Use of Financial Data

Our Company’s financial year commences on April 1 of the immediately preceding calendar year and ends on March 31 of that particular calendar year and accordingly, all references to a particular financial year or fiscal are to the 12-month period commencing on April 1 of the immediately preceding calendar year and ending on March 31 of that particular calendar year. Unless the context requires otherwise, all references to a year in this Prospectus are to a calendar year and references to a Fiscal/Fiscal Year/Financial Year are to the year ended on March 31, of that calendar year. Certain other financial information pertaining to our Group Companies are derived from their respective audited financial statements.

Unless stated otherwise, the financial information, financial ratios and any percentage amounts in the Prospectus is derived from restated financial statements prepared for the period ended December 31, 2023 and for the year ended on March 31, 2023, 2022 and 2021 in accordance with Indian GAAP, the Companies Act, SEBI (ICDR) Regulations and the guidance note on reports in company prospectuses (revised 2019) issued by the Institute of Chartered Accountants of India, as amended from time to time.

There are significant differences between Indian GAAP, the International Financial Reporting Standards (“IFRS”) and the Generally Accepted Accounting Principles in the United States of America (“U.S. GAAP”). Accordingly, the degree to which the Indian GAAP financial statements included in this Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting practice and Indian GAAP. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Prospectus should accordingly be limited. We have not attempted to explain those differences or quantify their impact on the financial data included herein, and we urge you to consult your own advisors regarding such differences and their impact on our financial data. Any reliance by persons not familiar with Indian accounting policies and practices on the financial disclosures presented in this Prospectus should, accordingly, be limited.

For additional definitions used in this Prospectus, please refer to the section titled “*Definitions and Abbreviations*” beginning from page no. 1 of this Prospectus. In the chapter titled “*Description of Equity Shares and Terms of the Articles of Association*”, beginning from page no. 253 of the Prospectus defined terms have the meaning given to such terms in the Articles of Association of our Company.

In this Prospectus, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off. All figures in decimals have been rounded off to the second decimal and all percentage figures have been rounded off to two decimal places. In certain instances, (i) the sum or percentage change of such numbers may not conform exactly to the total figure given; and (ii) the sum of the numbers in a column or row in certain tables may not conform exactly to the total figure given for that column or row.

Currency and Units of Presentation

All references to:

- “Rupees” or “INR” or “Rs.” Or “₹” are to Indian Rupee, the official currency of the Republic of India; and
- “USD” or “US\$” are to United States Dollar, the official currency of the United States.

Our Company has presented certain numerical information in this Prospectus in “Lakhs” units. One Lakh represents 1,00,000. In this Prospectus, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off. All figures derived from our Financial Statements in decimals have been rounded off to the second decimal and all percentage figures have been rounded off to two decimal place.

Currency and Units of Presentation

This Prospectus contains conversions of certain other currency amounts into Indian Rupees that have been presented solely to comply with the SEBI ICDR Regulations. These conversions should not be construed as a representation that these currency amounts could have been, or can be converted into Indian Rupees, at any particular rate or at all.

The following table sets forth, for the periods indicated, information with respect to the exchange rate between the Indian Rupee and other foreign currencies:

Currency*	For the period/year ended			
	December 31, 2023	March 31, 2023	March 31, 2022	March 31, 2021
1 USD	83.12	82.22	75.81	73.50

Note: Exchange rate is rounded off to two decimal point

Use of Industry & Market Data

Unless stated otherwise, industry and market data and forecast used throughout the Prospectus was obtained from internal Company reports, data, websites, Industry publications report as well as Government Publications. Industry publication data and website data generally state that the information contained therein has been obtained from sources believed to be reliable, but that their accuracy and completeness and underlying assumptions are not guaranteed and their reliability cannot be assured.

Although, we believe industry and market data used in the Prospectus is reliable, it has not been independently verified by us or the BRLM or any of their affiliates or advisors. Similarly, internal Company reports and data, while believed by us to be reliable, have not been verified by any independent source. There are no standard data gathering methodologies in the industry in which we conduct our business, methodologies, and assumptions may vary widely among different market and industry sources.

The extent to which industry and market data set forth in this Prospectus is meaningful depends on the reader's familiarity with and understanding of the methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which we conduct our business, and methodologies and assumptions may vary widely among different industry sources. The data used in these sources may have been reclassified by us for the purposes of presentation. Accordingly, no investment decision should be made solely on the basis of such information. Such data involves risks, uncertainties and numerous assumptions and is subject to change based on various factors, including those disclosed in section titled "Risk Factors" beginning from page no. 27.

In accordance with the SEBI (ICDR) Regulations, the chapter titled "Basis for Issue Price" beginning from page no. 86 of the Prospectus includes information relating to our peer group companies. Such information has been derived from publicly available sources, and neither we, nor the BRLM, have independently verified such information.

FORWARD – LOOKING STATEMENTS

All statements contained in this Prospectus that are not statements of historical fact constitute forward-looking statements. All statements regarding our expected financial condition and results of operations, business, plans and prospects are forward-looking statements. These forward-looking statements include statements with respect to our business strategy, our revenue and profitability, our projects and other matters discussed in this Prospectus regarding matters that are not historical facts. We have included statements in the Prospectus which contain words or phrases such as “will”, “aim”, “is likely to result”, “believe”, “expect”, “will continue”, “anticipate”, “estimate”, “intend”, “plan”, “contemplate”, “seek to”, “future”, “objective”, “goal”, “project”, “should”, “will pursue” and similar expressions or variations of such expressions, that are “forward-looking statements”. Also, statements which describe our strategies, objectives, plans or goals are also forward-looking statements. However, these are not the exclusive means of identifying forward-looking statements.

All forward looking statements are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. Forward-looking statements reflect our current views with respect to future events and are not a guarantee of future performance. These statements are based on our management’s beliefs and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect. Important factors that could cause actual results to differ materially from our expectations include but are not limited to:

- Our ability to successfully implement our growth strategy and expansion plans;
- Our ability to attract, retain and manage qualified personnel;
- General economic and business conditions in the markets in which we operate and in the local, regional, national and international economies;
- Our ability to expand our geographical area of operation
- Failure to adapt to the changing technology in our industry of operation may adversely affect our business and financial condition
- Competition from existing and new entities may adversely affect our revenues and profitability;
- Political instability or changes in the Government could adversely affect economic conditions in India and consequently our business may get affected to some extent.
- Our business and financial performance is particularly based on market demand and supply of our products/services;
- The performance of our business may be adversely affected by changes in, or regulatory policies of, the Indian national, state and local Governments;
- Any downgrading of India’s debt rating by a domestic or international rating agency could have a negative impact on our business and investment returns;
- Changes in Government Policies and political situation in India may have an adverse impact on the business and operations of our Company;
- The occurrence of natural or man-made disasters could adversely affect our results of operations and financial condition.

For further discussion of factors that could cause our actual results to differ, please refer to the section titled “*Risk Factors*”; “*Business Overview*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” beginning from page no. 27, 110 and 178 respectively of the Prospectus. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated.

There can be no assurance to investors that the expectations reflected in these forward-looking statements will prove to be correct. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements to be a guarantee of our future performance.

Neither our Company, our Directors, our Officers, Book Running Lead Manager and Underwriter nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with SEBI requirements, our Company, and the Book Running Lead Manager will ensure that investors in India are informed of material developments until such time as the grant of listing and trading permission by the Stock Exchange for the Equity Shares allotted pursuant to this Issue.

SECTION III - RISK FACTOR

Any investment in equity securities involves a high degree of risk. Investor should carefully consider all the information in this Prospectus, including the risks and uncertainties described below, before making an investment in our Equity Shares. To obtain a more complete understanding, you should read this section together with Chapters titled, “Business Overview”, “The Issue”, “Industry Overview”, “Restated Financial Information”, “Outstanding Litigation and Other Material Developments”, and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” beginning on page no. 110, 49, 98, 175, 195 and 178 respectively, as well as the other financial and statistical information contained in this Prospectus.

Any of the following risks, as well as the other risks and uncertainties discussed in this Prospectus, could have an adverse effect on our business, financial condition, results of operations and prospects and could cause the trading price of our Equity Shares to decline, which could result in the loss of all or a part of your investment. The risks and uncertainties described in this section are not the only risks that we may face. Additional risks and uncertainties not known to us or that we currently believe to be immaterial may also have an adverse effect on our business, results of operations, financial conditions and Prospectus.

This Prospectus contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements because of certain factors, including the considerations described below and elsewhere in this Prospectus.

The financial and other related implications of the risks concerned, wherever quantifiable, have been disclosed in the risk factors mentioned below. However, there are certain risk factors where the effect is not quantifiable and hence has not been disclosed in such risk factors. You should not invest in this Issuing unless you are prepared to accept the risk of losing all or part of your investment, and you should consult your tax, financial and legal advisors about the consequences to you of an investment in the Equity Shares.

The financial information in this section is, unless otherwise stated, derived from our Restated Financial Statements prepared in accordance with Indian GAAP, as per the requirements of the Companies Act, 2013, and SEBI (ICDR) Regulations.

The Risk factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality.

1. Some risks may not be material individually but may be material when considered collectively.
2. Some risks may have material impact qualitatively instead of quantitatively.
3. Some risks may not be material at present but may have a material impact in the future.

INTERNAL RISK FACTORS:

1. **We have certain outstanding litigation against us, an adverse outcome of which may adversely affect our business, reputation and results of operations.**

A summary of outstanding matters set out below includes details of tax proceedings, statutory and regulatory actions involving us, our Directors, Promoters and Group Companies, as at the date of this Prospectus:

Nature of Proceedings	Number of cases	Amount involved (₹ in lakhs)
Of the Company		
(Income Tax)	1	0.17
(e-proceedings)	4	amount unascertainable
(TDS)	1	2.15
(GST)	1	7.34
Of the Group Entity	Nil	Nil
Of the Promoters and Directors		
1. Ramesh Jivabhai Pindariya (e-proceedings)	3	amount unascertainable
2. Kishor Jivabhai Pindariya (e-proceedings)	4	amount unascertainable

The amounts claimed in these proceedings have been disclosed to the extent. If any new developments arise, such as a change in Indian law or rulings against us by appellate courts or tribunals, we may need to make provisions in our financial statements that could increase our expenses and current liabilities.

We cannot assure you that any of the outstanding litigation matters will be settled in our favour or that no additional liabilities will arise out of these proceedings. In addition to the above, we could also be adversely affected by

complaints, claims or legal actions brought by persons, including before consumer forums or sector-specific or other regulatory authorities in the ordinary course of business or otherwise, in relation to our business operations, our intellectual property, our branding or marketing efforts or campaigns or our policies. We may also be subject to legal action by our employees and/or former employees in relation to alleged grievances, such as termination of employment. We cannot assure you that such complaints, claims or requests for information will not result in investigations, enquiries or legal actions by any regulatory authority or third persons against us.

For further details of certain material legal proceedings involving our Company, our Promoters, our directors, see “*Outstanding Litigations and Material Developments*” beginning on page 195 of this Prospectus.

2. Our registered office from where we operate is not owned by us.

We cannot assure you that we will be able to continue the above arrangement on commercially acceptable / favorable terms in future. The details of the registered office including the tenure and rent is mentioned below:

Sr. No.	Address of Property	Area	Name of Lessor	Lease Rent (In ₹)	Use of the Property	Period of Lease
1	Shop No. 301, Madhav Commercial Complex, Near Crystal Mall, Khodiyar Colony, Jamnagar, Gujarat, India 361006	164.34 Sq. Meters.	Shri Govindbhai Savdasbhai Kothiya, Jamnagar	₹ 5,000 per month	Registered Office	11 Months and 29 Days from February 20, 2024

If we are required to vacate the current premises, we would be required to make alternative arrangements for new office and other infrastructure, and we cannot assure that the new arrangements will be on commercially acceptable/favorable terms. If we are required to relocate our business operations during this period, we may suffer a disruption in our operations or have to pay higher charges, which could have an adverse effect on our business, prospects, results of operations and financial condition.

3. We have experienced negative cash flows from operations in the recent past, and we may have negative cash flows in the future.

The detailed break up of cash flows based on Restated Financial Statements is summarized in below table and our Company has reported negative cash flow from operating activity in the financial years is as mentioned below, which could affect our business and growth:

(₹ in Lakhs)

Particulars	For the period/year ended as on			
	March 31, 2021	March 31, 2022	March 31, 2023	December 31, 2023
Net cash generated from/(used in) operating activities	(163.81)	(36.09)	(93.14)	634.39

Cash flows of a company are a key indicator to show the extent of cash generated from the operations of a company to meet capital expenditure, pay dividends, repay loans and make new investments without raising finance from external resources. If we are not able to generate sufficient cash flows, it may adversely affect our business and financial operations.

4. Our failure to perform in accordance with the standards prescribed in work order of our client could result in loss of business or compensation payment.

We received work orders from our clients. The majority of these work orders may require us to comply with the code of conduct and rules and regulations prescribed by our clients, which may increase our compliance costs. We may be unable to effectively address service constraints or accurately predict service requirements, as a result of which our clients may experience service shortfalls. Further any disruptions to our businesses as a result of actions outside of our control, could significantly impact the continued performance of our obligations to meet the quality or performance standards set out in our client contracts which may in-turn harm and cause clients to terminate their contracts with us, impair our ability to obtain renewal of our contracts from existing clients and impair our ability to grow our client base, any of which could affect our business, financial condition and results of operations. In the event that we are unable to meet the prescribed obligations, we may also be required to pay compensation to our clients on the terms set out in our contracts. In certain instances, we may also be required to bear consequential liability. Certain work order may also require us to provide indemnities to our clients with respect of any negligent act or omission by or misconduct of our employees. In the event there is an increase in claims against us for which we are not insured, our business,

financial condition and results of operations may be affected. While no such instances have been occurred in past, we cannot assure you that such instances will not occur in future resulting into loss of business or compensation payment.

5. ***We are dependent on our Promoters, our senior management and other key personnel, and the loss of, or our inability to attract or retain, such persons could affect our business, results of operations, financial condition and cash flows.***

Our performance depends largely on the efforts and abilities of our promoters, senior management and other key personnel. They have gained experience in this line of business and have over the years built relations with our customers and other persons who are connected with us and have been actively involved in the day to day operations and management, further we believe that the inputs and experience of our senior management, in particular, and other key personnel are valuable for project development and procurement activities, and our overall business operations and the strategic directions taken by our Company. For details in relation to the experience of our key management personnel, see “*Our Management*” on page 152 of this Prospectus. We cannot assure you that these individuals or any other member of our senior management team will not leave us or join a competitor or that we will be able to retain such personnel or find adequate replacements in a timely manner, or at all. We may also be required to increase our levels of employee compensation more rapidly than in the past to remain competitive in attracting employees that our business requires. The loss of the services of such persons may have an effect on our business, results of operations, financial condition and cash flows.

6. ***We derive majority of our revenue from Engineering & Consulting Work and any reduction in the demand of such services could have an adverse effect on our business, results of operations and financial conditions.***

Our Company derives revenue of ₹ 1,561.47 lakhs in FY 2020-21, ₹ 4,685.96 lakhs in FY 2021-22, ₹ 5,489.83 lakhs in FY 2022-23 and ₹ 3,493.73 lakhs in period ended December 31, 2023 from Engineering & Consulting Work segment which is constituting 70.45% in FY 2020-21, 77.20% in FY 2021-22, 83.96% in FY 2022-23 and 67.25% in period ended December 31, 2023. Any reduction in the demand of such services could have an adverse effect on our business, results of operations and financial condition.

7. ***Our business is operating under various laws which require us to obtain approvals from the concerned statutory/regulatory authorities in the ordinary course of business and our inability to obtain, maintain or renew requisite statutory and regulatory permits and approvals for our business operations could materially and adversely affect our business, prospects, results of operations and financial condition.***

Our business requires us to obtain and renew from time to time certain approvals, licenses, registrations and permits, some of which we have not obtained or they have expired and for which we have either made or are in the process of making an application for obtaining the approval or its renewal. Further, the approvals, licenses, registrations and permissions under various regulations, guidelines, circulars and statutes regulated by various authorities may contain conditions, some of which could be onerous. There can be no assurance that the relevant authorities will issue these approvals or licenses in a timely manner, or at all. In the event of any unanticipated delay in receipt of such approvals, it will have an adverse impact on our business operations.

Failure by us to renew, maintain or obtain the required permits or approvals at the requisite time may result in the interruption of our operations and may have an adverse effect on our business, financial condition and results of operations. Further, we cannot assure that the approvals, licenses, registrations and permits issued to us would not be suspended or revoked in the event of non-compliance or alleged non-compliance with any terms or conditions thereof, or pursuant to any regulatory action. Any failure to renew the approvals that have expired or apply for and obtain the required approvals, licenses, registrations or permits, or any suspension or revocation of any of the approvals, licenses, registrations and permits that have been or may be issued to us, may impede our operations. For further details, see “*Government Approvals*” on page 198 of this Prospectus. In the event that we are unable to obtain such approvals in a timely manner or at all, our business operations may be adversely affected. We may be involved in any environmental legal proceedings in the course of our business due to non-compliances with terms and conditions of regulatory approvals or authorizations.

8. ***We could be harmed by employee misconduct or errors that are difficult to detect and any such incidences could adversely affect our financial condition, results of operations and reputation.***

Employee misconduct or errors could expose us to business risks or losses, including regulatory sanctions and cause serious harm to our reputation. There can be no assurance that we will be able to detect or deter such misconduct. Moreover, the precautions we take to prevent and detect such activity may not be effective in all cases. Our employees may also commit errors that could subject us to claims and proceedings for alleged negligence, as well as regulatory actions on account of which our business, financial condition, results of operations and goodwill could be adversely affected. While no such instances have been occurred in past, we cannot assure you that such instances will not occur in future, adversely affecting our financial condition, results of operations and reputation.

9. *We are dependent on the performance of industries in which our customers operate, particularly Renewable Energy (RE) industry especially power generated by our customers through wind mills, and fluctuations in the performance of such RE industries may result in a loss of such customers, a decrease in the volume of work we undertake or the price at which we offer our services.*

We are dependent on the performance of our majority customers operating in certain industries, particularly Renewable Energy (RE) Industry especially power generated by our customers through wind mills.

Our customers' businesses rely heavily on the performance of power generated by our customers through wind mills. However, these industries are susceptible to various external factors beyond our influence. These include fluctuations in general economic conditions such as lack of good governance, renewable energy adaptation, governmental favourable policy framework and the related fiscal and financial incentives available thereunder. Any significant loss of business, particularly from key customers within the RE industry, could have a material and adverse effect on our business, financial results, cash flows, and overall financial health.

Changes in the performance of our customers' industries may lead to the loss of these customers, a reduction in the volume of work we handle, or a decrease in the prices at which we provide our services. Though, our company may diversify its reliance on certain types of industries through acquisition of new customers, such fluctuations could have a significant and adverse impact on our business, financial results, cash flows, and overall financial position.

10. *Our business is entirely concentrated in, and dependent on, the Renewable Energy (RE) sector, which in general has many challenges and effective addressing of these risks are key to the growth of the sector. If risks in the RE sector generally are not managed effectively, our business and operations will be adversely affected.*

Our business is concentrated in, and wholly dependent on Renewable Energy (RE) sector. The viability of the RE sector is linked to a favourable policy framework and the related fiscal and financial incentives available thereunder. Reduction or withdrawal of these benefits may impact the sector adversely. In addition, issues relating to land acquisition, grid evacuation infrastructure, open access permission, grid management problem arising from the variable and intermittent nature of solar, wind and hydro power, tariff related uncertainties, prolonged project commissioning periods on account of delay in approvals from the state governments, large capital outlay, delay in payment to generators by Distribution Companies, policy changes can affect project viability during the implementation/operational stages, and in turn will also adversely affect our business and operations. While we leverage our experience in the RE sectors in entering new and emerging markets, there can be no assurance that we will be always successful. In addition, adverse circumstances affecting the RE sector, which could have an additional impact on our business, financial condition and results of operations

11. *The Company is dependent on a few suppliers for purchases of product. The loss of any of these large suppliers may affect our business operations.*

Our top ten suppliers contribute 56.07%, 57.41%, 65.96% and 74.60% of our total purchase for the period ended on December 31, 2023 and for the financial year ended on March 31, 2023, 2022 and 2021, respectively based on restated financial statement. We cannot assure that we will be able to get the same quantum and quality of supplies, or any supplies at all, and the loss of supplies from one or more of them may adversely affect our purchases of stock and ultimately our revenue and results of operations. However, the composition and amount of purchase from these suppliers might change as we continue seeking new suppliers for our product for better quality and price in the normal course of business. Though we believe that we will not face substantial challenges in maintaining our business relationship with them or finding new suppliers, there can be no assurance that we will be able to maintain long term relationships with such suppliers or find new suppliers in time. The details of contribution of top suppliers in purchase of total purchase is given below:

Particulars	Winsol Engineers Limited			
	For the Period/ Year ended on			
	March 31,2021	March 31,2022	March 31,2023	December 31,2023
Contribution to purchases of top 1 / 3 / 5 / 10 Suppliers				
Top 1 Suppliers (%)	17.58%	11.40%	8.49%	9.65%
Top 3 Suppliers (%)	38.62%	32.34%	22.03%	28.35%
Top 5 Suppliers (%)	53.44%	45.08%	34.67%	39.33%
Top 10 Suppliers (%)	74.60%	65.96%	57.41%	56.07%

12. The Company is dependent on few numbers of customers for sales. The loss of any of this large customer may affect our revenues and profitability.

Our top ten customers contribute 97.96%, 98.30%, 97.75% and 94.11% of our total revenue for the period ended on December 31, 2023 and for the financial year ended on March 31, 2023, 2022 and 2021, respectively. Our Company provides BoP (Balance of Plant) Solutions for both Wind and Solar power generation companies and also provides Operation and Maintenance services for Plant handling and monitoring. Our business operations are highly dependent on our customers and the loss of any of our customers may adversely affect our sales and consequently on our business and results of operations. The table set forth below states contribution of Top 1/3/5/10 customers in our total revenue from operations:

Particulars	Winsol Engineers Limited			
	For the Period/ Year ended on			
	March 31,2021	March 31,2022	March 31,2023	December 31,2023
Contribution to revenue from operations of top 1 / 3 / 5 / 10 customers				
Top 1 Customers (%)	36.15%	28.97%	30.82%	57.94%
Top 3 Customers (%)	72.25%	73.59%	70.11%	80.21%
Top 5 Customers (%)	81.62%	90.91%	90.08%	91.47%
Top 10 Customers (%)	94.11%	97.75%	98.30%	97.96%

The loss of one or more of these significant or key customers or a reduction in the amount of business we obtain from them could have an adverse effect on our business, results of operations, financial condition and cash flows. We cannot assure you that we will be able to maintain historic levels of business and/or negotiate and execute long term contracts on terms that are commercially viable with our significant customers or that we will be able to significantly reduce customer concentration in the future. Any decline in our quality standards, growing competition and any change in demand may adversely affect our ability to retain them. We cannot assure you that we shall generate the same quantum of business, or any business at all, and the loss of business from one or more of them may adversely affect our revenues and results of operations.

However, the composition and revenue generated from these customers might change, as we continue to add new customers in the normal course of business. Though we believe that we will not face substantial challenges in maintaining our business relationship with them or finding new customers, there can be no assurance that we will be able to maintain long term relationships with such customers or find new customers in time.

13. Majority of our revenues are generated from state of Gujarat. Any adverse development affecting our operations in this region could have an adverse impact on our business, financial condition and results of operations

We derive majority of our revenue from State of Gujarat. Such geographical concentration of our business in this region heightens our exposure to adverse developments related to competition, as well as economic and demographic changes in this region which may adversely affect our business prospects, financial conditions and results of operations. We may not be able to leverage our experience in these regions to expand our operations in other parts of India. Details of the revenue derived from State of Gujarat is mentioned below:

Particulars	For the Period/ Year ended on			
	March 31,2021	March 31,2022	March 31,2023	December 31,2023
Revenue from operation from State of Gujarat (In ₹ Lakhs)	1,830.34	3,851.14	4,328.21	4,670.32
Total Revenue from Operations (In ₹ Lakhs)	2,216.35	6,070.19	6,538.66	5,195.23
% of Total Revenue from Operations	82.58	63.44	66.19	89.90

The concentration of our business in Gujarat subjects us to various risks, including but not limited to:

- Regional slowdown in construction activities in Gujarat;
- vulnerability to change of policies, laws and regulations or the political and economic environment of Gujarat;
- constraint on our ability to diversify across states; and
- perception by our potential clients that we are a regional construction company, which may hamper us from competing for large and complex work orders at the national level.

14. We have experienced significant working capital requirements in past and may continue to experience in future also. If we experience insufficient cash flows from our operations or are unable to borrow to meet our working capital requirements, it may materially and adversely affect our business, cash flows and results of operations.

Our business is working capital intensive. The successful operation of our business heavily relies on significant working capital, which is essential for various aspects, including financing project operations, inventory management, and the purchase of raw materials and may continue to so in future also. However, changes in credit terms and payment delays can adversely impact on our working capital, resulting in lower cash flows and increased funding requirements. Inadequate financing of our working capital needs may arise due to several factors, such as delays in disbursements under financing arrangements, higher interest rates, increased insurance costs, or borrowing and lending restrictions. Such circumstances could have a material adverse effect on our overall business, financial condition, and prospects.

Our present work orders often necessitate completion of civil work or construction work in short term. Failure to procure quality raw material due to working capital requirement may result into loss of client or difficult in renewal of project or limit our ability to enter into new contracts, potentially restricting our operations.

Furthermore, our working capital requirements may escalate if certain contracts lack advance payment terms or contain payment schedules that shift payments towards project completion, thereby imposing additional financial burdens. Another aspect influencing our working capital is the retention money withheld by clients, which is typically released after product testing or supply completion. Delays in receiving progress payments, release of retention money, or obtaining guarantees in the form of letters of credit from clients can significantly impact our working capital needs.

The combination of these factors places a substantial demand on our working capital, making its management and optimization a critical aspect of our business strategy. As such, we continually strive to enhance our financial management practices to effectively address working capital challenges. By closely monitoring credit terms, payment schedules, and contract agreements, we aim to mitigate risks associated with fluctuations in working capital requirements. Additionally, prudent financial planning, exploring diverse financing options and maintaining strong relationships with financial institutions are key factors in managing our working capital efficiently. Despite our proactive measures, there can be no assurance that working capital fluctuations will not impact on our business operations or financial performance. Our working capital requirement is mentioned below:

- 15. *We may be unable to identify or acquire new projects and our bids for new projects may not always be successful, which may stunt our business growth. Further, any delay in the commencement or cancellation of the projects awarded to us may adversely affect our business, prospects, reputation, profitability, financial condition and results of operation.***

Our Company provides BoP (Balance of Plant) Solutions for both Wind and Solar power generation companies and also provides Operation and Maintenance services for Plant handling and monitoring. We bid for projects on an ongoing basis. Projects are typically awarded to us following a competitive bidding process and satisfaction of prescribed pre-qualification criteria. While service quality, health and safety records and personnel, as well as reputation and experience and sufficiency of financial resources are important considerations in final bid decisions, there can be no assurance that we would be able to meet such financial and technical qualification criteria. Further, once the prospective bidders satisfy the pre-qualification requirements of the tender, the project is usually awarded on the basis of price competitiveness of the bid. We generally incur significant costs in the preparation and submission of bids, which are one-time non-reimbursable costs. We cannot assure you that we would bid where we have been pre-qualified to submit a bid or that our bids, when submitted or if already submitted, would be accepted. Our revenues are derived primarily from contracts awarded to us on a project-by-project basis, and a significant number of projects are undertaken on a non-recurring basis.

The absence of new contracts through bids would result in a substantial reduction in our revenue streams, leading to a decline in our financial performance. This could significantly impact our profitability, cash flow, and overall liquidity. Without the inflow of new projects, we may face challenges in meeting our financial obligations and sustaining our operations.

Furthermore, the failure to secure new contracts through bids may hinder our ability to expand our business and capitalize on growth opportunities. It could impede our capacity to invest in infrastructure, acquire necessary assets, and explore new markets. This lack of growth and diversification may limit our competitive advantage and hinder our ability to adapt to changing market dynamics. Also, the tender processes we engage in are subject to potential changes in qualification criteria, unforeseen delays, and uncertainties. There is no guarantee that the projects we intend to bid for will be tendered within a reasonable timeframe or even at all. If the announced projects we plan to bid on are not tendered within the expected timeframe or if the qualification criteria are modified in a way that prevents us from qualifying, it could have a material and adverse impact on our business, financial condition, cash flows, and operational results. The timing and awarding of new contracts are unpredictable, and our future financial performance and cash flows may vary significantly depending on contract awards.

Given the nature of our business, the inability to obtain new contracts through bids presents a substantial risk to our financial condition. It may result in financial instability, reduced growth prospects, and limitations in our ability to maintain a strong market position. While we actively participate in bidding processes, there is no guarantee of success in securing new contracts. Accordingly, it is difficult to predict whether and when we will be awarded a new project. If we are unable to identify or acquire new projects matching our expertise or profit expectations or obtain the requisite consents from regulatory authorities or other relevant parties when required or at all, we may be subject to uncertainties in our business. The competitive nature of the industry, regulatory changes, and other external factors can impact the outcome of bidding processes. Therefore, the potential financial repercussions of not securing new contracts through the bidding process may have effect on business, financial conditions and of operations.

- 16. *The construction, operation and maintenance of our transmission systems involves significant risks that may cause injury to people or property and that may lead to significant disruption to our business and consequent decreases in our revenues.***

The construction, operation, and maintenance of our transmission systems expose us to substantial risks that could result in injury to individuals or damage to property. These risks have the potential to cause significant disruptions to our business operations, ultimately leading to decreased revenues.

During the construction phase, various hazards and dangers are inherent, including accidents at construction sites that may lead to injuries to workers or the public. The use of heavy machinery, working at heights, and handling construction materials all carry risks that must be diligently managed to prevent accidents and ensure the safety of everyone involved.

In the operational phase, there are ongoing risks associated with the functioning of the transmission systems. Malfunctions, technical failures, or unforeseen events could result in disruptions to the transmission of power, impacting the smooth functioning of the systems and potentially causing damage to critical infrastructure.

Maintenance activities are also not without risks, as they involve working with electrical equipment and carrying out repairs and inspections in potentially hazardous environments. Failure to conduct adequate maintenance or address issues promptly could lead to operational inefficiencies, safety hazards, and possible revenue losses.

In the event of any major incidents or accidents, there may be legal and regulatory implications, as well as potential financial liabilities. Moreover, such incidents can tarnish our reputation and affect our ability to retain existing customers or attract new ones. We prioritize safety protocols, invest in comprehensive training for our personnel, and continuously monitor and update our infrastructure and operational practices. Despite compliance with requisite safety requirements and standards, due to the nature of the materials and circumstances our employees and contractors work under, we may be liable for certain costs, including costs for health-related claims, or removal or treatment of hazardous substances, including claims and litigation from our current or former employees for injuries arising from occupational exposure to materials or other hazards at our power substations and transmission facilities. This could subject us to significant disruption in our business and to legal and regulatory actions, which could materially adversely affect our business, prospects, financial condition, cash flows and results of operations.

17. *Our revenues from our projects are difficult to predict and are subject to seasonal variations.*

Our business operations may be adversely affected by severe weather, which may require us to evacuate personnel or curtail services, may result in damage to a portion of our fleet of equipment or facilities resulting in the suspension of operations, and may prevent us from delivering materials to our project sites in accordance with contract schedules or generally reduce our productivity. Our operations may also be adversely affected by difficult working conditions and extremely high temperatures during summer months and during the monsoon season, each of which may restrict our ability to carry on engineering activities and fully utilize our resources. These factors may make it difficult for us to prepare accurate internal financial forecasts. In addition, Business of our company is seasonal in monsoon and summer season, efficiency of engineering work reduces during monsoon and summer season. As a result, our revenues and profits may vary significantly during different financial periods, and certain periods are not indicative of our financial position for the year.

18. *Any inaccuracies in estimating project risks, revenues, or costs could have a detrimental impact on our profitability and operational outcomes. The actual costs incurred during project execution may deviate substantially from our initial bid assumptions, creating difficulties in recouping additional expenses. Such discrepancies have the potential to significantly and adversely affect our operational results, cash flows, and overall financial condition.*

Under the work orders we received for our projects, we typically agree to receive a predetermined sum of money from clients, subject to contract variations that cover changes in the project requirements. However, some of our future projects may not include price escalation clauses, leaving us exposed to potential cost variations. As a result, the actual expenses incurred during these projects may significantly differ from the bid assumptions due to various factors. These factors include unanticipated increases in material, fuel, labor, or other input costs, unexpected conditions leading to delays and higher expenses, weather-related disruptions, and non-performance by suppliers.

If we are unable to pass on cost increases to clients due to limited or no price escalation provisions, our profitability may be adversely affected, and we could incur financial losses. Additionally, the inherent risks in the industry may result in lower profits than initially estimated or lead to cost and time overruns, potentially impacting our cash flows, overall business, financial health, and operational results.

The accurate estimation of risks, revenues, and costs for a project is critical to ensure profitability and operational success. Any inaccuracies in these estimates can have detrimental effects on our financial performance. During project execution, actual costs may vary significantly from the initial bid assumptions, making it challenging to recover additional expenses. Such deviations can have a material adverse impact on our operational results, cash flows, and overall financial condition. However, no such instances have occurred in the past, which had material adverse impact on our operational results, cash flows, and overall financial condition.

19. *We may be seriously affected by delays in the collection of receivables from our clients and may not be able to recover adequately on our claims.*

There may be delays in the collection of receivables from our clients or entities owned, controlled or funded by our customers or their related parties. Because of the nature of our contracts, we sometimes commit resources to projects prior to receiving adequate payments from clients in amounts sufficient to cover expenditures as they are incurred. From time to time, it may be difficult for us to collect payments owed to us by these clients. In addition, our clients may request for extension of the payment terms otherwise agreed to under respective contracts.

