In this Draft Red Herring Prospectus, the terms “we”, “us”, “our”, the “Company”, “our Company”, “Apollo Techno Industries Limited”, “ATIL”, and, unless the context otherwise indicates or implies, refers to Apollo Techno Industries Limited. In this Draft Red Herring Prospectus, unless the context otherwise requires, all references to one gender also refers to another gender and the word “Lac / Lakh” means “one hundred thousand”, the word “million (mn)” means “Ten Lac / Lakh”, the word “Crore” means “ten million” and the word “billion (bn)” means “one hundred crores”.

In this Draft Red Herring Prospectus, any discrepancies in any table between total and the sum of the amounts listed are due to rounding-off. Unless otherwise specified, any time mentioned in this Draft Red Herring Prospectus is in IST.

Use of Financial Data

Our Company’s financial year commences on April 1 of the immediately preceding calendar year and ends on March 31 of that particular calendar year and accordingly, all references to a particular financial year or fiscal are to the 12-month period commencing on April 1 of the immediately preceding calendar year and ending on March 31 of that particular calendar year. Unless the context requires otherwise, all references to a year in this Draft Red Herring Prospectus are to a calendar year and references to a Fiscal/Fiscal Year/Financial Year are to the year ended on March 31, of that calendar year. Certain other financial information pertaining to our Group Companies are derived from their respective audited financial statements.

Unless stated otherwise, throughout this Draft Red Herring Prospectus, all figures have been expressed in Rupees and in Lakh. Unless stated otherwise, the financial data in the Draft Red Herring Prospectus is derived from our Restated Consolidated Financial Statements prepared restated for the period ended September 30, 2024 and for the year ended March 31, 2024, 2023 and 2022 in accordance with Indian GAAP, the Companies Act and SEBI (ICDR) Regulations, 2018 included under Section titled “*Restated Financial Information of our Company*” beginning on page 188 of this Draft Red Herring Prospectus.

There are significant differences between Indian GAAP, the International Financial Reporting Standards (“IFRS”) and the Generally Accepted Accounting Principles in the United States of America (“U.S. GAAP”). Accordingly, the degree to which the Indian GAAP financial statements included in this Draft Red Herring Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting practice and Indian GAAP. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Draft Red Herring Prospectus should accordingly be limited. We have not attempted to explain those differences or quantify their impact on the financial data included herein, and we urge you to consult your own advisors regarding such differences and their impact on our financial data.

Any percentage amounts, as set forth in “*Risk Factors*”, “*Business Overview*”, “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” and elsewhere in this Draft Red Herring Prospectus unless otherwise indicated, have been calculated on the basis of the Company’s Restated Consolidated Financial Statement prepared in accordance with the applicable provisions of the Companies Act, Indian GAAP and restated in accordance with SEBI (ICDR) Regulations, as stated in the report of our Peer Review Auditor, set out in section titled “*Restated Financial Information*” beginning on page 188 of this Draft Red Herring Prospectus.

For additional definitions used in this Draft Red Herring Prospectus, see the section “*Definitions and Abbreviations*” on page 1 of this Draft Red Herring Prospectus. In the section titled “*Description of Equity Shares and Terms of the Articles of Association*”, on page 277 of this Draft Red Herring Prospectus defined terms have the meaning given to such terms in the Articles of Association of our Company.

Currency and Units of Presentation

All references to:

- “Rupees” or “INR” or “Rs.” Or “₹” are to Indian Rupee, the official currency of the Republic of India;
- “USD” or “US\$” are to United States Dollar, the official currency of the United States; And
- “AED” is to United Arab Emirates Dirham of the United Arab Emirates.

This Draft Red Herring Prospectus contains conversions of certain other currency amounts into Indian Rupees that have been presented solely to comply with the SEBI ICDR Regulations. These conversions should not be construed as a representation that these currency amounts could have been, or can be converted into Indian Rupees, at any particular rate or at all.

The following table sets forth, for the periods indicated, information with respect to the exchange rate between the Indian Rupee and other foreign currencies:

Our Company has presented certain numerical information in this Draft Red Herring Prospectus in “Lakhs” units. One Lakh represents 1,00,000. In this Draft Red Herring Prospectus, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off. All figures derived from our Financial Statements in decimals have been rounded off to the second decimal and all percentage figures have been rounded off to two decimal places.

Use of Industry & Market Data

Unless stated otherwise, industry and market data and forecast used throughout the Draft Red Herring Prospectus was obtained from internal Company reports, data, websites, Industry publications report as well as Government Publications. Industry publication data and website data generally state that the information contained therein has been obtained from sources believed to be reliable, but that their accuracy and completeness and underlying assumptions are not guaranteed and their reliability cannot be assured.

Although, we believe industry and market data used in this Draft Red Herring Prospectus is reliable, it has not been independently verified by us or the BRLM or any of their affiliates or advisors. Similarly, internal Company reports and data, while believed by us to be reliable, have not been verified by any independent source. There are no standard data gathering methodologies in the industry in which we conduct our business, methodologies, and assumptions may vary widely among different market and industry sources.

In accordance with the SEBI (ICDR) Regulations, the section titled “Basis for Issue Price” on page 93 of this Draft Red Herring Prospectus includes information relating to our peer group companies. Such information has been derived from publicly available sources, and neither we, nor the BRLM, have independently verified such information.

