objects similar to that of our Company's business and could offer products that are related to the business of our Company. As on the date of the Prospectus, our Group Company A R Dairy Private Limited has butter and skimmed milk powder commonly dealt in. Thus in future conflicts of interests may arise in allocating business opportunities amongst our Company and our Group Companies in circumstances where our respective interests diverge. In cases of conflict, our Promoter may favour other companies or ventures in which our Promoter has interest. There can be no assurance that our Promoters or our Group Companies or members of the Promoter Group will not compete with our existing business or any future business that we may undertake or that their interests will not conflict with ours. Any such present and future conflicts could have a material adverse effect on our reputation, business, results of operations and financial condition.

25. Information relating to the installed and utilisable manufacturing capacity of our processing facility included in this Prospectus are based on various assumptions and estimates and future production and capacity may vary.

Information relating to the installed and utilisable capacity of our processing facility included in this Prospectus are based on various assumptions and estimates of our management that have been taken into account by an independent chartered engineer, B. Devaraj, Chartered Engineer in the calculation of the installed capacity, utilisable capacity and capacity utilization of our processing facility.

Industry players use different methodology for installed capacity and capacity utilization in accordance with their business model. The assumptions and estimates taken into account include that processing facility operates for particular number of days, shifts, scheduled and unscheduled downtime, different level of operational utilisation depending upon product mix and season. Further, the same machines are used for making different products and hence capacity utilisation may vary year on year. We often increase capacity to meet the anticipated demand of our customers or significantly reduce production of certain products depending on potential orders. Certain products require lesser process time whereas certain products require more process time in the same set-out that we have installed.

Accordingly, actual production levels and rates may differ significantly from the installed and utilisable capacity information of our facility or historical installed capacity information of our facility depending on the product type.

26. Our business may be adversely affected if we are unable to maintain and grow our brand image. In particular, our failure to maintain certain licenses or certifications may negatively impact our brand and reputation.

Our brand is one of our most important assets, and we believe our brand and reputation are significant in attracting customers to our products and services. We also believe that continuing to develop our reputation and awareness of our brand through focused and consistent business development initiatives among our customers is important for our ability to increase our sales volumes and our revenues, grow our existing market share and expand into new markets.

Although we take many steps to increase awareness of our products and protect the value of our brand through marketing, our business is dependent on customers' perception of our reputation and brand. If we are unable to maintain our customer relationships, we may only incur expenses without the benefit of higher revenues. Our competitors also may launch promotional activities, which may increase their brand visibility and we may not be able to match them. Further, we may not be able to invest adequately in marketing or customer engagement which could lead to loss of customers to competitors. Further, our reputation and brands could be damaged by negative publicity in traditional or social media or by claims or perceptions about the quality of products and

solutions, regardless of whether such claims or perceptions are true. If we fail to preserve the value of our brands, maintain our reputation, or attract consumers to our products, our business, results of operations and financial condition could be adversely impacted. In addition, our failure in maintaining our quality accreditations and certifications may negatively impact our brand and reputation.

27. Our insurance coverage may not adequately protect us against all losses or the insurance cover may not be available for all the losses as per the insurance policy, which could adversely affect business, results of operations and financial condition.

Our operations are subject to risks inherent as dairy products manufacturer, which include defects, liability for product and/or property damage, malfunctions and failures of processing equipment, fire, explosions, loss-in-transit for our products, accidents, personal injury or death, environmental pollution and natural disasters. We maintain insurance coverage that we consider necessary for our business. We maintain an insurance policy that insures against material damage to buildings, plant and machinery and stocks from fire, natural disasters, etc. We also have obtained burglary first loss policy for our stocks and plant and machineries. In addition, we maintain a vehicle and crane insurance policy. There are many events that could significantly impact our operations, or expose us to third-party liabilities, for which we may not be adequately insured. There can be no assurance that any claim under the insurance policies maintained by us will be honoured fully, in part, or on time. To the extent that we suffer any loss or damage that is not covered by insurance or exceeds our insurance coverage or where our insurance claims are rejected, our business, results of operations and financial condition could be adversely affected.

28. Non-compliance with and changes in, safety, health and environmental laws and other applicable regulations, may adversely affect our business, results of operations and financial condition.

We are subject to a broad range of safety, health, environmental, labour, workplace and related laws and regulations in the domain and jurisdictions in which we operate, with specific reference to laws like Food Safety and Standards Act, 2006, Prevention of Food Adulteration Act, 1954 and The Essential Commodities Act, 1955. These laws impose controls on the disposal and storage of raw materials, air and water discharges and other aspects of our operations. Although no accidents /incidents occurred in past in our company and we also believe that we have implemented safety related measures, any accidents at our facilities may result in personal injury or loss of life of our employees or other people, substantial damage to or destruction of property and equipment resulting in the suspension of operations. Any of the foregoing could subject us to litigation, which may increase our expenses in the event we are found liable, and could adversely affect our reputation. Additionally, adoption of stricter health and safety laws and regulations, stricter interpretations of existing laws, increased governmental enforcement of laws or other developments in the future may require that we make additional capital expenditures, incur additional expenses or take other actions in order to remain compliant and maintain our current operations. Complying with, and changes in, these laws and regulations or terms of approval may increase our compliance costs and adversely affect our business, prospects, results of operations and financial condition.

29. Any inability to accurately manage inventory and forecast demand for particular products in specific markets may have an adverse effect on our business, results of operations and financial condition.

We estimate demand for our products based on projections, our understanding of anticipated consumer spending and inventory levels required by our customers. If we underestimate demand, we may produce lesser quantities of products than required, which could result in the loss of business. If we overestimate demand, we may purchase more raw materials and produce more products than required, which may also result in locking in of our working capital. In the event of such over-production, we may face difficulties with storage and other inventory management issues before the expiry of the shelf life of our products, which may adversely affect our results of operations and profitability. While we prominently display the shelf life in the packaging of our products, we cannot assure you that we will not face claims for damages or other litigation, if our products are consumed subsequent to expiry of their shelf life. Any or all of these factors could adversely affect our reputation, and consequently our business, prospects and financial performance.

30. We are dependent on third parties for the supply of utilities, such as fuel and electricity, at our manufacturing facility and any disruption in the supply of such utilities could adversely affect our manufacturing operations.

Our business is dependent on the delivery of an adequate and uninterrupted supply of electricity, fuel and at a reasonable cost. We currently source our power requirements from state electricity boards for majority of our energy requirements. Although we have diesel generators to meet exigencies at our facility to overcome electricity and power issues, but we cannot assure you that our facility will be operational during power failures. Further we procure utilities, such as fuel (firewood) from third parties for use at our processing facility. Reliance on third parties for such utilities exposes us to risks such as shortage or breakdown in supply, the correction of which is in the hands of such third parties. Any interruption in the continuous supply of fuel and electricity may negatively impact our manufacturing processes, which may result in delays in delivery of our products or non-delivery, resulting in loss of revenue and damage to our reputation or customer relationship. In case of the unavailability of any supply from, any of our utility providers for any reason, we are unable to assure you that we shall be able to source such utilities from alternate sources in a timely manner and at a commercially reasonable cost, which could adversely affect our business, results of operations and financial condition.

31. Our contingent liabilities could materially and adversely affect our business, results of operations and financial condition.

The following table sets forth certain information relating to our contingent liabilities and claims against us, to the extent provided for, as of December 23, 2023 as determined in accordance with Ind AS 37, as per the Restated Financial Information:

(₹ in lakhs)

Particulars	As at December 23, 2023
Claims against the Company not acknowledged as debt in respect of :	
Statutory	1.50
Total	1.50

For details, see “Restated Financial Information” on page 178.

32. We do not own our registered office.

Our registered office is taken on lease from our Promoter, R Rajasekaran. The lease deed is valid until July 1, 2024. Termination of our lease may occur for reasons beyond our control and we may have to relocate to alternative premises or shut down our operations at that site. Relocation of any part of our operations may cause disruptions to our business and may require additional expenditure, and we cannot assure you that in such a case, we will be able to find suitable premises on commercially reasonable terms in a timely manner, if at all or we may have to pay significantly higher rent or incur additional expenses towards interiors. Occurrence of any of these factors may materially and adversely affect our business, results of operations and financial condition. Further any adverse impact on the title, ownership rights, development rights of the owners from whose premises we operate, breach of the contractual terms of any lease, or any inability to renew such agreements on acceptable terms may adversely affect our business operations.

33. The objects of the Issue include orders for plant and machinery which have not yet been placed. In the event of any delay in placement of such orders, the proposed schedule of implementation and deployment of the Net Proceeds may be extended or may vary.

The objects of the Issue include orders for plant and machinery which have not yet been placed. Accordingly, orders worth ₹ 1,212.33 lakhs representing 100% of the cost are yet to be placed. There can be no assurance that we will be able to place orders for such plant and machinery, in a timely manner or at all. In addition, we have obtained the quotations from various vendors in relation to such machineries, most of these quotations are valid for a certain period of time and may be subject to revisions, and other commercial and technical factors, including our financial and market condition, business and strategy, competition, negotiation with suppliers, variation in cost estimates on account of factors, including changes in design and other external factors which may not be within the control of our management. If there is any increase in the costs, the additional costs shall be paid by our Company from its internal accruals. We cannot assure you that we will be able to place such orders within the cost indicated by such quotations or that there will not be cost escalations. Additionally, in the event of any delay in placement of such orders, the proposed schedule of implementation and deployment of the Net Proceeds may be extended or may vary accordingly. For details, see “Objects of the Issue” on page 86. The actual costs of such plant and machinery may be subject to change due to factors beyond our control.

34. Our Corporate Promoter Indrayani Biotech Limited does not possess the relevant experience in dairy industry.

Our Corporate Promoter Indrayani Biotech Limited acquired Equity Shares of our Company on June 30, 2022. Our Promoter is a strategic investor who strategically identifies and aggregates Micro, Small, and Medium Enterprises (MSMEs) with high potential and expertise within its operational verticals. This approach facilitates vertical growth while ensuring a seamless transition that complements the existing promoters. IBL has a diversified presence across Food and Hospitality, Dairy, Healthcare and Pharma, Engineering, Agri, Biotech, and Infrastructure. Though they have no prior experience in our industry, since investment in our Company in 2022, our Corporate Promoter has been contributing in determining our strategic direction and future growth path.

35. We have acquired land from one of our Promoter during the past 5 years.

Except as disclosed below, our Promoters have no interest in any land acquired by our Company during the five years immediately preceding the date of this Prospectus or proposed to be acquired by our Company:

Seller	Agreement date	Address of the property	Area	Consideration paid (₹)
R Rajasekaran	November 1, 2021	Re- Survey No. 768/3, Karuthanaickenpatty Road, Sendurai Village, Natham Taluk, Dindigul District.	2.44 acres	1,50,000

36. Delays or defaults in client payments could adversely affect our operations.

We are exposed to delays or defaults in payments from our customers in the usual course of our business operations. The financial condition of our clients may be affected by the performance of their business which may be impacted by several factors including general economic conditions. The amount outstanding from the trade receivable as on December 23, 2023 was ₹250.80 lakhs which represents approximately 4.90% of the total assets of the Company. We cannot assure you of the continued viability of our customers or that we will accurately assess their creditworthiness. We also cannot assure you that we will be able to collect the whole or any part of any overdue payments. Any material non-payment or non-performance by our clients or other counterparties could affect our financial condition, results of operations and cash flows.

37. We have not yet applied for registration of our logo and we do not own the “corporate logo” legally as on date.

We have not yet applied for the registration of our logo under the provisions of the Trademarks Act, 1999, and as a result, we do not legally own the "corporate logo" used in our communications and other operations to date. Consequently, we do not benefit from the statutory protections afforded to a registered trademark or logo at present. This situation leaves us vulnerable to potential challenges alleging the infringement of third-party intellectual property rights. The absence of registered protection for our intellectual property raises concerns about our ability to safeguard it adequately. There is no guarantee that we will be able to secure the registration of our logo in the future, nor can we be certain that third parties will refrain from infringing upon our intellectual property, potentially causing harm to our business prospects, reputation, and goodwill. Furthermore, we cannot provide assurance that any future application for the registration of our logo by our company will be granted by the relevant authorities in a timely manner, if at all. Our current efforts to protect our intellectual property may be insufficient, posing a risk of diminishing our business value and adversely impacting our operations. In the event of disputes regarding the validity of such claims and the extent of the proprietary rights of others, we may need to resort to litigation. However, such legal proceedings could be protracted and costly, with no guaranteed outcome. Additionally, there is a possibility that we may not be able to detect unauthorized use of our intellectual property or take prompt and effective measures to enforce or protect it.

38. *Technology failures or advancements could disrupt our operations and adversely affect our business operations and financial performance.*

IT systems are critical to our ability to manage our operations and in turn, to maximize efficiencies and optimize costs. Our IT systems enable us to coordinate our operations, from planning, production scheduling and raw material ordering, vehicle loading, customer delivery, invoicing, customer relationship management and decision support. If we do not allocate and effectively manage the resources necessary to build and sustain the proper IT infrastructure, we could be subject to transaction errors, processing inefficiencies, customer service disruptions and, in some instances, loss of customers. Our IT systems, and the systems of our third party IT service providers may also be vulnerable to a variety of interruptions due to events beyond our control, including, but not limited to, natural disasters, telecommunications failures, computer viruses, hackers and other security issues. IT interruptions and system failures could have a material and adverse effect on our business operations and financial performance.

39. *Our processing operations are dependent upon availability of skilled and unskilled labour.*

We have made arrangement of labour requirements at our processing facility through our on-roll employees and employing contractual labour, wherever required by our Company. Our processing operations are dependent on availability of skilled and unskilled labour. Though our business has not experienced any disruptions due to non-availability of labour or any disputes with them in past, we cannot assure you the same in future which may affect our production schedule and timely delivery of our products to customers which may adversely affect our business and result of operations.

40. *We engage contract labour for carrying out certain business operations.*

In order to retain operational efficiencies, we engage independent contractors through whom we engage contract labour for performance of certain functions at our processing facility as well as at our offices. Although we do not engage these labourers directly, we are responsible for any wage payments to be made to such labourers in the event of default by such independent contractors. Any requirement to fund their wage requirements may have an adverse impact on our business, results of operations and financial condition. In addition, under the Contract Labour (Regulation and Abolition) Act, 1970, as amended, we may be required to absorb a number of such contract labourers as permanent employees. Thus, any such order from a regulatory body or court may have an adverse effect on our business, results of operations and financial condition

41. *We face foreign exchange risks that could adversely affect our results of operations as a portion of our revenue and expenditure is denominated in foreign currencies.*

We export our products to different countries like Poland, Sri Lanka and Vietnam and payment for these sales is received in foreign currency. Changes in value of currencies with respect to the Rupee may cause fluctuations in our operating results expressed in Rupees. The exchange rate between the Rupee and other currencies is variable and may continue to fluctuate in future. Any adverse or unforeseen fluctuations with respect to the unhedged exchange rate of any foreign currency for Indian Rupees may affect our Company's results of operations. We are not involved in the hedging of foreign currency which would result in losses and gains resulting from translation of foreign currency denomination on our financials.

42. *An inability to comply with repayment and other covenants in the financing agreements or otherwise meet our debt servicing obligations could adversely affect our business, financial condition, cash flows and credit rating.*

We have entered into agreements in relation to financing arrangements with certain banks for working capital facilities, term loans and bank guarantees. As of December 23, 2023, we had restated total outstanding borrowings of ₹ 2,263.87 lakhs comprising of non-current borrowings of ₹ 1,799.14 lakhs and current borrowings of ₹ 464.73 lakhs. The agreements with respect to our borrowings contain restrictive covenants, including, but not limited to, requirements that we obtain consent from the lenders prior to undertaking certain matters including, among others, effecting a merger, amalgamation or scheme of arrangement, change in capital structure of our Company subject to the threshold prescribed for the shareholding of certain shareholders of our Company and entering into forward contracts, swaps, options, or other liability management contracts in respect of short term facilities. For details, see "Restated Financial Information" beginning on page 178.

Under the terms of our secured borrowings, we are required to create a charge by way of hypothecation on the entire current assets of our Company, together with cash in hand, bank accounts and receivables, and, in our term loans, fixed assets. As these assets are hypothecated in favour of lenders, our rights in respect of transferring or disposing of these assets are restricted. There can be no assurance that we will be able to comply with the financial or other covenants prescribed under the documentation for our financing arrangements or that we will be able to obtain consents necessary to take the actions that may be required to operate and grow our business. Further, if we fail to service our debt obligations, the lenders have the right to enforce the security created in respect of our secured borrowings. If the lenders choose to enforce security and dispose our assets to recover the amounts due from us, our business, results of operations and financial condition may be adversely affected.

Any failure to comply with the conditions and covenants in our financing agreements, the creation of additional encumbrances that are not waived by our lenders or guarantors or otherwise cured, the occurrence of a material adverse event that could lead to an event of default and consequent termination of our credit facilities, or a demand for repayment of our unsecured borrowings that may be recalled at any time could adversely affect our business, results of operations, financial condition and cash flows.

43. Our Company has unsecured loans that may be recalled by the lenders at any time and our Company may not have adequate funds to make timely payments or at all.

Our Company has availed unsecured loans from certain related parties which may be recalled at any time. As of December 23, 2023, unsecured loans of 1,170.31 lakhs were outstanding from our related parties. Such loans may not be repayable in accordance with any agreed repayment schedule and may be recalled at any time. In the event that any lender seeks repayment of any such unsecured loan, our Company would need to find alternative sources of financing, which may not be available on commercially reasonable terms, or at all. As a result, any such demand may materially and adversely affect our business, cash flows, financial condition and results of operations.

44. Our employees may engage in misconduct or other improper activities, including noncompliance with regulatory standards and requirements.

We are exposed to the risk of employee fraud or other misconduct. Misconduct by employees could include intentional failures to comply with any regulations applicable to us, to provide accurate information to regulatory authorities, to comply with manufacturing standards we have established, or to report financial information or data accurately or disclose unauthorized activities to us. In particular, sales, marketing and business arrangements in our industry are subject to laws and regulations intended to prevent fraud, misconduct, kickbacks, self-dealing and other abusive practices. While we have not faced such instances in the past, there can be no assurance that we will be able to identify and deter such misconduct, and the precautions we take to detect and prevent this activity may not be effective in controlling unknown or unmanaged risk. If our employees engage in any such misconduct, we could face criminal penalties, fines, revocation of regulatory approvals and harm to our reputation, any of which could form a material adverse effect on our business.

45. We have in the past entered into related party transactions and may continue to do so in the future, which may potentially involve conflicts of interest with the equity shareholders.

We have in the course of our business entered into, and will continue to enter into, several transactions with our related parties. For further information, see “*Restated Financial Information*” on page 178. We cannot assure you that we will receive similar terms in our related party transactions in the future and that we could not have achieved more favourable terms had such transactions been entered into with unrelated parties. The transactions we have entered into and any further transactions that we may have with our related parties could potentially involve conflicts of interest which may be detrimental to us. We cannot assure you that such transactions, individually or in the aggregate, will not have an adverse effect on business and financial results, including because of potential conflicts of interest or otherwise.

46. Our Company has issued Equity Shares in the last 12 months at a price which may be lower than the Issue Price.

Our Company has issued Equity Shares in the last 12 months, which may be at a price lower than the Issue Price. Below are the details of the shares issued at a price which may be lower than the issue price

Date of Allotment of Equity Shares	No. of Equity Shares allotted	Face Value per Equity Share (₹)	Issue price per Equity Share (₹)	Nature of Allotment
December 23, 2023	28,22,000	10	50	Rights Issue
December 28, 2023	775,280	10	50	Rights Issue

For further details, see “Capital Structure” on page 71.

47. Our Promoters, certain of our Directors and Key Managerial Personnel may have interests other than reimbursement of expenses incurred and normal remuneration or benefits in our Company.

Our Promoters, certain of our Directors and Key Managerial Personnel, while managing the day to day operations, may be interested in our Company, in addition to regular remuneration or benefits and reimbursement of expenses, to the extent of the Equity Shares held by them in our Company, and any dividends, bonuses or other distributions on such Equity Shares. Further our promoters may also be interested to the extent of unsecured loan given by them to the Company and interest payable by the Company thereon. They may also be interested as shareholders, director or proprietors of entities with whom our Company enter into business transaction such as purchases, sales, chilling charges. For further details, other than reimbursement of expenses incurred or normal remuneration or benefits, see “*Our Management – Interest of Directors*” and “*Our Management – Interest of Key Managerial Personnel*” on page 157. While our Promoters, Directors and Key Managerial Personnel believe that they act in the benefit and best interest of the Company, there can be no assurance of continuing the same.

48. After the completion of the Issue, our Promoters and members of Promoter Group will continue to collectively hold substantial shareholding in our Company.

Currently, our Promoters and members of Promoter Group own approximately 80.66% of our outstanding Equity Shares. Following the completion of the Issue, our Promoters and members of Promoter Group will continue to hold a majority of our post-Issue Equity Share capital which will allow them to exercise significant control over the outcome of the matters submitted to our shareholders for approval. For details of their shareholding pre- and post- Issue, see “*Capital Structure*” on page 71. This concentration of ownership may delay, defer or even prevent a change in control of our Company and may make some transactions more difficult without the support of these shareholders. In addition, these Shareholders have the ability to exercise influence over our business, and may cause us take actions that are not in, or may conflict with, our or our other shareholder’s best interests, including matters relating to our management and policies and the election of our directors and senior management, the approval of lending and investment policies, revenue budgets, capital expenditure, dividend policy, strategic acquisitions and fund raising activities. The interests of our significant shareholders could conflict with our interests or the interests of our other shareholders. Any such conflict may adversely affect our ability to execute our business strategy or to operate our business.

49. We cannot assure payment of dividends on the Equity Shares in the future.

Our ability to pay dividends in the future will depend on our earnings, financial condition, cash flow, working capital requirements, capital expenditure and restrictive covenants of our financing arrangements. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board and will depend on factors that our Board deems relevant, including among others, our future earnings, financial condition, cash requirements, business prospects and any other financing arrangements. We cannot assure you that we will be able to pay dividends in the future. For details of dividend paid by our Company in the past, see “*Dividend Policy*” on page 177.

50. Our Promoter and Promoter Group members has provided personal guarantees and mortgage personal property for loans availed by our Company. Our business, financial condition, results of operations, cash flows and prospects may be adversely affected by the invocation of all or any personal guarantees provided by our Promoter and Promoter Group members.

Our Promoter and Promoter Group Members has provided personal guarantees and mortgage personal property to secure a significant portion of our existing borrowings, and may post listing continue to provide

such guarantees and other security. In case of a default under our loan agreements, any of the personal guarantees and personal property provided by our Promoter and Promoter Group Members may be invoked, which could negatively impact the reputation of our Company. Also, we may face certain impediments in taking decisions in relation to our Company, which in turn would result in a material adverse effect on our financial condition, business, results of operations and prospects and would negatively impact our reputation. In addition, our Promoter and Promoter Group Members may be required to liquidate his shareholding in our Company to settle the claims of the lenders, thereby diluting his shareholding in our Company. We may also not be successful in procuring alternate guarantees satisfactory to the lenders, as a result may need to repay outstanding amounts under such facilities or seek additional sources of capital, which could affect our financial condition and cash flows. For further details regarding loans availed by our Company, please refer “Restated Financial Statements” on page 178 of this Prospectus.

51. We have not identified any alternate source of funding and hence any failure or delay on our part to mobilize the required resources or any shortfall in the Issue proceeds may delay the implementation schedule.

The proposed fund requirement for our business, as detailed in the section titled "Objects of the Issue" is to be funded from the proceeds of this IPO. We have not identified any alternate source of funding and hence any failure or delay on our part to mobilize the required resources or any shortfall in the Issue proceeds may delay our business plans. We therefore, cannot assure that we would be able to execute our future plans/strategy within the given timeframe. For details, please refer to the Chapter titled “Objects of the Issue” beginning on page 86 of this Prospectus.

52. The Objects of the Issue for which funds are being raised have not been appraised by any bank or financial institution. Any variation between the estimation and actual expenditure as estimated by the management could result in execution delays or influence our profitability adversely.

The deployment of funds as stated in the “Objects of the Issue” beginning on page 86 of the Prospectus is entirely at the discretion of our management and has not been appraised by any independent agency. Further, the purposes for which the Net Proceeds are to be utilized have not been appraised by an independent entity and are based on our estimates. In the event, for whatsoever reason, we are unable to execute our plans, we could have a significant amount of unallocated net proceeds. In such a situation, we would have broad discretion in allocating these net proceeds from the Issue without any action or approval of our shareholders. In case the assumptions on which these estimates have been made are not correct or they become un-realistic then there will be a variation in the estimates and the actual expenditure incurred which could result in execution delays and have an adverse effect on our operations and profitability. The cost estimated by our management are based on their experience, however, we may have to reconsider our estimates or business plans due to changes in underlying factors, some of which are beyond our control, such as interest rate fluctuations, changes in input cost and other financial, operational and technological factors. Accordingly, prospective investors in the issue will need to rely upon our management’s judgment with respect to the use of proceeds. If we are unable to deploy the proceeds of the issue in a timely or an efficient manner, it may affect our business and results of operations

53. There is no monitoring agency appointed by Our Company to monitor the utilization of the Issue proceeds.

As per SEBI (ICDR) Regulations, 2018, as amended, appointment of monitoring agency is required only for Issue size above Rs. 10,000 lacs. Hence, we have not appointed any monitoring agency to monitor the utilization of Issue proceeds. However, the audit committee of our Board will monitor the utilization of Issue proceeds in terms of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. Further, our Company shall inform about material deviations in the utilization of Issue proceeds to the stock exchange and shall also simultaneously make the material deviations / adverse comments of the audit committee public.

54. We have not independently verified certain data in this Prospectus.

We have not independently verified data from the Industry and related data contained in this Prospectus and although we believe the sources mentioned in the report to be reliable, we cannot assure you that they are complete or reliable. Such data may also be produced on a different basis from comparable information

compiled with regards to other countries. Therefore, discussions of matters relating to India, its economy or the industries in which we operate that is included herein are subject to the caveat that the statistical and other data upon which such discussions are based have not been verified by us and may be incomplete, inaccurate or unreliable. Due to incorrect or ineffective data collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced elsewhere and should not be unduly relied upon. Further, we cannot assure you that they are stated or compiled on the same basis or with the same degree of accuracy, as the case may be, elsewhere.

55. Any future issuance of Equity Shares, or convertible securities or other equity linked securities by us and any sale of Equity Shares by our significant shareholders may dilute your shareholding and adversely affect the trading price of the Equity Shares.

Any future issuance of the Equity Shares, convertible securities or securities linked to the Equity Shares by us may dilute your shareholding in the Company, adversely affect the trading price of the Equity Shares and our ability to raise capital through an issue of our securities. In addition, any perception by investors that such issuances or sales might occur could also affect the trading price of the Equity Shares. No assurance may be given that we will not issue additional Equity Shares. The disposal of Equity Shares by any of our significant shareholders, or the perception that such sales may occur may significantly affect the trading price of the Equity Shares. We cannot assure you that we will not issue Equity Shares or that such shareholders will not dispose of, pledge or encumber their Equity Shares in the future.

56. The Issue price of our Equity Shares may not be indicative of the market price of our Equity Shares after the Issue and the market price of our Equity Shares may decline below the issue price and you may not be able to sell your Equity Shares at or above the Issue Price.

The issue price of the equity shares has been based on many factors and may not be indicative of the market price of our Equity Shares after the Issue. For further information please refer the section titled “Basis for Issue Price” beginning on page 99 of the Prospectus. The market price of our Equity Shares could be subject to significant fluctuations after the Issue, and may decline below the Issue Price. We cannot assure you that you will be able to sell your Equity Shares at or above the Issue Price.

EXTERNAL RISK FACTORS

57. We are heavily dependent upon the growth prospects of the dairy industry and the industries which consume the products produced by our customers.

Any slowdown in the rate of growth in the dairy industry or the industry which consumes the products manufactured by our customers, would seriously impact our own growth prospects and may result in decline in profits. Our Company’s business involves supply of dairy ingredients to nutrition based companies, dairy industry, ice cream industry and baking industry. The demand for their products will ultimately depend upon consumer preferences and dietary habits. Due to the lack of demand, if any, the slowdown in these industries may have an adverse impact on our business. Further, we also export our products across different countries in the world, in case of any reduction in demand from the overseas customers due to any local disturbances in those areas may have an adverse effect on our export revenue. Further, any restrictions being placed by our Government or the ruling government in those countries which may affect the free movement of goods from one country to another and have an adverse effect on our export volumes.

58. Political, economic or other factors that are beyond our control may have an adverse effect on our business, results of operations and cash flows.

We currently operate in India and are dependent on domestic, regional and market conditions. Our performance, growth and market price of our Equity Shares are and will be dependent on the milk pricing and development in the dairy industry in the Indian economy. There have been periods of slowdown in the economic growth of India. For instance, the situations of lock-down due to pandemic Covid-19 spread in India and all other parts of world. If such condition prevail for longer time the demand for our products & services may be adversely affected by an economic downturn in domestic, regional and global economies. India’s economic growth is also affected by various other factors including domestic consumption and savings, balance of trade movements,

namely export demand and movements in key imports, global economic uncertainty and liquidity crisis, volatility in exchange currency rates. Consequently, any future slowdown in the Indian economy could harm our business, results of operations, cash flows and financial condition. Also, a change in the Government or a change in the economic and deregulation policies could affect economic conditions prevalent in the areas in which we operate in general and our business in particular and high rates of inflation in India could increase our costs without proportionately increasing our revenues, and as such decrease our operating margins.

