SUMMARY OF INDUSTRY IN WHICH THE COMPANY IS OPERATING

GLOBAL OUTLOOK

Global growth has slowed to the extent that the global economy is perilously close to falling into recession—defined as a contraction in annual global per capita income—only three years after emerging from the pandemic-induced recession of 2020. Very high inflation has triggered unexpectedly rapid and synchronous monetary policy tightening around the world to contain it, including across major advanced economies. Although this tightening has been necessary for price stability, it has contributed to a significant worsening of global financial conditions, which is exerting a substantial drag on activity. This drag is set to deepen given the lags between changes in monetary policy and its economic impacts, and the fact that real rates are expected to continue to increase.

Asset prices have been in broad, synchronous decline, investment growth has weakened substantially, and housing markets in many countries are worsening rapidly. Shockwaves continue to emanate from the Russian Federation's invasion of Ukraine, especially in energy and other commodity markets. Against this backdrop, confidence has fallen precipitously. The world's three major engines of growth—the United States, the euro area, and China—are undergoing a period of pronounced weakness, with adverse spillovers for emerging market and developing economies (EMDEs), many of which are already struggling with weakening domestic conditions.

As a result of the sharp slowdown in global growth, per capita income is not expected to surpass 2019 levels until at least 2024 in about one-third of EMDEs. Per capita income growth is expected to be slowest where poverty is highest. In Sub-Saharan Africa—which accounts for about 60 percent of the world's poor - growth in per capita income over 2023-24 is forecast to average only 1.2 percent, far less than the pace that would be needed over the remainder of the decade to reach a 3 percent poverty rate by 2030.

Soaring inflation in 2022 reflected a combination of demand and supply factors (Ha, Kose, and Ohnsorge 2022; Shapiro 2022). On the demand side, the acceleration of growth during the initial rebound from the 2020 global recession, as well as the lagged effects of earlier macroeconomic support, contributed to persistent price pressures. Price increases were particularly large in sectors such as shipping and air travel, where compositional shifts in demand encountered ongoing capacity constraints and supply chain disruptions (Kalemli-Özcan et al. 2022). On the supply side, shortages of key commodities, exacerbated by Russia's invasion of Ukraine, contributed substantially to higher energy and food prices. In some countries, tight conditions and mismatches in labor markets further added to rising wages and higher input and production costs. Finally, many countries experienced large currency depreciations that passed through into higher import, producer, and consumer prices. The higher share of food in consumer spending has caused inflation to accelerate more in low-income countries compared to other EMDEs.

INDIAN ECONOMY

Introduction

The Indian economy, however, appears to have moved on after its encounter with the pandemic, staging a full recovery in FY22 ahead of many nations and positioning itself to ascend to the pre-pandemic growth path in FY23. Yet in the current year, India has also faced the challenge of reining in inflation that the European strife accentuated. Measures taken by the government and RBI, along with the easing of global commodity prices, have finally managed to bring retail inflation below the RBI upper tolerance target in November 2022. However, the challenge of the depreciating rupee, although better performing than most other currencies, persists with the likelihood of further increases in policy rates by the US Fed. The

widening of the CAD may also continue as global commodity prices remain elevated and the growth momentum of the Indian economy remains strong. The loss of export stimulus is further possible as the slowing world growth and trade shrinks the global market size in the second half of the current year.

Macroeconomic and Growth Challenges in the Indian Economy

The impact of the pandemic on India was seen in a significant GDP contraction in FY21. The following year, FY22, the Indian economy started to recover despite the Omicron wave of January 2022. This third wave did not affect economic activity in India as much as the previous waves of the pandemic did since its outbreak in January 2020. Mobility enabled by localised lockdowns, rapid vaccination coverage, mild symptoms and quick recovery from the virus contributed to minimising the loss of economic output in the January-March quarter of 2022. Consequently, output in FY22 went past its pre-pandemic level in FY20, with the Indian economy staging a full recovery ahead of many nations. The experience with the Omicron variant engendered a cautious optimism that it was possible to stay physically mobile and engage in economic activities despite the pandemic. FY23 thus opened with a firm belief that the pandemic was rapidly on the wane and that India was poised to grow at a fast pace and quickly ascend to the pre-pandemic growth path.

INFRASTRUCTURE SECTOR IN INDIA

1. High Budgetary Allocation For Infrastructure

- In Union Budget 2022-23, the government has given a massive push to the infrastructure sector by allocating Rs. 10 lakh crore (US\$ 130.57 billion) to enhance the infrastructure sector.
- The government expanded the 'National Infrastructure Pipeline (NIP)' to 9,335 projects. 217 projects worth Rs. 1.10 lakh crore (US\$ 15.09 billion) were completed as of 2020.

2. Increasing Private Sector Involvement

- The private sector is emerging as a key player across various infrastructure segments, ranging from roads and communications to power and airports.
- Private investment into physical and social infrastructure is key to putting India in a high growth trajectory, which will make it a US\$ 5 trillion economy by 2024-25.
- Yearly private equity (PE) and venture capital (VC) investment in India is expected to surpass US\$ 65 billion in 2025.

3. Improvement In Logistics

- In 2020, India's logistics sector was one of the largest worldwide worth US\$ 215 billion and increased at a CAGR of 10%.
- Indian logistics market is estimated to touch US\$ 320 billion by 2025.

SECTION III - RISK FACTOR

Any investment in equity securities involves a high degree of risk. Investors should carefully consider all the information in this Draft Red Herring Prospectus, including the risks and uncertainties described below, before making an investment in our Equity Shares. To obtain a more complete understanding, you should read this section together with Sections titled, "Business Overview", "The Issue", "Industry Overview", "Restated Financial Information", "Outstanding Litigation and Other Material Developments", and "Management's Discussion and Analysis of Financial Position and Results of Operations" beginning on page no. 132, 51, 122, 202, 216 and 204 respectively, as well as the other financial and statistical information contained in this Draft Red Herring Prospectus.

Any of the following risks, as well as the other risks and uncertainties discussed in this Draft Red Herring Prospectus, could have an adverse effect on our business, financial condition, results of operations and prospects and could cause the trading price of our Equity Shares to decline, which could result in the loss of all or a part of your investment. The risks and uncertainties described in this section are not the only risks that we may face. Additional risks and uncertainties not known to us or that we currently believe to be immaterial may also have an adverse effect on our business, results of operations, financial conditions and Draft Red Herring Prospectus.

This Draft Red Herring Prospectus contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements because of certain factors, including the considerations described below and elsewhere in this Draft Red Herring Prospectus.

The financial and other related implications of risks concerned, wherever quantifiable, have been disclosed in the risk factors mentioned below. However, there are certain risk factors where the effect is not quantifiable and hence has not been disclosed in such risk factors. You should not invest in this Issuing unless you are prepared to accept the risk of losing all or part of your investment, and you should consult your tax, financial and legal advisors about the consequences to you of an investment in the Equity Shares.

The financial information in this section is, unless otherwise stated, derived from our Restated Standalone Financial Statements prepared in accordance with Indian GAAP, as per the requirements of the Companies Act, 2013, and SEBI (ICDR) Regulations.

The Risk factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality.

1. Some risks may not be material individually but may be material when considered collectively.
2. Some risks may have material impact qualitatively instead of quantitatively.
3. Some risks may not be material at present but may have a material impact in the future.

INTERNAL RISK FACTORS:

1. ***The Company is dependent on few numbers of customers for sales. The loss of any of this large customer may affect our revenues and profitability.***

Our top ten customers contribute 59.82%, 70.02%, and 85.16% of our total revenue from operations for the financial year ended on March 31, 2023, 2022 and 2021, respectively. Our Company is an integrated solution provider, offering a full-range of Engineering, Procurement, Construction/ Commissioning (EPC) services in India and abroad. Our business operations are highly dependent on our customers and the loss of any of our customers may adversely affect our sales and consequently on our business and results of operations. The loss of one or more of these significant or key customers or a reduction in the amount of business we obtain from them could have an adverse effect on our business, results of operations, financial condition and cash flows. We cannot assure you that we will be able to maintain historic levels of business and/or negotiate and execute long term contracts on terms that are commercially viable with our significant customers or that we will be able to significantly reduce customer concentration in the future. Any decline in our quality standards, growing competition and any change in the demand, may adversely affect our ability to retain them. We cannot assure that we shall generate the same quantum of business, or any business at all, and the loss of business from one or more of them may adversely affect our revenues and results of operations.

However, the composition and revenue generated from these customers might change, as we continue to add new customers in the normal course of business. Though we believe that we will not face substantial challenges in maintaining our business relationship with them or finding new customers, there can be no assurance that we will be able to maintain long term relationships with such customers or find new customers in time.

2. ***The Company is dependent on few suppliers for purchase of product. Loss of any of these large suppliers may affect our business operations.***

Our top ten suppliers contribute 46.54%, 51.54% and 45.40% of our total purchase for the financial year ended on March 31, 2023, 2022 and 2021, respectively based on consolidated restated financial statement. We cannot assure that we will be able to get the same quantum and quality of supplies, or any supplies at all, and the loss of supplies from one or more of them may adversely affect our purchases of stock and ultimately our revenue and results of operations. However, the composition and amount of purchase from these suppliers might change as we continue seek new suppliers for our product for better quality and price in the normal course of business. Though we believe that we will not face substantial challenges in maintaining our business relationship with them or finding new suppliers, there can be no assurance that we will be able to maintain long term relationships with such suppliers or find new suppliers in time.

3. Majority of our revenue from operations are generated from India. Any adverse development affecting our operations in India could have an adverse impact on our business, financial condition and results of operations.

We derive almost 90% of our revenue from operations from India and exports are only made in one country i.e. Nigeria. Such geographical concentration of our business in this region heightens our exposure to adverse developments related to competition, as well as economic and demographic changes in this region which may adversely affect our business prospects, financial conditions and results of operations.

The concentration of our business in Gujarat subjects us to various risks, including but not limited to:

- Regional slowdown in Industrial activities;
- vulnerability to change of policies, laws and regulations or the political and economic environment;
- constraint on our ability to diversify across states; and
- perception by our potential clients that we are a regional construction company, which may hamper us from competing or securing orders for large and complex projects at the national level.

Further, factors such as competition, culture, regulatory regimes, business practices and customs, behavior and preferences in the Countries and State where we may plan to expand our operations may differ from India, and our experience in the India may not be applicable to such other Countries. In addition, as we enter new markets and geographical areas, we are likely to compete not only with national player, but also local players who have an established local presence, are more familiar with local regulations, business practices and customs, have stronger relationships with local contractors/service provider.

We may not be able to leverage our experience in these regions to expand our operations in other parts of India and outside India.

4. We have certain outstanding litigation against us, an adverse outcome of which may adversely affect our business, reputation and results of operations.

A summary of outstanding matters set out below includes details of pending litigation involving us, Directors, Promoter and Group Company, as at the date of this Draft Red Herring Prospectus.

Litigations involving the Company: -

(₹ in Lakhs)

Nature of Cases	No. of Outstanding Cases	Amount* in dispute/demanded to the extent ascertainable
Criminal proceedings against the Company	2	-
Tax proceedings:		
Direct Tax	13	110.50
Indirect Tax	11	400.86
Total	26	511.36

*To the extent quantifiable

Litigations involving our Promoter & Directors: - Nil

Litigations involving our Group Companies: - Nil

The amounts claimed in these proceedings have been disclosed to the extent ascertainable and include amounts claimed jointly and severally. If any new developments arise, such as a change in Indian law or rulings against us by appellate courts or tribunals, we may need to make provisions in our financial statements that could increase our expenses and current liabilities.

We cannot assure you that any of the outstanding litigation matters will be settled in our favour or that no additional liabilities will arise out of these proceedings. In addition to the above, we could also be adversely affected by complaints, claims or legal actions brought by persons, including before consumer forums or sector-specific or other regulatory authorities in the ordinary course of business or otherwise, in relation to our business operations, our intellectual property, our branding or marketing efforts or campaigns or our policies. We may also be subject to legal action by our employees and/or former employees in relation to alleged grievances, such as termination of employment. We cannot assure you that such complaints, claims or requests for information will not result in investigations, enquiries or legal actions by any regulatory authority or third persons against us.

For further details of certain material legal proceedings involving our Company, our Promoter, our directors, see “*Outstanding Litigations and Material Developments*” beginning on page 216 of this Draft Red Herring Prospectus.

5. ***We have experienced significant working capital requirements in past and may continue to experience in future also. If we experience insufficient cash flows from our operations or are unable to borrow to meet our working capital requirements, it may materially and adversely affect our business, cash flows and results of operations.***

The business of our company is working capital intensive. The successful operation of our business heavily relies on significant working capital, which is essential for various aspects, including financing project operations, inventory management, and the purchase of raw materials and may continue to so in future also. However, changes in credit terms and payment delays can adversely impact our working capital, resulting in lower cash flows and increased funding requirements. Inadequate financing of our working capital needs may arise due to several factors, such as delays in disbursements under financing arrangements, higher interest rates, increased insurance costs, or borrowing and lending restrictions. Such circumstances could have a material adverse effect on our overall business, financial condition, and prospects.

Our present work orders often necessitate providing performance bank guarantees, letters of credit, and security deposits to secure contractual obligations with clients. Failure to provide sufficient collateral may limit our ability to enter into new contracts. Acquiring these financial instruments to secure contracts increases our working capital needs. However, we may encounter challenges in obtaining a sufficient number of letters of credit, bank guarantees, and performance bonds to meet our business requirements, potentially restricting our operations.

Furthermore, our working capital requirements may escalate if certain contracts lack advance payment terms or contain payment schedules that shift payments towards project completion, thereby imposing additional financial burdens. Another aspect influencing our working capital is the retention money withheld by clients, which is typically released after product testing or supply completion. Delays in receiving progress payments, release of retention money, or obtaining guarantees in the form of letters of credit from clients can significantly impact our working capital needs.

The combination of these factors places a substantial demand on our working capital, making its management and optimization a critical aspect of our business strategy. As such, we continually strive to enhance our financial management practices to effectively address working capital challenges. By closely monitoring credit terms, payment schedules, and contract agreements, we aim to mitigate risks associated with fluctuations in working capital requirements. Additionally, prudent financial planning, exploring diverse financing options, and maintaining strong relationships with financial institutions are key factors in managing our working capital efficiently. Despite our proactive measures, there can be no assurance that working capital fluctuations will not impact our business operations or financial performance. For details related to working capital requirement, please refer to chapter titled as “Object of the Issue” on page 103 of this Draft Red Herring Prospectus.

6. ***Non-compliance with increasingly stringent safety, health, environmental and labour laws and other applicable regulations, may adversely affect our business, results of operations, cash flows and financial condition. Further, we may not be able to renew or maintain our statutory and regulatory permits and approvals required to operate our business.***

Our business activities are hazardous in nature therefore, we are subject to various laws and government regulations, including in relation to safety, health, environmental protection and labour laws. These laws and regulations impose controls, storage, transport, handling, disposal, employee exposure to hazardous substances and other aspects of our operations. Improper handling or storage of these materials could result in accidents, injure our personnel, property and damage the environment. We obtain the requisite registrations and approvals from time to time and aim to prevent such hazards by training our personnel and employing other prescribed safety measures. The occurrence of any such event in the future could have an adverse effect on our business, results of operations, cash flows and financial condition.

7. ***Our Consolidated Restated Financial Statements are reviewed and Signed by the Peer Review Auditors who is not Statutory Auditors of our Company as required under the provisions of ICDR.***

Although, our statutory auditor, M/s. Shah P M And Associates, Chartered Accountants, is holding valid peer review certificate, issued by the Peer Review Board of the Institute of Chartered Accountants of India, as on the date of this Draft Red Herring Prospectus, our Restated Financial Statements are reviewed and signed by M/s. Shaparia Mehta & Associates LLP, Chartered Accountants, the Peer Review Auditors who is not the Statutory Auditor of the company.

8. *Our revenues from our projects are difficult to predict and are subject to seasonal variations.*

Our business operations may be adversely affected by severe weather, which may require us to evacuate personnel or curtail services, may result in damage to a portion of our fleet of equipment or facilities resulting in the suspension of operations, and may prevent us from delivering materials to our project sites in accordance with contract schedules or generally reduce our productivity. Our operations may also be adversely affected by difficult working conditions and extremely high temperatures during summer months and during the monsoon season, each of which may restrict our ability to carry on engineering activities and fully utilize our resources. These factors may make it difficult for us to prepare accurate internal financial forecasts. In addition, Business of our company is seasonal in monsoon and summer season, efficiency of engineering work reduces during monsoon and summer season. As a result, our revenues and profits may vary significantly during different financial periods, and certain periods are not indicative of our financial position for the year.

9. *We may be unable to identify or acquire new projects and our bids for new projects may not always be successful, which may stunt our business growth. Further, any delay in the commencement or cancellation of the projects awarded to us may adversely affect our business, prospects, reputation, profitability, financial condition and results of operation.*

We engage in the business of executing complex Engineering, Procurement, Construction (EPC) projects for electrical and instrumentation projects, power substations, execution of high voltage level. We bid for projects on an ongoing basis. Infrastructure projects are typically awarded to us following a competitive bidding process and satisfaction of prescribed pre-qualification criteria. While service quality, health and safety records and personnel, as well as reputation and experience and sufficiency of financial resources are important considerations in final bid decisions, there can be no assurance that we would be able to meet such financial and technical qualification criteria, whether independently or together with other joint venture partners. Further, once the prospective bidders satisfy the pre-qualification requirements of the tender, the project is usually awarded on the basis of price competitiveness of the bid. We generally incur significant costs in the preparation and submission of bids, which are one-time non-reimbursable costs. We cannot assure you that we would bid where we have been pre-qualified to submit a bid or that our bids, when submitted or if already submitted, would be accepted. Our revenues are derived primarily from contracts awarded to us on a project-by-project basis, and a significant number of projects are undertaken on a non-recurring basis.

The absence of new contracts through bids would result in a substantial reduction in our revenue streams, leading to a decline in our financial performance. This could significantly impact our profitability, cash flow, and overall liquidity. Without the inflow of new projects, we may face challenges in meeting our financial obligations and sustaining our operations.

Furthermore, the failure to secure new contracts through bids may hinder our ability to expand our business and capitalize on growth opportunities. It could impede our capacity to invest in infrastructure, acquire necessary assets, and explore new markets. This lack of growth and diversification may limit our competitive advantage and hinder our ability to adapt to changing market dynamics. Also, the tender processes we engage in are subject to potential changes in qualification criteria, unforeseen delays, and uncertainties. There is no guarantee that the projects we intend to bid for will be tendered within a reasonable timeframe or even at all. If the announced projects we plan to bid on are not tendered within the expected timeframe or if the qualification criteria are modified in a way that prevents us from qualifying, it could have a material and adverse impact on our business, financial condition, cash flows, and operational results. The timing and awarding of new contracts are unpredictable, and our future financial performance and cash flows may vary significantly depending on contract awards.

Given the nature of our business, the inability to obtain new contracts through bids presents a substantial risk to our financial condition. It may result in financial instability, reduced growth prospects, and limitations in our ability to maintain a strong market position. While we actively participate in bidding processes, there is no guarantee of success in securing new contracts. Accordingly, it is difficult to predict whether and when we will be awarded a new project. If we are unable to identify or acquire new projects matching our expertise or profit expectations or obtain the requisite consents from regulatory authorities or other relevant parties when required or at all, we may be subject to uncertainties in our business. The competitive nature of the industry, regulatory changes, and other external factors can impact the outcome of bidding processes. Therefore, the potential financial repercussions of not securing new contracts through the bidding process may have effect on business, financial conditions and of operations.

- 10. Any inaccuracies in estimating project risks, revenues, or costs could have a detrimental impact on our profitability and operational outcomes. The actual costs incurred during project execution may deviate substantially from our initial bid assumptions, creating difficulties in recouping additional expenses. Such discrepancies have the potential to significantly and adversely affect our operational results, cash flows, and overall financial condition.**

Under the work orders for our projects, we typically agree to receive a predetermined sum of money from clients, subject to contract variations that cover changes in the project requirements. However, some of our future projects may not include price escalation clauses, leaving us exposed to potential cost variations. As a result, the actual expenses incurred during these projects may significantly differ from the bid assumptions due to various factors. These factors include unanticipated increases in material, fuel, labor, or other input costs, unexpected conditions leading to delays and higher expenses, weather-related disruptions, and non-performance by suppliers.

If we are unable to pass on cost increases to clients due to limited or no price escalation provisions, our profitability may be adversely affected, and we could incur financial losses. Additionally, the inherent risks in the industry may result in lower profits than initially estimated or lead to cost and time overruns, potentially impacting our cash flows, overall business, financial health, and operational results.

The accurate estimation of risks, revenues, and costs for a project is critical to ensure profitability and operational success. Any inaccuracies in these estimates can have detrimental effects on our financial performance. During project execution, actual costs may vary significantly from the initial bid assumptions, making it challenging to recover additional expenses. Such deviations can have a material adverse impact on our operational results, cash flows, and overall financial condition.

- 11. We source a large part of our new orders from our relationships with corporates and other customers, both present and past. Any failure to maintain our long-standing relationships with our existing customers or forge similar relationships with new ones would have a material adverse effect on our business operations and profitability.**

We believe that our focus on completing projects in a timely manner and on quality has helped us build strong relationships with our customers and bolster our reputation in the industry in which we operate. In fact, all of the projects that we execute for private sector clients are sourced through nomination i.e. where customers with whom we have an existing relationship or new customers approach us directly for their proposed projects. Further, we have received additional projects from several of our existing customers despite increased competition in the region within which we operate. If any of our relationships with our existing customers were to be altered or terminated and we are unable to forge similar relationships with new customers in the future, our business, financial condition, results of operations, cash flows and business prospects could be materially and adversely affected.

- 12. Failure to successfully implement our business strategies may materially and adversely affect our business, prospects, financial condition and results of operations.**

We aim to implement our business strategies to ensure future business growth, which may be subject to various risks and uncertainties, including but not limited to the following:

- **Maintaining Competitive Edge:** We face the risk of cost overruns or delays in project execution, which could erode our competitive advantage and reputation. Failing to deliver projects in a timely manner or meeting quality specifications may hinder our growth prospects.
- **Intensified Competition and Payment Issues:** We operate in a competitive landscape, and intensified competition may affect our ability to secure contracts. Delays or non-payments by clients and associated legal proceedings may also pose financial and operational challenges.
- **Bidding Strategy:** The success of our projects depends on effective bidding strategies. If we fail to implement suitable bidding plans, it could impact our ability to win projects and generate revenue.
- **Operational Efficiency:** Inefficiency in utilizing our execution system, equipment bank, IT/ERP systems, and centralized procurement may affect project performance and operational results.
- **Financing Challenges:** Managing financing resources and obtaining funds at affordable costs are critical for our business growth. Failure to maintain financial discipline may affect our ability to undertake projects.
- **Regulatory and Political Environment:** Changes in laws, regulations, policies, or the political environment could impact our business operations and profitability.
- **Diversification and Business Segments:** Expanding into new states or business segments involves inherent risks, including market acceptance and operational challenges.
- **Talent Acquisition and Retention:** Skilled employees play a vital role in our success. Difficulty in recruiting and retaining talent could affect our operations and project execution.

- *Market Trends and Portfolio Optimization:* Failure to identify market trends or optimize our project portfolio may hinder our ability to acquire new projects and meet client expectations.
- *Cost and Rate Fluctuations:* Fluctuations in the costs of raw materials, fuel, labor, equipment, and interest rates may impact project economics and profitability.
- *Corrupt Practices:* The risk of fraud or improper conduct may adversely affect our reputation and financial standing.

Implementation of our strategies may be subject to a number of risks and uncertainties including the ones mentioned above, some of which are beyond our control. There can be no assurance that we will be able to execute our growth strategy on time and within the estimated costs, or that we will meet the expectations of our clients. In order to manage growth effectively, we must implement and improve operational systems, procedures and controls on a timely basis, which, as we grow and diversify, we may not be able to implement, manage or execute efficiently and in a timely manner or at all, which could result in delays, increased costs and diminished quality and may adversely affect our results of operations and our reputation. Any failure or delay in the implementation of any of our strategies may have a material adverse effect on our business, prospects, financial condition and results of operations.

13. *Our current Order Book does not guarantee full realization of future income. Some orders may be subject to modifications, cancellations, delays, holds, or partial payments by customers, which could have adverse effects on our operational results.*

Our Order Book represents the value of secured contracts yet to be executed as of a specific date, providing insight into our future expected revenues. As on August 31, 2023, we have an order book of around Rs. 565 Crores which are at different stages of implementation. However, it is crucial to note that the calculation and presentation of the Order Book may vary from other companies, including our competitors. Successful execution of the Order Book depends on adhering to contractual obligations, including delivery schedules and quality requirements. Failure to meet these terms, whether actual or perceived, may result in modifications, cancellations, or delays of our current orders and potential penalties.

Additionally, project execution relies on the cooperation of customers and other service providers involved. Factors beyond our or our clients' control, such as permit delays or practical difficulties, may lead to project postponements or cancellations. Due to uncertainties in project execution, we cannot accurately predict when, if, or to what extent a project will be completed, impacting the income and profits derived from the contracts. Delays can also lead to payment delays or refusals, affecting expected margins.

There is a risk of default or non-payment by contracting parties, even if a project proceeds as scheduled. Delays, scope reductions, cancellations, execution difficulties, payment postponements, defaults, or disputes related to the Order Book or ongoing projects can adversely affect cash flow, operational revenues, and profitability. These inherent risks in our industry and contractual relationships must be recognized as they can significantly impact on our financial performance.

14. *The construction, operation and maintenance of our transmission systems involves significant risks that may cause injury to people or property and that may lead to significant disruption to our business and consequent decreases in our revenues.*

The construction, operation, and maintenance of our transmission systems expose us to substantial risks that could result in injury to individuals or damage to property. These risks have the potential to cause significant disruptions to our business operations, ultimately leading to decreased revenues.

During the construction phase, various hazards and dangers are inherent, including accidents at construction sites that may lead to injuries to workers or the public. The use of heavy machinery, working at heights, and handling construction materials all carry risks that must be diligently managed to prevent accidents and ensure the safety of everyone involved.

In the operational phase, there are ongoing risks associated with the functioning of the transmission systems. Malfunctions, technical failures, or unforeseen events could result in disruptions to the transmission of power, impacting the smooth functioning of the systems and potentially causing damage to critical infrastructure.

Maintenance activities are also not without risks, as they involve working with electrical equipment and carrying out repairs and inspections in potentially hazardous environments. Failure to conduct adequate maintenance or address issues promptly could lead to operational inefficiencies, safety hazards, and possible revenue losses.

In the event of any major incidents or accidents, there may be legal and regulatory implications, as well as potential financial liabilities. Moreover, such incidents can tarnish our reputation and affect our ability to retain existing customers or attract new ones. We prioritize safety protocols, invest in comprehensive training for our personnel, and continuously monitor and update our infrastructure and operational practices. Despite compliance with requisite safety requirements and standards, due to the nature of the materials and circumstances our employees and contractors work under, we may be liable for certain costs, including costs for health-related claims, or removal or treatment of hazardous substances, including claims and litigation from our current or former employees for injuries arising from occupational exposure to

materials or other hazards at our power substations and transmission facilities. This could subject us to significant disruption in our business and to legal and regulatory actions, which could materially adversely affect our business, prospects, financial condition, cash flows and results of operations.

- 15. *We engage sub-contractors and other agencies in our business. The timely and successful completion of our projects in certain cases depends upon the cooperation of our sub-contractors, and any failure or delay in successful completion could adversely affect the quality of our developments and adversely affect our profitability, business and reputation.***

We rely on third parties for the implementation of projects where we have entered into arrangements with them for the supply of labour, equipment and raw material. Accordingly, the timing and quality of completion of our projects also depends on the availability and the skill of such sub-contractors. Typically, our projects are subject to specific completion schedule requirements with liquidated damages chargeable in the event that a project falls behind schedule. Thus, where we sub-contract any part of a project, the completion of the project in a timely manner often depends, in part, upon the performance of our sub-contractors. Delay or failure on the part of sub-contractors to complete their work on time, for any reason, could result in additional costs to us and damage to our reputation.

Additionally, the amount of such additional costs could have an adverse effect on our profit margins on the project. While we may seek to recover these amounts as claims from the relevant supplier, vendor, sub-contractor or other third party responsible for the delay or for providing non-conforming products or services, we cannot assure you that we will recover all or any part of these costs in all circumstances. Performance problems for existing and future projects could cause our actual results of operations to differ materially from those anticipated by us and could damage our reputation within our industry and consequently, have a detrimental effect on our customer base.

- 16. *Our reliance on raw material suppliers for our business operations exposes us to a variety of risks which could materially disrupt our operations.***

Timely and cost-effective execution of our projects is dependent on adequate and timely supply of raw materials, chief amongst them being Transformers, Panels, Tubes, Junction Box, Switches, Junction Boxes, Valves, Push Buttons, Power Tools, Motors, Lighting Poles, Inverters Etc.. We have not entered into any long term contracts or supply arrangements with any of the Company's suppliers and if, for any reason, the Company's primary suppliers should curtail or discontinue their delivery of such materials in the quantities needed, the Company's ability to meet its material requirements for construction contracts could be impaired, its construction schedules could be disrupted, and the Company may not be able to complete construction contracts as per schedule or at such costs that were anticipated. If the Company is unable to procure the requisite quantities of construction materials in time and at commercially acceptable prices, the performance of its financial results and business prospects could be adversely affected.

- 17. *Our projects require deployment of labour and depend on availability of labour. In case of unavailability of such labour, our business operations could be affected.***

Our project operations require deployment and our ability to retain labour. In case such labour workforce is unavailable, or we are unable to identify and retain such labour our business could be adversely affected. We cannot guarantee that we may be able to continue with the same on favourable terms or at all. Any such failure may impact the operations, business process and profitability. Additionally, there have been amendments in the labour and Employment related laws, which may have a direct impact on our employee costs and consequently, on our margins. Further, latest amendments in labour laws in India may be lead to increasing cost of compliance, wages, social security, Occupational Safety, Health and Working Conditions. We cannot assure you that we will continue to comply with all these labour related laws and that as we continue to grow our business in the future, our labour and employee costs coupled with operating compliances and expenses will not significantly increase. Our employees are not unionized currently. However, there is no assurance that our employees will not seek unionization in the future. In the event that employees at our project sites take any steps to unionise, it may become difficult for us to maintain flexible labour policies and may increase our costs and adversely affect our business.

Any strikes or lock-outs, work stoppages, slowdowns, shut downs, supply interruptions or costs or other factors beyond our control, may disrupt our operations and could negatively impact our financial performance or financial condition. Additionally, our inability to recruit employees, in particular skilled employees and retain our current workforce could have a material adverse effect on our business, financial condition and profitability. There can be no assurance that we will not experience slowdowns or shutdowns in the manner described above, or in any other manner, in the future, for reasons which are beyond our control. Any slowdown or shutdown will adversely impact our results of operations, market share and financial condition.

- 18. *Our operations could be adversely affected by strikes, work stoppages or increased wage demands by our employees or any other kind of disputes with our employees.***

As of August 31, 2023, the size of our workforce comprised more than 800 employees. Our operations depend upon the productivity of our workforce, which may be affected by labour disputes involving our sub-contractors or employees. We may experience business disruptions due to strikes, work stoppages or demands for wage increases. Labor unions may order their members to stop working at our construction sites or allege violations of employee rights, laws or agreements. Currently, we do not have any organized union activities. Activities at our work sites may be suspended and our projects may be significantly delayed if we fail to negotiate with the sub-contractors, employees or labour unions, or find acceptable solutions in a timely manner. Sometimes, we may engage independent contractors to assist us in undertaking our projects. It is possible that we may be held responsible for wage payments to the workers engaged by such independent contractors should they default on wage payments. Furthermore, under the Contract Labour (Regulation and Abolition) Act, 1970 (“CLRA”), we may be required to recruit some of these workers as permanent employees. Any such labour disputes, union activities or requirements to fund wage payments or recruit permanent employees could adversely affect the construction progress of our projects and have a material and adverse effect on our business, financial condition and results of operations.

19. *Our success depends on our ability to attract and retain our key management personnel. If we are unable to do so, it would adversely affect our business and results of operations.*

Our future success substantially depends on the continued service and performance of the members of our senior management team and other key personnel in our business for management, running of our daily operations, and the planning and execution of our business strategy. There is intense competition for experienced senior management and other key personnel with technical and industry expertise in our business and if we lose the services of any of these or other key individuals and are unable to find suitable replacements in a timely manner, our ability to realize our strategic objectives could be impaired. We face specific disadvantages in our efforts to attract and retain our management. As a public sector undertaking, Government of India policies regulate and control the emoluments, benefits and perquisites that we pay to our employees, including our key managerial and technical personnel and these policies may not permit us to pay at market rates.

Additionally, we may not have in place the necessary systems and processes to develop key personnel internally. Our Company does not maintain any director’s and officer’s insurance policy or any keyman insurance policy. The loss of key members of our senior management or other key team members, particularly to competitors, could have an adverse effect on our business and results of operations. Our performance also depends on our ability to attract and train highly skilled personnel. If we are unable to do so, it would materially and adversely affect our business, prospects and results of operations.

20. *Our insurance coverage may not be adequate to protect us against certain operating hazards and this may have a material adverse effect on our business.*

Our Company has obtained insurance coverage in respect of certain risks. As a pre requisite condition in our work orders, we maintain all the insurance policies as required in the order book like workmen compensation policy, third party liability, contractor all risk policy (CAR) etc. While we believe that we maintain insurance coverage in adequate amounts consistent with size of our business, our insurance policies do not cover all risks. Our operations are subject to hazards inherent in project sites such as risk of equipment failure, work accidents, fire, earthquakes, flood and other force majeure events, acts of terrorism and explosions including hazards that may cause injury and loss of life, severe damage to and the destruction of property and equipment and environmental damage. Long periods of business disruption could result in a loss of customers. Although we take precautions to minimize the risk of any significant operational problems at our engineering projects, and we have not experienced any such material incidents in the past, there can be no assurance that we will not face such disruptions in the future. For details related to insurance please refer to chapter titled as Business overview on page 132 of this Draft Red Herring Prospectus.

We may be exposed to various risks which we may not be able to foresee or may not have adequate insurance coverage. Our insurance coverage may not be adequate to cover such loss or damage to life and property, and any consequential losses arising due to such events will affect our operations and financial condition. Further, in addition to the above, any such fatal accident or incident causing damage or loss to life and property, even if we are fully insured or held not to be liable, could negatively affect our reputation, thereby making it more difficult for us to conduct our business operations effectively, and could significantly affect our business, availability of insurance coverage in the future and our results of operations. The occurrence of any one of the above events may result in us being named as a defendant in lawsuits asserting claims for substantial damages, including for personal injury and property damage and fines and/or penalties.