FORWARD – LOOKING STATEMENTS

All statements contained in this Draft Red Herring Prospectus that are not statements of historical fact constitute forward-looking statements. All statements regarding our expected financial condition and results of operations, business, plans and prospects are forward-looking statements. These forward-looking statements include statements with respect to our business strategy, our revenue and profitability, our projects and other matters discussed in this Draft Red Herring Prospectus regarding matters that are not historical facts. We have included statements in the Draft Red Herring Prospectus which contain words or phrases such as “will”, “aim”, “is likely to result”, “believe”, “expect”, “will continue”, “anticipate”, “estimate”, “intend”, “plan”, “contemplate”, “seek to”, “future”, “objective”, “goal”, “project”, “should”, “will pursue” and similar expressions or variations of such expressions, that are “forward-looking statements”. Also, statements which describe our strategies, objectives, plans or goals are also forward-looking statements. However, these are not the exclusive means of identifying forward-looking statements.

All forward-looking statements are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. Forward-looking statements reflect our current views with respect to future events and are not a guarantee of future performance. These statements are based on our management’s beliefs and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect. Important factors that could cause actual results to differ materially from our expectations include but are not limited to:

- Our ability to successfully implement our growth strategy and expansion plans;
- Our ability to attract, retain and manage qualified personnel;
- General economic and business conditions in the markets in which we operate and in the local, regional, national and international economies;
- Our ability to expand our geographical area of operation;
- Failure to adapt to the changing technology in our industry of operation may adversely affect our business and financial condition;
- Competition from existing and new entities may adversely affect our revenues and profitability;
- Our business and financial performance is particularly based on market demand and supply of our products;
- The performance of our business may be adversely affected by changes in, or regulatory policies of, the Indian national, State and Local Governments;
- Any downgrading of India’s debt rating by a domestic or international rating agency could have a negative impact on our business and investment returns;
- Changes in Government Policies and political situation in India may have an adverse impact on the business and services of our Company;
- The occurrence of natural or man-made disasters could adversely affect our results of operations and financial condition.

For further discussion of factors that could cause our actual results to differ, see the Section titled “*Risk Factors*”, “*Business Overview*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” beginning on page 26, 127 and 190 respectively of this Draft Red Herring Prospectus. By their nature, certain market risk disclosures are only estimating and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated.

There can be no assurance to investors that the expectations reflected in these forward-looking statements will prove to be correct. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements to be a guarantee of our future performance.

Neither our Company, our Directors, our Officers, Book Running Lead Manager and Underwriter nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with SEBI requirements, our Company, and the Book Running Lead Manager will ensure that investors in India are informed of material developments until such time as the grant of listing and trading permission by the Stock Exchange for the Equity Shares allotted pursuant to this Issue.

SECTION II - SUMMARY OF DRAFT RED HERRING PROSPECTUS

PRIMARY BUSINESS OF THE COMPANY

We are a manufacturer specializing in trenchless technology and foundation equipment for the construction industry. Our product line-up includes Horizontal Directional Drilling (HDD) rigs, Diaphragm Drilling Rigs, Rotary Drilling Rigs and Spare parts. The Horizontal Directional Drilling rigs equipment is primarily utilized for the installation of essential utilities such as gas, water, sewer lines, optical fibre cables, and electrical conduits. Meanwhile, the Diaphragm Drilling Rig is designed for constructing foundations for deep basements, retaining walls in rail and metro stations, as well as developments along riverfronts. The Rotary Drilling Rig is employed for creating foundation piles necessary for high-rise buildings and bridges. We also provide warranties, on-site support and technical training to ensure our customers are well-equipped to utilize our machinery effectively.

SUMMARY OF INDUSTRY IN WHICH THE COMPANY IS OPERATING

The global economy started to rise from its lowest levels after countries started to lift the lockdown in 2020 and 2021. The lockdown was a key factor as it affected economic activities resulting in a recession in the year CY 2020, as the GDP growth touched -3.3%.

In CY 2021 disruption in the supply chain affected most of the advanced economies as well as low-income developing economies. The rapid spread of Delta and the threat of new variants in mid of CY 2021 further increased uncertainty in the global economic environment.

Global economic activities experienced a sharper-than-expected slowdown in CY 2022. One of the highest inflations in decades, seen in 2022, which forced most of the central banks to tighten their fiscal policies. Russia's invasion of Ukraine affected the global food supply resulting in a further increment in the cost of living.

Further, despite initial resilience earlier in 2023, marked by a rebound in reopening and progress in curbing inflation from the previous year's highs, the situation remained precarious. Economic activity lagged its pre-pandemic trajectory, particularly in emerging markets and developing economies, leading to widening disparities among regions. Numerous factors are impeding the recovery, including the lasting impacts of the pandemic and geopolitical tensions, as well as cyclically driven factors such as tightening monetary policies to combat inflation, the reduction of fiscal support amidst high debt levels, and the occurrence of extreme weather conditions. As a result, global growth declined from 3.3% in CY 2023 to 3.2% in CY 2024.

SECTION III - RISK FACTOR

Any investment in equity securities involves a high degree of risk. Investor should carefully consider all the information in this Draft Red Herring Prospectus, including the risks and uncertainties described below, before making an investment in our Equity Shares. To obtain a more complete understanding, you should read this section together with Sections titled, “Business Overview”, “The Issue”, “Industry Overview”, “Restated Financial Information”, “Outstanding Litigation and Material Developments”, and “Management’s Discussion and Analysis of Financial Position and Results of Operations” beginning on page no. 127, 53, 104, 188, 209, and 190 respectively, as well as the other financial and statistical information contained in this Draft Red Herring Prospectus.

Any of the following risks, as well as the other risks and uncertainties discussed in this Draft Red Herring Prospectus, could have an adverse effect on our business, financial condition, results of operations and prospects and could cause the trading price of our Equity Shares to decline, which could result in the loss of all or a part of your investment. The risks and uncertainties described in this section are not the only risks that we may face. Additionally, our business operations could also be affected by additional factors that are not presently known to us or that we currently consider as immaterial to our operations.

This Draft Red Herring Prospectus contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements because of certain factors, including the considerations described below and elsewhere in this Draft Red Herring Prospectus.