59. *Investor may be subject to Indian taxes arising out of capital gains on the sale of the Equity Shares.*

Under current Indian tax laws, capital gains arising from the sale of equity shares within 12 months in an Indian company are classified as short-term capital gains and generally taxable. Any gain realized on the sale of listed equity shares on a stock exchange that are held for more than 12 months is considered as long-term capital gains and is taxable at 10%, in excess of ₹ 1,00,000. Any long-term gain realized on the sale of equity shares, which are sold other than on a recognized stock exchange and on which no STT has been paid, is also subject to tax in India. Capital gains arising from the sale of equity shares are exempt from taxation in India where an exemption from taxation in India is provided under a treaty between India and the country of which the seller is resident. Generally, Indian tax treaties do not limit India's ability to impose tax on capital gains. As a result, residents of other countries may be liable to pay tax in India as well as in their own jurisdiction on a gain on the sale of equity shares.

60. *Changing laws, rules and regulations and legal uncertainties in India, including adverse application of tax laws and regulations, may adversely affect our business and financial performance.*

Our business and financial performance could be adversely affected by changes in law or interpretations of existing, or the promulgation of new, laws, rules and regulations in India applicable to us and our business. For further details please refer to the chapter "Government and Other Approvals" on page 196 for details of the laws currently applicable to us. The governmental and regulatory bodies in India and other jurisdictions where we operate may notify new regulations and/or policies, which may require us to obtain approvals and licenses from the government and other regulatory bodies, or impose onerous requirements and conditions on our operations, in addition to those which we are undertaking currently. Any such changes and the related uncertainties with respect to the implementation of new regulations may have a material adverse effect on our business, financial condition, results of operations and cash flows.

In addition, unfavourable changes in or interpretations of existing, or the promulgation of new, laws, rules and regulations including foreign investment laws governing our business, operations and investments in our Company by non-residents, could result in us being deemed to be in contravention of such laws and/or may require us to apply for additional approvals. Tax and other levies imposed by the central and state governments in India that affect our tax liability include central and state taxes and other levies, income tax, turnover tax, goods and services tax, stamp duty and other special taxes and surcharges which are introduced on a temporary or permanent basis from time to time. The final determination of our tax liabilities involves the interpretation of local tax laws and related regulations in each jurisdiction as well as the significant use of estimates and assumptions regarding the scope of future operations and results achieved and the timing and nature of income earned and expenditures incurred. We are involved in various disputes with tax authorities. For details of these disputes, see "Outstanding Litigation and Material Developments" on page 193. Moreover, the central and state tax scheme in India is extensive and subject to change from time to time. Any change in Indian tax laws could have an effect on our operations. For instance, the Taxation Laws (Amendment) Ordinance, 2019, a new tax ordinance issued by India's Ministry of Finance on September 20, 2019, prescribes a number of changes to the income tax rate applicable to companies in India. According to this new ordinance, companies can henceforth voluntarily opt for a concessional tax regime (subject to no other special benefits/exemptions being claimed), which would ultimately reduce the effective tax rate for Indian companies. Any such future amendments may affect other benefits such as an exemption for income earned by way of dividend from investments in other domestic companies and units of mutual funds, exemption for interest received in respect of tax-free bonds, and long-term capital gains on equity shares if withdrawn by the statute in the future, and the same may no longer be available to us. Any adverse order passed by the appellate authorities/ tribunals/ courts would influence our profitability.

The Finance Act, 2022 ("Finance Act"), has, amongst others things, provided a number of amendments to the direct and indirect tax regime, including, without limitation, a simplified alternate direct tax regime and that

dividend distribution tax (“DDT”), will not be payable in respect of dividends declared, distributed or paid by a domestic company after March 31, 2020, and accordingly, such dividends would not be exempt in the hands of the shareholders, both resident as well as non-resident and are likely to be subject to tax deduction at source. The Company may or may not grant the benefit of a tax treaty (where applicable) to a non-resident shareholder for the purposes of deducting tax at source from such dividend. Investors should consult their own tax advisors about the consequences of investing or trading in the Equity Shares. Further, the Government of India has notified the Finance Act, 2023, which has introduced various amendments to taxation laws in India. There is no certainty on the impact that the Finance Act may have on our business and operations or on the industry in which we operate. Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may impact the viability of our current business or restrict our ability to grow our business in the future.

61. Significant differences exist between Ind AS and other accounting principles, such as U.S. GAAP and IFRS, which investors may be more familiar with and may consider material to their assessment of our financial condition.

Our financial statements are prepared and presented in conformity with Ind AS. No attempt has been made to reconcile any of the information given in this document to any other principles or to base it on any other standards. Ind AS differs in certain significant respects from IFRS, U.S. GAAP and other accounting principles with which prospective investors may be familiar in other countries. If our financial statements were to be prepared in accordance with such other accounting principles, our results of operations, cash flows and financial position may be substantially different. Prospective investors should review the accounting policies applied in the preparation of our financial statements, and consult their own professional advisers for an understanding of the differences between these accounting principles and those with which they may be more familiar.

62. Financial instability, economic developments and volatility in securities markets in other countries may also cause the price of the Equity Shares to decline.

The Indian market and the Indian economy are influenced by economic and market conditions in other countries, particularly emerging Asian market countries. Financial turmoil and volatility in the global markets in recent years has affected the Indian economy. Although, economic conditions are different in each country, investors’ reactions to developments in one country can have adverse effects on the securities of companies in other countries, including India. Currencies of a few Asian countries have in the past suffered depreciation against the U.S. Dollar. A loss of investor confidence in the financial systems of other emerging markets may cause increased volatility in Indian financial markets and, indirectly, in the Indian economy in general. Any worldwide financial instability could also have a negative impact on the Indian economy. Financial disruptions may occur and could harm our business, future financial performance and the prices of the Equity Shares.

The global credit and equity markets have experienced substantial dislocations, liquidity disruptions and market corrections in recent years. Liquidity and credit concerns and volatility in the global credit and financial markets have increased significantly with the bankruptcy or acquisition of, and government assistance extended to, several major U.S. and European financial institutions. These events have had a significant impact on the global credit and financial markets as a whole, including reduced liquidity, greater volatility, widening of credit spreads and a lack of price transparency in global credit and financial markets. In response to such developments, legislators and financial regulators in countries have implemented a number of policy measures, designed to add stability to the financial markets. However, the overall impact of these and other legislative and regulatory efforts on the global financial markets is uncertain, and they may not have the intended stabilizing effects. In the event that the current difficult conditions in the global credit markets continue or if there is any significant financial disruption, such conditions could have an adverse effect on our business, future financial performance and the trading price of the Equity Shares.

63. The occurrence of natural or man-made disasters could adversely affect our results of operations, cash flows and financial condition. Hostilities, terrorist attacks, civil unrest and other acts of violence could adversely affect the financial markets and our business.

The occurrence of natural disasters, including cyclones, storms, floods, earthquakes, tsunamis, fires, explosions, pandemic disease and man-made disasters, including acts of terrorism and military actions, could adversely

affect our results of operations, cash flows or financial condition. Terrorist attacks and other acts of violence or war in India or globally may adversely affect the Indian securities markets. In addition, any deterioration in international relations, especially between India and its neighboring countries, may result in investor concern regarding regional stability which could adversely affect the price of the Equity Shares. In addition, India has witnessed local civil disturbances in different parts and it is possible that future civil unrest as well as other adverse social, economic or political events in India could have an adverse effect on our business. Such incidents could also create a greater perception that investment in Indian companies involves a higher degree of risk and could have an adverse effect on our business and the market price of the Equity Shares.

64. Global economic, political and social conditions may harm our ability to do business, increase our costs and negatively affect our stock prices.

Global economic and political factors that are beyond our control, influence forecasts directly affect performance. These factors include interest rates, rates of economic growth, fiscal and monetary policies of governments, inflation, deflation, foreign exchange fluctuations, consumer credit availability, fluctuations in commodities markets, consumer debt levels, unemployment trends and other matters that influence consumer confidence, spending and tourism. Increasing volatility in financial markets may cause these factors to change with a greater degree of frequency and magnitude, which may negatively affect our stock prices.

65. A slowdown in economic growth in India may adversely affect our business, financial condition, cash flows, results of operations and prospects.

The performance and growth of our business are necessarily dependent on economic conditions prevalent in India, which may be materially and adversely affected by center or state political instability or regional conflicts, a general rise in interest rates, inflation, and economic slowdown elsewhere in the world or otherwise. Further, there have been periods of slowdown in the economic growth of India. India's economic growth is affected by various factors including domestic consumption and savings, balance of trade movements, namely export demand and movements in key imports (oil and oil products), global economic uncertainty and liquidity crisis, volatility in exchange currency rates and annual rainfall which affects agricultural production. Any continued or future slowdown in the Indian economy or a further increase in inflation could have a material adverse effect on the price of our raw materials and demand for our products and, as a result, on our business and financial results.

66. An outbreak of other infectious or virulent diseases, if uncontrolled, may have an adverse effect on our business, results of operations and financial condition.

An outbreak of other infectious or virulent diseases, such as severe acute respiratory syndrome, the COVID-19 virus, the H1N1 virus, avian influenza (bird flu), the Zika virus or the Ebola virus, if uncontrolled, may have a material adverse effect on the economies of certain countries and our operations. If any of our employees or the employees of our suppliers and/or customers are infected with such diseases or if a significant portion of our workforce refuses to work for fear of contracting an infectious disease, our Company, our suppliers and/or our customers may be required to shut down operations for a period of time, and this could adversely affect our business, results of operations and financial condition. In addition, our revenue and profitability could be impacted to the extent that a natural disaster, health epidemic or other outbreak harms the Indian and global economy in general.

67. The extent and reliability of Indian infrastructure could adversely affect our Company's results of operations and financial condition.

India's physical infrastructure is in developing phase compared to that of many developed nations. Any congestion or disruption in its port, rail and road networks, electricity grid, communication systems or any other public facility could disrupt our Company's normal business activity. Any deterioration of India's physical infrastructure would harm the national economy, disrupt the transportation of goods and supplies, and add costs to doing business in India. These problems could interrupt our Company's business operations, which could have an adverse effect on its results of operations and financial condition.

68. Government regulation of foreign ownership of Indian securities may have an adverse effect on the price of the Equity Shares.

Foreign ownership of Indian securities is subject to government regulation. Under foreign exchange regulations currently in effect in India, transfer of shares between non-residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or fall under any of the exceptions referred to above, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert the rupees proceeds from the sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection/ tax clearance certificate from the Income Tax authorities. There can be no assurance that any approval required from the RBI or any other government agency can be obtained.

69. Any downgrading of India's debt rating by an independent may harm our ability to raise financing.

Any adverse revisions to India's credit ratings for domestic and international debt by any international rating agencies may adversely impact our ability to raise additional financing, and the interest rate and other commercial terms at which such additional financing may be available. This could have adverse effect on our business and future financial performance, its ability to obtain financing for capital expenditures and the price of our Equity Shares.

70. The Equity Shares have never been publicly traded, and the Issue may not result in an active or liquid market for the Equity Shares. Further, the price of the Equity Shares may be volatile, and you may be unable to resell the Equity Shares at or above the Issue Price.

Prior to the Issue, there has been no public market for the Equity Shares, and an active trading market on the Indian Stock Exchanges may not develop or be sustained after the Issue. Listing and quotation do not guarantee that a market for the Equity Shares will develop, or if developed, there will be liquidity of such market for the Equity Shares. The Issue Price of the Equity Shares may bear no relationship to the market price of the Equity Shares after the Issue. The market price of the Equity Shares after the Offer can be volatile as a result of several factors beyond our control, including volatility in the Indian and global securities markets, our results of operations, the performance of our competitors, developments in the Indian and global dairy industry, changing perceptions in the market about investments in this sector in India, investor perceptions of our future performance, adverse media reports about us or our sector, changes in the estimates of our performance or recommendations by financial analysts, significant developments in India's economic liberalisation and deregulation policies, and significant developments in India's fiscal regulations.

In addition, the Stock Exchanges may experience significant price and volume fluctuations, which may have a material adverse effect on the market price of the Equity Shares. General or industry-specific market conditions or stock performance or domestic or international macroeconomic and geopolitical factors unrelated to our performance may also affect the price of the Equity Shares. In particular, the stock market as a whole in the past has experienced extreme price and volume fluctuations that have affected the market price of many companies in ways that may have been unrelated to the companies' operating performances. For these reasons, investors should not rely on recent trends to predict future share prices, results of operations or cash flow and financial condition.

71. The requirements of being a listed company may strain our resources.

We are not a listed company. We have not been subjected to the increased scrutiny of our affairs by shareholders, regulators and the public at large that is associated with being a listed company. As a listed company, we will incur significant legal, accounting, corporate governance, and other expenses that we did not incur as an unlisted company. We will be subject to the Equity Listing Agreements with the Stock Exchange which will require us to file audited annual and half yearly reports with respect to our business and financial condition. If we experience any delays, we may fail to satisfy our reporting obligations and/or we may not be able to readily determine and accordingly report any changes in our results of operations as promptly as other listed companies.

Further, as a listed company, we will need to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, including keeping adequate records of daily transactions to support the existence of effective disclosure controls and procedures and internal control over financial reporting. In order to maintain and improve the effectiveness of our disclosure controls and

procedures and internal control over financial reporting, significant resources and management attention will be required. As a result, our management's attention may be diverted from business concerns, which may adversely affect our business, prospects, financial condition, and results of operations. Further, we may need to hire additional legal and accounting staff with appropriate listed company experience and technical accounting knowledge but cannot assure that we will be able to do so in a timely and efficient manner.

72. There is no guarantee that our Equity Shares will be listed on the relevant stock exchange in a timely manner or at all.

There is no guarantee that our Equity Shares will be listed on the relevant stock exchange in a timely manner or at all. In accordance with Indian law, permission for listing and trading of our Equity Shares will not be granted until after certain actions have been completed in relation to this Issue and until Allotment of Equity Shares pursuant to this Issue. In accordance with current regulations and circulars issued by SEBI, our Equity Shares are required to be listed on the relevant stock exchange within such time as mandated under UPI Circulars, subject to any change in the prescribed timeline in this regard. However, we cannot assure you that the trading in our Equity Shares will commence in a timely manner or at all. Any failure or delay in obtaining final listing and trading approvals may restrict your ability to dispose of your Equity Shares.

In terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors applying in a public Issue shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Retail Individual Investors applying in public Issue may use either Application Supported by Blocked Amount (ASBA) facility for making application or also can use UPI as a payment mechanism with Application Supported by Blocked Amount for making application. For details in this regards, specific attention is invited to the chapter titled “Issue Procedure” beginning on page 229 of the Prospectus.

The process of Book Building under the SEBI ICDR Regulations is subject to change from time to time and the investors are advised to make their own judgment about investment through this process prior to making a Bid or application in the Issue.

For further details on the method and procedure for Bidding, please see section entitled “Issue Procedure” on page 229 of this Prospectus.

Illustration of the Book Building and Price Discovery Process: Bidders should note that this example is solely for illustrative purposes and is not specific to the Issue. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹20 to ₹ 24 per share, Issue size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Issue the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Company in consultation with the BRLM, may finalise the Issue Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Issue Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

Steps to be taken by the Bidders for Bidding:

- Check eligibility for making a Bid (see section titled “Issue Procedure” on page 229 of this Prospectus);
- Ensure that you have a demat account and the demat account details are correctly mentioned in the Bid cum Application Form;
- Ensure correctness of your PAN, DP ID and Client ID mentioned in the Bid cum Application Form. Based on these parameters, the Registrar to the Issue will obtain the Demographic Details of the Bidders from the Depositories.
- Except for Bids on behalf of the Central or State Government officials, residents of Sikkim and the officials appointed by the courts, who may be exempt from specifying their PAN for transacting in the securities market, for Bids of all values ensure that you have mentioned your PAN allotted under the Income Tax Act in the Bid cum Application Form. The exemption for Central or State Governments and officials appointed by the courts and for investors residing in Sikkim is subject to the Depository Participant’s verification of the veracity of such claims of the investors by collecting sufficient documentary evidence in support of their claims.
- Ensure that the Bid cum Application Form is duly completed as per instructions given in this Prospectus and in the Bid cum Application Form;

**Our Company in consultation with the Book Running Lead Manager may consider participation by Anchor Investors in accordance with the SEBI ICDR Regulations. The Anchor Investor Bidding Date shall be one Working Day prior to the Bid/ Issue Opening Date*

The above timetable is indicative and does not constitute any obligation on our Company or the Book Running Lead Manager. Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within 3 Working Days of the Bid/ Issue Closing Date, the timetable may change due to various factors, such as extension of the Bid/Issue Period by our Company, revision of the Price Band or any delays in receiving the final listing and trading approval from the Stock Exchange. The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws.

Bid Cum Application Forms and any revisions to the same will be accepted only between 10.00 a.m. to 5.00 p.m. (IST) during the Issue Period (except for the Bid/Issue Closing Date). On the Bid/ Issue Closing Date, the Bid Cum Application Forms will be accepted only between 10.00 a.m. to 3.00 p.m. (IST) for retail and non-retail Bidders. The time for applying for Retail Individual Applicant on Bid/ Issue Closing Date maybe extended in consultation with the BRLM, RTA and BSE SME taking into account the total number of applications received up to the closure of timings.

Due to the limitation of time available for uploading the Bid Cum Application Forms on the Bid/ Issue Closing Date, Bidders are advised to submit their applications one (1) day prior to the Bid/ Issue Closing Date and, in any case, not later than 3.00 p.m.(IST) on the Bid/ Issue Closing Date. Any time mentioned in this Prospectus is IST. Bidders are cautioned that, in the event a large number of Bid Cum Application Forms are received on the Bid/Issue Closing Date, as is typically experienced in public Issue, some Bid Cum Application Forms may not get uploaded due to the lack of sufficient time. Such Bid Cum Application Forms that cannot be uploaded will not be considered for allocation under this Issue. Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holidays). Neither our Company nor the BRLM is liable for any failure in uploading the Bid Cum Application Forms due to faults in any software/hardware system or otherwise.

In accordance with SEBI ICDR Regulations, QIBs and Non-Institutional Applicants are not allowed to withdraw or lower the size of their Application (in terms of the quantity of the Equity Shares or the Application amount) at any stage. Retail Individual Applicants can revise or withdraw their Bid Cum Application Forms prior to the Bid/ Issue Closing Date. Allocation to Retail Individual Applicants, in this Issue will be on a proportionate basis. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid Cum Application Form, for a particular Applicant, the details as per the file received from Stock Exchange may be taken as the final data for the purpose of Allotment.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Bid Cum Application Form, for a particular ASBA Applicant, the Registrar to the Issue shall ask the relevant SCSBs / RTAs / DPs / stock brokers, as the case may be, for the rectified data

Withdrawal of the Issue

Our Company in consultation with the BRLM, reserve the right to not to proceed with the Issue at any time before the Bid/Issue Opening Date without assigning any reason thereof.

If our Company withdraws the Issue any time after the Bid/Issue Opening Date but before the allotment of Equity Shares, a public notice within 2 (two) working days of the Bid/Issue Closing Date, providing reasons for not proceeding with the Issue shall be issued by our Company. The notice of withdrawal will be issued in the same newspapers where the pre- Issue advertisements have appeared and the Stock Exchange will also be informed promptly. The BRLM, through the Registrar to the Issue, will instruct the SCSBs to unblock the ASBA Accounts within 1 (one) working Day from the day of receipt of such instruction.

If our Company withdraws the Issue after the Bid/Issue Closing Date and subsequently decides to proceed with an Issue of the Equity Shares, our Company will have to file a fresh Draft Red Herring Prospectus with the stock exchange where the Equity Shares may be proposed to be listed.

Notwithstanding the foregoing, the Issue is subject to obtaining (i) the final listing and trading approvals of the Stock Exchange with respect to the Equity Shares issued through the Prospectus, which our Company will apply for only after Allotment; and (ii) the registration of Prospectus with RoC.

Details of the Market Making Arrangement for this Issue

Our Company and the Book Running Lead Manager have entered into an agreement dated December 29, 2023 with the following Market Maker to fulfil the obligations of Market Making:

Name	SPREAD X SECURITIES PRIVATE LIMITED
Correspondence Address	Shilp Corporate Park, B Block, 13th Floor, B-1309, Near Rajpath Club, Rajpath Rangoli Road, S.G. Highway, Ahmadabad City Gujarat 380054 India
Tel No.	+91 79 6907 2018
E-mail	info@spreadx.in
Website	www.spreadx.in
Contact Person	Mrs. Khushbu Shah
SEBI Registration No.	INZ000310930

The Market Maker shall the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations, 2018 and the circulars issued by the BSE SME and SEBI in this regard from time to time.

Following is a summary of the key details pertaining to the proposed Market Making arrangement:

1) The Market Maker shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the stock exchange. Further, the Market Maker shall inform the exchange in advance for each and every black out period when the quotes are not being issued by the Market Maker.

2) The minimum depth of the quote shall be ₹ 1,00,000. However, the investors with holdings of value less than ₹ 1,00,000 shall be allowed to offer their holding to the Market Maker(s) (individually or jointly) in that scrip

provided that he/she sells his/her entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.

3) Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.

The Market Maker shall not sell in lots less than the minimum contract size allowed for trading on the SME platform of BSE (in this case currently the minimum trading lot size is 2000 equity shares; however the same may be changed by the SME platform of BSE from time to time)

4) After a period of three (3) months from the market making period, the market maker would be exempted to provide quote if the Shares of market maker in our Company reaches to 25% of Issue Size (Including the 3,26,000 Equity Shares ought to be allotted under this Issue). Any Equity Shares allotted to Market Maker under this Issue over and above 3,26,000 Equity Shares would not be taken in to consideration of computing the threshold of 25% of Issue Size. As soon as the Shares of market maker in our Company reduce to 24% of Issue Size, the Market Maker will resume providing 2-way quotes.

5) There shall be no exemption/threshold on downside. However, in the event the Market Maker exhausts his inventory through market making process, BSE may intimate the same to SEBI after due verification.

6) There would not be more than five Market Makers for a scrip at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.

7) On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction. In case equilibrium price is not discovered the price band in the normal trading session shall be based on Issue price.

8) The Market Maker may also be present in the opening call auction, but there is no obligation on him to do so.

9) There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.

10) The Market Maker(s) shall have the right to terminate said arrangement by giving a One month notice or on mutually acceptable terms to the Merchant Banker, who shall then be responsible to appoint a replacement Market Maker(s).

In case of termination of the Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the BRLM to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 261 of the SEBI (ICDR) Regulations, 2018. Further our Company and the Book Running Lead Manager reserve the right to appoint other Market Makers either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed five or as specified by the relevant laws and regulations applicable at that particular point of time. The Market Making Agreement is available for inspection at our registered office from 11.00 a.m. to 5.00 p.m. on working days.

Risk containment measures and monitoring for Market Makers: BSE SME will have all margins which are applicable on the BSE Main Board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. BSE can impose any other margins as deemed necessary from time-to-time.

12) Punitive Action in case of default by Market Makers: BSE SME will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and/or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties / fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case he is not present in the market

(issuing two-way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership. The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties / fines / suspension for any type of misconduct/ manipulation/ other irregularities by the Market Maker from time to time.

14) Price Band and Spreads: SEBI Circular bearing reference no: CIR/MRD/DP/ 02/2012 dated January 20, 2012, has laid down that for Issue size up to ₹ 250 crores, the applicable price bands for the first day shall be:

- a) In case equilibrium price is discovered in the Call Auction, the price band in the normal trading session shall be 5% of the equilibrium price.
- b) In case equilibrium price is not discovered in the Call Auction, the price band in the normal trading session shall be 5% of the Issue price.

15) Additionally, the trading shall take place in TFT segment for first 10 days from commencement of trading. The price band shall be 20% and the market maker spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time.

16) Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27, 2012, limits on the upper side for market makers during market making process has been made applicable, based on the Issue size and as follows:

Issue Size	Buy quote exemption threshold (including mandatory initial inventory of 5% of the Issue Size)	Re-Entry threshold for buy quote (including mandatory initial inventory of 5% of the Issue Size)
Up to ₹ 20 Crore	25%	24%
₹ 20 Crore To ₹ 50 Crore	20%	19%
₹ 50 Crore To ₹ 80 Crore	15%	14%
Above ₹80 Crore	12%	11%

The Market Making arrangement, trading and other related aspects including all those specified above shall be subject to the applicable provisions of law and / or norms issued by SEBI / BSE from time to time.

(b) Details of Promoters' contribution locked in for three years:

Our Promoters have given written consent to include 49,00,000 Equity Shares subscribed and held by them as a part of Minimum Promoter's Contribution constituting 20.06% of the post issue Paid-up Equity Shares Capital of our Company ("Minimum Promoter's contribution") in terms of Sub-Regulation (1) of Regulation 236 of the SEBI (ICDR) Regulations, 2018 and have agreed not to sell or transfer or pledge or otherwise dispose of in any

manner, the Minimum Promoter's Contribution, and to be marked Minimum Promoter's Contribution as locked-in.

In terms of clause (a) of Regulation 238 of the SEBI (ICDR) Regulations, 2018, Minimum Promoter's Contribution as mentioned above shall be locked-in for a period of three years from the date of commencement of commercial production or date of allotment in the Initial Public Offer, whichever is later.

Explanation: The expression "date of commencement of commercial" production" means the last date of the month in which commercial production of the project in respect of which the funds raised are proposed to be utilized as stated in the offer document, is expected to commence.

In our case, the company is going to utilize proceeds of issue towards existing projects of the company. Therefore, Minimum Promoter's Contribution shall be locked in for a period of 3 years from date of allotment in Initial Public Offer.

We further confirm that Minimum Promoter's Contribution of 20.06% of the post Issue Paid-up Equity Shares Capital does not include any contribution from Alternative Investment Fund.

The Minimum Promoter's Contribution has been brought into to the extent of not less than the 20.00% of the Post Issue Capital and has been contributed by the persons defined as Promoter under the SEBI (ICDR) Regulations, 2018.

The lock-in of the Minimum Promoter's Contribution will be created as per applicable regulations and procedure and details of the same shall also be provided to the Stock Exchange before listing of the Equity Shares

The details of Minimum Promoter's Contribution are as follows:

Accordingly, 69,38,460 Equity shares held by the Persons other than Promoters shall be locked in for a period of one year from the date of allotment in the Initial Public Offer.

(b) Inscription or recording of non-transferability:

In terms of Regulation 241 of the SEBI (ICDR) Regulations, 2018, our Company confirms that certificates of Equity Shares which are subject to lock in shall contain the inscription "Non-Transferable" and specify the lock-in period and in case such equity shares are dematerialized, the Company shall ensure that the lock-in is recorded by the Depository.

(c) Pledge of Locked in Equity Shares:

In terms of Regulation 242 of the SEBI (ICDR) Regulations, 2018, the Equity Shares held by our Promoters and locked in may be pledged as a collateral security for a loan granted by a scheduled commercial bank or public financial institution or a systemically important non-banking finance company or housing finance company, subject to following;

- In case of Minimum Promoter's Contribution, the loan has been granted to the issuer company or its subsidiary (ies) for the purpose of financing one or more of the Objects of the Issue and pledge of equity shares is one of the terms of sanction of the loan.
- In case of Equity Shares held by Promoters in excess of Minimum Promoter's contribution, the pledge of equity shares is one of the terms of sanction of the loan.

However, lock in shall continue pursuant to the invocation of the pledge and such transferee shall not be eligible to transfer the equity shares till the lock in period stipulated has expired.

(d) Transferability of Locked in Equity Shares:

In terms of Regulation 243 of the SEBI (ICDR) Regulations, 2018 and subject to provisions of Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 as applicable;

- The Equity Shares held by our Promoters and locked in as per Regulation 238 of the SEBI (ICDR) Regulations, 2018 may be transferred to another Promoters or any person of the Promoter's Group or to a new promoter(s) or persons in control of our Company, subject to continuation of lock-in for the remaining period with transferee and such transferee shall not be eligible to transfer them till the lock-in period stipulated has expired.

14. Except for the Equity Shares to be allotted pursuant to the Issue, our Company presently does not intend or propose to alter its capital structure for a period of six months from the Bid/Issue Opening Date, by way of split or consolidation of the denomination of Equity Shares, or by way of further issue of Equity Shares (including issue of securities convertible into or exchangeable, directly or indirectly for Equity Shares), whether on a preferential basis, or by way of issue of bonus Equity Shares, or on a rights basis, or by way of qualified institutional placement, or by way of further public issue of Equity Shares, or otherwise. However,

our Company may further issue Equity shares (including issue of securities convertible into Equity Shares) whether preferential or otherwise after the date of the listing of equity shares to finance an acquisition, merger or joint venture or for regulatory compliance or such other scheme of arrangement or any other purpose as the Board of Directors may deem fit, if an opportunity of such nature is determined by the Board of Directors to be in the interest of our Company.

15. We confirm that there will be no further issue of Equity Shares whether by way of issue of bonus shares, preferential allotment, rights issue or in any other manner during the period commencing from filing of the Prospectus until the Equity Shares have been listed on the Stock Exchanges or all application moneys have been refunded to the Anchor Investors, or the application moneys are unblocked in the ASBA Accounts on account of non-listing, under-subscription etc, as the case may be.
16. Except as disclosed below, none of the members of the Promoter Group, our Promoters, directors of Indrayani Biotech Limited and / or our Directors and their relatives have purchased or sold any securities of our Company during the period of six months immediately preceding the date of this Prospectus.