As of December 31, 2023, total trade receivables ₹ 1,834.90 Lakhs were outstanding against revenue from operations of ₹ 5,195.23 Lakhs. We may claim for more payments from our clients for additional work and costs incurred in excess of the contract price or amounts not included in the contract price. These claims typically arise from changes in the initial scope of work or from delays caused by the clients. The costs associated with these changes or client

caused delays include additional direct costs, such as labour and material costs associated with the performance of the additional work, as well as indirect costs that may arise due to delays in the completion of the project, such as increased labour costs resulting from changes in labour markets. The amount of total trade receivables as compared to revenue from operation is provided below:

Particulars	For the Period/ Year ended on			
	March 31,2021	March 31,2022	March 31,2023	December 31,2023
Trade Receivables (In ₹ Lakhs)	839.59	1,676.47	2,227.94	1,834.90
Revenue from Operations (In ₹ Lakhs)	2,216.35	6,070.19	6,538.66	5,195.23
% of Total Revenue	37.88%	27.62%	34.07%	35.32%
Holding Period for Trade Receivables (In Months)	4.55	3.31	4.09	3.18

We may not always have the protection of escalation clauses in our projects or supplemental agreement in respect of the additional work to support our claims. Where we have escalation clauses in our agreements, we may seek to enforce our contractual rights. However, our clients may interpret such clauses restrictively and dispute our claims. These claims are thus often subject to lengthy arbitration, litigation or other dispute resolution proceedings. We cannot assure you that we may be able to recover, in part or full, any such present or future claims. Further, our debtors may have insufficient assets to pay the amounts owed to us even if such proceedings are decided in our favour. In addition, we may incur substantial costs in collecting against our debtors and such costs may not be recovered in full or at all from the debtors. As we often need to fulfill significant working capital requirements in our operations, delayed collection of receivables or inadequate recovery on our claims could materially and adversely affect our business, cash flows, financial condition and results of operations.

Further, some of the projects that we are currently undertaking, and propose to undertake in the future, are projects with relatively longer gestation periods, which have inherent risks flowing from uncertainty in the business environment. Changes in the business environment and external economic factors can affect the creditworthiness of our clients. Unfavorable changes may lead to weakening of their creditworthiness which has a negative impact on their paying capacities. This can result in delayed payments made to us. Delays in our payments can adversely affect the cash flow position as well as the revenues or profits of our Company, consequently affecting its business and operations.

20. *If we are unable to service our debt obligations in a timely manner or to comply with various financial and other covenants and other terms and conditions of our financing agreements, it may adversely affect our business, prospects, results of operations and financial condition.*

As of December 31, 2023, our Company had total indebtedness in the form of short term and long-term borrowings of ₹ 845.22 Lakhs. Our indebtedness could have several important consequences, including but not limited to the following:

- A portion of our cash flows may be used towards repayment of our existing debt, which will reduce the availability of our cash flows to fund working capital, capital expenditures and other general corporate requirements;
- Our ability to obtain additional financing in the future at reasonable terms may be restricted;
- Fluctuations in market interest rates may affect the cost of our borrowings, as some of our indebtedness is at variable interest rates;
- There could be a material adverse effect on our business, financial condition and results of operations if we are unable to service our indebtedness or otherwise comply with financial and other covenants specified in the financing agreements; and

Some of our financing agreements also include various conditions and covenants that require us to obtain the consent of the lenders prior to carrying out certain activities or entering into certain transactions. Certain covenants in these agreements require us to obtain approval/permission from our lenders in certain conditions. In the event of default or the breach of certain covenants, our lender has the option to make the entire outstanding amount payable immediately. There can be no assurance that we will be able to comply with these financial or other covenants or that we will be able to obtain consents necessary to take the actions that we believe are required to operate and grow our business. For further details in this regard, please refer to chapter titled “*Business Overview*” beginning on page 110 of this Prospectus.

21. *Our Company does not have any documentary evidence for the education qualifications of our Whole Time Director.*

Our Whole Time Director, Mrs. Amri Ramesh Pindariya is unable to trace documents evidencing their educational qualifications. Due to lack of documents and relevant information from our Directors, we have relied on School leaving

certificate and affidavits signed by the Mrs. Amri Ramesh Pindariya. For details of her educational qualifications in their biography in the chapter titled “*Our Management*” beginning on page no. 152 of this Prospectus.

22. *There are certain discrepancies and non-compliances noticed in some of our financial reporting and/or records relating to filing of returns and deposit of statutory dues with the taxation and other statutory authorities.*

In the past, our company has at several instances, delayed in filing our GST returns, as a result of which, we have been required to pay the late filing fees long with interest on delayed deposit of due taxes and statutory dues. The details of the same has been mentioned below:

GST:

Financial Year	State	Return Type	Number of Instance of delayed filing
2020-21	Gujarat	GSTR-1	5 instances
	Gujarat	GSTR- 3B	4 instances
2021-22	Gujarat	GSTR- 3B	1 instance
2022-23	Gujarat	GSTR- 3B	2 instances

EPF:

Financial year	Total amount of all establishments paid	Total no. of establishments	Establishments with delayed payments
2019-2020	0.13	1	1
2018-2019	0.17	1	1
2017-2018	0.07	1	1
2016-2017	0.01	1	1

Although the late filing fees and interest on late deposits levied are small but if we continue this practice, the accumulated amounts of each delay may adversely affect our cash flows. Further no-show cause notice has been issued against our Company till date, in respect of above. In the event of any cognizance being taken by the concerned authorities in respect of above, actions may be taken against our Company and its directors, in which event the financials of our Company and our directors may be affected.

For further details of certain material legal proceedings involving our Company, our Promoters, our directors, see “*Outstanding Litigations and Material Developments*” beginning on page 195 of this Prospectus.

23. *Non-compliance with increasingly stringent safety, health, environmental and labour laws and other applicable regulations, may adversely affect our business, results of operations, cash flows and financial condition. Further, we may not be able to renew or maintain our statutory and regulatory permits and approvals required to operate our business.*

Our business activities inherently involve various hazards and risks, making us subject to a range of laws and government regulations. These regulations are comprehensively detailed in the chapter titled “*Government Approvals*” on page 198 of this Prospectus. They pertain to safety, health, environmental protection, and labour laws, and they impose stringent controls on activities such as the storage, transport, handling, and disposal of hazardous substances, as well as employee exposure to these materials. Our operations are conducted in strict adherence to these laws and regulations to minimize any potential risks. Our approach includes obtaining the requisite registrations and approvals as necessary, along with ongoing training for our personnel and the implementation of prescribed safety measures. As of the present date, there have been no instances of non-approval or disruption in work due to approval-related issues. However, it's important to note that the occurrence of any such event in the future could potentially have an adverse impact on our business, results of operations, cash flows, and financial condition. Therefore, we remain vigilant and committed to upholding the highest safety and regulatory standards to prevent any such adverse events.

24. *Our current Order Book does not guarantee full realization of future income. Some orders may be subject to modifications, cancellations, delays, holds, or partial payments by customers, which could have adverse effects on our operational results.*

Our Order Book represents the value of secured contracts yet to be executed as of a specific date, providing insight into our future expected revenues. As on April 26, 2024, our company have more than 41 Major Ongoing projects having total value of approximately ₹ 11,953.31 lakhs out of which invoices of more than ₹ 2,115.54 lakhs have been submitted as on March 31, 2024 resulting order book of ₹ 9,837.75 lakhs which has been still unexecuted or for which invoice has not been submitted, based on management estimates, suggesting our strong order book. However, it is crucial to note that the calculation and presentation of the Order Book may vary from other companies, including our

competitors. Successful execution of the Order Book depends on adhering to contractual obligations, including delivery schedules and quality requirements. Failure to meet these terms, whether actual or perceived, may result in modifications, cancellations, or delays of our current orders and potential penalties.

Additionally, project execution relies on the cooperation of customers and other service providers involved. Factors beyond our or our clients' control, such as permit delays or practical difficulties, may lead to project postponements or cancellations. Due to uncertainties in project execution, we cannot accurately predict when, if, or to what extent a project will be completed, impacting the income and profits derived from the contracts. Delays can also lead to payment delays or refusals, affecting expected margins.

There is a risk of default or non-payment by contracting parties, even if a project proceeds as scheduled. Delays, scope reductions, cancellations, execution difficulties, payment postponements, defaults, or disputes related to the Order Book or ongoing projects can adversely affect cash flow, operational revenues, and profitability. These inherent risks in our industry and contractual relationships must be recognized as they can significantly impact on our financial performance.

25. *We have entered into related party transactions in the past and may continue to do so in the future also, which may affect our competitive edge and better bargaining power if entered with non-related parties resulting into relatively more favorable terms and conditions and better margins.*

Our Company has entered into various transactions with our Directors, Promoters and Promoter Group members and Group Companies. These transactions, inter-alia include, issue of shares, remuneration, loans and advances, purchase, sales, rent expenses, reimbursement of expenses etc. While our related party transactions have been conducted on an arms' length basis and are in accordance with the provisions of the Companies Act, 2013 and other applicable laws, and all such transactions are adequately disclosed in "Annexure - J - Related Party Transactions" under Section titled "Restated Financial Information" of the Company" and section titled "Capital Structure" beginning on page 175 and 61 respectively of this Prospectus. Our Company has entered into such transactions due to easy proximity and quick execution. Although all related-party transactions that we may enter into in the future are subject to approval by our Audit Committee, Board or shareholders, as required under the Companies Act, we cannot assure you that such future transactions or any other future transactions, individually or in aggregate, will not have an adverse effect on our financial condition and results of operations or that we could not have achieved more favorable terms if such transactions are not entered into with related parties.

Furthermore, it is likely that we may enter into related party transactions in the future. Any future transactions with our related parties could potentially involve conflicts of interest. Accordingly, there can be no assurance that such transactions, individually or in aggregate, will not have a material adverse effect on our business, financial condition, cash flows, results of operations and prospects.

26. *Our Company has availed unsecured loans which are repayable on demand. Any demand from lenders for repayment of such unsecured loans, may adversely affect our cash flows.*

Our Company has availed unsecured loans from our promoter and financial institutions which may be called by their lenders at any time. As on December 31, 2023 the unsecured loan amounting ₹ 92.57 lakhs were due to lenders. Such loans are not repayable in accordance with any agreed repayment schedule and may be recalled by the relevant lenders at any time. Any such unexpected demand or accelerated repayment may have a material adverse effect on the business, cash flows and financial condition. For further details of unsecured loans of our Company, please refer "Note 4 and 6" respectively under chapter titled "Restated Financial Information" beginning on page 175 of this Prospectus.

27. *Our lenders have charge over our movable and immovable properties in respect of finance availed by us.*

We have secured outstanding debt of ₹ 754.19 lakhs as on December 31, 2023 and we have secured our lenders by creating charge over our movable and immovable properties. In the event we default in repayment of the loans availed by us and any interest thereof, our properties may be forfeited by lenders. For further information on the financing and loan agreements along with the total amounts outstanding, please refer to section titled "Restated Financial Information" on page 175 of this Prospectus.

28. *Our operations could be adversely affected by strikes, work stoppages or increased wage demands by our employees or any other kind of disputes with our employees.*

As of December 31, 2023, the size of our workforce comprised of more than 270 employees including more than 200 Engineers and Technicians. Our operations depend upon the productivity of our workforce, which may be affected by labour disputes. We may experience business disruptions due to strikes, work stoppages or demands for wage increases. Labor unions may order their members to stop working at our construction sites or allege violations of employee rights, laws or agreements. Currently, we do not have any organized union activities. Activities at our work sites may be suspended and our projects may be significantly delayed if we fail to negotiate with the sub-contractors, employees or labour unions, or find acceptable solutions in a timely manner. Sometimes, we may engage independent

contractors to assist us in undertaking our projects. It is possible that we may be held responsible for wage payments to the workers engaged by such independent contractors should they default on wage payments. Any such labour disputes, union activities or requirements to fund wage payments or recruit permanent employees could adversely affect the construction progress of our projects and have a material and adverse effect on our business, financial condition and results of operations.

29. Our insurance coverage may not be adequate to protect us against certain operating hazards and this may have a material adverse effect on our business.

Our Company has obtained insurance coverage in respect of certain risks. While we believe that we maintain insurance coverage in adequate amounts consistent with size of our business, our insurance policies do not cover all risks. Our operations are subject to hazards inherent in project sites such as risk of equipment failure, work accidents, fire, earthquakes, flood and other force majeure events, acts of terrorism and explosions including hazards that may cause injury and loss of life, severe damage to and the destruction of property and equipment and environmental damage. Long periods of business disruption could result in a loss of customers. Although we take precautions to minimize the risk of any significant operational problems at our engineering projects, and we have not experienced any such material incidents in the past, there can be no assurance that we will not face such disruptions in the future. The details relating to insurance expenses incurred by our company in the reporting period is mentioned below:

Particulars	For the Period/ Year ended on			
	March 31,2021	March 31,2022	March 31,2023	December 31,2023
Insurance Expenses	8.91	11.05	11.62	7.84
Total expenses	2,153.24	5,931.44	5,853.25	4,297.24
% of Total Expenses	0.41%	0.19%	0.20%	0.18%

We may be exposed to various risks which we may not be able to foresee or may not have adequate insurance coverage. Our insurance coverage may not be adequate to cover such loss or damage to life and property, and any consequential losses arising due to such events will affect our operations and financial condition. Further, in addition to the above, any such fatal accident or incident causing damage or loss to life and property, even if we are fully insured or held not to be liable, could negatively affect our reputation, thereby making it more difficult for us to conduct our business operations effectively, and could significantly affect our business, availability of insurance coverage in the future and our results of operations. The occurrence of any one of the above events may result in us being named as a defendant in lawsuits asserting claims for substantial damages, including for personal injury and property damage and fines and/or penalties.

While we believe that the insurance coverage that we maintain is in accordance with industry standards, there can be no assurance that any claim under the insurance policies maintained by us will be honoured fully, in part or on time, or that we have taken out sufficient insurance to cover all material losses. To the extent that we suffer loss or damage for which we did not obtain or maintain insurance, that is not covered by insurance or exceeds our insurance coverage, the loss would have to be borne by us and our cash flows, results of operations and financial performance could be adversely affected. In the event that our Company files a claim under the applicable insurance policy, there is no assurance that we will be able to recover all, or part of the losses incurred.

30. Our contingent liabilities as stated in our Restated Financial Statement could affect our financial condition.

Our Contingent liabilities as on December 31, 2023 were ₹ 71.99 lakhs based on Restated Financial Statement. If these contingent liabilities materialize, fully or partly, the financial condition of our Company could be affected.

Particulars	For the Period/ Year ended on			
	March 31,2021	March 31,2022	March 31,2023	December 31,2023
(a) Contingent Liabilities				
a. Claims against the company not acknowledged as debts	-	-	-	-
b. Guarantees	-	-	9.62	62.32
c. Other Money for which the company is contingently liable	-	-	-	9.66
(b) Commitments	-	-	-	-
Total	-	-	9.62	71.99

For more information, regarding our contingent liabilities, please refer chapter titled “Restated Financial Information” beginning on page 175 of this Prospectus.

31. The average cost of acquisition of Equity Shares by our Promoters could be lower than the issue price.

Our Promoter’s average cost of acquisition of Equity shares in our Company is lower than the Issue Price of Equity shares as given below:

Sr. No.	Name of Promoters	No. of Equity Shares held	Average Cost of Acquisition per equity share (in ₹)*
1.	Mr. Ramesh Jivabhai Pindariya	6315000	0.96
2.	Mrs. Amri Ramesh Pindariya	833580	4.85
3.	Ms. Pindariya Kashmira	421000	Nil
4.	Ms. Kashish Ramesh Pindariya	421000	Nil
5.	Mr. Kishor Jivabhai Pindariya	421000	Nil

*As certified by our Statutory Auditor, M/s. Raichura & Co., Chartered Accountants, by way of their certificate dated February 14, 2024

The average cost of acquisition of Equity Shares by our Promoters has been calculated by taking into account the amount paid by them to acquire and Shares allotted to them as reduced by amount received on sell of shares i.e. net of sale consideration is divided by net quantity of shares acquired.

32. Our projects require deployment of labour and depend on availability of labour. In case of unavailability of such labour, our business operations could be affected.

Our project operations require deployment and our ability to retain labour. In case such labour workforce is unavailable, or we are unable to identify and retain such labour our business could be adversely affected. We cannot guarantee that we may be able to continue with the same on favourable terms or at all. Any such failure may impact the operations, business process and profitability. Additionally, there have been amendments in the labour and Employment related laws, which may have a direct impact on our employee costs and consequently, on our margins. Further, latest amendments in labour laws in India may be led to increasing cost of compliance, wages, social security, Occupational Safety, Health and Working Conditions. We cannot assure you that we will continue to comply with all these labour related laws and that as we continue to grow our business in the future, our labour and employee costs coupled with operating compliances and expenses will not significantly increase. Our employees are not unionized currently. However, there is no assurance that our employees will not seek unionization in the future. In the event that employees at our project sites take any steps to unionize, it may become difficult for us to maintain flexible labour policies and may increase our costs and adversely affect our business.

Any strikes or lock-outs, work stoppages, slowdowns, shut downs, supply interruptions or costs or other factors beyond our control, may disrupt our operations and could negatively impact our financial performance or financial condition. Additionally, our inability to recruit employees, in particular skilled employees, and retain our current workforce could have a material adverse effect on our business, financial condition and profitability. There can be no assurance that we will not experience slowdowns or shutdowns in the manner described above, or in any other manner, in the future, for reasons which are beyond our control. Any slowdown or shutdown will adversely impact our results of operations, market share and financial condition.

33. Fraud, theft, employee negligence or similar incidents may adversely affect our results of operations and financial condition.

Our company faces potential risks related to incidents of theft or damage to inventory located at respective sites or storage unit. While we have not encountered such situations in the past, we acknowledge that there is a possibility of experiencing inventory losses due to various factors such as employee theft, vendor fraud, and general administrative errors. These incidents could have a negative impact on our results of operations and financial condition. During the execution of the contract and up to defect liability period we are generally fully liable to compensate all concerned for any loss, damage, or destruction of work, structure, property etc. including third party risk arising due to causes attributable to us.

Despite implementing security measures and internal controls, there is no guarantee that we will completely avoid instances of fraud, theft, employee negligence, or security lapses in the future. Any such occurrence could lead to significant financial losses and affect our overall business performance.

Although we have insurance coverage against losses due to theft, fire, breakage, or damage caused by other casualties, the extent of coverage may not fully mitigate the financial impact of such incidents on our operations and financial condition. In some cases, the losses incurred may exceed the insurance coverage, resulting in additional financial strain for the company.

34. *We are exposed to significant risks on fixed-price or lump-sum turnkey contracts that could cause us to incur losses and adversely affect our business, results of operations and financial condition.*

A significant portion of our projects are undertaken on a fixed-price or lump-sum turnkey basis. These contracts involve agreeing to a predetermined fixed price for providing engineering, procurement, and construction services or delivering completed facilities in a ready-to-operate condition, subject to contract variations due to changes in the customer's project requirements. However, the actual expenses incurred during the execution of such contracts may substantially differ from the initial bid assumptions for various reasons, including but not limited to:

- Unanticipated changes in the engineering design of the project.
- Unforeseen increases in the cost of equipment, materials, or manpower.
- Delays associated with the delivery of equipment and materials to the project site.
- Unforeseen construction conditions, such as delays caused by the client's inability to obtain necessary environmental and other approvals, leading to increased costs.
- Delays caused by adverse local weather conditions.
- Commercial hardships or third-party breaches.
- Failures of suppliers or subcontractors to perform their obligations.
- Delays attributable to our own execution.

In the case of engineering and project management consultancy contracts, we assume various obligations, and any unanticipated costs or delays during contract execution may have compounding effects, leading to increased costs in other parts of the contract. Throughout the execution of the contract and up to the defect liability period, we are typically fully liable to compensate all parties concerned for any loss, damage, or destruction of work, structures, property, etc., including third-party risks arising due to our actions. We are also responsible for ensuring that we do not incur extra costs for our clients.

These variations and the inherent risks in the construction industry may result in our actual profits being different from the initial estimates, potentially leading to reduced profitability or even losses on certain projects.

35. *Failure to successfully implement our business strategies may materially and adversely affect our business, prospects, financial condition and results of operations.*

We aim to implement our business strategies to ensure future business growth, which may be subject to various risks and uncertainties, including but not limited to the following:

- *Continue to enhance our project execution capabilities:* We face the risk of cost overruns or delays in project execution, which could erode our competitive advantage and reputation. Failing to deliver projects in a timely manner or meeting quality specifications may hinder our growth prospects.
- *Leveraging our market skills and relationship:* We may face the risk of failure to leverage our market skill and relationship with existing customers to acquire new business or projects which we may impact our operational and financial conditions.
- *Maintaining edge over competitors:* We operate in a competitive landscape, and intensified competition may affect our ability to secure contracts. Delays or non-payments by clients and associated legal proceedings may also pose financial and operational.
- *Expanding geographical footprint:* Expanding into new states or business segments involves inherent risks, including market acceptance and operational challenges.

Implementation of our strategies may be subject to a number of risks and uncertainties including the ones mentioned above, some of which are beyond our control. There can be no assurance that we will be able to execute our growth strategy on time and within the estimated costs, or that we will meet the expectations of our clients. In order to manage growth effectively, we must implement and improve operational systems, procedures and controls on a timely basis, which, as we grow and diversify, we may not be able to implement, manage or execute efficiently and in a timely manner or at all, which could result in delays, increased costs and diminished quality and may adversely affect our results of operations and our reputation. Any failure or delay in the implementation of any of our strategies may have a material adverse effect on our business, prospects, financial condition and results of operations.

36. *Our ability to pay any dividends will depend upon future earnings, financial condition, cash flows, working capital requirements and capital expenditures.*

We may retain all our future earnings, if any, for use in the operations and expansion of our business. As a result, we may not declare dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board of Directors and will depend on factors that our Board of Directors deem relevant, including among others, our results of operations, financial condition, cash requirements, business prospects and any other financing arrangements. Accordingly, realization of a gain on shareholders investments may largely depend upon the appreciation of the price of our Equity Shares. There can be no assurance that our Equity Shares will appreciate in value. For details of our Dividend history refer to the Section “*Dividend Policy*” on page 174 of the Prospectus.

37. *Our Promoters and the Promoter Group will jointly continue to retain majority shareholding in our Company after the offer, which will allow them to determine the outcome of the matters requiring the approval of shareholders.*

Our promoters along with the promoter group will continue to hold collectively 72.99% of the Equity share capital of the company. As a result of the same, they will be able to exercise significant influence over the control of the outcome of the matter that requires approval of the majority shareholder’s vote. Such a concentration of the ownership may also have the affect of delaying, preventing or deterring any change in the control of our company. In addition to the above, our promoters will continue to have the ability to take actions that are not in, or may conflict with our interest or the interest of some or all of our minority shareholders, and there is no assurance that such action will not have any adverse effect on our future financials or results of operations.

38. *Any variation in the utilization of the Net Proceeds as disclosed in this Prospectus shall be subject to certain compliance requirements, including prior approval of the shareholders of our Company.*

We propose to utilize the Net Proceeds towards utilization for the working capital requirement of our Company and general corporate purposes. For further details of the proposed objects of the Issue, see “*Objects of the Issue*” beginning on page 78. However, these objects of the Issue have not been appraised by any bank, financial institution or other independent agency. Further, we cannot determine with any certainty if we would require the Net Proceeds to meet any other expenditure or fund any exigencies arising out of the competitive environment, business conditions, economic conditions or other factors beyond our control. In accordance with the Companies Act, 2013 and the SEBI ICDR Regulations, we cannot undertake any variation in the utilization of the Net Proceeds as disclosed in this Prospectus without obtaining the approval of shareholders of our Company through a special resolution. In the event of any such circumstances that require us to vary the disclosed utilization of the Net Proceeds, we may not be able to obtain the approval of the shareholders of our Company in a timely manner, or at all. Any delay or inability in obtaining such approval of the shareholders of our Company may adversely affect our business or operations. Further, our Promoters would be required to provide an exit opportunity to the shareholders of our Company who do not agree with our proposal to modify the objects of the Issue, at a price and manner as prescribed by SEBI. Additionally, the requirement to provide an exit opportunity to such dissenting shareholders of our Company may deter our Promoters from agreeing to the variation of the proposed utilization of the Net Proceeds, even if such variation is in the interest of our Company. Further, we cannot assure you that the Promoter will have adequate resources at their disposal at all times to enable them to provide an exit opportunity. In light of these factors, we may not be able to vary the objects of the Issue to use any unutilized proceeds of the Issue, if any, even if such variation is in the interest of our Company. This may restrict our Company’s ability to respond to any change in our business or financial condition, if any, which may adversely affect our business and the results of operations.

39. *Any future issuance of our Equity Shares may dilute prospective investors’ shareholding, and sales of our Equity Shares by our major shareholders may adversely affect the trading price of our Equity Shares.*

Our growth is dependent on having a strong balance sheet to support our activities. In addition to the internally generated cash flow, we may need other sources of financing to meet our capital needs which may include entering into new debt facilities with lending institutions or raising additional equity in the capital markets. We may need to raise additional capital from time to time, dependent on business conditions. The factors that would require us to raise additional capital could be business growth beyond what the current balance sheet can sustain; additional capital requirements imposed due to changes in regulatory regime or significant depletion in our existing capital base due to unusual operating losses. Any fresh issue of shares or convertible securities would dilute existing holders, and such issuance may not be done at terms and conditions, which are favourable to the then existing shareholders of our Company. If our Company decides to raise additional funds through the incurrence of debt, our interest obligations will increase, and we may be subject to additional covenants, which could further limit our ability to access cash flows from our operations. Such financings could cause our debt to equity ratio to increase or require us to create charges or liens on our assets in favour of lenders. We cannot assure you that we will be able to secure adequate financing in the future on acceptable terms, in time, or at all. Our failure to obtain sufficient financing could result in the delay or

abandonment of our expansion plans. Our business and future results of operations may be affected if we are unable to implement our expansion strategy.

Any issuance of Equity Shares by our Company may dilute shareholding of investors in our Company; and hence affect the trading price of our Company's Equity Shares and its ability to raise capital through an issue of its securities. In addition, any perception by investors that such issuances or sales might occur could also affect the trading price of our Company's Equity Shares. Additionally the disposal, pledge or encumbrance of Equity Shares by any of our Company's major shareholders, or the perception that such transactions may occur may affect the trading price of the Equity Shares. No assurance may be given that our Company will not issue Equity Shares or that such shareholders will not dispose of, pledge or encumber their Equity Shares in the future.

40. *We source a large part of our new orders from our relationships with corporates and other customers, both present and past. Any failure to maintain our long-standing relationships with our existing customers or forge similar relationships with new ones would have a material adverse effect on our business operations and profitability.*

We believe that our focus on completing projects in a timely manner and on quality has helped us build strong relationships with our customers and bolster our reputation in the industry in which we operate. In fact, all of the projects that we execute for private sector clients are sourced through nomination i.e. where customers with whom we have an existing relationship or new customers approach us directly for their proposed projects. Further, we have received additional projects from several of our existing customers despite increased competition in the region within which we operate. If any of our relationships with our existing customers were to be altered or terminated and we are unable to forge similar relationships with new customers in the future, our business, financial condition, results of operations, cash flows and business prospects could be materially and adversely affected.

41. *The Issue price of our Equity Shares may not be indicative of the market price of our Equity Shares after the Issue and the market price of our Equity Shares may decline below the Issue Price and you may not be able to sell your Equity Shares at or above the Issue Price.*

The issue price of the equity shares have been based on many factor and may not be indicative of the market price of our Equity Shares after the Issue. For further information please refer the section titled "Basis for Issue Price" beginning on page 88 of the Prospectus. The market price of our Equity Shares could be subject to significant fluctuations after the Issue, and may decline below the Issue Price. We cannot assure you that you will be able to sell your Equity Shares at or above the Issue Price.

42. *Our Promoters and Directors have provided personal guarantees for financing facilities availed by our Company and may in the future provide additional guarantees and any failure or default by our Company to repay such facilities in accordance with the terms and conditions of the financing agreements could trigger repayment obligations on them, which may impact their ability to effectively service their obligations as our Promoters and Directors and thereby, adversely impact our business and operations.*

Our Promoters and Directors have personally guaranteed the repayment of certain loan facilities taken by us. Our Promoters may continue to provide such guarantees and other security post listing. In case of a default under our loan agreements, any of the guarantees provided by our Promoters and Directors may be invoked, which could negatively impact the reputation and net worth of our Promoters and Directors. In addition, our guarantors may be required to liquidate their shareholding in our Company to settle the claims of the lenders, thereby diluting their shareholding in our Company.

Furthermore, in the event that our Promoters and Directors withdraw or terminate their guarantees, our lenders for such facilities may ask for alternate guarantees, repayment of amounts outstanding under such facilities, or even terminate such facilities. We may not be successful in procuring guarantees satisfactory to the lenders, and as a result may need to repay outstanding amounts under such facilities or seek additional sources of capital, which could affect our financial condition and cash flows.

43. *The Objects of the Issue for which funds are being raised are based on our management estimates and the same have not been appraised by any bank or financial institution or any independent agency. The deployment of funds in the project is entirely at our discretion, based on the parameters as mentioned in the chapter titled "Objects of the Issue".*

The fund requirement and deployment, as mentioned in the "Objects of the Issue" on page 78 of this Prospectus is based on the estimates of our management and has not been appraised by any bank or financial institution or any other independent agency. These fund requirements are based on our current business plan. We cannot assure that the current business plan will be implemented in its entirety or at all. In view of the highly competitive and dynamic nature of our business, we may have to revise our business plan from time to time and consequently meet these fund requirements. The deployment of the funds as stated on page 76 under chapter "Objects of the Issue" is at the discretion of our Board of Directors and is not subject to monitoring by any external independent agency. Further, we cannot assure that the

actual costs or schedule of implementation as stated on page 78 under chapter “*Objects of the Issue*” will not vary from the estimated costs or schedule of implementation. Any such variance may be on account of one or more factors, some of which may be beyond our control. The occurrence of any such event may delay our business plans and/or may have an adverse bearing on our expected revenues and earnings.

44. *There is no monitoring agency appointed by Our Company to monitor the utilization of the Issue proceeds.*

As per SEBI (ICDR) Regulations, 2018, as amended, appointment of monitoring agency is required only for Issue size above ₹ 10,000.00 Lakhs. Hence, we have not appointed any monitoring agency to monitor the utilization of Issue proceeds. However, the audit committee of our Board will monitor the utilization of Issue proceeds in terms of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. Further, our Company shall inform about material deviations in the utilization of Issue proceeds to the stock exchange and shall also simultaneously make the material deviations / adverse comments of the audit committee public.

45. *Industry information included in this Prospectus has been derived from industry sources. There can be no assurance that such third-party statistical, financial and other industry information is complete, reliable or accurate.*

This Prospectus includes information on Industry in which we operate from various sources. For further details, please see “*Industry Overview*” beginning on page 100. The data has been furnished by an independent agency on their websites and has no relationship with our Company, its Promoters, Directors, or the Book Running Lead Manager as on the date of this Prospectus. The data used in these sources may have been reclassified by us for the purposes of presentation and may also not be comparable. Industry sources and publications generally state that the information contained therein has been obtained from sources generally believed to be reliable, but that their accuracy, completeness and underlying assumptions are not guaranteed, and their reliability cannot be assured. Industry sources and publications are also prepared based on information as of specific dates and may no longer be current or reflect current trends. Industry sources and publications may also base their information on estimates, projections, forecasts and assumptions that may prove to be incorrect. Accordingly, investors must rely on their independent examination of, and should not place undue reliance on, or base their investment decision solely on this information. The recipient should not construe any of the contents in this report as advice relating to business, financial, legal, taxation or investment matters and are advised to consult their own business, financial, legal, taxation, and other advisors concerning the transaction.

46. *Certain data mentioned in this Prospectus has not been independently verified.*

We have not independently verified data from industry publications contained herein and although we believe these sources to be reliable, we cannot assure that they are complete or reliable. Such data may also be produced on a different basis from comparable information compiled with regard to other countries. Therefore, discussions of matters relating to India and its economy are subject to the limitation that the statistical and other data upon which such discussions are based have not been verified by us and may be incomplete or unreliable.

47. *In the event there is any delay in the completion of the Issue, or delay in schedule of implementation, there would be a corresponding delay in the completion of the objects of this Issue which would in turn affect our revenues and results of operations.*

The funds that we receive would be utilized for the objects of the Issue as has been stated in the chapter titled “*Objects of The Issue*” on Page no. 78 of this Prospectus. The proposed schedule of implementation of the objects of the Issue is based on our management’s estimates. If the schedule of implementation is delayed for any other reason whatsoever, including any delay in the completion of the Issue, it may adversely affect our revenues and results of operations.

48. *We have not identified any alternate source of raising the funds required for the object of the Issue and the deployment of funds is entirely at our discretion and as per the details mentioned in the section titled “Objects of the Issue”.*

Our Company has not identified any alternate source of funding for our object of the Issue and hence any failure or delay on our part to mobilize the required resources or any shortfall in the Issue proceeds can adversely affect our growth plan and profitability. The delay/shortfall in receiving these proceeds could result in inadequacy of funds or may result in borrowing funds on unfavorable terms, both of which scenarios may affect the business operation and financial performance of the company. Further the deployment of the funds raised in the issue will be entirely at the discretion of the management and any revision in the estimates may require us to reschedule our projected expenditure and may have a bearing on our expected revenues and earnings. For further details of Please refer chapter titled “*Object for the Issue*” beginning on page 78 of this Prospectus.

49. *Our Company has in the past made certain late filings.*

In the past, there are certain late filings made by our company with the Registrar of Companies under the provisions of the Companies Act, 2013. For instance, Annual filing i.e., MGT-7 and AOC-4 for the FY 2015-16, 2016-17 and 2017-18 has been filed after its relevant due date.

No show cause notice in respect to the above has been received by our Company till date and no penalty or fine has been imposed by any regulatory authority in respect to the same. It cannot be assured, that there will not be such instances in the future, or our Company will not commit any further delays or defaults in relation to its reporting requirements, or any penalty or fine will not be imposed by any regulatory authority in respect to the same. The happening of such event may cause a material effect on our results of operations and financial position.

50. Our company relies on third party vendors for the machinery required to execute our projects. Any disruptions in the availability of these machineries can significantly impact the timely completion of projects.

Our company is an integrated engineering, procurement, construction and commissioning company providing Balance of Plant (BoP) Solutions for both Wind and Solar power generation companies. Our core services for BoP Solutions includes Foundation work, Substation Civil and Electrical work, Right of Way services, Cabling to substation and Grid, and Miscellaneous work. Though, we own some of the equipment, such as Land Survey Equipments and Concrete mixture, we hire required machineries for the execution of our project from third party vendors. We primarily hire borewells and other heavy machineries for the execution of projects from third party.