The financial and other related implications of risks concerned, wherever quantifiable, have been disclosed in the risk factors mentioned below. However, there are certain risk factors where the effect is not quantifiable and hence has not been disclosed in such risk factors. You should not invest in this Issuing unless you are prepared to accept the risk of losing all or part of your investment, and you should consult your tax, financial and legal advisors about the consequences to you of an investment in the Equity Shares.

The financial information in this section is, unless otherwise stated, derived from our Restated Financial Statements prepared in accordance with Indian GAAP, as per the requirements of the Companies Act, 2013, and SEBI (ICDR) Regulations.

The Risk factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality.

1. Some risks may not be material individually but may be material when considered collectively.
2. Some risks may have material impact qualitatively instead of quantitatively.
3. Some risks may not be material at present but may have a material impact in the future.

INTERNAL RISK FACTORS:

1. Geographically, our revenues are highly dependent on our operations in the India more particularly in few selected States. Any adverse development affecting our operations in these regions could have an adverse impact on our business, financial condition and results of operations.

Our revenue from operation is concentrated in India as substantial part of our revenue is generated from the India i.e. ₹ 2786.33 lakhs, ₹ 5512.43, ₹ 6839.27 lakhs, and ₹ 4447.07 lakhs, constituting 56.58%, 79.92 %, 95.35% and 83.42 % of the total revenue from operations for the six months period ended on September 30, 2024 and the financial year ended March 31, 2024, 2023 and 2022, respectively. The Geographical distribution of our revenue is set out below:

*Others primarily include west Bengal, Kerala, Delhi, Chhattisgarh, Bihar, Punjab, Tripura, Odisha and Uttarakhand.

Such concentration of revenue in few selected states may have an adverse effect. An economic slowdown or change of laws or regulations, particularly in relation to Construction Equipment Industry in these states may have a significant adverse impact on our business, financial condition, cash flows and results of operations. Further, drastic changes in taxes and other levies imposed by these state government as well as other financial policies and regulations, political and deregulation policies, if changed, could harm the business and economic conditions.

To the extent that we are unable to effectively manage the expansion of our domestic operations and risks, as we implement our strategy to enter into new markets as we improve our domestic presence, where we do not have local knowledge and resources, we may be unable to grow or maintain our sales and profitability, or we may be subject to additional unanticipated costs or legal or regulatory action. While there have been no such instances where we had to face any unanticipated costs or any legal or regulatory actions on account of our expansion during the six-month period ended September 30, 2024, and in the last three financial years, we cannot assure you that such instances will not arise in the future. As a consequence, our business, financial condition, results of operations and prospects may be adversely affected.

In order to increase our domestic presence in India, we have expanded our operations in various states including Uttar Pradesh, West Bengal, Chennai and Madhya Pradesh by way of business office. We are planning to increase our domestic presence through such continuous expansion. For further details related to same, please refer to the chapter titled "Business Overview" beginning from page 127 of this Draft Red Herring Prospectus.

2. **We derive a substantial portion of our revenue from the sale of Horizontal Directional Drilling (HDD) machines, representing 72.50%, 79.41%, 97.39% and 95.66% of our total sale of finished goods for the six-months period ended September 30, 2024, and the financial years ended on March 31, 2024, 2023 and 2022, respectively and loss of sales due to a reduction in demand for these products would have a material adverse effect on our business, financial condition, results of operations and cash flows.**

We rely substantially on revenue generated from the sale of horizontal directional drilling (HDD). However, if there is a significant shift in the demand for horizontal directional drilling (HDD), or if our customers start relying on other suppliers, it could adversely affect our financial condition, cash flows, and results of operations. While we have not experienced any significant decline in our sales of horizontal directional drilling (HDD) in the six-months ended September 30, 2024 and in the last three financial years ended on March 31, 2024, 2023 and 2022, there is no assurance that we will not face any such decline in future sales. The table below sets out the revenues generated from sales of horizontal directional drilling (HDD) and their percentage of total sale of finished goods for the periods ended September 30, 2024 and for the years ended March 31, 2024, 2023 and 2022:

(₹ in Lakhs)

Particulars	For the period/ year ended							
	September 30, 2024	% of total Sale of Finished goods	March 31, 2024	% of total Sale of Finished goods	March 31, 2023	% of total Sale of Finished goods	March 31, 2022	% of total Sale of Finished goods
Horizontal Directional Drilling (HDD) Machines	2,486.65	72.50	4,468.99	79.41	4,768.88	97.39	4,363.32	95.66

Our future success will also depend in part on our ability to reduce our dependence on horizontal directional drilling (HDD) by enhancing contribution to revenue from our existing other product i.e. Diaphragm Drilling Rig and Rotary Drilling Rigs in a timely manner and by introducing new products. We may not be able to install and commission the facilities required to manufacture new products for our customers in time for the start of production, and the transitioning of our manufacturing and machining facilities and resources to full production for new products may impact production rates or other operational efficiency measures at our facilities. There can also be no assurance that any products we introduce will achieve market acceptance. Any failure to successfully manufacture and market new products could adversely affect our business, financial condition, cash flows and results of operations.