17. There have been no financing arrangements whereby our Promoters, members of the Promoter Group, directors of Indrayani Biotech Limited, our Directors and their relatives have financed the purchase by any other person of securities of our Company during a period of six months immediately preceding the date of this Prospectus.
18. All Equity Shares issued pursuant to the Issue shall be fully paid-up at the time of Allotment and there are no partly paid-up Equity Shares as on the date of this Prospectus.
19. As on the date of this Prospectus, the BRLM, their associates, as defined under the SEBI Merchant Bankers Regulations, do not hold any Equity Shares. The BRLM, their associates may engage in the transactions with and perform services for our Company in the ordinary course of business or may in the future engage in commercial banking and investment banking transactions with our Company for which they may in the future receive customary compensation.
20. Our Company shall ensure that any transaction in the Equity Shares by our Promoters and the members of the Promoter Group during the period between the date of this Prospectus and the date of closure of the Issue shall be reported to the Stock Exchanges within 24 hours of such transaction.
21. Our Company has not raised any bridge loan against the proceeds of this Issue. However, depending on business requirements, we may consider raising bridge financing facilities, pending receipt of the Net Proceeds.
22. Our Company, the Promoters, our Directors and the BRLM have no existing buyback arrangements or any other similar arrangements for the purchase of Equity Shares being offered through the Issue.
23. We have 71 shareholders as on the date of filing of this Prospectus.

24. There are no warrants, options or rights to convert debentures, loans or other instruments convertible into our Equity Shares, or instruments which would entitle any person any option to receive Equity Shares as on the date of this Prospectus.
25. An over-subscription to the extent of 1% of the Issue, can be retained for the purpose of rounding off to the nearest integer during finalizing the allotment, subject to minimum allotment, which is the minimum application size in this Issue. Consequently, the actual allotment may go up by a maximum of 1% of the Issue, as a result of which, the post-issue paid up capital after the Issue would also increase by the excess amount of allotment so made. In such an event, the Equity Shares held by the Promoters and subject to 3 year lock- in shall be suitably increased; so as to ensure that 20% of the post Issue paid-up capital is locked in.
26. Under-subscription, if any, in any category, except in the QIB Portion, would be allowed to be met with spill over from any other category or a combination of categories at the discretion of our Company, in consultation with the BRLM and the Designated Stock Exchange. Such inter-se spill over, if any, would be effected in accordance with applicable laws, rules, regulations and guidelines. Under-subscription, if any, in the QIB Category will not be allowed to be met with spill over from any category or combination thereof;
27. In case of over-subscription in all categories the allocation in the issue shall be as per the requirements of Regulation 253 of SEBI (ICDR) Regulations, 2018 and its amendments from time to time.
28. As on date of the Prospectus, other than the Equity Shares, there is no other class of securities issued by our Company and all Equity Shares are ranked pari-passu in all respect.
29. As per RBI regulations, OCBs are not allowed to participate in this Issue.
30. There are no Equity Shares against which depository receipts have been issued
31. There are no safety net arrangements for this public Issue.
32. No person connected with the Issue, including, but not limited to, the BRLMs, the members of the Syndicate, our Company, our Directors, our Promoters, members of our Promoter Group or Group Companies, shall offer or make payment of any incentive, whether direct or indirect, in the nature of discount, commission and allowance, except for fees or commission for services rendered in relation to the Issue, in any manner, whether in cash or kind or services or otherwise, to any Bidder for making a Bid.
33. Our Company shall comply with such disclosure and accounting norms as may be specified by the designated stock exchange, SEBI and other regulatory authorities from time to time
34. In terms of Rule 19(2)(b)(i) of the Securities Contracts (Regulation) Rules, 1957, as amended, (the SCRR) the Issue is being made for at least 25% of the post-issue paid-up Equity Share capital of our Company. Further, this Issue is being made in terms of Chapter IX of the SEBI (ICDR) Regulations, 2018, as amended from time to time.
35. There shall be only one denomination of the Equity Shares, unless otherwise permitted by law.
36. Our Promoters and the members of our Promoter Group will not participate in the Issue.

SECTION VII – PARTICULARS OF THE ISSUE

OBJECTS OF THE ISSUE

The Issue constitutes public Issue of 64,50,000 Equity Shares having face value of ₹ 10 each of our Company at an Issue Price of ₹ 54/- per Equity Share.

FRESH ISSUE

The Issue Proceeds from the Fresh Issue will be utilized towards the following objects:

1. Capital Expenditure
2. Working Capital Requirements
3. General Corporate Purposes

(Collectively referred as the “objects”)

We believe that listing will enhance our corporate image and visibility of brand name of our Company. We also believe that our Company will receive the benefits from listing of Equity Shares on the SME Platform of BSE Limited (“BSE SME”). It will also provide liquidity to the existing shareholders and will also create a public trading market for the Equity Shares of our Company.

We are primarily engaged in processing of milk proteins, dairy ingredients and infant milk formulae including, milk protein concentrates, skimmed milk powder, dairy whitener, whey powder, milk whey powder, acid casein, sodium caseinate, fat filled powders and infant milk powders. Our processing facility is situated at Dindigul and is spread over 15 acres. Our management system has been assessed and determined to comply with the requirements of FSSC 22000. We also follow and comply with various other requirements like FSSAI, Halal, Kosher, APEDA, Export Import Council of India, Europe Regulations for Casein.

The main objects and objects incidental and ancillary to the main objects, as set out in our Memorandum of Association, enable our Company to undertake our existing business activities and the activities for which funds are being raised by us through the Fresh Issue. We confirm that the activities which we have been carrying out till date are in accordance with the objects clause of our Memorandum of Association.

REQUIREMENT OF FUNDS

The proceeds of the Issue, after deducting Issue related expenses, are estimated to be ₹ 3,163.00 Lakhs (the “**Net Issue Proceeds**”).

The following table summarizes the requirement of funds:

Particulars	Amount (₹ in Lakhs)
Gross Issue Proceeds	3,483.00
Less: Public Issue Related Expenses	320.00
Net Issue Proceeds	3,163.00

UTILIZATION OF NET ISSUE PROCEEDS

The Net Issue Proceeds will be utilized for following purpose:

Sr. No.	Particulars	Amount (₹ in Lakhs)	% of Gross Issue Proceeds
1.	Funding Capital Expenditure	1,212.33	34.81
2.	Working Capital Requirements	1,384.00	39.74
3.	General Corporate Purposes	566.67	16.27
Net Issue Proceeds		3,163.00	90.81

MEANS OF FINANCE

We intend to finance our Objects of the Issue through Issue Proceeds which are as follows:

(₹ in Lakhs)

Sr. No.	Particulars	Amount Required (₹ in Lakhs)	From IPO Proceeds	Internal Accruals / Equity / Reserves	Balance from Long/Short Term Borrowing
1.	Funding Capital Expenditure	1,212.33	1,212.33	0	0

4.	Public Issue Expenses	320.00	320.00	0	0
Total		4,411.02	3,483.00	434.69	493.34

Accordingly, we confirm that we are in compliance with the requirement to make the firm arrangement of finance under Regulation 230(1) (e) of the SEBI ICDR Regulations and Clause 9 (C) of Part A of Schedule VI of the SEBI ICDR Regulations (which requires firm arrangements of finance through verifiable means for 75% of the stated means of finance, excluding the Issue Proceeds and existing identifiable internal accruals).

The fund requirement and deployment is based on internal management estimates and has not been appraised by any bank or financial institution. These are based on current conditions and are subject to change in the light of changes in Internal / external circumstances or costs or other financial conditions and other factors. In case of any increase in the actual utilization of funds earmarked for the Objects, such additional funds for a particular activity will be met by way of means available to our Company, including from internal accruals. If the actual utilization towards any of the Objects is lower than the proposed deployment such balance will be used for future growth opportunities including funding existing objects, subject to regulatory approval required under applicable law. In case of delays in raising funds from the Issue, our Company may deploy certain amounts towards any of the above-mentioned Objects through a combination of Internal Accruals or Unsecured Loans (Bridge Financing) and in such case the Funds raised shall be utilized towards repayment of such Unsecured Loans or recouping of Internal Accruals. However, we confirm that no bridge financing has been availed as on date, which is subject to being repaid from the Issue Proceeds.

We further confirm that no part proceed of the Issue shall be utilized for repayment of any Part of unsecured loan outstanding as on date of Prospectus. As we operate in competitive environment, our Company may have to revise its business plan from time to time and consequently our fund requirements may also change. Our Company's historical expenditure may not be reflective of our future expenditure plans. Our Company may have to revise its estimated costs, fund allocation and fund requirements owing to various factors such as economic and business conditions, increased competition and other external factors which may not be within the control of our management. This may entail rescheduling or revising the planned expenditure and funding requirements, including the expenditure for a particular purpose at the discretion of the Company's management.

For further details on the risks involved in our business plans and executing our business strategies, please refer section titled "Risk Factors" beginning on Page No. 28 of this Prospectus.

	FY20-21	FY21-22	FY22-23	23-Dec-23	FY23-24	FY24-25	
Trade Payables	17.93	12.06	3.63	4.21	4.45	0.50	Trade payables are amounted to be paid to suppliers by company for purchase of raw material. Our Company has estimated average trade payable cycle to be 0.50 Months for FY 2024-25 which are less compared to previous years since In previous years, Company was purchasing Raw material from its group company which allowed company a higher credit period and for which credit Interest was charged by Group company. Since Company started generating internal accruals. Consequently, it will decrease its holding period as well as it will save on Finance Cost charged by group company for additional credit.

Note:

1. Holding period level (in months) of Trade Receivables is calculated by dividing Closing trade receivables by revenue from operations multiplied by number of months in the year/period.
2. Holding period level (in months) of Finished Goods & WIP is calculated by dividing Closing Finished Goods & WIP by Cost of Material Consumed multiplied by number of months in the year/period.
3. Holding period level (in months) of Raw Material is calculated by dividing Closing Raw Material by Purchase of Raw Material multiplied by number of months in the year/period.
4. Holding period level (in days) of Trade Payables is calculated by dividing average trade payables by Cost of Material Consumed multiplied by number of months in the year/period.

Apart from above there are other working capital requirements such as Cash and Cash Equivalents, Other Current assets, loans and advances, short term provisions and other current liabilities. Details of which are given below:

Cash and Cash Equivalents	Cash and cash equivalents include cash in hand and balance in current account. Cash and Cash Equivalent balance is estimated based on previous

GLOBAL OUTLOOK

The global economy remains in a precarious state amid the protracted effects of the overlapping negative shocks of the pandemic, the Russian Federation’s invasion of Ukraine, and the sharp tightening of monetary policy to contain high inflation. The resilience that global economic activity exhibited earlier this year is expected to fade. Growth in several major economies was stronger than envisaged at the beginning of the year, with faster-than-expected economic reopening in China and resilient consumption in the United States. Nonetheless, for 2023 as a whole, global activity is projected to slow, with a pronounced deceleration in advanced economies and a sizable pickup in China (figure 1.1.A). Inflation pressures persist, and the drag on growth from the ongoing monetary tightening to restore price stability is expected to peak in 2023 in many major economies. Recent banking sector stress will further tighten credit conditions. This will result in a substantial growth deceleration in the second half of this year. This slowdown will compound a period of already-subdued growth—over the first half of the 2020s (2020-2024), growth in EMDEs is expected to average just 3.4 percent, one of the weakest half-decades of the past 30 years (figure 1.1.B). This slowdown reflects both cyclical dynamics and the current trend of declining global potential output growth (figure 1.1.C).

Global financial conditions have tightened as a result of policy rate hikes and, to a lesser extent, recent bouts of financial instability. Many banks experienced substantial unrealized losses due to the sharp rise in policy interest rates. Concerns about the viability of balance sheets of some banks led to depositor flight and market volatility in the United States and Europe earlier in the year, which were stemmed by a swift and extensive policy response. Financial markets remain highly sensitive to evolving expectations about the future path of interest rates of major central banks. Spillovers from banking turmoil in advanced economies to EMDEs have so far been limited. However, countries with more pronounced macroeconomic policy vulnerabilities, as reflected by lower credit ratings, have experienced slower growth and greater financial stress, including large currency depreciations and a sharp widening of sovereign spreads. Projections for 2023 growth in these economies have fallen by more than half over the past year (figure 1.1.D).

FIGURE 1.1 Global prospects

The global economy is projected to slow substantially this year, with a pronounced deceleration in advanced economies. The first half of the 2020s is expected to be one of the weakest half-decades of the past 30 years for emerging market and developing economies (EMDEs), as a result of both cyclical dynamics and slowing potential growth. EMDEs with lower credit ratings are set to experience a particularly sharp slowdown this year. Inflation remains elevated in many countries and is envisaged to remain above pre-pandemic levels beyond 2024. Excluding China, EMDEs are expected to make next to no progress at closing the gap in per capita incomes with advanced economies over the forecast horizon.

D. Comparison of GDP-weighted growth across editions of the Global Economic Prospects report, by credit ratings. Sample includes 9 Aa-A, 62 Baa-B, and 25 Caa-C EMDEs.

Global inflation is projected to gradually edge down as growth decelerates, labor demand in many economies softens, and commodity prices remain stable. The slow pace of improvement means that core inflation is expected to remain above central bank targets in many countries throughout 2024.

Global Trade

Global goods trade growth slowed in the first half of 2023 in tandem with weakening global industrial production. Services trade, by contrast, continued to strengthen following the easing of pandemic-induced mobility restrictions. International tourist arrivals are expected to approach 95 percent of 2019 levels in 2023, an increase from 63 percent in 2022 (UNWTO 2023).

Pressures on global supply chains have abated as goods demand has weakened and global shipping conditions have improved (figure 1.3.A). The global supply chain pressures index and suppliers' delivery times reached their lowest levels in almost four years in the first half of 2023 and are expected to remain low.

During the pandemic, trade growth was supported by a shift in the composition of demand toward tradable goods and away from services, which are less trade-intensive. The gradual rotation of demand back to its pre-pandemic composition is now slowing trade growth—as is the fact that the recovery in China is expected to be predominantly driven by services, which will limit positive spillovers to its trading partners through demand for

goods and commodities. The growing number of restrictive trade measures reflects a rising degree of geopolitical tensions and attempts by some major economies to follow more inward-looking policies (figure 1.3.B). In the longer term, this will likely reshape global supply chains and increase trade costs (EBRD 2023; Góes and Bekkers 2022).

Together, these factors are expected to further reduce the responsiveness of global trade to changes in output—responsiveness that had already declined in the 2010s relative to previous decades (figure 1.3.C; Kose and Ohnsorge 2023a). Against this backdrop, global trade growth is forecast to slow from 6 percent in 2022 to 1.7 percent in 2023 (figure 1.3.D). As global consumption returns to its pre-pandemic mix between goods and services, trade is expected to recover to 2.8 percent in 2024, only slightly stronger than GDP growth. The trade outlook is subject to various downside risks, including weaker-than-expected global demand, tighter global financial conditions, worsening trade tensions between major economies, mounting geopolitical uncertainty, and a further rise in protectionist measures (Aiyar et al. 2023; Metivier et al. 2023)

Global Scenario

Post Covid-19-induced disruptions, global trade prospects have improved in FY22. Global trade exhibited resilience in the first half (H1) of 2022, notwithstanding the headwinds from the Russia-Ukraine conflict. Robust merchandise imports – emerging primarily from Europe, the United States, and parts of the developing world supported the growth of merchandise trade in H12022. This partially reflected pent-up demand relating to the legacy of the pandemic-driven spending shift from services towards goods that were constrained earlier because of the supply bottlenecks. Other factors contributing to the trend were the appreciation of the dollar in the case of the United States, the relative dynamism of intra-regional trade in Europe, and favourable terms-of-trade effects in some large emerging economies due to elevated energy prices.⁴ The global trade volume grew by 4.8 per cent in H12022, on top of an impressive recovery of 9.7 per cent in 2021, as per the World Trade Organisation (WTO) statistics. The global merchandise trade in value terms rose year-on-year (YoY), by 22.2 per cent in 2021, reversing the deceleration observed in the previous three years. During the H1 of 2022, the trade-in value terms grew by 32 per cent compared to the corresponding period of 2019.

FIGURE 1.3 GLOBAL TRADE

Supply chain pressures and supplier delivery times have dropped back to pre-pandemic levels as goods demand has weakened and global shipping conditions have improved. A rising number of new trade measures have been protectionist. The ongoing shift in global consumption toward less trade-intensive goods will likely continue to lower the growth rate of trade relative to output. This shift and subdued demand are expected to dampen global trade growth substantially this year.

A. Figure shows manufacturing Purchasing Managers' Index (PMI) suppliers' delivery times and the Global Supply Chain Pressure Index (GSCPI). Data for delivery times are inverted by subtracting data from 100; therefore, increasing (decreasing) PMI data indicate slower (faster) delivery times. GSCPI is normalized such that zero indicates the average value for January 1998-April 2023, while positive (negative) values represent how many standard deviations the index is above (below) the average. Last observation is April 2023.

B. Figure shows the number of implemented trade policy interventions since November 2008. Restrictive (liberalizing) measures are interventions that discriminate against (benefit) foreign commercial interests. Last observation is May 24, 2023.

C. Bars indicate annual average growth. Global output growth is real GDP growth computed as a weighted average at 2010-19 average prices and exchange rates. Trade growth is the average growth of import and export volumes.

D. Trade is measured as the average of export and import volumes. "June 2023" and "January 2023" refer to the forecasts presented in the respective editions of the *Global Economic Prospects* report.

Global Inflation

Inflation remains above target in almost all inflation-targeting economies. Median headline global inflation stood at 7.2 percent year-on-year in April, down from a peak of 9.4 percent in July 2022. This deceleration largely reflects favorable base effects from commodity prices falling below their 2022 peaks, along with abating supply chain pressures. Moderating energy prices help explain global inflation being somewhat softer in the first quarter of 2023 than previously anticipated. However, recent core inflation measures suggest the disinflation that started last year has made only halting progress. Across EMDEs, three-month median core inflation has decelerated somewhat in recent months, while it has picked up in advanced economies (figure 1.5.A). Amid these developments, global inflation is envisaged to remain further above its 2015-19 average than was expected in January, and for a longer period (figure 1.5.B).

With supply chain pressures easing and energy prices declining, excess demand appears to be a key driver of continuing high inflation in advanced economies, though lingering impairments to supply capacity may also still play a role (Bernanke and Blanchard 2023). In Europe, the role of energy prices is particularly important—the pass-through of energy costs into broader prices may be adding to inflation persistence, which could be further exacerbated by the sun setting of fiscal programs that have attenuated price spikes for end-users (Pill 2023). The absence of economic slack may also be increasing the ability of firms and workers to exercise pricing power, such that inflation has become more responsive to economic activity (Borio et al. 2023; Gagnon and Sarsenbayev 2022).

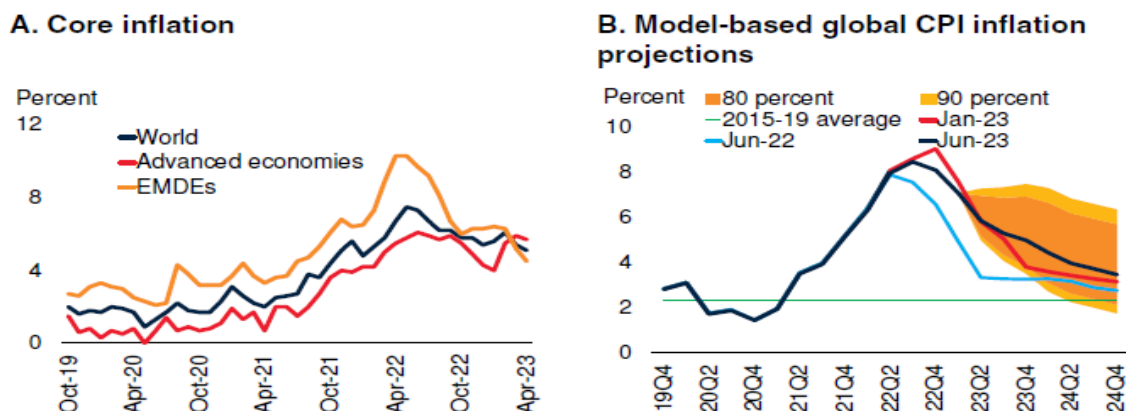

In some advanced economies, particularly the euro area, market-derived measures of long-term inflation compensation have moved up since last year, despite a decline in oil prices, with which they have been correlated in the past (figure 1.5.C; Elliot et al. 2015). This could signal greater risks of inflation remaining above target, but may also reflect increased inflation risk aversion among market participants (Böninghausen, Kidd, and de Vincent Humphreys 2018; Lane 2023). Consumer surveys indicate that medium-term inflation expectations in the United States and the euro area have been fairly stable in 2023.

In many EMDEs, inflation is either accelerating once again or has stabilized at high levels (figure 1.5.D). Some common responses to recent shocks, including (tacit or explicit) indexation of wages to inflation and increases in untargeted fossil fuel subsidies, may have added to generalized inflation pressures (IEA 2023b). A protracted period of high inflation could be especially challenging for EMDEs, where inflation expectations are generally less stable than in advanced economies and more influenced by current inflation rates (Kamber, Mohanty, and Morley 2020). Consensus-derived expectations for EMDE inflation one-year-ahead moved up substantially as inflation initially picked up, but declined more slowly as inflation decelerated last year.

The distribution of short-term inflation forecasts across EMDEs has also widened markedly, with double-digit inflation expected in more than a quarter of EMDEs (figure 1.5.E). Long-term forecasts suggest that EMDEs with inflation targeting central banks may have an advantage in durably bringing inflation down. Five years ahead, only one-in-twenty inflation-targeting EMDEs is projected to have inflation more than 1 percentage point above 2010-19 average levels, compared with about one-in-six non-inflation-targeting EMDEs (figure 1.5.F).

FIGURE 1.5 Global Inflation

Global core inflation remains elevated. Projections suggest inflation will continue to be above its pre-pandemic level beyond 2024. Market-based measures of long-term inflation compensation in advanced economies remain above 2 percent, despite a decline in oil prices. In many emerging market and developing economies (EMDEs), inflation is either accelerating or has stabilized at high levels. One-year-ahead EMDE inflation expectations have declined only slightly. Longer-term projections point to a faster decline in inflation in countries with inflation targets.

EMERGING MARKET AND DEVELOPING ECONOMIES

EMDE growth is expected to pick up in 2023 almost entirely due to China’s economic reopening. Excluding China, growth in EMDEs is set to slow markedly. A protracted period of tight domestic monetary policy, fiscal consolidation, and weak external demand will curb growth in many EMDEs. Although advanced-economy banking stress has so far not translated to EMDE financial sectors, the effects of more restrictive global financial conditions will remain a headwind to growth, particularly for EMDEs with weaker credit ratings. In LICs, domestic vulnerabilities, increased fragility, and persistently high poverty rates, will continue to weigh on economic recoveries.

INDIAN ECONOMY

India’s economic growth in FY23 has been principally led by private consumption and capital formation. It has helped generate employment as seen in the declining urban unemployment rate and in the faster net registration in Employee Provident Fund. Still, private capex soon needs to take up the leadership role to put job creation on a fast track. Recovery of MSMEs is proceeding apace, as is evident in the amounts of Goods and Services Tax (GST) they pay, while the Emergency Credit Linked Guarantee Scheme (ECLGS) is easing their debt servicing concerns. The Mahatma Gandhi National Rural Employment Guarantee Scheme (MGNREGS) has been directly providing jobs in rural areas and indirectly creating opportunities for rural households to diversify their sources of income generation. Schemes like PM-Kisan and PM Garib Kalyan Yojana have helped in ensuring food security in the country, and their impact was also endorsed by the United Nations Development Programme (UNDP)¹. The results of the National Family Health Survey (NFHS) also show improvement in rural welfare indicators from FY16 to FY20, covering aspects like gender, fertility rate, household amenities, and women empowerment.

India’s Economic Resilience and Growth Drivers

Monetary tightening by the RBI, the widening of the CAD, and the plateauing growth of exports have essentially been the outcome of geopolitical strife in Europe. As these developments posed downside risks to the growth of the Indian economy in FY23, many agencies worldwide have been revising their growth forecast of the Indian economy downwards. These forecasts, including the advance estimates released by the NSO, now broadly lie in the range of 6.5-7.0 per cent. Despite the downward revision, the growth estimate for FY23 is higher than for almost all major economies and even slightly above the average growth of the Indian economy in the decade leading up to the pandemic. IMF estimates India to be one of the top two fast-growing significant economies in 2022. Despite strong global headwinds and tighter domestic monetary policy, if India is still expected to grow between 6.5 and 7.0 per cent, and that too without the advantage of a base effect, it is a reflection of India’s underlying economic resilience; of its ability to recoup, renew and re-energise the growth drivers of the economy.

Figure I.17: India growth projections by various agencies for FY23

Source: Various Agencies

Note: ADB stands for Asian Development Bank, IMF is International Monetary Fund

India's economic resilience can be seen in the domestic stimulus to growth seamlessly replacing the external stimuli. The growth of exports may have moderated in the second half of FY23. However, their surge in FY22 and the first half of FY23 induced a shift in the gears of the production processes from mild acceleration to cruise mode. Manufacturing and investment activities consequently gained traction. By the time the growth of exports moderated, the rebound in domestic consumption had sufficiently matured to take forward the growth of India's economy. Private Consumption as a percentage of GDP stood at 58.4 per cent in Q2 of FY23, the highest among the second quarters of all the years since 2013-14, supported by a rebound in contact-intensive services such as trade, hotel and transport, which registered sequential growth of 16 per cent in real terms in Q2 of FY23 compared to the previous quarter.

Although domestic consumption rebounded in many economies, the rebound in India was impressive for its scale. It contributed to a rise in domestic capacity utilisation. Domestic private consumption remains buoyant in November 2022, as indicated by Motilal Oswal's Economic Activity Index. The index estimates that private consumption grew at a five-month high pace of 5.6 per cent YoY, driven by auto sales and broad-based expansion of services.

MACROECONOMIC AND GROWTH CHALLENGES IN THE INDIAN ECONOMY

The impact of the pandemic on India was seen in a significant GDP contraction in FY21. The following year, FY22, the Indian economy started to recover despite the Omicron wave of January 2022. This third wave did not affect economic activity in India as much as the previous waves of the pandemic did since its outbreak in January 2020. Mobility enabled by localised lockdowns, rapid vaccination coverage, mild symptoms and quick recovery from the virus contributed to minimising the loss of economic output in the January-March quarter of 2022. Consequently, output in FY22 went past its pre-pandemic level in FY20, with the Indian economy staging a full recovery ahead of many nations. The experience with the Omicron variant engendered a cautious optimism that it was possible to stay physically mobile and engage in economic activities despite the pandemic. FY23 thus opened with a firm belief that the pandemic was rapidly on the wane and that India was poised to grow at a fast pace and quickly ascend to the pre-pandemic growth path.

INDIA'S PROSPECTS AS A KEY PLAYER IN THE GLOBAL VALUE CHAIN

The risk of supply chain shocks has never been more palpable than today, following compounding crises from the US-China trade war, the Covid-19 pandemic, and the war in Ukraine. In this fast-evolving context, as global companies adapt their manufacturing and supply chain strategies to build resilience, India has a unique opportunity to become a global manufacturing hub this decade. The three primary assets to capitalise on this unique opportunity are the potential for significant domestic demand, the Government's drive to encourage manufacturing, and a distinct demographic edge, including a considerable proportion of the young workforce. The manufacturing sector in India is gradually shifting to more automated and process-driven manufacturing, which is expected to increase efficiency and boost the production of the industry. The 'Make-in-India' Initiative was launched in 2014 to make India a hub for manufacturing, design, and innovation. Since then, it has facilitated investment, fostered innovation and built world-class infrastructure.

DAIRY INDUSTRY

OVERVIEW

The Dairy sector in India has grown substantially over the years. As a result of prudent policy interventions, India ranks first among the world's milk producing nations, achieving an annual production of 221.06 million tonnes during the year 2021-22 as compared to 209.96 million tonnes during 2020-21 recording a growth rate of 5.29%. FAO Food Outlook (November 2022) reported 1.34% increase in world milk production from 912.6 million tonnes in 2020 to 924.8 million tonnes in 2021 (estimates). This represents a sustained growth in the availability of milk and milk products for the growing population.

Note: Projected Population as on 1st March 2011-2021 based on census of India-2011 of RGI, India

Dairying has become an important secondary source of income for millions of rural families and has assumed the most important role in providing employment and income generating opportunities particularly for women and marginal farmers. The per capita availability of milk has reached a level of 444 grams per day during the year 2021-22 which is more than the world average of around 320 grams per day in 2021 (estimates) (Food Outlook Nov'22). Most of the milk in the country is produced by small, marginal farmers and landless labourers.

The per capita availability of milk has reached a level of 444 grams per day during the year 2021-22 which is more than the world average of around 320 grams per day in 2021 (estimates) (Food Outlook Nov'22). Most of the milk in the country is produced by small, marginal farmers and landless labourers.

SHARE OF MILK PRODUCTION AND SUPPLY

India, about 46% of the milk produced is either consumed at the producer level or sold to nonproducers in the rural area, the balance 54% of the milk is available for sale to organised and unorganised players. Organised sector comprise of Government, Producers' Owned Institutions (Milk Cooperatives & Producer Companies) and Private players which provides fair and transparent system of milk collection round the year at the village level. Unorganized/informal sector involves local milkman, dudhias, contractors etc. and they are mostly found to be opportunistic, as there is no uniformity of milk price paid to producers and it varies depending upon the situation. Possibility of adulteration of milk is higher among these unorganized groups. In the areas where competition is high and presence of formal sector is strong, they generally give higher prices and at the same time, they don't offer remunerative prices to the producers where organized sector is not present.

DEMAND

The drivers of demand for milk in India are - population growth, urbanisation and increasing per capita income. The consumption of milk has been rising, commensurate with the increase in purchasing power of people, changing food habits & lifestyles and demographic growth. Milk with its varied benefits is the only source of animal protein for the largely vegetarian population of the country. Further, factors such as increased consumer interest in high protein diets and increasing awareness & availability of dairy products through channels such as organised retail chain are also driving this growth.

The milk consuming population has been consistently rising in the country both in rural and urban areas. According to Consumer Expenditure Survey (CES, 2011-12) of NSSO, about 78% and 85% of rural and urban population respectively reported consumption of milk in the country. The growth in above factors indicates that the demand for milk & milk products will rise consistently in future.