While we believe that the insurance coverage that we maintain is in accordance with industry standards, there can be no assurance that any claim under the insurance policies maintained by us will be honoured fully, in part or on time, or that we have taken out sufficient insurance to cover all material losses. To the extent that we suffer loss or damage for which we did not obtain or maintain insurance, that is not covered by insurance or exceeds our insurance coverage, the loss would have to be borne by us and our cash flows, results of operations and financial performance could be adversely

affected. In the event that our Company files a claim under the applicable insurance policy, there is no assurance that we will be able to recover all, or part of the losses incurred.

21. In addition to regular remuneration, other benefits and expense reimbursement our Promoters and Directors hold a vested interest in our Company; to the extent of their shareholding and associated dividend entitlements They also have a stake in transactions involving our company, whether with themselves individually or with our group companies/entities. Our Company in future may enter in related party transactions subject to necessary compliances.

Our Promoters – Directors are interested in our Company to the extent of their shareholding and associated dividend entitlements thereon in our Company, in addition to regular remuneration or benefits and expenses reimbursement. Our Promoters and Directors are interested in the transactions entered into between our Company and themselves as well as between our Company and our Group Company/Entity. All transactions with related parties entered into by the company in past were at arm's length basis, in compliance with applicable provisions of Companies Act, 2013 and other applicable provisions. Our company, promoters and group companies may enter into such related party transaction in future as well which may be or may not be at Arms' Length Price and in Ordinary Course of Business.

If such future transactions are not on Arms' Length Price and in Ordinary Course of Business, our financial position may get affected to that extent. Additionally, our Company may enter in related party transactions in future subject to necessary compliances in accordance with relevant acts, rules and regulations. For details of transactions already executed by our Company with our Promoters, Directors and Group Companies/Entities during last three years, please refer to the "Annexure 33 – Related Party Disclosure" under the Chapter titled "Restated Financial Information" beginning on Page No. 202 of this Draft Red Herring Prospectus.

Furthermore, it is likely that we may enter into related party transactions in the future. Any future transactions with our related parties could potentially involve conflicts of interest. Accordingly, there can be no assurance that such transactions, individually or in aggregate, will not have a material adverse effect on our business, financial condition, cash flows, results of operations and prospects.

22. Our Company has in the past has made certain inadvertent erroneous filings under Companies Act, 2013 with the RoC in its statutory filings. Any penalty or action taken by any regulatory authorities in future, for non-compliance with provisions of corporate and other law could impact the reputation and financial position of the Company to that extent.

Our Company has in the past has made certain inadvertent erroneous filings under Companies Act, 2013 with the RoC in its statutory filings, amended from time to time, as mentioned below:

- Our company has paid dividend in past for which no separate bank account has been opened. As on date of Draft Red Herring Prospectus, our company has not received any notice from concerned RoC. However, there can be no assurance that no penalty will be levied. In case any such penalty is levied, it will have material adverse effect on our business, financial condition, cash flows, results of operations and prospects.
- CSR Provision of the Companies Act, 2013 is applicable to our company. Our company had an obligation to spend has spent ₹61.74 Lakhs till Financial Year ending March 31, 2022 towards CSR activities under the term of the relevant provision of the companies act, 2013. However, we were able to spent ₹56.41 Lakhs towards education of weaker section in Financial Year 2022-23 against the said obligation. The unspent portion of the obligation i.e., ₹5.33 Lakhs remains unspent till date of this Draft Red Herring Prospectus.

Although no show cause notice have been received in respect of non-compliance of the Companies Act, 2013 and rules made thereunder, in the event of any cognizance being taken, the Company may be subjected to a penalty which may have adverse impact financial and operational impact on our company.

23. We operate our business from rented premises. Few of lease agreements are not renewed by the landlord and lease agreement for few leased properties are not in the name of the company.

Our company takes various properties for labour stay and other project activity on lease basis in nearby vicinity of ongoing site at which project is being executed. Few of Lease agreement are not renewed by the landlord and few lease agreement are not in the name of our company however lease rent of said premises are paid by our company. Few of such leased property are there for which no formal agreement is executed or lease agreement is not executed properly.

Up on termination of the lease, we are required to return the office premises to the Lessor/Licensor, unless it is renewed. There can be no assurance that the term of the agreements will be renewed on commercially acceptable terms and in the event the Lessor/Licensor terminates or does not renew the agreements, we are required to vacate our registered offices and we may be required to identify alternative premises and enter into fresh lease or leave and license agreement at less favorable terms and conditions. Such a situation could result in loss of business, time overruns and may adversely affect our operations and profitability.

24. *Our adherence to strict quality requirements is essential as any failure to comply with these standards could result in the cancellation of existing and future orders. Moreover, unsatisfied clientele can significantly impact our business operations and future prospects.*

Adherence to quality standards is crucial for our business to maintain strong relationships with customers and ensure their satisfaction. Failure to achieve or sustain compliance with these standards can lead to adverse consequences, including a potential decrease in orders from our client's. Client's may prefer competitors who consistently meet quality requirements, which can harm our reputation and market position.

In the event of a degradation in quality, we may face legal disputes and commercial conflicts, further impacting our business and financial condition. Inadequate insurance coverage for potential liabilities may also expose us to financial risks, affecting our overall financial performance.

Maintaining positive and ongoing relationships with customers and strategic partners is essential for our business continuity. Any disruption or failure to maintain these relationships could have adverse effects on our business, financial condition, and operational results. Personal relations with clients and tender processes have been a significant source of contracts for us in the past fiscal years. To sustain this trend, we must diligently manage our reputation and ensure a track record of successful project execution. Failure to do so may result in losing opportunities to bid on limited tenders from both existing and potential clients, negatively impacting our growth prospects.

Moreover, the termination of existing contracts at the sole discretion of clients could be detrimental to our reputation and growth potential. Clients appointing other companies to complete balance work may lead to revenue losses and hinder our ability to secure future projects.

25. *Our vision to expand into new geographical areas entails certain risks that we must address effectively.*

We intend to expand the geographical areas in which we undertake our projects. We have established a group company named 'KEPL EPC Nigeria Limited' in Nigeria. We intend to expand into emerging markets such as the Middle East and North Africa. However, currently, all our international projects have been limited to Nigeria, and there can be no guarantee that we will be able to effectively manage our entry into new geographical areas. We may face the risk that our competitors may be better known and more experienced in such newer markets, and they may enjoy better relationships with customers and international joint venture partners, gain early access to information regarding attractive projects and be better placed to bid for and be awarded such projects.

We face additional risks if we undertake projects in countries or regions, we have not worked in before, including obtaining the necessary materials and labour on acceptable terms, obtaining necessary governmental approvals and permits under unfamiliar regulatory regimes and identifying and collaborating with local business parties, contractors and suppliers with whom we have no previous relationship. We may not be successful in the same, and our inability to manage and implement our expansion strategies may disrupt our growth significantly.

26. *Our business requires us to obtain and renew certain registrations, licenses and permits from government and regulatory authorities and the failure to obtain and renew them in a timely manner may adversely affect our business operations.*

Our business operations require us to obtain and renew, from time to time, certain approvals, licenses, registrations and permits under central, state and local government rules in India, generally for carrying out our business and for our manufacturing facilities. A majority of these approvals are granted for a limited duration. While we are required to obtain a number of approvals for legally conducting our business operations and we shall submit the applications for renewal of such approvals, as and when required, during the course of our business operations, we cannot assure you that we will be able to obtain approvals in respect of such applications, or any application made by us in the future. If we fail to obtain such registrations and licenses or renewals, in a timely manner, we may not then be able to carry on certain operations of our business, which may have an adverse effect on our business, financial condition and results of operations. For details, see "Government and Other Statutory Approvals" on page 220 of this Draft Red Herring Prospectus. Our company has applied for few approvals for name change which are currently in the name of Konstelec Engineers Limited. If we fail to obtain such registrations and licenses or renewals, in a timely manner, we may not then be able to carry operations of our business, which may have an adverse effect on our business, financial condition and results of operations. For details, see "Government and Other Statutory Approvals" on page 220 of this Draft Red Herring Prospectus. The approvals required by us are subject to numerous conditions and we cannot assure you that these would not be suspended or revoked in the event of non-compliance or alleged noncompliance with any terms or conditions thereof, or pursuant to any regulatory action. Any failure by us to comply with the applicable regulations in the future, or if the regulations governing our business are amended, we may incur increased costs, be subject to penalties, have our approvals and permits revoked or suffer a disruption in our operations, any of which could adversely affect our business. In case we fail to comply with these requirements, or a regulator alleges non-compliance with these requirements, we may be subject to penalties and proceedings may be initiated against us. The introduction of additional government control or newly implemented laws and regulations, depending on the nature and extent thereof and our ability to make corresponding adjustments, may

adversely affect our business, results of operations and financial conditions. These laws and regulations and the way in which they are implemented and enforced may change from time to time and there can be no assurance that future legislative or regulatory changes will not have an adverse effect on our business, financial condition, cash flows and results of operations.

We have submitted certain applications to various regulatory authorities seeking approvals and licenses. For details, please refer to the section titled “Government Approvals” of this Draft Red Herring Prospectus. There can be no assurance that the relevant authorities will issue such permits or approvals to us or that they will be issued on time. Further, these permits, licenses and approvals are subject to several conditions and we cannot assure you that we will be able to continuously meet the conditions, which may lead to cancellation, revocation or suspension of relevant permits/licenses/approvals. Failure on our part to renew or maintain such permits, licenses or approvals may result in the interruption of our operations and may have a material impact on our business.

In the future, we may also be required to obtain new permits and approvals for our proposed operations. While we believe that we will be able to obtain such permits and approvals as and when required, there can be no assurance that the relevant authorities will issue any of such permits or approvals in the time-frame anticipated by us or at all. Failure by us to maintain or obtain the required permits or approvals, may result in the interruption of our operations or delay or prevent our expansion plans and may have a material and adverse effect on our business, financial condition and results of operations.

27. *Some of the statutory forms filed with the Registrar of Companies and corporate records are not traceable.*

We have been unable to locate the copies of certain of our corporate records like bank statements, minutes binders, statutory registers, prescribed forms filed by us with the Registrar of Companies, certified true copy of resolutions at the registered office of our company.

While we believe that these forms were duly filed on a timely basis, we have not been able to obtain copies of these documents. We cannot assure you that these form filings will be available in the future or that we will not be subject to any penalty imposed by the competent regulatory authority in this regard.

28. *As we continue to grow, we may not be able to effectively manage our growth and the increased complexity of our business, which could negatively impact our brand and financial performance.*

Our growth strategies are ambitious and have the potential to place significant demands on our management, administrative, technological, operational, and financial infrastructure. As we expand our business, there is a risk that we may face challenges in maintaining the quality of our services. The success of our growth strategies is subject to various factors, including business developments, securing new projects, timely project completions, investment opportunities, and unforeseen contingencies. We acknowledge that there may be difficulties and delays in executing our growth plans due to factors beyond our control, such as the availability of human and capital resources, delayed or non-payment by clients, challenges in implementing bidding strategies, failure to accurately identify market trends, cost escalations for raw materials, fuel, and labour, and issues related to joint venture partnerships.

The execution of our projects may also be affected by delays arising from unanticipated circumstances or unforeseen risks, leading to potential delays and increased costs. We cannot guarantee that we will always meet the expectations of our clients or execute our growth strategy on time and within estimated costs. To effectively manage our growth, we recognize the need to implement and improve operational systems, procedures, and controls. However, as we expand and diversify, there is a possibility that we may face challenges in implementing, managing, or executing these initiatives efficiently and in a timely manner. Such challenges could result in delays, increased costs, and potential compromises in service quality, which may adversely affect our results of operations and reputation.

Moreover, if we raise additional funds for our growth through debt financing, it will increase our interest and debt repayment obligations, potentially limiting our access to cash flow from operations and other means of financing. The availability and costs of financing are subject to various economic and financial market conditions, investor confidence, and the success of our ongoing projects.

It is essential to acknowledge that our management may reassess current strategies, and any changes in our approach could impose significant strain on our resources and operations. There is also a risk that we may not achieve the targeted operational levels from our future projects. The successful execution of our growth strategies is not guaranteed, and there are inherent uncertainties associated with such endeavors. If we encounter challenges or fail to execute our growth plans effectively, it could materially and adversely impact our business, prospects, and results of operations.

29. *We are exposed to significant risks on fixed-price or lump-sum turnkey contracts that could cause us to incur losses and adversely affect our business, results of operations and financial condition.*

A significant portion of our projects are undertaken on a fixed-price or lump-sum turnkey basis. These contracts involve agreeing to a predetermined fixed price for providing engineering, procurement, and construction services or delivering completed facilities in a ready-to-operate condition, subject to contract variations due to changes in the customer's project requirements. However, the actual expenses incurred during the execution of such contracts may substantially differ from the initial bid assumptions for various reasons, including but not limited to:

- Unanticipated changes in the engineering design of the project.
- Unforeseen increases in the cost of equipment, materials, or manpower.
- Delays associated with the delivery of equipment and materials to the project site.
- Unforeseen construction conditions, such as delays caused by the client's inability to obtain necessary environmental and other approvals, leading to increased costs.
- Delays caused by adverse local weather conditions.
- Commercial hardships or third-party breaches.
- Failures of suppliers or subcontractors to perform their obligations.
- Delays attributable to our own execution.

In the case of engineering and project management consultancy contracts, we assume various obligations, and any unanticipated costs or delays during contract execution may have compounding effects, leading to increased costs in other parts of the contract. Throughout the execution of the contract and up to the defect liability period, we are typically fully liable to compensate all parties concerned for any loss, damage, or destruction of work, structures, property, etc., including third-party risks arising due to our actions. We are also responsible for ensuring that we do not incur extra costs for our clients.

These variations and the inherent risks in the construction industry may result in our actual profits being different from the initial estimates, potentially leading to reduced profitability or even losses on certain projects.

30. *We face foreign exchange risks that could adversely affect our results of operations and cash flows.*

Our company export its products in Nigeria. We are exposed to foreign currency fluctuation risk. Although, we closely follow our exposure to foreign currencies. We do not hedge our exposure to foreign currency as a result, our operations, cash flows and financial performance could be adversely affected in case these currencies fluctuate significantly. We may from time to time be required to make provisions for foreign exchange differences in accordance with accounting standards. For further details please refer to chapter titled as "Restated Financial Statement" on Page No. 202 of this Draft Red Herring Prospectus. In addition, the policies of the RBI may also change from time to time, which may limit our ability to effectively hedge our foreign currency exposures and may have an adverse effect on our results of operations and cash flows. Any such losses on account of foreign exchange fluctuations may adversely affect our results of operations and cash flows. Certain markets in which we sell our products may be subject to foreign exchange repatriation and exchange control risks, which may result in either delayed recovery or even non-realization of revenue.

31. *We may be seriously affected by delays in the collection of receivables from our clients and may not be able to recover adequately on our claims.*

There may be delays in the collection of receivables from our customers or entities owned, controlled or funded by our customers or their related parties. Because of the nature of our contracts, we sometimes commit resources to projects prior to receiving adequate payments from clients in amounts sufficient to cover expenditures as they are incurred. From time to time, it may be difficult for us to collect payments owed to us by these clients. In addition, our clients may request extension of the payment terms otherwise agreed to under our contracts. As of March 31, 2023, out of total trade receivables ₹ 1,086.09 Lakhs were outstanding. We may claim for more payments from our clients for additional work and costs incurred in excess of the contract price or amounts not included in the contract price. These claims typically arise from changes in the initial scope of work or from delays caused by the clients. The costs associated with these changes or client caused delays include additional direct costs, such as labour and material costs associated with the performance of the additional work, as well as indirect costs that may arise due to delays in the completion of the project, such as increased labour costs resulting from changes in labour markets.

We may not always have the protection of escalation clauses in our projects or supplemental agreement in respect of the additional work to support our claims. Where we have escalation clauses in our agreements, we may seek to enforce our contractual rights. However, our clients may interpret such clauses restrictively and dispute our claims. These claims are thus often subject to lengthy arbitration, litigation or other dispute resolution proceedings. We cannot assure you that we may be able to recover, in part or full, any such present or future claims. Further, our debtors may have insufficient assets to pay the amounts owed to us even if such proceedings are decided in our favour. In addition, we may incur substantial

costs in collecting against our debtors and such costs may not be recovered in full or at all from the debtors. As we often need to fulfill significant working capital requirements in our operations, delayed collection of receivables or inadequate recovery on our claims could materially and adversely affect our business, cash flows, financial condition and results of operations.

Further, some of the projects that we are currently undertaking, and propose to undertake in the future, are projects with relatively longer gestation periods, which have inherent risks flowing from uncertainty in the business environment. Changes in the business environment and external economic factors can affect the creditworthiness of our clients. Unfavorable changes may lead to weakening of their creditworthiness which has a negative impact on their paying capacities. This can result in delayed payments made to us. Delays in our payments can adversely affect the cash flow position as well as the revenues or profits of our Company, consequently affecting its business and operations.

32. A significant number of our project contracts prescribe a requirement for maintaining retention money during the defects liability period. Any dispute or failure to obtain a release of such retention monies in a timely manner or at all may have an adverse impact upon our profitability, results of operations and financial position.

A significant number of the projects that we have undertaken, or currently undertake, prescribe a requirement for maintaining retention money during the defects liability period. The defects liability period typically commences upon the provision of the virtual or final completion certificate to us by our customers, and usually extends to a period of 12 to 18 months post the date of such certification. There can be no assurance that such retention money will be remitted by our clients to us on a timely basis or at all. We may make provisions for bad debts, which includes those arising from release of retention money. We may be unable to efficiently manage the level of bad debt arising from such payment practices. Any failure to obtain a release of such retention monies in a timely manner, or at all, may have an adverse impact upon our profitability, results of operations and financial position.

33. We have experienced negative cash flows from operations in the recent past, and we may have negative cash flows in the future.

Our cash flows from operating activities for the Fiscal 2023, 2022 and 2021 are set forth below:

Rs. In Lakhs

Particulars	March 31, 2023	March 31, 2022	March 31, 2021
Net cash generated from/(used in) operating activities	(457.25)	42.91	(333.92)

Cash flows of a company are a key indicator to show the extent of cash generated from the operations of a company to meet capital expenditure, pay dividends, repay loans and make new investments without raising finance from external resources. If we are not able to generate sufficient cash flows, it may adversely affect our business and financial operations.

34. We may not be able to adequately protect or continue to use our intellectual property.

The Trademark Application of our brand name “KONSTELEC” with the logo  used by our company in most of its products is pending for approval with the Registrar of Trademarks in India, under the Trademarks Act, 1999. For details of our intellectual property rights, see “*Government and Other Statutory Approvals*” on page 220 of this Draft Red Herring Prospectus. There can be no assurance that our trademark application will be accepted, and the trademark will be registered. Any other vendor in the similar line of business as ours may use the above-mentioned trademark and we may have a lesser recourse to initiate legal proceedings to protect our brand name. In the event we are not able to obtain registrations due to opposition by third parties or if any injunctive or other adverse order is issued against us in respect of our trademark for which we have applied for registration, we may not be able to use such trademark and / or avail the legal protection or prevent unauthorised use of such trademark by third parties, which may adversely affect our goodwill and business.

The registration of intellectual property including trademarks is a time-consuming process and there can be no assurance that any registration applications we may pursue will be successful and that such registration will be granted to us. If we fail to register the appropriate intellectual property, or our efforts to protect relevant intellectual property prove to be inadequate, the value attached to our brand and proprietary rights could deteriorate, which could have a material adverse effect on our business growth and prospects, financial condition, results of operations, and cash flows.

In particular, the use of similar trade names by third parties may result in confusion among our customers, and we are exposed to the risk that entities in India and elsewhere could pass off their services as our services, including imitation products, which may adversely affect our Company, resulting in a decrease in market share due to a decrease in demand for our services. It may not only result in loss of sales but also adversely affect our reputation and consequently our future

sales and results of operations. In the event of such unauthorized use, we may be compelled to pursue legal action for the protection of our brand and intellectual property, which may divert our attention and resources thereby affecting our business operations. Any litigation, whether or not it is resolved in our favour, could result in significant expense to us and divert the efforts of our technical and management personnel, which may adversely affect our business operations or financial results. For any of these reasons, despite our efforts, we may be unable to prevent third parties from infringing upon or misappropriating our intellectual property.

35. *Some of our Group Companies and our Promoter Group Entities are engaged in similar line of business. Any conflict of interest in future may occur between our group company or our promoter group entities and us may adversely affect our business, prospects, results of operations and financial condition.*

Our Company is engaged in the business of Engineering, Procurement, and Construction/ Commissioning (EPC) contractors and are engaged in the business of offering full range of EPC services in India and abroad. Our group entity/company namely KEPL EPC Nigeria Limited and CES Automation Engineers Private Limited are also engaged in the similar line of business. Further we have not executed any Non-Compete Agreement with our Group Entity/Company undertaking not to engage in businesses similar to that of our Company.

As a result, conflicts of interests may arise in allocating business opportunities amongst our Company, our other Promoter, Group Entities/Company in circumstances where our respective interests diverge. In cases of conflict, our Promoters may favour our Group Entities/Company in which our Promoters have interests. There can be no assurance that our Promoters/Promoter Group will not compete with our existing business or any future business that we may undertake or that their interests will not conflict with ours. Any such present and future conflicts could have a material adverse effect on our business, results of operations and financial condition. For further details please refer to chapter titled “*Financial Information of Our Group Companies/Entities*” beginning on page no. 231 of this Draft Red Herring Prospectus.

36. *We are subject to the restrictive covenants of banks in respect of the Loan/Credit Limit and other banking facilities availed from them. Further as on the date of the Draft Red Herring Prospectus our Company has not received “No objection” certificate from our lenders to undertake this issue. Non receipt of such “No- Objection” certificate could lead to non-compliance of the terms of loan agreements entered into by our Company with said lenders.*

We have entered into agreements for availing debt facilities from lenders. Certain covenants in these agreements require us to obtain approval/permission from our lenders in certain conditions. In the event of default or the breach of certain covenants, our lender has the option to make the entire outstanding amount payable immediately. There can be no assurance that we will be able to comply with these financial or other covenants or that we will be able to obtain consents necessary to take the actions that we believe are required to operate and grow our business. In the event we breach any financial or other covenants contained in certain of our financing arrangements, we may be required under the terms of such financing arrangements to immediately repay our borrowings either in whole or in part, together with any related costs. This may adversely impact our results of operations and cash flows.

Further, as on the date of the Draft Red Herring Prospectus, we have not received No Objection certificate from few lenders. We cannot assure you that such lenders will grant us consent and No- Objection certificate for this public Issue. Non-receipt of such consent and No-Objection certificate could lead to non-compliance of the terms of loan agreements entered into by our Company with the lenders.

37. *If we are unable to service our debt obligations in a timely manner or to comply with various financial and other covenants and other terms and conditions of our financing agreements, it may adversely affect our business, prospects, results of operations and financial condition.*

As of March 31, 2023 our Company had total indebtedness in the form of short term and long-term borrowings of ₹ 3507.15 lakhs on consolidated restated basis. Our indebtedness could have several important consequences, including but not limited to the following:

- a portion of our cash flows may be used towards repayment of our existing debt, which will reduce the availability of our cash flows to fund working capital, capital expenditures and other general corporate requirements;
- our ability to obtain additional financing in the future at reasonable terms may be restricted;
- fluctuations in market interest rates may affect the cost of our borrowings, as some of our indebtedness is at variable interest rates;
- there could be a material adverse effect on our business, financial condition and results of operations if we are unable to service our indebtedness or otherwise comply with financial and other covenants specified in the financing agreements; and

Many of our financing agreements also include various conditions and covenants that require us to obtain consent of the

lenders prior to carrying out certain activities or entering into certain transactions. Certain covenants in these agreements require us to obtain approval/permission from our lenders in certain conditions. In the event of default or the breach of certain covenants, our lender has the option to make the entire outstanding amount payable immediately. There can be no assurance that we will be able to comply with these financial or other covenants or that we will be able to obtain consents necessary to take the actions that we believe are required to operate and grow our business. For further details in this regard, please refer to note 55 & 56 under chapter titled “*Restated Financial Statement*” beginning on page 202 of this Draft Red Herring Prospectus.

38. Our Company has availed unsecured loans which are repayable on demand. Any demand from lenders for repayment of such unsecured loans, may adversely affect our cash flows.

As on March 31, 2023, our Company has unsecured loans amounting to ₹ 114.89 lakhs from related parties & Others that are repayable on demand to them. Such loans are not repayable in accordance with any agreed repayment schedule and may be recalled by the relevant lenders at any time. Any such unexpected demand or accelerated repayment may have a material adverse effect on the business, cash flows and financial condition. For further details of unsecured loans of our Company, please refer “Note 55 & 56” respectively under chapter titled “Restated Financial Information” beginning on page 202 of this Draft Red Herring Prospectus.

39. Our lenders have charge over our movable and immovable properties in respect of finance availed by us.

We have secured outstanding debt of ₹ 3507.15 lakhs as on March 31, 2023 and we have secured our lenders by creating charge over our movable and immovable properties. In the event we default in repayment of the loans availed by us and any interest thereof, our properties may be forfeited by lenders. For further information on the financing and loan agreements along with the total amounts outstanding, please refer to section titled “Restated Financial Information” on page 202 of this Draft Red Herring Prospectus.

40. Our contingent liabilities as stated in our Restated Financial Statements could affect our financial condition.

Our Contingent liabilities as on March 31, 2023 were ₹ 301.69 Lakhs. If these contingent liabilities materialize, fully or partly, the financial condition of our Company could be affected.

(₹ In lakhs)

Particulars	As at
	31st March 2023
(a) Contingent Liabilities	0.00
a. Claims against the company not acknowledged as debts	0.00
b. Related to taxation matter (Direct and Indirect)	301.69
d. Other Money for which the company is contingently liable	0.00
(b) Commitments	0.00
Total	301.69

Note :-Bank guarantee has been given by the bank in the nature of performance and advance bank guarantee to the customers of the company and the amount is indeterminable.

For more information, regarding our contingent liabilities, please refer “Note 25” in chapter titled “*Restated Financial Information*” beginning on page 202 of this Draft Red Herring Prospectus.

41. Changes in technology may render our current technologies obsolete or require us to make substantial investments.

To remain competitive and efficient, modernization and technology upgradation are crucial for reducing costs and increasing output. Our business heavily relies on technology and machinery to deliver quality services. However, there is a risk of our technology and machinery becoming obsolete over time or not being upgraded timely, which can adversely impact our operations and financial condition, leading to a loss of competitive edge in the market. While we believe that we have implemented updated technology, we understand the importance of continuous improvement. We are committed to staying abreast of the latest technological standards and trends to enhance our capabilities. In the event of a new technology emerging in our industry, we may be required to invest in adopting that technology or upgrading our existing machinery and equipment to remain competitive.

The costs associated with upgrading technology and modernizing machinery are significant, and they can have a substantial impact on our finances and operations. These investments may lead to higher capital expenditures and can temporarily affect our profitability and cash flow. We must carefully assess the potential benefits and returns on such investments to ensure they align with our long-term growth objectives.

Our ability to successfully implement technology upgrades and modernization efforts depends on various factors,

including availability of skilled technicians, compatibility of new technology with existing systems, and adequate financial resources. Delays or challenges in adopting new technology can hinder our operational efficiency and competitiveness in the market.

42. Significant disruptions of information technology systems or breaches of data security could adversely affect our business.

We depend upon information technology systems and third-party software, including internet-based systems, for our business operations, and these systems facilitate the flow of real-time information across departments and allows us to make information driven decisions and manage performance. The size and complexity of our computer systems make them potentially vulnerable to breakdown, malicious intrusion and computer viruses. Any such disruption may result in the loss of key information and disrupt our operations. In addition, our systems are potentially vulnerable to data security breaches, whether by employees or others that may expose sensitive data to unauthorized persons. Such data security breaches could lead to the loss of trade secrets or other intellectual property, or could lead to the public exposure of personal information (including sensitive personal information) of our employees, customers and others. Although we have not experienced any significant disruptions to, or security breaches of, our information technology systems, we cannot assure you that we will not encounter such disruptions in the future and any such disruptions or security breaches could have an adverse effect on our business and reputation.

43. We are dependent on our Promoters, our senior management and other key personnel, and the loss of, or our inability to attract or retain, such persons could affect our business, results of operations, financial condition and cash flows.

Our performance depends largely on the efforts and abilities of our promoters, senior management and other key personnel. They have gained experience in this line of business and have over the years built relations with our customers and other persons who are connected with us and have been actively involved in the day to day operations and management, further we believe that the inputs and experience of our senior management, in particular, and other key personnel are valuable for project development and procurement activities, and our overall business operations and the strategic directions taken by our Company. For details in relation to the experience of our key management personnel, see **“Our Management”** on page 182 of this Draft Red Herring Prospectus. We cannot assure you that these individuals or any other member of our senior management team will not leave us or join a competitor or that we will be able to retain such personnel or find adequate replacements in a timely manner, or at all. We may also be required to increase our levels of employee compensation more rapidly than in the past to remain competitive in attracting employees that our business requires. The loss of the services of such persons may have an effect on our business, results of operations, financial condition and cash flows.

44. The average cost of acquisition of Equity shares by our Promoters is lower than the Issue price.

Our Promoter’s average cost of acquisition of Equity shares in our Company is lower than the Issue Price of Equity shares as given below:

Sr. No	Name of Promoters	No. of Equity Shares held	Average Cost of Acquisition per equity share (in ₹)
1.	Mr. Biharilal Ravilal Shah	6676950	Negative
2.	Mr. Amish Biharilal Shah	2034318	0.06

45. We could be adversely affected due to misconduct or errors of our employees that are difficult to detect and any such incidents could adversely affect our financial condition, results of operations and reputation.

Employee misconduct or errors could expose us to business risks or losses, including regulatory sanctions and damage our reputation. There can be no assurance that we will be able to detect or deter such misconduct. Moreover, the precautions we take to prevent and detect such activity may not be effective in all cases. Our employees may also commit errors that could subject us to claims and proceedings for alleged negligence, as well as regulatory actions on account of which our business, financial condition, results of operations and goodwill could be adversely affected.

46. Fraud, theft, employee negligence or similar incidents may adversely affect our results of operations and financial condition.

Our company faces potential risks related to incidents of theft or damage to inventory. While we have not encountered such situations in the past, we acknowledge that there is a possibility of experiencing inventory losses due to various factors such as employee theft, vendor fraud, and general administrative errors. These incidents could have a negative impact on the results of operations and financial condition. During the execution of the contract and up to defect liability period we are generally fully liable to compensate all concerned for any loss, damage, or destruction of work, structure, property etc. including third party risk arising due to causes attributable to us.

Despite implementing security measures and internal controls, there is no guarantee that we will completely avoid

instances of fraud, theft, employee negligence, or security lapses in the future. Any such occurrence could lead to significant financial losses and affect our overall business performance.

Although we have insurance coverage against losses due to theft, fire, breakage, or damage caused by other casualties, the extent of coverage may not fully mitigate the financial impact of such incidents on our operations and financial condition. In some cases, the losses incurred may exceed the insurance coverage, resulting in additional financial strain for the company.

47. *Our ability to pay any dividends will depend upon future earnings, financial condition, cash flows, working capital requirements and capital expenditures. Moreover, We might not sustain historical dividend levels moving forward.*

We may retain all our future earnings, if any, for use in the operations and expansion of our business. As a result, we may not declare dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board of Directors and will depend on factors that our Board of Directors deem relevant, including among others, our results of operations, financial condition, cash requirements, business prospects and any other financing arrangements. Accordingly, realization of a gain on shareholders investments may largely depend upon the appreciation of the price of our Equity Shares. There can be no assurance that our Equity Shares will appreciate in value. For details of our Dividend history refer to the Section “*Dividend Policy*” on page 201 of the Draft Red Herring Prospectus. While we have paid dividends in the past, there can be no assurance as to whether we will pay dividends in the future and, if so, the level of such future dividends.

48. *There is no monitoring agency appointed by Our Company to monitor the utilization of the Issue proceeds.*

As per SEBI (ICDR) Regulations, 2018, as amended, appointment of monitoring agency is required only for Issue size above ₹ 10,000.00 Lakhs. Hence, we have not appointed any monitoring agency to monitor the utilization of Issue proceeds. However, the audit committee of our Board will monitor the utilization of Issue proceeds in terms of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. Further, our Company shall inform about material deviations in the utilization of Issue proceeds to the stock exchange and shall also simultaneously make the material deviations / adverse comments of the audit committee public.

49. *Our Promoter and the Promoter Group will jointly continue to retain majority shareholding in our Company after the Issue, which will allow them to determine the outcome of the matters requiring the approval of shareholders.*

Our promoter along with the promoter group will continue to hold collectively upto 91.65% of the Equity share capital of the company. As a result of the same, they will be able to exercise significant influence over the control of the outcome of the matter that requires approval of the majority shareholder’s vote. Such a concentration of the ownership may also have the affect of delaying, preventing or deterring any change in the control of our company. In addition to the above, our promoter will continue to have the ability to take actions that are not in, or may conflict with our interest or the interest of some or all of our minority shareholders, and there is no assurance that such action will not have any adverse effect on our future financials or results of operations.

50. *Any variation in the utilization of the Net Proceeds as disclosed in this Draft Red Herring Prospectus shall be subject to certain compliance requirements, including prior approval of the shareholders of our Company.*

We propose to utilize the Net Proceeds towards utilization for the working capital requirement and General Corporate Purposes of our Company. For further details of the proposed objects of the Issue, see Chapter titled as “*Objects of the Issue*” beginning on page 103. However, these objects of the Issue have not been appraised by any bank, financial institution or other independent agency. Further, we cannot determine with any certainty if we would require the Net Proceeds to meet any other expenditure or fund any exigencies arising out of the competitive environment, business conditions, economic conditions or other factors beyond our control. In accordance with the Companies Act, 2013 and the SEBI ICDR Regulations, we cannot undertake any variation in the utilization of the Net Proceeds as disclosed in this Draft Red Herring Prospectus without obtaining the approval of shareholders of our Company through a special resolution. In the event of any such circumstances that require us to vary the disclosed utilization of the Net Proceeds, we may not be able to obtain the approval of the shareholders of our Company in a timely manner, or at all. Any delay or inability in obtaining such approval of the shareholders of our Company may adversely affect our business or operations. Further, our Promoters would be required to provide an exit opportunity to the shareholders of our Company who do not agree with our proposal to modify the objects of the Issue, at a price and manner as prescribed by SEBI. Additionally, the requirement to provide an exit opportunity to such dissenting shareholders of our Company may deter our Promoters from agreeing to the variation of the proposed utilization of the Net Proceeds, even if such variation is in the interest of our Company. Further, we cannot assure you that the Promoter will have adequate resources at their disposal at all times to enable them to provide an exit opportunity. In light of these factors, we may not be able to vary the objects of the Issue to use any unutilized proceeds of the Issue, if any, even if such variation is in the interest of our Company. This may restrict our Company’s ability to respond to any change in our business or financial condition, if any, which may adversely affect our business and results of operations.