3. **Our business is dependent on few numbers of clients. Our Top 10 customers contributed 81.85 %, 54.36%, 57.35% and 62.27% of revenue from operations for the period ended September 30, 2024, and the financial years ended on March 31, 2024, 2023 and 2022, respectively. The loss of any of these clients could have an adverse effect on our business, financial condition, results of operations and cash flows.**

We generate a significant portion of our revenues from, and are therefore dependent on, certain customers for a substantial portion of our business. The table below sets forth our revenue from our top customers, including the top 1 (One) customer, top 3 (Three) customer, top 5 (Five) customers and top 10 (Ten) customers, as a percentage of our revenue from operations for the period ended, and the financial years ended indicated:

Particulars	September 30, 2024	March 31, 2024	March 31, 2023	March 31, 2022
Top 1 (One) Customer	31.51%	17.26%	10.42%	16.58%
Top 3 (Three) Customers	51.60%	29.40%	25.06%	27.95%
Top 5 (Five) Customers	65.60%	41.09%	36.16%	38.49%
Top 10 (Ten) Customers	81.85%	54.36%	57.35%	62.27%

Notes:

(1) The top 1 (one), top 3 (three), top 5 (five) and top 10 (ten) customers are the top one (1), top three (3), top five (5) and top ten (10) customers, respectively, in terms of revenue for each of the respective period and years and may not necessarily be the same customers. Certain customers have not been disclosed here due to non-receipt of consent. Further, contribution of each individual customer to the revenue from operations of our Company has not been separately disclosed to preserve confidentiality.

(2) For Six months period ended September 30, 2024, our top 10 (Ten) customers included Apollotechno International FZCO, Mahesh Carting Agency, VH Shri Enterprise, Decent Engineers, Bluegrass Technologies Private Limited, Bishna Ram Contractor, and Enerinfra Private Limited.

(3) For Financial year ended March 31, 2024, our top 10 customers included Apollotechno International FZCO, Decent Engineers, M/S Riddhi Enterprise, Radadiya Milan Rajeshbhai, and Jaliyan Project.

(4) For Financial year ended March 31, 2023, our top 10 (Ten) customers included M/S G R J Infrastructures, Ratna Fibreoptic Solutions Private Limited, Vichitra Constructions Private Limited, Apollotechno International FZCO, Shree Ganesh Infra, M/S G C Infrastructure.

(5) For Financial year ended March 31, 2022, our top 10 customers include Apollotechno International FZCO, Bluegrass Technologies Private Limited, Shree Ganesh Infra, Enerinfra Private Limited, and M/S Yash Construction Co.

While we typically have long term relationships with our clients, we have not entered into long term agreements with our clients and the success of our business is accordingly significantly dependent on us maintaining good relationships with our clients. The actual sales by our Company may differ from the estimates of our management due to the absence of long-term agreements.

The loss of one or more of these significant or key clients or a reduction in the amount of business we obtain from them could have an adverse effect on our business, results of operations, financial condition and cash flows. We cannot assure you that we will be able to maintain historic levels of business and/or negotiate and execute long term contracts on terms that are commercially viable with our significant clients or that we will be able to significantly reduce customer concentration in the future. Any decline in our quality of services, growing competition and any change in the demand, may adversely affect our ability to retain them. We cannot assure that we shall generate the same quantum of business, or any business at all, and the loss of business from one or more of them may adversely affect our revenues and results of operations.

However, the composition and revenue generated from these clients might change, as we continue to add new clients in the normal course of business. Though we believe that we will not face substantial challenges in maintaining our business relationship with them or finding new clients, there can be no assurance that we will be able to maintain long term relationships with such clients or find new clients in time.

4. Several of our key raw materials and components are sourced from a limited group of suppliers, which exposes us to supplier concentration risks. Any restriction in supply or defects in quality could cause delays in project construction or implementation and impair our ability to provide our products to clients at a price that is profitable to us, which could have a material adverse effect on our business, financial condition and results of operations.

Our failure to obtain raw materials and components that meet our quality, quantity and cost requirements in a timely manner could interrupt or impair our ability to provide our products or increase our operating costs. We depend on a limited number of suppliers for our key raw materials and components. The table below sets forth our top suppliers as a percentage of total purchases for the respective periods:

Particulars	September 30, 2024	March 31, 2024	March 31, 2023	March 31, 2022
Top 1 (One) Supplier	31.00%	12.44%	10.41%	14.97%
Top 3 (Three) Suppliers	44.79%	27.36%	20.00%	26.62%
Top 5 (Five) Suppliers	53.80%	38.82%	28.84%	36.80%
Top 10 (Ten) Suppliers	68.98%	56.99%	45.40%	54.58%

(1) The top 1(One), top 3 (Three), top 5 (Five) and top 10 (Ten) suppliers are the top 1(One), top 3 (Three), top 5 (Five) and top 10 (Ten) suppliers, respectively, in terms of purchase for each of the respective years and may not necessarily be the same supplier. Certain suppliers have not been disclosed here due to non-receipt of consent. Further, contribution of each individual supplier to the total purchase of our Company has not been separately disclosed to preserve confidentiality.

(2) For the Six months period ended September 30, 2024, our top 10 (Ten) Suppliers included Danfoss power solutions India private limited, DCI India Private Limited, Harushka Engineers private limited, Servocontrols & Hydraulics (i) private limited, Vinayak Traders, Vivek Vyapar Limited and Wuxi double horse drilling tools co., Ltd.

(3) For Financial year ended March 31, 2024, our top 10 (Ten) Suppliers included Wuxi Double Horse Drilling Tools Co. Limited, Danfoss Power Solutions India Private Limited, Bikaner Agrico, DCI India Private Limited, Harushka

Engineers Private Limited, Servocontrols & Hydraulics (I) Private Limited, Vinayak Traders, SKL Equipment Private Limited, and Friend's Engineers.

(4) For Financial year ended March 31, 2023, our top 10 (Ten) Suppliers included Wuxi Double Horse Drilling Tools Co., Limited, Danfoss Power Solutions India Private Limited, Bikaner Agrico, DCI India Private Limited, Vinayak Traders, Servocontrols & Hydraulics (I) Private Limited, Rajkamal Automobiles, Friend's Engineers, SKL Equipment Private Limited, and Keshar Industries.