Our reliance on external suppliers for required machinery and equipment means that any disruptions or failures on their part could lead to project delays, cost overruns, or quality issues. Further, the availability of specific machinery and lead times for procurement may vary, leading to potential delays in project timelines and increased project management complexity.

To mitigate these risks, we continuously evaluate our relationships with third-party machinery providers and maintain contingency plans for potential disruptions. However, these measures may not fully eliminate the risks associated with external dependencies in machinery hiring for our balance of plant services.

The machinery hiring expenses for the last three financial years and the period ended on December 31, 2023, are provided below:

Particulars	For the year ended 31 March 2021	For the year ended 31 March 2022	For the year ended 31 March 2023	For the period ended 31 December 2023
Machinery Hiring Expenses (₹ in Lakhs)	23.76	25.10	31.54	106.29

EXTERNAL RISK FACTORS:

1. Changing laws, rules and regulations and legal uncertainties in India, including adverse application of tax laws and regulations, may adversely affect our business and financial performance.

Our business and financial performance could be adversely affected by changes in law or interpretations of existing, or the promulgation of new, laws, rules and regulations in India applicable to us and our business. There can be no assurance that the central or the state governments in India may not implement new regulations and policies which will require us to obtain approvals and licenses from the central or the state governments in India and other regulatory bodies or impose onerous requirements and conditions on our operations. Any such changes and the related uncertainties with respect to the implementation of the new regulations may have a material adverse effect on all our business, financial condition and results of operations. In addition, we may have to incur capital expenditures to comply with the requirements of any new regulations, which may also materially harm our results of operations. For instance, the Government has proposed a comprehensive national goods and services tax (“GST”) regime that will combine taxes and levies by the Central and state Governments into a unified rate structure. Given the limited availability of information in the public domain concerning the GST, we are unable to provide any assurance as to the tax regime following implementation of the GST. The implementation of this new structure may be affected by any disagreement between certain state Governments, which could create uncertainty. Any such future amendments may affect our overall tax efficiency and may result in significant additional taxes becoming payable.

2. Investor may be subject to Indian taxes arising out of capital gains on the sale of the Equity Shares.

Under current Indian tax laws, capital gains arising from the sale of equity shares within 12 months in an Indian company are classified as short-term capital gains and generally taxable. Any gain realized on the sale of listed equity shares on a stock exchange that are held for more than 12 months is considered as long-term capital gains and is taxable at 10%, in excess of Rs. 1,00,000. Any long-term gain realized on the sale of equity shares, which are sold other than on a recognized stock exchange and on which no STT has been paid, is also subject to tax in India. Capital gains

arising from the sale of equity shares are exempt from taxation in India where an exemption from taxation in India is provided under a treaty between India and the country of which the seller is resident. Generally, Indian tax treaties do not limit India's ability to impose tax on capital gains. As a result, residents of other countries may be liable to pay tax in India as well as in their own jurisdiction on a gain on the sale of equity shares.

3. *Political, economic or other factors that are beyond our control may have an adverse effect on our business and results of operations.*

We are dependent on domestic, regional and global economic and market conditions. Our performance, growth and market price of our Equity Shares are and will be dependent to a large extent on the health of the economy in which we operate. There have been periods of slowdown in the economic growth of India. Demand for our services may be adversely affected by an economic downturn in domestic, regional and global economies. The Government of India has traditionally exercised and continues to exercise influence over many aspects of the economy. Our business and the market price and liquidity of our Equity Shares may be affected by interest rates, changes in Government policy, taxation, social and civil unrest and other political, economic or other developments in or affecting India. The rate of economic liberalization could change, and specific laws and policies affecting the information technology sector, foreign investment and other matters affecting investment in our securities could change as well. Any significant change in such liberalization and deregulation policies could adversely affect business and economic conditions in India, generally, and our business, prospects, financial condition and results of operations, in particular.

The Government of India has traditionally exercised, and continues to exercise, a significant influence over many aspects of the economy. Our business, and the market price and liquidity of our Equity Shares, may be affected by interest rates, changes in government policy, taxation, social and civil unrest and other political, economic or other developments in or affecting India. Any political instability in India may adversely affect the Indian securities markets in general, which could also adversely affect the trading price of our Equity Shares. Any political instability could delay the reform of the Indian economy and could have a material adverse effect on the market for our Equity Shares. There can be no assurance to the investors that these liberalization policies will continue under the newly elected government. Protests against privatization could slow down the pace of liberalization and deregulation. The rate of economic liberalization could change, and specific laws and policies affecting companies in the industrial equipment manufacturing sectors, foreign investment, currency exchange rates and other matters affecting investment in our securities could change as well. A significant change in India's economic liberalization and deregulation policies could disrupt business and economic conditions in India and thereby affect our business.

4. *An outbreak of other infectious or virulent diseases, if uncontrolled, may have an adverse effect on our business, results of operations and financial condition.*

An outbreak of other infectious or virulent diseases, such as severe acute respiratory syndrome, the COVID-19 virus, the H1N1 virus, avian influenza (bird flu), the Zika virus or the Ebola virus, if uncontrolled, may have a material adverse effect on the economies of certain countries and our operations. If any of our employees or the employees of our suppliers and/or customers are infected with such diseases or if a significant portion of our workforce refuses to work for fear of contracting an infectious disease, our Company, our suppliers and/or our customers may be required to shut down operations for a period of time, and this could adversely affect our business, results of operations and financial condition. In addition, our revenue and profitability could be impacted to the extent that a natural disaster, health epidemic or other outbreak harms the Indian and global economy in general.

5. *Terrorist attacks or war or conflicts involving India or other countries could adversely affect consumer and business sentiment and the financial markets and adversely affect our business.*

Terrorist attacks and other acts of violence or war may adversely affect global equity markets and economic growth as well as the Indian economy and stock markets. Such acts negatively impact business and economic sentiment, which could adversely affect our business and profitability. Also, India has from time to time experienced, and continues to experience, social and civil unrest and hostilities with neighbouring countries. Armed conflicts could disrupt communications and adversely affect the Indian economy. Such events could also create a perception that investments in Indian companies involve a high degree of risk. This, in turn, could have a material adverse effect on the market for securities of Indian companies, including our Equity Shares. The consequences of any armed conflicts are unpredictable and we therefore may not be able to foresee events that could have an adverse effect on our business.

6. *Global economic, political and social conditions may harm our ability to do business, increase our costs and negatively affect our stock prices.*

Global economic and political factors that are beyond our control, influence forecasts directly affect performance. These factors include interest rates, rates of economic growth, fiscal and monetary policies of governments, inflation, deflation, foreign exchange fluctuations, consumer credit availability, fluctuations in commodities markets, consumer debt levels, unemployment trends and other matters that influence consumer confidence, spending and tourism.

Increasing volatility in financial markets may cause these factors to change with a greater degree of frequency and magnitude, which may negatively affect our stock prices.

7. *The extent and reliability of Indian infrastructure could adversely affect our Company's results of operations and financial condition.*

India's physical infrastructure is in developing phase compared to that of many developed nations. Any congestion or disruption in its port, rail and road networks, electricity grid, communication systems or any other public facility could disrupt our Company's normal business activity. Any deterioration of India's physical infrastructure would harm the national economy, disrupt the transportation of goods and supplies, and add costs to doing business in India. These problems could interrupt our Company's business operations, which could have an adverse effect on its results of operations and financial condition.

8. *Any downgrading of India's sovereign rating by an independent agency may harm our ability to raise financing.*

Any adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely impact our ability to raise additional financing, and the interest rates and other commercial terms at which such additional financing may be available. This could have an adverse effect on our business and future financial performance, our ability to obtain financing for capital expenditures and the trading price of our Equity Shares.

9. *Instability in financial markets could materially and adversely affect our results of operations and financial condition.*

The Indian economy and financial markets are significantly influenced by worldwide economic, financial and market conditions. Any financial turmoil, especially in the United States of America or Europe, may have a negative impact on the Indian economy. Although economic conditions differ in each country, investors' reactions to any significant developments in one country can have adverse effects on the financial and market conditions in other countries. A loss in investor confidence in the financial systems, particularly in other emerging markets, may cause increased volatility in Indian financial markets. The global financial turmoil, an outcome of the sub-prime mortgage crisis which originated in the United States of America, led to a loss of investor confidence in worldwide financial markets. Indian financial markets have also experienced the contagion affect of the global financial turmoil, evident from the sharp decline in SENSEX, BSE's benchmark index. Any prolonged financial crisis may have an adverse impact on the Indian economy and us, thereby resulting in a material and adverse effect on our business, operations, financial condition, profitability and price of our Equity Shares.

10. *Natural calamities could have a negative impact on the Indian economy and cause Our Company's business to suffer.*

India has experienced natural calamities such as earthquakes, tsunamis, floods etc. In recent years, the extent and severity of these natural disasters determine their impact on the Indian economy. Prolonged spells of abnormal rainfall or other natural calamities could have a negative impact on the Indian economy, which could adversely affect our business, prospects, financial condition and results of operations as well as the price of the Equity Shares.

11. *Government regulation of foreign ownership of Indian securities may have an adverse effect on the price of the Equity Shares.*

Foreign ownership of Indian securities is subject to government regulation. Under foreign exchange regulations currently in effect in India, transfer of shares between non-residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or fall under any of the exceptions referred to above, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert the rupees proceeds from the sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection/ tax clearance certificate from the Income Tax authorities. There can be no assurance that any approval required from the RBI or any other government agency can be obtained.

12. *A slowdown in economic growth in India may adversely affect our business, financial condition, cash flows, results of operations and prospects.*

The performance and growth of our business are necessarily dependent on economic conditions prevalent in India, which may be materially and adversely affected by centre or state political instability or regional conflicts, a general rise in interest rates, inflation, and economic slowdown elsewhere in the world or otherwise. There have been periods of slowdown in the economic growth of India. India's economic growth is affected by various factors including domestic consumption and savings, balance of trade movements, namely export demand and movements in key imports (oil and oil products), global economic uncertainty and liquidity crisis, volatility in exchange currency rates and annual rainfall which affects agricultural production. Any continued or future slowdown in the Indian economy

or a further increase in inflation could have a material adverse effect on the price of our raw materials and demand for our products and, as a result, on our business and financial results. The Indian financial market and the Indian economy are influenced by economic and market conditions in other countries, particularly in emerging market in Asian countries. Financial turmoil in Asia, Europe, the U.S. and elsewhere in the world in recent years has affected the Indian economy. Although economic conditions are different in each country, investor's reactions to developments in one country can have adverse effects on the securities of companies in other countries, including India. A loss in investor confidence in the financial systems of other emerging markets may cause increased volatility in Indian financial markets and, indirectly, in the Indian economy in general. Any worldwide financial instability, including the financial crisis and fluctuations in the stock markets in China and further deterioration of credit conditions in the U.S. or European markets, could also have a negative impact on the Indian economy. Financial disruptions may occur again and could harm our business and financial results.

13. *The Equity Shares have never been publicly traded, and the Offer may not result in an active or liquid market for the Equity Shares. Further, the price of the Equity Shares may be volatile, and you may be unable to resell the Equity Shares at or above the Offer Price.*

Prior to the Offer, there has been no public market for the Equity Shares, and an active trading market on the Indian Stock Exchanges may not develop or be sustained after the Offer. Listing and quotation do not guarantee that a market for the Equity Shares will develop, or if developed, there will be liquidity of such market for the Equity Shares. The Offer Price of the Equity Shares may bear no relationship to the market price of the Equity Shares after the Offer. The market price of the Equity Shares after the Offer can be volatile as a result of several factors beyond our control, including volatility in the Indian and global securities markets, our results of operations, the performance of our competitors, developments in the Indian and global machine tools industry, changing perceptions in the market about investments in this sector in India, investor perceptions of our future performance, adverse media reports about us or our sector, changes in the estimates of our performance or recommendations by financial analysts, significant developments in India's economic liberalisation and deregulation policies, and significant developments in India's fiscal regulations. In addition, the Stock Exchanges may experience significant price and volume fluctuations, which may have a material adverse effect on the market price of the Equity Shares. General or industry-specific market conditions or stock performance or domestic or international macroeconomic and geopolitical factors unrelated to our performance may also affect the price of the Equity Shares. In particular, the stock market as a whole in the past has experienced extreme price and volume fluctuations that have affected the market price of many companies in ways that may have been unrelated to the companies' operating performances. For these reasons, investors should not rely on recent trends to predict future share prices, results of operations or cash flow and financial condition.

14. *The requirements of being a publicly listed company may strain our resources.*

We are not a publicly listed company and have not, historically, been subjected to the increased scrutiny of our affairs by shareholders, regulators and the public at large that is associated with being a listed company. As a listed company, we will incur significant legal, accounting, corporate governance and other expenses that we did not incur as an unlisted company. We will be subject to the SEBI Listing Regulations, which will require us to file audited annual and unaudited quarterly reports with respect to our business and financial condition. If we experience any delays, we may fail to satisfy our reporting obligations and, or, we may not be able to readily determine and accordingly report any changes in our results of operations as promptly as other listed companies. Further, as a publicly listed company, we will need to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, including keeping adequate records of daily transactions. In order to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, significant resources and management attention will be required. As a result, our management's attention may be diverted from our business concerns, which may adversely affect our business, prospects, results of operations and financial condition.

Any further issuance of Equity Shares, or convertible securities or other equity-linked instruments by us may dilute your shareholding. We may be required to finance our growth through future equity offerings. Any future equity issuances by us, including a primary offering of Equity Shares, convertible securities or securities linked to Equity Shares including through exercise of employee stock options, may lead to the dilution of investors' shareholdings in our Company. Any future equity issuances by us or sales of our Equity Shares by the Promoters may adversely affect the trading price of the Equity Shares, which may lead to other adverse consequences including difficulty in raising capital through offering of our Equity Shares or incurring additional debt. In addition, any perception by investors that such issuances or sales might occur may also affect the market price of our Equity Shares. We cannot assure you that we will not issue Equity Shares, convertible securities or securities linked to Equity Shares or that our Shareholders will not dispose of, pledge or encumber their Equity Shares in the future.

15. *The sale of Equity Shares by our Promoters in future may adversely affect the market price of the Equity Shares.*

After the completion of the Offer, our Promoters will still own a significant percentage of our issued Equity Shares. The sale of a large number of the Equity Shares by our Promoters could adversely affect the market price of the Equity Shares. Similarly, the perception that any such primary or secondary sale may occur, could adversely affect the market price of the Equity Shares. No assurance may be given that our Promoters will not dispose of, pledge or encumber their Equity Shares in the future.

16. There is no guarantee that our Equity Shares will be listed on the relevant stock exchange in a timely manner or at all.

There is no guarantee that our Equity Shares will be listed on the relevant stock exchange in a timely manner or at all. In accordance with Indian law, permission for listing and trading of our Equity Shares will not be granted until after certain actions have been completed in relation to this Offer and until Allotment of Equity Shares pursuant to this Offer. In accordance with current regulations and circulars issued by SEBI, our Equity Shares are required to be listed on the relevant stock exchange within such time as mandated under UPI Circulars, subject to any change in the prescribed timeline in this regard. However, we cannot assure you that the trading in our Equity Shares will commence in a timely manner or at all. Any failure or delay in obtaining final listing and trading approvals may restrict your ability to dispose of your Equity Shares.

As this is an issue of Equity Shares, the appointment of Trustees is not required.

APPRAISAL AND MONITORING AGENCY

As per SEBI (ICDR) Regulations, 2018, appointment of monitoring agency is required only if Issue size exceeds ₹ 10,000 Lakh. Hence, our Company is not required to appoint a monitoring agency in relation to the issue. However, Audit Committee of our Company will be monitoring the utilization of the Issue Proceeds.

The object of the issue and deployment of funds are not appraised by any independent agency/bank/financial institution.

BOOK BUILDING PROCESS

Book building, in the context of the Issue, refers to the process of collection of Bids from investors on the basis of the Prospectus and the Bid cum Application Forms (and the Revision Forms) within the Price Band. The Price Band shall be determined by our Company in consultation with the Book Running Lead Manager in accordance with the Book Building Process and advertised in all editions of the English national newspaper, all editions of Hindi national newspaper and in regional newspaper where our registered office is situated at least two working days prior to the Bid/Issue Opening date and shall be made available to the Stock Exchanges for the purpose of uploading on their respective websites. The Issue Price shall be determined by our Company in consultation with the Book Running Lead Manager in accordance with the Book Building Process after the Bid/Issue Closing Date. For further details, please refer to the chapter titled “*Issue Procedure*” beginning from page no. 226.

Principal parties involved in the Book Building Process are-

- Our Company;
- The Book Running Lead Manager in this case being Beeline Capital Advisors Private Limited;
- The Syndicate Member(s) who are intermediaries registered with SEBI / registered as brokers with NSE Limited and eligible to act as Underwriters. The Syndicate Member(s) will be appointed by the Book Running Lead Manager;
- The Registrar to the Issue;
- The Escrow Collection Banks/ Bankers to the Issue and
- The Designated Intermediaries and Sponsor bank

The SEBI ICDR Regulations have permitted the Issue of securities to the public through the Book Building Process, wherein allocation to the public shall be made as per Regulation 253 of the SEBI ICDR Regulations

The Issue is being made through the Book Building Process wherein 50% of the Net Issue shall be available for allocation on a proportionate basis to QIBs, 5% of the QIB Portion shall be available for allocation on a proportionate basis to Mutual Funds only, and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIB Bidders, including Mutual Funds, subject to valid Bids being received at or above the Issue Price. Further, not less than 15 % of the Net Issue shall be available for allocation on a proportionate basis to Non-Institutional Bidders and not less than 35 % of the Net Issue shall be available for allocation to Retail Individual Bidders, in accordance with the SEBI Regulations, subject to valid Bids being received at or above the Issue Price.

All Bidders, except Anchor Investors, are mandatorily required to use the ASBA process for participating in the Issue by providing details of their respective ASBA Account in which the corresponding Bid Amount will be blocked by SCSBs. In addition to this, the RIBs may participate through the ASBA process by either (a) providing the details of their respective ASBA Account in which the corresponding Bid Amount will be blocked by the SCSBs; or (b) through the UPI Mechanism. Anchor Investors are not permitted to participate in the Issue through the ASBA process. Non-Institutional Investors with an application size of up to ₹ 500,000 shall use the UPI Mechanism and shall also provide their UPI ID in the Bid cum Application Form submitted with Syndicate Members, Registered Brokers, Collecting Depository Participants and Registrar and Share Transfer Agents. Anchor Investors are not permitted to participate in the Offer through the ASBA process. Pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 5, 2022, all individual bidders in initial public offerings whose application sizes are up to ₹ 500,000 shall use the UPI Mechanism.

In accordance with the SEBI ICDR Regulations, QIBs and NIBs are not allowed to withdraw or lower the size of their Bids (in terms of the quantity of the Equity Shares or the Bid Amount) at any stage. RIBs Bidding in the Retail Portion can

revise their Bids during the Bid/Issue Period and withdraw their Bids until the Bid/Issue Closing Date. Further, Anchor Investors cannot withdraw their Bids after the Anchor Investor Bid/Issue Period. Except for Allocation to RIBs, and the Anchor Investors, Allocation in the Issue will be on a proportionate basis. Allocation to the Anchor Investors will be on a discretionary basis.

The Book Building Process is in accordance with guidelines, rules and regulations prescribed by SEBI and the Bidding Process are subject to change from time to time and Bidders are advised to make their own judgment about an investment through this process prior to submitting a Bid in the Issue. For details in this regards, specific attention is invited to the chapter titled “*Issue Procedure*” beginning from page no 226 of the Prospectus.

The process of Book Building under the SEBI ICDR Regulations is subject to change from time to time and the investors are advised to make their own judgment about investment through this process prior to making a Bid or application in the Issue.

For further details on the method and procedure for Bidding, please see section entitled “*Issue Procedure*” on page 226 of this Prospectus.

Illustration of the Book Building and Price Discovery Process: Bidders should note that this example is solely for illustrative purposes and is not specific to the Issue. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹20 to ₹ 24 per share, Issue size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Issue the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Company in consultation with the BRLM, may finalise the Issue Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Issue Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

Steps to be taken by the Bidders for Bidding:

- Check eligibility for making a Bid (see section titled “*Issue Procedure*” on page 226 of this Prospectus);
- Ensure that you have a demat account and the demat account details are correctly mentioned in the Bid cum Application Form;
- Ensure correctness of your PAN, DP ID and Client ID mentioned in the Bid cum Application Form. Based on these parameters, the Registrar to the Issue will obtain the Demographic Details of the Bidders from the Depositories.
- Except for Bids on behalf of the Central or State Government officials, residents of Sikkim and the officials appointed by the courts, who may be exempt from specifying their PAN for transacting in the securities market, for Bids of all values ensure that you have mentioned your PAN allotted under the Income Tax Act in the Bid cum Application Form. The exemption for Central or State Governments and officials appointed by the courts and for investors residing in Sikkim is subject to the Depository Participant’s verification of the veracity of such claims of the investors by collecting sufficient documentary evidence in support of their claims.
- Ensure that the Bid cum Application Form is duly completed as per instructions given in this Prospectus and in the Bid cum Application Form;

The time for applying for Retail Individual Applicant on Bid/ Issue Closing Date maybe extended in consultation with the BRLM, RTA and NSE Emerge taking into account the total number of applications received up to the closure of timings.

Due to the limitation of time available for uploading the Bid Cum Application Forms on the Bid/ Issue Closing Date, Bidders are advised to submit their applications one (1) day prior to the Bid/ Issue Closing Date and, in any case, not later than 3.00 p.m. (IST) on the Bid/ Issue Closing Date. Any time mentioned in this Prospectus is IST. Bidders are cautioned that, in the event a large number of Bid Cum Application Forms are received on the Bid/Issue Closing Date, as is typically experienced in public Issue, some Bid Cum Application Forms may not get uploaded due to the lack of sufficient time. Such Bid Cum Application Forms that cannot be uploaded will not be considered for allocation under this Issue. Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holidays). Neither our Company nor the BRLM is liable for any failure in uploading the Bid Cum Application Forms due to faults in any software/hardware system or otherwise.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid Cum Application Form, for a particular Applicant, the details as per the file received from Stock Exchange may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Bid Cum Application Form, for a particular ASBA Applicant, the Registrar to the Issue shall ask the relevant SCSBs / RTAs / DPs / stock brokers, as the case may be, for the rectified data.

Website: www.spreadx.in

The Market Maker shall the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations, 2018 and the circulars issued by the NSE and SEBI in this regard from time to time.

Following is a summary of the key details pertaining to the proposed Market Making arrangement:

- 1) The Market Maker(s) (individually or jointly) shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the stock exchange. Further, the Market Maker(s) shall inform the exchange in advance for each and every black out period when the quotes are not being issued by the Market Maker(s).
- 2) The minimum depth of the quote shall be ₹ 1,00,000. However, the investors with holdings of value less than ₹ 1,00,000 shall be allowed to Issue their holding to the Market Maker(s) (individually or jointly) in that scrip provided that he/she sells his/her entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
- 3) Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.
- 4) After a period of three (3) months from the market making period, the market maker would be exempted to provide quote if the Shares of market maker in our Company reaches to 25% of Issue Size (Including the 158400 Equity Shares ought to be allotted under this Issue). Any Equity Shares allotted to Market Maker under this Issue over and above 158400 Equity Shares would not be taken in to consideration of computing the threshold of 25% of Issue Size. As soon as the Shares of market maker in our Company reduce to 24% of Issue Size, the market maker will resume providing 2-way quotes.
- 5) There shall be no exemption/threshold on downside. However, in the event the Market Maker exhausts his inventory through market making process, NSE may intimate the same to SEBI after due verification.
- 6) There would not be more than five Market Makers for a script at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.
- 7) On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction. In case equilibrium price is not discovered the price band in the normal trading session shall be based on Issue price.
- 8) The Marker Maker may also be present in the opening call auction, but there is no obligation on him to do so.
- 9) There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.
- 10) The Market Maker(s) shall have the right to terminate said arrangement by giving a One month notice or on mutually acceptable terms to the Merchant Banker, who shall then be responsible to appoint a replacement Market Maker(s).
- 11) In case of termination of the Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Book Running Lead Manager to arrange for another Market Maker in

replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 261 of the SEBI (ICDR) Regulations, 2018. Further our Company and the Book Running Lead Manager reserve the right to appoint other Market Makers either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed five or as specified by the relevant laws and regulations applicable at that particular point of time. OBJECTS OF THE ISSUE

The Issue constitutes a public Issue of 3115200 Equity Shares of our Company at an Issue Price of ₹ 75/- per Equity Share.

FRESH ISSUE

The Issue Proceeds from the Fresh Issue will be utilized towards the following objects:

1. Working Capital Requirements
2. General Corporate Purposes

(Collectively referred as the “objects”)

We believe that listing will enhance our corporate image and visibility of brand name of our Company. We also believe that our Company will receive the benefits from listing of Equity Shares on the NSE Emerge (“NSE”). It will also provide liquidity to the existing shareholders and will also create a public trading market for the Equity Shares of our Company.

Our Company provides BoP (Balance of Plant) Solutions for both Wind and Solar power generation companies and also provides Operation and Maintenance services for Plant handling and monitoring. Balance of Plant refers to all the components of a power generation facility or industrial plant excluding the main generating equipment. While, under Operation & Maintenance vertical, our company provides support to site operations for optimised performance.

The main objects and objects incidental and ancillary to the main objects, as set out in our Memorandum of Association, enable our Company to undertake our existing business activities and the activities for which funds are being raised by us through the Fresh Issue. We confirm that the activities which we have been carrying out till date are in accordance with the objects clause of our Memorandum of Association.

REQUIREMENT OF FUNDS

The proceeds of the Issue, after deducting Issue related expenses, are estimated to be ₹ 2,031.06 Lakhs (the “Net Issue Proceeds”).

The following table summarizes the requirement of funds:

Accordingly, we confirm that we are in compliance with the requirement to make the firm arrangement of finance under Regulation 230(1) (e) of the SEBI ICDR Regulations and Clause 9 (C) of Part A of Schedule VI of the SEBI ICDR Regulations (which requires firm arrangements of finance through verifiable means for 75% of the stated means of finance, excluding the Issue Proceeds and existing identifiable internal accruals).

The fund requirement and deployment is based on internal management estimates and has not been appraised by any bank or financial institution. These are based on current conditions and are subject to change in the light of changes in Internal / external circumstances or costs or other financial conditions and other factors. In case of any increase in the actual utilization of funds earmarked for the Objects, such additional funds for a particular activity will be met by way of means available to our Company, including from internal accruals. If the actual utilization towards any of the Objects is lower than the proposed deployment such balance will be used for future growth opportunities including funding existing objects, subject to regulatory approval required under applicable law. In case of delays in raising funds from the Issue, our Company may deploy certain amounts towards any of the above-mentioned Objects through a combination of Internal Accruals or Unsecured Loans (Bridge Financing) and in such case the Funds raised shall be utilized towards repayment of such Unsecured Loans or recouping of Internal Accruals. However, we confirm that no bridge financing has been availed as on date, which is subject to being repaid from the Issue Proceeds.

We further confirm that no part proceed of the Issue shall be utilized for repayment of any Part of unsecured loan outstanding as on date of Prospectus. As we operate in competitive environment, our Company may have to revise its business plan from time to time and consequently our fund requirements may also change. Our Company's historical expenditure may not be reflective of our future expenditure plans. Our Company may have to revise its estimated costs, fund allocation and fund requirements owing to various factors such as economic and business conditions, increased competition and other external factors which may not be within the control of our management. This may entail rescheduling or revising the planned expenditure and funding requirements, including the expenditure for a particular purpose at the discretion of the Company's management.

For further details on the risks involved in our business plans and executing our business strategies, please refer section titled "Risk Factors" beginning on Page 27 of this Prospectus.

2. Holding period level (in months/days) of WIP is calculated by dividing WIP by Cost of Goods Sold multiplied by number of months/days in the year/period.
3. Holding period level (in months/days) of Trade Payables is calculated by dividing trade payables by Raw Material Purchased multiplied by number of months/days in the year/period.

Our Company's estimated working capital requirements on a restated basis are based on the following key assumptions:

Sr No	Particulars	Details
Current Assets		
1.	Trade receivables	<p>Over the past three financial years, our trade receivables holding period has witnessed a reduction from 136 days to 123 days. This positive trend can be attributed to the favourable credit terms offered by our customers. Looking ahead, we anticipate a further decrease in the receivable holding period, driven by our projection of upcoming projects.</p> <p>As our project book is becoming stronger on Year to year basis, our company is projecting the holding period for trade receivables in the range of 115 to 120 days.</p> <p>Notably, our major customers involve companies engaged in renewable energy business, which have consistently shortened credit periods from 136 to 123 days over the years. The decreasing trend in trade receivables holding period demonstrate our strong execution capabilities of timely completion resulting into early payments. Embracing projects with advantageous credit terms has enabled us to expedite cash flows, ensuring sustained liquidity and optimal working capital management. This strategic shift not only positions us to take on additional projects but also supports profitable growth in the competitive business.</p>
2.	Inventories	<p>Inventories of our company consists of Work in Progress representing the cost incurred for the projects that are in progress but not yet completed.</p> <p>Notably, the inventory holding period has fluctuated significantly from 85 days in FY 2020-21 to 29 days in FY 2021-22 to 1.00 day in FY 2022-23. The significant decrease in the holding period for FY 2022-23 was due to early billing before the ending of Financial year 2022-23 leading to realization of completed projects and significant reduction in WIP amount as compared to Previous Financial year.</p>

Sr No	Particulars	Details
		<p>As of period ending December 31, 2023, the holding period has reached 50 days due to the contractual duration of 18-24 months for the in-process inventory awaiting customer delivery.</p> <p>Looking ahead, we anticipate the inventory holding period, reaching 29 days by the end of FY 2023-24 and stabilizing at 21 days for FY 2024-25 and 2025-26. This strategic extension of our inventory holding period aligns with our business growth, profitability objectives and ongoing order book. As we undertake larger and more complex projects in the renewable energy sector, extending the inventory holding period becomes essential to ensure a steady supply of materials and components for both our Engineering, Procurement, and Construction (EPC) segment and civil work services.</p> <p>This strategic approach allows us to effectively address the demands of longer-duration projects while capitalizing on cost-saving opportunities through bulk procurement and favorable supplier agreements. Despite the extended inventory cycle, this deliberate shift in strategy enhances our profitability by enabling us to secure high-quality services and maintain robust profits over the long term.</p>
<u>Current Liabilities</u>		
3.	Trade Payables	<p>The trade payables holding period has consistently decreased in line with the declining trend in the trade receivables holding period. Over the past three years, the holding period for trade payables has reduced from 188 days to 62 days, reflecting our commitment to timely payments and better relationship with the suppliers for quality materials.</p> <p>As of period ending December 31, 2023, the trade payables holding period stands at 84 days, further reduced due to significant number of projects (More than 60) has been completed during nine months ended on December 31, 2023 realizing into timely payments from the customers and resulting into payments to suppliers in a timely manner.</p> <p>This decline in our trade payables holding period underscores our strategic focus on optimizing cash flow management. By participating in projects with favorable credit terms, we can effectively handle our payables, maintaining robust relationships with our suppliers and efficiently utilizing our working capital. Aligning our operations with projects offering favorable credit periods enhances our financial stability and adds flexibility to our procurement processes. This strategic approach supports our ability to execute projects efficiently in the competitive power transmission and distribution sector, demonstrating our commitment to prudent financial management and strong partnerships with suppliers.</p> <p>Our company is further projecting the holding period to be reduced approximately 35 days by FY 2025-26. The expansion of our order book in projected period indicates higher volume of business activity, leading to increased cash flows and liquidity. With improved cash flow, we can settle our trade payables more promptly, further reducing the holding period.</p>

JUSTIFICATION FOR WORKING CAPITAL REQUIREMENT

Our Working capital requirement for the period ended on December 31, 2023, FY 2022-23, 2022-21 and 2020-21 was ₹ 2,184.24 Lakhs, ₹ 1,727.60 Lakhs, ₹ 1,034.52 Lakhs and ₹ 773.59 Lakhs, respectively.

Justification for increase in working capital requirement in FY 2021-22 as compared to FY 2020-21:

The working capital requirement has been increased by ₹ 260.93 lakhs in FY 2021-22. The increase in the working capital requirement for the FY 2021-22 as compared to FY 2020-21 was mainly attributable to increase in the trade receivables. As the revenue of our company increased from ₹ 2,216.35 lakhs in FY 2020-21 to ₹ 6,070.19 lakhs in FY 2021-22, the amount of trade receivables also increased from ₹ 839.59 lakhs in FY 2020-21 to ₹ 1,676.47 lakhs in FY 2021-22. Though the number of projects remained in similar line, the amount of each project and the nature of work i.e., Civil construction work has increased significantly. As our company provided timely completion of such project, holding period for the trade receivables reduced significantly from 136 days to 99 days though, the amount of trade receivables increased on Year to year basis.

On the other hand, trade payables for the same period has also been increased from ₹ 704.65 lakhs in FY 2020-21 to ₹ 1,419.49 lakhs in FY 2021-22 due to significant increase in the purchase of raw material in FY 2021-22 i.e., ₹ 4,579.02

lakhs. The increase in purchase of raw material is directly linked with the number, quantum and nature of orders received in FY 2021-22. As mentioned above, during FY 2021-22, our company executed large number of projects in the nature of civil work requiring higher number of raw materials. The same is evident from the revenue received from Engineering & Consulting Work and Civil work in FY 2021-22.

Particulars	For the year ended 31 March 2021	For the year ended 31 March 2022
Work Contract Income		
- Engineering & Consulting Work	1,561.47	4,685.96
- Operation & Maintenance Work	435.62	482.09
- Civil Work	219.25	902.14
Total	2,216.35	6,070.19

However, the working capital requirement has increased marginally in compared to increase in revenue from operations. The reason for the same is total increase in cost of material consumed (₹ 1,350.72 Lakhs FY 2021 as compared to ₹ 4,579.02 in FY 2022) which resulted into increase in trade payables.

Justification for increase in working capital requirement in FY 2022-23 as compared to FY 2021-22:

The working capital requirement increased by ₹ 693.07 lakhs in FY 2022-23 as compared to FY 2021-22. The current assets for the FY 2022-23 was ₹ 2,622.84 lakhs as compared to ₹ 2,498.77 lakhs in FY 2021-22. The nominal increase in the current assets is due to the increase in the trade receivables from ₹ 2,227.94 lakhs in FY 2022-23 as compared to ₹ 1,676.47 lakhs in FY 2021-22 showing an increase of ₹ 551.46 lakhs. On the other hand, the WIP decreased by ₹ 458.24 lakhs in FY 2022-23. The rise in the number of projects undertaken by the company indicates a higher volume of business activity leading to increased invoicing and higher trade receivables as payments are pending from customers. WIP for the FY 2022-23 has been decreased significantly as the projects has been completed in a timely manner leading to timely realization and decreased WIP.