The total size of dairy market was about Rs. 13.17 lakh crore in 2021. The dairy market has been growing at about 15 % per annum during last 15 years and is expected to reach a market size of about Rs. 30.84 lakh crore by 2027 as per International Market Analysis and Consulting Services Private Ltd. (IMARC) 2021 report. The liquid milk market represents about half of the total dairy market in the country.

It is projected that market for liquid milk will grow by about 16% during next 5-6 years while for products like cheese, flavoured milk, lassi, butter milk, whey and organic milk will grow at more than 20 % per annum. The annual growth of other traditional dairy products like paneer, ghee, ice-cream, khoa, curd, etc. would be in the range of 11 % to 20%. In terms of volume, the total household consumption of milk and milk products was 16.1 crore tonnes. This is expected to grow to 26.7 crore tonnes by 2030.

Milk production in the country in 2021-22 has been estimated at about 22 crore metric tonnes registering a growth of 6% per annum during last 5 years. The per capita availability of milk has reached to 444 grams per day in 2021-22. The milk production is estimated to reach about 30 crore tonnes by 2030 as per NITI Aayog report. Therefore, strengthening of dairy processing infrastructure is required for catering to the growing dairy market in the country.

ROLE OF DAIRY DIVISION

- Increase in livestock production and productivity and increasing share of organised sector through improvement in procurement, processing and marketing of milk and milk products.
- Trade policy relating to milk & milk products.
- Monitoring of milk situation and Policy decisions to maintain supply of milk & milk products to the consumers and reasonable prices for milk to the milk producers.
- Approval of schemes/projects, review of progress, re-appropriation of physical & financial targets, audit and inspection, scheme/project governance, signing of loan agreements with external/ domestic agencies, hedging liability, repayment of external loans etc.
- Quality improvement of milk and milk products in compliance to FSSAI Act.
- Formulation of national action plan and policy for implementation.
- Collection and updation of requisite data for suitable policy interventions

MILK SCENARIO

Domestic:

The average milk procurement during the month of November, 2022 was about 5.45% higher while liquid milk sale was about 8.37% higher when compared to November 2021. During November 2022, the stock of Skimmed Milk Powder (SMP) in cooperative sector is lower by about 55% and the stock of white butter decreased by about 78%. This scenario is mainly due to decreased procurement of milk and higher sales reported by Dairy Federation/Cooperatives.

Achievements made under Dairy Development Sector during last two years

India is the largest producer of milk and contributes 24% of the World's total milk production. The progress of dairying during the last two years viz. 2020-21 in comparison to 2021-22 is as follows:

Parameters	Year (2020-21)	Year (2021-22)	% Growth
India's milk production (MMT) [Cumulative annual growth rate(CAGR)]	209.9	221.06	5.29
World milk production (MMT)* [Cumulative annual growth rate(CAGR)]	912.6 (2020)	924.8 (2021)	1.34
India's Per capita Availability (grams/day)[Cumulative annual growth rate(CAGR)]	427	444	3.98

**Source- Food Outlook Nov ' 2022*

World:

World milk production is forecast to reach 929.9 million tonnes in 2022, 1.5 percent higher than in 2021, with anticipated output expansions in all regions, led by Asia and North America. Rising dairy cattle numbers, farm productivity improvements and investments are driving the increase in Asia, especially in India, China and Pakistan.

IMPORTANT POLICY DECISIONS TAKEN AND MAJOR ACHIEVEMENTS DURING THE MONTH OF OCTOBER, 2023 BY MINISTRY OF FISHERIES, ANIMAL HUSBANDRY AND DAIRYING

Cattle & Dairy Development:

Under National Programme for Dairy Development(NPDD), 4 projects (Two in Gujarat and one each in Jharkhand and Tamilnadu) with the total outlay of ₹ 232.37 crore (Central Share of ₹ 157.84 crore) have been

approved by project Sanctioning Committee under the Chairpersonship of Secretary, AHD on 13.10.2023 primarily for establishment of Bulk Milk Coolers (BMCs), Automatic Milk Collection Units (AMCU), Milk Adulteration Detection Machines, at primarily level dairy cooperatives, Strengthening of dairy plant laboratories and assistance for Information and Communication Technology Nnetworking.

BUSINESS OVERVIEW

Some of the information contained in the following discussion, including information with respect to our plans and strategies, contain forward-looking statements that involve risks and uncertainties. You should read the section “Forward-Looking Statements” for a discussion of the risks and uncertainties related to those statements and also the section “Risk Factors” for a discussion of certain factors that may affect our business, financial condition, or results of operations. Our actual results may differ materially from those expressed in or implied by these forward-looking statements. Our fiscal year ends on March 31 of each year, so all references to a particular fiscal are to the twelve-month period ended March 31 of that year. In this section, a reference to the “Company” or “we”, “us” or “our” means Dindigul Farm Product Limited.

All financial information included herein is based on our “Restated Financial information” included on page 178 of this Prospectus.

Overview

Established in 2010, we are primarily engaged in processing of whole milk and skimmed milk to make dairy ingredients including, milk protein concentrates, skimmed milk powder, dairy whitener, whey protein concentrate, milk whey powder, casein, unbranded cream, butter and fat filled powders for infant milk formula. Our processing facility is situated at Dindigul and is spread over 15 acres. Our management system has been assessed and determined to comply with the requirements of FSSC 22000. We also follow and comply with requirements of various relevant authorities in our industry such as FSSAI, Halal, Kosher, Export Import Council of India, Europe Regulations in respect of certain of our products. We have also obtained registration cum membership certificate from APEDA.

Our procurement operations consist of an average procurement of approximately 50,000 litres per day of milk directly from farmers and around 30,000-1,00,000 litres per day of whole milk from open market or third-party suppliers. As on the date of the RHP, we have built a network of more than 150 village collection centers, with direct access to more than 4,000 farmers and more than 50 dairy farms. We procure whole milk either directly from the farmers and through third party suppliers. The skimmed milk is procured by us from third party suppliers, majorly from our Group Company A R Dairy Food Private Limited.

We place significant emphasis on quality control and assurance processes across the business model ensuring and setting the right customer expectation and assurance models. The whole milk procured by us is tested by automatic Milk analysers placed at Village Level Milk Collection centers and a combined quality and sampling methods at Chilling Center Level. Our key products have received and tested in regular intervals by NABL approved food testing labs to comply the requirements of the above stated quality certifying / assuring / inspection authorities Like FSSC etc. Quality food safety forms a part of our policy and we believe is one of the main drivers of our business. We have well defined documented quality system and Standard Operating procedures (SOPs) which is monitored at various stages of procurement and processing.

We market our products under the brand name ENNUTRICA, Activday and currently supply to a wide number of customers from different industries. For financial year 2022-23, we have sold products in more than 15 states domestically and 3 countries internationally. However, we aim to expand our international operations by looking to enter more ASEAN and European countries. We mainly supply products to Dairy Industry, Food Ingredients industry, nutrition industry, dairy industry, ice cream industry and baking industry.

Our Chairman & Managing Director has over 20 years of experience in dairy industry which have been instrumental in the growth of our Company. Our Board is supplemented by our senior and middle-level management team members. We believe that the knowledge and experience of our senior and middle-level management team in the dairy business provides us with a significant competitive advantage as we seek to grow our business. We have participated as a Deciding Member and / or panel Member in Several Nutrition summits. We are also a Key Partner working with FSSAI in making the Regulation for FSSAI with respect to Milk protein Concentrates.

Competitive Strengths

We believe that we have the following competitive strengths:

Diverse product basket

We currently manufacture a variety of products. Our diverse product offering allows us to cater to the increasing requirements of our customers in various industries. We are marketing our products under the brand name “ENNUTRICA” and ActivDay and our Milk Protein Concentrates, Casein, Skimmed Milk powder, Whey Powder, Dairy Whitener and Sodium Caseinates are mainly used in nutrition industry, dairy industry, ice cream industry and baking industry. Our relationships and ongoing active engagements with customers also allow us to plan our capital expenditures and enhance our ability to benefit from increasing economies of scale with stronger purchasing power for raw materials and a lower cost base. In addition, we are building an international customer base, primarily in the Europe and ASEAN segment. We are also proposing to expand our product portfolio by installing machineries for butter manufacturing and adding value to our customers through adding white label infant milk formulas and our B2C brand ActivDay manufacturing customised solutions for all age groups.

Milk procurement process

Whole milk is one of our key raw materials for our business. Our procurement operations consist of an average procurement of approximately 50,000 litres per day of milk directly and around 30,000-1,00,000 litres per day of whole milk from open market or third party suppliers. As on the date of the RHP, we have built a network of more than 150 village collection centers, access to more than 4,000 farmers and more than 50 dairy farms. We procure whole milk directly from the farmers and through third party suppliers. We believe that a robust raw milk procurement process is essential for our business to consistently procure quality whole milk for our operations. Further our another key raw material is skimmed milk, which is majorly procured by us from our Group Company, A R Dairy Food Private Limited. Our geographical raw material procurement strategy gives us an edge when raw material quality is considered giving us a better vantage point in domestic markets.

Manufacturing Facility

Our manufacturing infrastructure is a key driver of our business. Our current facility is situated at Dindigul and spread over more than 15 acres. Our processing facility is equipped with machinery and equipment like Micro Filtration, Ultra Filtration, Nano Filtration, reverse Osmosis, Evaporation, Crystallization and Drying processes and Pasteurization Techniques as followed by the International standards for Dairy processing. We have sourced some of our key machineries from international reputed dairy technology brands. We further intends to start with production line of Butter with our planned capital investment. For details, kindly refer “Objects of the Issue: on page 86. We maintain an ongoing audit system, including both internal and external audits, designed to help identify, mitigate risks and ensure quality expectation for our consumers / customers. We have a capacity of 3 lakh litres per day Effluent Treatment system and 3 Lakh litres per day water treatment facility to enable us to recycle 50 % of the water content from milk.

Quality Assurance and Standards

We are committed towards quality and food safety of our products. Our determination towards quality and food safety is demonstrated by well-defined quality, food safety procedures and our standard operating procedures at various stages from procurement to distribution of our products. We have well defined documented quality control and assurance system, which is monitored at various stages of procurement and processing. We conduct monthly mock audits, and follow the various assurance programs recommended by the relevant quality systems including surprise audits from different organizations like BIS, FSSAI, FSSC Auditing authorities. Our management system has been assessed and determined to comply with the requirements of FSSC 22000. Our various products have received certifications from FSSAI, EIC, FSSC, HALAL and KOSHER Approval Authorities.

Experienced Promoters and Management Team

We are led by a qualified and experienced management team that has the expertise and vision to manage and grow our business. Our Promoter, R Rajasekaran, is our Chairman and Managing Director and has been involved in the business since 2011. He has an overall experience of more than 20 years in dairy industry. Our Board is supplemented by our senior and middle-level management team members. We believe that the

knowledge and experience of our senior and middle-level management team in the dairy business provides us with a significant competitive advantage as we seek to grow our business. Further, since 2022, our Company has benefited from marquee investors being our Corporate Promoter, Indrayani Biotech Limited who has undertaken a number of initiatives such as, inter alia, formulating a future growth strategy and further strengthening our corporate governance standards. We believe that our management team's experience and their understanding of the industry will enable us to continue to take advantage of both current and future market opportunities.

Our Strategies

Continue to invest in our manufacturing capabilities thereby expanding our offerings

We intend to use a portion of Net proceeds for setting up of butter making line, sodium caseinate line (multi product line which can produce different products at different capacities), we propose to commission a retail packing line which will enable us to move more products in retail chains. We also propose to modify our existing capabilities by commissioning an infant milk retail packing prep line, to capitalise the acquired knowledge and leverage the experience we possess about infant milk powder. Further, we propose to install an Electro Dialysis machine for whey powder which will enable us to provide better compatibility for more products in the market including better compatibility of the products to chocolate, Dairy and Nutrition industry. With the proposed expansion, our technical capabilities shall improve thereby enabling our existing dryers to be on a special task to produce speciality ingredients like flavoured cheese powders, small customized infant milk formula batches, etc. adding more to the product profile and capacities.

Expand our presence across geographies and diversify our customer base

We propose to enter into new geographies domestically and increase our marketing and sales team which can focus on different regions and also maintain and establish relationship with customers. We aim to achieve this by adding value to our customers through adding white label infant milk formulas and our B2C brand ActivDay manufacturing customised solutions for all age groups. In line with our principle of Energetic Nutrition at every stage of life, we have designed few products, of which some are inline to cater to infants (0 to 6 Months), toddlers (5 months to 1 Years), kids (1 year to 10 years), youth (10 years to 25 years) adult (25 years to 59 years), senior (60 +) formulations via our B2C Channels which needs to be extensively developed. We believe and work toward providing a general nutritional drink with good native proteins and bio availability. Over the course of past decade in the industry we have made associations with considerable nutritionists. Our ability and know how's to create varying formulation through our technical affiliations for the different age groups has the ability to make us a player in this sector.

We also plan to continue expand our business in new international markets by participating in various international exhibitions and marketing our products therein. We intend to focus our expansion in ASEAN and European markets and gradually expand to the African and South American markets. We also plan to appoint new partners in our focus markets to establish a local presence.

Enhance our brand visibility

We believe that our brand is recognised by our consumers given the quality of our products. We propose to increase our brand recognition through various brand building efforts, communication, various promotional initiatives via new age marketing and product suggestion platforms. Such promotional activities would enhance the visibility of our brand and also enhance our business positioning and credibility.

Focus on increasing operational efficiencies to improve returns

Offering quality products at attractive prices is a key aspect of maintaining and expanding our relationships with our customers. In order to achieve the same, we intend to use a variety of processing strategies, raw material procurement strategies and cost reduction strategies to continue to improve our operational efficiencies. We aim to continue to adopt best practices and standards followed in the Indian and / or International dairy industry across our processing facility and draw upon our management's expertise and experience in dairy plant management.

Our Products

Our products can be categorised into following categories:

- ✓ Products for New Age Nutrition, Protein Fortification, Functional, Taste and Texture Enhancing Applications
- ✓ Products for FAT and SNF standardisation
- ✓ Products for Baking and SMP Replacement Applications
- ✓ Products for Legacy Nutrition application containing only Casein
- ✓ Products for Infant Nutrition resembling the human milk using medium chain tri glyceride fat technologies
- ✓ Butter

Products for New Age Nutrition, Protein Fortification, Functional, Taste and Texture Enhancing

Our milk protein concentrate is native milk protein with casein in its miscellar form (Miscellar casein). Our milk protein concentrate “Formula” products are made up of native milk protein in soluble form, having the non denatured miscellar casein and whey proteins, prepared from fresh skim milk using cold filtration process. The skimmed milk is cold filtered to remove lactose content concentrating the proteins naturally. No chemical process / biological process is used. As a result, the proteins are in the native bio available form. This product generally has PDCASS rating of 1 and DIASS of 1.2 (highest bio availability and superior grade proteins)

Products for FAT and SNF standardisation

We sell the below products under this category:

- (i) **Skimmed Milk Powder:** Our skimmed milk powder is produced from cream separated farm fresh grass fed cow milk (99.98%).
- (ii) **Dairy Whitener:** These products are manufactured from 99.98% Grade A, pasteurized, grass grazed cow milk. The products are processed with low heat to maintain a high flavour profile, rich instantly dissolving texture and creamy characteristics.

Products for Baking and SMP Replacement Applications

We sell the below products under this category:

- (i) **Whey Powder:** Whey protein is separated from casein protein of milk when the milk is made in to cheese or when rennet / acid casein is made. The whole milk will have fat along with solid not fat (SNF) and water. This SNF has protein, lactose (carbohydrates) and minerals. Milk contains two major proteins viz., casein (80%) and whey (20%). When making cheese, the fat along with the valuable casein proteins are denatured and coagulated by cheese making bacteria and the whey proteins along with lactose gets separated as whey water. When making casein, de fatted skimmed milk is used for the process. The valuable casein proteins are denatured and coagulated by rennet or mineral acid and the whey proteins along with lactose gets separated as whey water. The whey water is then de mineralized (removal of minerals by nano filtration) and evaporated in vacuum followed by spray drying to get whey powder. There are several kinds of whey powder and here we represent the sweet whey powder from cheese process. Whey Proteins normally has a bland taste hence for palatability, it is flavored in direct consumption applications.
- (ii) **BakeTex:** BakeTex is a special mineral rich tasty acid whey powder from casein or cottage cheese production, with high lactose content and slightly sour taste due to the mineral content of the whey. This is perfect for adding taste and texture to all baked food, any flour application and for whole grain breads. It adds excellent taste and volume to bread and other baked goods.
- (iii) **Milk Whey Powder:** Skimmed milk is passed through cold filtration process to concentrate proteins. The other stream creates the milk whey stream with low milk proteins and high in lactose. The process is tuned in such a way to produce low / engineered protein powder with 12% proteins with regular milky flavour as skimmed milk. This powder is majorly used in chocolate manufacturing, milk bread manufacturing and several other dairy applications where the low protein content with high lactose is needed. It replaces the

combination of SMP with whey powder, into one single ingredient. Our milk whey powder directly gives the benefits to the industries in ingredient reduction, reduction in stock keeping unit count, adding premium milky flavor and taste with extra browning at required places, cost control of the product etc. The low protein powder normally has a sweet milk taste hence for palatability, it is flavored in direct consumption applications.

Products for Legacy Nutrition application containing only casein

- (i) **Acid Casein:** It is manufactured from 99.9% farm fresh cow milk, grade A, pasteurized, (optionally micro filtered 0% fat) skimmed milk. It is prepared by a continuous coagulation from cooking skimmed milk under the influence of sour whey or technical acid. The next step is rinsing the clots under the stream and further processing takes place in compression, grinding and drying unit in a continuous process. Casein products are used mainly as ingredients in foods for the purpose of either modifying the physical properties of that food product or providing nutritional supplementation to it. Casein is vastly used in bakery, cheese products, coffee whiteners, creamers, confectionery, ice cream, frozen desserts, infant foods, instant breakfasts and beverages, etc.
- (ii) **Sodium Caseinate:** a well-known emulsifier in food ingredients industry. Used widely where there is a clean label requirement and water, and fat binding as its primary role. This is widely used in applications like, but not limited to, gravy mixes, soups, ketchups, ready to eat meals, coconut milk powders, masala mixes, water repellent coating on papers, meat texturing, and water holding applications.

Products for Infant Nutrition resembling the human milk using Medium Chain Tri Glyceride Fat technologies

Fat Filled Powders: This is either manufactured from the fresh whey from the casein process or from the reconstituted whey powders. The whey powder at 50% concentration is mixed with the suitable fat (milk fat from cream / whole milk) or fat combinations, as required by the target formulations, including addition of whey protein concentrates or milk protein concentrates and Sodium Caseinate with possibility to shift the casein to whey ratio from (80:20) up to (20:80). This product is also micro encapsulated to protect the fat particles from oxidation and also to be easily absorbable by the gut improving better fat-soluble vitamins delivery to the consumer. For medium chain tri glyceride powder, in the same above process MCT (Medium Chain tri Glyceride) Oil is added before Micro Encapsulation process.

Butter

We sell our butter under the brand EnNutrica Butter. We have a location advantage for our product due to proximity to one of the well known butter supplying belts in South India., the Oddanchathiram Butter Market. Currently we are getting butter prepared on outsource basis.

Our Manufacturing Facility

Processing Operations:

Our processing operations can be summarized as under:

Procurement of raw material: Our major raw materials are whole milk and skimmed milk. We mainly procure whole milk from our network of 4000 + farmers spread across 150+ villages via village level Collection Centers. This whole milk is then chilled at chilling center and then transported to our facility via tankers. In addition to direct procurement from farmers, we also procure whole milk from open market from third party suppliers.

Testing of raw material: The milk is tested for FAT & SNF and TS at the village Collection center level by the milk testing machinery. When the whole milk / skimmed milk arrives at the factory for processing, the milk samples are drawn as per the guiding Board FSSAI and tested as per FSSAI stated procedures and added tests as recommended by the certifying bodies Such as FSSC etc. including the physical and chemical parameters.

Processing of whole milk: The whole milk procured is converted to skimmed milk by separating cream to separate fat which is in the form of butter. This process is outsourced by us to our group company A R Dairy Private Limited. We also procure skimmed milk directly from third party dairies.

The skimmed milk is used for is further processes depending upon the type of products. The key processes are described as follows:

1. **Skimmed milk powder:** The skimmed will be will be evaporated and dried in to Skimmed milk powder.
2. **Whey powder:** The skimmed milk is coagulated with technical acid to make casein and whey. Casein will be washed and dried in the ring dryer. Whey is nano filtered, to remove the mineral content and then evaporated and dried for whey powder.
3. **Milk protein concentrate:** The skimmed milk can be ultra-filtered for milk protein concentrate and the remaining whey will be nano Filtered and electro dialyzed to remove minerals and then both are evaporated and dried to make milk protein concentrate and whey powder.
4. **Fat filled powders for infant formula:** The concentrated whey from process 2 and process 3 above can be filled with micro encapsulated fats to make fat filled powders for infant formula.
5. **Sodium Caseinate:** The casein coagulated in process 2 can be treated with caustic to make sodium caseinate and then dried to make sodium caseinate powder.
6. **Dairy Whitener Powder:** The whole milk received can be homogenized and can be mixed with sugar to make sweetened toned milk., which can be evaporated and dried into dairy whitener.

Packing & Inspection: During product packing, samples are collected according to the sampling requirement and are tested for various testing parameters to ensure our products are as per the required standards. The products produced are stored in the warehouse in a separate area. The products undergo various physical, chemical, and microbiological tests. After the Quality Control Department has cleared the product, the product bags are marked with QC OK Seals and moved to the designated stops ready for dispatch.

Dispatch: All the technical data sheets, invoices, necessary declarations and certificate of analysis are packed and the final inspection of the packing of the loaded material is carried out. Dispatch modes vary from customer vehicle coming in for material pickup at our Dock, Material Transfer by a Logistics company from dock to dock /door to door, CIF Abroad Destinations, FOB CHENNAI and FOB Tuticorin ports, dispatch by our linked transporter to the Destination Warehouse / Door.

Collaborations/Tie Ups/ Joint Ventures

Our Company entered into a Supply Agreement dated December 16, 2019 with Serval S.A.S., French Company and its Indian Subsidiary, Serval India Animal Nutrition Private Limited (SIANPL) to manufacture and supply dairy ingredients i.e. Vegetal Fat Filled Products alongwith Non-Fat Filled Products, which SIANPL may use as raw material to manufacture the products in India and in any other jurisdiction globally or to otherwise trade in the said products.

As per the agreement, during its term (which shall be in force until terminated), our Company is its preferred supplier for supply of the raw materials, subject to terms and conditions. Serval S.A.S. has granted to our Company a license to use the Know-How, on non-exclusive, non-transferable, non-sub-licensable and royalty free basis for the purpose of

manufacturing the Vegetal Fat Filled Products within India ("License Rights") to supply exclusively to SIANPL during the term.

Export Obligation

Our Company does not have any export obligation, as on date of this Prospectus.

Sales & Marketing

The efficiency of the marketing and sales team is critical to the success of our Company. Our success lies in the strength of our relationship with our customers who have been associated with us for a long time. Our end consumers majorly being manufacturing companies, we require to visit them on regular basis. Our sales & marketing head, through his vast experience and good rapport with clients is also active in various nutrition industry platforms. We also participate in various exhibitions to market our products.

Supply of qualitative products meeting the technical specifications of the customers, plays an instrumental role in our business. To retain our customers, our team regularly interacts with them and focuses on gaining an insight into the additional needs of such customers.

In future we intend to focus on following marketing strategies:

- a) Focus on existing markets and increasing our customer base.
- b) Explore international markets
- c) Evolve our product basket with market trends

Quality Control, Testing and Certifications

Maintaining high standards of quality in our processing operations is critical to our growth and success. As of November 30, 2023, we had a quality control and assurance team of 13 members. Repeated orders from customers and increased sales over the years is a testimonial for our capability to supply our products to a wide range of customers in dairy industry, nutrition industry, baking and food ingredients industry and ice cream industry with desired quality and specifications.

Our products undergo a qualification process throughout the entire life cycle from development to manufacturing. The bill-of-materials, test specifications, test methods and manufacturing processes are all standardized and validated for every product based on historical data and risk assessments. We have obtained Food Safety System Certification 22000 issued by DNV – Business and Sustainability Assurance programme.

Our Customers

We provide our products mainly to nutrition based companies, dairy industry, ice cream industry and baking industry.

Plant & Machinery

We have installed required plant & machinery in our processing facility for processing of different products. Our plant is divided into various sections such as power house, boiler section, refrigeration section, silo section, processing section (wet & dry), dryer section. We also have a casein, sodium caseinate section, pouch packing section, powder storage, CIP section, ETP section and water treatment section. Our key machineries include Micro Filtration, Ultra Filtration, Nano Filtration, Reverse Osmosis, Casein Plant, Evaporators and Dryers, amongst others.

We plan to expand our manufacturing capacity by installing new plant & machineries. For details, see “*Objects of the Issue*” on page 86 of the RHP.

Infrastructure & Utilities

Our processing facility is located at 767-769, Karuthanaickenpatty Road, Sendurai Village, Natham Taluk, Dindigul District which is owned by us and spread over more than 15 acres. Our processing facility houses various automated and semi-automated plant and machinery including, Micro Filtration, Ultra Filtration, Nano Filtration, Steam Boiler, Heat exchanger, Evaporators and Dryers for the processing operations. We also have in house quality control lab with necessary equipments. Also our processing facility and registered office is well equipped with computer systems, internet connectivity, other communication equipment, security and other facilities, which are required for our business operations to function smoothly.

Raw Materials: The principal raw materials required in our manufacturing process are whole milk and skimmed milk. We procure our raw materials from domestic & rural markets. We usually do not enter into long-term supply contracts with any of our raw material suppliers and typically source raw materials from the open market either through our network of farmers via chilling centers or through third party suppliers. We also run several checks at the time of material receipt at our facility to ensure that the material being procured meets our stringent standards of quality. We typically purchase raw materials based on the historical levels of sales, actual sales orders on hand and the anticipated production requirements taking into consideration any expected fluctuation in raw material prices, and delivery delay.

Power: We consume fuel and power for our operations at our processing facility, which is sourced through Tamil Nadu Generation and Distribution Corporation Ltd. Additionally, we have also installed generators in our processing facility to ensure uninterrupted supply of power.

Water: We require substantial amount of water in our processing operations. Our water requirement is met through use of water obtained from milk extraction process and processed ground water.

Competition

We compete with organized and as well as unorganized players in the industry with better financial position, market share, product ranges, human and other resources. There are no entry barriers in our industry which puts us to the threat of competition from new entrants as there are numerous players operating in the industry. The dairy industry in India is highly fragmented and the main challenges lies in quality, reliability, pricing and goodwill.

Many of our competitors have substantially large capital base and resources than we do and offer broader range of products and services. We believe that our ability to compete effectively is primarily dependent on ensuring consistent product quality at competitive prices, thereby strengthening our brand over the years. We believe that our cost effective and our product offerings puts us ahead in dealing with all challenges and expectations by our customers. We are

located in proximity to seaport to link to ASEAN markets. Also, our geographical raw material procurement strategy gives us an edge when raw material quality is considered giving us a better vantage point in domestic markets.

Insurance

Our operations are subject to risks inherent as dairy products manufacturer, which include defects, liability for product and/or property damage, malfunctions and failures of processing equipment, fire, explosions, loss-in-transit for our products, accidents, personal injury or death, environmental pollution and natural disasters. We maintain insurance coverage that we consider necessary for our business. We maintain an insurance policy that insures against material damage to buildings, plant and machinery and stocks from fire, natural disasters, etc. We also have obtained burglary first loss policy for our stocks and plant and machineries. In addition, we maintain a vehicle and crane insurance policy.

Intellectual Property

We have obtained trademark registration for wordmark “ENNUTRICA” under different classes, “ICETEX”, “BAKETEX”, “DAIRYTEX”, “ACTIVDAY” and “ENNUTRICA INSTA MILK”. For further details, please refer the chapter titled “Government Approvals - Approvals Obtained/Applied In Relation To Intellectual Property Right” on page 196.

Employees

We place importance on developing our employees and human resources. As of December 23, 2023, we had 101 employees. Further we have also employed some contractual labours depending upon our business requirements. The following table sets forth the number of our employees as of December 23, 2023:

Department	Number Of Employees

Total	101

We do not have recognized trade unions at any location.

Our work force is a critical factor in maintaining quality, productivity and safety, which strengthens our competitive position. We are committed to providing a favourable working environment for our employees and to provide safe and healthy working conditions. We conduct medical camps for our employees in accordance with FSSAI and FSSC requirements, monitoring the hygiene practices every day as a part of our Quality Assurance Programme.

Properties

Our registered office is located at 2/52-3, Pillaiyarnatham, Pithalaipatty Post, Dindigul, Tamil Nadu – 624002 and is held on a leasehold basis. Our factory premises is located at 767-769, Karuthanaickenpatty Road, Sendurai Village, Natham Taluk, Dindigul District and is owned by us.

KEY INDUSTRY REGULATIONS

Except as otherwise specified in this Prospectus, we are subject to several central and state legislations which regulate substantive and procedural aspects of our business.

Additionally, our operations require sanctions from the concerned authorities, under the relevant Central and State legislations. The following is an overview of some of the important laws, policies and regulations which are pertinent to our business. Taxation statutes such as the I.T. Act, GST and applicable Labour laws, contractual laws, and intellectual property laws as the case may be, apply to us as they do to any other Indian company. The statements below are based on the current provisions of Indian law, and the judicial and administrative interpretations thereof, which are subject to change or modification by subsequent legislative, regulatory, administrative or judicial decisions. The regulations set out below may not be exhaustive and are only intended to provide general information to Investors and are neither designed nor intended to be a substitute for professional legal advice.