51. *Any future issuance of our Equity Shares may dilute prospective investors' shareholding, and sales of our Equity Shares by our major shareholders may adversely affect the trading price of our Equity Shares.*

Our growth is dependent on having a strong balance sheet to support our activities. In addition to the internally generated cash flow, we may need other sources of financing to meet our capital needs which may include entering into new debt facilities with lending institutions or raising additional equity in the capital markets. We may need to raise additional capital from time to time, dependent on business conditions. The factors that would require us to raise additional capital could be business growth beyond what the current balance sheet can sustain; additional capital requirements imposed due to changes in regulatory regime or significant depletion in our existing capital base due to unusual operating losses. Any fresh issue of shares or convertible securities would dilute existing holders, and such issuance may not be done at terms and conditions, which are favourable to the then existing shareholders of our Company. If our Company decides to raise additional funds through the incurrence of debt, our interest obligations will increase, and we may be subject to additional covenants, which could further limit our ability to access cash flows from our operations. Such financings could cause our debt to equity ratio to increase or require us to create charges or liens on our assets in favour of lenders. We cannot assure you that we will be able to secure adequate financing in the future on acceptable terms, in time, or at all. Our failure to obtain sufficient financing could result in the delay or abandonment of our expansion plans. Our business and future results of operations may be affected if we are unable to implement our expansion strategy.

Any issuance of Equity Shares by our Company may dilute shareholding of investors in our Company; and hence affect the trading price of our Company's Equity Shares and its ability to raise capital through an issue of its securities. In addition, any perception by investors that such issuances or sales might occur could also affect the trading price of our Company's Equity Shares. Additionally, the disposal, pledge or encumbrance of Equity Shares by any of our Company's major shareholders, or the perception that such transactions may occur may affect the trading price of the Equity Shares. No assurance may be given that our Company will not issue Equity Shares or that such shareholders will not dispose of, pledge or encumber their Equity Shares in the future.

52. *The Issue price of our Equity Shares may not be indicative of the market price of our Equity Shares after the Issue and the market price of our Equity Shares may decline below the Issue Price and you may not be able to sell your Equity Shares at or above the Issue Price.*

The Issue price of the equity shares have been based on many factor and may not be indicative of the market price of our Equity Shares after the Issue. For further information please refer the section titled "**Basis for Issue Price**" beginning on page 111 of the Draft Red Herring Prospectus. The market price of our Equity Shares could be subject to significant fluctuations after the Issue, and may decline below the Issue Price. We cannot assure you that you will be able to sell your Equity Shares at or above the Issue Price.

53. *Our Promoters and Directors have provided personal guarantees for financing facilities availed by our Company and may in the future provide additional guarantees and any failure or default by our Company to repay such facilities in accordance with the terms and conditions of the financing agreements could trigger repayment obligations on them, which may impact their ability to effectively service their obligations as our Promoters and Directors and thereby, adversely impact our business and operations.*

Our Promoters and Directors have personally guaranteed the repayment of certain loan facilities taken by us. Our Promoters may continue to provide such guarantees and other security post listing. In case of a default under our loan agreements, any of the guarantees provided by our Promoters and Directors may be invoked, which could negatively impact the reputation and net worth of our Promoters and Directors. In addition, our guarantors may be required to liquidate their shareholding in our Company to settle the claims of the lenders, thereby diluting their shareholding in our Company.

Furthermore, in the event that our Promoters and Directors withdraw or terminate their guarantees, our lenders for such facilities may ask for alternate guarantees, repayment of amounts outstanding under such facilities, or even terminate such facilities. We may not be successful in procuring guarantees satisfactory to the lenders, and as a result may need to repay outstanding amounts under such facilities or seek additional sources of capital, which could affect our financial condition and cash flows.

54. *The Objects of the Issue for which funds are being raised, are based on our management estimates and the same have not been appraised by any bank or financial institution or any independent agency. The deployment of funds in the project is entirely at our discretion, based on the parameters as mentioned in the chapter titled as "Objects of the Issue".*

The fund requirement and deployment, as mentioned in the chapter titled as "**Objects of the Issue**" on page 103 of this Draft Red Herring Prospectus is based on the estimates of our management and has not been appraised by any bank or financial institution or any other independent agency. These fund requirements are based on our current business plan.

We cannot assure that the current business plan will be implemented in its entirety or at all. In view of the highly competitive and dynamic nature of our business, we may have to revise our business plan from time to time and consequently these fund requirements. The deployment of the funds as stated under chapter titled **“Objects of the Issue”** on page 103 of this Draft Red Herring Prospectus is at the discretion of our Board of Directors and is not subject to monitoring by any external independent agency. Further, we cannot assure that the actual costs or schedule of implementation under chapter titled **“Objects of the Issue”** will not vary from the estimated costs or schedule of implementation. Any such variance may be on account of one or more factors, some of which may be beyond our control and will be subject applicable rules and regulations. The occurrence of any such event may delay our business plans and/or may have an adverse bearing on our expected revenues and earnings.

- 55. *Industry information included in this Draft Red Herring Prospectus has been derived from an industry sources. There can be no assurance that such third-party statistical, financial and other industry information is complete, reliable or accurate.***

This Draft Red Herring Prospectus includes information on Industry in which we operate from various sources. For further details, please see chapter titled **“Industry Overview”** beginning on page 122. The data has been furnished by independent agency on their websites and has no relationship with our Company, its Promoters, Directors, or the Book Running Lead Manager as on the date of this Draft Red Herring Prospectus. The data used in these sources may have been reclassified by us for the purposes of presentation and may also not be comparable. Industry sources and publications generally state that the information contained therein has been obtained from sources generally believed to be reliable, but that their accuracy, completeness and underlying assumptions are not guaranteed and their reliability cannot be assured. Industry sources and publications are also prepared based on information as of specific dates and may no longer be current or reflect current trends. Industry sources and publications may also base their information on estimates, projections, forecasts and assumptions that may prove to be incorrect. Accordingly, investors must rely on their independent examination of, and should not place undue reliance on, or base their investment decision solely on this information. The recipient should not construe any of the contents in this report as advice relating to business, financial, legal, taxation or investment matters and are advised to consult their own business, financial, legal, taxation, and other advisors concerning the transaction.

- 56. *Certain data mentioned in this Draft Red Herring Prospectus has not been independently verified.***

We have not independently verified data from industry publications contained herein and although we believe these sources to be reliable, we cannot assure that they are complete or reliable. Such data may also be produced on a different basis from comparable information compiled with regard to other countries. Therefore, discussions of matters relating to India and its economy are subject to the limitation that the statistical and other data upon which such discussions are based have not been verified by us and may be incomplete or unreliable.

- 57. *In the event there is any delay in the completion of the Issue, or delay in schedule of implementation, there would be a corresponding delay in the completion of the objects of this Issue which would in turn affect our revenues and results of operations.***

The funds that we receive would be utilized for the objects of the Issue as has been stated in the chapter titled “Objects of The Issue” on Page no. 51 of this Draft Red Herring Prospectus. The proposed schedule of implementation of the objects of the Issue is based on our management ‘s estimates. If the schedule of implementation is delayed for any other reason whatsoever, including any delay in the completion of the Issue, it may adversely affect our revenues and results of operations.

- 58. *We have not identified any alternate source of raising the funds required for the object of the Issue and the deployment of funds is entirely at our discretion and as per the details mentioned in the section titled “Objects of the Issue”.***

Our Company has not identified any alternate source of funding for our object of the Issue and hence any failure or delay on our part to mobilize the required resources or any shortfall in the Issue proceeds can adversely affect our growth plan and profitability. The delay/shortfall in receiving these proceeds could result in inadequacy of funds or may result in borrowing funds on unfavourable terms, both of which scenarios may affect the business operation and financial performance of the company. Further the deployment of the funds raised in the issue will be entirely at the discretion of the management and any revision in the estimates may require us to reschedule our projected expenditure and may have a bearing on our expected revenues and earnings. For further details of Please refer chapter titled “Object for the Issue” beginning on page 103 of this Draft Red Herring Prospectus.

- 59. *Any future issuance of Equity Shares may dilute your shareholdings, and sale of the Equity Shares by our major shareholders may adversely affect the trading price of our Equity Shares.***

Any future equity issuances by our Company may lead to the dilution of investors' shareholdings in our Company. In addition, any sale of substantial Equity Shares in the public market after the completion of this Issue, including by our major shareholders, or the perception that such sales could occur, could adversely affect the market price of the Equity Shares and could significantly impair our future ability to raise capital through offerings of the Equity Shares. We cannot predict what effect, if any, market sales of the Equity Shares held by the major shareholders of our Company or the availability of these Equity Shares for future sale will have on the market price of our Equity Shares.

60. *The requirements of being a public listed company may strain our resources and impose additional requirements.*

With the increased scrutiny of the affairs of a public listed company by shareholders, regulators and the public at large, we will incur significant legal, accounting, corporate governance and other expenses that we did not incur in the past. We will also be subject to the provisions of the listing agreements signed with the Stock Exchange. In order to meet our financial control and disclosure obligations, significant resources and management supervision will be required. As a result, management's attention may be diverted from other business concerns, which could have an adverse effect on our business and operations. There can be no assurance that we will be able to satisfy our reporting obligations and/or readily determine and report any changes to our results of operations in a timely manner as other listed companies. In addition, we will need to increase the strength of our management team and hire additional legal and accounting staff with appropriate public company experience and accounting knowledge, and we cannot assure that we will be able to do so in a timely manner. Failure of our Company to meet the listing requirements of stock exchange could lead to imposition of huge penalties, if any including suspension of trading, imposed by Stock Exchange.

EXTERNAL RISK FACTORS:

1. *Changing laws, rules and regulations and legal uncertainties in India, including adverse application of tax laws and regulations, may adversely affect our business and financial performance.*

Our business and financial performance could be adversely affected by changes in law or interpretations of existing, or the promulgation of new, laws, rules and regulations in India applicable to us and our business. There can be no assurance that the central or the state governments in India may not implement new regulations and policies which will require us to obtain approvals and licenses from the central or the state governments in India and other regulatory bodies or impose onerous requirements and conditions on our operations. Any such changes and the related uncertainties with respect to the implementation of the new regulations may have a material adverse effect on all our business, financial condition and results of operations. In addition, we may have to incur capital expenditures to comply with the requirements of any new regulations, which may also materially harm our results of operations. For instance, the Government has proposed a comprehensive national goods and services tax ("GST") regime that will combine taxes and levies by the Central and state Governments into a unified rate structure. Given the limited availability of information in the public domain concerning the GST, we are unable to provide any assurance as to the tax regime following implementation of the GST. The implementation of this new structure may be affected by any disagreement between certain state Governments, which could create uncertainty. Any such future amendments may affect our overall tax efficiency, and may result in significant additional taxes becoming payable.

2. *Investor may be subject to Indian taxes arising out of capital gains on the sale of the Equity Shares.*

Under current Indian tax laws, capital gains arising from the sale of equity shares within 12 months in an Indian company are classified as short-term capital gains and generally taxable. Any gain realized on the sale of listed equity shares on a stock exchange that are held for more than 12 months is considered as long-term capital gains and is taxable at 10%, in excess of Rs. 1,00,000. Any long-term gain realized on the sale of equity shares, which are sold other than on a recognized stock exchange and on which no STT has been paid, is also subject to tax in India. Capital gains arising from the sale of equity shares are exempt from taxation in India where an exemption from taxation in India is provided under a treaty between India and the country of which the seller is resident. Generally, Indian tax treaties do not limit India's ability to impose tax on capital gains. As a result, residents of other countries may be liable to pay tax in India as well as in their own jurisdiction on a gain on the sale of equity shares.

3. *Political, economic or other factors that are beyond our control may have an adverse effect on our business and results of operations.*

We are dependent on domestic, regional and global economic and market conditions. Our performance, growth and market price of our Equity Shares are and will be dependent to a large extent on the health of the economy in which we operate. There have been periods of slowdown in the economic growth of India. Demand for our services may be adversely affected by an economic downturn in domestic, regional and global economies. The Government of India has traditionally exercised and continues to exercise influence over many aspects of the economy. Our business and the market price and liquidity of our Equity Shares may be affected by interest rates, changes in Government policy, taxation, social and civil unrest and other political, economic or other developments in or affecting India. The rate of economic liberalization could change, and specific laws and policies affecting the information technology sector, foreign investment

and other matters affecting investment in our securities could change as well. Any significant change in such liberalization and deregulation policies could adversely affect business and economic conditions in India, generally, and our business, prospects, financial condition and results of operations, in particular.

The Government of India has traditionally exercised, and continues to exercise, a significant influence over many aspects of the economy. Our business, and the market price and liquidity of our Equity Shares, may be affected by interest rates, changes in government policy, taxation, social and civil unrest and other political, economic or other developments in or affecting India. Any political instability in India may adversely affect the Indian securities markets in general, which could also adversely affect the trading price of our Equity Shares. Any political instability could delay the reform of the Indian economy and could have a material adverse effect on the market for our Equity Shares. There can be no assurance to the investors that these liberalization policies will continue under the newly elected government. Protests against privatization could slow down the pace of liberalization and deregulation. The rate of economic liberalization could change, and specific laws and policies affecting companies in the industrial equipment manufacturing sectors, foreign investment, currency exchange rates and other matters affecting investment in our securities could change as well. A significant change in India's economic liberalization and deregulation policies could disrupt business and economic conditions in India and thereby affect our business.

4. *An outbreak of other infectious or virulent diseases, if uncontrolled, may have an adverse effect on our business, results of operations and financial condition.*

An outbreak of other infectious or virulent diseases, such as severe acute respiratory syndrome, the COVID-19 virus, the H1N1 virus, avian influenza (bird flu), the Zika virus or the Ebola virus, if uncontrolled, may have a material adverse effect on the economies of certain countries and our operations. If any of our employees or the employees of our suppliers and/or customers are infected with such diseases or if a significant portion of our workforce refuses to work for fear of contracting an infectious disease, our Company, our suppliers and/or our customers may be required to shut down operations for a period of time, and this could adversely affect our business, results of operations and financial condition. In addition, our revenue and profitability could be impacted to the extent that a natural disaster, health epidemic or other outbreak harms the Indian and global economy in general.

5. *Terrorist attacks or war or conflicts involving India or other countries could adversely affect consumer and business sentiment and the financial markets and adversely affect our business.*

Terrorist attacks and other acts of violence or war may adversely affect global equity markets and economic growth as well as the Indian economy and stock markets. Such acts negatively impact business and economic sentiment, which could adversely affect our business and profitability. Also, India has from time to time experienced, and continues to experience, social and civil unrest and hostilities with neighboring countries. Armed conflicts could disrupt communications and adversely affect the Indian economy. Such events could also create a perception that investments in Indian companies involve a high degree of risk. This, in turn, could have a material adverse effect on the market for securities of Indian companies, including our Equity Shares. The consequences of any armed conflicts are unpredictable and we therefore may not be able to foresee events that could have an adverse effect on our business.

6. *Global economic, political and social conditions may harm our ability to do business, increase our costs and negatively affect our stock prices.*

Global economic and political factors that are beyond our control influence forecasts directly affect performance. These factors include interest rates, rates of economic growth, fiscal and monetary policies of governments, inflation, deflation, foreign exchange fluctuations, consumer credit availability, fluctuations in commodities markets, consumer debt levels, unemployment trends and other matters that influence consumer confidence, spending and tourism. Increasing volatility in financial markets may cause these factors to change with a greater degree of frequency and magnitude, which may negatively affect our stock prices.

7. *The extent and reliability of Indian infrastructure could adversely affect our Company's results of operations and financial condition.*

India's physical infrastructure is in developing phase compared to that of many developed nations. Any congestion or disruption in its port, rail and road networks, electricity grid, communication systems or any other public facility could disrupt our Company's normal business activity. Any deterioration of India's physical infrastructure would harm the national economy, disrupt the transportation of goods and supplies, and add costs to doing business in India. These problems could interrupt our Company's business operations, which could have an adverse effect on its results of operations and financial condition.

8. *Any downgrading of India's sovereign rating by an independent agency may harm our ability to raise financing.*

Any adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely impact our ability to raise additional financing, and the interest rates and other commercial terms at which such

additional financing may be available. This could have an adverse effect on our business and future financial performance, our ability to obtain financing for capital expenditures and the trading price of our Equity Shares.

9. *Instability in financial markets could materially and adversely affect the results of operations and financial condition.*

The Indian economy and financial markets are significantly influenced by worldwide economic, financial and market conditions. Any financial turmoil, especially in the United States of America or Europe, may have a negative impact on the Indian economy. Although economic conditions differ in each country, investors' reactions to any significant developments in one country can have adverse effects on the financial and market conditions in other countries. A loss in investor confidence in the financial systems, particularly in other emerging markets, may cause increased volatility in Indian financial markets. The global financial turmoil, an outcome of the sub-prime mortgage crisis which originated in the United States of America, led to a loss of investor confidence in worldwide financial markets. Indian financial markets have also experienced the contagion effect of the global financial turmoil, evident from the sharp decline in SENSEX, BSE's benchmark index. Any prolonged financial crisis may have an adverse impact on the Indian economy and us, thereby resulting in a material and adverse effect on our business, operations, financial condition, profitability and price of our Equity Shares.

10. *Natural calamities could have a negative impact on the Indian economy and cause Our Company's business to suffer.*

India has experienced natural calamities such as earthquakes, tsunamis, floods etc. In recent years, the extent and severity of these natural disasters determine their impact on the Indian economy. Prolonged spells of abnormal rainfall or other natural calamities could have a negative impact on the Indian economy, which could adversely affect our business, prospects, financial condition and results of operations as well as the price of the Equity Shares.

11. *Government regulation of foreign ownership of Indian securities may have an adverse effect on the price of the Equity Shares.*

Foreign ownership of Indian securities is subject to government regulation. Under foreign exchange regulations currently in effect in India, transfer of shares between non-residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or fall under any of the exceptions referred to above, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert the rupees proceeds from the sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection/ tax clearance certificate from the Income Tax authorities. There can be no assurance that any approval required from the RBI or any other government agency can be obtained.

12. *A slowdown in economic growth in India may adversely affect our business, financial condition, cash flows, results of operations and prospects.*

The performance and growth of our business are necessarily dependent on economic conditions prevalent in India, which may be materially and adversely affected by centre or state political instability or regional conflicts, a general rise in interest rates, inflation, and economic slowdown elsewhere in the world or otherwise. There have been periods of slowdown in the economic growth of India. India's economic growth is affected by various factors including domestic consumption and savings, balance of trade movements, namely export demand and movements in key imports (oil and oil products), global economic uncertainty and liquidity crisis, volatility in exchange currency rates and annual rainfall which affects agricultural production. Any continued or future slowdown in the Indian economy or a further increase in inflation could have a material adverse effect on the price of our raw materials and demand for our products and, as a result, on our business and financial results. The Indian financial market and the Indian economy are influenced by economic and market conditions in other countries, particularly in emerging market in Asian countries. Financial turmoil in Asia, Europe, the U.S. and elsewhere in the world in recent years has affected the Indian economy. Although economic conditions are different in each country, investor's reactions to developments in one country can have adverse effects on the securities of companies in other countries, including India. A loss in investor confidence in the financial systems of other emerging markets may cause increased volatility in Indian financial markets and, indirectly, in the Indian economy in general. Any worldwide financial instability, including the financial crisis and fluctuations in the stock markets in China and further deterioration of credit conditions in the U.S. or European markets, could also have a negative impact on the Indian economy. Financial disruptions may occur again and could harm our business and financial results.

13. *Changing laws, rules and regulations and legal uncertainties in India, including adverse application of tax laws and regulations, may adversely affect our business and financial performance.*

Our business and financial performance could be adversely affected by changes in law or interpretations of existing, or the promulgation of new, laws, rules and regulations in India applicable to us and our business. For further details please refer to the chapter "Government and Other Statutory Approvals" on page 220 for details of the laws currently applicable to us. The governmental and regulatory bodies in India and other jurisdictions where we operate may notify new regulations and/or policies, which may require us to obtain approvals and licenses from the government and other regulatory bodies, or impose onerous requirements and conditions on our operations, in addition to those which we are

undertaking currently. Any such changes and the related uncertainties with respect to the implementation of new regulations may have a material adverse effect on our business, financial condition, results of operations and cash flows.

In addition, unfavorable changes in or interpretations of existing, or the promulgation of new, laws, rules and regulations including foreign investment laws governing our business, operations and investments in our Company by non-residents, could result in us being deemed to be in contravention of such laws and/or may require us to apply for additional approvals. Tax and other levies imposed by the central and state governments in India that affect our tax liability include central and state taxes and other levies, income tax, turnover tax, goods and services tax, stamp duty and other special taxes and surcharges which are introduced on a temporary or permanent basis from time to time. The final determination of our tax liabilities involves the interpretation of local tax laws and related regulations in each jurisdiction as well as the significant use of estimates and assumptions regarding the scope of future operations and results achieved and the timing and nature of income earned and expenditures incurred. We are involved in various disputes with tax authorities. For details of these disputes, see “Outstanding Litigation and Material Developments” on page __. Moreover, the central and state tax scheme in India is extensive and subject to change from time to time.

Any change in Indian tax laws could have an effect on our operations. For instance, the Taxation Laws (Amendment) Ordinance, 2019, a new tax ordinance issued by India’s Ministry of Finance on September 20, 2019, prescribes a number of changes to the income tax rate applicable to companies in India. According to this new ordinance, companies can henceforth voluntarily opt for a concessional tax regime (subject to no other special benefits/exemptions being claimed), which would ultimately reduce the effective tax rate for Indian companies. Any such future amendments may affect other benefits such as an exemption for income earned by way of dividend from investments in other domestic companies and units of mutual funds, exemption for interest received in respect of tax-free bonds, and long-term capital gains on equity shares if withdrawn by the statute in the future, and the same may no longer be available to us. Any adverse order passed by the appellate authorities/ tribunals/ courts would influence our profitability.

The Finance Act, 2022 (“Finance Act”), has, amongst others things, provided a number of amendments to the direct and indirect tax regime, including, without limitation, a simplified alternate direct tax regime and that dividend distribution tax (“DDT”), will not be payable in respect of dividends declared, distributed or paid by a domestic company after March 31, 2020, and accordingly, such dividends would not be exempt in the hands of the shareholders, both resident as well as non- resident and are likely to be subject to tax deduction at source. The Company may or may not grant the benefit of a tax treaty (where applicable) to a non-resident shareholder for the purposes of deducting tax at source from such dividend. Investors should consult their own tax advisors about the consequences of investing or trading in the Equity Shares. Further, the Government of India has notified the Finance Act, 2023, which has introduced various amendments to taxation laws in India. There is no certainty on the impact that the Finance Act may have on our business and operations or on the industry in which we operate. Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may impact the viability of our current business or restrict our ability to grow our business in the future.

14. *The Equity Shares have never been publicly traded, and the Issue may not result in an active or liquid market for the Equity Shares. Further, the price of the Equity Shares may be volatile, and you may be unable to resell the Equity Shares at or above the Issue Price.*

Prior to the issue, there has been no public market for the Equity Shares, and an active trading market on the Indian Stock Exchanges may not develop or be sustained after the Issue. Listing and quotation do not guarantee that a market for the Equity Shares will develop, or if developed, there will be liquidity of such market for the Equity Shares. The Issue Price of the Equity Shares may bear no relationship to the market price of the Equity Shares after the Issue. The market price of the Equity Shares after the Issue can be volatile as a result of several factors beyond our control, including volatility in the Indian and global securities markets, our results of operations, the performance of our competitors, developments in the Indian and global machine tools industry, changing perceptions in the market about investments in this sector in India, investor perceptions of our future performance, adverse media reports about us or our sector, changes in the estimates of our performance or recommendations by financial analysts, significant developments in India’s economic liberalisation and deregulation policies, and significant developments in India’s fiscal regulations. In addition, the Stock Exchanges may experience significant price and volume fluctuations, which may have a material adverse effect on the market price of the Equity Shares. General or industry-specific market conditions or stock performance or domestic or international macroeconomic and geopolitical factors unrelated to our performance may also affect the price of the Equity Shares. In particular, the stock market as a whole in the past has experienced extreme price and volume fluctuations that have affected the market price of many companies in ways that may have been unrelated to the companies’ operating performances. For these reasons, investors should not rely on recent trends to predict future share prices, results of operations or cash flow and financial condition.

15. *The requirements of being a publicly listed company may strain our resources.*

We are not a publicly listed company and have not, historically, been subjected to the increased scrutiny of our affairs by shareholders, regulators and the public at large that is associated with being a listed company. As a listed company, we will incur significant legal, accounting, corporate governance and other expenses that we did not incur as an unlisted company. We will be subject to the SEBI Listing Regulations, which will require us to file audited annual and unaudited quarterly reports with respect to our business and financial condition. If we experience any delays, we may fail to satisfy our reporting obligations and, or, we may not be able to readily determine and accordingly report any changes in our results of operations as promptly as other listed companies. Further, as a publicly listed company, we will need to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, including keeping adequate records of daily transactions. In order to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, significant resources and management attention will be required. As a result, our management's attention may be diverted from our business concerns, which may adversely affect our business, prospects, results of operations and financial condition.

Any further issuance of Equity Shares, or convertible securities or other equity-linked instruments by us may dilute your shareholding. We may be required to finance our growth through future equity offerings. Any future equity issuances by us, including a primary offering of Equity Shares, convertible securities or securities linked to Equity Shares including through exercise of employee stock options, may lead to the dilution of investors' shareholdings in our Company. Any future equity issuances by us or sales of our Equity Shares by the Promoters may adversely affect the trading price of the Equity Shares, which may lead to other adverse consequences including difficulty in raising capital through offering of our Equity Shares or incurring additional debt. In addition, any perception by investors that such issuances or sales might occur may also affect the market price of our Equity Shares. We cannot assure you that we will not issue Equity Shares, convertible securities or securities linked to Equity Shares or that our Shareholders will not dispose of, pledge or encumber their Equity Shares in the future.

16. *The sale of Equity Shares by our Promoters in future may adversely affect the market price of the Equity Shares.*

After the completion of the Issue, our Promoters will still own a significant percentage of our issued Equity Shares. The sale of a large number of the Equity Shares by our Promoters could adversely affect the market price of the Equity Shares. Similarly, the perception that any such primary or secondary sale may occur, could adversely affect the market price of the Equity Shares. No assurance may be given that our Promoters will not dispose of, pledge or encumber their Equity Shares in the future.

17. *There is no guarantee that our Equity Shares will be listed on the relevant stock exchange in a timely manner or at all.*

There is no guarantee that our Equity Shares will be listed on the relevant stock exchange in a timely manner or at all. In accordance with Indian law, permission for listing and trading of our Equity Shares will not be granted until after certain actions have been completed in relation to this Issue and until Allotment of Equity Shares pursuant to this Issue. In accordance with current regulations and circulars issued by SEBI, our Equity Shares are required to be listed on the relevant stock exchange within such time as mandated under UPI Circulars, subject to any change in the prescribed timeline in this regard. However, we cannot assure you that the trading in our Equity Shares will commence in a timely manner or at all. Any failure or delay in obtaining final listing and trading approvals may restrict your ability to dispose of your Equity Shares.

The object of the issue and deployment of funds are not appraised by any independent agency/bank/financial institution.

UNDERWRITING AGREEMENT

This Issue is 100% Underwritten. The Underwriting agreement has been entered on [●]. Pursuant to the terms of the Underwriting Agreement, the obligations of the Underwriters are several and are subject to certain conditions specified therein. The Underwriters have indicated their intention to underwrite the following number of specified securities being offered through this Issue:

Details of the Underwriter	No. of shares underwritten	Amount Underwritten (₹ in Lakh)	% of the total Issue Size Underwritten
[●]*	[●]	[●]	[●]

* Including [●] Equity Shares reserved for market maker.

In the opinion of our Board of Directors (based on a certificate given by the Underwriter), the resources of the above-mentioned Underwriter are sufficient to enable it to discharge its underwriting obligation in full. The abovementioned Underwriter is registered with SEBI under Section 12(1) of the SEBI Act with the Stock Exchanges.

DETAILS OF THE MARKET MAKING ARRANGEMENT FOR THIS ISSUE

Our Company and the Book Running Lead Manager have entered into an agreement dated [●] with the following Market Maker to fulfil the obligations of Market Making:

[●]

The Market Maker shall fulfill the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations, 2018 and the circulars issued by the NSE and SEBI in this regard from time to time.

Following is a summary of the key details pertaining to the proposed Market Making arrangement:

- 1) The Market Maker(s) (individually or jointly) shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the stock exchange. Further, the Market Maker(s) shall inform the exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker(s).
- 2) The minimum depth of the quote shall be ₹ 1,00,000. However, the investors with holdings of value less than ₹ 1,00,000 shall be allowed to offer their holding to the Market Maker(s) (individually or jointly) in that scrip provided that he/she sells his/her entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
- 3) Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.

- 4) After a period of One months from the market making period, the market maker would be exempted to provide quote if the Shares of market maker in our Company reaches to 25% of Issue Size (Including the [●] Equity Shares ought to be allotted under this Issue). Any Equity Shares allotted to Market Maker under this Issue over and above [●] Equity Shares would not be taken into consideration of computing the threshold of 25% of Issue Size. As soon as the Shares of market maker in our Company reduce to 24% of Issue Size, the market maker will resume providing 2-way quotes.
- 5) There shall be no exemption/threshold on downside. However, in the event the Market Maker exhausts his inventory through market making process, NSE may intimate the same to SEBI after due verification.
- 6) There would not be more than five Market Makers for a script at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.
- 7) On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction. In case equilibrium price is not discovered the price band in the normal trading session shall be based on issue price.
- 8) The Market Maker may also be present in the opening call auction, but there is no obligation on him to do so.
- 9) There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.
- 10) The Market Maker(s) shall have the right to terminate said arrangement by giving a one months' notice or on mutually acceptable terms to the Merchant Banker, who shall then be responsible to appoint a replacement Market Maker(s).

In case of termination of the Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Book Running Lead Manager to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 261 of the SEBI (ICDR) Regulations, 2018. Further our Company and the Book Running Lead Manager reserve the right to appoint other Market Makers either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed five or as specified by the relevant laws and regulations applicable at that particular point of time. The Market Making Agreement is available for inspection at our registered office from 11.00 a.m. to 5.00 p.m. on working days.

- 11) Risk containment measures and monitoring for Market Makers: SME Platform of National Stock Exchange of India Limited will have all margins which are applicable on the Main Board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. NSE can impose any other margins as deemed necessary from time-to-time.
- 12) Punitive Action in case of default by Market Makers: NSE will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and/or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties / fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case he is not present in the market (offering two-way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership.

The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties / fines / suspension for any type of misconduct/ manipulation/ other irregularities by the Market Maker from time to time.

- 13) Price Band and Spreads: SEBI Circular bearing reference no: CIR/MRD/DP/ 02/2012 dated January 20, 2012, has laid down that for issue size up to ₹ 250 crores, the applicable price bands for the first day shall be:
 - i. In case equilibrium price is discovered in the Call Auction, the price band in the normal trading session shall be 5% of the equilibrium price.
 - ii. In case equilibrium price is not discovered in the Call Auction, the price band in the normal trading session shall be 5% of the issue price.

Additionally, the trading shall take place in TFT segment for first 10 days from commencement of trading. The price band shall be 20% and the market maker spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time.

- 14) Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27, 2012, limits on the upper side for market makers during market making process has been made applicable, based on the issue size and as follows:

Issue Size	Buy quote exemption threshold (including mandatory initial inventory of 5% of the Issue Size)	Re-Entry threshold for buy quote (including mandatory initial inventory of 5% of the Issue Size)
Up to ₹ 20 Crore	25%	24%
₹ 20 Crore To ₹ 50 Crore	20%	19%
₹ 50 Crore To ₹ 80 Crore	15%	14%
Above ₹ 80 Crore	12%	11%

The Market Making arrangement, trading and other related aspects including all those specified above shall be subject to the applicable provisions of law and / or norms issued by SEBI / NSE from time to time.

Justification for Increased Working Capital requirement in FY 2023-24 compared to FY 2022-23

Our Company is engaged in the business of Engineering, Procurement, and Construction/ Commissioning (EPC) contractors and are engaged in the business of offering full range of EPC services in India and abroad. Our services find applications across several processing and various kinds of manufacturing industries such as oil & gas, refinery, steel, cement, pharmaceuticals, textile, hospital, health care and commercial complexes, domestically and internationally. Our need for incremental working capital is briefly explained below:

Longer Project Duration: Approximately, project duration for complete work is between 12-18 months. Such long duration of projects requires higher working capital as cost of labor, materials and overheads needed to be covered in such duration against which the final amount of project is received by our company after certification of completed work, which creates higher working capital requirement for our business. Further depending upon the size and complexity of the project, working capital requirement of each project may differ accordingly.

Composite Supply: Our company derives 72.86%, 73.08% and 86.33% of the total revenue from operations from composite supplies in the Financial Year ended 2022-23, 2021-22 and 2020-21 respectively. Under Composite supply, we provide products as well as our EPC & other contracted services. Composite supply type of work order includes goods and services

both as a part of work order. we procure the required items from organised as well as unorganised players bases on the requirement, size and nature of respective project. We have to pay for purchase of products which are to be used in the composite supply to our clients, which tie up our significant working capital portion as the full realization of such supply will be done only after final certification of the whole project.

To summaries our working capital requirement, the nature of our business depends on the number of projects that we complete in a timely manner with qualitative work, we need to procure high quality products from vendors in addition of bearing other overheads such as rent, labor, and other operational expenses required on day-to-day basis. Further, in order to provide surety and security to respective client, we need to provide some type of liquid collateral security, which also tie up our funds for working capital.