On the other hand, trade payables have been decreased by ₹ 745.85 lakhs in FY 2022-23 as compared to FY 2021-22. The reason for decrease in trade payables is due to 2 (Two) reasons: (i) Decrease in purchase of raw material in FY 2022-23 (i.e., ₹ 3,893.66 lakhs) as compared to FY 2021-22 (i.e., ₹ 4,579.02 lakhs) due to decrease in income of Civil work in FY 2022-23 as compared to FY 2021-22. (ii) Better terms and conditions in purchase of raw materials leading to reduced pricing and reduced trade payables.

Our Working capital requirement for the year ended FY 2023-24, FY 2024-25 and FY 2025-26 will be ₹ 2,583.08 Lakhs, ₹ 4,584.59 Lakhs, and ₹ 5,973.85 Lakhs, respectively.

Justification for increase in working capital requirement in FY 2023-24 as compared to FY 2022-23:

Working capital requirement for the FY 2023-24 will be ₹ 2,583.08 Lakhs as compared to ₹ 1,727.60 Lakhs in FY 2022-23, showing an increase of ₹ 855.48 Lakhs. The primary reason for increase in working capital requirement of the company will be due to increase in closing inventories based on the latest audited financial statements for the period ended as on December 31, 2023. While rest of the projections for working capital are in line with the growth of the company.

Justification for increase in working capital requirement in FY 2024-25 as compared to FY 2023-24:

Working capital requirement for the FY 2024-25 will be ₹ 4,584.59 Lakhs as compared to ₹ 2,583.08 Lakhs in FY 2023-24, showing an increase of ₹ 2,001.51 Lakhs. The primary reason for increase in working capital requirement of the company will be due to decrease in the holding period from 59 days in FY 2023-24 to 34 days in FY 2024-25. As on April 26, 2024, our company have more than 41 Major Ongoing projects having total value of approximately ₹ 11,953.31 lakhs out of which invoices of more than ₹ 2,115.54 lakhs have been submitted as on March 31, 2024 resulting into unexecuted or unbilled order book of ₹ 9,837.75 lakhs.

Though, the amount of trade payables has been increased, holding period will be decreased due to increase in the purchase of raw material. Our Company provides BoP (Balance of Plant) Solutions for both Wind and Solar power generation companies which includes supply of materials. As it is evident from the list of Ongoing projects of the company, our company has received significant orders which requires supply of material whether on direct basis or through civil construction work. With an increase in the order book, the company may negotiate better payment terms with its suppliers due to higher purchasing volumes leading to more favourable payment terms resulting in a reduction in the holding period of trade payables.

Further, our company is projecting increase in the Trade receivables of the company. As per projected financials the trade receivables for the period FY 2024-25 will be ₹ 4,130.00 Lakhs as compared to ₹ 2,560.85 Lakhs in FY 2023-24. The projected amount of trade receivables for the FY 2024-25 is based on the growing order book of the company. Though the

amount of trade receivables will be increased, our company is projecting decrease in the holding period due to faster execution capabilities.

Justification for increase in working capital requirement in FY 2025-26 as compared to FY 2024-25:

Working capital requirement for the FY 2025-26 will be ₹ 5,973.85 Lakhs as compared to ₹ 4,584.59 Lakhs in FY 2024-25, showing an increase of ₹ 1,389.26 Lakhs. Though, working capital requirement of the company has been increase, total working capital days will be 104 days approximately in FY 2023-24 as compared to 101 days approximately in FY 2024-25, showing similar working capital cycle. The working capital projections for the FY 2025-26 is based on the growth of normal growth of the company.

Apart from above there are other working capital requirements such as Cash and Cash Equivalents, Other Current assets, loans and advances, short term provisions and other current liabilities. Details of which are given below:

Cash and Cash Equivalents	Cash and cash equivalents include cash in hand and balance in current account. Cash and Cash Equivalent balance is estimated based on previous year outstanding amount and for expected Business requirement of company.
Other Assets	Other Assets include, Balance with Revenue Authorities, Prepaid Expenses, Security and Deposits are estimated based on previous year outstanding amount and for expected Business requirement of company.
Other liabilities	Other Liabilities mainly include Statutory dues, creditors for expenses and advances & deposits received. Other current liabilities are estimated based on previous year outstanding amount and for expected Business requirement of company.
Short-term provisions	Short-term provisions mainly include provision for gratuity, tax and expenses. Short-term provisions are estimated based on previous year outstanding amount and for expected Business requirement of company.

GLOBAL OUTLOOK

Global growth is expected to slow to 2.4 percent in 2024—the third consecutive year of deceleration—reflecting the lagged and ongoing effects of tight monetary policies to rein in decades-high inflation, restrictive credit conditions, and anemic global trade and investment. Near-term prospects are diverging, with subdued growth in major economies alongside improving conditions in emerging market and developing economies (EMDEs) with solid fundamentals. Meanwhile, the outlook for EMDEs with pronounced vulnerabilities remains precarious amid elevated debt and financing costs. Downside risks to the outlook predominate. The recent conflict in the Middle East, coming on top of the Russian Federation’s invasion of Ukraine, has heightened geopolitical risks. Conflict escalation could lead to surging energy prices, with broader implications for global activity and inflation. Other risks include financial stress related to elevated real interest rates, persistent inflation, weaker-than-expected growth in China, further trade fragmentation, and climate change-related disasters. Against this backdrop, policy makers face enormous challenges and difficult trade-offs. International cooperation needs to be strengthened to provide debt relief, especially for the poorest countries; tackle climate change and foster the energy transition; facilitate trade flows; and alleviate food insecurity. EMDE central banks need to ensure that inflation expectations remain well anchored and that financial systems are resilient. Elevated public debt and borrowing costs limit fiscal space and pose significant challenges to EMDEs—particularly those with weak credit ratings—seeking to improve fiscal sustainability while meeting investment needs. Commodity exporters face the additional challenge of coping with commodity price fluctuations, underscoring the need for strong policy frameworks. To boost longer-term growth, structural reforms are needed to accelerate investment, improve productivity growth, and close gender gaps in labor markets.

Global economic activity continues to soften, amid the effects of tight monetary policies, restrictive financial conditions, and weak global trade growth. After a sharp slowdown in 2022 and another decline last year, global output growth is set to edge down in 2024, marking the third consecutive year of deceleration. The recent conflict in the Middle East has heightened geopolitical risks and raised uncertainty in commodity markets, with potential adverse implications for global growth. This comes while the world economy is continuing to cope with the lingering effects of the overlapping shocks of the past four years—the COVID-19 pandemic, the Russian Federation’s invasion of Ukraine, and the rise in inflation and subsequent sharp tightening of global monetary conditions.

Near-term prospects are diverging (figure 1.1.A). Growth in advanced economies as a whole and in China is projected to slow in 2024 to well below its 2010-19 average pace. Meanwhile, aggregate growth is set to improve in EMDEs with strong credit ratings, remaining close to pre-pandemic average rates. Although overall growth is also expected to firm somewhat from its 2023 low in EMDEs with weak credit ratings, the outlook for many such countries remains precarious, given elevated debt and financing costs, and idiosyncratic headwinds such as conflict.

Global headline and core inflation have continued to decline from 2022 peaks. Nonetheless, inflation remains above target in most advanced economies and about half of inflation-targeting EMDEs. Global inflation is projected to remain above its 2015-19 average beyond 2024 (figure 1.1.B). Monetary tightening in advanced economies is concluding, but real policy interest rates are expected to remain elevated for some time, as inflation returns to target only gradually. This will keep the stance of advanced-economy monetary policies restrictive in the near-term, following the largest and fastest increase in U.S. real policy rates since the early 1980s (figure 1.1.C).

Long-term yields on advanced-economy government bonds were volatile in 2023, reflecting shifting expectations about the path of future interest rates and sizable movements in term premia. Although yields have retreated from their late-October peaks, they still imply increased fiscal vulnerabilities, given that median global government debt has risen by 20 percentage points of GDP since 2007, when U.S. yields were last at their current levels. The drag on growth from monetary tightening is expected to peak in 2024 in most major economies, assuming an orderly evolution of broader financial conditions. Thus far, headwinds to growth from elevated interest rates have been offset, to some degree, by households and firms spending out of savings buffers, resilient risk appetite, and extended maturities on stocks of low-cost debt, as well as by expansionary fiscal policy in some cases, most notably the United States.

Global trade growth in 2023 was the slowest outside global recessions in the past 50 years, with goods trade contracting amid anemic global industrial production. Services trade has continued to recover from the effects of the pandemic, but at a slower pace than previously expected. Global trade growth is projected to pick up to 2.3 percent in 2024, partly reflecting a recovery of demand for goods and, more broadly, in advanced-economy trade (figure 1.1.D).

The recent conflict in the Middle East has so far had only a muted impact on commodity prices. In 2023 as a whole, most commodity prices weakened to varying degrees; however, they remain above pre-pandemic levels. Despite recent volatility triggered mainly by the conflict, and assuming hostilities do not escalate, average oil prices in 2024 are projected to edge down as global growth weakens and oil production increases. Metal prices are set to decline again as the slower growth in China further weighs on metal demand. Food prices are expected to soften further this year amid ample supplies for major crops but remain elevated.

FIGURE 1.1 Global economic prospects

Growth rates in advanced economies as a whole and in China are projected to slow in 2024 to well below their 2010-19 average paces. Although growth is forecast to firm slightly in many EMDEs, it will remain below pre-pandemic average rates in countries with weak credit ratings. Global inflation is projected to continue receding only gradually, as demand softens. Advanced-economy monetary policies are expected to remain tight—including in the United States, following the largest and fastest increase in real policy rates since the early 1980s. Global trade, virtually stagnant in 2023, is set to resume slow growth in 2024. In all, 2020-24 marks the weakest start to a decade for global growth since the 1990s. Rising interest rates have driven borrowing costs well above nominal growth rates in many EMDEs, particularly those with weaker creditworthiness, squeezing fiscal space.

GLOBAL OUTLOOK AND RISKS

Risks to the outlook

Risks to the global growth outlook have become somewhat more balanced since last June, as banking system stress in advanced economies has receded and inflation has declined. Nevertheless, risks remain tilted to the downside. The possibility of an intensification of the conflict in the Middle East represents a major downside risk. This, or rising geopolitical tensions elsewhere, could have adverse impacts through commodity markets, trade and financial linkages, uncertainty, and confidence. Weak growth, elevated debt, and still high interest rates heighten the risk of financial stress, especially in the more vulnerable EMDEs. Higher or more persistent inflation may require a longer-than-assumed period of tight monetary policy. Subdued recent activity in China raises the possibility of slower-than-expected growth, which would have adverse global spillovers. Trade fragmentation and climate-related disasters could also result in weaker growth in the near and longer terms. On the upside, recent surprisingly strong economic activity in the United States, along with declining inflation, points to the possibility that growth may be stronger than projected, perhaps as a result of improved supply conditions.

Financial stress

Interest rates in advanced economies have risen markedly over the past couple of years, as central banks have acted to rein in inflation. There have also been occasional surges in long-term bond yields, which have been associated with episodes of financial stress, including instability in U.K. gilt markets in 2022 and the failures of several U.S. banks early last year. These bouts of financial instability were stemmed by timely and extensive policy responses. There remains a risk, however, that renewed increases in market interest rates, or an extended period of elevated real policy rates, could expose latent financial and economic vulnerabilities, precipitating a souring of risk appetite and a sharp tightening of global financial conditions.

There could be several triggers for such an outcome. Monetary easing in advanced economies could be postponed if progress returning inflation to targets were to slow or if labor markets tightened unexpectedly. Alternatively, a negative supply shock, such as a sizable increase in oil prices related to geopolitical developments, could see inflation resurge. Following a lengthy spell of above-target inflation, central banks might judge that surging non-core prices could raise inflation expectations, necessitating tighter monetary policies. In circumstances like these, heightened uncertainty over the path of policy rates, abetted by expansive government borrowing or quantitative tightening, could prompt sharp increases in term premia, driving bond yields higher (Cohen, Hördahl, and Xia 2018). Estimates of U.S. term premia in 2023 exhibited substantial volatility, which could continue into 2024. Sudden moves in yields could be amplified by the unwinding of the leveraged positions of non-bank financial institutions, including those intended to profit from arbitrage strategies in government bond markets (Avalos and Sushko 2023).

Such developments could drive borrowing rates higher, choke off credit growth, and prompt sharp falls in asset prices. For financial institutions, a sudden and pronounced steepening of the yield curve, driven by a rise in the term premium on long-dated securities, could lead to capital impairment and further exacerbate the credit crunch—a potential outcome made more likely by the lenient regulatory treatment of sovereign risk (BIS 2018). For businesses in interest-sensitive sectors, including commercial real estate, rolling over loans could become challenging. Over time, a rising proportion of households could struggle to service loans, including adjustable-rate mortgages, eroding the quality of bank assets.

Trade fragmentation

Increasing trade restrictions, which have become more common in recent years, present another risk of damage to both near- and long-term global growth prospects. Trade restrictions tend to reduce economic efficiency and often fail to meet their primary objectives because of avoidance efforts. The result may be just a shift in the pattern of interdependence among countries, with increasing indirect linkages through supply chains (Alfaro and Chor 2023; Freund et al. 2023). For instance, following the increases in tariffs imposed by the United States on imports from China in 2018 and 2020, countries that expanded their market shares in the United States also strengthened their trade ties with China. Such tariff increases may therefore not have achieved their primary objective of reducing U.S. economic dependence on China, but they are likely to have led to higher prices of imported goods for U.S. consumers by increasing the length and complexity of supply chains. Other efforts at friendshoring, near-shoring, or on-shoring, motivated by geopolitical tensions, could have similar results.

More frequent natural disasters with worsening impacts

The possibility of increasingly frequent and severe natural disasters resulting from climate change poses a global threat, with the potential to generate significant losses in lives, livelihoods, and output (Casey, Fried, and Goode 2023). Natural disasters, including those linked to climate change, impacted 130 million people and caused more than 40,000 deaths annually, on average, over the past three decades (Song, Hochman, and Timilsina 2023). Climate change-related disasters have caused severe damage to private and public infrastructure, disrupted output, and reduced productivity (Dieppe, Kilic Celik, and Okou 2020; Hallegatte, Jooste, and McIsaac 2022).

The adverse effects of climate change and natural disasters on growth could be amplified by limited fiscal capacity to respond to them, or through their impact on public sector balance sheets (Milivojevic 2023). Natural disasters could also pose risks to the stability of banking sectors by compromising loan collateral and triggering increases in non-performing loans (Nie, Regelink, and Wang 2023). At the same time, the financial sector faces balance sheet risks from the green transition, such as from stranded assets in high-carbon sectors.

INDIAN ECONOMY:

Overview of the Indian Economy (1950-2014)

Initially (1950-1980), India operated as a closed economy with import substitution, export subsidies, and strict controls on technology and investment. Post-1980, recognizing the limitations of this approach, pro-business reforms were introduced, including import liberalization, export incentives, and an expansionary fiscal policy. While these changes aimed to enhance productivity and boost demand through improved credit availability and increased public expenditure, they also led to unsustainable investments, questionable loans, and a Balance-of-Payments (BoP) crisis in 1990-91.

The 1991 Balance-of-Payments (BoP) crisis marked a turning point in India's economic trajectory. Reforms were initiated to dismantle a complex system of rules, licenses, and state ownership biases, shifting away from inward-looking trade strategies. India moved towards becoming a market economy by removing industrial licensing and liberalizing foreign direct investment (FDI). However, the latter half of the 1990s experienced a growth slowdown, influenced by the East

Asian financial crisis, fiscal setbacks, agricultural challenges, structural reform delays, and political instability. Some attribute the slowdown to inflation-driven monetary tightening.

The early 2000s experienced robust domestic economic activity, improved corporate performance, a favorable investment climate, and positive sentiments toward India as a preferred investment destination. Transformative reforms from 1998-2002 contributed to this growth, global economic expansion, and increased capital flows to India. Initiatives like Sarva Shiksha Abhiyan (SSA), National Rural Health Mission (NRHM), and National Rural Employment Guarantee Scheme (NREGS) were implemented. However, the global financial crisis in 2008 revealed vulnerabilities, leading to a rise in bad debts in banks, reaching double-digit percentages by March 2018, primarily originating between 2006 and 2008.

During 2009-2014, the government aimed to sustain growth through persistent high fiscal deficits and prolonged loose monetary policies. Nominal GDP growth remained elevated due to high inflation, with India experiencing annual double-digit inflation rates for five consecutive years. The country grappled with significant twin deficits - a fiscal deficit of 4.9% in FY13 and a current account deficit of 4.8% in FY13 - leading to an overvalued rupee. In 2013, these challenges culminated in a sharp depreciation of the Indian rupee against the US dollar, declining annually by 5.9%. Consequently, economic growth stagnated.

Decade of transformative growth (2014-2024)

The Indian economy underwent significant structural reforms during this period, boosting its macroeconomic foundations. These measures propelled India to become the fastest-growing economy among G20 nations. Further, efficient handling of the COVID-19 pandemic and recent geopolitical challenges has ensured that the Indian economy continues to outperform its global peers. Current estimates suggest a growth of 7.3% in 2023-24, building on the

impressive 9.1% (FY22) and 7.2% (FY23) growth in the preceding two years. It is commendable that India is expected to post a GDP growth rate of over 7% for the third year in a row while the global economy is struggling to post a 3% growth.

The structural reforms implemented since 2014 have strengthened the macroeconomic fundamentals of the economy. Below, we list the key reforms implemented during the last decade:

Challenges Emerge Alongside India's Reform-Driven Growth

The report also emphasized the challenges that the Indian economy is facing. These challenges are:

Geoeconomic changes and evolving globalization trends: India's economic growth is not only influenced by its own actions but also by global events. As the world becomes more interconnected, global trade patterns and economic cooperation changes impact India. The current trend of friend shoring and onshoring, driven by a shift away from hyper-globalization, is affecting worldwide trade and, consequently, overall global growth.

Complex Interplay of Energy Security and Economic Growth: Choosing between ensuring enough energy for economic growth and transitioning to cleaner energy is a complex issue. It involves factors like politics, technology, finances, economics, and society. Moreover, decisions made by one country affect others, making the situation even more intricate.

Employment risks in the AI era: The rise of Artificial Intelligence (AI) is a significant challenge for governments globally, especially in service sectors where jobs may be affected. An IMF paper suggests that 40% of global jobs are at risk due to AI, presenting both opportunities and risks.

Filling the gaps in the Skills, Education, and Health ecosystem: Nationally, it's vital to ensure a skilled workforce, quality education at all levels, and good health among the population. This boosts economic productivity by having capable and healthy workers.

Factors Driving the Domestic Economy

Strong Credit Growth: Bank credit has grown remarkably in recent years, surpassing deposit growth fueled by sustained demand and robust post-pandemic economic recovery. FY23 witnessed a noteworthy 15% growth in non-food bank credit, the highest in the past decade. This surge in credit was accompanied by a substantial enhancement in the banking sector's health. Notably, the asset quality across all Scheduled Commercial Banks (SCBs) groups improved, with Gross Non-Performing Assets (GNPAs) and Net NPAs reaching a multi-year low by September 2023. This positive transformation in the banking sector contrasts sharply with the challenges it faced in the previous decade, emphasizing the success of reforms the government and the RBI implemented in addressing the "twin balance sheet problem." The cleansing of balance sheets facilitated a healthier credit environment and a revival of credit growth.

Stability of the Macroeconomic Environment:

Between FY09 and FY14, there was high retail inflation, averaging 10%. However, since the introduction of flexible inflation targeting around 4% (with a band of +/- 2%) in FY16, retail inflation averaged 4.2% till FY20. The Price Stabilization Fund (PSF), established in 2014-15, effectively managed price fluctuations in key agri-horticultural goods.

In FY24 (April-December), inflationary pressures eased, with average retail inflation at 5.5%, compared to 6.8% in FY23. This decline was led by favorable core (non-food, non-fuel) inflation trends, reaching a 49-month low of 3.8% in December 2023. Overall, retail inflation is now stable, staying within the defined tolerance band of 2 to 6 percent. The RBI predicts an average inflation of 5.4% in FY24.

Retail Inflation % in India

Source: DEA; Note: * data for FY23 is revised, and FY24 is an Estimate.

The Road Ahead

The report states that India's robust growth is anticipated to continue, supported by macroeconomic stability. The official estimate for FY24 projects a 7.3% growth rate, with decreasing headline inflation. Favorable factors include resilient service exports, lower oil import costs, and a reduced current account deficit of 1% of GDP in H1 FY24. The positive outlook is driven by the digital revolution, supportive regulatory environment, social and economic upliftment measures, and efforts to diversify exports. Reforms implemented over the past decade establish a foundation for resilient governance, setting the stage for sustained economic growth. Further reforms at sub-national levels, focusing on MSMEs, regulatory efficiency, land availability, and energy needs, are expected to accelerate economic growth.

INFRASTRUCTURE:

Infrastructure is a key enabler in helping India become a US \$26 trillion economy. Investments in building and upgrading physical infrastructure, especially in synergy with the ease of doing business initiatives, remain pivotal to increase

efficiency and costs. Prime Minister Mr. Narendra Modi also recently reiterated that infrastructure is a crucial pillar to ensure good governance across sectors.

The government’s focus on building infrastructure of the future has been evident given the slew of initiatives launched recently. The US\$ 1.3 trillion national master plan for infrastructure, Gati Shakti, has been a forerunner to bring about systemic and effective reforms in the sector, and has already shown a significant headway.

The infrastructure sector is a key driver of the Indian economy. The sector is highly responsible for propelling India’s overall development and enjoys intense focus from the Government for initiating policies that would ensure the time-bound creation of world-class infrastructure in the country. The infrastructure sector includes power, bridges, dams, roads, and urban infrastructure development. In other words, the infrastructure sector acts as a catalyst for India’s economic growth as it drives the growth of the allied sectors like townships, housing, built-up infrastructure, and construction development projects.

To meet India’s aim of reaching a US\$ 5 trillion economy by 2025, infrastructure development is the need of the hour. The government has launched the National Infrastructure Pipeline (NIP) combined with other initiatives such as ‘Make in India’ and the production-linked incentives (PLI) scheme to augment the growth of the infrastructure sector. Historically, more than 80% of the country’s infrastructure spending has gone toward funding for transportation, electricity, and water, and irrigation.

Power generation capacity has increased at a healthy pace

- As on September 2023, India’s total installed electricity generation capacity stood at 425.40 GW.
- As on February 2023, India’s installed renewable energy capacity has increased 396% in the last 8.5 years and stands at more than 174.53 Giga Watts (including large Hydro), which is about 42.5% of the country’s total capacity.
- As of May 2023, the installed solar, wind and other renewable energy capacity has increased by 30.2% and stands at 125.69 GW.
- The cumulative FDI equity inflow in the Power sector is US\$ 17 billion during the period April 2000 to September 2023. This constitutes 2.60% of the total FDI inflow received across sectors.
- For 2023-24, the total budgetary allocation towards the Ministry of Power stood at Rs. 1,96,035 crore (US\$ 23.83 billion).
- In fiscal year 2022-23, India expected to commission 10 thermal power units of an aggregate 7,010 MW capacity.
- Cumulatively 39 thermal power plants with a capacity of 27,550 MW are under construction and will likely take another four years to complete.
- India’s power consumption grew by 13.31% on an annual basis to 127.39 billion units (BU) in September 2022 and 11.65% in H1 FY23.
- Thermal power plant load factor or capacity utilization will improve to 63% in FY24, fueled by strong demand growth along with subdued capacity addition in the sector.
- In October 2022, the Ministry of Power launched a Scheme for Procurement of Aggregate Power of 4500 MW on a competitive basis or five years on Finance, Own and Operate (FOO) basis under B (v) of SHAKTI Policy to help the states that are facing power shortage and also help generation plants to increase their capacities.

GOVERNMENT INITIATIVES AND INVESTMENTS

Under Budget 2023-24:

- Capital investment outlay for infrastructure is being increased by 33% to Rs.10 lakh crore (US\$ 122 billion), which would be 3.3 per cent of GDP and almost three times the outlay in 2019-20.
- In recent years, there has been a substantial increase in the pace of construction of national highways, from an average of 12 kilometres per day in 2014-15 to around 29 kilometres per day in 2021-22.
- As per the Union Budget 2023-24, a capital outlay of Rs. 2.40 lakh crore (US\$ 29 billion) has been provided for the Railways, which is the highest ever outlay and about 9 times the outlay made in 2013-14.
- Infrastructure Finance Secretariat is being established to enhance opportunities for private investment in infrastructure that will assist all stakeholders for more private investment in infrastructure, including railways, roads, urban infrastructure, and power.

WIND & SOLAR ENERGY:

INTRODUCTION

India's energy demand is expected to increase more than that of any other country in the coming decades due to its sheer size and enormous potential for growth and development. Therefore, most of this new energy demand must be met by low-carbon, renewable sources. India's announcement India that it intends to achieve net zero carbon emissions by 2070 and to meet 50% of its electricity needs from renewable sources by 2030 marks a historic point in the global effort to combat climate change.

India was ranked fourth in wind power capacity and solar power capacity, and fourth in renewable energy installed capacity, as of 2021. Installed renewable power generation capacity has increased at a fast pace over the past few years, posting a CAGR of 15.4% between FY16 and FY23. India has 125.15 GW of renewable energy capacity in FY23. India is the market with the fastest growth in renewable electricity, and by 2026, new capacity additions are expected to double.

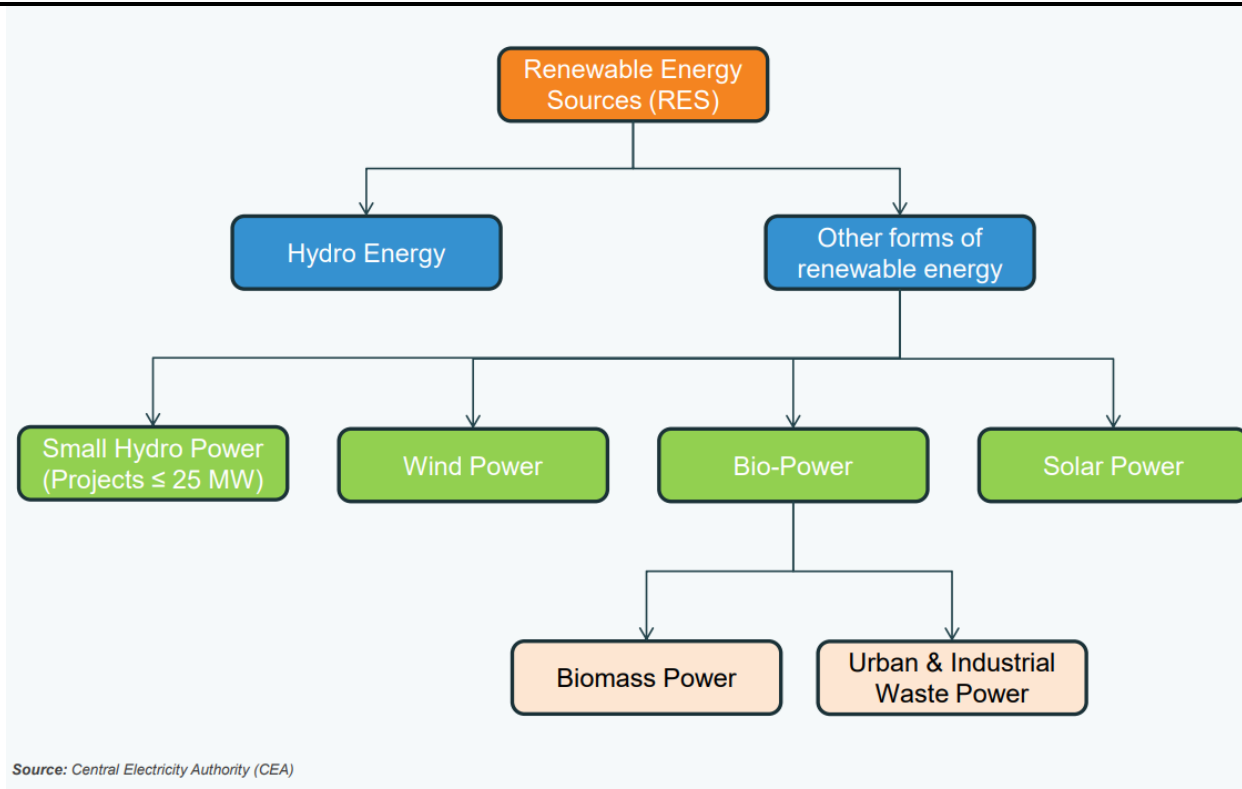

With the increased support of the Government and improved economics, the sector has become attractive from an investor's perspective. As India looks to meet its energy demand on its own, which is expected to reach 15,820 TWh by 2040, renewable energy is set to play an important role.

GOVERNMENT INITIATIVES

- In Budget 2023-24, Green Growth was identified as one of the nodes in the SAPTARISHI (7 priorities).
- In Budget 2023-24, pumped storage projects received a push with a detailed framework to be formulated.
- Union Budget 2023-24 envisions to create sustainable cities of tomorrow. To translate this, states and cities will be encouraged to undertake urban planning reforms and actions to transform our cities into 'sustainable cities of tomorrow.'
- The Indian government's commitment to reaching net-zero emissions by 2070 and increasing its renewable energy target to 500 GW by 2030 at the COP26 summit has provided great support to the industry and spurred unprecedented growth.
- In Budget 2023-24, US \$1.02 billion (Rs. 8,300 crore) central sector support for ISTS infrastructure for 13 GW renewable energy from Ladakh was announced.

Renewable Energy Sources

ROAD AHEAD

India has set a target to reduce the carbon intensity of the nation’s economy by less than 45% by the end of the decade, achieve 50% cumulative electric power installed by 2030 from renewables, and achieve net-zero carbon emissions by 2070. Low-carbon technologies could create a market worth up to \$80 billion in India by 2030.

India’s target is to produce five million tonnes of green hydrogen by 2030. The Green Hydrogen target is set at India’s electrolyzer manufacturing capacity is projected to reach 8 GW per year by 2025. The cumulative value of the green hydrogen market in India could reach \$8 Bn by 2030 and India will require at least 50 gigawatts (GW) of electrolyzers or more to ramp up hydrogen production.

India’s ambitious renewable energy goals are transforming its power sector. The rising population and widespread electrification in rural homes are fueling the demand for energy to power homes, businesses and communities. Clean energy will reduce pollution levels as villages become self-sustainable with their use of clean energy. In 2022, India’s renewable energy sector is expected to boom with a likely investment of US\$ 15 billion this year, as the government focuses on electric vehicles, green hydrogen, and the manufacturing of solar equipment.

It is expected that by 2040, around 49% of the total electricity will be generated by renewable energy as more efficient batteries will be used to store electricity, which will further cut the solar energy cost by 66% as compared to the current cost. The use of renewables in place of coal will save India Rs. 54,000 crore (US\$ 8.43 billion) annually. Around 15,000 MW of wind-solar hybrid capacity is expected to be added between 2020-25.

As per the Central Electricity Authority (CEA) estimates, by 2029-30, the share of renewable energy generation would increase from 18% to 44%, while that of thermal is expected to reduce from 78% to 52%. The CEA also estimates India’s power requirement to grow to reach 817 GW by 2030.

WIND RESOURCE ASSESSMENT (WRA) - DEPARTMENT OF NATIONAL INSTITUTE OF WIND ENERGY

The Motive

The aim of National Institute of Wind Energy under its WRA division is to locate wind rich sites in the country through data analysis for the development of wind energy utilization. The data generated thus from all parts of the country is to be consolidated for the preparation of a National wind resource atlas. Apart from this the division is also involving into wind flow modelling, wind farm layout design, pre-constructional stage energy yield estimation, performance assessment and forecasting related activities using techniques, models and satellite information for the effective exploitation of wind energy. The division is also involved in activities related to the development of offshore wind power projects in the country by supporting in studies and surveys.

The Services Offered/Activities/Schemes by the division

- Site Prospecting and Site Selection
- Verification of Wind Monitoring Procedure
- Long Term Trend Analysis
- Wind Flow Modelling
- Wind Farm Layout Design
- Bankable energy Yield Assessment & Due Diligence
- Detailed Project Report (DPR) preparation for wind farm developers
- Repowering & Intercropping studies
- Wind-Solar Hybrid layout design
- Tailor made training program on resource assessment to the industry
- RE projects
- Wind Power Forecasting
- Solar Power Forecasting

Potential of Wind Energy in India

Wind is an intermittent and site-specific resource of energy and therefore, an extensive Wind Resource Assessment is essential for the selection of potential sites. The Government, through National Institute of Wind Energy (NIWE), has installed over 900 wind-monitoring stations all over country and issued wind potential maps at 50m, 80m, 100m, 120m and 150m above ground level. The recent assessment indicates a gross wind power potential of 695.50 at 120 meter and 1163.9 GW at 150 meter above ground level. Most of this potential exists in eight windy States as given below:-

SOLAR REVIEW

The Sun has been worshiped as a life-giver to our planet since ancient times. The industrial ages gave us the understanding

of sunlight as an energy source. India is endowed with vast solar energy potential. About 5,000 trillion kWh per year energy is incident over India's land area with most parts receiving 4-7 kWh per sqm per day. Solar photovoltaic power can effectively be harnessed providing huge scalability in India. Solar also provides the ability to generate power on a distributed basis and enables rapid capacity addition with short lead times. Off-grid decentralized and low-temperature applications will be advantageous from a rural application perspective and meeting other energy needs for power, heating and cooling in both rural and urban areas. From an energy security perspective, solar is the most secure of all sources, since it is abundantly available. Theoretically, a small fraction of the total incident solar energy (if captured effectively) can meet the entire country's power requirements.

There has been a visible impact of solar energy in the Indian energy scenario during the last few years. Solar energy based decentralized and distributed applications have benefited millions of people in Indian villages by meeting their cooking, lighting and other energy needs in an environment friendly manner. The social and economic benefits include reduction in drudgery among rural women and girls engaged in the collection of fuel wood from long distances and cooking in smoky kitchens, minimization of the risks of contracting lung and eye ailments, employment generation at village level, and ultimately, the improvement in the standard of living and creation of opportunity for economic activities

at village level. Further, solar energy sector in India has emerged as a significant player in the grid connected power generation capacity over the years. It supports the government agenda of sustainable growth, while, emerging as an integral part of the solution to meet the nation's energy needs and an essential player for energy security.