APPROVALS

For the purpose of the business undertaken by our Company, it is required to comply with various laws, statutes, rules, regulations, executive orders, etc. that may be applicable from time to time. The details of such approvals have more particularly been described for your reference in the chapter titled “Government and Other Statutory Approvals” beginning on page number 196 of this Prospectus.

BUSINESS AND/OR KEY INDUSTRY AND/OR TRADE RELATED LAWS AND REGULATIONS:

Prevention of Food Adulteration Act, 1954 (“PFA Act”)

PFA is an Act to make provision for prevention of adulteration of the food. In terms of the Act, an article of food shall be deemed to be adulterated, inter-alia, if the article sold by a vendor is not of the nature, substance or quality demanded by the purchaser; if the article contains any other substance which affects, or if the article is so processed as to affect, injuriously the nature, substance or quality thereof; if any inferior or cheaper substance has been substituted wholly or in part for the article so as to affect injuriously the nature, substance or quality thereof; if any constituent of the article has been wholly or in part abstracted so as to affect injuriously the nature, substance or quality thereof; if the article had been prepared, packed or kept under insanitary conditions whereby it has become contaminated or injurious to health ; if any colouring matter other than that prescribed in respect thereof is present in the article, or if the amounts of the prescribed colouring matter which is present in the article are not within the prescribed limits of variability; if the article contains any prohibited preservative or permitted preservative in excess of the prescribed limits. Its provisions not only prohibit adulteration but also set essential quality standards, promoting accountability across the food industry. The Act's empowerment of designated officers to inspect and confiscate adulterated products reinforces the commitment to enforcement, acting as a deterrent to non-compliance.

Hazard Analysis and Critical Control Points (“HACCP”)

The Hazard Analysis and Critical Control Points system is a systematic and preventive approach crucial for ensuring food safety. HACCP is a management system in which food safety is addressed through the analysis and control of biological, chemical, and physical hazards from raw material production, procurement and handling, to manufacturing, distribution and consumption of the finished product. By systematically analyzing and addressing critical control points, such as specific stages in the production process where hazards could arise, HACCP enables dairy processing companies to proactively mitigate risks and uphold the safety and quality of their products. Compliance with HACCP principles is not only a regulatory requirement in many jurisdictions but also a fundamental practice for safeguarding consumer health and maintaining the reputation of dairy products in the market. Dairy processing companies must adhere to the principles of HACCP to establish a robust food safety management system. The HACCP plan involves a step-by-step analysis, encompassing hazard identification, determination of critical control points, establishment of critical limits, implementation of monitoring procedures, and the development of corrective actions in case deviations occur. This systematic and preventive approach not only ensures the safety of dairy products but also enhances overall quality control. By adopting HACCP, dairy processing companies can systematically evaluate and control potential biological, chemical, and physical hazards that may arise during various stages of production. This includes examining factors such as raw material handling, processing, packaging, and distribution. The proactive nature of HACCP allows companies to identify potential risks before they become hazards, enabling timely interventions to maintain product safety and integrity. HACCP implementation is often seen as a best practice in the food

industry, demonstrating a commitment to quality assurance and consumer safety. Many regulatory authorities and international food safety standards require or recommend HACCP as a mandatory element of food safety management systems.

Good Manufacturing Practices (“GMP”)

Good Manufacturing Practices (GMP) represent a set of fundamental practices essential for ensuring, inter alia, the safety and quality of food products. Dairy processing companies are obligated to adhere to GMPs within their facilities to establish and maintain a high standard of manufacturing hygiene and processes. GMP encompasses a range of general practices, including facility cleanliness, equipment maintenance, personnel hygiene, and record-keeping, all aimed at minimizing the risk of contamination and ensuring the production of safe and high-quality dairy products. In compliance with GMP guidelines, dairy processing companies implement systematic procedures for facility sanitation, ensuring that processing areas and equipment are regularly cleaned and sanitized. Personnel hygiene practices, including proper training and the use of protective clothing, contribute to preventing contamination during the production process. Additionally, GMP mandates effective control over processes, from raw material handling to finished product storage, ensuring the overall integrity of the manufacturing environment. By adhering to GMP principles, dairy processing companies demonstrate responsibility in upholding consumer safety, bolstering their reputation in the market and complying with industry standards and regulations.

Codex Alimentarius

Codex Alimentarius represents a comprehensive compilation of international food standards, guidelines, and recommendations established by the Codex Alimentarius Commission. For dairy processing companies, adherence to Codex Alimentarius standards is essential to ensure that their products align with internationally recognized benchmarks for safety and quality. The Codex standards cover various aspects of food production, including dairy processing, and provide a globally accepted framework for best practices. By incorporating Codex Alimentarius standards into their processes, dairy companies not only demonstrate a commitment to international food safety but also facilitate global trade by producing products that meet recognized quality standards. These standards encompass various aspects of dairy processing, including hygiene, production, labelling, and quality control. The Codex Alimentarius Commission, established by the Food and Agriculture Organization (FAO) and the World Health Organization (WHO), develops international food standards, guidelines, and codes of practice. These standards cover a wide range of food products, including those derived from dairy.

ISO 22000

ISO 22000, a voluntary international standard for food safety management systems (FSMS), provides a robust framework for dairy processing companies to systematically manage food safety risks. Building on Hazard Analysis and Critical Control Points (HACCP) principles and incorporating prerequisite programs (PRPs), ISO 22000 enables companies to develop and maintain a documented FSMS and serves as a testament to a company's commitment to global best practices, opening doors to new markets and opportunities. The implementation of ISO 22000 in dairy processing companies involves a systematic and proactive approach to identifying, controlling, and monitoring food safety hazards at every stage of the production process. By integrating HACCP principles, companies can pinpoint critical control points, establish preventive measures, and implement corrective actions, thereby mitigating potential risks to food safety. ISO 22000 not only addresses current food safety challenges but also provides a framework for continuous improvement. Regular assessments, reviews, and audits ensure that the FSMS remains effective and adaptable to evolving industry standards and regulatory requirements.

Food Safety and Standards Act, 2006 (“FSS Act”)

The Food Safety and Standards Act, 2006 (FSS Act) is a cornerstone of India's public health framework, aiming to safeguard its citizens from foodborne illnesses. This extensive legislation consolidates previous food-related laws into a single, unified code, ensuring clarity and transparency for both businesses and consumers. One of the Act's primary objectives is the establishment of science-based standards for various food products, including milk and milk products. This standardization process ensures consistent quality and safety across the industry, fostering consumer trust and promoting fair market competition. Additionally, the Act mandates licensing for all food businesses, ranging from large manufacturers and importers to local distributors and retailers. This comprehensive regulatory framework enables authorities to monitor compliance with food safety standards and hold violators accountable. It outlines stringent requirements for food establishments, encompassing specific guidelines for processing, storage, and transportation. This proactive approach minimizes the risk of

contamination and foodborne illnesses, ultimately protecting public health. Accurate and clear labeling is another key aspect addressed by the Act. It mandates comprehensive information on all food products, encompassing ingredients, nutritional values, allergens, and expiry dates. This empowers consumers to make informed choices based on their dietary needs and preferences, promoting transparency and building trust in the food system. Beyond domestic production, the FSS Act also extends its reach to imported food products, ensuring their compliance with Indian safety standards. The Food Safety and Standards Authority of India (FSSAI) plays a crucial role in this regard, setting standards, conducting inspections, and taking necessary actions to prevent the entry of unsafe or adulterated food into the country.

The Essential Commodities Act, 1955 (the “ECA”)

The ECA empowers the Central Government, to control the production, supply and distribution of trade and commerce in certain essential commodities for maintaining or increasing supplies or for securing their equitable distribution and availability at fair prices or for securing any essential commodity for the defence of India or the efficient conduct of military operations. Under the ECA, an essential commodity means a commodity specified in the Schedule to the ECA, which is updated and notified from time to time. Using the powers under it, the Central Government has issued control orders for inter alia controlling the price of, regulating by licenses, permits or otherwise the production or manufacture of any essential commodity. Violations under the ECA are punishable by either imprisonment or monetary fines or both.

ENVIRONMENTAL LEGISLATIONS:

National Environmental Policy, 2006 (“NEP”)

This Policy seeks to extend the coverage, and fill in gaps that still exist, in light of present knowledge and accumulated experience. This policy was prepared through an intensive process of consultation within the Government and inputs from experts. It does not displace, but builds on the earlier policies. It is a statement of India's commitment to making a positive contribution to international efforts. This is a response to our national commitment to a clean environment, mandated in the Constitution in Articles 48 A and 51 A (g), strengthened by judicial interpretation of Article 21. The dominant theme of this policy is that while conservation of environmental resources is necessary to secure livelihoods and well-being of all, the most secure basis for conservation is to ensure that people dependent on particular resources obtain better livelihoods from the fact of conservation, than from degradation of the resource.

Air (Prevention and Control of Pollution) Act, 1981 (the “Air Act”)

The Air Act was enacted with an objective to protect the environment from smoke and other toxic effluents released in the atmosphere by industries. With a view to curb air pollution, the Air Act has declared several areas as air pollution control areas and also prohibits the use of certain types of fuels and appliances. Prior written consent is required of the board constituted under the Air Act, if a person intends to commence an industrial plant in a pollution control area.

Water (Prevention and Control of Pollution) Act, 1974 (the “Water Act”)

The Water Act was enacted with an objective to protect the rivers and streams from being polluted by domestic and industrial effluents. The Water Act prohibits the discharge of toxic and poisonous matter in the river and streams without treating the pollutants as per the standard laid down by the Pollution Control Boards constituted under this Act. A person intending to commence any new industry, operation or process likely to discharge pollutants must obtain prior consent of the Board constituted under this Act.

Bureau of Indian Standards Act, 2016 (“BIS”)

The Bureau of Indian Standards Act, 2016, as amended, provides for the standardization, marking and quality certification of goods or articles of any scheduled industry, process, system or service which it considers necessary in the public interest or for the protection of human, animal or plant health, safety of the environment, or prevention of unfair trade practices, or national security. The Bureau of Indian Standards Act provides for the functions of the bureau which include, among others (a) recognize as an Indian standard, any standard established for any goods, article, process, system or service by any other institution in India or elsewhere; (b) specify a standard mark to be called the Bureau of Indian Standards Certification Mark; and (c) make such inspection and take such samples of any material or substance as may be necessary.

The Legal Metrology Act, 2009

The Legal Metrology Act came into force on March 1, 2011. The Legal Metrology Act provides that the units of weights and measures must be in accordance with the metric system based on the international system of units,

and prohibits quotations made otherwise. The Legal Metrology (General) Rules, 2011, which came into force on April 1, 2011, also provide the detailed specifications of standard weights and measures and the standard equipment. The Legal Metrology Act regulates the trade and commerce in weights and measures, and provides for the appointment of a director, controller and other legal metrology officers, and empowers them to undertake inspection or forfeiture to ensure compliance with its provisions. The Legal Metrology Act provides for imposition of penalty on use of non-standard, or unverified weights and measures, and for making any transaction, deal or contract in contravention of the standards of weights and measures. The Legal Metrology Act allows companies to nominate a person who will be held responsible for the breach of provisions of this legislation.

The Micro, Small and Medium Enterprises Development Act, 2006 (“MSME Act”)

In order to promote and enhance the competitiveness of Micro, Small and Medium Enterprise (MSME) the Act was enacted. A National Board shall be appointed and established by the Central Government for MSME enterprise with its head office at Delhi in the case of the enterprises engaged in the manufacture or production of goods pertaining to any industry mentioned in first schedule to Industries (Development and regulation) Act, 1951 as micro enterprise, where the investment in plant and machinery does not exceed twenty-five lakh rupees; Small enterprise, where the investment in plant and machinery is more than twenty-five lakh rupees but does not exceed five crore rupees; or a medium enterprise, where the investment in plant and machinery is more than five crore but does not exceed ten crore rupees and in the case of the enterprise engaged in the services, Micro enterprise, where the investment in equipment does not exceed ten lakh rupees, Small Enterprise where the investment in equipment is more than ten lakh rupees but does not exceed two crore rupees, or Medium Enterprise where the investment in equipment is more than two crore rupees but does not exceed five crore rupees.

LAWS RELATING TO SPECIFIC STATE WHERE ESTABLISHMENT IS SITUATED:

Shops and Establishments laws in various states

As per the provisions of local Shops and Establishments law applicable in the State of Tamil Nadu, establishments are required to be registered. Such laws regulate the working and employment conditions of the workers employed in shops and establishments including commercial establishments and provide for fixation of working hours, rest intervals, overtime, holidays, leave, termination of service, maintenance of shops and establishments and other rights and obligations of the employers and employees.

Stamp Act in various states

The purpose of the Stamp Act was to streamline and simplify transactions of immovable properties and securities by the State Government. The Stamp Act provides for the imposition of stamp duty at the specified rates on instruments listed in Schedule IA of the Stamp Act. Stamp duty is payable on all instruments/documents evidencing a transfer or creation or extinguishment of any right, title or interest in immovable property. However, under the Constitution of India, the states are also empowered to prescribe or alter the stamp duty payable on such documents executed within the states. Therefore, the State Government of Tamil Nadu, is empowered to prescribe or alter the stamp duty as per their need.

Professions, Trade, Callings and Employments Act in various states

The professional tax slabs in India are applicable to those citizens of India who are either involved in any profession or trade. The State Government of Tamil Nadu, is empowered with the responsibility of structuring as well as formulating the respective professional tax criteria and is also required to collect funds through professional tax. The professional taxes are charged on the income of individuals, profits of business or gains of vocations. The tax payable under the State Acts by any person earning a salary or wage shall be deducted by his employer from the salary or wages payable to such persons before such salary or wages is paid to him, and such employer shall, irrespective of whether such deduction has been made or not when the salary and wage is paid to such persons, be liable to pay tax on behalf of such persons and employer has to obtain the registration from the assessing authority in the prescribed manner.

GENERAL CORPORATE LAWS:

Companies Act, 2013

The Companies Act, 2013, has replaced the Companies Act, 1956 in a phased manner. The Act received the assent of the President of India on 29th August 2013. The Companies Act 1956 is still applicable to the extent not repealed and the Companies Act, 2013 is applicable to the extent notified. The Companies Act deals with

incorporation of companies and the procedure for incorporation and post incorporation. The conversion of private companies into public companies and vice versa is also laid down under the Companies Act, 2013. The procedure related to appointment of Directors, winding up, voluntary winding up, and appointment of liquidator also forms part of the Act. Further, Schedule V (read with sections 196 and 197), Part I lays down the conditions to be fulfilled for the appointment of a managing or whole-time director or manager. It provides the list of Acts under which if a person is prosecuted, he cannot be appointed as the director or Managing Director or Manager of a Company. The provisions relating to remuneration of the directors payable by the companies is under Part II of the said schedule.

The Sale of Goods Act, 1930

The Sale of Goods Act, 1930 governs contracts relating to sale of goods in India. The contracts for sale of goods are subject to the general principles of the law relating to contracts. A contract of sale may be an absolute one or based on certain conditions. The Sale of Goods Act contains provisions in relation to the essential aspects of such contracts, including the transfer of ownership of the goods, delivery of goods, rights and duties of the buyers and sellers, remedies for breach of contract and the conditions and warranties implied under a contract for sale of goods.

The Registration Act, 1908

The Registration Act, 1908 (“Registration Act”) was enacted with the object of providing public notice of execution of documents affecting a transfer of interest in property. The Registration Act identifies documents for which registration is compulsory and includes among other things, any non-testamentary instrument which purports or operates to create, declare, assign, limit or extinguish, whether in present or in future, any right, title or interest, whether vested or contingent, in immovable property and a lease of immovable property for any term exceeding one year or reserving a yearly rent. It also provides for non-compulsory registration of documents as enumerated in the provisions.

The Indian Contract Act, 1872

The Contract Act is the legislation which lays down the general principles relating to formation, performance and enforceability of contracts. The rights and duties of parties and the specific terms of agreement are decided by the contracting parties themselves, under the general principles set forth in the Contract Act. The Contract Act also provides for circumstances under which contracts will be considered as ‘void’ or ‘voidable’. The Contract Act contains provisions governing certain special contracts, including indemnity, guarantee, bailment, pledge, and agency.

The Specific Relief Act, 1963

The Specific Relief Act is complementary to the provisions of the Contract Act and the Transfer of Property Act, as the Act applies both to movable property and immovable property. The Act applies in cases where the Court can order specific performance of a contract. Specific relief can be granted only for the purpose of enforcing individual civil rights and not for the mere purpose of enforcing a civil law. Specific performance means the Court will order the party to perform his part of agreement, instead of imposing on him any monetary liability to pay damages to another party.

Negotiable Instruments Act, 1881

In India, cheques are governed by the Negotiable Instruments Act, 1881, which is largely a codification of the English Law on the subject. To ensure prompt remedy against defaulters and to ensure credibility of the holders of the negotiable instrument a criminal remedy of penalty was inserted in Negotiable Instruments Act, 1881 in form of the Banking, Public Financial Institutions and Negotiable Instruments Laws (Amendment), 1988 which were further modified by the Negotiable Instruments (Amendment and Miscellaneous Provisions) Act, 2002. The Act provides effective legal provision to restrain people from issuing cheques without having sufficient funds in their account or any stringent provision to punish them in the event of such cheques not being honored by their bankers and returned unpaid. Section 138 of the Act, creates statutory offence in the matter of dishonor of cheques on the ground of insufficiency of funds in the account maintained by a person with the banker which is punishable with imprisonment for a term which may extend to two years, or with fine which may extend to twice the amount of the cheque, or with both.

TAX RELATED LEGISLATIONS:

Income Tax Act, 1961

The IT Act is applicable to every Company, whether domestic or foreign whose income is taxable under the provisions of the IT Act or Rules made thereunder depending upon its Residential Status and Type of Income involved. The IT Act provides for the taxation of persons resident in India on global income and persons not resident in India on income received, accruing or arising in India or deemed to have been received, accrued or arising in India. Every Company which is assessed for income tax under the IT Act is required to comply with the provisions thereof, including those relating to Tax Deduction at Source, Advance Tax, Minimum Alternative Tax and like. Every such Company is also required to file its returns by September 30 of each assessment year.

Goods and Services Tax Act, 2017

The GST Act levies indirect tax throughout India to replace many taxes levied by the Central and State Governments. The GST Act was applicable from July 1, 2017 and combined the Central Excise Duty, Commercial Tax, Value Added Tax (VAT), Food Tax, Central Sales Tax (CST), Introit, Octroi, Entertainment Tax, Entry Tax, Purchase Tax, Luxury Tax, Advertisement Tax, Service Tax, Customs Duty, Surcharges. GST is levied on all transactions such as sale, transfer, purchase, barter, lease, or import of goods and/or services. India has adopted a dual GST model, meaning that taxation is administered by both the Union and State Governments. Transactions made within a single state are levied with Central GST (CGST) by the Central Government and State GST (SGST) by the government of that state. For inter-state transactions and imported goods or services, an Integrated GST (IGST) is levied by the Central Government. GST is a consumption-based tax; therefore, taxes are paid to the state where the goods or services are consumed and not the state in which they were produced.

EMPLOYMENT AND LABOUR LAWS:

The Factories Act, 1948

The Factories Act, 1948, as amended, defines a “factory” to cover any premises which employs 10 or more workers on any day of the preceding 12 months and in which a manufacturing process is carried on with the aid of power or any premises where at least 20 workers are employed, and where a manufacturing process is carried on without the aid of power. Each state government has enacted rules in respect of the prior submission of plans and their approval for the establishment of factories and registration/licensing thereof. The Factories Act provides for imposition of fines and imprisonment of the manager and occupier of the factory in case of any contravention of the provisions of the Factories Act.

The Code on Wages, 2019 (the “Code”)

The Code received the assent of the President of India on August 8, 2019. The provisions of the Code shall come into effect from the date notified in the Official Gazette by the Central Government. The Code will replace the four existing ancient laws namely (i) the Payment of Wages Act, 1936, (ii) the Minimum Wages Act, 1948, (iii) the Payment of Bonus Act, 1965, and (iv) the Equal Remuneration Act, 1976. The Code will apply to all employees and allow the Central Government to set a minimum statutory wage.

The four existing laws are as follows:

- **The Payment of Wages Act, 1936**

Payment of Wages Act, 1936, as amended by Payment of Wages (Amendment) Act, 2017 is aimed at regulating the payment of wages to certain classes of persons employed in certain specified industries and to ensure a speedy and effective remedy for them against illegal deductions or unjustified delay caused in paying wages to them. The Act confers on the person(s) responsible for payment of wages certain obligations with respect to the maintenance of registers and the display in such factory/establishment, of the abstracts of this Act and Rules made thereunder.

- **The Minimum Wages Act, 1948**

The Minimum Wages Act, 1948 came into force with an objective to provide for the fixation of a minimum wage payable by the employer to the employee. Every employer is mandated to pay the minimum wages to all employees engaged to do any work skilled, unskilled, and manual or clerical (including out-workers) in any employment listed in the schedule to this Act, in respect of which minimum rates of wages have been fixed or revised under the Act.

- **The Payment of Bonus Act, 1965**

The Act provides for payment of minimum bonus to factory employees and every other establishment in which 20 or more persons are employed and requires maintenance of certain books and registers and

filing of monthly returns showing computation of allocable surplus, set on and set off of allocable surplus and bonus due.

- **The Equal Remuneration Act, 1976**

The Equal Remuneration Act, 1976 aims to provide for the payment of equal remuneration to men and women workers and for the prevention of discrimination, on the ground of sex, against women in the matter of employment and for matters connected therewith or incidental thereto. According to the Remuneration Act, no employer shall pay to any worker, employed by him/her in an establishment, a remuneration (whether payable in cash or in kind) at rates less favourable than those at which remuneration is paid by him to the workers of the opposite sex in such establishment for performing the same work or work of a similar nature. In addition, no employer shall for complying with the foregoing provisions of the Remuneration Act, reduce the rate of remuneration of any worker. No employer shall, while making recruitment for the same work or work of a similar nature, or in any condition of service subsequent to recruitment such as promotions, training or transfer, make any discrimination against women except where the employment of women in such work is prohibited or restricted by or under any law for the time being in force.

Occupational Safety, Health and Working Conditions Code, 2019

The Government of India enacted ‘The Occupational Safety, Health and Working Conditions Code, 2019 which received the assent of the President of India on September 28, 2020. The provisions of this code will be brought into force on a date to be notified by the Central Government. It proposes to subsume 13 labour legislations, including the Factories Act, 1948, the Contract Labour (Regulation and Abolition) Act, 1970, the Inter-State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979, that concern our business. Details of these existing Acts are as follows :

- **Contract Labour (Regulation and Abolition) Act, 1970**

The Contract Labour (Regulation and Abolition) Act, 1970 requires establishments that employ or have employed on any day in the preceding twelve months, 20 or more workers as contract labour to be registered. The Act requires the principal employer of an establishment to which the Contract Labour Act applies to make an application for registration of the establishment to employ contract labour in the establishment. Contractor to whom the Contract Labour Act applies is required to obtain a license and not to undertake or execute any work through contract labour except under and in accordance with the license issued. The Contract Labour Act imposes certain obligations on the contractor including the establishment of canteens, rest rooms, washing facilities, first aid facilities and provision of drinking water and payment of wages. In the event that the contractor fails to provide these amenities, the principal employer is under an obligation to provide these facilities within a prescribed time.

- **Inter-State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979**

This law is applicable to all the establishments employing 5 or more migrant workmen from other states. In addition to this, this law is also applicable to contractors who have employed 5 or more inter-State workmen. The establishment must be registered with the local authority while employing migrant workers. This means that an establishment is prohibited from employing migrant workers from other states if they do not have a certificate from the concerned authority. The same law applies to the contractors too who employ workers from one state and deploy them in other states. As per this law, the contractors deploying the migrant workers must provide terms and conditions of the recruitment to the workers. These are the remuneration payable, hours of work, fixation of wages and other essential amenities.

The Industrial Relations Code, 2020

The Government of India enacted ‘The Industrial Relations Code, 2020’ which received the assent of the President of India on September 28, 2020. The provisions of this code will be brought into force on a date to be notified by the Central Government. It proposes to subsume three separate legislations, namely, the Industrial Disputes Act, 1947, the Trade Unions Act, 1926 and the Industrial Employment (Standing Orders) Act, 1946. Currently the laws are as follows:

- **Industrial Disputes Act, 1947**

The Industrial Disputes Act, 1947 provides the procedure for investigation and settlement of industrial disputes. When a dispute exists or is apprehended, the appropriate Government may refer the dispute to

a labour court, tribunal, or arbitrator, to prevent the occurrence or continuance of the dispute, or a strike or lock-out while a proceeding is pending. The labour courts and tribunals may grant appropriate relief including ordering modification of contracts of employment or reinstatement of workers. This Act further provides for direct access for the workers to labour courts or tribunals in case of individual disputes and provides for the constitution of grievance settlement machineries in any establishment having 20 or more workers.

- **Trade Unions Act, 1926**

Provisions of the Trade Union Act, 1926 provide that any dispute between employers and workmen or between workmen and workmen, or between employers and employers which is connected with the employment, or non-employment, or the terms of employment or the conditions of labour, of any person shall be treated as trade dispute. For every trade dispute a trade union has to be formed. For the purpose of Trade Union Act, 1926, Trade Union means combination, whether temporary or permanent, formed primarily for the purpose of regulating the relations between workmen and employers or between workmen and workmen, or between employers and employers, or for imposing restrictive conditions on the conduct of any trade or business etc.

- **Industrial Employment (Standing Orders) Act, 1946 (the “Standing Orders”)**

The Standing Orders were passed by the Central Government to bring uniformity in the terms of employment in industrial establishments having 50 or more workmen employed, so as to minimize industrial conflicts. The Standing Orders play a key role in defining the terms and conditions of employment within an industrial establishment. The highlights of the Standing Orders are classification of workmen, manner of intimation to workers about work and wage related details, attendance and conditions for leaves, conditions of termination of employment and means of redressal for workmen in different matters.

The Code on Social Security, 2020

The Government of India enacted ‘The Code on Social Security, 2020 which received the assent of the President of India on September 28, 2020. The provisions of this code will be brought into force on a date to be notified by the Central Government. It proposes to subsume 9 separate legislations including the Employee’s Compensation Act, 1923, the Employees’ State Insurance Act, 1948, the Employees’ Provident Funds and Miscellaneous Provisions Act, 1952, the Maternity Benefit Act, 1961 and the Payment of Gratuity Act, 1972. The relevant laws that the code shall subsume, are currently as follows:

- **Employee’s Compensation Act, 1923**

The Employees’ Compensation Act, 1923 provides for payment of compensation to injured employees or workmen by certain classes of employers for personal injuries caused due to an accident arising out of and during the course of employment. Under the Employee’s Act, the amount of compensation to be paid depends on the nature and severity of the injury. The Employee’s Act also lays down the duties/obligations of an employer and penalties in cases of non-fulfilment of such obligations. There are separate methods of calculation or estimation of compensation for injury sustained by the employee. The employer is required to submit to the Commissioner for Employees’ Compensation a report regarding any fatal or serious bodily injury suffered by an employee within 7 days of death/serious bodily injury.

- **Employee’s State Insurance Act, 1948**

It is an Act to provide for certain benefits to employees in case of sickness, maternity and ‘employment injury’ and to make provision for certain other matters in relation thereto. It shall apply to all factories (including factories belonging to the Government) other than seasonal factories. The ESI Act requires all the employees of the establishments to which this Act applies to be insured in the manner provided there under. Employers and employees both are required to make contributions to the fund. The return of the contribution made is required to be filed with the Employees’ State Insurance Corporation.

- **Employees’ Provident Funds and Miscellaneous Provisions Act, 1952 (EPF Act)**

The EPF Act is applicable to an establishment employing more than 20 employees and as notified by the government from time to time. All the establishments under the EPF Act are required to be registered with the appropriate Provident Fund Commissioner. Also, in accordance with the provisions of the EPF Act, the employers are required to contribute to the employees’ provident fund the

prescribed percentage of the basic wages, dearness allowances and remaining allowance (if any) payable to the employees. The employee shall also be required to make an equal contribution to the fund. The Central Government under Section 5 of the EPF Act (as mentioned above) frames Employees' Provident Scheme, 1952.

- **Maternity Benefit Act, 1961**

The Act provides for leave and right to payment of maternity benefits to women employees in case of confinement or miscarriage etc. The Act is applicable to every establishment which is a factory, mine or plantation including any such establishment belonging to government and to every establishment of equestrian, acrobatic and other performances, to every shop or establishment within the meaning of any law for the time being in force in relation to shops and establishments in a state, in which 10 or more persons are employed, or were employed, on any day of the preceding twelve months; provided that the state government may, with the approval of the Central Government, after giving at least two months' notice shall apply any of the provisions of this Act to establishments or class of establishments, industrial, commercial, agricultural or otherwise.

- **Payment of Gratuity Act, 1972**

The Act shall apply to every factory, mine plantation, port and railway company; to every shop or establishment within the meaning of any law for the time being in force in relation to shops and establishments in a State, in which 10 or more persons are employed, or were employed, on any day of the preceding twelve months; such other establishments or class of establishments, in which 10 or more employees are employed, on any day of the preceding twelve months, as the Central Government, may by notification, specify in this behalf. A shop or establishment to which this Act has become applicable shall be continued to be governed by this Act irrespective of the number of persons falling below ten at any day. The gratuity shall be payable to an employee on termination of his employment after he has rendered continuous service of not less than five years on superannuation or his retirement or resignation or death or disablement due to accident or disease. The five-year period shall be relaxed in case of termination of service due to death or disablement.

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 (the "Act")

In order to curb the rise in sexual harassment of women at workplace, this Act was enacted for prevention and redressal of complaints and for matters connected therewith or incidental thereto. The terms 'sexual harassment' and 'workplace' are both defined in the Act. Every employer should constitute an "Internal Complaints Committee" and every officer and member of the Committee shall hold office for a period of not exceeding three years from the date of nomination. Any aggrieved woman can make a complaint in writing to the Internal Committee in relation to sexual harassment of female at workplace. Every employer has a duty to provide a safe working environment at workplace which shall include safety from the persons coming into contact at the workplace, organising awareness programs and workshops, display of rules relating to the sexual harassment at any conspicuous part of the workplace, provide necessary facilities to the internal or local committee for dealing with the complaint, such other procedural requirements to assess the complaints.