2. GENERAL CORPORATE PURPOSE:

We propose to utilize ₹ [●] Lakhs of the Net Proceeds towards general corporate purposes as approved by the Board, from time to time, subject to such utilization for general corporate purposes not exceeding 25% of the gross proceeds Issue Proceeds, in compliance with the SEBI ICDR Regulations. Our management, in accordance with the policies of our Board, will have flexibility in utilizing the proceeds earmarked for general corporate purpose subject to above mentioned limit, as may be approved by our management, including but not restricted to, the following:

- acquisition/hiring of land/property for building up corporate house,
- hiring human resources including marketing people or technical people in India or abroad,
- we may also enter into strategic alliances with other body corporates for expansion of our business in abroad or in India.
- funding growth opportunities;
- servicing our repayment obligations (principal and interest) under our existing & future financing arrangements;
- capital expenditure, including towards expansion/development/refurbishment/renovation of our assets;
- working capital;
- meeting expenses incurred by our Company in the ordinary course of business or other uses or contingencies; and/or
- strategic initiatives and

Dear Sir,

Statement of possible tax benefits (“the statement”) available to Konstelec Engineers Limited (“the company”), its shareholder prepared in accordance with the requirement in Point No. 9 (L) of Part A of Schedule VI to the Securities Exchange Board of India (Issue of Capital Disclosure Requirements) Regulations, 2018.

Reference - Initial Public Offer of Equity Shares by Konstelec Engineers Limited

1. We hereby confirm that the enclosed Annexure I, prepared by Konstelec Engineers Limited ('the Company'), which provides the possible special tax benefits under direct tax and indirect tax laws presently in force in India, including the Income-tax Act, 1961, the Central Goods and Services Tax Act, 2017, the Integrated Goods and Services Tax Act, 2017, the Union Territory Goods and Services Tax Act, 2017, respective State Goods and Services Tax Act, 2017, Customs Act, 1962 and the Customs Tariff Act, 1975 (collectively the “Taxation Laws”), the rules, regulations, circulars and notifications issued thereon, as applicable to the assessment year 2024-25 relevant to the financial year 2023-24, available to the Company, its shareholders. Several of these benefits are dependent on the Company or its shareholders fulfilling the conditions prescribed under the relevant provisions of the Taxation Laws. Hence, the ability of the Company and or its shareholders to derive the tax benefits is dependent upon their fulfilling such conditions which, based on business imperatives the Company faces in the future, the Company or its shareholders may or may not choose to fulfil.
2. This statement of possible special tax benefits is required as per Schedule VI (Part A) (9)(L) of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 as amended ('SEBI ICDR Regulations'). While the term 'special tax benefits' has not been defined under the SEBI ICDR Regulations, it is assumed that with respect to special tax benefits available to the Company, its shareholders and the same would include those benefits as enumerated in the statement. The benefits discussed in the enclosed statement cover the possible special tax benefits available to the Company, its Shareholders and do not cover any general tax benefits available to them. Any benefits under the Taxation Laws other than those specified in the statement are considered to be general tax benefits and therefore not covered within the ambit of this statement. Further, any benefits available under any other laws within or outside India, except for those specifically mentioned in the statement, have not been examined and covered by this statement
3. The benefits discussed in the enclosed Annexures are not exhaustive and the preparation of the contents stated is the responsibility of the Company's management. We are informed that the Annexure is only intended to provide information to the investors and are neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the proposed initial public offering.
4. In respect of non-residents, the tax rates and the consequent taxation shall be further subject to any benefits available under the applicable Double Taxation Avoidance Agreement, if any, between India and the country in which the non-resident has fiscal domicile.
5. We do not express any opinion or provide any assurance as to whether
 - i) the Company or its shareholders will continue to obtain these benefits in future;
 - ii) the conditions prescribed for availing the benefits have been/would be met with; and
 - iii) the revenue authorities' courts will concur with the views expressed herein.

6. The Content of the enclosed Annexures are based on information, explanations and representations obtained from the company and on the basis of their understanding of the business activities and operations of the company.
7. No assurance is given that the revenue authorities/ Courts will concur with the view expressed herein. Our views are based on existing provisions of law and its implementation, which are subject to change from time to time. We do not assume any responsibility to updates the views consequent to such changes.
8. We shall not be liable to any claims, liabilities or expenses relating to this assignment except to the extent of fees relating to this assignment, as finally judicially determined to have resulted primarily from bad faith or intentional misconduct. We will not be liable to any other person in respect of this statement.
9. This certificate is provided solely for the purpose of assisting the addressee Company in discharging its responsibility under the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 for inclusion in the Draft Red Herring Prospectus/ Red Herring Prospectus/ Prospectus in connection with the proposed issue of equity shares and is not be used, referred to or distributed for any other purpose without our written consent.

GLOBAL OUTLOOK

The global economy remains in a precarious state amid the protracted effects of the overlapping negative shocks of the pandemic, the Russian Federation’s invasion of Ukraine, and the sharp tightening of monetary policy to contain high inflation. Global financial conditions have tightened as a result of policy rate hikes and, to a lesser extent, recent bouts of financial instability.

Figure 1.1.A. Contributions to global growth

Energy prices have eased considerably since their peak in 2022 on account of weaker global growth prospects and a warmer-than-expected Northern winter, which reduced natural gas and electricity consumption. Metal prices increased in early 2023, reflecting signs of a stronger-than anticipated recovery in China, but subsequently retraced those gains. Pressures on global supply chains have abated as goods demand has weakened and global shipping conditions have improved. Energy prices have eased considerably since their peak in the third quarter of 2022. Energy prices could be lower if global demand is weaker than expected. In this respect, prospects in China play a particularly important role, as it is expected to account for more than half of the increase in global oil demand in 2023. On the upside, risks to the price forecast relate to a lack of expansion in U.S. oil production, low levels of spare capacity among OPEC members, and to the possibility that the cartel may decide to cut output further.

In a scenario where banking stress results in a severe credit crunch and broader financial stress in advanced economies, global growth in 2024 would only be 1.3 percent, about half the pace in the baseline forecast (figure 1.2.A). In another scenario where financial stress propagates globally to a far greater degree, the world economy would fall into recession in 2024, as global growth of only 0.3 percent would imply a contraction in global per capita GDP. Another risk to the forecast pertains to the possibility of higher-than-expected global inflation. This would result in additional monetary policy tightening, which could trigger financial stress. This would be particularly important in the case of the United States, given the scale of international spillovers from hawkish policy reaction by the Federal Reserve to rein in inflation—such spillovers could include a substantial further rise in borrowing costs in EMDEs, especially in those with underlying vulnerabilities (figure 1.2.B). In the longer term, the decades-long slowdown of the fundamental drivers of potential growth— labor supply, capital accumulation, and total factor productivity—may be exacerbated by trade fragmentation and climate-related natural disasters.

In some advanced economies, particularly the euro area, market-derived measures of long-term inflation compensation have moved up since last year, despite a decline in oil prices, with which they have been correlated in the past (figure 1.5.C; Elliot et al. 2015). This could signal greater risks of inflation remaining above target, but may also reflect increased inflation risk aversion among market participants (Böninghausen, Kidd, and de Vincent Humphreys 2018; Lane 2023). Consumer surveys indicate that medium-term inflation expectations in the United States and the euro area have been fairly stable in 2023. Global inflation is projected to gradually edge down as growth decelerates, labor demand in many economies softens, and commodity prices remain stable. The slow pace of improvement means that core inflation is expected to remain above central bank targets in many countries throughout 2024. Risks to the outlook remain tilted to the downside. Recent advanced-economy bank turmoil highlights the possibility of more disorderly failures, which could lead to systemic banking crises and protracted economic downturns, with spillovers to sovereigns and across borders. These failures could be triggered by mounting concerns about balance sheet quality, continued losses in the heavily leveraged commercial real

estate sector, or by the ongoing decline in house prices in many countries.

Metal prices are expected to decline in 2023 and 2024, albeit to levels higher than their 2015-19 average. Price declines reflect a recovery of supply following production disruptions last year, as well as subdued global demand. Metal prices may be higher if China's real estate sector recovers faster than expected or if supply disruptions persist—the importance of developments in China is illustrated by the fact that the country has accounted for a substantial proportion of global demand growth in recent months. Inflation remains above target in almost all inflation-targeting economies. Median headline global inflation stood at 7.2 percent year-on-year in April, down from a peak of 9.4 percent in July 2022. Moderating energy prices help explain global inflation being somewhat softer in the first quarter of 2023 than previously anticipated. However, recent core inflation measures suggest the disinflation that started last year has made only halting progress. Across EMDEs, three-month median core inflation has decelerated somewhat in recent months, while it has picked up in advanced economies. Global financial conditions have become restrictive as a result of the fastest global monetary policy tightening cycle since the 1980s, along with bouts of financial instability.

Figure: Metals demand growth

With supply chain pressures easing and energy prices declining, excess demand appears to be a key driver of continuing high inflation in advanced economies, though lingering impairments to supply capacity may also still play a role.

Advanced-economy banks started the year with unrealized losses on bond portfolios, which increased as interest rates rose. This, combined with shortcomings in risk management, contributed to the failure of several regional banks in the United States. In Europe, Credit Suisse came under intense market pressure in March and was subject to an emergency takeover. The initial emergence of banking stress drove a surge in market volatility, including the sharpest five-day drop in two-year U.S. yields in more than two decades and a large decline in bank equity prices. Central banks have nonetheless reaffirmed intentions to maintain, or increase, the tightness of monetary policy until inflation shows a clear trend toward target. Even with continued signs of banking stress, broader risk appetite in advanced-economy financial markets has been notably resilient. High-yield corporate risk spreads have mostly stayed below their post-2010 average, despite bank lending standards reaching their most restrictive levels since the global financial crisis.

Growth in advanced economies in late 2022 and early 2023 slowed less than expected, as tight labor markets supported robust wage growth and prevented a sharper slowdown in consumption. EMDE growth firmed somewhat in early 2023. External demand for many countries was supported by the pickup in growth in China and the unexpected resilience in advanced economies. Indicators of EMDE domestic demand have improved, but from a low level. Services activity also picked up to start the year, with services PMIs indicating solid expansion in several large EMDEs. Although measures of EMDE financial stress have generally declined since last year, financing costs remain elevated, reflecting both domestic and advanced-economy monetary policy tightening. Activity in EMDE energy exporters remains firm, despite a decline in energy prices (especially for coal and gas), reflecting momentum from a prolonged period of elevated export earnings. In the context of decelerating advanced-economy demand, subdued metal prices will provide little support for growth in EMDE metal exporters, many of which are also facing headwinds from tight financing conditions. In large agricultural exporters, stable high prices have supported investment in machinery and equipment, softening the contractionary impact of increased borrowing costs. Among poorer agricultural exporters, however, prohibitive fertilizer costs are crimping output. Among EMDE commodity importers, the decline in energy import costs has partially reversed the squeeze on consumers and industrial activity from last year's worsening terms of trade.

Growth in EMDEs is projected to edge up to 4 percent in 2023, which almost entirely reflects the rebound in China. EMDE growth is expected to receive little support from external demand. China's recovery is envisaged to be services oriented, rather than trade-intensive. Many EMDE central banks have also continued to tighten monetary policies, or retained high rates for longer than previously expected. Given lags in the transmission of monetary tightening, investment growth is expected to be weak throughout the year, with labour markets and consumption also softening. Moreover, market pricing suggests that inflation-adjusted policy rates will rise further in many EMDEs, as inflation declines only gradually, taking aggregate EMDE real rates further into positive territory (figure 1.9.C). This should help to combat inflation in many countries but will entail a continued drag on EMDE activity throughout 2024.

In 2022, South Asia (SAR) endured significant negative spillovers from rapid monetary policy tightening in advanced economies, weak growth in China, and the Russian Federation’s invasion of Ukraine. Import restrictions imposed by several economies (Bangladesh, Nepal, Pakistan, Sri Lanka), which adversely affected economic activity, have been relaxed as external imbalances have improved and exchange rate pressures have eased. Food export bans, however, are expected to remain in place in Bangladesh, India, and Pakistan through 2023 despite falling global prices.

In India, which accounts for three-quarters of output in the region, growth in early 2023 remained below what it achieved in the decade before the pandemic as higher prices and rising borrowing costs weighed on private consumption. However, manufacturing rebounded into 2023 after contracting in the second half of 2022, and investment growth remained buoyant as the government ramped up capital expenditure. Private investment was also likely boosted by increasing corporate profits. Unemployment declined to 6.8 percent in the first quarter of 2023, the lowest since the onset of the COVID-19 pandemic, and labour force participation increased. India’s headline consumer price inflation has returned to within the central bank’s 2-6 percent tolerance band.

Growth in India is expected to slow further to 6.3 percent in FY2023/24 (April-March), a 0.3 percentage point downward revision from January. This slowdown is attributed to private consumption being constrained by high inflation and rising borrowing costs, while government consumption is impacted by fiscal consolidation. Growth is projected to pick up slightly through FY2025/26 as inflation moves back toward the midpoint of the tolerance range and reforms payoff. India will remain the fastest-growing economy (in terms of both aggregate and per capita GDP) of the largest EMDEs.

In SAR excluding India, growth is expected to slow to 2.9 percent in 2023 before rebounding to 4.3 percent in 2024.

(Figure: Manufacturing and tourism activity)

Growth in the region is expected to slow marginally to 5.9 percent in 2023 and more significantly to 5.1 percent in 2024 (figure 2.5.2.A). Relative to January projections, this is a 0.4 percentage point upward revision in 2023 and a 0.7 percentage point downward revision for 2024. Greater-than expected resilience in private consumption and investment, and a robust services sector in India, is supporting growth in 2023.

Expected inflation one year ahead has risen sharply in the region since early 2022 in response to broad-based price increases. Additionally, in several economies, economic crises have further contributed to this inflationary pressure. Medium-term inflation expectations appear thus far to have remained subdued; however, if higher inflation expectations became entrenched, additional monetary policy tightening would be required and could affect financial stability as well as economic activity in the region. Financial sector risks remain elevated in several economies, with high levels of non-performing loans, weak capital buffers, and weak bank governance.

Growth in India is expected to slow further to 6.3 percent in FY2023/24 (April-March), a 0.3 percentage point downward revision from January. This slowdown is attributed to private consumption being constrained by high inflation and rising borrowing costs, while government consumption is impacted by fiscal consolidation. Growth is projected to pick up slightly through FY2025/26 as inflation moves back toward the midpoint of the tolerance range and reforms payoff. India will remain the fastest-growing economy (in terms of both aggregate and per capita GDP) of the largest EMDEs.

INDIAN ECONOMY:

Global economic recovery was well on track until the Russia-Ukraine conflict broke out in February 2022. The conflict has now continued for almost a year, disrupting the restoration of the supply chains disrupted earlier by lockdowns and limited trade traffic. In the last eleven months, the world economy has faced almost as many disruptions as caused by the pandemic in two years. The conflict caused the prices of critical commodities such as crude oil, natural gas, fertilisers, and

wheat to soar. This strengthened the inflationary pressures that the global economic recovery had triggered, backed by massive fiscal stimuli and ultra-accommodative monetary policies undertaken to limit the output contraction in 2020. Inflation in Advanced Economies (AEs), which accounted for most of the global fiscal expansion and monetary easing, breached historical highs. Rising commodity prices also led to higher inflation in the Emerging Market Economies (EMEs), which otherwise were in the lower inflation zone by virtue of their governments undertaking a calibrated fiscal stimulus to address output contraction in 2020.

India’s Economic Resilience and Growth Drivers

Monetary tightening by the RBI, the widening of the CAD, and the plateauing growth of exports have essentially been the outcome of geopolitical strife in Europe. As these developments posed downside risks to the growth of the Indian economy in FY23, many agencies worldwide have been revising their growth forecast of the Indian economy downwards. These forecasts, including the advance estimates released by the NSO, now broadly lie in the range of 6.5-7.0 per cent. Despite

the downward revision, the growth estimate for FY23 is higher than for almost all major economies and even slightly above the average growth of the Indian economy in the decade leading up to the pandemic. IMF estimates India to be one of the top two fast-growing significant economies in 2022. Despite strong global headwinds and tighter domestic monetary policy, if India is still expected to grow between 6.5 and 7.0 per cent, and that too without the advantage of a base effect, it is a reflection of India’s underlying economic resilience; of its ability to recoup, renew and re-energise the growth drivers of the economy. Fig 1.17

Figure I.17: India growth projections by various agencies for FY23

Source: Various Agencies

Note: ADB stands for Asian Development Bank, IMF is International Monetary Fund

India’s economic resilience can be seen in the domestic stimulus to growth seamlessly replacing the external stimuli. Although domestic consumption rebounded in many economies, the rebound in India was impressive for its scale. It contributed to a rise in domestic capacity utilisation. Domestic private consumption remains buoyant in November 2022, as indicated by Motilal Oswal’s Economic Activity Index.

Figure I.18: Enhanced capacity utilisation and business sentiments

Source: RBI

Note: BEI – Business Expectations Index

The rebound in consumption has also been supported by the release of “pent-up” demand, a phenomenon not again unique to India but nonetheless exhibiting a local phenomenon influenced by a rise in the share of consumption in disposable income. Since the share of consumption in disposable income is high in India, a pandemic-induced suppression of consumption built up that much greater recoil force. Hence, the consumption rebound may have lasting power. Accelerating growth in personal loans in India testifies to an enduring release of “pent-up” demand for consumption

The “release of pent-up demand” was reflected in the housing market too. Demand for housing loans picked up. Consequently, housing inventories have declined, prices are firming up, and construction of new dwellings is picking up

pace. This has stimulated innumerable backward and forward linkages that the construction sector is known to carry. The universalisation of vaccination coverage also has a significant role in lifting the housing market as, in its absence, the migrant workforce could not have returned to construct new dwellings.

Apart from housing, construction activity, in general, has significantly risen in FY23 as the much-enlarged capital budget (Capex) of the central government and its public sector enterprises is rapidly being deployed. Going by the Capex multiplier estimated for the country, the economic output of the country is set to increase by at least four times the amount of Capex. 4,5 States, in aggregate, are also performing well with their Capex plans. Like the central government, states also have a larger capital budget supported by the centre's grant-in-aid for capital works and an interest-free loan repayable over 50 years.

INFRASTRUCTURE INDUSTRY

Summary

1. HIGH BUDGETARY ALLOCATION FOR INFRASTRUCTURE

- In Union Budget 2022-23, the government has given a massive push to the infrastructure sector by allocating Rs. 10 lakh crore (US\$ 130.57 billion) to enhance the infrastructure sector.
- The government expanded the 'National Infrastructure Pipeline (NIP)' to 9,335 projects. 217 projects worth Rs. 1.10 lakh crore (US\$ 15.09 billion) were completed as of 2020.

2. INCREASING PRIVATE SECTOR INVOLVEMENT

- Private sector is emerging as a key player across various infrastructure segments, ranging from roads and communications to power and airports.
- Private investment into physical and social infrastructure is key to putting India in a high growth trajectory, which will make it a US\$ 5 trillion economy by 2024-25.
- Yearly private equity (PE) and venture capital (VC) investment in India is expected to surpass US\$ 65 billion in 2025.

3. IMPROVEMENT IN LOGISTICS

- In 2020, India's logistics sector was one of the largest worldwide worth US\$ 215 billion and increased at a CAGR of 10%.
- Indian logistics market is estimated to touch US\$ 320 billion by 2025.

Power generation capacity has increased at a healthy pace

As on February 2023, India's total installed electricity generation capacity stood at 412.21 GW.

- As on February 2023, India's installed renewable energy capacity has increased 396% in the last 8.5 years and stands at more than 174.53 Giga Watts (including large Hydro), which is about 42.5% of the country's total capacity.
- As of February 2023, the installed solar energy capacity has increased by 24.4 times in the last 9 years and stands at 63.3 GW.
- The cumulative FDI equity inflow in the Power sector is US\$ 16.43 billion during the period April 2000 to September 2022. This constitutes 2.67% of the total FDI inflow received across sectors.
- For 2023-24, the total budgetary allocation towards the Ministry of Power stood at Rs. 1,96,035 crore (US\$ 23.83 billion).
- In fiscal year 2022-23, India expected to commission 10 thermal power units of an aggregate 7,010 MW capacity.
- Cumulatively 39 thermal power plants with a capacity of 27,550 MW are under construction and will likely take another four years to complete.
- India's power consumption grew by 13.31% on an annual basis to 127.39 billion units (BU) in September 2022 and 11.65% in H1 FY23.
- Thermal power plant load factor or capacity utilization will improve to 63% in FY24, fueled by strong demand growth along with subdued capacity addition in the sector.
- In October 2022, the Ministry of Power launched a Scheme for Procurement of Aggregate Power of 4500 MW on a competitive basis or five years on Finance, Own and Operate (FOO) basis under B (v) of SHAKTI Policy to help the states that are facing power shortage and also help generation plants to increase their capacities.

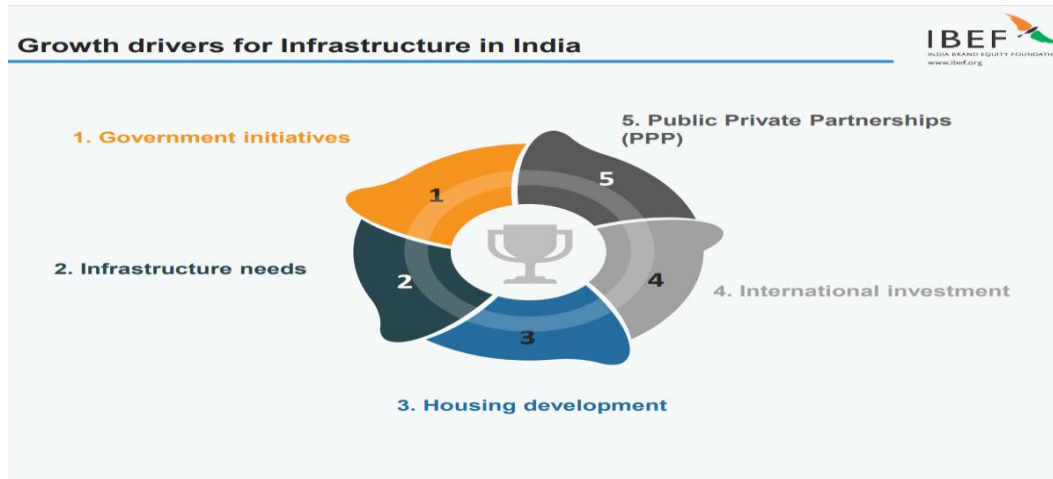

Government initiatives driving growth in the sector:

TELECOM, ENERGY AND POWER

- India is implementing many programmes for green fuel, green energy, green farming, green mobility, green buildings, and green equipment, and policies for efficient use of energy across various economic sectors.
- Also, the Budget 2023-24 allocated Rs. 97,579.05 crore (US\$ 11.7 billion) for the Department of Telecom.

- National Institute of Ocean Technology under the Ministry of Earth Sciences is implementing an Ocean Thermal Energy Conversion desalination plant at Kavaratti in Lakshadweep, powered by about 65 kW power generated from OTEC.

TAX BENEFIT

- The Union Budget 2021 provided policy impetus to achieve the ‘Housing for All by 2022’ vision through various measures such as extension of tax relief for the affordable housing segment.
- As per Union Budget 2021, the government announced a tax proposal for an additional deduction of Rs. 1.5 lakh (US\$ 2.06 thousand) shall be available for loans taken up until March 31, 2022, for purchase of affordable house.

ADVANTAGE INDIA

- **Robust demand:** India's population growth and economic development requires improved transport infrastructure, including through investments in roads, railways, aviation, shipping and inland waterways.
- **Increasing Investments:** Under Budget 2023-24, capital investment outlay for infrastructure is being increased by 33% to Rs.10 lakh crore (US\$ 122 billion), which would be 3.3% of GDP and almost three times the outlay in 2019-20.
- **Policy support:** Under the National Infrastructure Pipeline (NIP), projects worth Rs. 108 trillion (US\$ 1.3 trillion) are currently at different stages of implementation.
- **Attractive opportunities:** The development of infrastructure has a multiplier effect on demand and efficiency of transport and increases commercial and entrepreneurship opportunities.

Increasing investments in Indian infrastructure

- The National Infrastructure Pipeline (NIP) for 2019-2025 is a first-of-its-kind, whole-of-government exercise to provide world-class infrastructure to citizens, improving their quality of life.
- FDI in construction development (townships, housing, built-up infrastructure and construction development projects) and construction (infrastructure) activity sectors stood at US\$ 26.23 billion and US\$ 28.95 billion, respectively, between April 2000-September 2022.
- In January 2023, the Construction arm of Larsen & Toubro secured orders for its power transmission & distribution and buildings & factories businesses to establish a 112.5MW Solar Power Plant in West Bengal and to construct a 600-bed super speciality hospital in Mumbai, respectively.
- In December 2022, BHEL formed a consortium with Titagarh Wagons and is among five entities which have bid for the mega Rs. 58,000 crore (US\$ 7 billion) contract to manufacture 200 Vande Bharat trains and maintain them for the next 35 years.
- In December 2022, Mr. Nitin Gadkari, Minister of Road Transport and Highways inaugurated and laid the foundation stone of 8 National Highway projects of 226 km length worth Rs. 1,800 crore (US\$ 217.4 million) at Igatpuri, Nashik, Maharashtra.
- In December 2022, Mr. Nitin Gadkari, Minister of Road Transport and Highways inaugurated 7 National Highway projects worth Rs. 2,444 crore (US\$ 295 million) with a total length of 204 km in Rewa, Madhya Pradesh.
- In November 2022, the Prime Minister of India laid the foundation stone of various road projects worth over Rs. 2200 crore (US\$ 2.6 billion), namely the Medak-Siddipet-Elkathurthy section of NH-765DG; Bodhan-Basar-Bhainsa section of NH-161BB; Sironcha to Mahadevpur Section of NH-353C in Telangana.
- In November 2022, Mr. Nitin Gadkari, Minister of Road Transport and Highways inaugurated the construction of 3.8 km long 4-lane elevated structure flyover at Ahmednagar, Maharashtra on National Highway-61 at a cost of Rs. 331.17 crore (US\$ 40 million).
- In October 2022, National Highways Infra Trust (NHAI InvIT), the infrastructure investment trust sponsored by the National Highway Authority of India (NHAI) to support the Government of India's National Monetization Pipeline, raised a sum of Rs. 1,430 crore (US\$ 172.6 million) from domestic and international investors through the placement of its units, for part funding its acquisition of three additional road projects from NHAI.
- As many as 52 critical infrastructure gap projects identified by MoPSW for connecting maritime ports and IWTs (Inland Waterway Terminals) to be taken up under PM Gati Shakti National Master Plan. Currently, the DPR of a total of 56 projects (including 11 IWT projects) under this category with a total of 1215 km length are under the bidding stage for the feasibility assessment of these projects, which is being carried out by NHAI.

BUSINESS OVERVIEW

Some of the information contained in the following discussion, including information with respect to our plans and strategies, contain forward-looking statements that involve risks and uncertainties. You should read the section "Forward-Looking Statements" for a discussion of the risks and uncertainties related to those statements and also the section "Risk Factors" for a discussion of certain factors that may affect our business, financial condition, or results of operations. Our actual results may differ materially from those expressed in or implied by these forward-looking statements. Our fiscal year ends on March 31 of each year, so all references to a particular fiscal are to the Twelve-month period ended March 31 of that year. In this section, a reference to "Konstelec", "Company" or "we", "us" or "our" means "Konstelec Engineers Limited". All financial information included herein is based on our "Restated Financial information" included on page 202 of this Draft Red Herring Prospectus.

Our Company was originally incorporated as "Konstelec Engineers Private Limited" as a private limited company under the provisions of the Companies Act, 1956 vide Certificate of Incorporation dated December 05, 1995, issued by the Registrar of Companies, Mumbai. Subsequently Our Company was converted from a private limited company to public limited company pursuant to shareholders resolution passed in the Extra-Ordinary General Meeting of the company dated June 30, 2023 and consequently, the name of our Company was changed to "Konstelec Engineers Limited" and a fresh certificate of incorporation dated August 25, 2023 was issued to our Company by the Registrar of Companies, Mumbai. The Corporate Identification Number of our Company is U45203MH1995PLC095011. For details of change in name and registered office of our Company, please refer to chapter titled "History and Corporate Matters" beginning on page no. 166 of this Draft Red Herring Prospectus.

Konstelec Engineers Limited was incorporated on December 05, 1995 as a private Limited Company and started business operations as Design Engineering Company. Over the years, we have expanded our services, constantly upgraded our technologies, systems, and processes and diversified our business operations. As an EPC company, we specialize in delivering full-scale project management, procurement support, and detailed engineering services for various kinds of electrical infrastructure projects across India and abroad. With a skilled team, strong project execution capabilities, and a client-centric focus, we are committed for delivering high-quality, safe, and innovative solutions that meet our clients' specific needs. Our expertise covers the entire project lifecycle, ensuring timely delivery and successful outcomes for even the most complex projects.

At present, we are in the business of Engineering, Procurement, and Construction/ Commissioning (EPC) contractors and are engaged in the business of offering full range of EPC services in India and abroad. Our services find applications across several processing and various kinds of manufacturing industries such as oil & gas, refinery, steel, cement, pharmaceuticals, textile, hospital, health care and commercial complexes, domestically and internationally. We have designed, developed, and executed several complex and integrated projects requiring cutting-edge electrical, instrumentation and automation systems. Our key offerings include engineering design and drawings, procurement, operations and maintenance, project management and construction and commissioning. We provide one-stop solution to our clients for various kinds of engineering projects. Our expertise includes Electrical Installation, Solar Power Plant Setup, Instrumentation & Automation.

We are an EPC company and specialize in delivering full-scale project management, procurement support, and detailed engineering services for various kinds of electrical infrastructure projects across India and abroad. We acquire direct infrastructure project contracts through tender biddings or direct orders from the clients. For any contract we procure the products on behalf of the client and provide design, construction and allied services to our clients, as a bundle.

Our adaptability to market demands and technological advancements enable us to tackle projects of varying sizes and complexities. We are a licensed electrical contractor and have successfully completed over more than 200 Project of various size and complexities of which there were 45 Major Projects worth more than ₹ 400 Crores in India and abroad. As on August 31, 2023, we have an order book of more than 50 Major Projects worth around ₹ 565 Crores from our major projects suggesting strong order book which are at different stages of implementation.

We possess the requisite resources of DG sets, hydra/ crane, testing equipment's for civil/ electrical/ instruments, commercial vehicles, manpower strength etc. to execute our projects successfully. Among our distinguished clientele, we have the privilege of serving a number of esteemed clients such as Reliance Industries Limited, Engineers India Limited, JSW Steel, Indian Oil, BPCL, HPCL, CPCL, MRPL, ISRO, ACC, BARC, Dangote Industries Limited, Adani, NTPC, Tata Steel Ltd, Navin Fluorine International Ltd and IGPL, etc.

The growth we have achieved can be attributed to the visionary leadership and guidance of our promoters, Mr. Biharilal Ravilal Shah and Mr. Amish Biharilal Shah. Their extensive knowledge and over six decades of business experience in our industry have been instrumental in driving our efficiency and success. Additionally, our team comprises a diverse group of professionally trained and qualified engineers with versatile abilities. This exceptional team is adept at providing effective solutions to our customers across projects of various scales and complexities. Their collective expertise has been a driving force behind our accomplishments and continued growth.

We have in-house capabilities to deliver a project from conceptualization to completion with fast turnaround time from acquisition to launch to completion, which focuses on de-risking and improving return on investment.

We offer professional solutions, encompassing design and engineering services, to cater to the needs of our valued customers. Our team comprises highly skilled and dedicated professionals who are always prepared to deliver their utmost efficiency. At Konstelec, we leverage our technical expertise in the most optimal and cost-effective manner, ensuring the utmost reliability and availability of each project. With a proven track record of successfully executing various projects, we have cultivated a wealth of experience.

Our projects are executed by a professional and well-managed team with extensive techno-commercial knowledge and experience in the field of Engineering, Procurement, and Construction (EPC). Their expertise enables us to effectively plan, implement, and deliver projects to the highest standards. With their vast experience, our team ensures the successful execution of projects, meeting the requirements of our clients and contributing to our company's overall growth and success.

We derive our revenue from following business verticals:

- a) Engineering Design & Consultancy Services;
- b) Construction and commissioning;
- c) Operation and maintenance;
- d) Project Management

Our competent team enable us to deliver projects with precision, adhere to strict safety standards, and maintain exceptional quality, making us a reliable and trusted partner for our clients. Our services are consistent round the year. We are a quality conscious company. We constantly striving to expand our service portfolio and we always look forward to complementing projects of our clients.

LOCATIONAL PRESENCE

Our company provide its services at more than 15 states of India and in Nigeria.