(5) For Financial year ended March 31, 2022, our top 10 (Ten) Suppliers included Wuxi Double Horse Drilling Tools Co., Ltd, Danfoss Power Solutions India Private Limited, DCI India Private Limited, Servocontrols & Hydraulics (I) Private Limited, Vinayak Traders, Rupkala Engineers Private Limited., and SKL Equipment Private Limited.

As a result, any failure of any of our suppliers to perform could disrupt our supply chain and materially and adversely affect our operations. In addition, we engage with local suppliers for raw materials for our projects and any adverse regulatory changes for engaging local suppliers, import restrictions, transportation and related infrastructure failures could increase supply costs which could have a material adverse effect on our operations and financial condition.

If our suppliers are unable to provide us the quantity of raw materials and components that we require, we may have to source components from other suppliers and may have to incur additional expenses and experience delays in our timelines. Further, some of our suppliers are small companies that may be unable to supply our increasing demand for raw materials and components as we expand our business. We may be unable to identify suppliers in new markets or qualify their products for use in our business in a timely manner and on commercially reasonable terms. In addition, reductions in our order volume may put pressure on our company and could result in increased raw materials and components costs, materially and adversely affecting our business, financial condition and results of operations.

We do not enter into long-term agreements with our suppliers and typically source the components that we require through purchase orders. Our suppliers may not perform their obligations in a timely manner or at all, resulting in delays in commencement of our projects. During the financial year 2020-21 due to the COVID-19 pandemic, our company encountered challenges due to supply chain disruptions. Specifically, one of our suppliers was unable to deliver products in a timely manner, requiring us to procure a substitute product that did not meet our quality standards. Consequently, we had to replace the substitute product afterward, leading to operational inefficiencies. We cannot assure that similar supply chain disruptions will not occur in the future.

Further, our company relies significantly on imported raw materials for its operations. Any disruptions in the supply chain, including delays in shipments, changes in trade policies, fluctuations in foreign exchange rates, imposition of tariffs or import duties, or geopolitical tensions, may adversely impact our ability to procure these materials in a timely and cost-effective manner.

The following table sets forth our percentage of our imported raw materials consumed compared to total cost of material consumed for the periods indicated:

Particulars	(₹ in Lakhs)			
	For the financial year/ period ended as on			
	September 30, 2024	March 31, 2024	March 31, 2023	March 31, 2022
Imported Cost of materials consumed	593.75	2,204.75	1,688.40	1,679.38
Total Cost of materials consumed and purchase of stock in trade	3,507.66	5,418.56	5,396.07	4,528.95
In Percentage terms (%)	16.93	40.69	31.29	37.08

Any supply chain disruptions or cost fluctuations could impact our production capabilities, profitability, and overall business operations. We cannot assure that these factors will not have a material adverse effect on our financial condition and results of operations.

5. Our Company has experienced negative cash flow in the past and may continue to do so in future, which could have a material adverse effect on our business, prospects, financial condition, cash flows and results of operations.

The detailed break up of cash flows based on Restated Financial Statements is summarized in below table and our Company has reported negative cash flow from Operating activities, investing activities and financing activities in the last three financial years and the stub period, as mentioned below, which could adversely affect our business and growth:

(₹ in Lakhs)

Particulars	For the financial year/ period ended as on			
	September 30, 2024	March 31, 2024	March 31, 2023	March 31, 2022
Net Cash inflow/ (outflow) from Operating Activities	759.60	280.35	(96.83)	(429.00)
Net Cash inflow/ (outflow) from Investing Activities	(11.48)	57.55	255.47	(46.51)
Net Cash inflow/ (outflow) from Financing Activities	(727.68)	(324.86)	(386.09)	698.01

Cash flows of a company are a key indicator to show the extent of cash generated from the operations of a company to meet capital expenditure, pay dividends, repay loans and make new investments without raising finance from external resources. If we are not able to generate sufficient cash flows, it may adversely affect our business and financial operations.

6. ***We are subject to strict compliance of quality requirements by our customers. Any failure in maintaining our quality accreditations and certifications may negatively impact our brand and reputation which may adversely affect our business, results of operations, financial condition, cash flows and future prospects.***

Given the nature of our business and products, our customers have high and exacting standards for product quality, as well as delivery schedules. Adherence to quality standards is a critical factor in our manufacturing process as any defects in the products manufactured by our Company or failure to comply with the technical specifications of our customers may lead to cancellation of the orders placed by our customers. Additionally, our customers typically have stringent, time-consuming selection, inspection and review procedures for their products. The parts produced undergo a stringent testing process, internally by our company failing which we would not be awarded any purchase orders. As a result of being subject to a stringent quality control mechanism at each stage of the manufacturing process, we are required to incur expenses to maintain our quality assurance systems such as forming a separate team of engineers responsible for quality and assurance in the manufacturing facilities, machineries, and in the manufacturing processes.

Further, our facility has received quality assurance certifications of ISO 9001:2015 which confirms that our development, manufacturing and supply of our products are in compliance with globally accepted manufacturing practices and quality standards. We also hold certificate of Ente Certificazione Machine (Machinery Certification) for Horizontal Directional Drilling Machine, Rotary Drilling Rig and Soli Testing Machine. If we are unable to renew these accreditations, our brand and reputation could be adversely affected. Any significant damage to our reputation and/or brand caused by being denied such accreditations and certifications could have a material adverse effect on our ability to attract new and repeat customers and, as a result, adversely affect our business, results of operations, financial condition, cash flows and future prospects. We will continue to spend a portion of our future revenues to manage our product quality, failure of which may negatively impact our business, results of operations, financial condition, cash flows and future prospects.