National Institute of Solar Energy (NISE) has assessed the country's solar potential of about 748 GW assuming 3% of the waste land area to be covered by Solar PV modules. Solar energy has taken a central place in India's National Action Plan on Climate Change with National Solar Mission (NSM) as one of the key Missions. NSM was launched on 11 th January, 2010. NSM is a major initiative of the Government of India with active participation from States to promote ecological sustainable growth while addressing India's energy security challenges. It will also constitute a major contribution by India to the global effort to meet the challenges of climate change. The Mission's objective is to establish India as a global leader in solar energy by creating the policy conditions for solar technology diffusion across the country as quickly as possible. This is line with India's Nationally Determined Contributions (NDCs) target to achieve about 50 percent cumulative electric power installed capacity from non-fossil fuel-based energy resources and to reduce the emission intensity of its GDP by 45 percent from 2005 level by 2030.

In order to achieve the above target, Government of India have launched various schemes to encourage generation of solar power in the country like Solar Park Scheme, VGF Schemes, CPSU Scheme, Defence Scheme, Canal bank & Canal top Scheme, Bundling Scheme, Grid Connected Solar Rooftop Scheme etc.

Government has taken several steps for promotion of solar energy in the country. These include:

1. Permitting Foreign Direct Investment (FDI) up to 100 percent under the automatic route,
2. Waiver of Inter State Transmission System (ISTS) charges for inter-state sale of solar and wind power for projects to be commissioned by 30th June 2025,
3. Declaration of trajectory for Renewable Purchase Obligation (RPO) up to the year 2029-30,
4. Notification of standards for deployment of solar photovoltaic system/devices,
5. Setting up of Project Development Cell for attracting and facilitating investments,
6. Standard Bidding Guidelines for tariff based competitive bidding process for procurement of Power from Grid Connected Solar PV and Wind Projects.
7. Government has issued orders that power shall be dispatched against Letter of Credit (LC) or advance payment to ensure timely payment by distribution licensees to RE generators.
8. Notification of Promoting Renewable Energy through Green Energy Open Access Rules 2022.
9. Notification of "The electricity (Late Payment Surcharge and related matters) Rules 2002 (LPS rules).
10. Launch of Green Term Ahead Market (GTAM) to facilitate sale of Renewable Energy power including Solar power through exchanges.

POWER SECTOR:

INTRODUCTION

Power is one of the most important infrastructure elements, essential to national wellbeing and economic development. For the Indian economy to grow steadily, enough electrical infrastructure must exist and be developed. India's power generation sources range from conventional sources such as coal, lignite, natural gas, oil, hydro and nuclear power to viable non-conventional sources such as wind, solar, and agricultural and domestic waste.

Indian power sector is undergoing a significant change that has redefined the industry outlook. Sustained economic growth continues to drive electricity demand in India. The Government of India's focus on attaining 'Power for all' has accelerated capacity addition in the country. Although power generation has grown more than 100-fold since independence, growth in demand has been even higher due to accelerating economic activity.

India is the third-largest producer and consumer of electricity worldwide, with an installed power capacity of 423.25 GW as of July 31, 2023.

As of July 31, 2023, India's installed renewable energy capacity (including hydro) stood at 177.73 GW, representing 41.9% of the overall installed power capacity. As of July 31, 2023, Solar energy contributed 71.14 GW, followed by 43.94 GW from wind power, 10.24 GW from biomass, 4.98 GW from small hydropower, 0.57 from waste to energy, and 46.85 GW from hydropower.

India's energy firms have made significant progress in the global energy sector. According to the S&P Global Platts Top 250 Global Energy Rankings 2022, Oil and Natural Gas Corp. Ltd. ranked 14th.

India ranked sixth in the list of countries to make significant investments in clean energy by allotting US\$ 90 billion between 2010 and the second half of 2019. Total FDI inflows in the power sector reached US\$ 16.58 billion between April 2000-March 2023, accounting for 2.61% of the total FDI inflow in India. India's power sector is forecast to attract investment worth US\$ 128.24-135.37 billion (Rs. 9-9.5 trillion) between FY19-23.

As per the National Infrastructure Pipeline 2019-25, energy sector projects accounted for the highest share (24%) out of the total expected capital expenditure of US\$ 1.4 trillion (Rs. 111 lakh crore).

Investments in the renewable energy space have increased significantly over the past few years. SJVN Limited is looking to develop 10,000 MW solar power projects inviting investment of Rs. 50,000 crore (US\$ 6.56 billion) in the next five years in Rajasthan. Adani Group has announced an investment of US\$ 20 billion over the next 10 years in renewable energy generation and component manufacturing. NTPC has announced that it would invest Rs. 2-2.5 crore (US\$ 0.27-0.34 million) over the next 10 years to expand renewable capacity.

India's electricity generation from renewable and non-renewable sources for FY21, FY22, and FY23 was 1,373.08 BU, 1,484.36 BU, and 1,617.72 BU, respectively.

The power generation industry in India will require a total investment of Rs. 33 lakh crore (US\$ 400 billion) and 3.78 million power professionals by 2032 to meet the rising energy demands, as per the National Electricity Plan 2022-32.

Electrification in the country is increasing with support from schemes like Deen Dayal Upadhyay Gram Jyoti Yojana (DDUGJY), Ujwal DISCOM Assurance Yojana (UDAY), and Integrated Power Development Scheme (IPDS). India has also launched the Mission Innovation CleanTech Exchange, a global initiative that will create a whole network of incubators across member countries to accelerate clean energy innovation

In the Union Budget 2023-24, the government allocated US\$ 885 million (Rs. 7,327 crore) for the solar power sector including grid, off-grid, and PM-KUSUM projects.

India is set to become a global manufacturing hub with investment across the value chain. The Central Electricity Authority (CEA) estimates India's power requirement to grow to reach 817 GW by 2030. The government plans to establish renewable energy capacity of 500 GW by 2030.

India among top four power generating nations

- With a generation capacity of 426.13 GW, India is the third-largest producer and consumer of electricity in the world.
- Although power generation has grown more than 100-fold since independence, growth in demand has been even higher due to accelerating economic activity.
- India's energy firms have made significant progress in the global energy sector. According to the S&P Global Platts Top 250 Global Energy Rankings 2022, Oil and Natural Gas Corp. Ltd. ranked 14th.
- In June 2021, the Export-Import Bank of India (Exim Bank) announced that it has extended a line of credit (LOC) worth US\$ 100 million to the Sri Lankan government for the purpose of funding projects in the solar energy sector and assuring that the country's 70% power requirements are met by renewable energy sources by 2030.

BUSINESS OVERVIEW

The following information is qualified in its entirety by, and should be read together with, the more detailed financial and other information included in the Prospectus, including the information contained in the section titled “*Risk Factors*” on Page no. 27 of this Prospectus. In this chapter, unless the context requires otherwise, any reference to the terms “We”, “Us”, “Winsol”, “WEL” and “Our” refers to Our Company. Unless stated otherwise, the financial data in this section is as per our Restated financial statements prepared in accordance with Accounting Standard set forth in the Prospectus.

Our Company was incorporated as ‘Winsol Engineers Private Limited’ at Jamnagar, Gujarat as a private limited company under the Companies Act, 2013, pursuant to a certificate of incorporation dated December 30, 2015, issued by the Registrar of Companies, Gujarat. Thereafter, our Company was converted into a public limited company pursuant to a special resolution passed in the extraordinary general meeting of the Shareholders held on December 09, 2023, and consequently the name of our Company was changed to ‘Winsol Engineers Limited’, pursuant to a fresh certificate of incorporation issued by the Registrar of Companies, Gujarat, on December 21, 2023.

Our company is benefited from the extensive experience of our Promoters Mr. Ramesh Jivabhai Pindariya and Mr. Kishor Jivabhai Pindariya, who are associated with our company since its incorporation and having experience of more than 35 (Thirty-Five) years in the Engineering Industry. Our Board of Directors, Key Managerial Personnel and Senior Management Personnel has also provided significant contribution in the growth of our company.

Located at Jamnagar, Winsol Engineers Limited is an integrated engineering, procurement, construction and commissioning company providing Balance of Plant (BoP) Solutions for both Wind and Solar power generation companies. Our core services for BoP Solutions includes Foundation work, Substation Civil and Electrical work, Right of Way services, Cabling to substation and Grid, and Miscellaneous work. Our clients are in the renewable energy industry who prefer our company for the BoP solutions due to our historic track record of timely completion of project, our expertise and extensive experience in the business and cost efficiency. In addition to our core BoP Solutions, our company also provides Operation and Maintenance services for Plant handling and monitoring. We are ISO-9001-2015, ISO-14001-2015 & ISO-45001-2018 certified company demonstrating our execution capabilities in quality.

Our company has total team strength of more than 200 (Engineers and Technicians) for execution of various projects. Our company has been executing various projects on a Turnkey basis for various clients including Suzlon, Adani Green Energy, Powerica Limited and KP Energy Limited. On materiality basis since 2018, our company has completed more than 55 Projects amounting to more than ₹ 17,000.00 lakhs showing our execution capabilities, both in terms of the size of projects and the number of projects that we execute. As of April 26, 2024, we have more than 41 Major Ongoing projects having total value of approximately ₹ 11,953.31 lakhs out of which invoices of more than ₹ 2,115.54 lakhs have been booked as on March 31, 2024 having into unexecuted or unbilled order book of ₹ 9,837.75 lakhs.

Balance of Plant solutions for Wind and Solar projects refers to all the components of a power generation facility excluding the main generating equipment. This includes structures, equipment, and systems necessary for the plant's operation. This can involve the design, procurement, installation, and commissioning of the balance of plant systems necessary for the overall functioning of the facility. Our company is responsible for delivering the entire project, including balance of plant components but excluding the main generating equipment (such as turbines or generators).

Under Operation & Maintenance vertical, our company provides support to site operations for optimized performance. Our scope of service includes support site operations for minimizing the down time of turbines, SCADA Monitoring, Inspection and reporting on abnormalities, Supervisor Scheduled maintenance and periodical replacements and participate in all audits, preparation for the reports including manpower supply for the mentioned services.

As on the date of this Prospectus, our company has a Wholly owned subsidiary namely Repower Infrastructure Private Limited. Repower Infrastructure Private Limited is also engaged in the same line of business as our company. Consequently, our company acquired entire stake of Repower Infrastructure Private Limited on February 10, 2024 making it our Wholly owned subsidiary as on date. Considering this, we have disclosed all the financial matters based on standalone restated financial statements.

Our Company has demonstrated a prominent presence in execution of projects and has developed significant expertise and competencies in this field. Our Company aim to leverage on its strength and continue expansion into sector which will put our Company to desired growth trajectory.

We derive our revenue from following two business verticals:

- i. BoP Solutions**
 - a) Engineering and Consulting work**
 - b) Civil Construction work**
- ii. Operation & Maintenance Services**

OUR BUSINESS MODEL

We derive our revenue from 2 (Two) major business verticals:

1. BoP (Balance of Plant) Solutions

Under this vertical our company provides Balance of Plant (BoP) for both wind and solar power projects encompass a range of essential components and services that are critical for the overall functionality and efficiency of the renewable energy facilities. We also undertake such EPC work on Trunkey basis for renewable power generating companies. Our Company's scope of work in BoP includes Foundation work, Substation Civil and Electrical work, Right of Way services, Cabling to substation and Grid, and Miscellaneous work.

2. O&M Services

Under this vertical our company undertakes supervision of wind and solar parks, support site operations for minimizing the down time of turbines, Inspection and reporting on abnormalities, SCADA Monitoring, Supervisor Scheduled maintenance and periodical replacements and participate in all audits, preparation for the reports including manpower supply for the mentioned services. O&M services ensure that BoP components operate at their optimal performance levels, maximizing energy production and revenue generation. As BoP components such as electrical systems, transformers, and substations are critical for the overall functioning of renewable energy facilities, O&M services include preventive maintenance measures to identify and address potential issues before they escalate into major problems, minimizing the risk of unplanned downtime.

Our entire revenue from operation for the projects executed and ongoing is awarded through work order directly. However, we outsource small portion of the work to be executed by our company in order to complete the project with efficiency and in a timely manner.

Brief information on our Business model is provided below:

BoP (BALANCE OF PLANT) SOLUTIONS

Balance of plant is the cost of all infrastructural and facilities of a wind or solar farm with an exception of the generating equipment (i.e., Turbine or Solar Module, as the case may be) and all its elements. Our company provides end to end BoP Service or any of its component as per the requirement of clients. The balance of plant therefore mainly comprises

of the various items such as Foundation work, Substation Civil and Electrical work, Right of Way services, Cabling to substation and Grid, SCADA and Miscellaneous work. Brief of the same is provided below:

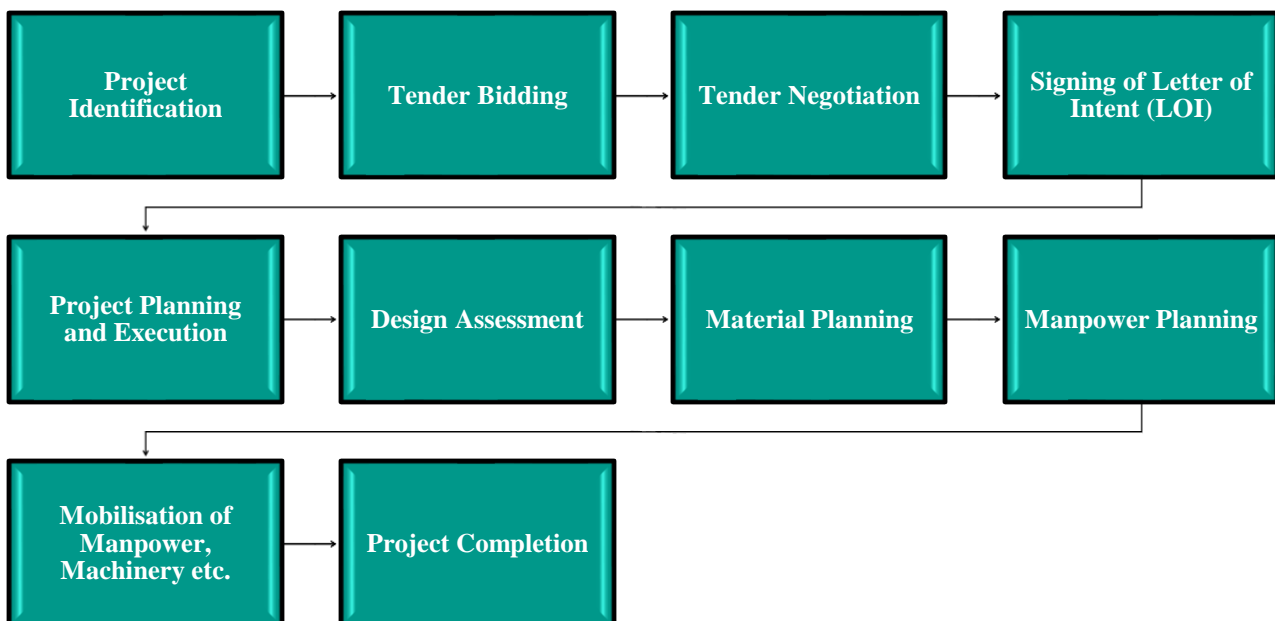

- **Foundation work:** Foundation work refers to the construction of the physical structures that support various equipment and systems necessary for the operation of a power plant or industrial facility. These foundations provide stability, support, and proper alignment for equipment such as turbines, generators, pumps, compressors, and other machinery. Some key aspects of foundation work in the Balance of Plant are:
 - ✓ **Site Preparation:** Before any foundation work can begin, the site needs to be properly prepared. This may involve clearing vegetation, levelling the ground, and ensuring proper drainage to create a suitable surface for construction.
 - ✓ **Designing, Engineering and Excavation:** Foundation design is crucial for ensuring the stability and longevity of the structures they support. Once the design is finalized, excavation begins to create the necessary trenches or pits for the foundation structures. Excavation must be done according to the specifications outlined in the design plans to ensure proper depth, width, and alignment.
 - ✓ **Installation of Equipment:** Once the foundations are in place and fully cured, equipment installation can begin. This may involve placing turbines, generators, pumps, or other machinery on their respective foundations and securing them in place.
 - ✓ **Quality Control and Testing:** Throughout the foundation work process, quality control measures are implemented to ensure that the structures meet the required standards and specifications. This may involve testing the concrete for strength, conducting inspections for proper alignment and dimensions, and verifying that all safety protocols are followed.
- **Substation Civil and Electrical work:** Under BoP Solutions, our company also provides various civil and electrification works related to the construction of substations. These substations are crucial components that collect and distribute electricity generated by renewable energy sources. Some key aspects of civil and electrification work in the Balance of Plant are:
 - ✓ **Site Selection and Preparation:** The first step involves selecting an appropriate site for the substation, considering factors such as proximity to the renewable energy source, accessibility for construction, and grid connection requirements. Once the site is selected, preparation work may involve clearing vegetation, grading the land, and establishing access roads.
 - ✓ **Building Construction:** Substations may include control buildings or enclosures to house sensitive electrical equipment and provide space for operations and maintenance personnel. Construction of these buildings involves erecting structural steel frames, installing walls, roofing, and other necessary infrastructure.
 - ✓ **Electrical Installation:** Once the civil works are completed, electrical installation begins. This includes the installation of transformers, switchgear, circuit breakers, protection systems, metering equipment, and other components necessary for power distribution and control.
 - ✓ **Grounding and Lightning Protection:** Proper grounding and lightning protection systems are essential for ensuring the safety and reliability of the substation. Grounding electrodes are installed to dissipate electrical faults and lightning strikes, while surge arrestors and shielding devices protect sensitive equipment from voltage surges.
 - ✓ **Fencing and Security:** Substations are typically enclosed by security fencing to prevent unauthorized access and protect equipment from vandalism or theft. Security measures may also include surveillance cameras, access control systems, and alarms to monitor the site and respond to any security breaches.
 - ✓ **Commissioning and Testing:** Once construction is complete, the substation undergoes commissioning and testing to ensure that all systems are functioning correctly and meet performance standards. This may involve conducting insulation resistance tests, circuit breaker testing, relay calibration, and other tests to verify proper operation.
- **Right of Way:** Our company also provides Right of Way services under BoP Solutions. Right of way refers to the legal right granted to developers or operators to access and use a specific area of land for the construction, operation, and maintenance of project infrastructure. Obtaining the necessary right of way often involves acquiring easements from property owners or relevant authorities. This may require negotiations, land purchases, or agreements with landowners to access and use the land for project purposes.
- **Cabling to substations:** Cabling to substations and the grid refers to the infrastructure and systems involved in connecting the generated electricity from the plant to the local electrical grid or distribution network. Transmission cables may be installed underground, underwater, or overhead on transmission towers, depending on project requirements and environmental factors. At the substation, transmission cables are connected to the electrical infrastructure of the plant, including transformers, switchgear, and other equipment. Substations play a crucial role in transforming the voltage of the electricity to match the requirements of the grid and ensuring the proper distribution of power. Distribution cables are then used to transmit electricity from the substation to local distribution networks.

O&M (OPERATION AND MAINTENANCE) SERVICES

Our company also provides O&M (Operation and Maintenance) Services after the completion of BoP component as well as on independent basis. O&M services includes SCADA Monitoring, Testing and Inspection services including manpower services.

- SCADA, which stands for Supervisory Control and Data Acquisition, plays a crucial role in the Balance of Plant (BoP). SCADA systems are used to monitor and control various processes, equipment, and systems within the BoP. This includes monitoring parameters such as temperature, pressure, flow rates, voltage, and current levels in real-time. Operators can remotely control equipment and adjust settings to optimize performance, troubleshoot issues, and ensure efficient operation.
- Our company also provides professional engineers and skilled/semiskilled/low skill manpower as part of our O&M services for site management and execution. Role of Engineers or other manpower provided to client is to support site operations for optimised performance, monitoring and analysis, trouble shooting and problem solving, preparing required reports and ensuring required compliance and any other scope of work as per the need of client.
- Periodic or Emergency Testing and Inspection ensures integrity, safety, and reliability of various systems and components within the BoP. Testing and inspection activities in the BoP components are critical for identifying potential issues, preventing equipment failures, and maintaining the safe and efficient operation of industrial facilities and power plants. By conducting thorough and regular inspections, operators can proactively address maintenance needs and minimize the risk of unplanned downtime or safety incidents.

BUSINESS PROCESS

- ***Project Identification***

We identify potential projects from a variety of sources, the efforts of our business development personnel and meetings with other participants in the construction industry such as architects and engineers, etc. After determining the availability of projects, we decide on which projects to pursue based on as the following, among other factors:

- Project size;
- Duration;
- Availability of personnel;
- Current backlog, competitive advantages and disadvantages;

- Prior experience;
- Reputation of the client;
- Source of project funding; and
- Type of contract

- ***Tender Bidding (in case of tender based contract)***

After deciding which contracts to pursue, we may have to complete a pre-qualification / short listing process with our client. The pre-qualification / short listing process generally limits bidders to those companies with operational experience and financial capability to effectively complete the particular project(s) in accordance with the plans, specifications and construction schedule. Our bid estimation process typically involves two phases:

Phase I: Initially, we perform the estimating process which consists of estimating the cost and availability of labour, material, equipment, sub-contractors and the project team required to complete the project on time and in accordance with the plans and specifications.

Phase II: The final phase consists of a detailed review of the estimate by the management including, among other things, assumptions regarding cost, approach, means and methods, productivity and risk. After the final review of the cost estimate, the management adds a mark up over costs to arrive at the total bid amount.

In case where tender bidding is not there, our management submits a contract to the clients having detailed terms and conditions.

- ***Tender Negotiation***

Requests for proposals or negotiated contracts with our clients are generally awarded based on a combination of technical capability and price, taking into consideration factors such as project schedule and prior experience.

- ***Signing of Letter of intent (LOI)***

On successful negotiation of the contract, we sign the letter of intent / contract with our client, which confirms the project size, amount and duration along with detailed terms and conditions.

- ***Project execution / pre-construction activities***

Once, the agreement is signed and the contract is awarded. we commence our pre-construction activities such as mobilizing manpower and equipment and construction of site infrastructure like site camps, temporary office, warehouse, workshops etc.

Based on the project requirements, we prepare a project-monitoring schedule to monitor the progress of the project execution against the milestones stipulated in the tender. Once the execution starts, the progress of work is continuously monitored and corrective measures are immediately implemented if required.

- ***Design Assessment***

We study the design concept of the owners, along with copies of the relevant drawings and plans and make value engineering assessment, considering our scope of contract and the parameters. We discuss and assess the ways and means and the methodology to construct and the requirement of plant and equipment versus the design parameters. Detailed plans are worked out at this stage by us for commencing actual work. The layout for the placement of equipment, offices and stores is discussed and agreed upon, based on which work for the project commences.

- ***Material planning***

Materials are sourced or procured directly from manufactures, their agents or from reputed sources, quality checked, warehoused at our go-downs or delivered to construction sites, as required. Dedicated site teams engaged in construction activities are supported by back end teams to ensure timely implementation of the project. The negotiation, are done with approved vendors on the material specifications that are provided to us as part of the construction contract. The materials department of our company is given an indicative price for materials to be purchased and the dates and time when they

are required. We identify the requirements, delivery schedules and other details in respect of the materials and monitor its delivery, quality and safety. We ensure that optimum quantities of materials are kept as stock in order for efficient use of working capital.

- ***Manpower Planning***

Our company manages a combination of in-house teams, mobilizes resources through labour contractors to ensure smooth implementation of project irrespective of size, complexity or deadline. The requirement for personnel is determined on the basis of the scope of work, profitability and timelines for delivery of the project. We depute qualified senior personnel to head the project as 'Project Managers' from the head office. Further, there are site supervisors for supervising all processes, elaborate documentation and reporting, in-house checks, scheduled management visits and periodic reviews that ensure timely completion of the projects.

- ***Project completion***

On completion of the project, the architect(s) of the projects provides us an architect certification. A copy of the same is also provided to the client. On receipt of the certification, a detailed handing over list is made in accordance with the contract. We submit our final bill with all details, enclosures, etc. as per the terms of the contract once the work is completed. Finally, we clear the project site of all our materials, offices, machinery and equipment.

OUR COMPETITIVE STRENGTH

1. Experienced Promoters and Management Team

Our promoters have more than 40 years of experience in engineering industry. Our Promoters lead the company with their vision. Our management team includes young and experience professionals. The strength and entrepreneurial vision of our Promoters and management have been instrumental in driving steady growth of our company and implementing our strategies. We believe that a motivated and experienced employee base is essential for maintaining a competitive advantage. Our motivated team of management and key managerial personnel complement each other to enable us to deliver high levels of client satisfaction.

2. End-to-end execution capabilities

We believe that our execution capabilities comprising strong in-house operations consisting of design, engineering, procurement, construction and quality assurance teams, is a critical factor that has contributed to growth story of our company. Our management team ensures efficient and rapid construction and completion of our projects, our quality assurance team ensures the quality construction of our projects, and our procurement team works with vendors who have the scale to deliver and meet our requirements to procure construction materials and equipment. We place significant emphasis on cost management and rigorously monitor our projects to ensure that they are completed within committed timelines and budgeted amounts. As a result of our end-to-end execution capabilities and in-house resources, we are able to complete our projects at competitive cost as well as create value for future projects through our efficient supply chain, which enables us to benefit from economies of scale.

3. Optimal Utilization of Resources

Our company constantly endeavours to improve our execution process, capabilities, skill up gradation of employees, modernization of plant and machineries to optimize the utilization of resources. We regularly analyse our material procurement policy and project execution process to de-bottle neck the grey areas and take corrective measures for smooth and efficient working thereby putting resources to optimal use.

4. Long-standing relationships with our clients

We believe that our reputation for completing projects in a timely manner and our focus on quality has helped us build strong relationships with our clients. We have completed or are currently undertaking projects for a number of reputed clients.

BUSINESS STRATEGY

1. Continue to enhance our project execution capabilities

We intend to continue our focus in enhancing project execution capabilities so as to derive twin benefits of client satisfaction and improvements in operating margins. We will constantly endeavour to leverage our operating skills through our equipment and project management tools to increase productivity and maximize asset utilization in our ongoing projects. We believe that we have developed a reputation for undertaking challenging projects and completing such projects in a timely manner. We intend to continue our focus on performance and project execution ability in order to maximize our operating margins. To facilitate efficient and cost-effective decision making, we intend to continue to strengthen our internal systems. Our ability to effectively manage projects will be crucial to our continued success.

2. Leveraging our market skills and relationship

The business of our Company is client oriented and always strives to maintain good relationship with the marketers. Leveraging our market skills and relationships is a continuous process in our organization and the skills that we impart in our people give importance to clients. We aim to do this by leveraging our operations expertise as well as marketing skills and our industry relationships.

3. Maintaining edge over competitors

We intend to continue to enhance & scale in existing executional capabilities to provide best quality construction to our clients. By enhancing our executional capabilities, we intend to maintain edge over our competitors. In order to maintain our competitive edge, we will continue to add best equipment, skilled labours and good quality materials.

4. Expand our geographical footprint.

We intend to expand our geographical footprint and grow our business by increasing orders from outside of Gujarat. Though, we have executed projects in Rajasthan, Haryana, Maharashtra and other states, substantial part of our revenue derived from State of Gujarat. To control diversification risks, we may at first, limit our expansion to other states to undertaking projects first in the areas where our core competencies lie. Through an increasingly diversified portfolio, we hope to broaden our revenue base and also hedge against risks in specific areas or projects and protect ourselves from fluctuations resulting from business concentration in limited geographical areas. With our increased

experience and success, however, our rate of expansion may increase in terms of increases in the number of new states and projects we undertake. Till now substantial of our revenue from operations is from State of Gujarat. We believe that geographical diversification of our projects will reduce our reliance on our home state of Gujarat and allow us to capitalise on different growth trends in different states across the country. Further, we believe that as the reputed clients that comprise our existing client base continue to expand their geographical reach, our long-standing relationships will provide us with opportunities to undertake projects for such clients pan India.

GENERAL CORPORATE LAWS:

Companies Act, 2013

The Companies Act, 2013, has replaced the Companies Act, 1956 in a phased manner. The Act received the assent of President of India on 29th August 2013. The Companies Act 1956 is still applicable to the extent not repealed and the Companies Act, 2013 is applicable to the extent notified. The Companies Act deals with incorporation of companies and the procedure for incorporation and post incorporation. The conversion of private company into public company and vice versa is also laid down under the Companies Act, 2013. The procedure related to appointment of Directors, winding up, voluntary winding up, and appointment of liquidator also forms part of the Act. Further, Schedule V (read with sections 196 and 197), Part I lays down the conditions to be fulfilled for the appointment of a managing or whole-time director or manager. It provides the list of Acts under which if a person is prosecuted, he cannot be appointed as the director or Managing Director or Manager of a Company. The provisions relating to remuneration of the directors payable by the companies is under Part II of the said schedule.

The Sale of Goods Act, 1930

The Sale of Goods Act, 1930 governs contracts relating to sale of goods in India. The contracts for sale of goods are subject to the general principles of the law relating to contracts. A contract of sale may be an absolute one or based on certain conditions. The Sale of Goods Act contains provisions in relation to the essential aspects of such contracts, including the transfer of ownership of the goods, delivery of goods, rights and duties of the buyers and sellers, remedies for breach of contract and the conditions and warranties implied under a contract for sale of goods.

The Registration Act, 1908

The Registration Act, 1908 (“Registration Act”) was enacted with the object of providing public notice of execution of documents affecting a transfer of interest in property. The Registration Act identifies documents for which registration is compulsory and includes among other things, any non-testamentary instrument which purports or operates to create, declare, assign, limit or extinguish, whether in present or in future, any right, title or interest, whether vested or contingent, in immovable property and a lease of immovable property for any term exceeding one year or reserving a yearly rent. It also provides for non-compulsory registration of documents as enumerated in the provisions.

The Indian Contract Act, 1872

The Contract Act is the legislation which lays down the general principles relating to formation, performance and enforceability of contracts. The rights and duties of parties and the specific terms of agreement are decided by the contracting parties themselves, under the general principles set forth in the Contract Act. The Contract Act also provides for circumstances under which contracts will be considered as ‘void’ or ‘voidable’. The Contract Act contains provisions governing certain special contracts, including indemnity, guarantee, bailment, pledge, and agency.

The Specific Relief Act, 1963

The Specific Relief Act is complimentary to the provisions of the Contract Act and the Transfer of Property Act, as the Act applies both to movable property and immovable property. The Act applies in cases where the Court can order specific performance of a contract. Specific relief can be granted only for purpose of enforcing individual civil rights and not for the mere purpose of enforcing a civil law. Specific performance means Court will order the party to perform his part of agreement, instead of imposing on him any monetary liability to pay damages to other party.

Negotiable Instruments Act, 1881

In India, cheques are governed by the Negotiable Instruments Act, 1881, which is largely a codification of the English Law on the subject. To ensure prompt remedy against defaulters and to ensure credibility of the holders of the negotiable instrument a criminal remedy of penalty was inserted in Negotiable Instruments Act, 1881 in form of the Banking, Public Financial Institutions and Negotiable Instruments Laws (Amendment), 1988 which were further modified by the Negotiable Instruments (Amendment and Miscellaneous Provisions) Act, 2002. The Act provides effective legal provision to restrain people from issuing cheques without having sufficient funds in their account or any stringent provision to punish them in the event of such cheque not being honored by their bankers and returned unpaid. Section 138 of the Act, creates statutory offence in the matter of dishonor of cheques on the ground of insufficiency of funds in the account maintained by a person with the banker which is punishable with imprisonment for a term which may extend to two years, or with fine which may extend to twice the amount of the cheque, or with both.

The Micro, Small and Medium Enterprises Development Act, 2006

In order to promote and enhance the competitiveness of Micro, Small and Medium Enterprise (MSME) the Act is enacted. A National Board shall be appointed and established by the Central Government for MSME enterprise with its head office at Delhi in the case of the enterprises engaged in the manufacture or production of goods pertaining to any industry mentioned in first schedule to Industries (Development and regulation) Act, 1951 as micro enterprise, where the investment in plant and machinery does not exceed twenty-five lakh rupees; Small enterprise, where the investment in plant and machinery is more than twenty-five lakh rupees but does not exceed five crore rupees; or a medium enterprise, where the investment in plant and machinery is more than five crore but does not exceed ten crore rupees and in the case of the enterprise engaged in the services, Micro enterprise, where the investment in equipment does not exceed ten lakh rupees, Small Enterprise where the investment in equipment is more than ten lakh rupees but does not exceed two crore rupees, or Medium Enterprise where the investment in equipment is more than two crore rupees but does not exceed five crore rupees.

TAX RELATED LEGISLATIONS:

Income Tax Act, 1961

The IT Act is applicable to every Company, whether domestic or foreign whose income is taxable under the provisions of the IT Act or Rules made thereunder depending upon its Residential Status and Type of Income involved. The IT Act provides for the taxation of persons resident in India on global income and persons not resident in India on income received, accruing or arising in India or deemed to have been received, accrued or arising in India. Every Company assessable to income tax under the IT Act is required to comply with the provisions thereof, including those relating to Tax Deduction at Source, Advance Tax, Minimum Alternative Tax and like. Every such Company is also required to file its returns by September 30 of each assessment year.

Goods and Services Tax Act, 2017

The GST Act levies indirect tax throughout India to replace many taxes levied by the Central and State Governments. The GST Act was applicable from July 1, 2017 and combined the Central Excise Duty, Commercial Tax, Value Added Tax (VAT), Food Tax, Central Sales Tax (CST), Introit, Octroi, Entertainment Tax, Entry Tax, Purchase Tax, Luxury Tax, Advertisement Tax, Service Tax, Customs Duty, Surcharges. GST is levied on all transactions such as sale, transfer, purchase, barter, lease, or import of goods and/or services. India has adopted a dual GST model, meaning that taxation is administered by both the Union and State Governments. Transactions made within a single state is levied with Central GST (CGST) by the Central Government and State GST (SGST) by the government of that state. For inter-state transactions and imported goods or services, an Integrated GST (IGST) is levied by the Central Government. GST is a consumption-based tax; therefore, taxes are paid to the state where the goods or services are consumed and not the state in which they were produced.