OUR BUSINESS MODEL

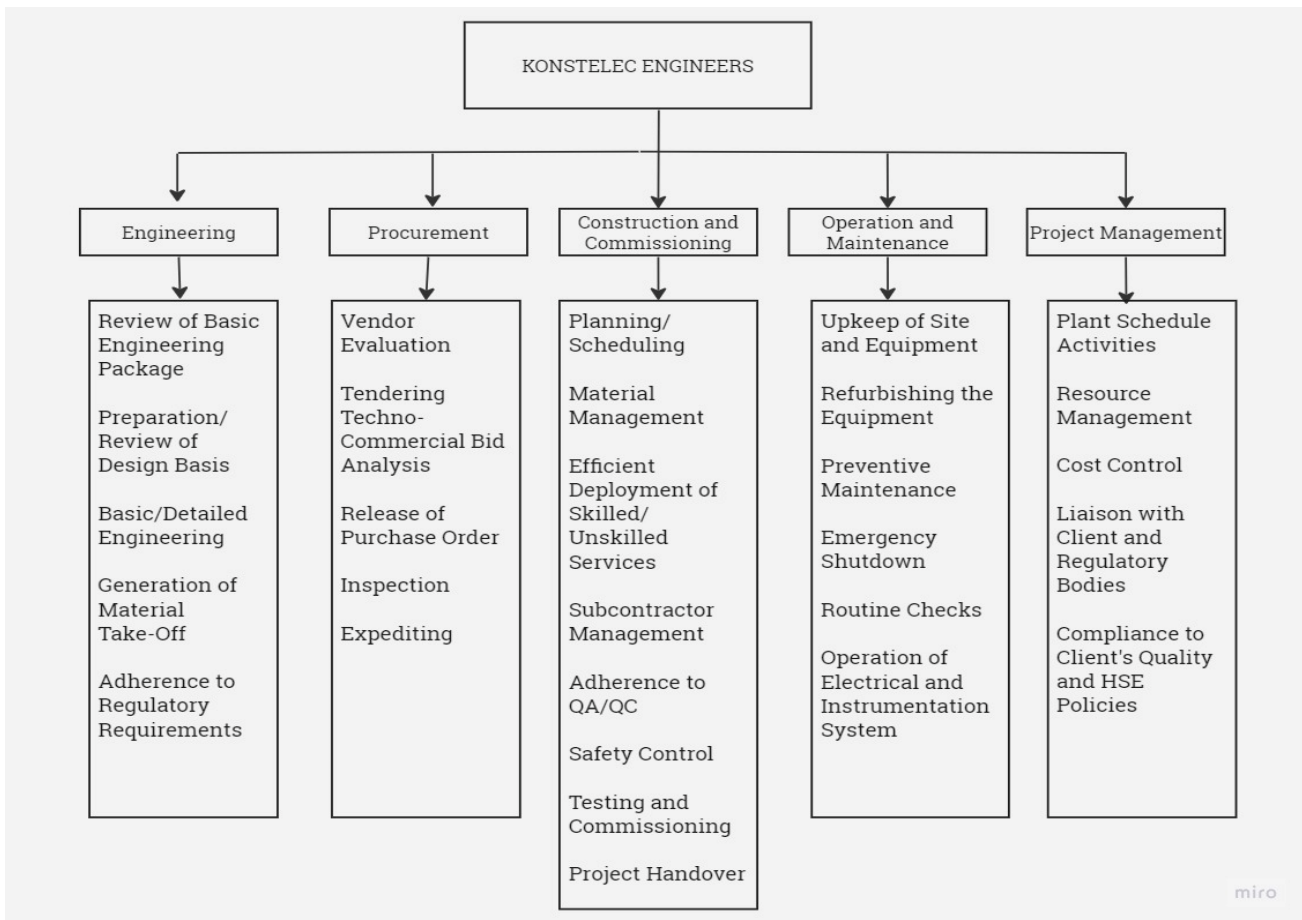

Following is our business model

100% of revenue from operations is directly from main clients. We do not take outsourced work contracts.

OUR PORTFOLIO OF SERVICES

We offer a diverse range of services to various sectors, which includes, but is not limited to the following:

1. ENGINEERING AND DESIGN

In our engineering services, we follow a comprehensive approach that encompasses various stages to ensure the successful execution of projects. It all begins with a thorough review of the basic engineering package provided by our clients. This step helps us understand the project requirements, scope, and objectives, which forms the basis for our subsequent engineering activities.

Once we have thoroughly reviewed the design basis, we move on to the next phase, which involves preparing or reviewing the detailed engineering plans. This stage is crucial as it lays the foundation for the entire project. Our team of skilled engineers and experts work diligently to create detailed engineering drawings, specifications, and documentation, ensuring that every aspect of the project is meticulously planned.

The next critical step in our engineering process is the generation of a material take-off (MTO). This involves accurately quantifying the materials required for the project based on the detailed engineering plans. The MTO helps in estimating the project's cost, procuring the necessary materials, and managing the overall project budget efficiently.

Throughout the engineering process, we adhere strictly to all relevant regulatory requirements and industry standards. Our team ensures that every design and plan meet the necessary legal and safety regulations, codes, and guidelines set by the authorities. This approach helps us mitigate risks, maintain compliance, and ensure the safety and reliability of the final infrastructure.

Overall, our engineering services are designed to provide clients with a comprehensive and seamless experience, starting from concept to completion. We take pride in our ability to deliver robust and innovative engineering solutions that meet the unique needs of each project, making us a trusted partner for large-scale electrical infrastructure projects, both in India and overseas.

2. PROCUREMENT

Our procurement process is a well-structured and essential aspect of our project management approach. We understand the significance of sourcing quality materials, equipment, and services to ensure the successful execution of complex electrical infrastructure projects. Following is the detailed description of the services:

- a) **Vendor Evaluation:** The procurement process begins with a thorough vendor evaluation. We carefully assess potential suppliers based on their experience, expertise, financial stability, track record, and ability to meet our project's specific requirements. This evaluation helps us select reliable and competent vendors to partner with for the project.
- b) **Tendering:** After identifying potential vendors, we initiate the tendering process. We prepare comprehensive tender documents that outline the project's specifications, scope, and deliverables. These documents are shared with the selected vendors to submit their proposals, which will be evaluated based on predefined criteria.
- c) **Techno-Commercial Bid Analysis:** Once the vendors submit their proposals, our team performs a detailed techno-commercial bid analysis. We evaluate the technical capabilities, quality of products or services offered, compliance with project specifications, and pricing offered by each vendor. This analysis helps us identify the most suitable and cost-effective vendor for each component of the project.
- d) **Release of Purchase Order:** After finalizing the selection of vendors, we issue the purchase orders to the chosen suppliers. The purchase orders include all necessary details, such as quantity, delivery schedule, terms, and conditions. This formalizes the procurement arrangement and sets the expectations for both parties.
- e) **Inspection:** To maintain quality standards, we conduct rigorous inspections of the procured materials, equipment, or services. Our qualified inspectors ensure that the items meet the required specifications and comply with industry standards. Inspection is a crucial step in ensuring that the project's quality and safety are not compromised.
- f) **Expediting:** Throughout the procurement process, we prioritize timely delivery of materials and equipment. We closely monitor the progress of orders and follow up with vendors to expedite deliveries, ensuring that the project schedule remains on track.

By following this comprehensive procurement process, we aim to secure the best resources and partners for our projects, mitigate potential risks, and ensure the successful execution of the largest and most complex electrical infrastructure projects across India and overseas. Our commitment to quality and efficiency in procurement contributes significantly to the overall success of our projects and the satisfaction of our clients.

3. CONSTRUCTION AND COMMISSIONING

Our Company's construction and commissioning capabilities form the backbone of our success in delivering top-notch electrical infrastructure projects. With over more than two decades of experience, we have honed our expertise to ensure technical excellence and operational efficiency in every endeavour.

The construction phase is meticulously planned and executed to meet our high standards. We bring together a skilled and unskilled workforce and, when needed, engage subcontractors to efficiently manage the project's various aspects. Our teams work cohesively to ensure that the construction process adheres to our stringent quality standards and meets the project's timeline.

Safety is paramount in our construction practices, and we have a dedicated focus on maintaining a safe working environment. Certified Safety Engineers and Officers are present on-site to enforce safety protocols and conduct regular audits to identify and address any potential risks or hazards. This approach ensures that our workforce, as well as the surrounding community, is protected throughout the construction process.

As we near project completion, a comprehensive commissioning phase comes into play. We subject all equipment, systems, and components to rigorous testing to evaluate their performance, reliability, and compliance with safety standards. This meticulous testing ensures that the project operates optimally, meeting all required specifications before handing it over to the client.

We take pride in delivering a project that meets or exceeds the client's expectations. Before the final handover, we conduct thorough safety checks to ensure all safety measures have been diligently followed. We provide the client with comprehensive documentation, detailing the project's specifications, operating procedures, and maintenance guidelines.

Our commitment to quality, safety, and timely project delivery sets us apart in the industry. With our construction and commissioning expertise, we consistently deliver successful projects that enhance our reputation as a reliable and trusted partner for electrical infrastructure development.

4. OPERATION AND MAINTENANCE

We prioritize meticulous site and equipment maintenance to create a safe and efficient working environment. Our approach includes equipment refurbishment and proactive preventive maintenance to address potential issues before they escalate, thereby minimizing downtime and ensuring maximum reliability.

Safety is of paramount importance to us, and we have well-defined emergency shutdown procedures in place to safeguard our personnel and assets in critical situations. Routine checks are an integral part of our operation, allowing us to closely monitor equipment performance and swiftly respond to any deviations or abnormalities.

Our commitment to excellence extends to adhering to the highest industry standards in all aspects of our projects' operation. By following best practices and implementing cutting-edge technologies, we ensure that our projects run seamlessly, providing our clients with reliable and consistent results.

Through our robust Operation and Maintenance strategies, we strive to optimize the longevity and performance of our projects, thus ensuring a strong foundation for their sustainable success. We take great pride in delivering top-tier services and maintaining our reputation as a reliable partner in the field of electrical infrastructure development.

5. PROJECT MANAGEMENT

We adopt a well-structured and comprehensive approach to ensure successful project execution. Our team focuses on key aspects to achieve project milestones effectively and efficiently.

Plant Schedule Activities: We develop detailed project schedules that outline all activities and their respective timelines. Our experienced project managers meticulously plan the sequence of tasks, ensuring optimal resource allocation and efficient utilization of time.

Resource Management: We prioritize resource management to ensure that the right personnel and equipment are available when needed. Our skilled workforce and modern equipment enable us to handle project challenges effectively, maximizing productivity.

Cost Control: We are committed to cost-effective project delivery. Our project managers closely monitor project budgets and expenditures, implementing effective cost control measures to minimize expenses without compromising on quality.

Liaison with Clients and Regulatory Bodies: We maintain transparent and open communication with our clients, keeping them informed about project progress and addressing any concerns promptly. Additionally, we liaise with regulatory bodies to secure necessary approvals and ensure compliance with all legal and regulatory requirements.

Compliance with Quality and HSE Policies: Quality and safety are integral to our project management approach. We adhere strictly to the quality and health, safety, and environment (HSE) policies established by our clients and regulatory bodies. Stringent quality checks and safety measures are implemented at every stage to meet and exceed industry standards.

Client Satisfaction: We prioritize client satisfaction throughout the project lifecycle. By delivering high-quality work and meeting project objectives, we aim to build lasting partnerships with our clients and earn their trust.

Our holistic approach to Project Management ensures that we complete projects within schedule, budget, and quality parameters. By maintaining a proactive and adaptable stance, we successfully navigate project complexities and deliver exceptional results. As a result, we have earned a reputation for reliability, efficiency, and excellence in the industry.

OUR AREAS OF PROFICIENCY

1. Electric & Instrumentation Contracts

The scope of electric & instrumentation contracts may include:

- **Electrical Systems:** This involves the installation and maintenance of power distribution networks, electrical panels, wiring, lighting systems, and other electrical infrastructure required for the project.
- **Instrumentation Systems:** This covers the installation and calibration of various sensors, transmitters, control valves, and other instruments used to monitor and control process parameters in industrial facilities.
- **Automation and Control:** It includes the design and implementation of control systems, distributed control systems (DCS), programmable logic controllers (PLC), and supervisory control and data acquisition (SCADA) systems for process automation.
- **Safety and Fire Protection:** This involves the installation of fire and gas detection systems, emergency shutdown systems, and other safety-related instrumentation to ensure the safety of personnel and equipment.
- **Compliance and Quality Assurance:** Ensuring adherence to relevant industry standards, regulations, and safety codes during the execution of the project.

Electric & Instrumentation contracts require skilled and experienced engineering teams that can handle complex electrical and instrumentation requirements while ensuring safety, reliability, and efficiency in the systems. These contracts play a crucial role in various industries to ensure smooth and optimized operations in challenging and dynamic environments.

Konstec boasts a dedicated and skilled permanent workforce comprising more than 120 engineers, 250 technicians, and various other locally employed personnel, totaling to over 800 work force across diverse project sites in India and Africa. Our manpower allocation aligns precisely with contractual obligations and client specifications. With an impressive

portfolio of over 50 active project sites across India and Nigeria, we possess the necessary resources, including Hydra, Containers/Commercial Vehicles, Stores, and Manpower, meticulously meeting all contractual commitments.

Over the years, Company has earned the unwavering trust and confidence of our valued clients by consistently delivering on our promises. Our remarkable ability to rapidly mobilize and deploy requisite resources has set us apart, allowing us to respond promptly and efficiently to any project's demands. Our commitment to excellence and resource management has further strengthened our reputation in the industry, solidifying our position as a reliable partner for our clients.

2. Electrical

Konstelec excels in a wide range of electrical engineering services, including:

- **Switchyard Design and Execution:** Our expertise extends to designing and executing switchyards for voltage levels up to 220 KV, ensuring efficient power transmission and distribution.
- **Sub Station and Power Distribution System Design and Execution:** We are skilled in designing and executing substations and power distribution systems for High Voltage (HV) and Medium Voltage (MV) applications, catering to various industries such as process plants, commercial complexes, power plants, cement plants, refineries, and more.
- **Resources for HV and MV Systems:** Our team is equipped to handle the design and execution of HV and MV systems, delivering reliable and efficient solutions for diverse projects.
- **Power Protection System Design:** We possess in-depth knowledge and experience in designing power protection systems, incorporating advanced technologies to safeguard critical equipment and ensure seamless operations. Our services also include testing and relay setting coordination for optimal performance.
- **Earthing, Lighting, and Lightning Protection System:** Konstelec is well-versed in designing and implementing comprehensive earthing, lighting, and lightning protection systems. These systems are crucial for maintaining safety and minimizing risks associated with electrical installations.
- **Lighting Fixtures:** We offer expert guidance in selecting and installing appropriate lighting fixtures for various applications, ensuring effective illumination and energy efficiency.

With a proven track record and a team of highly skilled professionals, Konstelec provides cutting-edge solutions in the field of electrical engineering, contributing to the successful execution of projects across different industries.

3. Solar Power Plant

Konstelec has been actively involved in various Solar Power plant projects under the Jawaharlal Nehru National Solar Mission (JNNSM), an initiative by the Government of India to promote solar energy adoption. These projects have been undertaken in collaboration with various EPC consultants. Additionally, Company has taken up the responsibility of operating and maintaining these solar power plants post-construction.

We have successfully undertaken and executed various key projects in the solar power sector. Our expertise extends to a wide range of tasks involved in the construction and operation of solar power plants. Some of the major works completed by our company include:

- **Electrical Works for 5 MW Solar Photovoltaic Power Plant:** We have efficiently carried out electrical works for a 5 MW solar photovoltaic power plant. Our skilled team ensured the smooth installation, testing, and commissioning of the entire solar system, from PV panels to the switchyards. This project demonstrates our capability to handle medium-sized solar installations and deliver reliable and efficient results.
- **Erection, Installation, Testing & Commissioning for 17 MW Power Plant:** KEPL has successfully managed the erection, installation, testing, and commissioning of a substantial 17 MW solar power plant. Our expertise in seamlessly integrating solar PV panels, electrical systems, and switchyards has contributed to the plant's smooth operation and compliance with industry standards.
- **Supply, Erection, Installation, Testing & Commissioning of 66KV Switchyard with 11KV Pooling Station, including Civil Work:** In addition to the solar power plants, we have also executed a project involving the supply, erection, installation, testing, and commissioning of a 66KV switchyard with an 11KV pooling station. Our capabilities extend to civil works associated with these installations, ensuring a comprehensive and efficient solution.

4. Instrumentation & Automation

Konstelec's expertise in Instrumentation & Automation encompasses a wide array of services:

- **Building Management System (BMS):** We specialize in designing and implementing BMS solutions, including Security, Access Control, CCTV, and Fire Alarm Systems, ensuring optimal safety and security in various buildings and facilities.

- **Industrial Power Plant (IPP) - Boiler and Burner Management System (BBMS):** Our team is well-versed in creating efficient BMS solutions for Industrial Power Plants, optimizing the performance of boilers and burners for enhanced productivity.
- **Automation System and Process Control:** We provide comprehensive automation solutions with Field Bus Engineering for Power Plants, Wire Rod Mill, Cement Plants, and similar industries, streamlining processes and increasing operational efficiency.
- **Office Automation System:** KEPL offers data and voice automation solutions for offices, enhancing communication and facilitating seamless operations. We also provide Network Systems to ensure robust connectivity and data management.
- **Integrated Green Building Design & Energy Efficiency Solutions:** We specialize in designing sustainable and energy-efficient green buildings, employing innovative solutions to reduce environmental impact.
- **Distribution Control System, PLC, SCADA & Complete Control and Automation Package:** Our expertise extends to providing comprehensive solutions for Distribution Control Systems, Programmable Logic Controllers (PLC), SCADA systems, and other automation packages, enabling effective control and monitoring of various processes.

With a highly skilled team and cutting-edge technologies, we deliver top-notch Instrumentation & Automation services, contributing to the success and efficiency of projects in diverse industries.

OUR COMPETITIVE STRENGTHS

1. **Expertise and Experience:** With over two decades of experience in the EPC industry, our team has developed extensive expertise in handling a diverse range of projects. Our skilled professionals possess in-depth knowledge and technical know-how, enabling us to tackle projects of varying complexities and scales effectively.
2. **Strong Project Management:** We take pride in our efficient and meticulous project management capabilities. By leveraging cutting-edge planning tools and processes, we create detailed project plans and execute them seamlessly. Our proactive approach to cost-effective alternatives and adherence to Quality, Health, Safety, and Environment (QHSE) policies ensure successful project delivery.
3. **Comprehensive Service Offering:** As a full-service EPC company, we provide a complete suite of project management, engineering, procurement, and construction services. From conceptualization to commissioning, we handle every aspect of the project lifecycle, offering our clients a one-stop solution.
4. **Diverse and Skilled Workforce:** Our dedicated team comprises over 800 professionals, including engineers, technicians, and other skilled and unskilled personnel. Their diverse skill sets enable us to execute projects in different regions and industries, meeting the specific requirements of our clients effectively.
5. **Robust Technical Infrastructure:** We have established an in-house design setup and equipped ourselves with the latest technological advancements. This enables us to stay at the forefront of innovation and deliver cutting-edge solutions to our clients.
6. **Commitment to Quality and Safety:** Quality and safety are at the core of our operations. We maintain the highest industry standards and implement stringent quality control measures. Our certified Safety Engineers and Officers ensure a safe working environment, minimizing risks and enhancing operational efficiency.
7. **Robust Order Book:** Our strong and continuously growing order book is a testament to the trust and confidence our clients place in us. The cumulative value of secured contracts in our order book represents the future revenues we expect to recognize from these projects. This not only provides us with a stable revenue stream but also reflects the market's recognition of our capabilities and expertise in the industry. Our robust order book ensures a steady flow of projects, enabling us to maintain a competitive edge and achieve sustainable growth. As on August 31, 2023, we have an order book position for execution of around ₹ 565 Crores which are at different stages of implementation.
8. **Strong Client Relationships:** Over the years, we have built enduring relationships with our clients based on trust and mutual respect. Our ability to deliver on time and within budget has earned us their confidence and repeat business.
9. **Geographical Presence:** Our presence in multiple regions, including Andhra Pradesh, Assam, Bihar, Karnataka, Kerala, Gujarat, Odisha, Madhya Pradesh, Maharashtra, Punjab, Rajasthan, Tamil Nadu, Uttar Pradesh, West Bengal in India and Nigeria in Africa, provides us with a strategic advantage to tap into diverse markets and expand our business footprint.
10. **Track Record of Successful Projects:** Our track record of successfully executing and delivering projects speaks for itself. Our ability to meet client expectations and achieve desired outcomes has been pivotal in building our reputation in the industry.
11. **Adherence to Regulatory Compliance:** We ensure strict compliance with all applicable laws, regulations, and permits, minimizing risks and potential legal complications.

OUR BUSINESS STRATEGIES

- 1. Technological Advancement:** At Konstelec, we recognize the paramount importance of staying at the forefront of technological innovation in our industry. Embracing cutting-edge technologies and innovative solutions is a fundamental aspect of our business strategy, enabling us to maintain a competitive edge and deliver exceptional services to our clients. As technology rapidly evolves, businesses that fail to keep pace risk falling behind in the market. Therefore, we continually invest in researching and adopting the latest advancements that align with our project requirements and client needs. This approach empowers us to deliver superior solutions and stay ahead of the competition. By leveraging advanced technologies, we enhance the efficiency and effectiveness of our operations. Modern tools and techniques enable us to streamline processes, optimize resource allocation, and achieve higher productivity levels. This efficiency translates into cost savings and improved project timelines, benefiting both us and our clients.
- 2. Strong Project Execution:** Our Company prioritizes meticulous planning and execution, ensuring high-quality standards, timely delivery, and adherence to budgets. This commitment enhances client satisfaction, fosters trust, and strengthens the company's reputation.
- 3. Talent Development:** Our Company emphasizes fostering a skilled and motivated workforce, empowering the team to handle diverse projects efficiently. Talent development ensures seamless growth and operational excellence across projects.
- 4. Customer-Centric Approach & Sustainable Growth:** At Konstelec, we pride ourselves on adopting a customer-centric approach that puts our clients' unique needs at the forefront of our business. Understanding their specific requirements is essential to providing tailor-made solutions that best address their challenges and objectives. This customer-centric focus has proven instrumental in building enduring relationships with our clients, fostering trust, and encouraging repeat business. In addition to our dedication to our clients, we are equally committed to sustainable growth and responsible environmental management. Our company recognizes the importance of aligning our growth with the well-being of society and the environment. We actively embrace sustainable practices throughout our operations, ensuring that our projects have a positive impact on the communities and environments in which we work. By combining a customer-centric approach with our commitment to sustainability, we not only meet our clients' needs effectively but also contribute to a better and more sustainable future. Our philosophy of responsible growth guides us to strike a balance between delivering high-quality services and solutions while safeguarding the environment and the interests of all stakeholders involved. This approach sets us apart as a responsible and forward-thinking organization, dedicated to making a positive difference in the world.
- 5. Quality Assurance:** Our Company prioritizes maintaining the highest standards of quality in all projects and services. Consistently delivering top-notch solutions builds a reputation for excellence and instills client trust, enhancing the company's market position.
- 6. Enhancing Brand Name:** Our Company recognizes the value of its brand and the trust it inspires in clients. Continuous efforts to enhance the brand's reputation aim to establish Konstelec as a recognized and preferred choice in the industry.
- 7. Improving Operational Efficiencies:** Our Company streamlines internal processes and optimizes resource utilization to deliver projects more effectively, increasing customer satisfaction and overall profitability.
- 8. Leveraging Market Skills and Relationships:** Our Company leverages its skilled workforce and strong market relationships to explore new opportunities, forge strategic partnerships, and expand its reach to new markets and clients.
- 9. Increasing Customer Reach:** Our Company seeks to expand its customer base by actively targeting new markets and engaging with a wider range of clients. The goal is to present the company's expertise to a broader audience across diverse industries and geographies.
- 10. Growth Strategies:** At Konstelec, we have a two-pronged approach to achieve sustainable growth. Firstly, we aim to grow organically by expanding our capabilities and presence in existing markets and sectors. Through continuous innovation, leveraging cutting-edge technologies, and nurturing our skilled workforce, we seek to seize emerging opportunities and solidify our position in the industry. Secondly, we embrace inorganic growth by actively seeking strategic tie-ups and joint ventures. Collaborations with like-minded partners enable us to access new markets, technologies, and expertise, propelling us into unexplored territories. By forging strong and mutually beneficial partnerships, we broaden our horizons and diversify our project portfolio, thus mitigating risks and capitalizing on emerging opportunities.
- 11. Effective Marketing Methods:** Our Company adopts modern and effective marketing techniques to promote its services and make them accessible to potential clients. Strong marketing efforts effectively communicate the company's value proposition and differentiate it from competitors.

COMPETITION

We operate in a highly competitive industry with no entry barriers, making us susceptible to competition from new entrants. The market comprises numerous players, including both unorganized and organized entities. Our goal is to deliver branded, standardized, and high-quality products at competitive prices to our consumers. In this competitive landscape, we compete with regional and product line-based strategies. Some of our competitors have greater financial resources and offer a broader range of products. However, our focus on client relationships, reputation, employee expertise, market focus, and product quality help us stay competitive. We strive to ensure consistent product quality, timely delivery, and competitive pricing to strengthen our brand over time. Our integrated and cost-effective offerings, coupled with our commitment to customer satisfaction, reliability, and quality consciousness, give us a competitive advantage. With our technical capabilities, industry experience, and quality assurance, we are confident in overcoming competition from both organized and unorganized players in the market.

INSTALLED CAPACITY AND CAPACITY UTILISATION

Our company is engaged in the service sector therefore capacity and capacity utilisation data are not applicable to us.

COLLABORATIONS/ TIE UPS/ JOINT VENTURES

We have entered into a memorandum of understanding dated October 05, 2009 to form joint venture with Hi- Tech Profile, who is a reputed partnership firm in Rajkot, Gujarat, established to carry on the business of Supply and Installation of Electrical Line and Substation Equipment (Transmission H/W & Accessories). Both Konstelec and Hi-Tech have entered into a Joint Venture to form a private limited company 'Konstelec Hitech Engineers Private Limited', incorporated in the year 2010, to carry out the work of Electrical Switchyard (substation) and EHV transmission line work on EPC (Engineering Procurement Construction) basis.

Capitalizing on their complementary skill sets, Hi-Tech has provided liaison/ inspection, obtained approvals of documents from relevant authorities, carried out installation work, testing, commissioning and maintenance till completion of the Performance Bank Guarantee Period of Electrical Switchyard (substation), EHV Transmission line work on EPC basis. Konstelec has meticulously provided engineering services, site infrastructure and procurement of items related to Electrical Switchyard (substation) projects, and EHV transmission line work on EPC basis. Harnessing the latest technological advancements and with the involvement of skilled personnel, this collaboration between the companies seeks to set new industry benchmarks.

TECHNOLOGY:

We use information technology systems to enhance our performance and efficiency. We use third party software "Computer Aided Design Software" and DIALux lighting design software (License Free Tool) for our designing, MS office 365, Tally Accounting Software for Accounting Record Keeping and other reporting purposes,. We believe that this system allows us to streamline our processes while enhancing our monitoring and control functions.

UTILITIES & INFRASTRUCTURE FACILITIES:

Raw Material:

We are in the business of Engineering, Procurement, and Construction/ Commissioning (EPC) contractors and are engaged in the business of offering full range of EPC services in India and abroad. The materials required for performing the scope of work are based on client requirement. For composite supply projects, material is procured by our company from approved vendors / brands as per the requirement of the client.

Water Facility:

At our Registered Office, work sites/ projects, we require water only for general purposes for which we utilize water supply from local authorities to meet water requirements.

Electricity and Power Setup:

We typically receive power supply at project sites from the company that has awarded us the contract. In cases where additional power is needed, we have access to Diesel Generator sets from nearby locations to ensure uninterrupted

operations.

Transportations:

We rely on third party transporters for the delivery of our products to our customers and for procurement of Materials from suppliers.

HUMAN RESOURCES:

At Konstelec, we highly value our human resources and recognize their crucial role in our industry. Our well-structured organization plan aims to foster their growth and motivation. With a prudent mix of experienced and young professionals, we benefit from both stability and growth. Our skilled and diverse workforce, along with efficient work processes, has enabled successful execution of our growth plans.

Currently, we have a total workforce of 884 employees at various project sites across India and Africa. We prioritize meeting manpower requirements as per contractual agreements and client needs.

SALES AND MARKETING

The efficiency of our sales and marketing network is crucial to our success as we operate from different locations across India and Africa. Our strong client relationships, built on timely and quality product delivery, have been instrumental in creating a solid platform for our Company. The dedicated marketing team, led by Mr. Amish Biharilal Shah, with over a decade of experience, plays a vital role in bidding for tenders in both private and public sectors.

For private tenders, price is the main evaluation factor, while public tenders involve technical and commercial assessments. Limited tenders are received through special invitations, while open tenders require active search through portals like eprocure.gov.in or etenders.gov.in. Existing clients may also refer us for bidding opportunities.

Having empanelment status with various PSUs gives us an advantage in bidding for tenders. Each state has a separate vendor code, and the CPP portal facilitates central procurement across different states. Our empanelment status also plays a crucial role in engineering contracts, providing a competitive edge in both technical and commercial evaluations for private and public projects. Our experienced and competent team regularly interacts with customers to understand their needs and secure repeat orders.

PLANT AND MACHINERY

As a service-oriented company focused on Engineering, Procurement, and Construction (EPC) projects, we do not have any manufacturing plants. However, to efficiently execute our EPC projects, as on August 31, 2023 we possess a range of specialized machinery and equipment owned by our company, including:

KEY INDUSTRY REGULATIONS

The following description is a summary of the relevant regulations and policies as prescribed by the Government of India, and the respective bye laws framed by the local bodies, and others incorporated under the laws of India. The information detailed in this Chapter has been obtained from the various legislations, including rules and regulations promulgated by the regulatory bodies and the bye laws of the respective local authorities that are available in the public domain. The statements produced below are based on the current provisions of Indian law, and the judicial and administrative interpretations thereof, which are subject to change or modification by subsequent legislative, regulatory, administrative or judicial decisions and may not be exhaustive, and are only intended to provide general information to investors and is neither designed nor intended to be a substitute for professional legal advice. We are subject to a number of Central and State legislations which regulate substantive and procedural aspects of the business. Additionally, the business activities of our Company require sanctions, approvals, licenses, registrations etc. from the concerned authorities, under the relevant Central and State legislations and local bye-laws. For details of Government and Other Approvals obtained by the Company in compliance with these regulations, see section titled "Government and Other Statutory Approvals" beginning on page 220 of this Draft Red Herring Prospectus. The following is an overview of some of the important laws, policies and regulations which are pertinent to our business as a player in the field of real estate developers for commercial purposes.

INDUSTRY SPECIFIC REGULATIONS

Electricity Act, 2003

The Electricity Act is a central unified legislation relating to generation, transmission, distribution, trading and use of electricity that seeks to replace the multiple legislations that governed the Indian power sector. Under the Electricity Act, no license is required for generation of electricity. However, the Electricity Act provided that transmission, distribution and trade of electricity are regulated activities which require licenses from the appropriate ERC, unless exempted by the appropriate government in accordance with the provisions of the Electricity Act.

Public Liability Insurance Act, 1991 ("Public Liability Act")

The Public Liability Act, as amended, imposes liability on the owner or controller of hazardous substances for any damage arising out of an accident involving such hazardous substance. A list of hazardous substances covered by the Public Liability Act has been enumerated by the Government by way of a notification. The owner or handler is also required to take out an insurance policy insuring against liability under the legislation. The rules made under the Public Liability Act mandate that the employer has to contribute towards the environment relief fund, a sum equal to the premium paid on the insurance policies. This amount is payable to the insurer.

Importer-Exporter Code

Under the Indian Foreign Trade Policy, 2004, no export or import can be made by a person or company without an Importer Exporter Code number unless such person/company is specifically exempted. ENVIRONMENTAL LAWS AND REGULATIONS

Environmental Regulations

The **Environmental Protection Act, 1986** (“**Environment Protection Act**”), **Water (Prevention and Control of Pollution) Act, 1974** (“**Water Act**”) and the **Air (Prevention and Control of Pollution) Act, 1981** (“**Air Act**”) provide for the prevention, control and abatement of pollution. Pollution Control Boards (“PCBs”) have been constituted in all the States in India to exercise the authority provided under these statutes for the purpose of preventing and controlling pollution. Companies are required to obtain approvals of the relevant State PCBs for emissions and discharge of effluents into the environment. **The Hazardous Wastes (Management, Handling and Transboundary Movement) Rules, 2008** (“**Hazardous Waste Rules**”) impose an obligation on every occupier and operator of a facility generating hazardous waste to dispose of such hazardous wastes properly including proper collection, treatment, storage and disposal. Every occupier and operator of the facility generating hazardous waste is required to obtain an approval from the PCB for collecting, storing and treating the hazardous waste.

National Environmental Policy, 2006

This Policy seeks to extend the coverage, and fill in gaps that still exist, in light of present knowledge and accumulated experience. This policy was prepared through an intensive process of consultation within the Government and inputs from experts. It does not displace, but builds on the earlier policies. It is a statement of India's commitment to making a positive contribution to international efforts. This is a response to our national commitment to a clean environment, mandated in the Constitution in Articles 48 A and 51 A (g), strengthened by judicial interpretation of Article 21. The dominant theme of this policy is that while conservation of environmental resources is necessary to secure livelihoods and well-being of all, the most secure basis for conservation is to ensure that people dependent on particular resources obtain better livelihoods from the fact of conservation, than from degradation of the resource. Following are the objectives of the National Environmental Policy:

- Conservation of Critical Environmental Resources
- Intra-generational Equity: Livelihood Security for the Poor
- Inter-generational Equity
- Integration of Environmental Concerns in Economic and Social Development
- Efficiency in Environmental Resource Use
- Environmental Governance
- Enhancement of resources for Environmental Conservation

Plastic Waste Management (PWM) Rules, 2016

The Government of India, through the Ministry of Environment, Forest and Climate Change notified the new Plastic Waste Management Rules, 2016 (through a Gazette notification dated 18 March 2016). This supersedes the Plastic Waste (Management and Handling) Rules, 2011 that governed such activities earlier. This provides the framework for how plastic waste generators, local bodies, manufacturers, importers etc., to manage plastic waste.

FDI POLICY

Foreign Trade (Development and Regulation) Act, 1992

Foreign Trade Act empowers the Government of India to, among other things, (a) make provisions for development and regulation of foreign trade; (b) prohibit, restrict or otherwise regulate exports and imports; (c) formulate an EXIM policy;

Companies Act, 2013 ("Companies Act")

The Companies Act, 2013, has replaced the Companies Act, 1956 in a phased manner. The Act received the assent of President of India on 29th August 2013. The Companies Act deals with incorporation of companies and the procedure for incorporation and post incorporation. The conversion of private company into public company and vice versa is also laid down under the Companies Act, 2013. The procedure related to appointment of Directors. The procedure relating to

winding up, voluntary winding up, appointment of liquidator also forms part of the Act. Further, Schedule V (read with sections 196 and 197), Part I lays down the conditions to be fulfilled for the appointment of a managing or whole-time director or manager. It provides the list of Acts under which if a person is prosecuted, he cannot be appointed as the director or Managing Director or Manager of a Company. The provisions relating to remuneration of the director's payable by the companies is under Part II of the said schedule.

Competition Act, 2002

The Competition Act, 2002 prohibits anti-competitive agreements, abuse of dominant positions by enterprises and regulates combinations in India. The Competition Act also established the Competition Commission of India (the —CCI) as the authority mandated to implement the Competition Act. The provisions of the Competition Act relating to combinations were notified recently on March 4, 2011 and came into effect on June 1, 2011. Combinations which are Likely to cause an appreciable adverse effect on competition in a relevant market in India are void under the Competition Act. A combination is defined under Section 5 of the Competition Act as an acquisition, merger or amalgamation of enterprise(s) that meets certain asset or turnover thresholds. There are also different thresholds for those categorized as Individuals and Group. The CCI may enquire into all combinations, even if taking place outside India, or between parties outside India, if such combination is Likely to have an appreciable adverse effect on competition in India. Effective June 1, 2011, all combinations have to be notified to the CCI within 30 days of the execution of any agreement or other document for any acquisition of assets, shares, voting rights or control of an enterprise under Section 5(a) and (b) of the Competition Act (including any binding document conveying an agreement or decision to acquire control, shares, voting rights or assets of an enterprise); or the board of directors of a company (or an equivalent authority in case of other entities approving a proposal for a merger or amalgamation under Section 5(c) of the Competition Act. The obligation to notify a combination to the CCI falls upon the acquirer in case of an acquisition, and on all parties to the combination jointly in case of a merger or amalgamation.