7. ***Our Restated Financial Statements are prepared and signed by the Peer Review Auditor who is not Statutory Auditors of our Company.***

Although our Statutory Auditor M/s Dipal R Shah & Co, Chartered Accountants holds Peer Reviewed Certificate which is valid till August 31, 2026, the restated financial statements of our Company for the period ended September 30, 2024 and for the financial years ended March 31 2024, 2023 and 2022 respectively are prepared and signed by M/s. SVJK and Associates & Co, Chartered Accountants, the Peer Review Auditor, who is not statutory auditor of our Company.

For further details, please refer “Restated Financial Statements” on page 188 of this Draft Red Herring Prospectus.

8. ***Our business is dependent on our manufacturing units and we are subject to certain related risks. Unplanned slowdowns, unscheduled shutdowns or prolonged disruptions in our manufacturing operations, as well as an inability to effectively utilize our production capacity, could adversely affect our business, operations results, cash flows, and financial condition.***

Our manufacturing facility is located in Mehsana, Gujarat. Any significant social, political or economic disruption, or natural calamities or civil disruptions in the state of Gujarat or any changes in the policies of the state or local governments of this state or in the Government of India could require us to incur significant capital expenditure and change our business strategy, either partially or entirely. The occurrence of our inability to effectively respond to any such event or adapt to the changes in such policies could have an adverse effect on our business, operational results, financial condition, and cash flows.

Our business is dependent upon our ability to manage our manufacturing facility, as nearly all our revenue is derived from it. Any unscheduled, unplanned or prolonged disruption of our manufacturing process, including on account of power failure, industrial accidents, fires, mechanical failures of equipment, performance below expected levels of output or efficiency, obsolescence, non-availability of adequate labour, or disagreements with our workforce, lock-outs, could affect our ability to operate our units. Further, any significant malfunction or breakdown of our equipment or machinery may involve significant repair and maintenance costs and cause delays in our operations.

While no such instances have occurred in the three preceding financial years and the six months period ended September 30, 2024, any such incidence in future may adversely affect our manufacturing operations.

9. ***We do not have long term agreements with any of our customers, and hence may not realize all of the revenue expected from our existing or new customers and may not be able to accurately forecast demand for our products and plan production schedules in advance. If we are unable to predict customer demands and maintain optimal inventory level, there may be an adverse effect on our results of operations, financial condition, and cash flows.***

The amount of our sales to the customers, including the realization of future sales from purchase orders awarded to us, or obtaining new business or customers, is inherently subject to a several risks and uncertainties, including the accuracy of customer estimates relating to volumes of our products to be produced and sold, as well as the timing of such production. We base our growth estimates, in part, on volumes promised by our customers. However, our purchase orders with customers are generally open-ended in terms of period and quantity to be supplied. The actual confirmation received only by way of ongoing purchase orders and our customers typically do not make any long-term commitments regarding the quantity of products for which they will place purchase orders, and as a result, our sales from period to period may fluctuate significantly as a result of changes in our customers' vendor preferences or the discontinuation of, loss of business with respect to, or a lack of commercial success of, a particular product. If there are significant cuts in demand by customers with little advance notice, we may be unable to respond with corresponding production and inventory reductions. As a result, it is difficult for us to forecast revenue, production or sales and plan our inventory in advance.

Our inability to forecast the level of customer demand for our products and our inability to accurately schedule our raw material purchases and production and manage our inventory may adversely affect our business and cash flows from operations. Any failure to meet our customers' expectations could result in the cancellation of orders. Our customers may terminate their business arrangements with us and cancel any purchase orders for causes as described in such purchase orders or otherwise for reasons such as product quality, ability to meet delivery timelines, among others. Our customers have no liability to pay for or reimburse lost profits, unabsorbed overheads, capital investments made by us, product development and engineering costs, facilities and equipment rental and other related costs such as penalties or administrative charges incurred directly or indirectly by us in connection with cancelled orders. In addition, since we do not have exclusive contracts with any of our customers, this entitles them to replace us with another supplier under certain circumstances.

To keep our inventory at optimal levels, we hold our inventory in our manufacturing units. In case we are unable to anticipate and gauge our customer preferences, or are unable to adapt to such changes in a timely manner, or at all, we may lose existing customers or fail to attract new customers, which may render our inventory obsolete and may subject our business to pricing pressure causing us to sell our inventory at a discounted price, which may have an adverse effect on our business, results of operations and cash flows.

The table below provides details of our revenue from operation and inventory levels for the below mentioned time periods:

Particulars	For the financial year/period ended on as on			
	September 30, 2024	March 31, 2024	March 31, 2023	March 31, 2022
Revenue from operations (₹ in lakh)	4,924.54	6,897.67	7,172.55	5,331.24
Inventory (₹ in lakh)	3,332.87	3,213.24	3,008.03	2,735.95
Inventory Turnover Ratio (In times) *	1.50	2.22	2.50	2.25
Inventory Turnover Ratio (In Days)**	122	165	146	162

* Inventory Turnover Ratio calculated as revenue from operations divided by average inventory.

** Inventory Turnover Ratio is calculated by dividing average inventories by revenue from operations and multiplied by numbers of days in the year/ period.

We cannot assure you that our customers will continue their association with us in the long term and we may not in fact realize all of the future sales, which could materially and adversely affect our business, cash flows, financial condition,

and results of operations. Further, we cannot assure you that we will be able to maintain an optimal inventory level in the future. Our ability to satisfy customer demands may be hampered if we understock our inventory. On the contrary, if we overstock our inventory, we run the risk of increase in capital requirements, additional financing, inventory write-offs, and sale of excess inventory at discounted prices that would adversely affect our margins due to the carrying cost of inventory.

- 10. Our operations are subject to high working capital requirements. Our inability to maintain sufficient cash flow, adequate credit facilities and other sources of funding, in a timely manner, or at all, to meet requirement of working capital or pay out debts, could adversely affect our operations.**

Our business requires significant amount of working capital, primarily for maintaining inventory and trade receivables. A major portion of our working capital is allocated to these areas, and as we expand, our working capital requirements may further increase. As of December 31, 2024, we have been sanctioned working capital including both long term and short term of ₹ 3,911.05 lakhs from the existing bankers, including fund based and non-fund-based limits. Our growing scale, if any, may result in increase in the quantum of current assets.