EMPLOYMENT AND LABOUR LAWS:

The Code on Wages, 2019 (the “Code”)

The Code received the assent of the President of India on August 8, 2019. The provisions of the Code shall come into effect from the date notified in the Official Gazette by the Central Government. The Code will replace the four existing ancient laws namely (i) the Payment of Wages Act, 1936, (ii) the Minimum Wages Act, 1948, (iii) the Payment of Bonus Act, 1965, and (iv) the Equal Remuneration Act, 1976. The Code will apply to all employees and allow the Central Government to set a minimum statutory wage.

The four existing laws are as follows:

- **The Payment of Wages Act, 1936**

Payment of Wages Act, 1936, as amended by Payment of Wages (Amendment) Act, 2017 is aimed at regulating the payment of wages to certain classes of persons employed in certain specified industries and to ensure a speedy and effective remedy for them against illegal deductions or unjustified delay caused in paying wages to them. The Act confers on the person(s) responsible for payment of wages certain obligations with respect to the maintenance of registers and the display in such factory/establishment, of the abstracts of this Act and Rules made there under.

- **The Minimum Wages Act, 1948**

The Minimum Wages Act, 1948 came into force with an objective to provide for the fixation of a minimum wage payable by the employer to the employee. Every employer is mandated to pay the minimum wages to all employees engaged to do any work skilled, unskilled, and manual or clerical (including out-workers) in any employment listed in the schedule to this Act, in respect of which minimum rates of wages have been fixed or revised under the Act.

- **The Payment of Bonus Act, 1965**

The Act provides for payment of minimum bonus to factory employees and every other establishment in which 20 or more persons are employed and requires maintenance of certain books and registers and filing of monthly returns showing computation of allocable surplus, set on and set off of allocable surplus and bonus due.

- **The Equal Remuneration Act, 1976**

The Equal Remuneration Act, 1976 aims to provide for the payment of equal remuneration to men and women workers and for the prevention of discrimination, on the ground of sex, against women in the matter of employment and for matters connected therewith or incidental thereto. According to the Remuneration Act, no employer shall pay to any worker, employed by him/her in an establishment, a remuneration (whether payable in cash or in kind) at rates less favourable than those at which remuneration is paid by him to the workers of the opposite sex in such establishment for performing the same work or work of a similar nature. In addition, no employer shall for complying with the foregoing provisions of the Remuneration Act, reduce the rate of remuneration of any worker. No employer shall, while making recruitment for the same work or work of a similar nature, or in any condition of service subsequent to recruitment such as promotions, training or transfer, make any discrimination against women except where the employment of women in such work is prohibited or restricted by or under any law for the time being in force.

Occupational Safety, Health and Working Conditions Code, 2019

The Government of India enacted 'The Occupational Safety, Health and Working Conditions Code, 2019 which received the assent of the President of India on September 28, 2020. The provisions of this code will be brought into force on a date to be notified by the Central Government. It proposes to subsume 13 labour legislations, including the Factories Act, 1948, the Contract Labour (Regulation and Abolition) Act, 1970, the Inter-State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979, that concern our business. Details of these existing Acts are as follows –

- **Contract Labour (Regulation and Abolition) Act, 1970**

The Contract Labour (Regulation and Abolition) Act, 1970 requires establishments that employ or have employed on any day in the preceding twelve months, 20 or more workers as contract labour to be registered. The Act requires the principal employer of an establishment to which the Contract Labour Act applies to make an application for registration of the establishment to employ contract labour in the establishment. Contractor to whom the Contract Labour Act applies is required to obtain a license and not to undertake or execute any work through contract labour except under and in accordance with the license issued. The Contract Labour Act imposes certain obligations on the contractor including the establishment of canteens, rest rooms, washing facilities, first aid facilities and provision of drinking water and payment of wages. In the event that the contractor fails to provide these amenities, the principal employer is under an obligation to provide these facilities within a prescribed time.

- **Inter-State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979**

This law is applicable to all the establishments employing 5 or more migrant workmen from other states. In addition to this, this law is also applicable to contractors who have employed 5 or more inter-State workmen. The establishment must be registered with the local authority while employing migrant workers. This means that an establishment is prohibited from employing migrant workers from other states if they do not have a certificate from the concerned authority. The same law applies to the contractors too who employ workers from one state and deploy them in other states. As per this law, the contractors deploying the migrant workers must provide terms and conditions of the recruitment to the workers. These are the remuneration payable, hours of work, fixation of wages and other essential amenities.

- **The Industrial Relations Code, 2020**

The Government of India enacted ‘The Industrial Relations Code, 2020’ which received the assent of the President of India on September 28, 2020. The provisions of this code will be brought into force on a date to be notified by the Central Government. It proposes to subsume three separate legislations, namely, the Industrial Disputes Act, 1947, the Trade Unions Act, 1926 and the Industrial Employment (Standing Orders) Act, 1946. Currently the laws are as follows –

- **Industrial Disputes Act, 1947**

The Industrial Disputes Act, 1947 provides the procedure for investigation and settlement of industrial disputes. When a dispute exists or is apprehended, the appropriate Government may refer the dispute to a labour court, tribunal, or arbitrator, to prevent the occurrence or continuance of the dispute, or a strike or lock-out while a proceeding is pending. The labour courts and tribunals may grant appropriate relief including ordering modification of contracts of employment or reinstatement of workers. This Act further provides for direct access for the workers to labour courts or tribunals in case of individual disputes and provided for the constitution of grievance settlement machineries in any establishment having 20 or more workers.

- **Trade Unions Act, 1926**

Provisions of the Trade Union Act, 1926 provide that any dispute between employers and workmen or between workmen and workmen, or between employers and employers which is connected with the employment, or non-employment, or the terms of employment or the conditions of labour, of any person shall be treated as trade dispute. For every trade dispute a trade union has to be formed. For the purpose of Trade Union Act, 1926, Trade Union means combination, whether temporary or permanent, formed primarily for the purpose of regulating the relations between workmen and employers or between workmen and workmen, or between employers and employers, or for imposing restrictive conditions on the conduct of any trade or business etc.

- **Industrial Employment (Standing Orders) Act, 1946 (the “Standing Orders”)**

The Standing Orders were passed by the Central Government to bring uniformity in the terms of employment in industrial establishments having 50 or more workmen employed, so as to minimize industrial conflicts. The Standing Orders play a key role in defining the terms and conditions of employment within an industrial establishment. The highlights of the Standing Orders are classification of workmen, manner of intimation to workers about work and wage related details, attendance and conditions for leaves, conditions of termination of employment and means of redressal for workmen in different matters.

The Code on Social Security, 2020

The Government of India enacted ‘The Code on Social Security, 2020 which received the assent of the President of India on September 28, 2020. The provisions of this code will be brought into force on a date to be notified by the Central Government. It proposes to subsume 9 separate legislations including the Employee’s Compensation Act, 1923, the Employees’ State Insurance Act, 1948, the Employees’ Provident Funds and Miscellaneous Provisions Act, 1952, the Maternity Benefit Act, 1961 and the Payment of Gratuity Act, 1972. The relevant laws that the code shall subsume, are currently as follows –

- **Employee’s Compensation Act, 1923**

The Employees’ Compensation Act, 1923 provides for payment of compensation to injured employees or workmen by certain classes of employers for personal injuries caused due to an accident arising out of and during the course of employment. Under the Employee’s Act, the amount of compensation to be paid depends on the nature and severity of the injury. The Employee’s Act also lays down the duties/obligations of an employer and penalties in cases of non-fulfilment of such obligations. There are separate methods of calculation or estimation of compensation for injury sustained by the employee. The employer is required to submit to the Commissioner for Employees’ Compensation a report regarding any fatal or serious bodily injury suffered by an employee within 7 days of death/serious bodily injury.

- **Employee’s State Insurance Act, 1948**

It is an Act to provide for certain benefits to employees in case of sickness, maternity and ‘employment injury’ and to make provision for certain other matters in relation thereto. It shall apply to all factories (including factories belonging to the Government) other than seasonal factories. The ESI Act requires all the employees of the establishments to which this Act applies to be insured in the manner provided there under. Employer and employees both are required to make contribution to the fund. The return of the contribution made is required to be filed with the Employees’ State Insurance Corporation.

- **Employees’ Provident Funds and Miscellaneous Provisions Act, 1952 (EPF Act)**

The EPF Act is applicable to an establishment employing more than 20 employees and as notified by the government from time to time. All the establishments under the EPF Act are required to be registered with the appropriate Provident Fund

Commissioner. Also, in accordance with the provisions of the EPF Act, the employers are required to contribute to the employees' provident fund the prescribed percentage of the basic wages, dearness allowances and remaining allowance (if any) payable to the employees. The employee shall also be required to make an equal contribution to the fund. The Central Government under Section 5 of the EPF Act (as mentioned above) frames Employees' Provident Scheme, 1952.

- **Maternity Benefit Act, 1961**

The Act provides for leave and right to payment of maternity benefits to women employees in case of confinement or miscarriage etc. The Act is applicable to every establishment which is a factory, mine or plantation including any such establishment belonging to government and to every establishment of equestrian, acrobatic and other performances, to every shop or establishment within the meaning of any law for the time being in force in relation to shops and establishments in a state, in which 10 or more persons are employed, or were employed, on any day of the preceding twelve months; provided that the state government may, with the approval of the Central Government, after giving at least two months' notice shall apply any of the provisions of this Act to establishments or class of establishments, industrial, commercial, agricultural or otherwise.

- **Payment of Gratuity Act, 1972**

The Act shall apply to every factory, mine plantation, port and railway company; to every shop or establishment within the meaning of any law for the time being in force in relation to shops and establishments in a State, in which 10 or more persons are employed, or were employed, on any day of the preceding twelve months; such other establishments or class of establishments, in which 10 or more employees are employed, on any day of the preceding twelve months, as the Central Government, may by notification, specify in this behalf. A shop or establishment to which this Act has become applicable shall be continued to be governed by this Act irrespective of the number of persons falling below ten at any day. The gratuity shall be payable to an employee on termination of his employment after he has rendered continuous service of not less than five years on superannuation or his retirement or resignation or death or disablement due to accident or disease. The five-year period shall be relaxed in case of termination of service due to death or disablement.

- **The Public Liability Insurance Act, 1991 and the Public Liability Insurance Rules, 1991**

The Act imposes liability on the owner or controller of hazardous substances for any damage arising out of an accident involving such hazardous substances. A list of hazardous substances covered by the legislation has been enumerated by the government by way of a notification. Under the law, the owner or handler is also required to take out an insurance policy insuring against liability. The rules made under this Act mandate the employer to contribute towards the Environmental Relief Fund a sum equal to the premium paid on the insurance policies.

- **The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 (the "Act")**

In order to curb the rise in sexual harassment of women at workplace, this Act was enacted for prevention and redressal of complaints and for matters connected therewith or incidental thereto. The terms 'sexual harassment' and 'workplace' are both defined in the Act. Every employer should constitute an "Internal Complaints Committee" and every officer and member of the Committee shall hold office for a period of not exceeding three years from the date of nomination. Any aggrieved woman can make a complaint in writing to the Internal Committee in relation to sexual harassment of female at workplace. Every employer has a duty to provide a safe working environment at workplace which shall include safety from the persons coming into contact at the workplace, organising awareness programs and workshops, display of rules relating to the sexual harassment at any conspicuous part of the workplace, provide necessary facilities to the internal or local committee for dealing with the complaint, such other procedural requirements to assess the complaints.

- **Child Labour (Prohibition and Regulation) Act, 1986 (the "CLPR Act")**

The "CLPR Act seeks to prohibit the engagement of children in certain employments and to regulate the conditions of work of children in certain other employments. Part B of the Schedule to the CLPR Act strictly prohibits employment of children in cloth printing, dyeing and weaving processes and cotton ginning and processing and production of hosiery goods.

LAWS RELATING TO SPECIFIC STATE WHERE ESTABLISHMENT IS SITUATED:

Shops and Establishments laws in various states

As per the provisions of local Shops and Establishments law applicable in the State of Gujarat, establishments are required to be registered. In Gujarat, minimum number of employees for an establishment to seek registration is 10. However, an intimation of setting up the establishment is to be sent to the concerned department irrespective of the number of employees, as soon as the same is set up. Such laws regulate the working and employment conditions of the workers employed in shops and establishments including commercial establishments and provide for fixation of working hours, rest intervals, overtime, holidays, leave, termination of service, maintenance of shops and establishments and other rights and obligations of the employers and employees.

Stamp Act in various states

The purpose of Stamp Act was to streamline and simplify transactions of immovable properties and securities by the State Government. The Stamp Act provides for the imposition of stamp duty at the specified rates on instruments listed in Schedule IA of the Stamp Act. Stamp duty is payable on all instruments/ documents evidencing a transfer or creation or extinguishment of any right, title or interest in immoveable property. However, under the Constitution of India, the states are also empowered to prescribe or alter the stamp duty payable on such documents executed within the states. Therefore, the State Government of Gujarat is empowered to prescribe or alter the stamp duty as per their need.

Professions, Trade, Callings and Employments Act in various states

The professional tax slabs in India are applicable to those citizens of India who are either involved in any profession or trade. The State Government of Gujarat is empowered with the responsibility of structuring as well as formulating the respective professional tax criteria and is also required to collect funds through professional tax. The professional taxes are charged on the income of individuals, profits of business or gains of vocations. The tax payable under the State Acts by any person earning a salary or wage shall be deducted by his employer from the salary or wages payable to such persons before such salary or wages is paid to him, and such employer shall, irrespective of whether such deduction has been made or not when the salary and wage is paid to such persons, be liable to pay tax on behalf of such persons and employer has to obtain the registration from the assessing authority in the prescribed manner.

FOREIGN INVESTMENT LAWS:

Foreign Trade (Development and Regulation) Act, 1992

The FTDR is the main legislation concerning foreign trade in India. The FTDR, read along with the Foreign Trade (Regulation) Rules, 1993, provides for the development and regulation of foreign trade by facilitating imports into, and augmenting exports from, India and for matters connected therewith or incidental thereto. It authorizes the government to formulate as well as announce the export and import policy and to keep amending the same on a timely basis. The government has also been given a wide power to prohibit, restrict and regulate the exports and imports in general as well as specified cases of foreign trade. The FTDR read with the Foreign Trade Policy, 2023, prohibits anybody from undertaking any import or export except under an importer-exporter code (“IEC”) number granted by the Director General of Foreign Trade. Hence, every entity in India engaged in any activity involving import/export is required to obtain an IEC unless specifically exempted from doing so. The IEC shall be valid until it is cancelled by the issuing authority. An IEC number allotted to an applicant is valid for all its branches, divisions, units and factories. Failure to obtain the IEC number shall attract penalty under the FTDR.

Foreign Exchange Management Act, 1999 & Rules thereunder

Foreign investment in India is governed primarily by the provisions of the FEMA, and the rules, regulations and notifications thereunder, as issued by the RBI from time to time and the FEMA Rules and the Consolidated FDI Policy. In terms of the Consolidated FDI Policy, foreign investment is permitted (except in the prohibited sectors) in Indian companies either through the automatic route or the Government route, depending upon the sector in which the foreign investment is sought to be made. In terms of the Consolidated FDI Policy, the work of granting government approval for foreign investment under the Consolidated FDI Policy and FEMA has now been entrusted to the concerned administrative ministries/departments.

The Foreign Exchange Management (Transfer or Issue of Security by a Person Resident outside India) Regulations, 2017 as amended in 2019, provide that the total holding by any individual NRI, on a repatriation basis, shall not exceed 5 percent of the total paid-up equity capital on a fully diluted basis or shall not exceed five percent of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrants; provided that the aggregate ceiling of 10 percent may be raised to 24 percent if a special resolution to that effect is passed by the general body of the Indian company.

The Conservation of Foreign Exchange and Prevention of Smuggling Activities Act, 1974

COFEPOSA came into force for the reason to provide preventive detention and to protect and augment the guidelines of foreign exchange. The Act also aims to control smuggling activities and other issues in relation to these activities. COFEPOSA confers power on the Central and the State Governments to issue orders for detaining a person if it is satisfied that the person has acted detrimental to the protection of foreign exchange. The Government shall also issue order of detention on the ground that the person has engaged in the activity of smuggling goods, assists any person in smuggling goods, transports or conceals such goods, harbouring any person employed in the smuggling activities or does any other activity related with smuggling. Such an order shall be issued by the Joint Secretary to the Central Government or Secretary to the State Government or any senior officer authorized by the Government.

Foreign Direct Investment

The Government of India, from time to time, has made policy pronouncements on Foreign Direct Investment (“FDI”) through press notes and press releases. The Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India (“DIPP”), has issued consolidated FDI Policy Circular of 2020 (“FDI Policy 2020”), which with effect from October 15, 2020, consolidates and supersedes all previous press notes, press releases and clarifications on FDI Policy issued by the DIPP that were in force. The Government proposes to update the consolidated circular on FDI policy once every year and therefore, FDI Policy 2020 will be valid until the DIPP issues an updated circular. The Reserve Bank of India (“RBI”) also issues Master Directions Foreign Investment in India and updates the same from time to time. Presently, FDI in India is being governed by Master Directions on Foreign Investment No. RBI/FED/2017-18/60 FED Master Direction No. 11/2017-18 dated January 4, 2018, as updated from time to time by RBI. In terms of the Master Directions, an Indian company may issue fresh shares to people resident outside India (who are eligible to make investments in India, for which eligibility criteria are prescribed). Such fresh issue of shares shall be subject to inter-alia, the pricing guidelines prescribed under the Master Directions. The Indian company making such fresh issue of shares would be subject to the reporting requirements, inter-alia with respect to consideration for issue of shares and also subject to making certain filings including the filing of Form FC-GPR.

ANTI-TRUST LAWS

Competition Act, 2002

The Act is to prevent practices having adverse effect on competition, to promote and sustain competition in markets, to protect interest of consumer and to ensure freedom of trade in India. The Act deals with prohibition of anti-competitive agreements. No enterprise or group shall abuse its dominant position in various circumstances as mentioned under the Act.

These Restated Summary Statements have been prepared by the Company and approved by the Board of Directors of the Company in connection with the Initial Public Offering (IPO) in SME Emerge Platform of NSE Limited.

1. These Restated Summary Statements have been prepared in accordance with the requirements of:
 - (i) Part I of Chapter-III to the Companies Act, 2013("Act") read with Companies (Prospectus and Allotment of Securities) Rules 2014;
 - (ii) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations 2018 ("**ICDR Regulations**") issued by the Securities and Exchange Board of India ("**SEBI**") in pursuance to Section 11 of the Securities and Exchange Board of India Act, 1992 and related amendments / clarifications from time to time;
 - (iii) The terms of reference to our engagements with the Company letter dated 12th January 2024 requesting us to carry out the assignment, in connection with the Draft Red Herring Prospectus/ Red Herring Prospectus/ Prospectus being issued by the Company for its proposed Initial Public Offering of equity shares in Emerge Platform of NSE. ("**IPO**" or "**SME IPO**"); and
 - (iv) The Guidance Note on Reports in Company Prospectus (Revised) issued by the Institute of Chartered Accountants of India ("**Guidance Note**").
2. The Restated Summary Statements of the Company have been extracted by the management from the Audited Financial Statements of the Company for the financial period/ year ended on 31st March 2021, 31st March 2022, 31st March 2023, 31st December 2023 which has been approved by the Board of Directors.
3. In accordance with the requirements of Part I of Chapter III of Act including rules made therein, ICDR Regulations, Guidance Note and Engagement Letter, we report that:
 - (i) The "**Summary of Statement of Assets and Liabilities as Restated**" as set out in **Annexure A** to this report, of the Company as at 31st March 2021, 31st March 2022, 31st March 2023, 31st December 2023 are prepared by the Company and approved by the Board of Directors. These Statement of Assets and Liabilities, as restated have been arrived at after making such adjustments and regroupings to the individual financial statements of the Company, as in our opinion were appropriate and more fully
 - (ii) Described in Significant Accounting Policies and Notes to Accounts as set out in **Annexure D** to this Report.
 - (iii) The "**Summary of Statement of Profit and Loss as Restated**" as set out in **Annexure B** to this report, of the Company for the period/year ended 31st March 2021, 31st March 2022, 31st March 2023, 31st

December 2023 are prepared by the Company and approved by the Board of Directors. These Statement of Profit and Loss, as restated have been arrived at after making such adjustments and regroupings to the individual financial statements of the Company, as in our opinion were appropriate and more fully described in Significant Accounting Policies and Notes to Accounts as set out in **Annexure D** to this Report.

MANAGEMENT DISCUSSION AND ANALYSIS OF FINANCIAL POSITION AND RESULTS OF OPERATIONS

You should read the following discussion of our financial condition and results of operations together with our restated financial statements included in the Prospectus. You should also read the section entitled “Risk Factors” beginning on page 27, which discusses several factors, risks and contingencies that could affect our financial condition and results of operations. The following discussion relates to our Company and is based on our restated financial statements, which have been prepared in accordance with Indian GAAP, the Companies Act and the SEBI Regulations. Portions of the following discussion are also based on internally prepared statistical information and on other sources. Our financial year ends on March 31 of each year, so all references to a particular financial year (“Financial Year”) are to the twelve-month period ended March 31 of that year.

The financial statements have been prepared in accordance with Indian GAAP, the Companies Act and the SEBI (ICDR) Regulations and restated as described in the report of our auditors dated February 07, 2024 which is included in this Prospectus under the section titled “Restated Financial Information” beginning on page 175 of this Prospectus. The restated financial statements have been prepared on a basis that differs in certain material respects from generally accepted accounting principles in other jurisdictions, including US GAAP and IFRS. We do not provide a reconciliation of our restated financial statements to US GAAP or IFRS and we have not otherwise quantified or identified the impact of the differences between Indian GAAP and U.S. GAAP or IFRS as applied to our restated financial statements.

This discussion contains forward-looking statements and reflects our current views with respect to future events and financial performance. Actual results may differ materially from those anticipated in these forward-looking statements as a result of certain factors such as those described under “Risk Factors” and “Forward Looking Statements” beginning on pages 27 and 18 respectively, and elsewhere in this Prospectus. Accordingly, the degree to which the financial statements in this Prospectus will provide meaningful information depend entirely on such potential investor's level of familiarity with Indian accounting practices. Please also refer to section titled “Certain Covenants, Presentation of Financial, Industry and Market data” beginning on page 16 of this Prospectus.

OUR BUSINESS MODEL

We derive our revenue from 2 (Two) major business verticals:

1. BoP (Balance of Plant) Solutions

Under this vertical our company provides Balance of Plant (BoP) for both wind and solar power projects encompass a range of essential components and services that are critical for the overall functionality and efficiency of the renewable energy facilities. We also undertake such EPC work on Trunkey basis for renewable power generating companies. Our Company's scope of work in BoP includes Foundation work, Substation Civil and Electrical work, Right of Way services, Cabling to substation and Grid, and Miscellaneous work.

2. O&M Services

Under this vertical our company undertakes supervision of wind and solar parks, support site operations for minimizing the down time of turbines, Inspection and reporting on abnormalities, SCADA Monitoring, Supervisor Scheduled maintenance and periodical replacements and participate in all audits, preparation for the reports including manpower supply for the mentioned services. O&M services ensure that BoP

components operate at their optimal performance levels, maximizing energy production and revenue generation. As BoP components such as electrical systems, transformers, and substations are critical for the overall functioning of renewable energy facilities, O&M services include preventive maintenance measures to identify and address potential issues before they escalate into major problems, minimizing the risk of unplanned downtime.

Our entire revenue from operation for the projects executed and ongoing is awarded through work order directly. However, we outsource small portion of the work to be executed by our company in order to complete the project with efficiency and in a timely manner.

FINANCIAL INFORMATION FOR THE PERIOD ENDED AS ON DECEMBER 31, 2023:

REVENUE:

Revenue from operations

Our company is engaging in an integrated engineering, procurement, construction and commissioning company. Our Company provides BoP (Balance of Plant) Solutions for both Wind and Solar power generation companies and also provides Operation and Maintenance services for Plant handling and monitoring. The Total Revenue from operations for the period ended on December 31, 2023 was ₹ 5,195.23 lakhs. For better presentation, our company has bifurcated revenue from operations under following segments:

Particulars	For the Period Ended December 31, 2023	
	Amount in ₹ Lakhs	% of Total Revenue from Operations
Work Contract Income		
- Engineering & Consulting Work	3,493.73	67.25
- Operation & Maintenance Work	872.64	16.80
- Civil Work	828.86	15.95
Total	5,195.23	100.00

As evident from the above data, our substantial part of revenue is derived from Engineering and consulting work. Our Balance of Plant Solution segment includes both Engineering and consulting work as well as Civil work. Whether this both services are included in a single purchase order or independent is as per the client's requirement. On the other hand, our Operation & Maintenance segment also contributes ₹ 872.64 lakhs amounting to 16.80% of our total revenue from operations.

Total revenue is generated from domestic sales only which are as under:

Particulars of state-wise Bifurcation

Particulars	For the Period Ended December 31, 2023	
	Amount in ₹ Lakhs	% of Total Revenue from Operations
Gujarat	4,670.32	89.90
Karnataka	9.55	0.18
Madhya Pradesh	75.39	1.45
Rajasthan	227.39	4.38
Maharashtra	187.62	3.61
Haryana	24.94	0.48
Total Sales	5,195.23	100.00

As evident from the above data, our substantial revenue from operations is derived from Gujarat which contributes majority of our revenue of operations (i.e., 89.90%) for the period ended December 31, 2023.

Other Income:

Other income of the company were ₹ 7.06 lakhs for the period ended December 31, 2023. Interest income such as Interest income on Fixed Deposits and interest income from income tax refund was the only constituents in Interest Income for the period ended December 31, 2023. Other non-operating income includes Dividend income, Discount income and other non-operating income.

EXPENDITURE:

Cost of Goods sold

Our cost of goods sold (which is the aggregate of our cost of material consumed and changes in inventories of WIP) makes up a substantial portion of our operating expenses. During the period ended December 31, 2023 our cost of goods sold (purchase of material and changes in inventories of work in process) amounted to ₹ 1,760.91 lakhs, respectively, which represents 33.89% of our revenue from operations. Our primary raw material consists Conductors, Earthwires and staywires, Fabrication material, Bird Guard and Bird Diverter, Insulators, Isolators, Surge arrestors, Optical Ground Wire, Beams and poles, various tower structures, fasteners and other required hardware.

Cost of Material Consumed

Cost of Material Consumed was ₹ 2,523.18 lakhs for the period ended December 31, 2023. Cost of Material Consumed consists of only purchase of material during the year. Cost of material consumed amounts to 48.50% of total income resulting into largest component of our expenditure. The cost of raw material consumed for a particular year or period depends on the type of projects that our company executes during that respective year/period. As evidenced from the revenue bifurcations, we have derived 16.80 % of our revenue from Operation & Maintenance segment due to which cost of material consumed is relatively low.

Change in Inventory of WIP

Inventories of our company consists of Work in Progress representing the cost incurred for the projects that are in progress but not yet completed. The changes in inventories of WIP amounts to ₹ (762.27) lakhs for the period ended December 31, 2023, primarily due to increased closing stock of WIP in stub period December 31, 2023. At the end of the period on December 31, 2023, lot of our projects which were completed but the same cannot be realised due to not receiving completion certificate or final commissioning.

Employee Benefit Expenses

Employee Benefit expenses was ₹ 559.61 lakhs for the period ended December 31, 2023 which includes Salary and wages, Gratuity and Contribution to Provident and staff welfare expenses. Large portion of our Employee benefit expenses amounts to Salaries and Wages of ₹ 448.33 lakhs, followed by ₹ 70.54 lakhs in staff welfare expenses.

Finance Cost

Finance expense were ₹ 63.48 lakhs for the period ended December 31, 2023 which includes Interest cost on borrowings and Other Borrowing cost such as Processing and renewal charges etc.

Depreciation

The Depreciation and amortization expense for the period ended December 31, 2023 was ₹ 27.24.

Other Expenses

- Other Expenses increased to ₹ 1886.00 lakhs for the period ended December 31, 2023 which primarily includes Area Development expense, right of way expense, fuel expense, erection and commissioning charges, contract expense, Machinery hiring expense and other miscellaneous expenses.

Primary reason for the increase is mentioned below:

- Area development expense and right of way expense amounting to ₹ 1,303.06 lakhs contributing 69.09% of total other expenses for the period ended December 31, 2023. The primary reason for such increase is due to increases in Balance of Plan (BoP) income as compare to previous year as well as this expense includes expenses occurred on projects that are pending as Work in Progress. Area development charges typically refer to expenses associated with the development or preparation of the land or site where the plant or project is being constructed. While Right of way expenses provides legal authorization or permission to construct and maintain certain infrastructure (such as pipelines, transmission lines, or access roads) across or through private property or public land. As civil work is a major component of our BoP solutions, cost associated with area development and right of way expenses has also been increased significantly as revenue generated from BoP Solutions has also been increased.
- Fuel expense, erection and commissioning charges and contract expenses amounts to ₹ 339.40 lakhs for the period ended December 31, 2023 contributing 18.00% of total other expenses.
- Other miscellaneous expenses amount to ₹ 243.45 lakhs for the period ended December 31, 2023 contributing 12.91% of total other expenses. Such expenses mainly include site expense, Electricity Line Survey Expenses, Machinery hiring charges, Professional Charges etc.

Profit before Extra-Ordinary Items and Tax

Due to above reasons, we recorded profit before Extra-Ordinary Items and tax of ₹ 905.04 lakhs, which amounted to 17.40% of our total revenue from operations for the period ended December 31, 2023.

Profit after Tax (PAT)

Our company recorded profit of ₹ 677.26 lakhs for the period ended December 31, 2023. The Profit after Tax for the period ended December 31, 2023 was 13.02% of the total revenue from operations. The main reason for the increase in the Profit after Tax and PAT Margin was number of EPC projects executed from April 01, 2023 to December 31, 2023 i.e., more than 60 projects majority consisting of EPC work. In addition, during the period the company is able to get better terms &

conditions for its purchase of raw material, as evidenced by the cost of material consumed in proportion to the revenue from operations in the last two financial years and for the period ended December 31, 2023.

COMPARISON OF FY 2022-23 WITH FY 2021-22:

REVENUE:

Revenue from operations

Our company is engaging in an integrated engineering, procurement, construction and commissioning company. Our Company provides BoP (Balance of Plant) Solutions for both Wind and Solar power generation companies and also provides Operation and Maintenance services for Plant handling and monitoring. The Total Revenue from operations for the FY 2022-23 was ₹ 6538.66 Lakh as compared to ₹ 6070.19 Lakh during the FY 2021-22. Revenue from operations was increased by 7.72% in FY 2022-23. Income from operation showed steady growth in FY 2022-23 in the normal course of business due to increase in sales volume of overall products. For better presentation, our company has bifurcated revenue from operations under following segments:

Particulars	For the Period Ended March 31, 2023		For the Period Ended March 31, 2022	
	Amount in ₹ Lakhs	% of Total Revenue from Operations	Amount in ₹ Lakhs	% of Total Revenue from Operations

- Civil Work	318.06	4.86	902.14	14.86
Total	6,538.66	100.00	6,070.19	100.00

As evident from the above data, our income from Operation & Maintenance segment in FY 2022-23 has been increased significantly as compared to FY 2021-22. Revenue from operations under operations & maintenance segment has been increased by ₹ 248.68 lakhs in FY 2022-23 as compared to FY 2021-22. On the other hand, revenue from BoP Segment has been stable in FY 2022-23 as compared to FY 2021-22. The revenue from operations of our company is dependent on the no of projects and nature of projects received during the respective period/year.

Total revenue is generated from domestic sales only which are as under

Particulars of state-wise Bifurcation

Particulars	For the Year Ended 31st March, 2023		For the Year Ended 31st March, 2022

Tamil Nadu	58.90	0.90	-	-
Total Sales	6,538.66	100.00	6,070.19	100.00

As evident from the above data, our substantial revenue from operations is derived from Gujarat and Rajasthan which contributes majority of our revenue of operations of ₹ 6336.69 Lakhs (i.e., 96.91% of total revenue) and ₹ 5813.43 Lakhs (i.e., 95.77% of total revenue) for the year ended March 31, 2023 and March 31, 2022 respectively.

Other Income:

Other income of the company were ₹ 5.86 lakhs and ₹ 9.81 lakhs for FY 2022-23 and FY 2021-22 respectively. Interest income such as Interest income on Fixed Deposits and Interest on Income Tax Refund income was the only constituents in

Interest Income for the year FY 2022-23. While Other Non-operating income consist of Dividend income and other non-operating income for the FY 2022-23

EXPENDITURE:

Cost of Goods sold

Our cost of goods sold (which is the aggregate of our cost of material consumed and changes in inventories of WIP) makes up a large portion of our operating expenses. During the year ended on March 31, 2023, and March 31, 2022 our cost of goods sold (purchase of material and changes in inventories of work in process) amounted to ₹ 4,351.90 lakhs, and ₹ 4,591.95 Lakhs respectively, which represents 66.56% and 75.65% of our revenue from operations of respective period. Our primary raw material consists Conductors, Earthwires and staywires, Fabrication material, Bird Guard and Bird Diverter, Insulators, Isolators, Surge arrestors, Optical Ground Wire, Beams and poles, various tower structures, fasteners and other required hardware.

Cost of Material Consumed

Cost of Material Consumed was decreased by 14.97% from ₹ 4,579.02 lakhs in FY 2021-22 to ₹ 3,893.66 Lakhs in FY 2022-23. Cost of Material Consumed consists of only purchase of material during the year. The cost of material has been decreased though the contribution of Engineering and consulting segment to total revenue from operation has been increased due to favourable terms in the purchase of raw material resulting into low cost.

Change in Inventory of WIP

Our opening stock of (i) Work in Progress was ₹ 472.65 lakhs as at April 1, 2022, while it was ₹ 485.58 lakhs as at April 1, 2021. Our closing stock of (i) Work in Progress was ₹ 14.41 lakhs as at March 31, 2023, while it was ₹ 472.65 lakhs as at March 31, 2022.

The changes in inventories of WIP increased to ₹ 458.24 lakhs in FY 2022-23 from ₹ 12.94 lakhs in FY 2021-22 primarily due to increased closing stock of WIP in FY 2022-23. The closing stock of WIP has been decreased due to timely billing during FY 2022-23 resulting into reduced number of projects that were completed but not realised at the end of March 31, 2023.