Indian Contract Act, 1872

The Contract Act is the legislation which lays down the general principles relating to formation, performance and enforceability of contracts. The rights and duties of parties and the specific terms of agreement are decided by the contracting parties themselves, under the general principles set forth in the Contract Act. The Contract Act also provides for circumstances under which contracts will be considered as 'void' or 'voidable'. The Contract Act contains provisions governing certain special contracts, including indemnity, guarantee, bailment, pledge, and agency.

Specific Relief Act, 1963

The Specific Relief Act, 1963 is complimentary to the provisions of the Contract Act and the Transfer of Property Act, as the Act applies both to movable property and immovable property. The Act applies in cases where the Court can order specific performance of a contract. Specific relief can be granted only for purpose of enforcing individual civil rights and not for the mere purpose of enforcing a civil law. Specific performance means Court will order the party to perform his part of agreement, instead of imposing on him any monetary liability to pay damages to other party.

Sale of Goods Act, 1930

The law relating to the sale of goods is codified in the Sale of Goods Act, 1930. It defines sale and agreement to sell as a contract whereby the seller transfers or agrees to transfer the property in goods to the buyer for a price and provides that there may be a contract of sale between part owner and another and that the contract of sale may be absolute or conditional.

Consumer Protection Act, 2019 ("Consumer Protection Act") and Rules Made Thereunder

The Consumer Protection Act was designed and enacted to provide simpler and quicker access to redress consumer grievances. It seeks, amongst other things, to promote and protects the interests of consumers against deficiencies and defects in goods or services and secure the rights of a consumer against unfair trade practices, which may be practiced by manufacturers, service providers and traders. The definition of "consumer" under the Consumer Protection Act includes persons engaged in offline or online transactions through electronic means or by tele-shopping or direct-selling or multi-level marketing. It provides for the establishment of consumer disputes redressal forums and commissions for the purposes of redressal of consumer grievances. In addition to awarding compensation and/or passing corrective orders, the forums and commissions under the Consumer Protection Act, in cases of misleading and false advertisements, are empowered to impose imprisonment for a term which may extend to two years and fine which may extend to ten lakhs.

In line with the Consumer Protection Act, the Ministry of Consumer Affairs, Food and Public Distribution, Government

of India (“Ministry of Consumer Affairs”) has also notified the Consumer Protection (E-Commerce) Rules, 2020 (“E-Commerce Rules”) on July 23, 2020, which provide a framework to regulate the marketing, sale and purchase of goods and services online. The E-Commerce Rules govern e-commerce entities which own, operate, or manage, a digital or electronic facility or platform for electronic commerce, but does not include a seller offering his goods or services for sale on a marketplace e-commerce entity. The Ministry of Consumer Affairs has also released draft amendments to the E-Commerce Rules for public comments. The aforesaid draft amendments require e-commerce entities to, amongst other things, register themselves with the Department for Promotion of Industry and Internal Trade, and appoint a chief compliance officer, a nodal contact person and a resident grievance officer. Additionally, the draft amendments prohibit e-commerce entities from misleading users by manipulating search results, prohibit flash sales and abuse of dominant position, and mandate e-commerce entities to identify sponsored listings of products and services with clear and prominent disclosures.

Code of Civil Procedure, 1908

The Code of Civil Procedure, 1908 is a procedural law related to the administration of civil proceedings in India. The Civil Procedure Code consolidates and amends the law relating to the procedure of the Courts of Civil jurisdiction. The Code of Civil Procedure is an adjective law it neither creates nor takes away any right. It is intended to regulate the procedure to be followed by Civil Courts. The Civil Procedure Code consists of two parts. 158 Sections form the first part and the rules and orders contained in Schedule I form the second part. The object of the Code generally is to create jurisdiction while the rules indicate the mode in which the jurisdiction should be exercised.

The Code does not affect any special or local laws nor does it supersede any special jurisdiction or power conferred or any special form of procedure prescribed by or under any other law for the time being in force. The Code is the general law so that in case of conflict between the Code and the special law the latter prevails over the former. Where the special law is silent on a particular matter the Code applies, but consistent with the special enactment.

Code of Criminal Procedure Code, 1973

It is the main legislation on procedure for administration of substantive criminal law in India. It was enacted in 1973 and came into force on 1st April, 1974. It provides the machinery for the investigation of crime, apprehension of suspected criminals, collection of evidence, determination of guilt or innocence of the accused person and the determination of punishment of the guilty.

Criminal law occupies a pre-dominant place among the agencies of social control and is regarded as a formidable weapon that society has forged to protect itself against anti-social behaviour. The law of criminal procedure is meant to be complimentary to criminal law. It is intended to provide a mechanism for the enforcement of criminal law. The Code of Criminal Procedure creates the necessary machinery for apprehending the criminals, investigating the criminal cases, their trials before the criminal courts and imposition of proper punishment on the guilty person. The Code enumerates the hierarchy of criminal courts in which different offences can be tried and then it spells out the limits of sentences which such Courts are authorized to pass.

The law of criminal procedure is intended to provide a mechanism for the enforcement of criminal law. Without the proper procedural law the substantive criminal law which defines offences and provides punishment for them would be almost worthless.

Arbitration & Conciliation Act, 1996

The Arbitration and Conciliation Act, 1996 is an act to consolidate and amend the law relating to domestic arbitration, international commercial arbitration and enforcement of foreign arbitral awards as also to define the law relating to conciliation and for matters connected therewith or incidental thereto. It aims at streamlining the process of arbitration and facilitating conciliation in business matters. The Act recognizes the autonomy of parties in the conduct of arbitral proceedings by the arbitral tribunal and abolishes the scope of judicial review of the award and minimizes the supervisory role of Courts. A significant feature of the Act is the appointment of arbitrators by the Chief Justice of India or Chief Justice of High Court. The Chief Justice may either appoint the arbitrator himself or nominate a person or Institution to nominate the arbitrator. The autonomy of the arbitral tribunal has further been strengthened by empowering them to decide on jurisdiction and to consider objections regarding the existence or validity of the arbitration agreement.

Negotiable Instruments Act, 1881

In India, cheques are governed by the Negotiable Instruments Act, 1881, which is largely a codification of the English

Law on the subject. The Act provides effective legal provision to restrain people from issuing cheques without having sufficient funds in their account or any stringent provision to punish them in the event of such cheque not being honoured by their bankers and returned unpaid. Section 138 of the Act, creates statutory offence in the matter of dishonour of cheques on the ground of insufficiency of funds in the account maintained by a person with the banker which is punishable with imprisonment for a term which may extend to two year, or with fine which may extend to twice the amount of the cheque, or with both.

Indian Stamp Act, 1899

Under the Indian Stamp Act, 1899 (the “Stamp Act”) stamp duty is payable on instruments evidencing a transfer or creation or extinguishment of any right, title or interest in immovable property. Stamp duty must be paid on all instruments specified under the Stamp Act at the rates specified in the schedules to the Stamp Act. The applicable rates for stamp duty on instruments chargeable with duty vary from state to state. Instruments chargeable to duty under the Stamp Act, which are not duly stamped are incapable of being admitted in court as evidence of the transaction contained therein and it also provides for impounding of instruments that are not sufficiently stamped or not stamped at all.

The Energy Conservation (Amendment) Act, 2022

The Energy Conservation Act, 2001 was enacted to provide for efficient use of energy, its conservation and for matters connected therewith and/ or incidental thereto. The amended Act provides for regulation of energy consumption by equipment, appliances, vehicles, vessels, industrial units, buildings or establishments that consume, generate, transmit or supply energy. With special focus on promotion of new and renewable energy and the National Green Hydrogen Mission, the amendment seeks to (i) facilitate the achievement of “Panchamrit” — the five nectar elements presented by India in COP-26 (Conference of Parties -26) in Glasgow 2021.

In addition to facilitating the achievement of ‘Panchamrit’, the amended Act aims to promote renewable energy and develop the domestic carbon market to combat climate change and introduce new concepts such as carbon trading and mandate the use of non-fossil sources to ensure faster decarbonisation and help achieve sustainable development goals in line with the Paris Agreement and various other actions related to climate change.

INTELLECTUAL PROPERTY RELATED LEGISLATIONS

In general, the Intellectual Property Rights include but are not limited to the following enactments:

- i. Trademarks Act, 1999
- ii. Indian Copyright Act, 1957

Trade Marks Act, 1999 (“Trade Marks Act”)

The Trade Marks Act governs the statutory protection of trademarks and prevention of the use of fraudulent marks in India. It provides for the application and registration of trademarks in India. It also provides for exclusive rights to marks such as brand, label, and heading and to obtain relief in case of infringement for commercial purposes as a trade description. Under the provisions of the Trade Marks Act, an application for trade mark registration may be made with the Controller General of Patents, Designs and Trademarks by any person or persons claiming to be the proprietor of a trade mark, whether individually or as joint applicants, and can be made on the basis of either actual use or intention to use a trade mark in the future. Once granted, a trade mark registration is valid for 10 years unless cancelled, subsequent to which, it can be renewed. If not renewed, the mark lapses and the registration is required to be restored to gain protection under the provisions of the Trade Marks Act. The Trade Marks Act prohibits registration of deceptively similar trademarks and provides penalties for infringement, falsifying or falsely applying for trademarks. Further, pursuant to the notification of the Trade Marks (Amendment) Act, 2010, simultaneous protection of trade mark in India and other countries has been made available to owners of Indian and foreign trade marks. It also seeks to simplify the law relating to the transfer of ownership of trade marks by assignment or transmission and to bring the law in line with international practices.

Copyright Act, 1957

Copyright is a right given by the law to creators of literary, dramatic, musical and artistic works and producers of cinematograph films and sound recordings. In fact, it is a bundle of rights including, inter alia, and rights of reproduction, communication to the public, adaptation and translation of the work. There could be slight variations in the composition of the rights depending on the work.

These Statement of Profit and Loss, as restated have been arrived at after making such adjustments and regroupings to the individual financial statements of the Company, as in our opinion were appropriate.
 - (iii) The “**Restated Consolidated Statement of Cash Flow as Restated**” as set out in **Annexure C** to this report, of the Company for the period ended 31st March 2023, 31st March 2022, 31st March 2021, are prepared by the Company and approved by the Board of Directors. These Statement of Cash Flow, as restated have been arrived at after making such adjustments and regroupings to the individual financial statements of the Company, as in our opinion were appropriate.
7. We have audited the special purpose financial information of the Company for the year ended 31st March 2023 prepared by the Company in accordance with the Accounting Standards for the limited purpose of complying with the requirement of getting its financial statements audited by an audit firm holding a valid peer review certificate issued by the “Peer Review Board” of the ICAI as required by ICDR Regulations in relation to proposed IPO. We have issued our report on these special purpose financial information to the Board of Directors who have approved these in their meeting held on September 30th, 2023.
8. For the purpose of our examination, we have relied on:
 - a) Auditors’ Report issued by the Previous Auditor i.e., Shah P.M. and Associates (the “Previous Auditors”) dated June 20, 2023, September 28 2022, & September 25, 2021 on the consolidated financial statements of the Group as at and for the years ended 31st March 2023, 31st March 2022 & 31st March 2021 respectively.
 - b) The audits for the financial years ended 31st March 2023, 31st March 2022 & 31st March 2021 were conducted by the Statutory auditors of the company i.e., Shah P.M. and Associates, and accordingly reliance has been placed on the consolidated statement of assets and liabilities and consolidated statements of profit and loss, statements of changes in equity and cash flow statements, the Significant Accounting Policies, and other explanatory information and (collectively, the Audited Financial Statement”) examined by them for the said years.
9. Based on examination report dated June 20, 2023 provided by the Previous Auditors, the audit reports on the consolidated financial statements issued by the Previous Auditors included following other matter:

We did not audit the financial statements of Joint Venture whose share of total assets, total revenues, net cash inflows / (outflows) and share of profit/ loss in its joint venture included in the Consolidated Financial Statements, for the relevant years is tabulated below, which have been audited by other auditor, i.e., Shah P M and associates and whose reports have been furnished to us by the Company’s management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these components,

is based solely on the reports of the other auditor:

(in ₹ Lakhs)

Particulars	For the year ended March 31, 2023	For the year ended March 31, 2022	For the year ended March 31, 2021
Total assets	14,612.99	11,884.44	10,364.02
Total Revenue	15,500.05	10,902.31	10,617.16

Our opinion on the consolidated AS financial statements is not modified in respect of these matters.

10. Based on our examination and according to the information and explanations given to us (and also as per the reliance placed on the audit report submitted by the Previous Auditors for the respective years), we are of the opinion that the Restated Financial Statements have been made after incorporating:
- Adjustments for the changes in accounting policies, material errors and regrouping/reclassifications retrospectively in respective financial years ended March 2023, 31st March 2022 & 31st March 2021 to reflect the same accounting treatment as per the accounting policies and grouping/ classifications for all the reporting periods, if any.
 - Adjustments for prior period and other material amounts in the respective financial years/period to which they relate and there are no qualifications which require adjustments.
 - There are no extra-ordinary items that need to be disclosed separately in the accounts and qualifications requiring adjustments.
 - There were no qualifications in the Audit Reports issued by the Statutory Auditors for the financial year ended on 31st March 2023, 31st March 2022 and 31st March 2021, which would require adjustments in this Restated Financial Statements of the Company.
 - These Profits and Losses have been arrived at after charging all expenses including depreciation and after making such adjustments/restatements and regroupings as in our opinion are appropriate.
 - These have been prepared in accordance with the Act, ICDR Regulations and Guidance note.
11. We have also examined the following other financial information relating to the Company prepared by the Management and as approved by the Board of Directors of the Company and annexed to this report relating to the Company for the financial year ended on 31st March 2023, 31st March 2022, 31st March 2021, proposed to be included in the Draft Red Herring Prospectus/ Red Herring Prospectus/ Prospectus ("**Offer Document**").

2	<p>Restated Significant Accounting Policies</p> <p>i Basis of Preparation</p> <p>The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP). The company has prepared these consolidated financial statements to comply in all material respects with the accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 and Companies (Accounting Standards) Amendment Rules, 2016. The consolidated financial statements have been prepared on an accrual basis and under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.</p> <p>ii Use of estimates</p> <p>The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.</p> <p>iii Property, Plant and Equipment and Intangible assets</p> <p>Property, Plant and Equipment are stated at the cost of acquisition, less accumulated depreciation and impairment losses, if any. Cost comprises purchase price, duties, levies and any directly attributable cost of bringing the asset to its working condition for the intended use. Interest on borrowed money, allotted to and utilized for qualifying tangible assets, pertaining to the period up to the date of capitalization is added to the cost of the assets. Advances paid towards the acquisition of tangible assets outstanding at each Balance Sheet date and the cost of tangible assets not ready for their intended use before such date are disclosed under capital work-in-progress.</p> <p>Depreciation on Property, plant and equipment and Intangible assets</p> <p>Depreciation on property, plant and equipments is calculated based on written down value method using the rates arrived at, based on the useful lives estimated by the management. iv Impairment of Assets

An asset is considered as impaired in accordance with Accounting Standard 28 on Impairment of Assets, when at balance sheet date there are indications of impairment and the carrying amount of the asset, or where applicable the cash generating unit to which it belongs, exceeds its recoverable amount (i.e. the higher of the asset's net selling price and value in use.) An impairment loss is charged off to the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognized in prior accounting period is reversed if there has been a change in the estimate of its recoverable amount.

v Borrowing Costs

Borrowing cost includes interest and amortization of ancillary costs incurred in connection with the arrangement of borrowings. Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

vi. Investment

Investments which are readily realizable and intended to be held for not more than one year from the date of such investments are made, are classified as current investments. All other investments are classified as long term investments.

On initial recognition, all investments are measured at cost. The cost comprises of purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

Current investments are carried in the financial statements at lower of cost or fair value determined on an individual investment basis. Long term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charge or credited to the statement of profit and loss.

vii. Inventories

There is no closing stock of material or stock-in-trade as on the balance sheet date. The Company executes its projects by purchasing material as per the orders and ships it directly to the construction site. Therefore, the material lying at site is considered under work in progress and taken in the books as unbilled revenue.

viii Revenue recognition

Sales:

Revenue from Sales of products is recognized when substantial risks and rewards of ownership of products are passed on to the buyer under the terms of the contract. Sales exclude goods and service tax and trade discounts. Transportation cost forming part of work order is included as part of Sales.

The Company is recognizing the revenue based on percentage completion method as it satisfies performance obligations over time as it meets the above criteria.

The company derives revenue primarily from EPC Contracts relating to works and services.

Contract revenue and cost are recognised by reference to the stage of completion of the activity at the balance sheet date, as measured by the proportion that contract cost incurred for the work performed to date bear to the estimated total contract cost. In case of contracts with defined milestones it recognises revenue on transfer of significant risks and rewards which coincided with achievement of milestones and its acceptance by the customer. Provision is made for all losses incurred to the balance

sheet date. Any further losses that are foreseen in bringing contracts to completion are also recognised.

Contract revenue earned in excess of billing is reflected under "Unbilled Revenue" and billing in excess of work done is reflected as "Unearned Revenue" under liabilities.

Dividends:

Dividend income is recognized when the company's right to receive dividend is established by the reporting date.

Job Contracts:

Revenues booked at gross levels. Revenue from long term contracts, where the outcome can be estimated reliably, is recognised by reference to the stage of completion of the contract activity.

ix	<p>Foreign Currency Transaction</p> <p>Initial recognition: Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.</p> <p>Conversion: Foreign currency monetary items are translated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction.</p> <p>Forward Contracts: The premium or discount arising at the inception of forward exchange contract is amortised and recognized as a expense/income over the life of the contract. Exchange differences on such contracts, except the contracts which are long term foreign currency monetary items, are recognized in the statement of profit and loss in the period in which the exchange rates change. Any profit or loss arising on cancellation or renewal of such forward exchange contract is also recognized as income or as expense for the period.</p>
Note	Particulars
x	<p>Employee Benefits Employee Benefits include provident fund, gratuity and compensated absences.</p> <p>Defined contribution plans The company has defined contribution plans for post employment benefits namely provident fund which are recognized by income tax authorities and administered through appropriate authorities. The company contributes to a government administered provident fund and has no further obligation beyond making its contribution. The company's contribution to above fund is charged to revenue every year.</p> <p>Defined benefit plan: The company provides for gratuity obligation through a defined benefit retirement plan (the 'Gratuity Plan') covering all employees. The gratuity plan provides a lump sum payment to vested employees at retirement or termination of employment based on respective employee salary and years of employment with the company. The company makes annual contribution to LIC for the gratuity plan in respect of employees at certain circles.</p> <p>Other employee benefits: The employees of the company are entitled to leave as per the leave policy of the company. The liability in respect of unutilized leave balances is charged to revenue when option is exercised by employees.</p> <p>xi Accounting for Taxes Tax expense comprises current and deferred tax. Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdictions where the company operates. Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date. Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.</p> <p>xii Provisions and contingencies Provision is recognized in the balance sheet when, the company has a present obligation as a result of past event; it is probable that an outflow of economic benefits will be required to settle the obligation; and a reliable estimate of the amount of the obligation can be made. A disclosure by way of a contingent liability is made when there is possible obligation or a present obligation that may, but probably will not, require a outflow of resources. When there is a possible obligation or a present obligation that the likelihood of outflow of resources is remote, no provision or disclosure is made.</p> <p>xiii Cash and Cash Equivalents Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.</p>

xvi Earnings Per Share

The Company reports basic earnings per share (EPS) in accordance with Accounting Standard 20 on Earnings Per Share. The Basic earnings per share is computed by dividing the net profit attributable to the equity shareholders for the period by the weighted average number of equity shares outstanding during the reporting period. The diluted earning per share is computed by dividing the net profit attributable to the equity share holder for the period by the weighted average number of equity shares outstanding during the reporting period after adjusting for the effects of dilution.

xv Accounting policies not specifically referred to above are in consonance with generally accepted accounting principles.

xvi Changes in Accounting policies in the years covered in restated financials: -

The accounting policy for work in progress (inventory) is changed. Earlier work in progress for works contracts was being shown as inventory even though it was in the nature of Contract assets (as only an act of invoicing was pending) where there is an unconditional right to receive cash, and only passage of time is required, as per the contractual terms.

The same has been regrouped in all the years covered in restated financial statements and shown as part of Revenue from Operations in Profit and Loss and under Other Current Assets in the Balance Sheet.

xvii Notes on accounts as restated: -

The financial statements including financial information have been reworked, regrouped, and reclassified wherever considered appropriate to comply with the same. As result of these regroupings and adjustments, the amount reported in financial statements/ information may not be necessarily same as those appearing in the respective audited financial statements for the relevant period/years.

An amount of Rs 284.29 lakhs is being shown as Vat receivable and Rs.72.43 lakhs is being shown as Vat Payable for the year ended 31st March 2023. The company is in the process of follow up with the authorities of various states to recover these amounts. However, theses amounts are liable to assessments and the suerty of receiving them is uncertain. These amounts would therefore hit the Profit and Loss Account of the subsequent financial years if the outcome of the assessment's do not come in favour of the Company.

25 Contingent liabilities

There are certain on-going litigations as at 31st March 2023 under various state and central tax legislations, the outcome of which is unascertainable. The company is contesting the demands and the management believe that its position will likely be upheld in the appellate process. No tax expense has been accrued in the financial statements for the tax demand raised. The management believes that the ultimate outcome of this proceeding will not have a material adverse effect on the company's financial position and results of operations.

Notes related to Related Party disclosure

1. Related party relationships and transactions have been identified by the management and relied upon by the Auditors

2. The Company has established a comprehensive system of maintenance of information and documents as required by the transfer pricing legislation under sections 92-92F of the Income-tax Act, 1961. Since the law requires existence of such information and documentation to be contemporaneous in nature, the Company is in the process of updating the documentation for the international transactions entered into with the associated enterprises during the financial year. The Company is required to update and put in place the information latest by the due date of filing its income tax return. The management is of the opinion that its international transactions are at arm's length so that the aforesaid legislation will not have any impact on the financial statements, particularly on the amount of tax expenses and that of provision for tax.

MANAGEMENT DISCUSSION AND ANALYSIS OF FINANCIAL POSITION AND RESULTS OF OPERATIONS

You should read the following discussion of our financial condition and results of operations together with our restated consolidated financial statements included in the Draft Red Herring Prospectus. You should also read the section entitled “Risk Factors” beginning on page 27, which discusses several factors, risks and contingencies that could affect our financial condition and results of operations. The following discussion relates to our Company and is based on our restated consolidated financial statements, which have been prepared in accordance with Indian GAAP, the Companies Act and the SEBI Regulations. Portions of the following discussion are also based on internally prepared statistical information and on other sources. Our fiscal year ends on March 31 of each year, so all references to a particular fiscal year (“Fiscal Year”) are to the twelve-month period ended March 31 of that year.

The financial statements have been prepared in accordance with Indian GAAP, the Companies Act and the SEBI (ICDR) Regulations and restated as described in the report of our auditors dated [●] which is included in this Draft Red Herring Prospectus under the section titled “Restated Financial Information” beginning on page 202 of this Draft Red Herring Prospectus. The restated consolidated financial statements have been prepared on a basis that differs in certain material respects from generally accepted accounting principles in other jurisdictions, including US GAAP and IFRS. We do not provide a reconciliation of our restated consolidated financial statements to US GAAP or IFRS and we have not otherwise quantified or identified the impact of the differences between Indian GAAP and U.S. GAAP or IFRS as applied to our restated consolidated financial statements.

This discussion contains forward-looking statements and reflects our current views with respect to future events and financial performance. Actual results may differ materially from those anticipated in these forward-looking statements as a result of certain factors such as those described under “Risk Factors” and “Forward Looking Statements” beginning on pages 27 and 17 respectively, and elsewhere in this Draft Red Herring Prospectus. Accordingly, the degree to which the financial statements in this Draft Red Herring Prospectus will provide meaningful information depend entirely on such potential investor's level of familiarity with Indian accounting practices. Please also refer to section titled “Presentation of Financial, Industry and Market data” beginning on page 15 of this Draft Red Herring Prospectus.

Other Income:

Other income of the company were ₹ 159.56 Lakhs and ₹ 197.59 Lakhs for Financial Year 2022-23 and Financial Year 2021-22 respectively. Interest, Capital Gain, Foreign exchange fluctuation gain and Rental income were the main constituents for increase in Other Income for the year Financial Year 2022-23 from Financial Year 2021-22. Other income for Financial Year 2022-23 constitutes of 1.03% of total income showing decrease of 19.25% of from Financial Year 2021-22.

EXPENDITURE:

Our total expenses increased by 38.05% to ₹14,386.26 Lakhs for the Financial Year 2022-23 from ₹10,421.21 Lakhs for the Financial Year 2021-22, primarily due to the reasons discussed below:

Purchase

Our purchase includes goods required for rendering our EPC services. During the year ended on March 31, 2023, and March 31, 2022 our purchase amounted to ₹7,398.65 Lakhs, and ₹4,012.79 Lakhs, respectively, which represents 47.73%, and 36.81%, of our total income for the respective periods.

Employee Benefit Expenses

Employee Benefit expenses increased to ₹2,372.95 Lakhs for Financial Year 2022-23 from ₹1,778.67 Lakhs for Financial Year 2021-22 showing an increase of 33.41% primarily due to increase in includes Salary, wages and bonuses, Gratuity and Contribution to Provident and other funds. Salaries and wages were increased to ₹2,013.43 Lakhs from ₹1,478.49 Lakhs showing an increase of 36.18%. Further, Contribution to Provident and other funds and Staff welfare expenses amounts to ₹315.01 Lakhs and ₹268.19 Lakhs in Financial Year 2022-23 respectively. This was mainly attributable to an increase in the number of employees during the year to support the greater scale of our business during the Financial Year 2022-23.

Finance Cost

Finance expense were ₹378.76 Lakhs in Financial Year 2022-23 as against ₹223.34 Lakhs in Financial Year 2021-22 showing increase of 69.61%. The increase in finance cost is mainly due to increase in interest expenses from ₹218.08 Lakhs in Financial Year 2022-23 to ₹ 348.79 Lakhs. Interest expenses consists of interest on Loans, cash credit and LC Charges.

Depreciation

The Depreciation and amortization expense for Financial Year 2022-23 was ₹81.49 Lakhs as against ₹77.53 Lakhs for Financial Year 2021-22 showing an increase of 5.12% mainly due to mainly on account of an increase in property, plant and equipment to support the operational activities of the business.

Other Expenses

Other Expenses increased to ₹4,154.36 Lakhs for Financial Year 2022-23 from ₹4,328.88 Lakhs for Financial Year 2021-22 showing a decrease of 4.03%. Other expenses consist of various operational and administrative expenses. Primary reason for the decrease is mentioned below:

Other Expenses:

- Decrease in Sub-Contractors' and General Labour Payments by 10.78% to ₹2,899.00 Lakhs in Financial Year 2022-23 from ₹3,249.40 Lakhs in Financial Year 2021-22, mainly due to strategy of executing projects by own team of employees rather than subcontracting the same providing us with greater control and efficiency in our business operations.
- Decrease in export related expenses by 26.60% to ₹56.83 Lakhs in Financial Year 2022-23 from ₹ 77.42 Lakhs in Financial Year 2021-22, due to restatement adjustment in Financial Year 2022-23. Further our export sales have decreased to ₹699.07 Lakhs in Financial Year 2022-23 from ₹1,160.43 Lakhs in Financial Year 2021-22, showing decrease of 39.76%.
- Decrease in Bank Guarantee Charges by 28.92% to ₹49.89 Lakhs in Financial Year 2022-23 from ₹70.19 Lakhs in Financial Year 2021-22. Bank Guarantee provides assurance to the client that our company has the financial backing to complete the project and also helps in mitigating the risk by providing the safety net. In the Financial Year 2022-23, our company experienced a notable reduction in expenses pertaining to bank guarantee charges as compared to the initial issuance costs incurred in the Financial Year 2021-22. This reduction can be attributed to the comparatively lower renewal charges associated with bank guarantees.
- In addition to this, we have also incurred other expenses such as rent, Power & fuel, legal and professional fees, travelling and conveyance expenses, communication cost, CSR expenses and other miscellaneous expenses.

Profit before Tax

As a result of the foregoing, we recorded an increase of 131.51% in our profit before tax, which amounted to ₹1,113.80 Lakhs in Financial Year 2022-23, as compared to ₹481.10 Lakhs in Financial Year 2021-22. The Profit before Tax for the Financial Year 2022-23 was 7.19% of the total revenue and it was 4.41% of total revenue for the Financial Year 2021-22.

Tax Expenses

Our total tax expenses increased to ₹ 336.03 Lakhs in Financial Year 2022-23 from ₹128.85 Lakhs in Financial Year 2021-22, primarily due to an increase in current tax to ₹330.87 Lakhs in Financial Year 2022-23 from ₹125.95 Lakhs in Financial Year 2021-22. The increase in current tax was mainly on account of an increase in our restated profit before tax to ₹1,113.80 Lakhs in Financial Year 2022-23 from ₹481.10 Lakhs in Financial Year 2021-22.

Profit after Tax (PAT)

As a result of the foregoing, we recorded an increase of 120.80% in our profit for the period from ₹352.25 Lakhs in the Financial Year 2021-22 to ₹777.77 Lakhs in the Financial Year 2022-23. The Profit before Tax for the Financial Year 2022-23 was 5.02% of the total revenue and it was 3.23% of total revenue for the Financial Year 2021-22.

COMPARISON OF FINANCIAL YEAR 2021-22 WITH FY 2020-21:

TOTAL INCOME:

Our total income increased by 2.69% from ₹ 10,617.16 Lakhs in Financial Year 2020-21 to ₹ 10,902.31 Lakhs in Financial Year 2021-22, primarily due to an increase in our revenue from operations and other income as discussed below:

Revenue from operations

Our Company is engaged in the business of Engineering, Procurement, and Construction/ Commissioning (EPC) contractors and are engaged in the business of offering full range of EPC services in India and abroad. Our services find applications across several processing and various kinds of manufacturing industries such as oil & gas, refinery, steel, cement, pharmaceuticals, textile, hospital, health care and commercial complexes, domestically and internationally. The Total Revenue from operations for the year ended on Financial Year 2021-22 was ₹ 10,704.72 Lakhs as compared to ₹ 10,489.43 Lakhs during the Financial Year 2020-21. Revenue from operations was increased by 2.05% in the Financial Year 2021-22. Income from Operations increased mainly on account of increase in supply of products and supply of services and decrease in composite supply. Out of total revenue from operations in Financial Year 2021-22, Sale of services consists of 4.76% of our total revenue from operation in comparison of 3.04% in Financial Year 2020-21. For FY 2021-22

Sale of products consists of 22.16% of our total revenue from operation in comparison of 10.63% in Financial Year 2020-21 while Composite supply consists of 73.08% of the total revenue from operations in Financial Year 2022-23 which was 86.33% in the Financial Year 2020-21. The decrease in composite supply is due to increase in order of individual supply of products and services as compared to composite supply orders in the Financial Year 2021-22.

QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

In the course of undertaking our business, we are exposed to the following risks arising from financial instruments, which include credit risk, liquidity risk and market risk. Our primary focus is to achieve better predictability of financial markets and seek to minimize potential adverse effects on our financial performance.

• Credit Risk

Credit risk is the risk that a customer or counterparty to a financial instrument will fail to perform or fail to pay amounts due causing financial loss. The potential activities where credit risks may arise include from cash and cash equivalents, security deposits or other deposits and principally from credit exposures to customers relating to outstanding receivables. The maximum credit exposure associated with financial assets is equal to the carrying amount.

Our exposure to credit risk is influenced mainly by the individual characteristics of each customer and the geography in which it operates. Credit risk is managed through credit approvals, establishing credit limits, and continuously monitoring the creditworthiness of customers to which our Company grants credit terms in the normal course of business.

• Liquidity Risk

Liquidity risk is the risk that we will encounter difficulty in meeting the obligations associated with its financial liabilities

that are proposed to be settled by delivering cash or other financial asset. Our financial planning has ensured, as far as possible, that there is sufficient liquidity to meet the liabilities whenever due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to our reputation. We have practiced financial diligence and syndicated adequate liquidity in all business scenarios.

• **Market Risk**

Market risk is the risk that results in changes in market prices, such as foreign exchange rates, interest rates and equity prices, which will affect our income or the value of our holdings of financial instruments. Our operations result in us being exposed to foreign currency risk on account of trade receivables, trade payables and borrowings. The foreign currency risk may affect our income and expenses, or our financial position and cash flows. The objective of our management of foreign currency risk is to maintain this risk within acceptable parameters, while optimising returns.

EFFECT OF INFLATION

We are affected by inflation as it has an impact on the operating cost, staff costs etc. In line with changing inflation rates, we rework our margins so as to absorb the inflationary impact.

The Registrar Agreement provides for the retention of records with the Registrar to the Offer for a period of at least eight years from the date of listing and commencement of trading of the Equity Shares on the Stock Exchanges, subject to agreement with our Company for storage of such records for longer period, to enable the investors to approach the Registrar to the Offer for redressal of their grievances.

In terms of SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/22 dated February 15, 2018, SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 and subject to applicable law, any ASBA Bidder whose Bid has not been considered for Allotment, due to failure on the part of any SCSB, shall have the option to seek redressal of the same by the concerned SCSB within three months of the date of listing of the Equity Shares. SCSBs are required to resolve these complaints within 15 days, failing which the concerned SCSB would have to pay interest at the rate of 15% per annum for any delay beyond this period of 15 days. Further, the investors shall be compensated by the SCSBs at the rate higher of ₹100 per day or 15% per annum of the application amount in the events of delayed or withdrawal of applications, blocking of multiple amounts for the same UPI application, blocking of more amount than the application amount, delayed unblocking of amounts for non-allotted/partially allotted applications for the stipulated period. In an event there is a delay in redressal of the investor grievance in relation to unblocking of amounts, the Book Running Lead Managers shall compensate the investors at the rate higher of ₹100 per day or 15% per annum of the application amount.

All grievances relating to the Issue may be addressed to the Registrar to the Issue, giving full details such as name, address of the applicant, application number, number of Equity Shares applied for, amount paid on application and the bank

branch or collection center where the application was submitted. The Company would monitor the work of the Registrar to ensure that the investor grievances are settled expeditiously and satisfactorily. Further, the Bidder shall also enclose a copy of the Acknowledgment Slip duly received from the concerned Designated Intermediary in addition to the information mentioned hereinabove.