Child Labour (Prohibition and Regulation) Act, 1986 (the "CLPR Act")

The "CLPR Act seeks to prohibit the engagement of children in certain occupations and to regulate the conditions of work of children in certain other occupations. Part B of the Schedule to the CLPR Act strictly prohibits employment of children in cloth printing, dyeing and weaving processes and cotton ginning and processing and production of hosiery goods.

FOREIGN INVESTMENT LAWS:

Foreign Trade (Development and Regulation) Act, 1992

The FTDR is the main legislation concerning foreign trade in India. The FTDR, read along with the Foreign Trade (Regulation) Rules, 1993, provides for the development and regulation of foreign trade by facilitating imports into, and augmenting exports from, India and for matters connected therewith or incidental thereto. It authorizes the government to formulate as well as announce the export and import policy and to keep amending the same on a timely basis. The government has also been given wide powers to prohibit, restrict and regulate the exports and imports in general as well as specified cases of foreign trade. The FTDR read with the Foreign Trade Policy, 2023, prohibits anybody from undertaking any import or export except under an importer-exporter code ("IEC") number granted by the Director General of Foreign Trade. Hence, every entity in India engaged in

any activity involving import/export is required to obtain an IEC unless specifically exempted from doing so. The IEC shall be valid until it is cancelled by the issuing authority. An IEC number allotted to an applicant is valid for all its branches, divisions, units and factories. Failure to obtain the IEC number shall attract a penalty under the FTDR.

Foreign Exchange Management Act, 1999 & Rules thereunder

Foreign investment in India is governed primarily by the provisions of the FEMA, and the rules, regulations and notifications thereunder, as issued by the RBI from time to time and the FEMA Rules and the Consolidated FDI Policy. In terms of the Consolidated FDI Policy, foreign investment is permitted (except in the prohibited sectors) in Indian companies either through the automatic route or the Government route, depending upon the sector in which the foreign investment is sought to be made. In terms of the Consolidated FDI Policy, the work of granting government approval for foreign investment under the Consolidated FDI Policy and FEMA has now been entrusted to the concerned administrative ministries/departments.

The Foreign Exchange Management (Transfer or Issue of Security by a Person Resident outside India) Regulations, 2017 as amended in 2019, provide that the total holding by any individual NRI, on a repatriation basis, shall not exceed 5 percent of the total paid-up equity capital on a fully diluted basis or shall not exceed five percent of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrants; provided that the aggregate ceiling of 10 percent may be raised to 24 percent if a special resolution to that effect is passed by the general body of the Indian company.

The Conservation of Foreign Exchange and Prevention of Smuggling Activities Act, 1974

COFEPOSA came into force for the reason to provide preventive detention and to protect and augment the guidelines of foreign exchange. The Act also aims to control smuggling activities and other issues in relation to these activities. COFEPOSA confers power on the Central and the State Governments to issue orders for detaining a person if it is satisfied that the person has acted detrimental to the protection of foreign exchange. The Government shall also issue an order of detention on the ground that the person has engaged in the activity of smuggling goods, assists any person in smuggling goods, transports or conceals such goods, harbours any person employed in the smuggling activities or does any other activity related with smuggling. Such an order shall be issued by the Joint Secretary to the Central Government or Secretary to the State Government or any senior officer authorized by the Government.

Foreign Direct Investment

The Government of India, from time to time, has made policy pronouncements on Foreign Direct Investment ("FDI") through press notes and press releases. The Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India ("DIPP"), has issued consolidated FDI Policy Circular of 2020 ("FDI Policy 2020"), which with effect from October 15, 2020, consolidates and supersedes all previous press notes, press releases and clarifications on FDI Policy issued by the DIPP that were in force. The Government proposes to update the consolidated circular on FDI policy once every year and therefore, FDI Policy 2020 will be valid until the DIPP issues an updated circular. The Reserve Bank of India ("RBI") also issues Master Directions Foreign Investment in India and updates the same from time to time. Presently, FDI in India is being governed by Master Directions on Foreign Investment No. RBI/FED/2017-18/60 FED Master Direction No. 11/2017-18 dated January 4, 2018, as updated from time to time by RBI. In terms of the Master Directions, an Indian company may issue fresh shares to people resident outside India (who are eligible to make investments in India, for which eligibility criteria are prescribed). Such fresh issue of shares shall be subject to inter-alia, the pricing guidelines prescribed under the Master Directions. The Indian company making such fresh issue of shares would be subject to the reporting requirements, inter-alia with respect to consideration for issue of shares and also subject to making certain filings including the filing of Form FC-GPR.

ANTI-TRUST LAWS

Competition Act, 2002

The Act is to prevent practices having adverse effects on competition, to promote and sustain competition in markets, to protect interest of consumers and to ensure freedom of trade in India. The Act deals with prohibition of anti-competitive agreements. No enterprise or group shall abuse its dominant position in various circumstances as mentioned under the Act.

GENERAL LAWS

Apart from the above list of laws, which is inclusive in nature and not exhaustive, general laws like the Employment Exchanges (Compulsory Notification of Vacancies) Act, 1959, Consumer Protection Act 2019, Transfer of Property Act, 1882, Information Technology Act, 2000 etc. are also applicable to the Company.

Equity shares of IBL are listed on BSE Limited.

Amalgamation: Indrayani Biotech Limited (IBL) entered into a conglomerate amalgamation with Helios Solutions Limited (HSL) and A-Diet Express Hospitality Service Limited (ADEHSL). HSL has significant growth plans with aspirations of being a leader in power electronics business in South India and ADEHSL has plans to enlarge its hospitality business across the country by way of entering into Northern and Eastern markets in India. The principal reason for the conglomerate merger of the HSL and ADEHSL with the IBL is for utilization of financial resources, enlargement of debt capacity, and increase in the value of outstanding shares by increased leverage and earnings per share, and by lowering the average cost of capital. The proposed amalgamation will help the IBL to foray into varied businesses without having to incur large start-up costs normally associated with a new business. Our Promoter (“Transferee Company”) vide resolution of its board of directors dated December 3, 2019 filed an application under section 230-232 of the Companies Act, 2013 with the Hon’ble National Company Law Tribunal, Mumbai HSL (“Transferor Company 1”) and ADEHSL (“Transferor Company 2”). The Hon’ble NCLT vide its order dated August 10, 2020 sanctioned the amalgamation of Transferor Company 1 and Transferor Company 2 in the Transferee Company. The Appointed date of the scheme is April 1, 2018.

Nature of activities

Our Corporate Promoter as a diversified presence across food and hospitality, dairy, healthcare and pharma, engineering, agri, biotech, and infrastructure, the company operates with a vision that extends beyond conventional business boundaries. Indrayani Biotech Limited's operational canvas is enriched by its ventures in various sectors. This diversified portfolio underscores the company's commitment to addressing diverse market needs.

The company strategically identifies and aggregates Micro, Small, and Medium Enterprises (MSMEs) with high potential and expertise within its operational verticals. This approach facilitates vertical growth while ensuring a seamless transition that complements the existing promoters.

Note 1: Corporate Information

The Company was incorporated on September 29, 2010 as a private limited company under The Companies Act, 2013. The Company is in the business of Processing of Milk and Production of Milk Products.

Note 2: Basis of preparation of financial statements

Statement of compliance

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ('the Act') (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

Basis of preparation and presentation

These financial statements are prepared in accordance with Indian Accounting Standard (Ind AS), under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013. The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

Effective April 1, 2022, the Company has adopted all the Ind AS standards and the adoption was carried out in accordance with Ind AS 101 First time adoption of Indian Accounting Standards, with April 1, 2022 as the transition date. The transition was carried out from Indian Accounting Principles generally accepted in India as prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (IGAAP), which was the previous GAAP.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. The year-end figures have been meticulously extracted from the source and all values are represented in Indian Rupees (Rs.) and are denoted in lakhs. Figures for earlier years have been regrouped wherever necessary to make them comparable with current year's figures

Use of estimates

The preparation of financial statements in conformity with Generally Accepted Accounting Principles (GAAP) requires management to make judgments, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses and the disclosure of contingent liabilities on the date of the financial statements. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Any revision to accounting estimates is recognised prospectively in current and future periods.

Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is the Company's functional currency. All financial information presented in INR has been rounded to the nearest lakhs (up to two decimals).

Note 3: Significant Accounting Policies

3.1 Current and Non-Current Classification:

The Company presents assets and liabilities in the balance sheet based on current/noncurrent classification. An asset is treated as current when it is:

- Expected to be realized in normal operating cycle or within twelve months after the reporting period or
- Cash or cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle or due to be settled within twelve months after the reporting period or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

3.2 Inventories (Ind AS 2)

Inventories comprise of raw materials and packing materials, work-in-progress, finished goods, stock-in-trade and stores and spares and are carried at the lower of cost and net realisable value. The cost of inventories is based on the weighted average cost method and includes expenditure incurred in acquiring the inventories, production or conversion costs and other costs incurred in bringing them to their present location and condition. In the case of manufactured inventories and work-in-progress, cost includes an appropriate share of fixed production overheads based on normal operating capacity.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale. The net realisable value of work-in-progress is determined with reference to the selling prices of related finished products. The comparison of cost and net realisable value is made on an item-by-item basis.

Raw materials, components and other supplies held for use in the production of finished products are not written down below cost except in cases where material prices have declined, and it is estimated that the cost of the finished products will exceed their net realisable value.

Goods-in-transit are valued at cost which represents the costs incurred upto the stage at which the goods are in-transit.

3.3 Cash flow Statement (Ind AS 7)

Cash flows are presented using indirect method, whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments.

Bank borrowings are generally considered to be financing activities. However, where bank overdrafts which are repayable on demand form an integral part of an entity's cash management, bank overdrafts are included as a component of cash and cash equivalents for the purpose of Cash flow statement.

3.4 Provision for Current Tax and Deferred Tax (Ind AS 12)

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Considering the Prudence and Unutilised Tax Losses, which results in Net Deferred Tax Assets has not been recognized.

3.5 Property, Plant & Equipment (Ind AS 16)

Presentation

Property, Plant and Equipment are stated at cost of acquisition including attributable interest and finance cost, if any, till the date of acquisition/ installation of the assets less accumulated depreciation and impairment losses, if any.

Subsequent expenditure relating to Property, Plant and Equipments are capitalised only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are charged to the Statement of Profit and Loss as incurred. The cost and related accumulated depreciation are eliminated from the financial statements, either on disposal or when retired from active use and the resultant gain or loss are recognized in the Statement of Profit and Loss.

Capital work-in-progress, representing expenditure incurred in respect of assets under development and not ready for their intended use, are carried at cost. Cost includes related acquisition expenses, construction cost, related borrowing cost and other direct expenditure.

Depreciation

Depreciation on items of Property, Plant & Equipment is calculated on a Written Down Value basis as per the useful lives prescribed and, in the manner, laid down under Schedule II to the Companies Act, 2013 and additions and deletions are restricted to the period of use. If the Management's estimate of the useful life of a fixed asset is different than that envisaged in the aforesaid Schedule, depreciation is provided based on the Management's estimate of the useful life.

Depreciation on addition to property, plant and equipment is provided on pro-rata basis from the date of acquisition. Depreciation on sale/deduction from property, plant and equipment is provided up to the date preceding the date of sale or deduction as the case may be. Gains and losses on disposal are determined by comparing proceeds with carrying amount.

3.6 Revenue Recognition (Ind AS 18)

Revenue is primarily derived from sale of milk products and milk processing charges. Sales are recognized net of discounts, on transfer of title over goods with significant risks and rewards, for a price and where no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of the goods. Sales have been recognized net of any taxes or duties collected on behalf of the government such as goods and services tax, etc.

Revenue from service contracts are recognized as per the contractual terms as and when the services are rendered. No further obligations remain, and the collection is probable.

Interest income is recognized using the effective interest rate method. The effective interest rate is the rate that discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of the financial asset. Interest income is included under the head "other income" in the statement of profit and loss.

3.7 Foreign Currency Transaction (Ind AS 21)

Transactions in foreign currencies are translated into the functional currency at the exchange rates at the dates of the transactions. Exchange differences arising on settlement or translations of monetary items are recognized in the statement of profit and loss.

3.8 Borrowing cost (Ind AS 23)

Borrowing costs that are attributable to the acquisition of or construction of a qualifying asset are capitalized as part of cost of such asset till such time as the asset is ready for its intended use. Other borrowing costs are recognized as expenses for the period. In relation to property, plant and equipment which necessarily take substantial period of time to get ready for their intended use, borrowing costs relating to the acquisition of the assets, up to the date of putting them into commercial production have been added to the value of the respective assets.

3.9 Earnings per Share (Ind AS 33)

Basic Earnings Per Share is computed by dividing the net profit attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit by the weighted average number of equity shares outstanding during the year.

3.10 Provisions, Contingent Liabilities and Contingent Assets (Ind AS 37)

Provisions, involving a substantial degree of estimation in measurement, are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources.

Contingent liabilities, which are possible or present obligations that may but probably will not require outflow of resources, are not recognized but are disclosed in the notes forming part of accounts.

3.11 Financial Instruments

a. Initial recognition

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss, are added to the fair value on initial recognition. Loans, borrowings and payables are recognised net of directly attributable transaction costs.

Financial assets or Liabilities carried at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial Liabilities give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets

All regular way purchases or sales of financial assets are recognized and derecognized on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace. All recognized financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets

Classification of financial Assets

Debt instruments that meet the following conditions are subsequently measured at amortized cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition). The debt instruments carried at amortized cost include interest free Rental deposits.

- The asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and

- The contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

a. Effective interest method

The effective interest method is a method of calculating the amortized cost of a debt instrument and of allocating interest expenses over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Expense is recognized on an effective interest basis for debt instruments other than those financial liabilities classified as at FVTPL. Interest expense is recognized in profit or loss and is included in the Finance cost line item.

b. Impairment of financial assets

The Company applies the expected credit loss model for recognizing impairment loss on financial assets measured at amortized cost, lease receivables, trade receivables, and other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual terms of the financial instrument through the expected life of that financial instrument. The Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information or case to case basis.

c. De-recognition of financial assets

The Company de-recognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognizes its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognize the financial asset and also recognizes a collateralized borrowing for the proceeds received.

On de-recognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognized in other comprehensive income and accumulated in equity is recognized in profit or loss if such gain or loss would have otherwise been recognized in profit or loss on disposal of that financial asset.

Financial Liabilities

a. Financial liabilities

All financial liabilities are subsequently measured at amortized cost using the effective interest method or at FVTPL. However, financial liabilities that arise when a transfer of a financial asset does not qualify for de-recognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Company, and commitments issued by the Company to provide a loan at below-market interest rate are measured in accordance with the specific accounting policies set out below.

b. Financial liabilities at FVTPL

Financial liabilities at FVTPL include derivative liabilities. Non-derivative financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognized by the Company as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designated as at FVTPL. There are no non-derivative financial liabilities carried at FVTPL.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on re-measurement recognized in profit or loss. The net gain or loss recognized in profit or loss incorporates any interest paid on the financial liability and is included in the 'Other income' line item.

c. Financial liabilities subsequently measured at amortized cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method. Interest expense that is not capitalized as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

The fair value of financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period. For financial liabilities that are measured as at FVTPL, the foreign exchange component forms part of the fair value gains or losses and is recognized in profit or loss.

d. De-recognition of financial liabilities

The Company de-recognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an

extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognized in profit or loss.

MANAGEMENT DISCUSSION AND ANALYSIS OF FINANCIAL POSITION AND RESULTS OF OPERATIONS

You should read the following discussion of our financial condition and results of operations together with our Restated financial statements included in the Prospectus. You should also read the section entitled “Risk Factors” beginning on page 28, which discusses several factors, risks and contingencies that could affect our financial condition and results of operations. The following discussion relates to our Company and is based on our Restated financial statements, which have been prepared in accordance with requirements of the Companies Act and Ind AS and restated in accordance with the SEBI Regulations which differ in certain.

material respects from IFRS, U.S. GAAP and GAAP in other countries. We do not provide a reconciliation of our restated financial statements to US GAAP or IFRS and we have not otherwise quantified or identified the impact of the differences between Ind AS and U.S. GAAP or IFRS as applied to our restated financial statements. Portions of the following discussion are also based on internally prepared statistical information and on other sources. Our fiscal year ends on March 31 of each year, so all references to a particular fiscal year (“Fiscal Year”) are to the twelve-month period ended March 31 of that year.

This discussion contains forward-looking statements and reflects our current views with respect to future events and financial performance. Actual results may differ materially from those anticipated in these forward-looking statements as a result of certain factors such as those described under “Risk Factors” and “Forward Looking Statements” beginning on pages 28 and 17 respectively, and elsewhere in this Prospectus. Accordingly, the degree to which the financial statements in this Prospectus will provide meaningful information depend entirely on such potential investor's level of familiarity with Indian accounting practices. Please also refer to section titled “Presentation of Financial, Industry and Market data” beginning on page 15 of this Prospectus

BUSINESS OVERVIEW

Established in 2010, we are primarily engaged in processing of whole milk and skimmed milk to make dairy ingredients including, milk protein concentrates, skimmed milk powder, dairy whitener, whey protein concentrate, milk whey powder, casein, unbranded cream, butter and fat filled powders for infant milk formula. Our processing facility is situated at Dindigul and is spread over 15 acres. Our management system has been assessed and determined to comply with the requirements of FSSC 22000. We also follow and comply with requirements of various relevant authorities in our industry such as FSSAI, Halal, Kosher, Export Import Council of India, Europe Regulations in respect of certain of our products. We have also obtained registration cum membership certificate from APEDA.

Our procurement operations consist of an average procurement of approximately 50,000 litres per day of milk directly from farmers and around 30,000-1,00,000 litres per day of whole milk from open market or third-party suppliers. As on the date of the DRHP, we have built a network of more than 150 village collection centers, with direct access to more than 4,000 farmers and more than 50 dairy farms. We procure whole milk either directly from the farmers and through third party suppliers. The skimmed milk is procured by us from third party suppliers, majorly from our Group Company A R Dairy Food Private Limited.

We place significant emphasis on quality control and assurance processes across the business model ensuring and setting the right customer expectation and assurance models. The whole milk procured by us is tested by automatic Milk analysers placed at Village Level Milk Collection centers and a combined quality and sampling methods at Chilling Center Level. Our key products have received and tested in regular intervals by NABL approved food testing labs to comply the requirements of the above stated quality certifying / assuring / inspection authorities Like FSSC etc. Quality food safety forms a part of our policy and we believe is one of the main drivers of our business. We have well defined documented quality system and Standard Operating procedures (SOPs) which is monitored at various stages of procurement and processing.

C. LITIGATIONS INVOLVING THE GROUP COMPANY OF THE COMPANY

1. Our Group Company A R Dairy Private Limited has filed a Memorandum of Criminal Original Petition Number CrI.O.P.(M.D) No.1299 of 2023, in the High Court of Judicature Madras at Madurai Bench, against the Food Safety Officer, Palani, Distt. Dindigul praying for quashing of the Complaint No. STC 291 of 2021 on the file of Judicial Magistrate Palani. The Food Safety Officer had filed a Charge Sheet on the basis of a report of a Food Analyst stating that the Sample of water collected from their factory was substandard and unsafe. The Charge Sheet was filed with procedural flaws as the samples were analyzed after the ‘Best Before Dates’ as per Food Safety Standards Rules, 2006. The sample ‘Raaj’ Packaged Drinking Water had a product shelf life of 30 days. The product was packed on January 21, 2017 and the Best Before Date was February 20, 2017. As per the FSS Act the Sample should have been analyzed and the results should have been sent to the Petitioner within 14 Days of time from the Date of sample received. The Report of the Food Analyst stated that the Product was analyzed from June 19, 2017 to June 27, 2017 whereas the Packaged Drinking water had crossed its Best Before Date on February 20, 2017. The Petitioner had availed the opportunity of appeal under section 46(4) of FSSAI Act and the Sample was again sent to the Referral lab. It was alleged by the Petitioner that the Sample which was already expired was again analyzed from November 17, 2017 to November 28, 2017. The Referral Lab Report confirmed the earlier report and opined it to be unsafe for human consumption as per the FSSAI Act. Further, as per FSSAI Rules under Section 77 the trial court should have taken the cognizance of the offence within one year from the alleged date of occurrence which was February 02, 2017 and the prosecution was filed on March 29, 2021 which was beyond the period of limitation and the cognizance taken was unsustainable. The Petitioner had therefore prayed to quash the complaint in STC No. 291 of 2021 on the file of Judicial Magistrate Court, Palani

2. Our Group Company A R Dairy Private Limited has filed a Writ Petition Number WP(MD) No. 21172 of 2018, in the High Court of Judicature Madras at Madurai Bench, against the Food Safety Officer, Dindigul and another, praying for quashing of the report of Food analyst stating that the Sample of water which was collected from their premises on August 18, 2017 was substandard and unsafe. The sample ‘Raaj’ Packaged Drinking Water had a product shelf life of Six Months. The product was packed on August 16, 2017 and the Best Before Date was February 16, 2018. The Group Company received the Analysis Report of Food Analyst, Madurai stating that out of 11 parameters 2 parameters exceeded the permissible limit under regulation 2.10.8 of FSS Regulations 2011 and the Sample was unsafe. The designated officer issued a letter on December 09, 2017 which was received by Group Company through Registered Post on December 19, 2017 giving an opportunity for appeal. The Petitioner had availed the opportunity of appeal under section 46(4) of FSSAI Act and the Sample was again sent to the Referral lab, Thanjavur. The Petitioner alleged that they received the analysis report of the Director IIFPT, Thanjavur dated July 16, 2018 which was against the Rule 2.4.2 (5) of The FSS Rules 2011 as it stipulated that the analysis should be done within 14 days of the receipt of the sample. Therefore the analysis done at the first instance and at the stage of appeal were not in conformity with the provisions of FSS Act 2006 and FSS Rules, 2011. Therefore, the captioned Writ Petition was filed seeking a Writ of Certiorari to call for the records pertaining to the impugned analysis report and to quash the same as illegal.

TRACK RECORD OF PAST ISSUES HANDLED BY BOOK RUNNING LEAD MANAGER

For details regarding track record of the Book Running Lead Manager to the Issue as specified in the Circular reference no. CIR/MIRSD/1/2012 dated January 10, 2012 issued by the SEBI, please refer the website of the Lead Manager at: www.beelinemb.com

PROMISE VIS-A-VIS PERFORMANCE

Except as disclosed in the chapter titled "Capital Structure" on page 71, neither our Company nor our Promoters and Promoters' Group Companies/Entities have made any previous rights or public issues during last five years.

STOCK MARKET DATA FOR OUR EQUITY SHARES

This being an Initial Public Offering of the Equity Shares of our Company, the Equity Shares are not listed on any stock exchange.

MECHANISM FOR REDRESSAL OF INVESTOR GRIEVANCES

The Registrar Agreement provides for retention of records with the Registrar to the Issue for a period of three years from the date of listing and commencement of trading of the Equity Shares to enable the Bidders to approach the Registrar to the Issue for redressal of their grievances. The Registrar to the Issue shall obtain the required information from the SCSBs for addressing any clarifications or grievances of ASBA Bidders.

All grievances, other than of Anchor Investors may be addressed to the Registrar to the Issue with a copy to the relevant Designated Intermediary with whom the ASBA Form was submitted, giving full details such as name of the sole or First Bidder, ASBA Form number, Bidder's DP ID, Client ID, PAN, address of Bidder, number of Equity Shares applied for, ASBA Account number in which the amount equivalent to the Bid Amount was blocked or the UPI ID (for UPI Bidders who make the payment of Bid Amount through the UPI Mechanism), date of ASBA Form and the name and address of the relevant Designated Intermediary where the Bid was submitted. Further, the Bidder shall enclose the Acknowledgment Slip or the application number from the Designated Intermediary in addition to the documents or information mentioned hereinabove. All grievances relating to Bids submitted through Registered Brokers may be addressed to the Stock Exchange with a copy to the Registrar to the Issue.

All grievances of the Anchor Investors may be addressed to the Registrar to the Issue, giving full details such as the name of the sole or First Bidder, Bid cum Application Form number, Bidders' DP ID, Client ID, PAN, date of the Bid cum Application Form, address of the Bidder, number of the Equity Shares applied for, Bid Amount paid on submission of the Bid cum Application Form and the name and address of the Book Running Lead Manager where the Bid cum Application Form was submitted by the Anchor Investor.

In case of any delay in unblocking of amounts in the ASBA Accounts exceeding four Working Days from the Bid / Issue Closing Date, the Bidder shall be compensated at a uniform rate of ₹ 100 per day for the entire duration of delay exceeding four Working Days from the Bid / issue Closing Date by the intermediary responsible for causing such delay in unblocking. The BRLM shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking.

In terms of SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, as amended pursuant to SEBI circular SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, the SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, and SEBI master circular no. SEBI/HO/CFD/PoD-2/P/CIR/2023/00094 dated June 21, 2023, and subject to applicable law, any ASBA Bidder whose Bid has not been considered for Allotment, due to failure on the part of any SCSB, shall have the option to seek redressal of the same by the concerned SCSB within three months of the date of listing of the Equity Shares. SCSBs are required to resolve these complaints within 15 days, failing which the concerned SCSB would have to pay interest at the rate of 15% per annum for any delay beyond this period of 15 days. Further, the investors shall be compensated by the SCSBs in accordance with SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 in the events of delayed unblock for cancelled/withdrawn/deleted applications, blocking of multiple amounts for the same UPI application, blocking of more amount than the application amount, delayed unblocking of amounts for nonallotted/partially-allotted applications, for the stipulated period. In an event there is a delay in redressal of the investor grievance in relation to unblocking of amounts, the BRLMs shall compensate the investors at the rate higher of ₹100 or 15% per annum of the application amount for the period of such delay. Further, in terms of SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, the payment of processing fees to the SCSBs shall be undertaken pursuant to an application made by the SCSBs to the BRLMs, and such application shall be made only after (i) unblocking of application amounts for each application received by the SCSB has been fully completed, and (ii) applicable compensation relating to investor complaints has been paid by the SCSB.

The following compensation mechanism has become applicable for investor grievances in relation to Bids made through the UPI Mechanism for public issues opening on or after May 1, 2021, for which the relevant SCSBs shall be liable to compensate the investor:

Scenario	Compensation amount	Compensation period
Delayed unblock for cancelled / withdrawn / deleted applications	₹100 per day or 15% per annum of the Bid Amount, whichever is higher	From the date on which the request for cancellation / withdrawal / deletion is placed on the bidding platform of the Stock Exchange till the date of actual unblock
Blocking of multiple amounts for the same Bid made through the UPI	1. Instantly revoke the blocked funds other than the original application	From the date on which multiple amounts were blocked till the date of

Scenario	Compensation amount	Compensation period
Mechanism	amount and 2. ₹100 per day or 15% per annum of the total cumulative blocked amount except the original Bid Amount, whichever is higher	actual unblock
Blocking more amount than the Bid Amount	1. Instantly revoke the difference amount, i.e., the blocked amount less the Bid Amount and 2. ₹100 per day or 15% per annum of the difference amount, whichever is higher	From the date on which the funds to the excess of the Bid Amount were blocked till the date of actual unblock
Delayed unblock for non – Allotted / partially Allotted applications	₹100 per day or 15% per annum of the Bid Amount, whichever is higher	From the Working Day subsequent to the finalisation of the Basis of Allotment till the date of actual unblock

Further, in the event there are any delays in resolving the investor grievance beyond the date of receipt of the complaint from the investor, for each day delayed, the Book Running Lead Manager shall be liable to compensate the investor ₹ 100 per day or 15% per annum of the Bid Amount, whichever is higher. The compensation shall be payable for the period ranging from the day on which the investor grievance is received till the date of actual unblock.

Our Company, the BRLM and the Registrar to the Issue accept no responsibility for errors, omissions, commission or any acts of SCSBs including any defaults in complying with its obligations under applicable SEBI ICDR Regulations. In terms of SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/22, dated February 15, 2018, any ASBA Bidder whose Bid has not been considered for Allotment, due to failure on the part of any SCSB, shall have the option to seek redressal of the same by the concerned SCSB within three months of the date of listing of the Equity Shares. SCSBs are required to resolve these complaints within 15 days, failing which the concerned SCSB would have to pay interest at the rate of 15% per annum for any delay beyond this period of 15 days.

Joint Holders

Where 2 (two) or more persons are registered as the holders of any Equity Shares, they will be deemed to hold such Equity Shares as joint-holders with benefits of survivorship.

Jurisdiction

Exclusive Jurisdiction for the purpose of this Issue is with the competent courts/authorities in India.

The Equity Share have not been and will not be registered under the U.S. Securities Act or any state securities laws in the United States and may not be issued or sold within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable U.S. state securities laws. Accordingly, the Equity Shares are being issued and sold only outside the United States in off-shore transactions in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those issues and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be issued or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Nomination Facility to the Investor

In accordance with Section 72 of the Companies Act, 2013, read with Companies (Share Capital and Debentures) Rules, 2014, the sole Applicant, or the first Applicant along with other joint Applicants, may nominate any one person in whom, in the event of the death of sole Applicant or in case of joint Applicants, death of all the Applicants, as the case may be, the Equity Shares Allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to equity share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of Equity Share(s) by the person nominating. A buyer will be titled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at our Registered Office or Corporate Office or to the registrar and transfer agents of our Company.