Employee Benefit Expenses

Employee Benefit expenses increased to ₹ 563.33 lakhs for FY 2022-23 from ₹ 366.57 lakh for FY 2021-22 showing an increase of 53.67%. Employee Benefit expenses constitutes 8.62% and 6.04% of total revenue from operations. The increase in Employee Benefit expenses was mainly attributable to increase in number of employees during the FY 2022-23. Employee Benefit Expenses mainly includes Salary and wages, Gratuity and Contribution to Provident and staff welfare expenses.

Finance Cost

Finance cost expense were ₹ 65.64 lakhs in FY 2022-23 as against ₹ 52.19 lakhs in FY 2021-22. The primary reason for increase in finance cost is due to increase in interest on borrowing attributable to increase in short term borrowings in FY 2022-23. Finance Cost mainly Includes Interest cost on borrowings and Other Borrowing cost such as Processing and renewal charges etc.

Depreciation

The Depreciation and amortization expense for FY 2022-23 was ₹ 33.54 lakhs as against ₹ 34.95 lakhs for FY 2021-22 showing a decrease of 4.03%.

Other Expenses

- Other Expenses decreased to ₹ 838.85 lakhs for FY 2022-23 from ₹ 885.77 lakh for FY 2021-22 showing a decrease of 5.30%. Other expenses which primarily includes Area Development expense, fuel expense, erection and commissioning charges, contract expense, Machinery hiring expense and other miscellaneous expenses.

Primary reason for the decrease is mentioned below:

- Area development expense and right of way expense amounting to ₹ 434.17 lakhs contributing 51.76% of total other expenses in FY 2022-23 as compared to 52.82% of total other expenses in FY 2021-22.
- Fuel expense, erection and commissioning charges, contract expense amounts to ₹ 246.32 lakhs contributing 29.36% of total other expense in FY 2022-23 as compared to 29.87% of total other expense in FY 2021-22.
- Other miscellaneous expenses amount to ₹ 158.36 lakhs compared to ₹ 153.32 lakhs of total other expenses in FY 2022-23 and FY 2021-22, respectively. Such expenses mainly include site expense, Electricity Line Survey Expenses, machinery hiring charges, donation expense, travelling expense etc.

Profit before Extra-Ordinary Items and Tax

Due to above reasons, we recorded an increase of ₹ 691.28 lakhs in our profit before Extra-Ordinary Items and tax, which amounted to 10.56% of our total revenue from operations in FY 2022-23, as compared to 2.44% in FY 2021-22.

Profit after Tax (PAT)

Due to above reasons, we recorded an increase in our profit for the period from ₹ 108.46 lakhs in the year ended on March 31, 2022 to ₹ 518.07 lakhs in the year ended on March 31, 2023. The increase in Profit after tax was mainly due to decrease in Cost of material consumed the reason for the same has been disclosed above. The Profit after Tax for the FY 2022-23 was 7.92% of the total revenue from operations and it was 1.78% of total revenue from operations for the FY 2021-22.

COMPARISON OF FY 2021-22 WITH FY 2020-21:

REVENUE:

Revenue from operations

Our company is engaging in an integrated engineering, procurement, construction and commissioning company. Our Company provides BoP (Balance of Plant) Solutions for both Wind and Solar power generation companies and also provides Operation and Maintenance services for Plant handling and monitoring. The Total Revenue from operations for the FY 2021-22 was ₹ 6070.19 Lakh as compared to ₹ 2216.35 Lakh during the FY 2020-21. Revenue from operations was increased by 173.88% in FY 2021-22. Primary reason to increase in revenue due to new projects were received in FY 2021-22. For better presentation, our company has bifurcated revenue from operations under following segments:

Particulars	For the Period Ended March 31, 2022		For the Period Ended March 31, 2021

Other Income:

Other income of the company were ₹ 9.81 lakhs and ₹ 8.23 lakhs for FY 2021-22 and FY 2020-21 respectively. The primary reason for the increase in other income is due to other non-operating income like dividend and discount income. Other income includes, Interest income and other non-operating income such as dividend income, discount income and other non-operating revenue for the year FY 2021-22.

EXPENDITURE:

Cost of Goods sold

Our cost of goods sold (which is the aggregate of our cost of material consumed and changes in inventories of WIP) makes up a large portion of our operating expenses. During the year ended on March 31, 2022, and March 31, 2021 our cost of goods sold (purchase of material and changes in inventories of work in process) amounted to ₹ 4,591.95 lakhs, and ₹ 1,184.09 Lakhs respectively, which represents 75.53% and 53.23% of our revenue from operations of respective period. Our primary raw material consists Conductors, Earthwires and staywires, Fabrication material, Bird Guard and Bird Diverter, Insulators, Isolators, Surge arrestors, Optical Ground Wire, Beams and poles, various tower structures, fasteners and other required hardware.

Cost of Material Consumed

Cost of Material Consumed increased by 239.01% from ₹ 1350.72 lakhs in FY 2020-21 to ₹ 4579.02 lakhs in FY 2021-22, the primary reason for such increase was increase in sales volume of overall products. Cost of Material Consumed consists only Purchase of material during the year. The revenue from operations during FY 2021-22 under BoP Segment has been increased significantly as compared to FY 2020-21. Under BoP segment our company provides engineering, commissioning and civil construction work including supply of materials as per the requirement of clients. In order to cater the increased number of projects under this segment, the cost of material consumed increased significantly.

Change in Inventory of WIP

Our opening stock of (i) Work in Progress was ₹ 485.58 lakhs as at April 1, 2021, while it was ₹ 318.96 lakhs as at April 1, 2020. Our closing stock of (i) Work in Progress was ₹ 472.65 lakhs as at March 31, 2022, while it was ₹ 485.58 lakhs as at March 31, 2021

The changes in inventories of WIP increased to ₹ 12.94 lakhs in FY 2021-22 from ₹ (166.63) lakhs in FY 2020-21. The change in inventory is due to the opening stock as at April 01, 2020.

Employee Benefit Expenses

Employee Benefit expenses increased to ₹ 366.57 lakhs for FY 2021-22 from ₹ 319.51 lakh for FY 2020-21 showing an increase of 14.73% as compare to FY 2020-21. Employee Benefit Expenses mainly includes Wages, Salary, Director Remuneration, Gratuity and Contribution to Provident and other funds.

Finance Cost

Finance expense were ₹ 52.19 lakhs in FY 2021-22 as against ₹ 48.88 lakhs in FY 2020-21 showing increase of 6.77%. The primary reason for increase in finance cost is due to increase in interest on borrowing, as short term borrowings are increased in FY 2021-22. Finance Cost mainly Includes Interest cost on borrowings and Other Borrowing cost such as Processing and renewal charges etc.

Depreciation

The Depreciation and amortization expense for FY 2021-22 was ₹ 34.95 lakhs as against ₹ 42.36 lakhs for FY 2020-21 showing a decrease of 17.49%.

Other Expenses

Other Expenses increased to ₹ 885.77 lakhs for FY 2021-22 from ₹ 558.40 lakh for FY 2020-21 showing an increase of 58.63%. Other expenses which primarily includes Area Development expense, site expense fuel expense, erection and commissioning charges, contract expense, Machinery hiring expense, electricity line survey expense and other miscellaneous expenses.

Primary reason for the decrease is mentioned below:

- Area development expense and site expense amounting to ₹ 481.45 lakhs contributing 54.35% of total other expenses in FY 2021-22 as compared to 7.08% of total other expenses in FY 2020-21. The primary reason for such increase is due to increase in civil work income as compare to FY 2020-21, as our civil work income consist major balance of plant it's mainly comprises of the various items such as Foundation work, Substation Civil and Electrical work, Right of Way services, Cabling to substation and Grid, SCADA and Miscellaneous work

- Fuel expense, erection and commissioning charges, contract expense amounts to ₹ 264.57 lakhs contributing 29.87% of total other expense in FY 2021-22 as compared to 79.30% of total other expense in FY 2020-21.
- Other miscellaneous expenses amount to ₹ 139.75 lakhs compared to ₹ 76.03 lakhs of total other expenses in FY 2021-22 and FY 2020-21, respectively. Such expenses mainly include site expense, Electricity Line Survey Expenses, machinery hiring charges, donation expense, travelling expense etc.

Profit before Extra-Ordinary Items and Tax

Due to above reasons, we recorded our profit before Extra-Ordinary Items and tax at ₹ 148.56 lakhs, which amounted to 2.44% of our total revenue from operations in FY 2021-22, as compared to profit of ₹ 71.33 lakhs in FY 2020-21.

Profit after Tax (PAT)

Due to above reasons, we recorded profit for the period of ₹ 108.47 lakhs in FY 2021-22 as compared to ₹ 49.44 lakhs in the year ended on March 31, 2021. The Profit after Tax for the FY 2021-22 was 1.78% of the total revenue from operations and it was 2.22% of total revenue from operations for the FY 2020-21. The decrease in PAT Margin is attributable to the Cost of Material increased. The cost of material consumed has been increased due to nature of work in which our company is primarily engaged during FY 2021-22 i.e., Engineering and Consulting work.

QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

In the course of undertaking our business, we are exposed to the following risks arising from financial instruments, which include credit risk, liquidity risk and market risk. Our primary focus is to achieve better predictability of financial markets and seek to minimize potential adverse effects on our financial performance.

Credit Risk

Credit risk is the risk that a customer or counterparty to a financial instrument will fail to perform or fail to pay amounts due causing financial loss. The potential activities where credit risks may arise include from cash and cash equivalents, security deposits or other deposits and principally from credit exposures to customers relating to outstanding receivables. The maximum credit exposure associated with financial assets is equal to the carrying amount.

Our exposure to credit risk is influenced mainly by the individual characteristics of each customer and the geography in which it operates. Credit risk is managed through credit approvals, establishing credit limits, and continuously monitoring the creditworthiness of customers to which our Company grants credit terms in the normal course of business.

Liquidity Risk

Liquidity risk is the risk that we will encounter difficulty in meeting the obligations associated with its financial liabilities that are proposed to be settled by delivering cash or other financial asset. Our financial planning has ensured, as far as possible, that there is sufficient liquidity to meet the liabilities whenever due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to our reputation. We have practiced financial diligence and syndicated adequate liquidity in all business scenarios.

Market Risk

Market risk is the risk that results in changes in market prices, such as foreign exchange rates, interest rates and equity prices, which will affect our income or the value of our holdings of financial instruments. Our operations result in us being exposed to foreign currency risk on account of trade receivables, trade payables and borrowings. The foreign currency risk may affect our income and expenses, or our financial position and cash flows. The objective of our management of foreign currency risk is to maintain this risk within acceptable parameters, while optimising returns.

EFFECT OF INFLATION

We are affected by inflation as it has an impact on the operating cost, staff costs etc. In line with changing inflation rates, we rework our margins so as to absorb the inflationary impact.

As per SEBI Circular No. CIR/CFD/DIL/7/2015 dated October 30, 2015, the above table should reflect maximum 10 issues (Initial Public Issues) managed by the Lead Manager. Hence, disclosure pertaining to recent 10 issues handled by the lead manager are provided.

Note:

- The S&P BSE Sensex and NSE Nifty are considered as the Benchmark.
- “Issue Price” is taken as “Base Price” for calculating % Change in Closing Price of the respective Issues on 30th / 90th/180th Calendar days from listing.
- “Closing Benchmark” on the listing day of respective scripts is taken as “Base Benchmark” for calculating % Change in Closing Benchmark on 30th / 90th/180th Calendar days from listing. Although it shall be noted that for comparing the scripts with Benchmark, the +/- % Change in Closing Benchmark has been calculated based on the Closing Benchmark on the same day as that of calculated for respective script in the manner provided in Note No. 4 below.

4. In case 30th/90th/180th day is not a trading day, closing price on BSE/NSE of the previous trading day for the respective Scripts has been considered, however, if scripts are not traded on that previous trading day then last trading price has been considered.

Joint Holders

Where 2 (two) or more persons are registered as the holders of any Equity Shares, they will be deemed to hold such Equity Shares as joint-holders with benefits of survivorship.

Jurisdiction

Exclusive Jurisdiction for the purpose of this Issue is with the competent courts/authorities in India.

The Equity Share have not been and will not be registered under the U.S. Securities Act or any state securities laws in the United States and may not be issued or sold within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable U.S. state securities laws. Accordingly, the Equity Shares are being

issued and sold only outside the United States in off-shore transactions in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those issues and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be issued or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Nomination Facility to the Investor

In accordance with Section 72 of the Companies Act, 2013, read with Companies (Share Capital and Debentures) Rules, 2014, the sole Applicant, or the first Applicant along with other joint Applicants, may nominate any one person in whom, in the event of the death of sole Applicant or in case of joint Applicants, death of all the Applicants, as the case may be, the Equity Shares Allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to equity share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of Equity Share(s) by the person nominating. A buyer will be titled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at our Registered Office or Corporate Office or to the registrar and transfer agents of our Company.

Any person who becomes a nominee by virtue of the provisions of Section 72 of the Companies Act shall upon production of such evidence, as may be required by the Board, elect either:

1. to register himself or herself as the holder of the equity shares; or
2. to make such transfer of the Equity Shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the equity shares, and if the notice is not complied with within a period of ninety (90) days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the equity shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Issue will be made only in dematerialized form, there is no need to make a separate nomination with our Company. Nominations registered with respective depository participant of the applicant would prevail. If the Applicants require changing of their nomination, they are requested to inform their respective depository participant.

Restrictions, if any on Transfer and Transmission of Equity Shares

Except for the lock-in of the pre-Issue capital of our Company, Promoter's minimum contribution as provided under the section titled "*Capital Structure*" beginning on Page No. 61 of this Prospectus and except as provided in the Articles of Association there are no restrictions on transfer of Equity Shares. The BRLM shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking. For the avoidance of doubt, the provisions of the SEBI circular dated March 16, 2021, as amended pursuant to SEBI circular dated June 2, 2021 shall be deemed to be incorporated in the agreements to be entered into by and between the Company and the relevant intermediaries, to the extent applicable.*

The above timetable, other than the Bid/Issue Closing Date, is indicative and does not constitute any obligation on our Company and the BRLM.

While our Company shall ensure that all steps for the completion of the necessary formalities for the listing and commencement of trading of the Equity Shares on the Stock Exchange are taken within three Working Days of the Bid/Issue Closing Date or such other period as may be prescribed by the SEBI, the timetable may be extended due to various factors, such as extension of the Bid/Issue Period by our Company in consultation with the BRLM, revision of the Price Band or any delay in receiving the final listing and trading approval from the Stock Exchange. The commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws.

The SEBI is in the process of streamlining and reducing the post Issue timeline for initial public offerings. Any circulars or notifications from the SEBI after the date of the Prospectus may result in changes to the above-mentioned timelines. Further, the Issue procedure is subject to change to any revised circulars issued by the SEBI to this effect.

The BRLM will be required to submit reports of compliance with listing timelines and activities, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

In terms of the UPI Circulars, in relation to the Issue, the BRLM will submit report of compliance with T+3 listing timelines and activities, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

Submission of Bids

Bid/Issue Period (except the Bid/Issue Closing Date)

Submission and Revision in Bids: Only between 10.00 a.m. and 5.00 p.m. (Indian Standard Time (“IST”))

Bid/Issue Closing Date

Submission and Revision in Bids: Only between 10.00 a.m. and 3.00 p.m. IST

On the Bid/Issue Closing Date, the Bids shall be uploaded until:

- i) 4.00 p.m. IST in case of Bids by QIBs and Non-Institutional Bidders, and
- ii) until 5.00 p.m. IST or such extended time as permitted by the Stock Exchange, in case of Bids by Retail Individual Bidders.

On the Bid/Issue Closing Date, extension of time will be granted by the Stock Exchange only for uploading Bids received from Retail Individual Bidders after taking into account the total number of Bids received and as reported by the BRLM to the Stock Exchange.

The Registrar to the Issue shall submit the details of cancelled/ withdrawn/ deleted applications to the SCSBs on a daily basis within 60 minutes of the Bid closure time from the Bid/ Issue Opening Date till the Bid/ Issue Closing Date by obtaining the same from the Stock Exchanges. The SCSBs shall unblock such applications by the closing hours of the Working Day and submit the confirmation to the BRLM and the RTA on a daily basis.

To avoid duplication, the facility of re-initiation provided to Syndicate Members, if any shall preferably be allowed only once per Bid/batch and as deemed fit by the Stock Exchange, after closure of the time for uploading Bids.

It is clarified that Bids not uploaded on the electronic bidding system or in respect of which the full Bid Amount is not blocked by SCSBs or not blocked under the UPI Mechanism in the relevant ASBA Account, as the case may be, would be rejected.

Due to limitation of time available for uploading the Bids on the Bid/Issue Closing Date, Bidders are advised to submit their Bids one day prior to the Bid/Issue Closing Date. Any time mentioned in this Prospectus is Indian Standard Time. Bidders are cautioned that, in the event a large number of Bids are received on the Bid/Issue Closing Date, as is typically experienced in public offerings, some Bids may not get uploaded due to lack of sufficient time. Such Bids that cannot be uploaded will not be considered for allocation under the Issue. Bids will be accepted only during Monday to Friday (excluding any public holiday). None among our Company or any Member of the Syndicate shall be liable for any failure in (i) uploading the Bids due to faults in any software/ hardware system or blocking of application amount by the SCSBs on receipt of instructions from the Sponsor Bank on account of any errors, omissions or non-compliance by various parties involved in, or any other fault, malfunctioning or breakdown in, or otherwise, in the UPI Mechanism.

In case of any discrepancy in the data entered in the electronic book vis-a-vis data contained in the physical Bid cum Application Form, for a particular Bidder, the details of the Bid file received from the Stock Exchanges may be taken. Our Company in consultation with the BRLM, reserves the right to revise the Price Band during the Bid/Issue Period, provided that the Cap Price shall be less than or equal to 120% of the Floor Price and the Floor Price shall not be less than the face value of the Equity Shares. The revision in the Price Band shall not exceed 20% on either side, i.e. the Floor Price can move up or down to the extent of 20% of the Floor Price and the Cap Price will be revised accordingly. The Floor Price shall not be less than the face value of the Equity Shares.

In case of any revision to the Price Band, the Bid/Issue Period will be extended by at least three additional Working Days following such revision of the Price Band, subject to the Bid/Issue Period not exceeding a total of 10 Working Days. In cases of force majeure, banking strike or similar circumstances, our Company in consultation with the BRLM, for reasons to be recorded in writing, extend the Bid/Issue Period for a minimum of three Working Days, subject to the Bid/ Issue Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid/Issue Period, if applicable, will be widely disseminated by notification to the Stock Exchange, by issuing a public notice, and also by indicating the change on the respective websites of the BRLM and the terminals of the Syndicate Members, if any and by intimation to SCSBs, other Designated Intermediaries and the Sponsor Bank, as applicable. In case of revision of Price Band, the Bid Lot shall remain the same.

Minimum Subscription

This Issue is not restricted to any minimum subscription level and is 100% underwritten. As per Section 39 of the Companies Act, 2013, if the stated minimum amount has not been subscribed and the sum payable on application is not received within a period of 30 days from the date of the Prospectus, the application money has to be returned within such period as may be prescribed. If our Company does not receive the 100% subscription of the issue through the Issue Document including devolvement of Underwriters, if any, within sixty (60) days from the date of closure of the issue, our Company shall forthwith refund the entire subscription amount received. If there is a delay beyond four days after our Company becomes liable to pay the amount, our Company and every officer in default will, on and from the expiry of this period, be jointly and severally liable to repay the money, with interest or other penalty as prescribed under the SEBI Regulations, the Companies Act 2013 and applicable law.

In accordance with Regulation 260 of the SEBI (ICDR) Regulations, our Issue shall be hundred percent underwritten. Thus, the underwriting obligations shall be for the entire hundred percent of the issue through the Prospectus and shall not be restricted to the minimum subscription level.

Further, in accordance with Regulation 268(1) of the SEBI (ICDR) Regulations, our Company shall ensure that the number of prospective allottees to whom the Equity Shares will be allotted will not be less than 50 (Fifty).

Further, in accordance with Regulation 267(2) of the SEBI (ICDR) Regulations, our Company shall ensure that the minimum application size in terms of number of specified securities shall not be less than ₹ 1,00,000/- (Rupees One Lac only) per application.

ISSUE PROCEDURE

All Applicants should review the General Information Document for Investing in Public Issue, prepared and issued in accordance with the SEBI circular no CIR/CFD/DIL/12/2013 dated October 23, 2013 notified by SEBI and updated pursuant to SEBI Circular CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015, the SEBI Circular SEBI/HO/CFD/DIL/CIR/P/2016/26 dated January 21, 2016, SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 and updated pursuant to SEBI Circular SEBI/HO/CFD/DIL1/CIR/P/2020/37 dated March 17, 2020 (the “General Information Document”) which highlights the key rules, processes and procedures applicable to public issues in general in accordance with the provisions of the Companies Act, the SCRA, the SCRR and the SEBI ICDR Regulations. The General Information Document is available on the websites of Stock Exchange, the Company and the Book Running Lead Manager. Please refer to the relevant provisions of the General Information Document which are applicable to the Issue.

Additionally, all Applicants may refer to the General Information Document for information in relation to (i) Category of investor eligible to participate in the Issue; (ii) maximum and minimum Issue size; (iii) price discovery and allocation; (iv) Payment Instructions for ASBA Applicants; (v) Issuance of CAN and Allotment in the Issue; (vi) General instructions (limited to instructions for completing the Application Form); (vii) designated date; (viii) disposal of applications; (ix) submission of Application Form; (x) other instructions (limited to joint applications in cases of individual, multiple applications and instances when an application would be rejected on technical grounds); (xi) applicable provisions of Companies Act, 2013 relating to punishment for fictitious applications; (xii) mode of making refunds; and (xiv) interest in case of delay in Allotment or refund.

SEBI through its UPI Circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019 and circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, has introduced an alternate payment mechanism using Unified Payments Interface (**UPI**) and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI Mechanism for RIIs applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days (“**UPI Phase I**”). The UPI Phase I was effective till June 30, 2019.

Subsequently, for applications by Retail Individual Investors through Designated Intermediaries, the process of physical movement of forms from Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism with existing timeline of T+6 days is applicable for a period of three months or launch of five main board public issues, whichever is later (“**UPI Phase II**”), with effect from July 1, 2019, by SEBI circular (SEBI/HO/CFD/DIL2/CIR/P/2019/76) dated June 28, 2019, read with circular (SEBI/HO/CFD/DIL2/CIR/P/2019/85) dated July 26, 2019. Further, as per the SEBI circular (SEBI/HO/CFD/DCR2/CIR/P/2019/133) dated November 8, 2019, the UPI Phase II had been extended until March 31, 2020. However, due to the outbreak of COVID-19 pandemic, UPI Phase II has been further extended by SEBI until further notice, by its circular (SEBI/HO/CFD/DIL2/CIR/P/2020/50) dated March 30, 2020. Thereafter, the final reduced timeline of T+3 days may be made effective using the UPI Mechanism for applications by Retail Individual Investors (“**UPI Phase III**”), as may be prescribed by SEBI. Further, SEBI, vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, and circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, has introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances. This circular is effective for initial public offers opening on/or after May 1, 2021, except as amended pursuant to SEBI circular SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, and the provisions of this circular are deemed to form part of this Prospectus. Furthermore, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 5, 2022, all individual Investors in initial public offerings (opening on or after May 1, 2022) whose application sizes are up to ₹ 500,000 shall use the UPI Mechanism.

Furthermore, SEBI vide press release bearing number 12/2023 has approved the proposal for reducing the time period for listing of shares in public issue from existing 6 working days to 3 working days from the date of the closure of the issue. The revised timeline of T+3 days shall be made applicable in two phases i.e. voluntary for all public issues opening on or after September 1, 2023 and mandatory on or after December 1, 2023. Further, SEBI has vide its circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 reduced the time taken for listing of specified securities after the closure of a public issue to three Working Days. Accordingly, the Offer will be made under UPI Phase III on a mandatory basis, subject to any circulars, clarification or notification issued by the SEBI from time to time.

The list of Banks that have been notified by SEBI as Issuer Banks for UPI are provided on <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&intmId=40>. The list of Stockbrokers, Depository Participants (DP), Registrar to an Issue and Share Transfer Agent (RTA) that have been notified by SME Platform of National Stock Exchange of India Limited (“NSE EMERGE”) to act as intermediaries for submitting Application Forms are provided on www.nseindia.com/emerge. For details on their designated branches for submitting Application Forms, please see the above mentioned website of Platform of National Stock Exchange of India Limited (“NSE EMERGE”).

Phased implementation of Unified Payments Interface

SEBI has issued the UPI Circulars in relation to streamlining the process of public issue of inter alia, equity shares. Pursuant to the UPI Circulars, the UPI Mechanism has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under ASBA) for applications by RIBs through Designated Intermediaries with the objective to reduce the time duration from public issue closure to listing from six Working Days to up to three Working Days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI payment mechanism, the UPI Circulars have introduced the UPI Mechanism in three phases in the following manner:

Phase I: This phase was applicable from January 1, 2019 until March 31, 2019 or floating of five main board public issues, whichever is later. Subsequently, the timeline for implementation of Phase I was extended till June 30, 2019. Under this phase, an RII had the option to submit the ASBA Form with any of the Designated Intermediary and use his/ her UPI ID

for the purpose of blocking of funds. The time duration from public Issue closure to listing continued to be six working days.

Phase II: This phase has become applicable from July 1, 2019. SEBI vide its circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019 had extended the timeline for implementation of UPI Phase II till March 31, 2020. Further, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020 dated March 30, 2020 decided to continue Phase II of UPI with ASBA until further notice. Under this phase, submission of the ASBA Form by RIBs through Designated Intermediaries (other than SCSBs) to SCSBs for blocking of funds will be discontinued and will be replaced by the UPI Mechanism. However, the time duration from public Issue closure to listing would continue to be six Working Days during this phase.

Phase III: This phase has become applicable on a voluntary basis for all issues opening on or after September 1, 2023 and on a mandatory basis for all issues opening on or after December 1, 2023, vide SEBI circular bearing number SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 ("T+3 Notification"). In this phase, the time duration from public issue closure to listing has been reduced to three Working Days. The Issue shall be undertaken pursuant to the processes and procedures as notified in the T+3 Notification as applicable, subject to any circulars, clarification or notification issued by the SEBI from time to time, including any circular, clarification or notification which may be issued by SEBI.

The Issue is being made under Phase III of the UPI (on a mandatory basis).

All SCSBs offering facility of making application in public issues shall also provide facility to make application using the UPI Mechanism. The Issuers will be required to appoint one of the SCSBs as a sponsor bank to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and / or payment instructions of the Retail Individual Applicants into the UPI Mechanism.

For further details, refer to the General Information Document available on the websites of the Stock Exchange and the Book Running Lead Manager.

Bid cum Application Form

Copies of the Bid cum Application Form and the abridged prospectus will be available with the Designated Intermediaries at the Bidding Centres, and our Registered and Corporate Office. An electronic copy of the Bid cum Application Form will also be available for download on the websites of NSE (www.nseindia.com) at least one day prior to the Bid/Issue Opening Date.

In case of revision in Applications, the Non-Institutional Bidders, who are individuals, have to ensure that the Application Amount is greater than ₹ 2,00,000 for being considered for allocation in the Non-Institutional Portion.

Bidders are advised to ensure that any single Application from them does not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or regulation or as specified in this Prospectus.

The above information is given for the benefit of the Bidders. The Company and the BRLM are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Prospectus. Bidders are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

METHOD OF BIDDING PROCESS

Our Company, in consultation with the BRLM will decide the Price Band and the minimum Bid lot size for the Issue and the same shall be advertised in all editions of the English national newspaper, all editions of Hindi national newspaper and Gujarat Edition of Regional newspaper where the registered office of the company is situated, each with wide circulation at least two Working Days prior to the Bid / Issue Opening Date. The BRLM and the SCSBs shall accept Bids from the Bidders during the Bid / Issue Period.

- a) The Bid / Issue Period shall be for a minimum of three Working Days and shall not exceed 10 Working Days. The Bid/ Issue Period maybe extended, if required, by an additional three Working Days, subject to the total Bid/ Issue Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid / Issue Period, if applicable, will be published in all editions of the English national newspaper Financial Express, all editions of Hindi national newspaper Jansatta and Gujarati Edition of Regional newspaper Financial Express where the registered office of the company is situated, each with wide circulation and also by indicating the change on the websites of the Book Running Lead Manager.
- b) Each Bid cum Application Form will give the Bidder the choice to Bid for up to three optional prices (for details refer to the paragraph titled “Bids at Different Price Levels and Revision of Bids” below) within the Price Band and specify the demand (i.e., the number of Equity Shares Bid for) in each option. The price and demand options submitted by the Bidder in the Bid cum Application Form will be treated as optional demands from the Bidder and will not be cumulated. After determination of the Issue Price, the maximum number of Equity Shares Bid for by a Bidder/Applicant at or above the Issue Price will be considered for allocation/Allotment and the rest of the Bid(s), irrespective of the Bid Amount, will become automatically invalid.
- c) The Bidder / Applicant cannot Bid through another Bid cum Application Form after Bids through one Bid cum Application Form have been submitted to a BRLM or the SCSBs. Submission of a second Bid cum Application Form to either the same or to another BRLM or SCSB will be treated as multiple Bid and is liable to be rejected either before entering the Bid into the electronic bidding system, or at any point of time prior to the allocation or Allotment of Equity Shares in this Issue. However, the Bidder can revise the Bid through the Revision Form, the procedure for which is detailed under the paragraph “Buildup of the Book and Revision of Bids”.
- d) The BRLM/the SCSBs will enter each Bid option into the electronic bidding system as a separate Bid and generate a Transaction Registration Slip, (“TRS”), for each price and demand option and give the same to the Bidder. Therefore, a Bidder can receive up to three TRSs for each Bid cum Application Form
- e) Upon receipt of the Bid cum Application Form, submitted whether in physical or electronic mode, the Designated Branch of the SCSB shall verify if sufficient funds equal to the Bid Amount are available in the ASBA Account, as mentioned in the Bid cum Application Form, prior to uploading such Bids with the Stock Exchange.
- f) If sufficient funds are not available in the ASBA Account, the Designated Branch of the SCSB shall reject such Bids and shall not upload such Bids with the Stock Exchange.
- g) If sufficient funds are available in the ASBA Account, the SCSB shall block an amount equivalent to the Bid Amount mentioned in the Bid cum Application Form and will enter each Bid option into the electronic bidding system as a separate Bid and generate a TRS for each price and demand option. The TRS shall be furnished to the ASBA Bidder on request.
- h) The Bid Amount shall remain blocked in the aforesaid ASBA Account until finalization of the Basis of Allotment and consequent transfer of the Bid Amount against the Allotted Equity Shares to the Public Issue Account, or until withdrawal/failure of the Issue or until withdrawal/rejection of the Bid cum Application Form, as the case may be. Once the Basis of Allotment is finalized, the Registrar to the Issue shall send an appropriate request to the SCSB for unblocking the relevant ASBA Accounts and for transferring the amount allocable to the successful Bidders to the Public Issue Account. In case of withdrawal/failure of the Issue, the blocked amount shall be unblocked on receipt of such information from the Registrar to the Issue.

BIDS AT DIFFERENT PRICE LEVELS AND REVISION OF BIDS

- a) Our Company in consultation with the BRLM, and without the prior approval of, or intimation, to the Bidders, reserves the right to revise the Price Band during the Bid/ Issue Period, provided that the Cap Price shall be less than or equal to 120% of the Floor Price and the Floor Price shall not be less than the face value of the Equity Shares. The revision in Price Band shall not exceed 20% on the either side i.e. the floor price can move up or down to the extent of 20% of the floor price disclosed. If the revised price band decided, falls within two different price bands than the minimum application lot size shall be decided based on the price band in which the higher price falls into.
- b) Our Company in consultation with the BRLM, will finalize the Issue Price within the Price Band, without the prior approval of, or intimation, to the Bidders.
- c) The Bidders can Bid at any price within the Price Band. The Bidder has to Bid for the desired number of Equity Shares at a specific price. Retail Individual Bidders may Bid at the Cut-off Price. However, bidding at the Cut-off Price is prohibited for QIB and Non-Institutional Bidders and such Bids from QIB and Non-Institutional Bidders shall be rejected.
- d) Retail Individual Bidders, who Bid at Cut-off Price agree that they shall purchase the Equity Shares at any price within the Price Band. Retail Individual Bidders shall submit the Bid cum Application Form along with a cheque/demand draft

for the Bid Amount based on the Cap Price with the Syndicate. In case of ASBA Bidders (excluding Non-Institutional Bidders and QIB Bidders) bidding at Cut-off Price, the ASBA Bidders shall instruct the SCSBs to block an amount based on the Cap Price.

Participation by Associates /Affiliates of BRLM and the Syndicate Members

The BRLM and the Syndicate Members, if any, shall not be allowed to purchase in this Issue in any manner, except towards fulfilling their underwriting obligations. However, the associates and affiliates of the BRLM and the Syndicate Members, if any, may subscribe the Equity Shares in the Issue, either in the QIB Category or in the Non-Institutional Category as may be applicable to such Bidders, where the allocation is on a proportionate basis and such subscription may be on their own account or on behalf of their clients.

Option to Subscribe in the Issue

- a. As per Section 29(1) of the Companies Act 2013, allotment of Equity Shares shall be made in dematerialized form only. Investors will not have the option of getting allotment of specified securities in physical form.
- b. The Equity Shares, on allotment, shall be traded on the Stock Exchange in demat segment only.
- c. A single application from any investor shall not exceed the investment limit/minimum number of Equity Shares that can be held by him/her/it under the relevant regulations/statutory guidelines and applicable law.