The table below provides details of our Inventory levels and trade receivables balance for the below mentioned periods:

Particulars	For the financial year/period ended on as on			
	September 30, 2024	March 31, 2024	March 31, 2023	March 31, 2022
Inventory	3,332.87	3,213.24	3,008.03	2,735.95
Inventory Turnover Ratio (In times) *	1.50	2.22	2.50	2.25
Trade receivables	1,919.72	1,454.22	1,425.93	1,164.59
Trade receivables Turnover Ratio (In times) **	2.92	4.79	5.54	4.78

* Inventory Turnover Ratio calculated as Revenue from operations divided by Average Inventory.

** Trade receivables Turnover Ratio calculated as Revenue from operations divided by Average Trade receivables.

Our inability to maintain sufficient cash flow, secure adequate credit facilities and other sourcing of funding, in a timely manner, or at all, to meet the requirement of working capital or pay out debts, could adversely affect our financial condition and result of our operations. For further details regarding working capital requirement, please refer to the section “Objects of Issue” on page 84 of this Draft Red Herring Prospectus.

- 11. We have acquired Land from our Promoter & Director, Mrs. Manjulaben Rashmikant Patel, in the past, and we cannot assure that we couldn't have acquired land from some other party at more favourable terms.**

We have acquired land situated at New Revenue Block Number 60 (Old Revenue Block Number-167) Oldest R.S. Number-108/1, Village:Mandali, Taluka & District: Mehsana, which is currently being used for factory and registered office, for a consideration of ₹ 79.32 lakhs from our Promoter and Director, Mrs. Manjulaben Rashmikant Patel, on July 07, 2018. While this transaction was conducted on an arm's length basis, we cannot assure that similar land could not have been procured from an unrelated third party on more favourable terms. Any such potential variance in pricing or terms could have had an impact on our financial position.

- 12. Our company has experienced delayed filings of certain e-forms under Companies Act, 2013 with Registrar of Companies which could potentially attract penalties, fines and other regulatory actions.**

Our Company has, in the past, experienced delays in the filing of certain forms with the Registrar of Companies (ROC) as required under the Companies Act, 2013. These delays could potentially attract penalties, fines, and other regulatory actions against our Company, which may adversely affect our financial condition and reputation.

The details of delayed forms filed by our company is provided below:

Particulars of Delayed Form	Due Date of Filing	Actual Date of Filing	Remedial Measures taken

All issuances of securities made by our Company since its incorporation till the date of filing of this Draft Red Herring Prospectus were in compliance with the Companies Act, 2013, as applicable. While for the purpose of share transfer and allotment, we have relied on the search report issued by M/s. Mittal V Kothari & Associates dated March 27, 2025 and minutes of the Board of Directors, share transfer forms and statutory registers maintained by the company since its incorporation.

While the Company has appointed Company secretary and compliance officer to ensure timely compliance in the future, any recurrence of such delays could result in additional penalties and may also impact our ability to undertake certain corporate actions that require Registrar of Companies (ROC) clearance. There can be no assurance that any such delays or associated penalties will not occur in the future.

13. Our profit margins have grown rapidly in the past but there can be no assurance that our growth will continue at a similar rate or that we will be able to manage our rapid growth. If we are unable to implement or sustain our growth strategy effectively it could adversely affect our business, results of operations, cash flows and financial conditions.

Our profit after tax has increased from ₹ 24.32 lakhs for the year ended March 31, 2022 to ₹ 323.06 lakhs for the year ended March 31, 2024 simultaneously our profit margin increased from 0.46% for the financial year ended March 31, 2022 to 4.68% for the year ended March 31, 2024 and to 11.07% amounting to ₹ 542.81 lakhs for the six month period ended on September 30, 2024, which we may not be able to continue in future. If we are unable to implement or sustain our growth strategy effectively it could adversely affect our business, results of operations, cash flows and financial condition.

Primary reasons for margin increase is, in FY 2023-24 we have launched new product Diaphragm Wall Drilling Rig Machine, which contributed ₹ 976.00 lakhs in the total revenue from operations of ₹ 6,897.67 lakhs i.e. 14.15%. In six month period ended on September 30, 2024 Diaphragm Wall Drilling Rig Machine contributed ₹ 901.00 lakhs in the

total revenue from operations of ₹ 4,924.54 lakhs i.e. 18.30%. This product is high margin product of our company and contributed in increase in profit margin. Increase in the export sales in stub period contributed to margin as well.

Details of our export sales are as under:

(₹ in lakhs)

Particulars	For the period / year ended							
	September 30, 2024	% of total Revenue from operation	March 31, 2024	% of total Revenue from operation	March 31, 2023	% of total Revenue from operation	March 31, 2022	% of total Revenue from operation

Total	4,924.54	100.00%	6,897.67	100.00%	7,172.55	100.00%	5,331.23	100.00%

Our Growth Strategy includes growing our product range and geographical presence within and outside India. A component of our strategy is to continue diversifying the development of our portfolio of products and increase the scale of our business. This growth strategy will place significant demands on our management, financial and other resources and will require us to continuously develop and improve our operational, financial and internal controls. There are several uncertainties associated with product launches, including market acceptance, production delays, unforeseen technical challenges, and the risk of cost overruns.

Similarly, the expansion of our export sales presents several risks that could affect our margin growth. While we have seen significant increases in export revenue, changes in global economic conditions, political instability, regulatory shifts, or trade barriers could all impact our ability to sustain this growth.