All grievances relating to the ASBA process may be addressed to the Registrar to the Issue with a copy to the relevant SCSB or the member of the Syndicate (in Specified Cities) or the Sponsor Bank, as the case may be, where the Application Form was submitted by the ASBA Bidder or through UPI Mechanism, giving full details such as name, address of the applicant, application number, UPI Id, number of Equity Shares applied for, amount blocked on application and designated branch or the collection center of the SCSBs or the member of the Syndicate (in Specified Cities), as the case may be, where the Application Form was submitted by the ASBA Bidder or Sponsor Bank.

Our Company has applied for/obtained authentication on the SCORES in terms of SEBI circular no. CIR/OIAE/1/2013 dated April 17, 2013 and comply with the SEBI circular (CIR/OIAE/1/2014/CIR/OIAE/1/2013) dated December 18, 2014 in relation to redressal of investor grievances through SCORES. Our Company has not received any complaints as on the date of this Draft Red Herring Prospectus. – *Noted for Compliance.*

DISPOSAL OF INVESTOR GRIEVANCES BY OUR COMPANY

Our Company estimates that the average time required by our Company or the Registrar to the Issue or the SCSB (in case of ASBA Bidders) or Sponsor Bank (in case of UPI Mechanism) or for redressal of routine investor grievances including through SEBI Complaint Redress System (SCORES) shall be 10 Working Days from the date of receipt of the complaint. In case of non-routine complaints and complaints where external agencies are involved, our Company will seek to redress these complaints as expeditiously as possible.

Joint Holders

Where 2 (two) or more persons are registered as the holders of any Equity Shares, they will be deemed to hold such Equity Shares as joint-holders with benefits of survivorship.

Jurisdiction

Exclusive Jurisdiction for the purpose of this Issue is with the competent courts/authorities in India.

The Equity Share have not been and will not be registered under the U.S. Securities Act or any state securities laws in the United States and may not be issued or sold within the United States or to, or for the account or benefit of, —U.S. persons (as defined in Regulation S), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable U.S. state securities laws. Accordingly, the Equity Shares are being issued and sold only outside the United States in off-shore transactions in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those issues and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside

India and may not be issued or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Nomination Facility to the Investor

In accordance with Section 72 of the Companies Act, 2013, read with Companies (Share Capital and Debentures) Rules, 2014, the sole Applicant, or the first Applicant along with other joint Applicants, may nominate any one person in whom, in the event of the death of sole Applicant or in case of joint Applicants, death of all the Applicants, as the case may be, the Equity Shares Allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to equity share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of Equity Share(s) by the person nominating. A buyer will be titled to make afresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at our Registered Office or Corporate Office or to the registrar and transfer agents of our Company.

Any person who becomes a nominee by virtue of the provisions of Section 72 of the Companies Act shall upon production of such evidence, as may be required by the Board, elect either:

1. to register himself or herself as the holder of the equity shares; or
2. to make such transfer of the equity shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the equity shares, and if the notice is not complied with within a period of ninety (90) days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the equity shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Issue will be made only in dematerialized form, there is no need to make a separate nomination with our Company. Nominations registered with respective depository participant of the applicant would prevail. If the Applicants require changing of their nomination, they are requested to inform their respective depository participant.

Restrictions, if any on Transfer and Transmission of Equity Shares

Except for the lock-in of the pre-Issue capital of our Company, Promoters's minimum contribution as provided under the chapter titled "*Capital Structure*" on page 63 of this Draft Red Herring Prospectus and except as provided in the Articles of Association there are no restrictions on transfer of Equity Shares. Further, there are no restrictions on the transmission of shares/debentures and on their consolidation/splitting, except as provided in the Articles of Association. For details, please refer chapter titled "*Description of Equity Shares and terms of the articles of association*" on page 286 of this Draft Red Herring Prospectus.

The above information is given for the benefit of the Applicants. The Applicants are advised to make their own enquiries about the limits applicable to them. Our Company and the Book Running Lead Manager do not accept any responsibility for the completeness and accuracy of the information stated herein above. Our Company and the Book Running Lead Manager are not liable to inform the investors of any amendments or modifications or changes in applicable laws or regulations, which may occur after the date of the Draft Red Herring Prospectus. Applicants are advised to make their independent investigations and ensure that the number of Equity Shares Applied for do not exceed the applicable limits under laws or regulations.

Withdrawal of the Issue

Our Company in consultation with the BRLM, reserve the right to not to proceed with the Issue after the Issue Opening Date but before the Allotment. In such an event, our Company would issue a public notice in the newspapers in which the pre-Issue advertisements were published, within two (2) days of the Issue Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Issue. The Book Running Lead Manager, through the Registrar to the Issue, shall notify the SCSBs to unblock the bank accounts of the ASBA Bidders within one (1) Working Day from the date of receipt of such notification. Our Company shall also inform the same to the Stock Exchanges on which Equity Shares are proposed to be listed.

Notwithstanding the foregoing, this Issue is also subject to obtaining (i) the final listing and trading approvals of the Stock Exchange, which our Company shall apply for after Allotment (ii) the final RoC approval of the Prospectus after it is filed with the RoC. If our Company in consultation with BRLM withdraws the Issue after the Issue Closing Date and thereafter determines that it will proceed with an issue/issue for sale of the Equity Shares, our Company shall file a fresh Prospectus with Stock Exchange.

SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019, has introduced an alternate payment mechanism using Unified Payments Interface (“UPI”) and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI Mechanism for RIBs applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days. (“UPI Phase I”). The UPI Phase I was effective till June 30, 2019.

With effect from July 1, 2019, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, read with circular bearing number SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019 with respect to Bids by RIBs through Designated Intermediaries (other than SCSBs), the existing process of physical movement of forms from such Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism for such Bids with existing timeline of T+6 days was mandated for a period of three months or launch of five main board public issues, whichever is later (“UPI Phase II”). Subsequently, however, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 extended the timeline for implementation of UPI Phase II till further notice. The final reduced timeline will be made effective using the UPI Mechanism for applications by RIBs (“UPI Phase III”), as may be prescribed by SEBI. The Issue has been undertaken pursuant to the processes and procedures under UPI Phase II, subject to any circulars, clarification or notification issued by the SEBI from time to time. Further, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, has introduced certain additional measures for streamlining the process of initial public Issues and redressing investor grievances. This circular shall come into force for initial public Issues opening on or after May 1, 2021 and the provisions of this circular are deemed to form part of this Prospectus. Subsequently, SEBI vide its circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 modifying the process timelines and extending the implementation timelines for certain measures introduced by the March 16 Circular. Furthermore, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2022/45 dated April 5, 2022, all UPI Bidders in initial public offerings (opening on or after May 1, 2022) whose application sizes are up to ₹ 5,00,000/- shall use the UPI Mechanism. Subsequently, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022, applications made using the ASBA facility in initial public offerings (opening on or after September 1, 2022) shall be processed only after application monies are blocked in the bank accounts of investors (all categories).

Furthermore, SEBI vide press release bearing number 12/2023 has approved the proposal for reducing the time period for listing of shares in public issue from existing 6 working days to 3 working days from the date of the closure of the issue. The revised timeline of T+3 days shall be made applicable in two phases i.e. voluntary for all public issues opening on or after September 1, 2023 and mandatory on or after December 1, 2023. Further, SEBI has vide its circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 reduced the time taken for listing of specified securities after the closure of a public issue to three Working Days. This shall be applicable voluntarily for all public issues opening on or after September 1, 2023 and shall be mandatory for all public issues opening on or after December 1, 2023. The Issue will be made under UPI Phase II or III of the UPI Circulars depending upon applicable provision of relevant SEBI Circular at the time of issue Opening.

The processing fees for applications made by Retail Individual Bidders using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks provide a written confirmation on compliance with SEBI Circular No: SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 02, 2021, read with SEBI Circular No: SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, SEBI vide its circular no.

SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 and SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 5, 2022.

Our Company, the Promoters and the BRLM do not accept any responsibility for the completeness and accuracy of the information stated in this section and General Information Document and are not liable for any amendment, modification or change in the applicable law which may occur after the date of this Prospectus. Bidders are advised to make their independent investigations and ensure that their Bids are submitted in accordance with applicable laws and do not exceed the investment limits or maximum number of the Equity Shares that can be held by them under applicable law or as specified in the Draft Red Herring Prospectus.

Further, our Company, the Promoters and the Members of the Syndicate are not liable for any adverse occurrences consequent to the implementation of the UPI Mechanism for application in the Issue.

Phased implementation of Unified Payments Interface

SEBI has issued UPI Circulars in relation to streamlining the process of public issue of equity shares and convertibles. Pursuant to the UPI Circulars, UPI has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under the ASBA) for applications by RIIs through intermediaries with the objective to reduce the time duration from public issue closure to listing from six Working Days to up to three Working Days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI Mechanism, the UPI Circulars proposes to introduce and implement the UPI Mechanism in three phases in the following manner:

- a) Phase I: This phase was applicable from January 01, 2019 and lasted till June 30, 2019. Under this phase, a Retail Individual Bidder, besides the modes of Bidding available prior to the UPI Circulars, also had the option to submit the Bid cum Application Form with any of the intermediary and use his / her UPI ID for the purpose of blocking of funds. The time duration from public issue closure to listing continued to be six Working Days.

- b) Phase II: This phase has commenced with effect from July 01, 2019 and will continue for a period of three months or floating of five main board public issues, whichever is later. Under this phase, submission of the Bid cum Application Form by a Retail Individual Investor through intermediaries to SCSBs for blocking of funds has been discontinued and has been replaced by the UPI Mechanism. However, the time duration from public issue closure to listing continues to be six Working Days during this phase. SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 extended the timeline for implementation of UPI Phase II till further notice. Subsequently, the time duration from public issue closure to listing would be reduced to be three Working Days. SEBI vide press release bearing number 12/2023 has approved the proposal for reducing the time period for listing of shares in public issue from existing 6 working days to 3 working days from the date of the closure of the issue.
- c) Phase III: The commencement period of Phase III is notified pursuant to SEBI press release bearing number 12/2023 and as per the SEBI Circular No. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023, where the revised timeline of T+3 days shall be made applicable in two phases i.e. (i) voluntary for all public issues opening on or after September 1, 2023; and (ii) mandatory on or after December 1, 2023. The Issue will be made under UPI Phase II of the UPI Circulars. The Issue will be made under UPI Phase II or III of the UPI Circulars depending upon applicable provision of relevant SEBI Circular at the time of issue Opening.

Pursuant to the UPI Circular, SEBI has set out specific requirements for redressal of investor grievances for applications that have been made through the UPI Mechanism. The requirements of the UPI Circular include, appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send SMS alerts for the blocking and unblocking of UPI mandates, the requirement for the Registrar to submit details of cancelled, withdrawn or deleted applications, and the requirement for the bank accounts of unsuccessful Bidders to be unblocked no later than one day from the date on which the Basis of Allotment is finalized. Failure to unblock the accounts within the timeline would result in the SCSBs being penalised under the relevant securities law. Additionally, if there is any delay in the redressal of investors' complaints in this regard, the relevant SCSB as well as the post – Issue BRLM will be required to compensate the concerned investor.

All SCSBs offering the facility of making applications in public issues shall also provide the facility to make application using UPI. The Company will be required to appoint one of the SCSBs as a Sponsor Bank to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and/ or payment instructions of the Retail Individual Bidders using the UPI.

The processing fees for applications made by Retail Individual Bidders using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks provide a written confirmation on compliance with SEBI Circular No: SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 read with SEBI Circular No: SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 and SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 5, 2022.

For further details, refer to the “*General Information Document*” available on the websites of the Stock Exchange and the BRLM.

As per the existing regulations, OCBs are not eligible to participate in this Issue. The RBI has however clarified in its circular, A.P. (DIR Series) Circular No. 44, dated December 8, 2003 that OCBs which are incorporated and are not under the adverse notice of the RBI are permitted to undertake fresh investments as 138 incorporated non-resident entities in terms of Regulation 5(1) of RBI Notification No.20/2000-RB dated May 3, 2000 under FDI Scheme with the prior approval of Government if the investment is through Government Route and with the prior approval of RBI if the investment is through Automatic Route on case by case basis. OCBs may invest in this Issue provided it obtains a prior approval from the RBI. On submission of such approval along with the Bid Cum Application Form, the OCB shall be eligible to be considered for share allocation.

MAXIMUM AND MINIMUM APPLICATION SIZE

1. For Retail Individual Bidders

The Application must be for a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter, so as to ensure that the Application Price payable by the Bidder does not exceed ₹ 2,00,000. In case of revision of Applications, the Retail Individual Bidders have to ensure that the Application Price does not exceed ₹ 2,00,000.

2. For Other than Retail Individual Bidders (Non-Institutional Applicants and QIBs):

The Application must be for a minimum of such number of Equity Shares that the Application Amount exceeds ₹ 2,00,000 and in multiples of [●] Equity Shares thereafter. An Application cannot be submitted for more than the Net Issue Size. However, the maximum Application by a QIB investor should not exceed the investment limits prescribed for them by applicable laws. Under existing SEBI Regulations, a QIB Bidder cannot withdraw its Application after the Issue Closing Date and is required to pay 100% QIB Margin upon submission of Application.

In case of revision in Applications, the Non-Institutional Bidders, who are individuals, have to ensure that the Application Amount is greater than ₹ 2,00,000 for being considered for allocation in the Non-Institutional Portion.

Bidders are advised to ensure that any single Application from them does not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or regulation or as specified in this Draft Red Herring Prospectus.

The above information is given for the benefit of the Bidders. The Company and the BRLM are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

METHOD OF BIDDING PROCESS

Our Company, in consultation with the BRLM will decide the Price Band and the minimum Bid lot size for the Issue and the same shall be advertised in all editions of the English national newspaper, all editions of Hindi national newspaper and Mumbai Edition of Regional newspaper [●] where the registered office of the company is situated, each with wide circulation at least two Working Days prior to the Bid / Issue Opening Date. The BRLM and the SCSBs shall accept Bids from the Bidders during the Bid / Issue Period.

- a) The Bid / Issue Period shall be for a minimum of three Working Days and shall not exceed 10 Working Days. The Bid/ Issue Period maybe extended, if required, by an additional three Working Days, subject to the total Bid/ Issue Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid / Issue Period, if applicable, will be published in all editions of the English national newspaper [●], all editions of Hindi national newspaper [●] and Mumbai Edition of Regional newspaper [●] where the registered office of the company is situated, each with wide circulation and also by indicating the change on the websites of the Book Running Lead Manager.
- b) Each Bid cum Application Form will give the Bidder the choice to Bid for up to three optional prices (for details refer to the paragraph titled “Bids at Different Price Levels and Revision of Bids” below) within the Price Band and specify the demand (i.e., the number of Equity Shares Bid for) in each option. The price and demand options submitted by the Bidder in the Bid cum Application Form will be treated as optional demands from the Bidder and will not be cumulated. After determination of the Issue Price, the maximum number of Equity Shares Bid for by a Bidder/Applicant at or above the Issue Price will be considered for allocation/Allotment and the rest of the Bid(s), irrespective of the Bid Amount, will become automatically invalid.
- c) The Bidder / Applicant cannot Bid through another Bid cum Application Form after Bids through one Bid cum Application Form have been submitted to a BRLM or the SCSBs. Submission of a second Bid cum Application Form to either the same or to another BRLM or SCSB will be treated as multiple Bid and is liable to be rejected either before entering the Bid into the electronic bidding system, or at any point of time prior to the allocation or Allotment of Equity Shares in this Issue. However, the Bidder can revise the Bid through the Revision Form, the procedure for which is detailed under the paragraph “Buildup of the Book and Revision of Bids”.
- d) The BRLM/the SCSBs will enter each Bid option into the electronic bidding system as a separate Bid and generate a Transaction Registration Slip, (“TRS”), for each price and demand option and give the same to the Bidder. Therefore, a Bidder can receive up to three TRSs for each Bid cum Application Form
- e) Upon receipt of the Bid cum Application Form, submitted whether in physical or electronic mode, the Designated Branch of the SCSB shall verify if sufficient funds equal to the Bid Amount are available in the ASBA Account, as mentioned in the Bid cum Application Form, prior to uploading such Bids with the Stock Exchange.
- f) If sufficient funds are not available in the ASBA Account, the Designated Branch of the SCSB shall reject such Bids and shall not upload such Bids with the Stock Exchange.
- g) If sufficient funds are available in the ASBA Account, the SCSB shall block an amount equivalent to the Bid Amount mentioned in the Bid cum Application Form and will enter each Bid option into the electronic bidding system as a separate Bid and generate a TRS for each price and demand option. The TRS shall be furnished to the ASBA Bidder on request.
- h) The Bid Amount shall remain blocked in the aforesaid ASBA Account until finalization of the Basis of Allotment and consequent transfer of the Bid Amount against the Allotted Equity Shares to the Public Issue Account, or until withdrawal/failure of the Issue or until withdrawal/rejection of the Bid cum Application Form, as the case may be. Once the Basis of Allotment is finalized, the Registrar to the Issue shall send an appropriate request to the SCSB for unblocking the relevant ASBA Accounts and for transferring the amount allocable to the successful Bidders to the Public Issue Account. In case of withdrawal/failure of the Issue, the blocked amount shall be unblocked on receipt of such information from the Registrar to the Issue.

BIDS AT DIFFERENT PRICE LEVELS AND REVISION OF BIDS

- a) Our Company in consultation with the BRLM, and without the prior approval of, or intimation, to the Bidders,

reserves the right to revise the Price Band during the Bid/Issue Period, in accordance with the SEBI ICDR Regulations, provided that (i) the Cap Price will be less than or equal to 120% of the Floor Price, (ii) the Cap Price will be at least 105% of the Floor Price, and (iii) the Floor Price will not be less than the face value of the Equity Shares. Subject to compliance with the foregoing, the Floor Price may move up or down to the extent of 20% of the Floor Price and the Cap Price will be revised accordingly.

- b) Our Company in consultation with the BRLM, will finalize the Issue Price within the Price Band, without the prior approval of, or intimation, to the Bidders.
- c) The Bidders can Bid at any price within the Price Band. The Bidder has to Bid for the desired number of Equity Shares at a specific price. Retail Individual Bidders may Bid at the Cut-off Price. However, bidding at the Cut-off Price is prohibited for QIB and Non-Institutional Bidders and such Bids from QIB and Non-Institutional Bidders shall be rejected.
- d) Retail Individual Bidders, who Bid at Cut-off Price agree that they shall purchase the Equity Shares at any price within the Price Band. Retail Individual Bidders shall submit the Bid cum Application Form along with a cheque/demand draft for the Bid Amount based on the Cap Price with the Syndicate. In case of ASBA Bidders (excluding Non-Institutional Bidders and QIB Bidders) bidding at Cut-off Price, the ASBA Bidders shall instruct the SCSBs to block an amount based on the Cap Price.

Participation by Associates /Affiliates of BRLM and the Syndicate Members

The BRLM and the Syndicate Members, if any, shall not be allowed to purchase in this Issue in any manner, except towards fulfilling their underwriting obligations. However, the associates and affiliates of the BRLM and the Syndicate Members, if any, may subscribe the Equity Shares in the Issue, either in the QIB Category or in the Non-Institutional Category as may be applicable to such Bidders, where the allocation is on a proportionate basis and such subscription may be on their own account or on behalf of their clients.

Option to Subscribe in the Issue

- a. As per Section 29(1) of the Companies Act 2013, allotment of Equity Shares shall be made in dematerialized form only. Investors will not have the option of getting allotment of specified securities in physical form.
- b. The Equity Shares, on allotment, shall be traded on the Stock Exchange in demat segment only.
- c. A single application from any investor shall not exceed the investment limit/minimum number of Equity Shares that can be held by him/her/it under the relevant regulations/statutory guidelines and applicable law.

Information for the Bidders:

Our Company and the Book Running Lead Manager shall declare the Issue Opening Date and Issue Closing Date in the Draft Red Herring Prospectus to be registered with the ROC and also publish the same in two national newspapers (one each in English and Hindi) and in a regional newspaper with wide circulation. This advertisement shall be in prescribed format.
2. Our Company will file the Red Herring Prospectus with the ROC at least 3 (three) days working days before the Issue Opening Date.
3. Copies of the Bid Cum Application Form along with Abridge Prospectus and copies of the Draft Red Herring Prospectus / Red herring Prospectus/ prospectus will be available with the, the Book Running Lead Manager, the Registrar to the Issue, and at the Registered Office of our Company. Electronic Bid Cum Application Forms will also be available on the websites of the Stock Exchange.
4. Any Bidder who would like to obtain the Red Herring Prospectus and/ or the Bid Cum Application Form can obtain the same from our Registered Office.
5. Bidders who are interested in subscribing for the Equity Shares should approach Designated Intermediaries to register their applications.
6. Bid Cum Application Forms submitted directly to the SCSBs should bear the stamp of the SCSBs and/or the Designated Branch, or the respective Designated Intermediaries. Bid Cum Application Form submitted by Applicants whose beneficiary account is inactive shall be rejected.
7. The Bid Cum Application Form can be submitted either in physical or electronic mode, to the SCSBs with whom the ASBA Account is maintained, or other Designated Intermediaries (Other than SCSBs). SCSBs may provide the electronic mode of collecting either through an internet enabled collecting and banking facility or such other secured, electronically enabled mechanism for applying and blocking funds in the ASBA Account. The Retail Individual Applicants has to apply only through UPI Channel, they have to provide the UPI ID and validate the blocking of the

funds and such Bid Cum Application Forms that do not contain such details are liable to be rejected.

8. Bidders applying directly through the SCSBs should ensure that the Bid Cum Application Form is submitted to a Designated Branch of SCSB, where the ASBA Account is maintained. Applications submitted directly to the SCSB's or other Designated Intermediaries (Other than SCSBs), the relevant SCSB, shall block an amount in the ASBA Account equal to the Application Amount specified in the Bid Cum Application Form, before entering the ASBA application into the electronic system.
9. Except for applications by or on behalf of the Central or State Government and the Officials appointed by the courts and by investors residing in the State of Sikkim, the Bidders, or in the case of application in joint names, the first Bidder (the first name under which the beneficiary account is held), should mention his/her PAN allotted under the Income Tax Act. In accordance with the SEBI Regulations, the PAN would be the sole identification number for participating transacting in the securities market, irrespective of the amount of transaction. Any Bid Cum Application Form without PAN is liable to be rejected. The demat accounts of Bidders for whom PAN details have not been verified, excluding person resident in the State of Sikkim or persons who may be exempted from specifying their PAN for transacting in the securities market, shall be "suspended for credit" and no credit of Equity Shares pursuant to the Issue will be made into the accounts of such Bidders.
10. The Bidders may note that in case the PAN, the DP ID and Client ID mentioned in the Bid Cum Application Form and entered into the electronic collecting system of the Stock Exchange Designated Intermediaries do not match with PAN, the DP ID and Client ID available in the Depository database, the Bid Cum Application Form is liable to be rejected.

BIDS BY HUFs

Bids by Hindu Undivided Families or HUFs should be made in the individual name of the Karta. The Bidder should specify that the Bid is being made in the name of the HUF in the Bid cum Application Form/Application Form as follows: "Name of sole or first Bidder: XYZ Hindu Undivided Family applying through XYZ, where XYZ is the name of the Karta". Bids/Applications by HUFs will be considered at par with Bids/Applications from individuals.

BIDS BY MUTUAL FUNDS

With respect to Bids by Mutual Funds, a certified copy of their SEBI registration certificate must be lodged along with the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserve the right to reject any Bid without assigning any reason thereof.

Bids made by asset management companies or custodians of Mutual Funds shall specifically state names of the concerned schemes for which such Bids are made.

In case of a Mutual Fund, a separate Bid can be made in respect of each scheme of the Mutual Fund registered with SEBI and such Bids in respect of more than one scheme of the Mutual Fund will not be treated as multiple Bids provided that the Bids clearly indicate the scheme concerned for which the Bid has been made.

No Mutual Fund scheme shall invest more than 10.00% of its net asset value in equity shares or equity related instruments of any single company provided that the limit of 10.00% shall not be applicable for investments in case of index funds or sector or industry specific schemes. No Mutual Fund under all its schemes should own more than 10.00% of any company's paid-up share capital carrying voting rights.

BIDS BY ELIGIBLE NRIs

Eligible NRIs may obtain copies of Bid cum Application Form from the Designated Intermediaries. Only Bids accompanied by payment in Indian Rupees or freely convertible foreign exchange will be considered for Allotment. Eligible NRI Bidders bidding on a repatriation basis by using the Non-Resident Forms should authorize their SCSB (if they are Bidding directly through the SCSB) or confirm or accept the UPI Mandate Request (in case of Bidding through the UPI Mechanism) to block their Non-Resident External ("NRE") accounts, or Foreign Currency Non-Resident ("FCNR") Accounts, and eligible NRI Bidders bidding on a non- repatriation basis by using Resident Forms should authorize their SCSB (if they are Bidding directly through SCSB) or confirm or accept the UPI Mandate Request (in case of Bidding through the UPI Mechanism) to block their Non-Resident Ordinary ("NRO") accounts for the full Bid Amount, at the time of the submission of the Bid cum Application Form. Participation of Eligible NRIs in the Issue shall be subject to the FEMA Rules.

In accordance with the Consolidated FDI Policy, the total holding by any individual NRI, on a repatriation or non-repatriation basis, shall not exceed 5.00% of the total paid-up equity capital on a fully diluted basis or shall not exceed 5.00% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together, on a repatriation or non- repatriation basis, shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrant. Provided that the aggregate ceiling of 10.00% may be raised to 24.00% if a special resolution to that effect is passed by the general body of the Indian company.

NRIs will be permitted to apply in the Issue through Channel I or Channel II (as specified in the UPI Circular). Further, subject to applicable law, NRIs may use Channel IV (as specified in the UPI Circular) to apply in the Issue, provided the UPI facility is enabled for their NRE/ NRO accounts.

NRIs applying in the Issue using UPI Mechanism are advised to enquire with the relevant bank whether their bank account is UPI linked prior to making such application. For details of investment by NRIs, see “*Restrictions on Foreign Ownership of Indian Securities*” beginning on page 283 Participation of eligible NRIs shall be subject to FEMA NDI Rules.

BIDS BY FPIs

In terms of the SEBI FPI Regulations, the issue of Equity Shares to a single FPI or an investor group (which means the same multiple entities having common ownership directly or indirectly of more than 50% or common control) must be below 10% of our post-Issue Equity Share capital. Further, in terms of the FEMA NDI Rules, with effect from April 1, 2020, the aggregate FPI investment limit is the sectoral cap applicable to an Indian company as prescribed in the FEMA NDI Rules with respect to its paid-up equity capital on a fully diluted basis. Currently, the sectoral cap for retail trading of food products manufactured and/ or produced in India is 100% under automatic route.

FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time. In case of Bids made by FPIs, a certified copy of the certificate of registration issued under the SEBI FPI Regulations is required to be attached to the Bid cum Application Form, failing which our Company reserves the right to reject any Bid without assigning any reason. FPIs who wish to participate in the Issue are advised to use the Bid cum Application Form for Non-Residents.

In terms of the FEMA, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs shall be included.

The FEMA NDI Rules were enacted on October 17, 2019 in supersession of the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident outside India) Regulations, 2017, except as respects things done or omitted to be done before such supersession. FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI, may issue, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only by persons registered as Category I FPIs; (ii) such offshore derivative instruments are issued only to persons eligible for registration as Category I FPIs; (iii) such offshore derivative instruments are issued after compliance with ‘know your client’ norms; and (iv) such other conditions as may be specified by SEBI from time to time.

An FPI issuing off-shore derivative instruments is also required to ensure that any transfer of off-shore derivative instruments issued by, or on behalf of it subject to, inter alia, the following conditions:

- (i). such offshore derivative instruments are transferred to person subject to fulfilment of SEBI FPI Regulations; and
- (ii). prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred are pre-approved by the FPI.

Bids by FPIs which utilise the multi-investment manager structure in accordance with the Operational Guidelines for Foreign Portfolio Investors and Designated Depository Participants issued to facilitate implementation of the SEBI FPI Regulations (“Operational FPI Guidelines”), submitted with the same PAN but with different beneficiary account numbers, Client IDs and DP IDs shall not be treated as multiple Bids (“MIM Bids”). It is hereby clarified that FPIs bearing the same PAN may be treated as multiple Bids by a Bidder and may be rejected, except for Bids from FPIs that utilise the multi-investment manager structure in accordance with the Operational FPI Guidelines (such structure referred to as “MIM Structure”). In order to ensure valid Bids, FPIs making MIM Bids using the same PAN and with different beneficiary account numbers, Client IDs and DP IDs, are required to submit a confirmation that their Bids are under the MIM Structure and indicate the name of their investment managers in such confirmation which shall be submitted along with each of their Bid cum Application Forms. In the absence of such confirmation from the relevant FPIs, such MIM Bids shall be rejected.

BIDS BY SEBI-REGISTERED AIFS, VCFs AND FVCIs

The SEBI FVCI Regulations, SEBI VCF Regulations and the SEBI AIF Regulations prescribe, inter alia, the investment restrictions on the FVCIs, VCFs and AIFs registered with SEBI respectively. FVCIs can invest only up to 33.33% of the investible funds by way of subscription to an initial public offering. Category I AIF and Category II AIF cannot invest more than 25% of the investible funds in one Investee Company directly or through investment in the units of other AIFs. A Category III AIF cannot invest more than 10% of the investible funds in one Investee Company directly or through investment in the units of other AIFs. AIFs which are authorized under the fund documents to invest in units of AIFs are

prohibited from offering their units for subscription to other AIFs. A VCF registered as a Category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than 1/3rd of its investible funds by way of subscription to an initial public offering of a venture capital undertaking. Additionally, a VCF that has not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the SEBI VCF Regulations (and accordingly shall not be allowed to participate in the Issue) until the existing fund or scheme managed by the fund is wound up and such funds shall not launch any new scheme after the notification of the SEBI AIF Regulations.

There is no reservation for Eligible NRIs, FPIs and FVCIs and all Bidders will be treated on the same basis with other categories for the purpose of allocation.

Further, the shareholding of VCFs, category I AIFs or category II AIFs and FVCIs holding Equity Shares prior to Issue, shall be locked-in for a period of at least one year from the date of purchase of such Equity Shares.

All non-resident investors should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and commission.

The Company or the BRLM will not be responsible for loss, if any, incurred by the Bidder on account of conversion of foreign currency.

BIDS BY LIMITED LIABILITY PARTNERSHIPS

In case of Bids made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserve the right to reject any Bid without assigning any reason thereof.

BIDS BY BANKING COMPANIES

In case of Bids made by banking companies registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, and (ii) the approval of such banking company's investment committee are required to be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserves the right to reject any Bid without assigning any reason thereof. The investment limit for banking companies in non-financial services companies as per the Banking Regulation Act, the Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, as amended and Master Circular on Basel III Capital Regulations dated July 1, 2014, as amended, is 10.00% of the paid up share capital of the investee company, not being its subsidiary engaged in non-financial services, or 10.00% of the bank's own paid-up share capital and reserves, whichever is lower.

However, a banking company would be permitted to invest in excess of 10% but not exceeding 30% of the paid up share capital of such investee company, subject to prior approval of the RBI if (i) the investee company is engaged in non-financial activities permitted for banking companies in terms of Section 6(1) of the Banking Regulation Act; or (ii) the additional acquisition is through restructuring of debt, or to protect the banking company's interest on loans/investments made to a company. The bank is required to submit a time bound action plan to the RBI for the disposal of such shares within a specified period. The aggregate investment by a banking company along with its subsidiaries, associates or joint ventures or entities directly or indirectly controlled by the bank; and mutual funds managed by asset management companies controlled by the bank, more than 20% of the investee company's paid up share capital engaged in non-financial services. However, this cap doesn't apply to the cases mentioned in (i) and (ii) above. The aggregate equity investments made by a banking company in all subsidiaries and other entities engaged in financial services and non-financial services, including overseas investments shall not exceed 20% of the bank's paid-up share capital and reserves.

In terms of the Master Circular on Basel III Capital Regulations dated July 1, 2014, as amended (i) a bank's investment in the capital instruments issued by banking, financial and insurance entities should not exceed 10% of its capital funds; (ii) banks should not acquire any fresh stake in a bank's equity shares, if by such acquisition, the investing bank's holding exceeds 5% of the investee bank's equity capital; (iii) equity investment by a bank in a subsidiary company, financial services company, financial institution, stock and other exchanges should not exceed 10% of the bank's paid-up share capital and reserves; (iv) equity investment by a bank in companies engaged in non-financial services activities would be subject to a limit of 10% of the investee company's paid-up share capital or 10% of the bank's paid-up share capital and reserves, whichever is less; and (v) a banking company is restricted from holding shares in any company, whether as pledgee, mortgagee or absolute owner, of an amount exceeding 30% of the paid-up share capital of that company or 30% of its own paid-up share capital and reserves, whichever is less. For details in relation to the investment limits under Master Direction – Ownership in Private Sector Banks, Directions, 2016, see “*Key Industries Regulations*” beginning on page 171 of this Draft Red Herring Prospectus.

BIDS BY SCSBS

SCSBS participating in the Issue are required to comply with the terms of the circulars issued by the SEBI dated September 13, 2012 and January 2, 2013. Such SCSBS are required to ensure that for making applications on their own account using

ASBA, they should have a separate account in their own name with any other SEBI registered SCSBs. Further, such account shall be used solely for the purpose of making application in public issues and clear demarcated funds should be available in such account for such applications.

BIDS BY SYSTEMICALLY IMPORTANT NBFCS

In case of Bids made by Systemically Important NBFCS registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, (ii) the last audited financial statements on a standalone basis, (iii) a net worth certificate from its statutory auditors, and (iv) such other approval as may be required by the Systemically Important NBFCS are required to be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserves the right to reject any Bid without assigning any reason thereof.

Systemically Important NBFCS participating in the Issue shall comply with all applicable regulations, directions, guidelines and circulars issued by the RBI from time to time.

The investment limit for Systemically Important NBFCS shall be as prescribed by RBI from time to time.

BIDS BY INSURANCE COMPANIES

In case of Bids made by insurance companies registered with the IRDAI, a certified copy of certificate of registration issued by IRDAI must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserves the right to reject any Bid without assigning any reason thereof.