Information for the Bidders:

1. Our Company and the Book Running Lead Manager shall declare the Issue Opening Date and Issue Closing Date in the Red Herring Prospectus to be registered with the RoC and also publish the same in two national newspapers (one each in English and Hindi) and in a regional newspaper with wide circulation. This advertisement shall be in prescribed format.
2. Our Company will file the Red Herring Prospectus with the RoC at least 3 (three) working days before the Issue Opening Date.
3. Copies of the Bid Cum Application Form along with Abridge Prospectus and copies of the Red Herring Prospectus will be available with the, the Book Running Lead Manager, the Registrar to the Issue, and at the Registered Office of our Company. Electronic Bid Cum Application Forms will also be available on the websites of the Stock Exchange.
4. Any Bidder who would like to obtain the Red Herring Prospectus and/ or the Bid Cum Application Form can obtain the same from our Registered Office.
5. Bidders who are interested in subscribing for the Equity Shares should approach Designated Intermediaries to register their applications.
6. Bid Cum Application Forms submitted directly to the SCSBs should bear the stamp of the SCSBs and/or the Designated Branch, or the respective Designated Intermediaries. Bid Cum Application Form submitted by Applicants whose beneficiary account is inactive shall be rejected.
7. The Bid Cum Application Form can be submitted either in physical or electronic mode, to the SCSBs with whom the ASBA Account is maintained, or other Designated Intermediaries (Other than SCSBs). SCSBs may provide the electronic mode of collecting either through an internet enabled collecting and banking facility or such other secured, electronically enabled mechanism for applying and blocking funds in the ASBA Account. The Retail Individual Applicants has to apply only through UPI Channel, they have to provide the UPI ID and validate the blocking of the funds and such Bid Cum Application Forms that do not contain such details are liable to be rejected.
8. Bidders applying directly through the SCSBs should ensure that the Bid Cum Application Form is submitted to a Designated Branch of SCSB, where the ASBA Account is maintained. Applications submitted directly to the SCSB's or other Designated Intermediaries (Other than SCSBs), the relevant SCSB, shall block an amount in the ASBA Account equal to the Application Amount specified in the Bid Cum Application Form, before entering the ASBA application into the electronic system.
9. Except for applications by or on behalf of the Central or State Government and the Officials appointed by the courts and by investors residing in the State of Sikkim, the Bidders, or in the case of application in joint names, the first Bidder (the first name under which the beneficiary account is held), should mention his/her PAN allotted under the Income Tax Act. In accordance with the SEBI Regulations, the PAN would be the sole identification number for participating transacting in the securities market, irrespective of the amount of transaction. Any Bid Cum Application Form without PAN is liable to be rejected. The demat accounts of Bidders for whom PAN details have not been verified, excluding person resident in the State of Sikkim or persons who may be exempted from specifying their PAN for transacting in the securities market, shall be "suspended for credit" and no credit of Equity Shares pursuant to the Issue will be made into the accounts of such Bidders.

10. The Bidders may note that in case the PAN, the DP ID and Client ID mentioned in the Bid Cum Application Form and entered into the electronic collecting system of the Stock Exchange Designated Intermediaries do not match with PAN, the DP ID and Client ID available in the Depository database, the Bid Cum Application Form is liable to be rejected.

BIDS BY HUFs

Bids by Hindu Undivided Families or HUFs should be made in the individual name of the Karta. The Bidder should specify that the Bid is being made in the name of the HUF in the Bid cum Application Form/Application Form as follows: “Name of sole or first Bidder: XYZ Hindu Undivided Family applying through XYZ, where XYZ is the name of the Karta”. Bids/Applications by HUFs will be considered at par with Bids/Applications from individuals.

BIDS BY MUTUAL FUNDS

With respect to Bids by Mutual Funds, a certified copy of their SEBI registration certificate must be lodged along with the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserve the right to reject any Bid without assigning any reason thereof.

Bids made by asset management companies or custodians of Mutual Funds shall specifically state names of the concerned schemes for which such Bids are made.

In case of a Mutual Fund, a separate Bid can be made in respect of each scheme of the Mutual Fund registered with SEBI and such Bids in respect of more than one scheme of the Mutual Fund will not be treated as multiple Bids provided that the Bids clearly indicate the scheme concerned for which the Bid has been made.

No Mutual Fund scheme shall invest more than 10.00% of its net asset value in equity shares or equity related instruments of any single company provided that the limit of 10.00% shall not be applicable for investments in case of index funds or sector or industry specific schemes. No Mutual Fund under all its schemes should own more than 10.00% of any company’s paid-up share capital carrying voting rights.

BIDS BY ELIGIBLE NRIS

Eligible NRIs may obtain copies of Bid cum Application Form from the Designated Intermediaries. Only Bids accompanied by payment in Indian Rupees or freely convertible foreign exchange will be considered for Allotment. Eligible NRI Bidders bidding on a repatriation basis by using the Non-Resident Forms should authorize their SCSB (if they are Bidding directly through the SCSB) or confirm or accept the UPI Mandate Request (in case of Bidding through the UPI Mechanism) to block their Non-Resident External (“NRE”) accounts, or Foreign Currency Non-Resident (“FCNR”) Accounts, and eligible NRI Bidders bidding on a non- repatriation basis by using Resident Forms should authorize their SCSB (if they are Bidding directly through SCSB) or confirm or accept the UPI Mandate Request (in case of Bidding through the UPI Mechanism) to block their Non-Resident Ordinary (“NRO”) accounts for the full Bid Amount, at the time of the submission of the Bid cum Application Form. Participation of Eligible NRIs in the Issue shall be subject to the FEMA Rules.

In accordance with the Consolidated FDI Policy, the total holding by any individual NRI, on a repatriation or non-repatriation basis, shall not exceed 5.00% of the total paid-up equity capital on a fully diluted basis or shall not exceed 5.00% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together, on a repatriation or non- repatriation basis, shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrant. Provided that the aggregate ceiling of 10.00% may be raised to 24.00% if a special resolution to that effect is passed by the general body of the Indian company.

NRIs will be permitted to apply in the Issue through Channel I or Channel II (as specified in the UPI Circular). Further, subject to applicable law, NRIs may use Channel IV (as specified in the UPI Circular) to apply in the Issue, provided the UPI facility is enabled for their NRE/ NRO accounts.

NRIs applying in the Issue using UPI Mechanism are advised to enquire with the relevant bank whether their bank account is UPI linked prior to making such application. For details of investment by NRIs, please refer chapter titled “*Restrictions on Foreign Ownership of Indian Securities*” beginning on Page No. 251 of this Prospectus. Participation of eligible NRIs shall be subject to FEMA NDI Rules.

BIDS BY FPIS

In terms of the SEBI FPI Regulations, the issue of Equity Shares to a single FPI or an investor group (which means the same multiple entities having common ownership directly or indirectly of more than 50% or common control) must be below 10% of our post-Issue Equity Share capital. Further, in terms of the FEMA NDI Rules, with effect from April 1, 2020, the aggregate FPI investment limit is the sectoral cap applicable to an Indian company as prescribed in the FEMA NDI Rules with respect to its paid-up equity capital on a fully diluted basis. Currently, the sectoral cap for relevant business sector in India is 100% under automatic route.

FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time. In case of Bids made by FPIs, a certified copy of the certificate of registration issued under the SEBI FPI Regulations is required to be attached to the Bid cum Application Form, failing which our Company reserves the right to reject any Bid without assigning any reason. FPIs who wish to participate in the Issue are advised to use the Bid cum Application Form for Non-Residents.

In terms of the FEMA, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs shall be included.

The FEMA NDI Rules were enacted on October 17, 2019 in supersession of the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2017, except as respects things done or omitted to be done before such supersession. FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI, may issue, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only by persons registered as Category I FPIs; (ii) such offshore derivative instruments are issued only to persons eligible for registration as Category I FPIs; (iii) such offshore derivative instruments are issued after compliance with 'know your client' norms; and (iv) such other conditions as may be specified by SEBI from time to time.

An FPI issuing off-shore derivative instruments is also required to ensure that any transfer of off-shore derivative instruments issued by, or on behalf of it subject to, inter alia, the following conditions:

- (i). such offshore derivative instruments are transferred to person subject to fulfilment of SEBI FPI Regulations; and
- (ii). prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred are pre-approved by the FPI.

Bids by FPIs which utilise the multi-investment manager structure in accordance with the Operational Guidelines for Foreign Portfolio Investors and Designated Depository Participants issued to facilitate implementation of the SEBI FPI Regulations ("Operational FPI Guidelines"), submitted with the same PAN but with different beneficiary account numbers, Client IDs and DP IDs shall not be treated as multiple Bids ("MIM Bids"). It is hereby clarified that FPIs bearing the same PAN may be treated as multiple Bids by a Bidder and may be rejected, except for Bids from FPIs that utilise the multi-investment manager structure in accordance with the Operational FPI Guidelines (such structure referred to as "MIM Structure"). In order to ensure valid Bids, FPIs making MIM Bids using the same PAN and with different beneficiary account numbers, Client IDs and DP IDs, are required to submit a confirmation that their Bids are under the MIM Structure and indicate the name of their investment managers in such confirmation which shall be submitted along with each of their Bid cum Application Forms. In the absence of such confirmation from the relevant FPIs, such MIM Bids shall be rejected.

BIDS BY SEBI-REGISTERED AIFS, VCFs AND FVCIS

The SEBI FVCI Regulations, SEBI VCF Regulations and the SEBI AIF Regulations prescribe, inter alia, the investment restrictions on the FVCIs, VCFs and AIFs registered with SEBI respectively. FVCIs can invest only up to 33.33% of the investible funds by way of subscription to an initial public offering. Category I AIF and Category II AIF cannot invest more than 25% of the investible funds in one investee company directly or through investment in the units of other AIFs. A Category III AIF cannot invest more than 10% of the investible funds in one investee company directly or through investment in the units of other AIFs. AIFs which are authorized under the fund documents to invest in units of AIFs are prohibited from offering their units for subscription to other AIFs. A VCF registered as a Category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than 1/3rd of its investible funds by way of subscription to an initial public offering of a venture capital undertaking. Additionally, a VCF that has not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the SEBI VCF Regulations (and accordingly shall not be allowed to participate in the Issue) until the existing fund or scheme managed by the fund is wound up and such funds shall not launch any new scheme after the notification of the SEBI AIF Regulations.

There is no reservation for Eligible NRIs, FPIs and FVCIs and all Bidders will be treated on the same basis with other categories for the purpose of allocation.

Further, the shareholding of VCFs, category I AIFs or category II AIFs and FVCIs holding Equity Shares prior to Issue, shall be locked-in for a period of at least one year from the date of purchase of such Equity Shares.

All non-resident investors should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and commission.

The Company or the BRLM will not be responsible for loss, if any, incurred by the Bidder on account of conversion of foreign currency.

BIDS BY LIMITED LIABILITY PARTNERSHIPS

In case of Bids made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserve the right to reject any Bid without assigning any reason thereof.

BIDS BY BANKING COMPANIES

In case of Bids made by banking companies registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, and (ii) the approval of such banking company's investment committee are required to be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserves the right to reject any Bid without assigning any reason thereof. The investment limit for banking companies in non-financial services companies as per the Banking Regulation Act, the Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, as amended and Master Circular on Basel III Capital Regulations dated July 01, 2014, as amended, is 10.00% of the paid up share capital of the investee company, not being its subsidiary engaged in non-financial services, or 10.00% of the bank's own paid-up share capital and reserves, whichever is lower.

However, a banking company would be permitted to invest in excess of 10% but not exceeding 30% of the paid up share capital of such investee company, subject to prior approval of the RBI if (i) the investee company is engaged in non-financial activities permitted for banking companies in terms of Section 6(1) of the Banking Regulation Act; or (ii) the additional acquisition is through restructuring of debt, or to protect the banking company's interest on loans/investments made to a company. The bank is required to submit a time bound action plan to the RBI for the disposal of such shares within a specified period. The aggregate investment by a banking company along with its subsidiaries, associates or joint ventures or entities directly or indirectly controlled by the bank; and mutual funds managed by asset management companies controlled by the bank, more than 20% of the investee company's paid up share capital engaged in non-financial services. However, this cap doesn't apply to the cases mentioned in (i) and (ii) above. The aggregate equity investments made by a banking company in all subsidiaries and other entities engaged in financial services and non-financial services, including overseas investments shall not exceed 20% of the bank's paid-up share capital and reserves.

In terms of the Master Circular on Basel III Capital Regulations dated July 1, 2014, as amended (i) a bank's investment in the capital instruments issued by banking, financial and insurance entities should not exceed 10% of its capital funds; (ii) banks should not acquire any fresh stake in a bank's equity shares, if by such acquisition, the investing bank's holding exceeds 5% of the investee bank's equity capital; (iii) equity investment by a bank in a subsidiary company, financial services company, financial institution, stock and other exchanges should not exceed 10% of the bank's paid-up share capital and reserves; (iv) equity investment by a bank in companies engaged in non-financial services activities would be subject to a limit of 10% of the investee company's paid-up share capital or 10% of the bank's paid-up share capital and reserves, whichever is less; and (v) a banking company is restricted from holding shares in any company, whether as pledgee, mortgagee or absolute owner, of an amount exceeding 30% of the paid-up share capital of that company or 30% of its own paid-up share capital and reserves, whichever is less. For details in relation to the investment limits under Master Direction – Ownership in Private Sector Banks, Directions, 2016, please refer chapter titled “*Key Industry Regulations*” beginning on Page No. 145 of this Prospectus.

BIDS BY SCSBS

SCSBs participating in the Issue are required to comply with the terms of the circulars issued by the SEBI dated September 13, 2012 and January 2, 2013. Such SCSBs are required to ensure that for making applications on their own account using ASBA, they should have a separate account in their own name with any other SEBI registered SCSBs. Further, such account shall be used solely for the purpose of making application in public issues and clear demarcated funds should be available in such account for such applications.

BIDS BY SYSTEMICALLY IMPORTANT NBFCs

In case of Bids made by Systemically Important NBFCs registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, (ii) the last audited financial statements on a standalone basis, (iii) a net worth certificate from its statutory auditors, and (iv) such other approval as may be required by the Systemically Important NBFCs are required to be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserves the right to reject any Bid without assigning any reason thereof.

Systemically Important NBFCs participating in the Issue shall comply with all applicable regulations, directions, guidelines and circulars issued by the RBI from time to time.

The investment limit for Systemically Important NBFCs shall be as prescribed by RBI from time to time.

BIDS BY INSURANCE COMPANIES

In case of Bids made by insurance companies registered with the IRDAI, a certified copy of certificate of registration issued by IRDAI must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserves the right to reject any Bid without assigning any reason thereof.

The exposure norms for insurers are prescribed under the IRDAI Investment Regulations, based on investments in equity shares of the investee company, the entire group of the investee company and the industry sector in which the investee company operates. Insurance companies participating in the Issue are advised to refer to the IRDAI Investment Regulations 2016, as amended, which are broadly set forth below:

- a) Equity Shares of a company: the lower of 10%* of the outstanding equity shares (face value) or 10% of the respective fund in case of life insurer or 10% of investment assets in case of general insurer or reinsurer;
- b) the entire group of the investee company: not more than 15% of the respective fund in case of a life insurer or 15% of investment assets in case of a general insurer or reinsurer or 15% of the investment assets in all companies belonging to the group, whichever is lower; and
- c) the industry sector in which the investee company operates: not more than 15% of the fund of a life insurer or a general insurer or a reinsurer or 15% of the investment asset, whichever is lower.

The maximum exposure limit, in the case of an investment in equity shares, cannot exceed the lower of an amount of 10% of the investment assets of a life insurer or general insurer and the amount calculated under (a), (b) and (c) above, as the case may be.

**The above limit of 10% shall stand substituted as 15% of outstanding equity shares (face value) for insurance companies with investment assets of ₹ 25,000,000 lakhs or more and 12% of outstanding equity shares (face value) for insurers with investment assets of ₹ 5,000,000 lakhs or more but less than ₹ 25,000,000 lakhs.*

Insurance companies participating in this Issue shall comply with all applicable regulations, guidelines and circulars issued by IRDAI from time to time.

BIDS BY PROVIDENT FUNDS/PENSION FUNDS

In case of Bids made by provident funds/pension funds, subject to applicable laws, with minimum corpus of ₹ 2,500 lakhs, a certified copy of a certificate from a chartered accountant certifying the corpus of the provident fund/pension fund must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserves the right to reject any Bid without assigning any reason thereof.

BIDS UNDER POWER OF ATTORNEY

In case of Bids made pursuant to a power of attorney or by limited companies, corporate bodies, registered societies, Eligible FPIs, Mutual Funds, Systemically Important NBFCs, insurance companies, insurance funds set up by the army, navy or air force of the Union of India, insurance funds set up by the Department of Posts, India, or the National Investment Fund and provident funds with a minimum corpus of ₹ 2,500 lakhs (subject to applicable law) and pension funds with a minimum corpus of ₹ 2,500 lakhs, a certified copy of the power of attorney or the relevant resolution or authority, as the case may be, along with a certified copy of the memorandum of association and articles of association and/or bye laws must be lodged along with the Bid cum Application Form. Failing this, our, in consultation with the BRLM, reserves the right to accept or reject any Bid in whole or in part, in either case without assigning any reason therefor.

Our Company, in consultation with the BRLM, in their absolute discretion, reserves the right to relax the above condition of simultaneous lodging of the power of attorney along with the Bid cum Application Form subject to the terms and conditions that our Company, in consultation with the BRLM may deem fit.

ISSUANCE OF A CONFIRMATION NOTE (“CAN”) AND ALLOTMENT IN THE ISSUE

1. Upon approval of the basis of allotment by the Designated Stock Exchange, the BRLM or Registrar to the Issue shall send to the SCSBs a list of their Bidders who have been allocated Equity Shares in the Issue.
2. The Registrar will then dispatch a CAN to their Bidders who have been allocated Equity Shares in the Issue. The dispatch of a CAN shall be deemed a valid, binding and irrevocable contract for the Bidder

Issue Procedure for Application Supported by Blocked Account (ASBA) Bidders

In accordance with the SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 all the Bidders have to compulsorily apply through the ASBA Process. Our Company and the Book Running Lead Manager are not liable for any amendments, modifications, or changes in applicable laws or regulations, which may occur after the date of this Prospectus. ASBA Bidders are advised to make their independent investigations and to ensure that the ASBA Bid Cum Application Form is correctly filled up, as described in this section.

 - Bank account number.
8. In case of submission of the Application by an Bidder through the Electronic Mode, the Bidder shall complete the above- mentioned details and mention the bank account number, except the Electronic ASBA Bid Cum Application Form number which shall be system generated.
9. The aforesaid Designated Intermediaries shall, at the time of receipt of application, give an acknowledgment to the investor, by giving the counter foil or specifying the application number to the investor, as a proof of having accepted the Bid Cum Application Form in physical as well as electronic mode. The registration of the Application by the Designated Intermediaries does not guarantee that the Equity Shares shall be allocated / allotted either by our Company.
10. Such acknowledgment will be non-negotiable and by itself will not create any obligation of any kind.
11. In case of Non-Retail Bidders and Retail Individual Bidders, applications would not be rejected except on the technical grounds as mentioned in the Red Herring Prospectus. The Designated Intermediaries shall have no right to reject applications, except on technical grounds.
12. The permission given by the Stock Exchanges to use their network and software of the Online IPO system should not

in any way be deemed or construed to mean that the compliance with various statutory and other requirements by our Company and/or the Book Running Lead Manager are cleared or approved by the Stock Exchanges; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the compliance with the statutory and other requirements nor does it take any responsibility for the financial or other soundness of our company; our Promoter, our management or any scheme or project of our Company; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the contents of this Prospectus, nor does it warrant that the Equity Shares will be listed or will continue to be listed on the Stock Exchanges.

13. The Designated Intermediaries will be given time till 1.00 p.m. on the next working day after the Bid/ Issue Closing Date to verify the DP ID and Client ID uploaded in the online IPO system during the Issue Period, after which the Registrar to the Issue will receive this data from the Stock Exchange and will validate the electronic application details with Depository's records. In case no corresponding record is available with Depositories, which matches the three parameters, namely DP ID, Client ID and PAN, then such applications are liable to be rejected.
14. The SCSBs shall be given one day after the Bid/ Issue Closing Date to send confirmation of Funds blocked (Final certificate) to the Registrar to the Issue.
15. The details uploaded in the online IPO system shall be considered as final and Allotment will be based on such details for applications.

Build of the Book

- a) Bids received from various Bidders through the Designated Intermediaries may be electronically uploaded on the Bidding Platform of the Stock Exchange on a regular basis. The book gets built up at various price levels. This information may be available with the BRLM at the end of the Bid/ Issue Period.
- b) Based on the aggregate demand and price for Bids registered on the Stock Exchange Platform, a graphical representation of consolidated demand and price as available on the websites of the Stock Exchange may be made available at the Bidding centers during the Bid/ Issue Period.

Withdrawal of Bids

- a) RIIs can withdraw their Bids until Bid/ Issue Closing Date. In case a RII wishes to withdraw the Bid during the Bid/ Issue Period, the same can be done by submitting a request for the same to the concerned Designated Intermediary who shall do the requisite, including unblocking of the funds by the SCSB in the ASBA Account.
- b) The Registrar to the Issue shall give instruction to the SCSB for unblocking the ASBA Account on the Designated Date. QIBs and NIIs can neither withdraw nor lower the size of their Bids at any stage.

Price Discovery and Allocation

- a) Based on the demand generated at various price levels, our Company in consultation with the BRLM, shall finalize the Issue Price.
- b) The SEBI ICDR Regulations, 2018 specify the allocation or Allotment that may be made to various categories of Bidders in an Issue depending on compliance with the eligibility conditions. Certain details pertaining to the percentage of Issue size available for allocation to each category is disclosed overleaf of the Bid cum Application Form and in the RHP. For details in relation to allocation, the Bidder may refer to the RHP.
- c) Under-subscription in any category (except QIB Category) is allowed to be met with spillover from any other category or combination of categories at the discretion of the Issuer and the in consultation with the BRLM and the Designated Stock Exchange and in accordance with the SEBI ICDR Regulations. Unsubscribed portion in QIB Category is not available for subscription to other categories.
- d) In case of under subscription in the Issue, spill-over to the extent of such under-subscription may be permitted from the Reserved Portion to the Issue. For allocation in the event of an undersubscription applicable to the Issuer, Bidders may refer to the RHP.
- e) In case if the Retail Individual Investor category is entitled to more than the allocated portion on proportionate basis, the category shall be allotted that higher percentage.

Illustration of the Book Building and Price Discovery Process:

Bidders should note that this example is solely for illustrative purposes and is not specific to the Issue; it also excludes Bidding by Anchor Investors. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹20 to ₹ 24 per share, Issue size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Issue the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Issuer, in consultation with the BRLM, may finalise the Issue Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Issue Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

BASIS OF ALLOCATION

- a) The SEBI (ICDR) Regulations specify the allocation or Allotment that may be made to various categories of Bidders

in an Issue depending on compliance with the eligibility conditions. Certain details pertaining to the percentage of Issue size available for allocation to each category is disclosed overleaf of the Bid cum Application Form and in the RHP. For details in relation to allocation, the Bidder may refer to the RHP.

- b) Under-subscription in any category (except QIB Category) is allowed to be met with spill over from any other category or combination of categories at the discretion of the Issuer and in consultation with the BRLM and the Designated Stock Exchange and in accordance with the SEBI (ICDR) Regulations, Unsubscribed portion in QIB Category is not available for subscription to other categories.
- c) In case of under subscription in the Issue, spill-over to the extent of such under- subscription may be permitted from the Reserved Portion to the Issue. For allocation in the event of an under-subscription applicable to the Issuer, Bidders may refer to the RHP.

ALLOTMENT PROCEDURE AND BASIS OF ALLOTMENT

The Allotment of Equity Shares to Bidders other than Retail Individual Investors may be on proportionate basis. No Retail Individual Investor will be Allotted less than the minimum Bid Lot subject to availability of shares in Retail Individual Investor Category and the remaining available shares, if any will be Allotted on a proportionate basis. The Issuer is required to receive a minimum subscription of 90% of the Issue. However, in case the Issue is in the nature of Issue for Sale only, then minimum subscription may not be applicable.

BASIS OF ALLOTMENT

a. For Retail Individual Bidders

Bids received from the Retail Individual Bidders at or above the Issue Price shall be grouped together to determine the total demand under this category. The Allotment to all the successful Retail Individual Bidders will be made at the Issue Price.

The Issue size less Allotment to Non-Institutional and QIB Bidders shall be available for Allotment to Retail Individual Bidders who have Bid in the Issue at a price that is equal to or greater than the Issue Price. If the aggregate demand in this category is less than or equal to 1600 Equity Shares at or above the Issue Price, full Allotment shall be made to the Retail Individual Bidders to the extent of their valid Bids.

If the aggregate demand in this category is greater than 1600 Equity Shares at or above the Issue Price, the Allotment shall be made on a proportionate basis up to a minimum of 1600 Equity Shares and in multiples of 1600 Equity Shares thereafter. For the method of proportionate Basis of Allotment, refer below.

b. For Non-Institutional Bidders

Bids received from Non-Institutional Bidders at or above the Issue Price shall be grouped together to determine the total demand under this category. The Allotment to all successful Non- Institutional Bidders will be made at the Issue Price.

The Issue size less Allotment to QIBs and Retail shall be available for Allotment to Non- Institutional Bidders who have Bid in the Issue at a price that is equal to or greater than the Issue Price. If the aggregate demand in this category is less than or equal to 1600 Equity Shares at or above the Issue Price, full Allotment shall be made to Non-Institutional Bidders to the extent of their demand.

In case the aggregate demand in this category is greater than 1600 Equity Shares at or above the Issue Price, Allotment shall be made on a proportionate basis up to a minimum of 1600 Equity Shares and in multiples of 1600 Equity Shares thereafter. For the method of proportionate Basis of Allotment refer below.

c. For QIBs

Bids received from QIBs Bidding in the QIB Category at or above the Issue Price may be grouped together to determine the total demand under this category. The QIB Category may be available for Allotment to QIBs who have Bid at a price that is equal to or greater than the Issue Price. Allotment may be undertaken in the following manner: Allotment shall be undertaken in the following manner:

- a) In the first instance allocation to Mutual Funds for 5% of the QIB Portion shall be determined as follows:
 - In the event that Bids by Mutual Fund exceeds 5% of the QIB Portion, allocation to Mutual Funds shall be done on a proportionate basis for 5% of the QIB Portion.
 - In the event that the aggregate demand from Mutual Funds is less than 5% of the QIB Portion then all Mutual Funds shall get full Allotment to the extent of valid Bids received above the Issue Price.
 - Equity Shares remaining unsubscribed, if any, not allocated to Mutual Funds shall be available for Allotment to all

QIB Bidders as set out in (b) below;

b) In the second instance Allotment to all QIBs shall be determined as follows:

- In the event that the oversubscription in the QIB Portion, all QIB Bidders who have submitted Bids above the Issue Price shall be allotted Equity Shares on a proportionate basis, upto a minimum of 1600 Equity Shares and in multiples of 1600 Equity Shares thereafter for 50% of the QIB Portion.
- Mutual Funds, who have received allocation as per (a) above, for less than the number of Equity Shares Bid for by them, are eligible to receive Equity Shares on a proportionate basis, upto a minimum of 1600 Equity Shares and in multiples of 1600 Equity Shares thereafter, along with other QIB Bidders.
- Under-subscription below 50% of the QIB Portion, if any, from Mutual Funds, would be included for allocation to the remaining QIB Bidders on a proportionate basis. The aggregate Allotment to QIB Bidders shall not be more than 1600 Equity Shares.

c) **Basis of Allotment for QIBs and NIIs in case of Over Subscribed Issue:**

In the event of the Issue being Over-Subscribed, the Issuer may finalise the Basis of Allotment in consultation with the NSE Emerge (The Designated Stock Exchange). The allocation may be made in marketable lots on proportionate basis as set forth hereunder:

- a) The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e. the total number of Shares applied for in that category multiplied by the inverse of the oversubscription ratio (number of Bidders in the category multiplied by number of Shares applied for).
- b) The number of Shares to be allocated to the successful Bidders will be arrived at on a proportionate basis in marketable lots (i.e. Total number of Shares applied for into the inverse of the over subscription ratio).
- c) For Bids where the proportionate allotment works out to less than 1600 Equity Shares the allotment will be made as follows:
 - Each successful Bidder shall be allotted 1600 equity shares; and
 - The successful Bidder out of the total bidders for that category shall be determined by draw of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (b) above.
- d) If the proportionate allotment to a Bidder works out to a number that is not a multiple of 1600 equity shares, the Bidder would be allotted Shares by rounding off to the nearest multiple of 1600 equity shares subject to a minimum allotment of 1600 Equity Shares.
- e) If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the Bidders in that category, the balance available Shares or allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful Bidder in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising Bidder applying for the minimum number of Shares. If as a result of the process of rounding off to the nearest multiple of 1600 Equity Shares, results in the actual allotment being higher than the shares offered, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the Issue specified under the Capital Structure mentioned in this Prospectus.

Retail Individual Investor' means an investor who applies for shares of value of not more than ₹ 2,00,000/-. Investors may note that in case of over subscription allotment shall be on proportionate basis and will be finalized in consultation with NSE.

The Executive Director / Managing Director of NSE - the Designated Stock Exchange in addition to Book Running Lead Manager and Registrar to the Public Issue shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI (ICDR) Regulations.

Issuance of Allotment Advice

- 1) Upon approval of the Basis of Allotment by the Designated Stock Exchange.
- 2) On the basis of approved Basis of Allotment, the Issuer shall pass necessary corporate action to facilitate the allotment and credit of equity shares. Bidders are advised to instruct their Depository Participants to accept the Equity Shares that may be allotted to them pursuant to the Issue.

The Book Running Lead Manager or the Registrar to the Issue will dispatch an Allotment Advice to their Bidders who have been allocated Equity Shares in the Issue. The dispatch of Allotment Advice shall be deemed a valid, binding and

irrevocable contract for the Allotment to such Bidder.

- 3) Issuer will make the allotment of the Equity Shares and initiate corporate action for credit of shares to the successful Bidders Depository Account within 2 working days of the Issue Closing date. The Issuer also ensures the credit of shares to the successful Bidders Depository Account is completed within one working Day from the date of allotment, after the funds are transferred from ASBA Public Issue Account to Public Issue account of the issuer.

Designated Date

On the Designated date, the SCSBs shall transfers the funds represented by allocations of the Equity Shares into Public Issue Account with the Bankers to the Issue.

The Company will Issue and dispatch letters of allotment/ or letters of regret along with refund order or credit the allotted securities to the respective beneficiary accounts, if any within a period of 2 working days of the Bid/ Issue Closing Date. The Company will intimate the details of allotment of securities to Depository immediately on allotment of securities under relevant provisions of the Companies Act, 2013 or other applicable provisions, if any.

RESTRICTION ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and FEMA. While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. Foreign investment is allowed up to 100% under automatic route in our Company.

The RBI and the concerned ministries/departments are responsible for granting approval for foreign investment. The Government has from time to time made policy pronouncements on foreign direct investment (“FDI”) through press notes and press releases. The Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry, Government of India (earlier known as the Department of Industrial Policy and Promotion) (“DPIIT”), issued the FDI Policy, which, with effect from October 15, 2020 consolidated, subsumed and superseded all previous press notes, press releases and clarifications on FDI issued by the DPIIT that were in force and effect prior to October 15, 2020. In terms of FDI Policy, FDI to an extent of 51% is allowed in multi brand retail trading with government approval. The FDI Policy will be valid until the DPIIT issues an updated circular. FDI in companies engaged in sectors/ activities which are not listed in the FDI Policy is permitted up to 100% of the paid-up share capital of such company under the automatic route, subject to compliance with certain prescribed conditions.

Under the current FDI Policy and the FEMA Non-Debt Rules, foreign direct investment is not permitted in companies engaged in (a) multi-brand retail trading, undertaking retail trading by means of e-commerce, and (b) inventory-based model of e-commerce. In accordance with the FEMA Non-debt Rules, participation by non-residents in the Issue is restricted to participation by (i) FPIs under Schedule II of the FEMA Non-debt Rules, subject to limit of the individual holding of an FPI below 10% of the post-Issue paid-up capital of our Company and the aggregate limit for FPI investment currently not exceeding the sectoral cap i.e. 51% of the post issue paid up share capital; and (ii) Eligible NRIs applying only on a non-repatriation basis under Schedule IV of the FEMA Non-debt Rules. Further, other non-residents applying on a repatriation basis, FVCIs and multilateral and bilateral development financial institutions are not permitted to participate in the Issue. As per the existing policy of the Government of India, OCBs cannot participate in this issue. For more details, please refer chapter titled “*Issue Procedure*” beginning on Page No. 226 of this Prospectus.

The Government has from time to time made policy pronouncements on FDI through press notes and press releases. The Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India (DIPP), issued consolidated FDI Policy, which with effect from August 28, 2017 consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DIPP that were in force and effect as on August 27, 2017. The Government proposes to update the consolidated circular on FDI Policy once every year and therefore, the Consolidation FDI Policy will be valid until the DIPP issues an updated circular.

The transfer of shares by an Indian resident to a Non-Resident does not require the prior approval of the FIPB or the RBI, provided that (i) the activities of the investee company are under the automatic route under the Consolidated FDI Policy and transfer does not attract the provisions of the SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011; (ii) the non-resident shareholding is within the sectoral limits under the Consolidated FDI Policy; and (iii) the pricing is in accordance with the guidelines prescribed by SEBI/RBI.

The foreign investment in our Company is governed by, inter-alia, the FEMA, the FEMA Non-debt Rules, the FDI Policy issued and amended by way of press notes.

Further, in terms of the FEMA Non-debt Rules, the aggregate FPI investment limit is the sectoral cap applicable to Indian company as prescribed in the FEMA Non-Debt Instruments Rules with respect to its paid-up equity capital on a fully diluted basis. For more details, please refer chapter titled “*Issue Procedure*” beginning on Page No. 226 of this Prospectus.

Further, in accordance with the FDI Policy, the Press Note No. 3 (2020 Series), dated April 17, 2020 issued by the DPIIT and the FEMA Non-debt Rules, any investment, subscription, purchase or sale of equity instruments by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country (“Restricted Investors”), will require prior approval of the Government, as prescribed in the FDI Policy and the FEMA Non-debt Rules. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/ purview, such subsequent change in the beneficial ownership will also require approval of the Government. Furthermore, on April 22, 2020, the Ministry of Finance, Government of India has also made a similar amendment to the FEMA Non-Debt Rules. Each Bidder should seek independent legal advice about its ability to participate in the Issue. In the event such prior approval of the Government of India is required, and such approval has been obtained, the Bidder shall intimate our Company and the Registrar in writing about such approval along with a copy thereof within the Bid/Issue Period.

The Equity Shares have not been and will not be registered under the U.S. Securities Act and may not be offered or sold within the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable U.S. state securities laws. Accordingly, the Equity Shares are only being offered and sold outside the United States in offshore transactions in reliance on Regulation S and the applicable laws of the jurisdiction where those Issues and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Applicants. Our Company and the BRLM are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Prospectus. Applicants are advised to make their independent investigations and ensure that the Applications are not in violation of laws or regulations applicable to them.