Any person who becomes a nominee by virtue of the provisions of Section 72 of the Companies Act shall upon production of such evidence, as may be required by the Board, elect either:

1. to register himself or herself as the holder of the equity shares; or
2. to make such transfer of the Equity Shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the equity shares, and if the notice is not complied with within a period of ninety (90) days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the equity shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Issue will be made only in dematerialized form, there is no need to make a separate nomination with our Company. Nominations registered with respective depository participant of the applicant would prevail. If the Applicants require changing of their nomination, they are requested to inform their respective depository participant.

Restrictions, if any on Transfer and Transmission of Equity Shares

Except for the lock-in of the pre-Issue capital of our Company, Promoter's minimum contribution as provided under the chapter titled "*Capital Structure*" beginning on Page No. 71 of this Prospectus and except as provided in the Articles of Association there are no restrictions on transfer of Equity Shares. Further, there are no restrictions on the transmission of shares/debentures and on their consolidation/splitting, except as provided in the Articles of Association. For details, please refer chapter titled "*Description of Equity Shares and terms of the articles of association*" beginning on Page No. 257 of this Prospectus.

The above information is given for the benefit of the Applicants. The Applicants are advised to make their own enquiries about the limits applicable to them. Our Company and the Book Running Lead Manager do not accept any responsibility for the completeness and accuracy of the information stated herein above. Our Company and the Book Running Lead Manager are not liable to inform the investors of any amendments or modifications or changes in applicable laws or regulations, which may occur after the date of the Prospectus. Applicants are advised to make their independent investigations and ensure that the number of Equity Shares Applied for do not exceed the applicable limits under laws or regulations.

Withdrawal of the Issue

Our Company in consultation with the BRLM, reserve the right to not to proceed with the Issue after the Issue Opening Date but before the Allotment. In such an event, our Company would issue a public notice in the newspapers in which the pre-Issue advertisements were published, within two (2) days of the Issue Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Issue. The Book Running Lead Manager, through the

Registrar to the Issue, shall notify the SCSBs to unblock the bank accounts of the ASBA Bidders within one (1) Working Day from the date of receipt of such notification. Our Company shall also inform the same to the Stock Exchanges on which Equity Shares are proposed to be listed.

Notwithstanding the foregoing, this Issue is also subject to obtaining (i) the final listing and trading approvals of the Stock Exchange, which our Company shall apply for after Allotment (ii) the registration of Prospectus with RoC. If our Company in consultation with BRLM withdraws the Issue after the Issue Closing Date and thereafter determines that it will proceed with an issue/offer for sale of the Equity Shares, our Company shall file a fresh Draft Red Herring Prospectus with Stock Exchange.

Commencement of trading of the Equity Shares on the Stock Exchange	On or before Thursday, June 27, 2024

**Our Company in consultation with the Book Running Lead Manager may consider participation by Anchor Investors in accordance with the SEBI ICDR Regulations. The Anchor Investor Bidding Date shall be one Working Day prior to the Bid/ Issue Opening Date*

***In case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding two Working Days from the Bid/Issue Closing Date, the Bidder shall be compensated at a uniform rate of ₹ 100/- per day for the entire duration of delay exceeding two Working Days from the Bid/Issue Closing Date by the intermediary responsible for causing such delay in unblocking. The BRLM shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking. For the avoidance of doubt, the provisions of the SEBI circular dated March 16, 2021, as amended pursuant to SEBI circular dated June 2, 2021 shall be deemed to be incorporated in the agreements to be entered into by and between the Company and the relevant intermediaries, to the extent applicable.*

The above timetable, other than the Bid/Issue Closing Date, is indicative and does not constitute any obligation on our Company and the BRLM.

While our Company shall ensure that all steps for the completion of the necessary formalities for the listing and commencement of trading of the Equity Shares on the Stock Exchange are taken within three Working Days of the Bid/Issue Closing Date or such other period as may be prescribed by the SEBI, the timetable may be extended due to various factors, such as extension of the Bid/Issue Period by our Company in consultation with the BRLM, revision of the Price Band or any delay in receiving the final listing and trading approval from the Stock Exchange. The commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws.

The SEBI is in the process of streamlining and reducing the post Issue timeline for initial public offerings. Any circulars or notifications from the SEBI after the date of the Prospectus may result in changes to the above-mentioned timelines. Further, the Issue procedure is subject to change to any revised circulars issued by the SEBI to this effect.

The BRLM will be required to submit reports of compliance with listing timelines and activities, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

In terms of the UPI Circulars, in relation to the Issue, the BRLM will submit report of compliance with T+2 listing timelines and activities, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

Submission of Bids

Bid/Issue Period (except the Bid/Issue Closing Date)

Submission and Revision in Bids: Only between 10.00 a.m. and 5.00 p.m. (Indian Standard Time (“IST”))

Bid/Issue Closing Date

Submission and Revision in Bids: Only between 10.00 a.m. and 3.00 p.m. IST

On the Bid/Issue Closing Date, the Bids shall be uploaded until:

- i) 4.00 p.m. IST in case of Bids by QIBs and Non-Institutional Bidders, and
- ii) until 5.00 p.m. IST or such extended time as permitted by the Stock Exchange, in case of Bids by Retail Individual Bidders.

On the Bid/Issue Closing Date, extension of time will be granted by the Stock Exchange only for uploading Bids received from Retail Individual Bidders after taking into account the total number of Bids received and as reported by the BRLM to the Stock Exchange.

The Registrar to the Issue shall submit the details of cancelled/ withdrawn/ deleted applications to the SCSBs on a daily basis within 60 minutes of the Bid closure time from the Bid/ Issue Opening Date till the Bid/ Issue Closing Date by obtaining the same from the Stock Exchanges. The SCSBs shall unblock such applications by the closing hours of the Working Day and submit the confirmation to the BRLM and the RTA on a daily basis.

To avoid duplication, the facility of re-initiation provided to Syndicate Members, if any shall preferably be allowed only once per Bid/batch and as deemed fit by the Stock Exchange, after closure of the time for uploading Bids.

It is clarified that Bids not uploaded on the electronic bidding system or in respect of which the full Bid Amount is not blocked by SCSBs or not blocked under the UPI Mechanism in the relevant ASBA Account, as the case may be, would be rejected.

Due to limitation of time available for uploading the Bids on the Bid/Issue Closing Date, Bidders are advised to submit their Bids one day prior to the Bid/Issue Closing Date. Any time mentioned in this Prospectus is Indian Standard Time. Bidders are cautioned that, in the event a large number of Bids are received on the Bid/Issue Closing Date, as is typically experienced in public offerings, some Bids may not get uploaded due to lack of sufficient time. Such Bids that cannot be uploaded will not be considered for allocation under the Issue. Bids will be accepted only during Monday to Friday (excluding any public holiday). None among our Company or any Member of the Syndicate shall be liable for any failure in (i) uploading the Bids due to faults in any software/ hardware system or blocking of application amount by the SCSBs on receipt of instructions from the Sponsor Bank on account of any errors, omissions or non-compliance by various parties involved in, or any other fault, malfunctioning or breakdown in, or otherwise, in the UPI Mechanism.

In case of any discrepancy in the data entered in the electronic book vis-a-vis data contained in the physical Bid cum Application Form, for a particular Bidder, the details of the Bid file received from the Stock Exchanges may be taken. Our Company in consultation with the BRLM, reserves the right to revise the Price Band during the Bid/Issue Period, provided that the Cap Price shall be less than or equal to 120% of the Floor Price and the Floor Price shall not be less than the face value of the Equity Shares. The revision in the Price Band shall not exceed 20% on either side, i.e. the Floor Price can move up or down to the extent of 20% of the Floor Price and the Cap Price will be revised accordingly. The Floor Price shall not be less than the face value of the Equity Shares.

In case of any revision to the Price Band, the Bid/Issue Period will be extended by at least three additional Working Days following such revision of the Price Band, subject to the Bid/Issue Period not exceeding a total of 10 Working Days. In cases of force majeure, banking strike or similar circumstances, our Company in consultation with the BRLM, for reasons to be recorded in writing, extend the Bid/Issue Period for a minimum of three Working Days, subject to the Bid/ Issue Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid/Issue Period, if applicable, will be widely disseminated by notification to the Stock Exchange, by issuing a public notice, and also by indicating the change on the respective websites of the BRLM and the terminals of the Syndicate Members, if any and by intimation to SCSBs, other Designated Intermediaries and the Sponsor Bank, as applicable. In case of revision of Price Band, the Bid Lot shall remain the same.

Minimum Subscription

This Issue is not restricted to any minimum subscription level and is 100% underwritten. As per Section 39 of the Companies Act, 2013, if the stated minimum amount has not be subscribed and the sum payable on application is not received within a period of 30 days from the date of the Prospectus, the application money has to be returned within such period as may be prescribed. If our Company does not receive the 100% subscription of the issue through the Issue Document including devolvement of Underwriters, if any, within sixty (60) days from the date of closure of the issue, our Company shall forthwith refund the entire subscription amount received. If there is a delay beyond four days after our

Company becomes liable to pay the amount, our Company and every officer in default will, on and from the expiry of this period, be jointly and severally liable to repay the money, with interest or other penalty as prescribed under the SEBI Regulations, the Companies Act 2013 and applicable law.

ISSUE PROCEDURE

All Applicants should review the General Information Document for Investing in Public Issue, prepared and issued in accordance with the SEBI circular no CIR/CFD/DIL/12/2013 dated October 23, 2013 notified by SEBI and updated pursuant to SEBI Circular CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015, the SEBI Circular SEBI/HO/CFD/DIL/CIR/P/2016/26 dated January 21, 2016, SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 and updated pursuant to SEBI Circular SEBI/HO/CFD/DIL1/CIR/P/2020/37 dated March 17, 2020 (the “General Information Document”) which highlights the key rules, processes and procedures applicable to public issues in general in accordance with the provisions of the Companies Act, the SCRA, the SCRR and the SEBI ICDR Regulations. The General Information Document is available on the websites of Stock Exchange, the Company and the Book Running Lead Manager. Please refer to the relevant provisions of the General Information Document which are applicable to the Issue.

Additionally, all Applicants may refer to the General Information Document for information in relation to (i) Category of investor eligible to participate in the Issue; (ii) maximum and minimum Issue size; (iii) price discovery and allocation; (iv) Payment Instructions for ASBA Applicants; (v) Issuance of CAN and Allotment in the Issue; (vi) General instructions (limited to instructions for completing the Application Form); (vii) designated date; (viii) disposal of applications; (ix) submission of Application Form; (x) other instructions (limited to joint applications in cases of individual, multiple applications and instances when an application would be rejected on technical grounds); (xi) applicable provisions of Companies Act, 2013 relating to punishment for fictitious applications; (xii) mode of making refunds; and (xiv) interest in case of delay in Allotment or refund.

SEBI through its UPI Circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019 and circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, has introduced an alternate payment mechanism using Unified Payments Interface (UPI) and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI Mechanism for RIIs applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days (“UPI Phase I”). The UPI Phase I was effective till June 30, 2019.

Subsequently, for applications by Retail Individual Investors through Designated Intermediaries, the process of physical movement of forms from Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism with existing timeline of T+6 days is applicable for a period of three months or launch of five main board public issues, whichever is later (“UPI Phase II”), with effect from July 1, 2019, by SEBI circular (SEBI/HO/CFD/DIL2/CIR/P/2019/76) dated June 28, 2019, read with circular (SEBI/HO/CFD/DIL2/CIR/P/2019/85) dated July 26, 2019. Further, as per the SEBI circular (SEBI/HO/CFD/DCR2/CIR/P/2019/133) dated November 8, 2019, the UPI Phase II had been extended until March 31, 2020. However, due to the outbreak of COVID-19 pandemic, UPI Phase II has been further extended by SEBI until further notice, by its circular (SEBI/HO/CFD/DIL2/CIR/P/2020/50) dated March 30, 2020. Thereafter, the final reduced timeline of T+3 days may be made effective using the UPI Mechanism for applications by Retail Individual Investors (“UPI Phase III”), as may be prescribed by SEBI. Further, SEBI, vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, and circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, has introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances. This circular is effective for initial public offers opening on/or after May 1, 2021, except as amended pursuant to SEBI circular SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, and the provisions of this circular are deemed to form part of this Prospectus. Furthermore, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 5, 2022, all individual Investors in initial public offerings (opening on or after May 1, 2022) whose application sizes are up to ₹ 500,000 shall use the UPI Mechanism.

Furthermore, SEBI vide press release bearing number 12/2023 has approved the proposal for reducing the time period for listing of shares in public issue from existing 6 working days to 3 working days from the date of the closure of the issue. The revised timeline of T+3 days shall be made applicable in two phases i.e. voluntary for all public issues opening on or after September 1, 2023 and mandatory on or after December 1, 2023. Further, SEBI has vide its circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 reduced the time taken for listing of specified securities after the closure of a public issue to three Working Days. Accordingly, the Offer will be made under UPI Phase III on a mandatory basis, subject to any circulars, clarification or notification issued by the SEBI from time to time.

The list of Banks that have been notified by SEBI as Issuer Banks for UPI are provided on <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&intmId=40>. The list of Stockbrokers, Depository Participants (DP), Registrar to an Issue and Share Transfer Agent (RTA) that have been notified by SME Platform of BSE Limited (“BSE SME”) to act as intermediaries for submitting Application Forms are provided on

Phased implementation of Unified Payments Interface

SEBI has issued the UPI Circulars in relation to streamlining the process of public issue of inter alia, equity shares. Pursuant to the UPI Circulars, the UPI Mechanism has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under ASBA) for applications by RIBs through Designated Intermediaries with the objective to reduce the time duration from public issue closure to listing from six Working Days to up to three Working Days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI payment mechanism, the UPI Circulars have introduced the UPI Mechanism in three phases in the following manner:

Phase I: This phase was applicable from January 1, 2019 until March 31, 2019 or floating of five main board public issues, whichever is later. Subsequently, the timeline for implementation of Phase I was extended till June 30, 2019. Under this phase, an RII had the option to submit the ASBA Form with any of the Designated Intermediary and use his/her UPI ID for the purpose of blocking of funds. The time duration from public Issue closure to listing continued to be six working days.

Phase II: This phase has become applicable from July 1, 2019. SEBI vide its circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019 had extended the timeline for implementation of UPI Phase II till March 31, 2020. Further, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020 dated March 30, 2020 decided to continue Phase II of UPI with ASBA until further notice. Under this phase, submission of the ASBA Form by RIBs through Designated Intermediaries (other than SCSBs) to SCSBs for blocking of funds will be discontinued and will be replaced by the UPI Mechanism. However, the time duration from public Issue closure to listing would continue to be six Working Days during this phase.

Phase III: This phase has become applicable on a voluntary basis for all issues opening on or after September 1, 2023 and on a mandatory basis for all issues opening on or after December 1, 2023, vide SEBI circular bearing number SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 ("T+3 Notification"). In this phase, the time duration from public issue closure to listing has been reduced to three Working Days. The Issue shall be undertaken pursuant to the processes and procedures as notified in the T+3 Notification as applicable, subject to any circulars, clarification or notification issued by the SEBI from time to time, including any circular, clarification or notification which may be issued by SEBI.

The Issue is being made under Phase III of the UPI (on a mandatory basis).

All SCSBs offering facility of making application in public issues shall also provide facility to make application using the UPI Mechanism. The Issuers will be required to appoint one of the SCSBs as a sponsor bank to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and / or payment instructions of the Retail Individual Applicants into the UPI Mechanism.

For further details, refer to the General Information Document available on the websites of the Stock Exchange and the Book Running Lead Manager.

4. Overseas Corporate Bodies

As per the existing regulations, OCBs are not eligible to participate in this Issue. The RBI has however clarified in its circular, A.P. (DIR Series) Circular No. 44, dated December 8, 2003 that OCBs which are incorporated and are not under the adverse notice of the RBI are permitted to undertake fresh investments as 138 incorporated non-resident entities in terms of Regulation 5(1) of RBI Notification No.20/2000-RB dated May 3, 2000 under FDI Scheme with the prior approval of Government if the investment is through Government Route and with the prior approval of RBI if the investment is through Automatic Route on case by case basis. OCBs may invest in this Issue provided it obtains a prior approval from the RBI. On submission of such approval along with the Bid Cum Application Form, the OCB shall be eligible to be considered for share allocation.

MAXIMUM AND MINIMUM APPLICATION SIZE

1. For Retail Individual Bidders

The Application must be for a minimum of 2000 Equity Shares and in multiples of 2000 Equity Shares thereafter, so as to ensure that the Application Price payable by the Bidder does not exceed ₹ 2,00,000. In case of revision of Applications, the Retail Individual Bidders have to ensure that the Application Price does not exceed ₹ 2,00,000.

2. For Other than Retail Individual Bidders (Non-Institutional Applicants and QIBs):

The Application must be for a minimum of such number of Equity Shares that the Application Amount exceeds ₹ 2,00,000 and in multiples of 2000 Equity Shares thereafter. An Application cannot be submitted for more than the Net Issue Size. However, the maximum Application by a QIB investor should not exceed the investment limits prescribed for them by applicable laws. Under existing SEBI Regulations, a QIB Bidder cannot withdraw its Application after the Issue Closing Date and is required to pay 100% QIB Margin upon submission of Application.

In case of revision in Applications, the Non-Institutional Bidders, who are individuals, have to ensure that the Application Amount is greater than ₹ 2,00,000 for being considered for allocation in the Non-Institutional Portion.

Bidders are advised to ensure that any single Application from them does not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or regulation or as specified in this Prospectus.

The above information is given for the benefit of the Bidders. The Company and the BRLM are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Prospectus. Bidders are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

METHOD OF BIDDING PROCESS

Our Company, in consultation with the BRLM will decide the Price Band and the minimum Bid lot size for the Issue and the same shall be advertised in all editions of the English national newspaper, all editions of Hindi national newspaper and Tamil Nadu Edition of Regional newspaper Madras Money where the registered office of the company is situated, each with wide circulation at least two Working Days prior to the Bid / Issue Opening Date. The BRLM and the SCSBs shall accept Bids from the Bidders during the Bid / Issue Period.

- a) The Bid / Issue Period shall be for a minimum of three Working Days and shall not exceed 10 Working Days. The Bid/ Issue Period maybe extended, if required, by an additional three Working Days, subject to the total Bid/ Issue Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid / Issue Period, if applicable, will be published in all editions of the English national newspaper Financial Express, all editions of Hindi national newspaper Jansatta and Tamil Nadu Edition of Regional newspaper Madras Money where the registered office of the company is situated, each with wide circulation and also by indicating the change on the websites of the Book Running Lead Manager.
- b) Each Bid cum Application Form will give the Bidder the choice to Bid for up to three optional prices (for details refer to the paragraph titled “Bids at Different Price Levels and Revision of Bids” below) within the Price Band and specify the demand (i.e., the number of Equity Shares Bid for) in each option. The price and demand options submitted by the Bidder in the Bid cum Application Form will be treated as optional demands from the Bidder and will not be cumulated. After determination of the Issue Price, the maximum number of Equity Shares Bid for by a Bidder/Applicant at or above the Issue Price will be considered for allocation/Allotment and the rest of the Bid(s), irrespective of the Bid Amount, will become automatically invalid.
- c) The Bidder / Applicant cannot Bid through another Bid cum Application Form after Bids through one Bid cum Application Form have been submitted to a BRLM or the SCSBs. Submission of a second Bid cum Application Form to either the same or to another BRLM or SCSB will be treated as multiple Bid and is liable to be rejected either before entering the Bid into the electronic bidding system, or at any point of time prior to the allocation or Allotment of Equity Shares in this Issue. However, the Bidder can revise the Bid through the Revision Form, the procedure for which is detailed under the paragraph “Buildup of the Book and Revision of Bids”.
- d) The BRLM/the SCSBs will enter each Bid option into the electronic bidding system as a separate Bid and generate a Transaction Registration Slip, (“TRS”), for each price and demand option and give the same to the Bidder. Therefore, a Bidder can receive up to three TRSs for each Bid cum Application Form
- e) Upon receipt of the Bid cum Application Form, submitted whether in physical or electronic mode, the Designated Branch of the SCSB shall verify if sufficient funds equal to the Bid Amount are available in the ASBA Account, as mentioned in the Bid cum Application Form, prior to uploading such Bids with the Stock Exchange.
- f) If sufficient funds are not available in the ASBA Account, the Designated Branch of the SCSB shall reject such Bids and shall not upload such Bids with the Stock Exchange.
- g) If sufficient funds are available in the ASBA Account, the SCSB shall block an amount equivalent to the Bid Amount mentioned in the Bid cum Application Form and will enter each Bid option into the electronic bidding system as a separate Bid and generate a TRS for each price and demand option. The TRS shall be furnished to the ASBA Bidder on request.
- h) The Bid Amount shall remain blocked in the aforesaid ASBA Account until finalization of the Basis of Allotment and consequent transfer of the Bid Amount against the Allotted Equity Shares to the Public Issue Account, or until withdrawal/failure of the Issue or until withdrawal/rejection of the Bid cum Application Form, as the case may be. Once the Basis of Allotment is finalized, the Registrar to the Issue shall send an appropriate request to the SCSB for unblocking the relevant ASBA Accounts and for transferring the amount allocable to the successful Bidders to the Public Issue Account. In case of withdrawal/failure of the Issue, the blocked amount shall be unblocked on receipt of such information from the Registrar to the Issue.

BIDS AT DIFFERENT PRICE LEVELS AND REVISION OF BIDS

- a) Our Company in consultation with the BRLM, and without the prior approval of, or intimation, to the Bidders, reserves the right to revise the Price Band during the Bid/ Issue Period, provided that the Cap Price shall be less than

or equal to 120% of the Floor Price and the Floor Price shall not be less than the face value of the Equity Shares. The revision in Price Band shall not exceed 20% on the either side i.e. the floor price can move up or down to the extent of 20% of the floor price disclosed. If the revised price band decided, falls within two different price bands than the minimum application lot size shall be decided based on the price band in which the higher price falls into.

- b) Our Company in consultation with the BRLM, will finalize the Issue Price within the Price Band, without the prior approval of, or intimation, to the Bidders.
- c) The Bidders can Bid at any price within the Price Band. The Bidder has to Bid for the desired number of Equity Shares at a specific price. Retail Individual Bidders may Bid at the Cut-off Price. However, bidding at the Cut-off Price is prohibited for QIB and Non-Institutional Bidders and such Bids from QIB and Non-Institutional Bidders shall be rejected.
- d) Retail Individual Bidders, who Bid at Cut-off Price agree that they shall purchase the Equity Shares at any price within the Price Band. Retail Individual Bidders shall submit the Bid cum Application Form along with a cheque/demand draft for the Bid Amount based on the Cap Price with the Syndicate. In case of ASBA Bidders (excluding Non-Institutional Bidders and QIB Bidders) bidding at Cut-off Price, the ASBA Bidders shall instruct the SCSBs to block an amount based on the Cap Price.

Participation by Associates /Affiliates of BRLM and the Syndicate Members

The BRLM and the Syndicate Members, if any, shall not be allowed to purchase in this Issue in any manner, except towards fulfilling their underwriting obligations. However, the associates and affiliates of the BRLM and the Syndicate Members, if any, may subscribe the Equity Shares in the Issue, either in the QIB Category or in the Non-Institutional Category as may be applicable to such Bidders, where the allocation is on a proportionate basis and such subscription may be on their own account or on behalf of their clients.

Option to Subscribe in the Issue

- a. As per Section 29(1) of the Companies Act 2013, allotment of Equity Shares shall be made in dematerialized form only. Investors will not have the option of getting allotment of specified securities in physical form.
- b. The Equity Shares, on allotment, shall be traded on the Stock Exchange in demat segment only.
- c. A single application from any investor shall not exceed the investment limit/minimum number of Equity Shares that can be held by him/her/it under the relevant regulations/statutory guidelines and applicable law.

Only Bids accompanied by payment in Indian Rupees or freely convertible foreign exchange will be considered for Allotment. Eligible NRI Bidders bidding on a repatriation basis by using the Non-Resident Forms should authorize their SCSB (if they are Bidding directly through the SCSB) or confirm or accept the UPI Mandate Request (in case of Bidding through the UPI Mechanism) to block their Non-Resident External ("NRE") accounts, or Foreign Currency Non-Resident ("FCNR") Accounts, and eligible NRI Bidders bidding on a non- repatriation basis by using Resident Forms should authorize their SCSB (if they are Bidding directly through SCSB) or confirm or accept the UPI Mandate Request (in case of Bidding through the UPI Mechanism) to block their Non-Resident Ordinary ("NRO") accounts for the full Bid Amount, at the time of the submission of the Bid cum Application Form. Participation of Eligible NRIs in the Issue shall be subject to the FEMA Rules.

In accordance with the Consolidated FDI Policy, the total holding by any individual NRI, on a repatriation or non-repatriation basis, shall not exceed 5.00% of the total paid-up equity capital on a fully diluted basis or shall not exceed 5.00% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together, on a repatriation or non- repatriation basis, shall not

exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrant. Provided that the aggregate ceiling of 10.00% may be raised to 24.00% if a special resolution to that effect is passed by the general body of the Indian company.

NRIs will be permitted to apply in the Issue through Channel I or Channel II (as specified in the UPI Circular). Further, subject to applicable law, NRIs may use Channel IV (as specified in the UPI Circular) to apply in the Issue, provided the UPI facility is enabled for their NRE/ NRO accounts.

NRIs applying in the Issue using UPI Mechanism are advised to enquire with the relevant bank whether their bank account is UPI linked prior to making such application. For details of investment by NRIs, please refer chapter titled “Restrictions on Foreign Ownership of Indian Securities” beginning on Page No. 255 of this Prospectus. Participation of eligible NRIs shall be subject to FEMA NDI Rules.

BIDS BY FPIs

In terms of the SEBI FPI Regulations, the issue of Equity Shares to a single FPI or an investor group (which means the same multiple entities having common ownership directly or indirectly of more than 50% or common control) must be below 10% of our post-Issue Equity Share capital. Further, in terms of the FEMA NDI Rules, with effect from April 1, 2020, the aggregate FPI investment limit is the sectoral cap applicable to an Indian company as prescribed in the FEMA NDI Rules with respect to its paid-up equity capital on a fully diluted basis. Currently, the sectoral cap for retail trading of food products manufactured and/ or produced in India is 100% under automatic route.

FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time. In case of Bids made by FPIs, a certified copy of the certificate of registration issued under the SEBI FPI Regulations is required to be attached to the Bid cum Application Form, failing which our Company reserves the right to reject any Bid without assigning any reason. FPIs who wish to participate in the Issue are advised to use the Bid cum Application Form for Non-Residents.

In terms of the FEMA, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs shall be included.

The FEMA NDI Rules were enacted on October 17, 2019 in supersession of the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2017, except as respects things done or omitted to be done before such supersession. FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI, may issue, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only by persons registered as Category I FPIs; (ii) such offshore derivative instruments are issued only to persons eligible for registration as Category I FPIs; (iii) such offshore derivative instruments are issued after compliance with ‘know your client’ norms; and (iv) such other conditions as may be specified by SEBI from time to time.

An FPI issuing off-shore derivative instruments is also required to ensure that any transfer of off-shore derivative instruments issued by, or on behalf of it subject to, inter alia, the following conditions:

- (i). such offshore derivative instruments are transferred to person subject to fulfilment of SEBI FPI Regulations; and
- (ii). prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred are pre-approved by the FPI.

Bids by FPIs which utilise the multi-investment manager structure in accordance with the Operational Guidelines for Foreign Portfolio Investors and Designated Depository Participants issued to facilitate implementation of the SEBI FPI Regulations (“Operational FPI Guidelines”), submitted with the same PAN but with different beneficiary account numbers, Client IDs and DP IDs shall not be treated as multiple Bids (“MIM Bids”). It is hereby clarified that FPIs bearing the same PAN may be treated as multiple Bids by a Bidder and may be rejected, except for Bids from FPIs that utilise the multi-investment manager structure in accordance with the Operational FPI Guidelines (such structure referred to as “MIM Structure”). In order to ensure valid Bids, FPIs making MIM Bids using the same PAN and with different beneficiary account numbers, Client IDs and DP IDs, are required to submit a confirmation that their Bids are under the MIM Structure and indicate the name of their investment managers in such confirmation which shall be submitted along with each of their Bid cum Application Forms. In the absence of such confirmation from the relevant FPIs, such MIM Bids shall be rejected.

BIDS BY SEBI-REGISTERED AIFS, VCFs AND FVCIS

The SEBI FVCI Regulations, SEBI VCF Regulations and the SEBI AIF Regulations prescribe, inter alia, the investment restrictions on the FVCIs, VCFs and AIFs registered with SEBI respectively. FVCIs can invest only up to 33.33% of the investible funds by way of subscription to an initial public offering. Category I AIF and Category II AIF cannot invest more than 25% of the investible funds in one investee company directly or through investment in the units of other AIFs. A Category III AIF cannot invest more than 10% of the investible funds in one investee company directly or through investment in the units of other AIFs. AIFs which are authorized under the fund documents to invest in units of AIFs are prohibited from offering their units for subscription to other AIFs. A VCF registered as a Category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than 1/3rd of its investible funds by way of subscription to an initial public offering of a venture capital undertaking. Additionally, a VCF that has not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the SEBI VCF Regulations (and accordingly shall not be allowed to participate in the Issue) until the existing fund or scheme managed by the fund is wound up and such funds shall not launch any new scheme after the notification of the SEBI AIF Regulations.

There is no reservation for Eligible NRIs, FPIs and FVCIs and all Bidders will be treated on the same basis with other categories for the purpose of allocation.

Further, the shareholding of VCFs, category I AIFs or category II AIFs and FVCIs holding Equity Shares prior to Issue, shall be locked-in for a period of at least one year from the date of purchase of such Equity Shares.

All non-resident investors should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and commission.

The Company or the BRLM will not be responsible for loss, if any, incurred by the Bidder on account of conversion of foreign currency.

BIDS BY LIMITED LIABILITY PARTNERSHIPS

In case of Bids made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserve the right to reject any Bid without assigning any reason thereof.