The exposure norms for insurers are prescribed under the IRDAI Investment Regulations, based on investments in equity shares of the investee company, the entire group of the investee company and the industry sector in which the investee company operates. Insurance companies participating in the Issue are advised to refer to the IRDAI Investment Regulations 2016, as amended, which are broadly set forth below:

- a) equity shares of a company: the lower of 10%* of the outstanding equity shares (face value) or 10% of the respective fund in case of life insurer or 10% of investment assets in case of general insurer or reinsurer;
- b) the entire group of the investee company: not more than 15% of the respective fund in case of a life insurer or 15% of investment assets in case of a general insurer or reinsurer or 15% of the investment assets in all companies belonging to the group, whichever is lower; and
- c) the industry sector in which the investee company operates: not more than 15% of the fund of a life insurer or a general insurer or a reinsurer or 15% of the investment asset, whichever is lower.

The maximum exposure limit, in the case of an investment in equity shares, cannot exceed the lower of an amount of 10% of the investment assets of a life insurer or general insurer and the amount calculated under (a), (b) and (c) above, as the case may be.

**The above limit of 10% shall stand substituted as 15% of outstanding equity shares (face value) for insurance companies with investment assets of ₹ 25,000,000 lakhs or more and 12% of outstanding equity shares (face value) for insurers with investment assets of ₹ 5,000,000 lakhs or more but less than ₹ 25,000,000 lakhs.*

Insurance companies participating in this Issue shall comply with all applicable regulations, guidelines and circulars issued by IRDAI from time to time.

BIDS BY PROVIDENT FUNDS/PENSION FUNDS

In case of Bids made by provident funds/pension funds, subject to applicable laws, with minimum corpus of ₹ 2,500 lakhs, a certified copy of a certificate from a chartered accountant certifying the corpus of the provident fund/pension fund must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserves the right to reject any Bid without assigning any reason thereof.

BIDS UNDER POWER OF ATTORNEY

In case of Bids made pursuant to a power of attorney or by limited companies, corporate bodies, registered societies, Eligible FPIs, Mutual Funds, Systemically Important NBFCS, insurance companies, insurance funds set up by the army, navy or air force of the Union of India, insurance funds set up by the Department of Posts, India, or the National Investment Fund and provident funds with a minimum corpus of ₹ 2,500 lakhs (subject to applicable law) and pension funds with a minimum corpus of ₹ 2,500 lakhs, a certified copy of the power of attorney or the relevant resolution or authority, as the case may be, along with a certified copy of the memorandum of association and articles of association and/or bye laws must be lodged along with the Bid cum Application Form. Failing this, our, in consultation with the BRLM, reserves the right to accept or reject any Bid in whole or in part, in either case without assigning any reason therefor.

Our Company, in consultation with the BRLM, in their absolute discretion, reserves the right to relax the above condition of simultaneous lodging of the power of attorney along with the Bid cum Application Form subject to the terms and

conditions that our Company, in consultation with the BRLM may deem fit.

ISSUANCE OF A CONFIRMATION NOTE ("CAN") AND ALLOTMENT IN THE ISSUE:

1. Upon approval of the basis of allotment by the Designated Stock Exchange, the BRLM or Registrar to the Issue shall send to the SCSBs a list of their Bidders who have been allocated Equity Shares in the Issue.
2. The Registrar will then dispatch a CAN to their Bidders who have been allocated Equity Shares in the Issue. The dispatch of a CAN shall be deemed a valid, binding and irrevocable contract for the Bidder

Issue Procedure for Application Supported by Blocked Account (ASBA) Bidders

In accordance with the SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 all the Bidders have to compulsorily apply through the ASBA Process. Our Company and the Book Running Lead Manager are not liable for any amendments, modifications, or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. ASBA Bidders are advised to make their independent investigations and to ensure that the ASBA Bid Cum Application Form is correctly filled up, as described in this section.

The lists of banks that have been notified by SEBI to act as SCSB (Self Certified Syndicate Banks) for the ASBA Process are provided on <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognised=yes>. For details on designated branches of SCSB collecting the Bid Cum Application Form, please refer the above-mentioned SEBI link.

Terms of payment

The entire Issue price of ₹ [●] per share is payable on application. In case of allotment of lesser number of Equity Shares than the number applied, the Registrar shall instruct the SCSBs to unblock the excess amount paid on Application to the Bidders.

SCSBs will transfer the amount as per the instruction of the Registrar to the Public Issue Account, the balance amount after transfer will be unblocked by the SCSBs.

The Bidders should note that the arrangement with Bankers to the Issue or the Registrar is not prescribed by SEBI and has been established as an arrangement between our Company, Banker to the Issue and the Registrar to the Issue to facilitate collections from the Bidders.

Payment mechanism

The Bidders shall specify the bank account number in their Bid Cum Application Form and the SCSBs shall block an amount equivalent to the Application Amount in the bank account specified in the Bid Cum Application Form. The SCSB shall keep the Application Amount in the relevant bank account blocked until withdrawal/ rejection of the Application or receipt of instructions from the Registrar to unblock the Application Amount. However, Non-Retail Bidders shall neither withdraw nor lower the size of their applications at any stage. In the event of withdrawal or rejection of the Bid Cum Application Form or for unsuccessful Bid Cum Application Forms, the Registrar to the Issue shall give instructions to the SCSBs to unblock the application money in the relevant bank account within one day of receipt of such instruction. The Application Amount shall remain blocked in the ASBA Account until finalization of the Basis of Allotment in the Issue and consequent transfer of the Application Amount to the Public Issue Account, or until withdrawal/ failure of the Issue or until rejection of the Application by the ASBA Bidder, as the case may be.

Please note that, in terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors applying in a public Issue shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self-Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Retail Individual Investors applying in public Issue have to use UPI as a payment mechanism with Application Supported by Blocked Amount for making application.

- b) The Registrar to the Issue shall give instruction to the SCSB for unblocking the ASBA Account on the Designated Date. QIBs and NIIs can neither withdraw nor lower the size of their Bids at any stage.

Price Discovery and Allocation

- a) Based on the demand generated at various price levels, our Company in consultation with the BRLM, shall finalize the Issue Price.
- b) The SEBI ICDR Regulations, 2018 specify the allocation or Allotment that may be made to various categories of

Bidders in an Issue depending on compliance with the eligibility conditions. Certain details pertaining to the percentage of Issue size available for allocation to each category is disclosed overleaf of the Bid cum Application Form and in the RHP. For details in relation to allocation, the Bidder may refer to the RHP.

- c) Under-subscription in any category (except QIB Category) is allowed to be met with spill over from any other category or combination of categories at the discretion of the Issuer and the in consultation with the BRLM and the Designated Stock Exchange and in accordance with the SEBI ICDR Regulations. Unsubscribed portion in QIB Category is not available for subscription to other categories.
- d) In case of under subscription in the Issue, spill-over to the extent of such under-subscription may be permitted from the Reserved Portion to the Issue. For allocation in the event of an undersubscription applicable to the Issuer, Bidders may refer to the RHP.
- e) In case if the Retail Individual Investor category is entitled to more than the allocated portion on proportionate basis, the category shall be allotted that higher percentage.

Illustration of the Book Building and Price Discovery Process: Bidders should note that this example is solely for illustrative purposes and is not specific to the Issue; it also excludes Bidding by Anchor Investors. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹20 to ₹ 24 per share, Issue size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Issue the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Issuer, in consultation with the BRLM, may finalise the Issue Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Issue Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

Certain details pertaining to the percentage of Issue size available for allocation to each category is disclosed overleaf of the Bid cum Application Form and in the DRHP. For details in relation to allocation, the Bidder may refer to the RHP.
- b) Under-subscription in any category (except QIB Category) is allowed to be met with spill over from any other category or combination of categories at the discretion of the Issuer and in consultation with the BRLM and the Designated Stock Exchange and in accordance with the SEBI (ICDR) Regulations, Unsubscribed portion in QIB Category is not available for subscription to other categories.
- c) In case of under subscription in the Issue, spill-over to the extent of such under- subscription may be permitted from the Reserved Portion to the Issue. For allocation in the event of an under-subscription applicable to the Issuer, Bidders may refer to the RHP.

ALLOTMENT PROCEDURE AND BASIS OF ALLOTMENT

The Allotment of Equity Shares to Bidders other than Retail Individual Investors may be on proportionate basis. No Retail Individual Investor will be Allotted less than the minimum Bid Lot subject to availability of shares in Retail Individual Investor Category and the remaining available shares, if any will be Allotted on a proportionate basis. The Issuer is required to receive a minimum subscription of 90% of the Issue. However, in case the Issue is in the nature of Issue for Sale only, then minimum subscription may not be applicable.

BASIS OF ALLOTMENT

a. For Retail Individual Bidders

Bids received from the Retail Individual Bidders at or above the Issue Price shall be grouped together to determine the total demand under this category. The Allotment to all the successful Retail Individual Bidders will be made at the Issue Price.

The Issue size less Allotment to Non-Institutional and QIB Bidders shall be available for Allotment to Retail Individual Bidders who have Bid in the Issue at a price that is equal to or greater than the Issue Price. If the aggregate demand in this category is less than or equal to [●] Equity Shares at or above the Issue Price, full Allotment shall be made to the Retail Individual Bidders to the extent of their valid Bids.

If the aggregate demand in this category is greater than [●] Equity Shares at or above the Issue Price, the Allotment shall be made on a proportionate basis up to a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter. For the method of proportionate Basis of Allotment, refer below.

b. For Non-Institutional Bidders

Bids received from Non-Institutional Bidders at or above the Issue Price shall be grouped together to determine the total demand under this category. The Allotment to all successful Non- Institutional Bidders will be made at the Issue

Price.

The Issue size less Allotment to QIBs and Retail shall be available for Allotment to Non- Institutional Bidders who have Bid in the Issue at a price that is equal to or greater than the Issue Price. If the aggregate demand in this category is less than or equal to [●] Equity Shares at or above the Issue Price, full Allotment shall be made to Non-Institutional Bidders to the extent of their demand.

In case the aggregate demand in this category is greater than [●] Equity Shares at or above the Issue Price, Allotment shall be made on a proportionate basis up to a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter. For the method of proportionate Basis of Allotment refer below.

c. For QIBs

Bids received from QIBs Bidding in the QIB Category at or above the Issue Price may be grouped together to determine the total demand under this category. The QIB Category may be available for Allotment to QIBs who have Bid at a price that is equal to or greater than the Issue Price. Allotment may be undertaken in the following manner: Allotment shall be undertaken in the following manner:

- a) In the first instance allocation to Mutual Funds for [●] % of the QIB Portion shall be determined as follows:
 - In the event that Bids by Mutual Fund exceeds [●] % of the QIB Portion, allocation to Mutual Funds shall be done on a proportionate basis for [●] % of the QIB Portion.
 - In the event that the aggregate demand from Mutual Funds is less than [●] % of the QIB Portion then all Mutual Funds shall get full Allotment to the extent of valid Bids received above the Issue Price.
 - Equity Shares remaining unsubscribed, if any, not allocated to Mutual Funds shall be available for Allotment to all QIB Bidders as set out in (b) below;
- b) In the second instance Allotment to all QIBs shall be determined as follows:
 - In the event that the oversubscription in the QIB Portion, all QIB Bidders who have submitted Bids above the Issue Price shall be allotted Equity Shares on a proportionate basis, upto a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter for [●] % of the QIB Portion.
 - Mutual Funds, who have received allocation as per (a) above, for less than the number of Equity Shares Bid for by them, are eligible to receive Equity Shares on a proportionate basis, upto a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter, along with other QIB Bidders.
 - Under-subscription below [●] % of the QIB Portion, if any, from Mutual Funds, would be included for allocation to the remaining QIB Bidders on a proportionate basis. The aggregate Allotment to QIB Bidders shall not be more than [●] Equity Shares.

c) Basis of Allotment for QIBs and NIIs in case of Over Subscribed Issue:

In the event of the Issue being Over-Subscribed, the Issuer may finalise the Basis of Allotment in consultation with the NSE Emerge (The Designated Stock Exchange). The allocation may be made in marketable lots on proportionate basis as set forth hereunder:

- a) The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e. the total number of Shares applied for in that category multiplied by the inverse of the oversubscription ratio (number of Bidders in the category multiplied by number of Shares applied for).
- b) The number of Shares to be allocated to the successful Bidders will be arrived at on a proportionate basis in marketable lots (i.e. Total number of Shares applied for into the inverse of the over subscription ratio).
- c) For Bids where the proportionate allotment works out to less than [●] equity shares the allotment will be made as follows:
 - Each successful Bidder shall be allotted [●] equity shares; and
 - The successful Bidder out of the total bidders for that category shall be determined by draw of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (b) above.
- d) If the proportionate allotment to a Bidder works out to a number that is not a multiple of [●] equity shares, the Bidder would be allotted Shares by rounding off to the nearest multiple of [●] equity shares subject to a minimum allotment of [●] equity shares.

- e) If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the Bidders in that category, the balance available Shares or allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful Bidder in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising Bidder applying for the minimum number of Shares. If as a result of the process of rounding off to the nearest multiple of [●] Equity Shares, results in the actual allotment being higher than the shares offered, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the Issue specified under the Capital Structure mentioned in this DRHP.

Retail Individual Investor' means an investor who applies for shares of value of not more than ₹ 2,00,000/-. Investors may note that in case of over subscription allotment shall be on proportionate basis and will be finalized in consultation with NSE.

The Executive Director / Managing Director of NSE - the Designated Stock Exchange in addition to Book Running Lead Manager and Registrar to the Public Issue shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI (ICDR) Regulations.

Issuance of Allotment Advice

- 1) Upon approval of the Basis of Allotment by the Designated Stock Exchange.
- 2) On the basis of approved Basis of Allotment, the Issuer shall pass necessary corporate action to facilitate the allotment and credit of equity shares. Bidders are advised to instruct their Depository Participants to accept the Equity Shares that may be allotted to them pursuant to the Issue.

The Book Running Lead Manager or the Registrar to the Issue will dispatch an Allotment Advice to their Bidders who have been allocated Equity Shares in the Issue. The dispatch of Allotment Advice shall be deemed a valid, binding and irrevocable contract for the Allotment to such Bidder.

- 3) Issuer will make the allotment of the Equity Shares and initiate corporate action for credit of shares to the successful Bidders Depository Account within 4 working days of the Issue Closing date. RESTRICTION ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and FEMA. While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. Foreign investment is allowed up to 100% under automatic route in our Company. The government bodies responsible for granting foreign investment approvals are the Reserve Bank of India (“RBI”) and Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India (“DIPP”).

The RBI and the concerned ministries/departments are responsible for granting approval for foreign investment. The

Government has from time to time made policy pronouncements on foreign direct investment (“FDI”) through press notes and press releases. The Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry Government of India (earlier known as the Department of Industrial Policy and Promotion) (DPIIT), issued the FDI Policy, which, with effect from October 15, 2020 consolidated, subsumed and superseded all previous press notes, press releases and clarifications on FDI issued by the DPIIT that were in force and effect prior to October 15, 2020. In terms of FDI Policy, FDI to an extent of 51% is allowed in multi brand retail trading with government approval. The FDI Policy will be valid until the DPIIT issues an updated circular. FDI in companies engaged in sectors/ activities which are not listed in the FDI Policy is permitted up to 100% of the paid-up share capital of such company under the automatic route, subject to compliance with certain prescribed conditions.

Under the current FDI Policy and the FEMA Non-Debt Rules, foreign direct investment is not permitted in companies engaged in (a) multi-brand retail trading, undertaking retail trading by means of e-commerce, and (b) inventory-based model of e-commerce. In accordance with the FEMA Non-debt Rules, participation by non-residents in the Issue is restricted to participation by (i) FPIs under Schedule II of the FEMA Non-debt Rules, subject to limit of the individual holding of an FPI below 10% of the post-Issue paid-up capital of our Company and the aggregate limit for FPI investment currently not exceeding the sectoral cap i.e. 51% of the post issue paid up share capital; and (ii) Eligible NRIs applying only on a non-repatriation basis under Schedule IV of the FEMA Non-debt Rules. Further, other non-residents applying on a repatriation basis, FVCIs and multilateral and bilateral development financial institutions are not permitted to participate in the Issue. As per the existing policy of the Government of India, OCBs cannot participate in this issue. See “Issue Procedure” beginning on page 257.

The Government has from time to time made policy pronouncements on FDI through press notes and press releases. The Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India (DIPP), issued consolidated FDI Policy, which with effect from August 28, 2017 consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DIPP that were in force and effect as on August 27, 2017. The Government proposes to update the consolidated circular on FDI Policy once every year and therefore, the Consolidation FDI Policy will be valid until the DIPP issues an updated circular.

The transfer of shares by an Indian resident to a Non-Resident does not require the prior approval of the FIPB or the RBI, provided that (i) the activities of the investee company are under the automatic route under the Consolidated FDI Policy and transfer does not attract the provisions of the SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011; (ii) the non-resident shareholding is within the sectoral limits under the Consolidated FDI Policy; and (iii) the pricing is in accordance with the guidelines prescribed by SEBI/RBI.

The foreign investment in our Company is governed by, inter-alia, the FEMA, the FEMA Non-debt Rules, the FDI Policy issued and amended by way of press notes.

Further, in terms of the FEMA Non-debt Rules, the aggregate FPI investment limit is the sectoral cap applicable to Indian company as prescribed in the FEMA Non-Debt Instruments Rules with respect to its paid-up equity capital on a fully diluted basis. See “Issue Procedure” beginning on page 257.

Further, in accordance with the FDI Policy, the Press Note No. 3 (2020 Series), dated April 17, 2020 issued by the DPIIT and the FEMA Non-debt Rules, any investment, subscription, purchase or sale of equity instruments by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country (“Restricted Investors”), will require prior approval of the Government, as prescribed in the FDI Policy and the FEMA Non-debt Rules. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/ purview, such subsequent change in the beneficial ownership will also require approval of the Government. Furthermore, on April 22, 2020, the Ministry of Finance, Government of India has also made a similar amendment to the FEMA Non-Debt Rules. Each Bidder should seek independent legal advice about its ability to participate in the Issue. In the event such prior approval of the Government of India is required, and such approval has

been obtained, the Bidder shall intimate our Company and the Registrar in writing about such approval along with a copy thereof within the Bid/Issue Period.

Investment conditions/restrictions for overseas entities

Under the current FDI Policy 2020, the maximum amount of Investment (sectoral cap) by foreign investor in an issuing entity is composite unless it is explicitly provided otherwise including all types of foreign investments, direct and indirect, regardless of whether it has been made for FDI, FPI, NRI/OCI, LLPs, FVCI, Investment Vehicles and DRs under Foreign Exchange Management (Non-debt Instruments) Rules, 2019. Any equity holding by a person resident outside India resulting from conversion of any debt instrument under any arrangement shall be reckoned as foreign investment under the composite cap.

Portfolio Investment upto aggregate foreign investment level of 49% or sectoral/statutory cap, whichever is lower, will not be subject to either Government approval or compliance of sectoral conditions, if such investment does not result in transfer of ownership and/or control of Indian entities from resident Indian citizens to non-resident entities. Other foreign investments will be subject to conditions of Government approval and compliance of sectoral conditions as per FDI Policy. The total foreign investment, direct and indirect, in the issuing entity will not exceed the sectoral/statutory cap.

Investment by FPIs under Portfolio Investment Scheme (PIS)

With regards to purchase/sale of capital instruments of an Indian company by an FPI under PIS the total holding by each FPI or an investor group as referred in SEBI (FPI) Regulations, 2014 shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or less than 10% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all FPIs put together shall not exceed 24% of paid-up equity capital on fully diluted basis or paid-up value of each series of debentures or preference shares or share warrants. The said limit of 10% and 24% will be called the individual and aggregate limit, respectively. However, this limit of 24% may be increased up to sectoral cap/statutory ceiling, as applicable, by the Indian company concerned by passing a resolution by its Board of Directors followed by passing of a special resolution to that effect by its general body.

Investment by NRI or OCI on repatriation basis

The purchase/sale of equity shares, debentures, preference shares and share warrants issued by an Indian company (hereinafter referred to as "Capital Instruments") of a listed Indian company on a recognized stock exchange in India by Non- Resident Indian (NRI) or Overseas Citizen of India (OCI) on repatriation basis is allowed subject to certain conditions under Foreign Exchange Management (Non-debt Instruments) Rules, 2019.

The total holding by any individual NRI or OCI shall not exceed 5% of the total paid-up equity capital on a fully diluted basis or should not exceed 5% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrants; provided that the aggregate ceiling of 10% may be raised to 24% if a special resolution to that effect is passed by the general body of the Indian company.

Investment by NRI or OCI on non-repatriation basis

As per current FDI Policy 2020, Foreign Exchange Management (Non-debt Instruments) Rules, 2019, Purchase/ sale of Capital Instruments or convertible notes or units or contribution to the capital of an LLP by a NRI or OCI on non-repatriation basis – will be deemed to be domestic investment at par with the investment made by residents. This is further subject to remittance channel restrictions.

CALLS		
18.	<p>) The Board may, from time to time, subject to the terms on which any shares may have been issued and subject to the conditions of allotment, by a resolution passed at a meeting of the Board and not by a circular resolution, make such calls as it thinks fit, upon the Members in respect of all the moneys unpaid on the shares held by them respectively and each Member shall pay the amount of every call so made on him to the persons and at the time and places appointed by the Board.</p> <p>) A call may be revoked or postponed at the discretion of the Board.</p> <p>(3) A call may be made payable by installments.</p>	Directors may make calls
19.	Fifteen days' notice in writing of any call shall be given by the Company specifying the time and place of payment, and the person or persons to whom such call shall be paid.	Notice of Calls
20.	A call shall be deemed to have been made at the time when the resolution of the Board of Directors authorizing such call was passed and may be made payable by the members whose names appear on the Register of Members on such date or at the discretion of the Directors on such subsequent date as may be fixed by Directors.	Calls to date from resolution.
21.	Whenever any calls for further share capital are made on shares, such calls shall be made on uniform basis on all shares falling under the same class. For the purposes of this Article shares of the same nominal value of which different amounts have been paid up shall not be deemed to fall under the same class.	Calls on uniform basis.
22.	The Board may, from time to time, at its discretion, extend the time fixed for the payment of any call and may extend such time as to all or any of the members who on account of the residence at a distance or other cause, which the Board may deem fairly entitled to such extension, but no member shall be entitled to such extension save as a matter of grace and favour.	Directors may extend time.
23.	If any Member fails to pay any call due from him on the day appointed for payment thereof, or any such extension thereof as aforesaid, he shall be liable to pay interest on the same from the day appointed for the payment thereof to the time of actual payment at such rate as shall from time to time be fixed by the Board not exceeding 21% per annum but nothing in this Article shall render it obligatory for the Board to demand or recover any interest from any such member.	Calls to carry interest.
24.	If by the terms of issue of any share or otherwise any amount is made payable at any fixed time or by installments at fixed time (whether on account of the amount of the share or by way of premium) every such amount or installment shall be payable as if it were a call duly made by the Directors and of which due notice has been given and all the provisions herein contained in respect of calls shall apply to such amount or installment accordingly.	Sums deemed to be calls.
25.	On the trial or hearing of any action or suit brought by the Company against any Member or his representatives for the recovery of any money claimed to be due to the Company in respect of his shares, it shall be sufficient to prove that the name of the Member in respect of whose shares the money is sought to be recovered, appears entered on the Register of Members as the holder, at or subsequent to the date at which the money is sought to be recovered is alleged to have become due on the share in respect of which such money is sought to be recovered in the Minute Books: and that notice	Proof on trial of suit for money due on shares.

	<p>of such call was duly given to the Member or his representatives used in pursuance of these Articles: and that it shall not be necessary to prove the appointment of the Directors who made such call, nor that a quorum of Directors was present at the Board at which any call was made was duly convened or constituted nor any other matters whatsoever, but the proof of the matters aforesaid shall be conclusive evidence of the debt.</p>	
26.	<p>Neither a judgment nor a decree in favour of the Company for calls or other moneys due in respect of any shares nor any part payment or satisfaction thereunder nor the receipt by the Company of a portion of any money which shall from time to time be due from any Member of the Company in respect of his shares, either by way of principal or interest, nor any indulgence granted by the Company in respect of the payment of any such money, shall preclude the Company from thereafter proceeding to enforce forfeiture of such shares as hereinafter provided.</p>	<p>Judgment, decree, partial payment motto proceed for forfeiture.</p>
27.	<p>The Board may, if it thinks fit, receive from any Member willing to advance the same, all or any part of the amounts of his respective shares beyond the sums, actually called up and upon the moneys so paid in advance, or upon so much thereof, from time to time, and at any time thereafter as exceeds the amount of the calls then made upon and due in respect of the shares on account of which such advances are made the Board may pay or allow interest, at such rate as the member paying the sum in advance and the Board agree upon. The Board may agree to repay at any time any amount so advanced or may at any time repay the same upon giving to the Member three months' notice in writing: provided that moneys paid in advance of calls on shares may carry interest but shall not confer a right to dividend or to participate in profits.</p> <p>No Member paying any such sum in advance shall be entitled to voting rights in respect of the moneys so paid by him until the same would but for such payment become presently payable. The provisions of this Article shall mutatis mutandis apply to calls on debentures issued by the Company.</p>	<p>Payments in Anticipation of calls may carry interest</p>
	<p>LIEN</p>	
28.	<p>The Company shall have a first and paramount lien upon all the shares/debentures (other than fully paid-up shares/debentures) registered in the name of each member (whether solely or jointly with others) and upon the proceeds of sale thereof for all moneys (whether presently payable or not) called or payable at a fixed time in respect of such shares/debentures and no equitable interest in any share shall be created except upon the footing and condition that this Article will have full effect. And such lien shall extend to all dividends and bonuses from time to time declared in respect of such shares/debentures. Unless otherwise agreed the registration of a transfer of shares/debentures shall operate as a waiver of the Company's lien if any, on such shares/debentures. The Directors may at any time declare any shares/debentures wholly or in part to be exempt from the provisions of this clause.</p>	<p>Company to have Lien on shares.</p>
29.	<p>For the purpose of enforcing such lien the Directors may sell the shares subject thereto in such manner as they shall think fit, but no sale shall be made until such period as aforesaid shall have arrived and until notice in writing of the intention to sell shall have been served on such member or the person (if any) entitled by transmission to the shares and default shall have been made by him in payment, fulfillment of discharge of such debts, liabilities or engagements for seven days after such notice. To give effect to any such sale the Board may authorise some person to transfer the shares sold to the purchaser thereof and purchaser shall be registered as the holder</p>	<p>As to enforcing lien by sale.</p>

	of the shares comprised in any such transfer. Upon any such sale as the Certificates in respect of the shares sold shall stand cancelled and become null and void and of no effect, and the Directors shall be entitled to issue a new Certificate or Certificates in lieu thereof to the purchaser or purchasers concerned.	
30.	The net proceeds of any such sale shall be received by the Company and applied in or towards payment of such part of the amount in respect of which the lien exists as is presently payable and the residue, if any, shall (subject to lien for sums not presently payable as existed upon the shares before the sale) be paid to the person entitled to the shares at the date of the sale.	Application of proceeds of sale.
	FORFEITURE AND SURRENDER OF SHARES	
31.	If any Member fails to pay the whole or any part of any call or installment or any moneys due in respect of any shares either by way of principal or interest on or before the day appointed for the payment of the same, the Directors may, at any time thereafter, during such time as the call or installment or any part thereof or other moneys as aforesaid remains unpaid or a judgment or decree in respect thereof remains unsatisfied in whole or in part, serve a notice on such Member or on the person (if any) entitled to the shares by transmission, requiring him to pay such call or installment of such part thereof or other moneys as remain unpaid together with any interest that may have accrued and all reasonable expenses (legal or otherwise) that may have been accrued by the Company by reason of such non-payment. Provided that no such shares shall be forfeited if any moneys shall remain unpaid in respect of any call or installment or any part thereof as aforesaid by reason of the delay occasioned in payment due to the necessity of complying with the provisions contained in the relevant exchange control laws or other applicable laws of India, for the time being in force.	If call or installment not paid, notice maybe given.
32.	The notice shall name a day (not being less than fourteen days from the date of notice) and a place or places on and at which such call or installment and such interest thereon as the Directors shall determine from the day on which such call or installment ought to have been paid and expenses as aforesaid are to be paid. The notice shall also state that, in the event of the non-payment at or before the time and at the place or places appointed, the shares in respect of which the call was made or installment is payable will be liable to be forfeited.	Terms of notice.
33.	If the requirements of any such notice as aforesaid shall not be complied with, every or any share in respect of which such notice has been given, may at any time thereafter but before payment of all calls or installments, interest and expenses, due in respect thereof, be forfeited by resolution of the Board to that effect. Such forfeiture shall include all dividends declared or any other moneys payable in respect of the forfeited share and not actually paid before the forfeiture.	On default of payment, shares to be forfeited.
34.	When any shares have been forfeited, notice of the forfeiture shall be given to the member in whose name it stood immediately prior to the forfeiture, and an entry of the forfeiture, with the date thereof shall forthwith be made in the Register of Members.	Notice of forfeiture to a Member
35.	Any shares so forfeited, shall be deemed to be the property of the Company and may be sold, re-allotted, or otherwise disposed of, either to the original holder thereof or to any other person, upon such terms and in such manner as the Board in their absolute discretion shall think fit.	Forfeited shares to be property of the Company and may be sold etc.

36.	Any Member whose shares have been forfeited shall notwithstanding the forfeiture, be liable to pay and shall forthwith pay to the Company, on demand all calls, installments, interest and expenses owing upon or in respect of such shares at the time of the forfeiture, together with interest thereon from the time of the forfeiture until payment, at such rate as the Board may determine and the Board may enforce the payment of the whole or a portion thereof as if it were a new call made at the date of the forfeiture, but shall not be under any obligation to do so.	Members still liable to pay money owing at time of forfeiture and interest.
37.	The forfeiture shares shall involve extinction at the time of the forfeiture, of all interest in all claims and demand against the Company, in respect of the share and all other rights incidental to the share, except only such of those rights as by these Articles are expressly saved.	Effect of forfeiture.
38.	A declaration in writing that the declarant is a Director or Secretary of the Company and that shares in the Company have been duly forfeited in accordance with these articles on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the shares.	Evidence of Forfeiture.
39.	The Company may receive the consideration, if any, given for the share on any sale, re-allotment or other disposition thereof and the person to whom such share is sold, re-allotted or disposed of may be registered as the holder of the share and he shall not be bound to see to the application of the consideration: if any, nor shall his title to the share be affected by any irregularly or invalidity in the proceedings in reference to the forfeiture, sale, re-allotment or other disposal of the shares.	Title of purchaser and allottee of Forfeited shares.
40.	Upon any sale, re-allotment or other disposal under the provisions of the preceding Article, the certificate or certificates originally issued in respect of the relative shares shall (unless the same shall on demand by the Company have been previously surrendered to it by the defaulting member) stand cancelled and become null and void and of no effect, and the Directors shall be entitled to issue a duplicate certificate or certificates in respect of the said shares to the person or persons entitled thereto.	Cancellation of share certificate in respect of forfeited shares.
41.	In the meantime and until any share so forfeited shall be sold, re-allotted, or otherwise dealt with as aforesaid, the forfeiture thereof may, at the discretion and by a resolution of the Directors, be remitted as a matter of grace and favour, and not as was owing thereon to the Company at the time of forfeiture being declared with interest for the same unto the time of the actual payment thereof if the Directors shall think fit to receive the same, or on any other terms which the Director may deem reasonable.	Forfeiture may be remitted.
42.	Upon any sale after forfeiture or for enforcing a lien in purported exercise of the powers hereinbefore given, the Board may appoint some person to execute an instrument of transfer of the Shares sold and cause the purchaser's name to be entered in the Register of Members in respect of the Shares sold, and the purchasers shall not be bound to see to the regularity of the proceedings or to the application of the purchase money, and after his name has been entered in the Register of Members in respect of such Shares, the validity of the sale shall not be impeached by any person and the remedy of any person aggrieved by the sale shall be in damages only and against the Company exclusively.	Validity of sale
43.	The Directors may, subject to the provisions of the Act, accept a surrender of any share from or by any Member desirous of surrendering on such terms the Directors may think fit.	Surrender of shares.

TRANSFER AND TRANSMISSION OF SHARES		
44.	<p>The instrument of transfer of any share in or debenture of the Company shall be executed by or on behalf of both the transferor and transferee.</p> <p>The transferor shall be deemed to remain a holder of the share or debenture until the name of the transferee is entered in the Register of Members or Register of Debenture holders in respect thereof.</p>	Execution of the instrument of shares.
45.	<p>The instrument of transfer of any share or debenture shall be in writing and all the provisions of Section 56 and statutory modification thereof including other applicable provisions of the Act shall be duly complied with in respect of all transfers of shares or debenture and registration thereof.</p> <p>The instrument of transfer shall be in a common form approved by the Exchange;</p>	Transfer Form.
46.	<p>The Company shall not register a transfer in the Company other than the transfer between persons both of whose names are entered as holders of beneficial interest in the records of a depository, unless a proper instrument of transfer duly stamped and executed by or on behalf of the transferor and by or on behalf of the transferee and specifying the name, address and occupation if any, of the transferee, has been delivered to the Company along with the certificate relating to the shares or if no such share certificate is in existence along with the letter of allotment of the shares: Provided that where, on an application in writing made to the Company by the transferee and bearing the stamp, required for an instrument of transfer, it is proved to the satisfaction of the Board of Directors that the instrument of transfer signed by or on behalf of the transferor and by or on behalf of the transferee has been lost, the Company may register the transfer on such terms as to indemnity as the Board may think fit, provided further that nothing in this Article shall prejudice any power of the Company to register as shareholder any person to whom the right to any shares in the Company has been transmitted by operation of law.</p>	Transfer not to be registered except on production of instrument of transfer.
47.	<p>Subject to the provisions of Section 58 of the Act and Section 22A of the Securities Contracts (Regulation) Act, 1956, the Directors may, decline to register—</p> <p>) any transfer of shares on which the company has a lien.</p> <p>That registration of transfer shall however not be refused on the ground of the transferor being either alone or jointly with any other person or persons indebted to the Company on any account whatsoever;</p>	Directors may refuse to register transfer.
48.	<p>If the Company refuses to register the transfer of any share or transmission of any right therein, the Company shall within one month from the date on which the instrument of transfer or intimation of transmission was lodged with the Company, send notice of refusal to the transferee and transferor or to the person giving intimation of the transmission, as the case may be, and there upon the provisions of Section 56 of the Act or any statutory modification thereof for the time being in force shall apply.</p>	Notice of refusal to be given to transferor and transferee.