BIDS BY BANKING COMPANIES

In case of Bids made by banking companies registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, and (ii) the approval of such banking company's investment committee are required to be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserves the right to reject any Bid without assigning any reason thereof. The investment limit for banking companies in non-financial services companies as per the Banking Regulation Act, the Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, as amended and Master Circular on Basel III Capital Regulations dated July 01, 2014, as amended, is 10.00% of the paid up share capital of the investee company, not being its subsidiary engaged in non-financial services, or 10.00% of the bank's own paid-up share capital and reserves, whichever is lower.

However, a banking company would be permitted to invest in excess of 10% but not exceeding 30% of the paid up share capital of such investee company, subject to prior approval of the RBI if (i) the investee company is engaged in non-financial activities permitted for banking companies in terms of Section 6(1) of the Banking Regulation Act; or (ii) the additional acquisition is through restructuring of debt, or to protect the banking company's interest on loans/investments made to a company. The bank is required to submit a time bound action plan to the RBI for the disposal of such shares within a specified period. The aggregate investment by a banking company along with its subsidiaries, associates or joint ventures or entities directly or indirectly controlled by the bank; and mutual funds managed by asset management companies controlled by the bank, more than 20% of the investee company's paid up share capital engaged in non-financial services. However, this cap doesn't apply to the cases mentioned in (i) and (ii) above. The aggregate equity investments made by a banking company in all subsidiaries and other entities engaged in financial services and non-financial services, including overseas investments shall not exceed 20% of the bank's paid-up share capital and reserves.

In terms of the Master Circular on Basel III Capital Regulations dated July 1, 2014, as amended (i) a bank's investment in the capital instruments issued by banking, financial and insurance entities should not exceed 10% of its capital funds; (ii) banks should not acquire any fresh stake in a bank's equity shares, if by such acquisition, the investing bank's holding exceeds 5% of the investee bank's equity capital; (iii) equity investment by a bank in a subsidiary company, financial services company, financial institution, stock and other exchanges should not exceed 10% of the bank's paid-up share capital and reserves; (iv) equity investment by a bank in companies engaged in non-financial services activities would be subject to a limit of 10% of the investee company's paid-up share capital or 10% of the bank's paid-up share capital and

reserves, whichever is less; and (v) a banking company is restricted from holding shares in any company, whether as pledgee, mortgagee or absolute owner, of an amount exceeding 30% of the paid-up share capital of that company or 30% of its own paid-up share capital and reserves, whichever is less. For details in relation to the investment limits under Master Direction – Ownership in Private Sector Banks, Directions, 2016, please refer chapter titled “Key Industry Regulations” beginning on Page No. 126 of this Prospectus.

BIDS BY SCSBS

SCSBs participating in the Issue are required to comply with the terms of the circulars issued by the SEBI dated September 13, 2012 and January 2, 2013. Such SCSBs are required to ensure that for making applications on their own account using ASBA, they should have a separate account in their own name with any other SEBI registered SCSBs. Further, such account shall be used solely for the purpose of making application in public issues and clear demarcated funds should be available in such account for such applications.

BIDS BY SYSTEMICALLY IMPORTANT NBFCs

In case of Bids made by Systemically Important NBFCs registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, (ii) the last audited financial statements on a standalone basis, (iii) a net worth certificate from its statutory auditors, and (iv) such other approval as may be required by the Systemically Important NBFCs are required to be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserves the right to reject any Bid without assigning any reason thereof.

Systemically Important NBFCs participating in the Issue shall comply with all applicable regulations, directions, guidelines and circulars issued by the RBI from time to time.

The investment limit for Systemically Important NBFCs shall be as prescribed by RBI from time to time.

BIDS BY INSURANCE COMPANIES

In case of Bids made by insurance companies registered with the IRDAI, a certified copy of certificate of registration issued by IRDAI must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserves the right to reject any Bid without assigning any reason thereof.

The exposure norms for insurers are prescribed under the IRDAI Investment Regulations, based on investments in equity shares of the investee company, the entire group of the investee company and the industry sector in which the investee company operates. Insurance companies participating in the Issue are advised to refer to the IRDAI Investment Regulations 2016, as amended, which are broadly set forth below:

- a) Equity Shares of a company: the lower of 10%* of the outstanding equity shares (face value) or 10% of the respective fund in case of life insurer or 10% of investment assets in case of general insurer or reinsurer;
- b) the entire group of the investee company: not more than 15% of the respective fund in case of a life insurer or 15% of investment assets in case of a general insurer or reinsurer or 15% of the investment assets in all companies belonging to the group, whichever is lower; and
- c) the industry sector in which the investee company operates: not more than 15% of the fund of a life insurer or a general insurer or a reinsurer or 15% of the investment asset, whichever is lower.

The maximum exposure limit, in the case of an investment in equity shares, cannot exceed the lower of an amount of 10% of the investment assets of a life insurer or general insurer and the amount calculated under (a), (b) and (c) above, as the case may be.

**The above limit of 10% shall stand substituted as 15% of outstanding equity shares (face value) for insurance companies with investment assets of ₹ 25,000,000 lakhs or more and 12% of outstanding equity shares (face value) for insurers with investment assets of ₹ 5,000,000 lakhs or more but less than ₹ 25,000,000 lakhs.*

Insurance companies participating in this Issue shall comply with all applicable regulations, guidelines and circulars issued by IRDAI from time to time.

BIDS BY PROVIDENT FUNDS/PENSION FUNDS

In case of Bids made by provident funds/pension funds, subject to applicable laws, with minimum corpus of ₹ 2,500 lakhs, a certified copy of a certificate from a chartered accountant certifying the corpus of the provident fund/pension fund must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserves the right to reject any Bid without assigning any reason thereof.

BIDS UNDER POWER OF ATTORNEY

In case of Bids made pursuant to a power of attorney or by limited companies, corporate bodies, registered societies, Eligible FPIs, Mutual Funds, Systemically Important NBFCs, insurance companies, insurance funds set up by the army, navy or air force of the Union of India, insurance funds set up by the Department of Posts, India, or the National Investment Fund and provident funds with a minimum corpus of ₹ 2,500 lakhs (subject to applicable law) and pension funds with a minimum corpus of ₹ 2,500 lakhs, a certified copy of the power of attorney or the relevant resolution or authority, as the case may be, along with a certified copy of the memorandum of association and articles of association and/or bye laws must be lodged along with the Bid cum Application Form. Failing this, our, in consultation with the BRLM, reserves the right to accept or reject any Bid in whole or in part, in either case without assigning any reason therefor.

Our Company, in consultation with the BRLM, in their absolute discretion, reserves the right to relax the above condition of simultaneous lodging of the power of attorney along with the Bid cum Application Form subject to the terms and conditions that our Company, in consultation with the BRLM may deem fit.

ISSUANCE OF A CONFIRMATION NOTE (“CAN”) AND ALLOTMENT IN THE ISSUE

1. Upon approval of the basis of allotment by the Designated Stock Exchange, the BRLM or Registrar to the Issue shall send to the SCSBs a list of their Bidders who have been allocated Equity Shares in the Issue.
2. The Registrar will then dispatch a CAN to their Bidders who have been allocated Equity Shares in the Issue. The dispatch of a CAN shall be deemed a valid, binding and irrevocable contract for the Bidder

Issue Procedure for Application Supported by Blocked Account (ASBA) Bidders

In accordance with the SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 all the Bidders have to compulsorily apply through the ASBA Process. Our Company and the Book Running Lead Manager are not liable for any amendments, modifications, or changes in applicable laws or regulations, which may occur after the date of this Prospectus. ASBA Bidders are advised to make their independent investigations and to ensure that the ASBA Bid Cum Application Form is correctly filled up, as described in this section.

The lists of banks that have been notified by SEBI to act as SCSB (Self Certified Syndicate Banks) for the ASBA Process are provided on <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognised=yes>. For details on designated branches of SCSB collecting the Bid Cum Application Form, please refer the above-mentioned SEBI link.

Terms of payment

The entire Issue price of ₹ 54 per share is payable on application. In case of allotment of lesser number of Equity Shares than the number applied, the Registrar shall instruct the SCSBs to unblock the excess amount paid on Application to the Bidders.

SCSBs will transfer the amount as per the instruction of the Registrar to the Public Issue Account, the balance amount after transfer will be unblocked by the SCSBs.

The Bidders should note that the arrangement with Bankers to the Issue or the Registrar is not prescribed by SEBI and has been established as an arrangement between our Company, Banker to the Issue and the Registrar to the Issue to facilitate collections from the Bidders.

Payment mechanism

The Bidders shall specify the bank account number in their Bid Cum Application Form and the SCSBs shall block an amount equivalent to the Application Amount in the bank account specified in the Bid Cum Application Form. The SCSB shall keep the Application Amount in the relevant bank account blocked until withdrawal/ rejection of the Application or receipt of instructions from the Registrar to unblock the Application Amount. However, Non-Retail Bidders shall neither withdraw nor lower the size of their applications at any stage. In the event of withdrawal or rejection of the Bid Cum Application Form or for unsuccessful Bid Cum Application Forms, the Registrar to the Issue shall give instructions to the SCSBs to unblock the application money in the relevant bank account within one day of receipt of such instruction. The Application Amount shall remain blocked in the ASBA Account until finalization of the Basis of Allotment in the Issue and consequent transfer of the Application Amount to the Public Issue Account, or until withdrawal/ failure of the Issue or until rejection of the Application by the ASBA Bidder, as the case may be.

Please note that, in terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors applying in a public Issue shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self-Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Retail Individual Investors applying in

public Issue have to use UPI as a payment mechanism with Application Supported by Blocked Amount for making application.

Price Discovery and Allocation

- a) Based on the demand generated at various price levels, our Company in consultation with the BRLM, shall finalize the Issue Price.
- b) The SEBI ICDR Regulations, 2018 specify the allocation or Allotment that may be made to various categories of Bidders in an Issue depending on compliance with the eligibility conditions. Certain details pertaining to the percentage of Issue size available for allocation to each category is disclosed overleaf of the Bid cum Application Form and in the RHP. For details in relation to allocation, the Bidder may refer to the RHP.
- c) Under-subscription in any category (except QIB Category) is allowed to be met with spillover from any other category or combination of categories at the discretion of the Issuer and the in consultation with the BRLM and the Designated Stock Exchange and in accordance with the SEBI ICDR Regulations. Unsubscribed portion in QIB Category is not available for subscription to other categories.
- d) In case of under subscription in the Issue, spill-over to the extent of such under-subscription may be permitted from the Reserved Portion to the Issue. For allocation in the event of an undersubscription applicable to the Issuer, Bidders may refer to the RHP.
- e) In case if the Retail Individual Investor category is entitled to more than the allocated portion on proportionate basis, the category shall be allotted that higher percentage.

Illustration of the Book Building and Price Discovery Process:

Bidders should note that this example is solely for illustrative purposes and is not specific to the Issue; it also excludes Bidding by Anchor Investors. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹20 to ₹ 24 per share, Issue size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Issue the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Issuer, in consultation with the BRLM, may finalise the Issue Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Issue Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

GENERAL INSTRUCTIONS

- c) In case of under subscription in the Issue, spill-over to the extent of such under- subscription may be permitted from the Reserved Portion to the Issue. For allocation in the event of an under-subscription applicable to the Issuer, Bidders may refer to the RHP.

ALLOTMENT PROCEDURE AND BASIS OF ALLOTMENT

The Allotment of Equity Shares to Bidders other than Retail Individual Investors may be on proportionate basis. No Retail Individual Investor will be Allotted less than the minimum Bid Lot subject to availability of shares in Retail Individual Investor Category and the remaining available shares, if any will be Allotted on a proportionate basis. The Issuer is required to receive a minimum subscription of 90% of the Issue. However, in case the Issue is in the nature of Issue for Sale only, then minimum subscription may not be applicable.

BASIS OF ALLOTMENT

a. For Retail Individual Bidders

Bids received from the Retail Individual Bidders at or above the Issue Price shall be grouped together to determine the total demand under this category. The Allotment to all the successful Retail Individual Bidders will be made at the Issue Price.

The Issue size less Allotment to Non-Institutional and QIB Bidders shall be available for Allotment to Retail Individual Bidders who have Bid in the Issue at a price that is equal to or greater than the Issue Price. If the aggregate demand in this category is less than or equal to 21,44,000 Equity Shares at or above the Issue Price, full Allotment shall be made to the Retail Individual Bidders to the extent of their valid Bids.

If the aggregate demand in this category is greater than 21,44,000 Equity Shares at or above the Issue Price, the Allotment shall be made on a proportionate basis up to a minimum of 2000 Equity Shares and in multiples of 2000 Equity Shares thereafter. For the method of proportionate Basis of Allotment, refer below.

b. For Non-Institutional Bidders

Bids received from Non-Institutional Bidders at or above the Issue Price shall be grouped together to determine the total demand under this category. The Allotment to all successful Non- Institutional Bidders will be made at the Issue Price.

The Issue size less Allotment to QIBs and Retail shall be available for Allotment to Non- Institutional Bidders who have Bid in the Issue at a price that is equal to or greater than the Issue Price. If the aggregate demand in this category is less than or equal to 9,20,000 Equity Shares at or above the Issue Price, full Allotment shall be made to Non-Institutional Bidders to the extent of their demand.

In case the aggregate demand in this category is greater than 9,20,000 Equity Shares at or above the Issue Price, Allotment shall be made on a proportionate basis up to a minimum of 2000 Equity Shares and in multiples of 2000 Equity Shares thereafter. For the method of proportionate Basis of Allotment refer below.

c. For QIBs

Bids received from QIBs Bidding in the QIB Category at or above the Issue Price may be grouped together to determine the total demand under this category. The QIB Category may be available for Allotment to QIBs who have Bid at a price that is equal to or greater than the Issue Price. Allotment may be undertaken in the following manner: Allotment shall be undertaken in the following manner:

a) In the first instance allocation to Mutual Funds for 5% of the QIB Portion shall be determined as follows:

- In the event that Bids by Mutual Fund exceeds 5% of the QIB Portion, allocation to Mutual Funds shall be done on a proportionate basis for 5% of the QIB Portion.
- In the event that the aggregate demand from Mutual Funds is less than 5% of the QIB Portion then all Mutual Funds shall get full Allotment to the extent of valid Bids received above the Issue Price.
- Equity Shares remaining unsubscribed, if any, not allocated to Mutual Funds shall be available for Allotment to all QIB Bidders as set out in (b) below;

b) In the second instance Allotment to all QIBs shall be determined as follows:

- In the event that the oversubscription in the QIB Portion, all QIB Bidders who have submitted Bids above the Issue Price shall be allotted Equity Shares on a proportionate basis, upto a minimum of 2000 Equity Shares and in multiples of 2000 Equity Shares thereafter for 5% of the QIB Portion.
- Mutual Funds, who have received allocation as per (a) above, for less than the number of Equity Shares Bid for by them, are eligible to receive Equity Shares on a proportionate basis, upto a minimum of 2000 Equity Shares and in multiples of 2000
- Equity Shares thereafter, along with other QIB Bidders.

- Under-subscription below 5% of the QIB Portion, if any, from Mutual Funds, would be included for allocation to the remaining QIB Bidders on a proportionate basis. The aggregate Allotment to QIB Bidders shall not be more than 12,26,000 Equity Shares.

c) Basis of Allotment for QIBs and NIIs in case of Over Subscribed Issue:

In the event of the Issue being Over-Subscribed, the Issuer may finalise the Basis of Allotment in consultation with the BSE SME (The Designated Stock Exchange). The allocation may be made in marketable lots on proportionate basis as set forth hereunder:

- a) The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e. the total number of Shares applied for in that category multiplied by the inverse of the oversubscription ratio (number of Bidders in the category multiplied by number of Shares applied for).
- b) The number of Shares to be allocated to the successful Bidders will be arrived at on a proportionate basis in marketable lots (i.e. Total number of Shares applied for into the inverse of the over subscription ratio).
- c) For Bids where the proportionate allotment works out to less than 12,26,000 Equity Shares the allotment will be made as follows:
 - Each successful Bidder shall be allotted 2000 equity shares; and
 - The successful Bidder out of the total bidders for that category shall be determined by draw of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (b) above.
- d) If the proportionate allotment to a Bidder works out to a number that is not a multiple of 2000 equity shares, the Bidder would be allotted Shares by rounding off to the nearest multiple of 2000 equity shares subject to a minimum allotment of 2000 Equity Shares.
- e) If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the Bidders in that category, the balance available Shares or allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful Bidder in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising Bidder applying for the minimum number of Shares. If as a result of the process of rounding off to the nearest multiple of 2000 Equity Shares, results in the actual allotment being higher than the shares offered, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the Issue specified under the Capital Structure mentioned in this Prospectus.

Retail Individual Investor' means an investor who applies for shares of value of not more than ₹ 2,00,000/-. Investors may note that in case of over subscription allotment shall be on proportionate basis and will be finalized in consultation with BSE.

The Executive Director / Managing Director of BSE - the Designated Stock Exchange in addition to Book Running Lead Manager and Registrar to the Public Issue shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI (ICDR) Regulations

Issuance of Allotment Advice

- 1) Upon approval of the Basis of Allotment by the Designated Stock Exchange.
- 2) On the basis of approved Basis of Allotment, the Issuer shall pass necessary corporate action to facilitate the allotment and credit of equity shares. Bidders are advised to instruct their Depository Participants to accept the Equity Shares that may be allotted to them pursuant to the Issue.

The Book Running Lead Manager or the Registrar to the Issue will dispatch an Allotment Advice to their Bidders who have been allocated Equity Shares in the Issue. The dispatch of Allotment Advice shall be deemed a valid, binding and irrevocable contract for the Allotment to such Bidder.

- 3) Issuer will make the allotment of the Equity Shares and initiate corporate action for credit of shares to the successful Bidders Depository Account within 2 working days of the Issue Closing date. RESTRICTION ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and FEMA. While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. Foreign investment is allowed up to 100% under automatic route in our Company.

The RBI and the concerned ministries/departments are responsible for granting approval for foreign investment. The Government has from time to time made policy pronouncements on foreign direct investment (“FDI”) through press notes and press releases. The Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry, Government of India (earlier known as the Department of Industrial Policy and Promotion) (“DPIIT”), issued the FDI Policy, which, with effect from October 15, 2020 consolidated, subsumed and superseded all previous press notes, press releases and clarifications on FDI issued by the DPIIT that were in force and effect prior to October 15, 2020. In terms of FDI Policy, FDI to an extent of 51% is allowed in multi brand retail trading with government approval. The FDI Policy will be valid until the DPIIT issues an updated circular. FDI in companies engaged in sectors/ activities which are not listed in the FDI Policy is permitted up to 100% of the paid-up share capital of such company under the automatic route, subject to compliance with certain prescribed conditions.

Under the current FDI Policy and the FEMA Non-Debt Rules, foreign direct investment is not permitted in companies engaged in (a) multi-brand retail trading, undertaking retail trading by means of e-commerce, and (b) inventory-based model of e-commerce. In accordance with the FEMA Non-debt Rules, participation by non-residents in the Issue is restricted to participation by (i) FPIs under Schedule II of the FEMA Non-debt Rules, subject to limit of the individual holding of an FPI below 10% of the post-Issue paid-up capital of our Company and the aggregate limit for FPI investment currently not exceeding the sectoral cap i.e. 51% of the post issue paid up share capital; and (ii) Eligible NRIs applying only on a non-repatriation basis under Schedule IV of the FEMA Non-debt Rules. Further, other non-residents applying on a repatriation basis, FVCIs and multilateral and bilateral development financial institutions are not permitted to participate in the Issue. As per the existing policy of the Government of India, OCBs cannot participate in this issue. For more details, please refer chapter titled “*Issue Procedure*” beginning on Page No. 229 of this Prospectus.

The Government has from time to time made policy pronouncements on FDI through press notes and press releases. The Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India (DIPP), issued consolidated FDI Policy, which with effect from August 28, 2017 consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DIPP that were in force and effect as on August 27, 2017. The Government proposes to update the consolidated circular on FDI Policy once every year and therefore, the Consolidation FDI Policy will be valid until the DIPP issues an updated circular.

The transfer of shares by an Indian resident to a Non-Resident does not require the prior approval of the FIPB or the RBI, provided that (i) the activities of the investee company are under the automatic route under the Consolidated FDI Policy and transfer does not attract the provisions of the SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011; (ii) the non-resident shareholding is within the sectoral limits under the Consolidated FDI Policy; and (iii) the pricing is in accordance with the guidelines prescribed by SEBI/RBI.

The foreign investment in our Company is governed by, inter-alia, the FEMA, the FEMA Non-debt Rules, the FDI Policy issued and amended by way of press notes.

Further, in terms of the FEMA Non-debt Rules, the aggregate FPI investment limit is the sectoral cap applicable to Indian company as prescribed in the FEMA Non-Debt Instruments Rules with respect to its paid-up equity capital on a fully diluted basis. For more details, please refer chapter titled “*Issue Procedure*” beginning on Page No. 229 of this Prospectus.

Further, in accordance with the FDI Policy, the Press Note No. 3 (2020 Series), dated April 17, 2020 issued by the DPIIT and the FEMA Non-debt Rules, any investment, subscription, purchase or sale of equity instruments by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country (“Restricted Investors”), will require prior approval of the Government, as prescribed in the FDI Policy and the FEMA Non-debt Rules. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/ purview, such subsequent change in the beneficial ownership will also require approval of the Government. Furthermore, on April 22, 2020, the Ministry of Finance, Government of India has also made a similar amendment to the FEMA Non-Debt Rules. Each Bidder should seek independent legal advice about its ability to

participate in the Issue. In the event such prior approval of the Government of India is required, and such approval has been obtained, the Bidder shall intimate our Company and the Registrar in writing about such approval along with a copy thereof within the Bid/Issue Period.

The Equity Shares have not been and will not be registered under the U.S. Securities Act and may not be offered or sold within the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable U.S. state securities laws. Accordingly, the Equity Shares are only being offered and sold outside the United States in offshore transactions in reliance on Regulation S and the applicable laws of the jurisdiction where those Issues and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Applicants. Our Company and the BRLM are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Prospectus. Applicants are advised to make their independent investigations and ensure that the Applications are not in violation of laws or regulations applicable to them.

	38.	<p>Rights of such persons</p> <p>(i) Any person becoming entitled to a share in consequence of the death or insolvency of a member may, upon such evidence being produced as may from time to time properly be required by the Board and subject to as hereinafter provided, elect, either:</p> <p>(a) to be registered himself as holder of the share; or</p> <p>(b) to make such transfer of the share as the deceased or insolvent member could have made.</p> <p>(ii) The Board shall, in either case, have the same rights to decline or suspend registration as it would have had if the deceased or insolvent Member had transferred the share before his death or insolvency.</p>
	39.	<p>Indemnity to the Company</p> <p>The Company shall be fully indemnified by such person from all liability, if any, by actions taken by the Board to give effect to such registration or transfer.</p>
	40.	<p>Notice of election by such person</p> <p>(i) If the person so becoming entitled shall elect to be registered as holder of the share himself, he shall deliver or send to the Company a notice in writing signed by him stating that he so elects.</p> <p>(ii) If the person aforesaid shall elect to transfer the shares, he shall testify his election by executing a proper instrument of transfer of the share.</p> <p>(iii) All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice of transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice or transfer were a transfer signed by that member.</p>
	41.	<p>Rights to dividend etc.</p> <p>A person becoming entitled to a share by reason of the death or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered holder of the share, except that he shall not, before being registered as a member in respect of the share, be entitled in respect of it to exercise any right conferred by membership in relation to meetings or postal ballot resolutions of the Company.</p>

		<p>Provided that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the share, and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the share until the requirements of the notice have been complied with.</p>
	42.	<p>Provisions as to transmission to apply <i>mutatis mutandis</i> to debentures etc.</p> <p>The provisions of these Articles relating to transmission by operation of law shall <i>mutatis mutandis</i> apply to any other securities including debentures of the Company.</p>
	43.	<p>Provisions of Articles to apply to shares held in a depository</p> <p>Except as specifically provided in these Articles, the provisions relating to joint holders of shares, calls, lien on shares, forfeiture of shares, transfer and transmission of shares shall be applicable to shares held in a depository so far as they apply to shares held in physical form subject to the provisions of the Depositories Act, 1996 or such other regulations for the time being in force.</p>
FORFEITURE OF SHARES	44.	<p>Notice may be given non-payment of call or installment</p> <p>If a member fails to pay any call, or installment of a call, or any money due in respect of any share on the day appointed for the payment thereof, the Board may, at any time thereafter during such time as any part of the call or installment remains unpaid or a judgment or decree in respect thereof remains unsatisfied in whole or in part, serve a notice on him requiring payment of so much of the call or installment or other money as is unpaid, together with any interest which may have accrued and all expenses that may have been incurred by the Company by reason of non-payment.</p>
	45.	<p>Form of notice.</p> <p>The notice aforesaid shall:</p> <p>(a) name a further day (not being earlier than the expiry of fourteen days from the date of service of the notice) on or before which the payment required by the notice is to be made; and</p> <p>(b) shall state that, in the event of non-payment on or before the day so named, the shares in respect of which the call was made will be liable to be forfeited.</p>
	46.	<p>Forfeiture of Shares</p> <p>If the requirements of any such notice as aforementioned are not complied with, any share in respect of which the notice has been given may, at any time thereafter, before the payment required by the notice has been made, be forfeited by a resolution of the Board to that effect. Such forfeiture shall include all dividends declared in respect of the forfeited shares, and not actually paid before the forfeiture.</p>

	47.	The forfeiture of a share shall involve extinction at the time of forfeiture, of all interest in and all claims and demands against the Company, in respect of the share and all other rights incidental to the share.
	48.	<p>Forfeited shares to be sold etc.</p> <p>(i) A forfeited share shall be deemed to be the property of the Company and may be sold or re-allotted or otherwise disposed of either to the person who was before such forfeiture the holder thereof or entitled thereto or to any other person on such terms and in such manner as the Board thinks fit.</p> <p>(ii) At any time before a sale, re-allotment or disposal as aforesaid, the Board may cancel the forfeiture on such terms as it thinks fit.</p>
	49.	<p>Liability after forfeiture</p> <p>(i) A person whose shares have been forfeited shall cease to be a member in respect of the forfeited share, but shall, notwithstanding the forfeiture, remain liable to pay to the Company, and shall forthwith pay, all monies which at the date of forfeiture were presently payable by him to the Company in respect of the shares, together with interest and other costs in accordance with these Articles.</p> <p>(ii) The liability of such person shall cease if and when the Company receives payment in full of all such monies in respect of the shares.</p> <p>(iii) The Board may, if they think fit, remit the payment of such interest or any part thereof.</p>
	50.	<p>Declaration</p> <p>(i) A duly verified declaration in writing that the declarant is a Director, manager or secretary of the Company and that a share in the Company has been duly forfeited on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the share;</p> <p>(ii) The Company may receive the consideration, if any, given for the share on the sale, re-allotment or disposition thereof, and may execute a transfer of the share in favour of the person to whom the share is sold or disposed of. The said transfer shall constitute a good title to the share, in favour of the person to whom the share is sold or disposed of;</p> <p>(iii) The transferee shall thereupon be registered as the holder of the share; and</p> <p>(iv) The transferee shall not be bound to see to the application of the purchase money, if any, nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale, re-allotment or disposal of the share.</p>

	51.	<p>Non-payment of sums payable at fixed times.</p> <p>The provisions of these regulations as to forfeiture shall apply in the case of nonpayment of any sum, which by the terms of issue of a share, becomes payable at a fixed time, whether on account of the nominal value of the share or by way of premium or otherwise as if the same had been payable by virtue of a call duly made and notified.</p>
	52.	<p>Set off money</p> <p>Any money due from the Company to a shareholder may, without the consent of such shareholder, be applied by the Company in or towards payments of any money due from him, either alone or jointly with any other person to the Company in respect of calls or otherwise.</p>
	53.	<p>Provisions as to forfeiture of shares to apply <i>mutatis mutandis</i> to debentures etc.</p> <p>The provisions of these Articles relating to forfeiture of shares shall <i>mutatis mutandis</i> apply to any other securities including debentures of the Company.</p>
ALTERATION OF CAPITAL	54.	<p>Power to alter share capital</p> <p>Subject to the provisions of the Act, the Company may, by ordinary resolution:</p> <ul style="list-style-type: none"> (a) Increase its share capital by such amount as it thinks expedient; (b) Consolidate and divide all or any of its share capital into shares of larger amount than its existing shares; (c) convert all or any of its fully paid-up shares into stock, and reconvert that stock into fully paid-up shares of any denomination; (d) sub-divide its existing shares or any of them into shares of smaller amount than is fixed by the Memorandum; (e) cancel any shares which, at the date of the passing of the resolution, have not been taken or agreed to be taken by any person.
	55.	<p>Rights of stockholders</p> <p>Where shares are converted into stock:</p> <ul style="list-style-type: none"> (a) the holders of stock may transfer the same or any part thereof in the same manner as, and subject to the same Articles under which, the shares from which the stock arose might before the conversion have been transferred, or as near thereto as circumstances admit: <p>Provided that the Board may, from time to time, fix the minimum amount of stock transferable, so, however, that such minimum shall not exceed the nominal amount of the shares from which the stock arose.</p>

		<p>(b) the holders of stock shall, according to the amount of stock held by them, have the same rights, privileges and advantages as regards dividends, voting at meetings of the Company, and other matters, as if they held the shares from which the stock arose; but no such privilege or advantage (except participation in the dividends and profits of the Company and in the assets on winding up) shall be conferred by an amount of stock which would not, if existing in shares, have conferred that privilege or advantage;</p> <p>(c) such of these Articles of the Company as are applicable to paid-up shares shall apply to stock and the words “share” and “shareholder / member” in these Articles shall include “stock” and “stock-holder” respectively.</p>