If we are unable to manage such growth it could disrupt our business prospects, impact our financial condition and adversely affect our results of operations, cash flows and financial condition.

Our rapid growth has placed and will continue to place significant demands on our operational, financial and other internal risk controls, including:

- developing and improving our products and delivery channels;
- recruiting, training and retaining sufficient skilled personnel;
- growth of our newly set up products and geographical presence;
- maintaining high levels of customer satisfaction.

If we are not successful in implementing or executing these operational measures and risk controls, we may not be able to expand our business as we have in the past, and our growth rate may decline. We may not be able to manage our new operations effectively or efficiently, which would mean that our operations would suffer, and our performance and financial results as a whole would be materially and adversely affected.

14. There are certain discrepancies and non-compliances noticed in filing of returns and deposit of statutory dues with the taxation and other statutory authorities in the past. Any delay in payment of statutory dues by our Company in future, may result in the imposition of penalties, which could adversely impact our financials.

Our Company is required to pay certain statutory dues including provident fund contributions, professional tax and tax deducted at source (TDS) on salary of employees as indicated in the tables below.

The table below sets forth the details of the statutory dues related to employees paid by our Company during the last three financial years:

Particulars	For the financial years		
	March 31, 2024	March 31, 2023	March 31, 2022
Provident Fund (₹ in Lakh)	59.05	44.93	39.64
Number of Employees for whom provident fund has been paid	125	97	90
Professional Tax (₹ in Lakh)	1.93	1.59	1.76
Number of Employees for whom PT has been paid	84	71	91
Tax deducted at source on salary (₹ in Lakh)	42.25	42.73	40.42
Number of Employees for whom TDS has been paid	14	13	10

Note: ESIC is not applicable to our Company.

In the past three financial years, our company has at several instances, delayed in filing GST returns, as a result of which, we have been required to pay the late filing fees along with interest on delayed deposit of due taxes and statutory dues. The details of the same has been mentioned below:

GST:

Although the late filing fees and interest on delayed payment levied are small but if we continue this practice, the accumulated amounts of each delay may adversely affect our cash flows.

As of the date of this Draft Red Herring Prospectus, no-show cause notice has been issued against our Company till date, in respect of above. In the event of any cognizance being taken by the concerned authorities in respect of above, actions may be taken against our Company and its directors, in which event the financials of our Company and our directors may be affected.

For further details of certain material legal proceedings involving our Company, see “Outstanding Litigations and Material Developments” beginning on page 209 of this Draft Red Herring Prospectus.

15. *There may be flaws or defects in the products we manufacture that could result in liability claims against us, reduced demand for our products and damage to our reputation.*

We manufacture and sell products based on our customers' specifications, many of which form a critical part of machines. Despite our quality control and quality assurance efforts, problems may occur, or may be alleged, in these products. Any failure on our part to manufacture products as per client requirements could result in a claim against us for substantial damages, regardless of our responsibility for such a failure or defect. Any flaws or defects in the products we manufacture, caused due to any reason or flaws in the manufacturing or design processes, servicing, or a component defect, may result in delayed deliveries to our customers or, reduction or cancellation of customer orders. Other than minor complaints of products from certain customers, no instances of returning the products from customer have arisen in the six months ended September 30, 2024 and in financial years ended on March 31, 2024, March 31, 2023 and March 31, 2022, if any such problems were to occur in large numbers or too frequently, our business reputation may also be affected. Any potential claims arising from faulty or defective products may include damages for the recall of a product or injury/bodily harm and other damage caused to person or property.

We may also be required to repair the defective product or replace it with a new conforming product and the costs may also be required to be borne by us, or if they are borne by the customer, may be capped. The successful assertion of any claim could have a material adverse effect on our business, reputation, results of operations, financial condition and cash flows. We may not have practical recourse against certain suppliers, and contractual protections, insurance coverage or supplier warranties, as well as our other risk mitigation efforts, may be inadequate, costly, or unavailable. Further, while we have not faced such a situation, material claim or product liability in the six months ended September 30, 2024 and in the past three financial years, we may incur costs defending claims in the future, and any such disputes could adversely affect our business relationships.

While there has not been any instance of product defaults in six months ended September 30, 2024 and in the last three financial years, we cannot assure you that any product defects will not arise in the future, whether on our account or on account of defective components provided by a supplier. If such cases arise, our customers may cancel orders, or make adverse claims against us, which, if litigated, may be decided against us. Any future product defects or defaults may have a material adverse impact on our business, results of operations, financial condition, cash flows and future prospects.

16. *We rely significantly on our Promoters and Directors, Mr. Rashmikant Haribhai Patel and Mr. Parth Rashmikant Patel, for the operations of our company. If any of them is unable or unwilling to continue in their current roles, it can significantly affect our business operations and financial conditions.*

Mr. Rashmikant Haribhai Patel, Chairman and Whole-time Director and Mr. Parth Rashmikant Patel, Managing Director, are integral to our business operations, and we heavily rely on their extensive knowledge, experience, and leadership. Their involvement is critical to our business, as they have played a significant role in our company's growth and are deeply involved in shaping our overall strategy, direction, and management.

The continued success of our business is highly dependent on maintaining our relationship with these Promoters and Directors. They are actively engaged in the day-to-day operations and management, and their expertise is essential to our performance. If either Mr. Rashmikant Haribhai Patel, Chairman and Whole-time Director and Mr. Parth Rashmikant Patel, Managing Director is unable or unwilling to continue in their current roles, finding a suitable replacement could prove difficult or even unachievable, potentially leading to significant disruptions in our operations and adversely affecting our business.

If any of our Promoters and Directors terminates their services with us due to death, disability or any other reason, or if their reputation is adversely impacted by personal actions or omissions or other events within or outside their control, our business may be disrupted.

17. *We have certain contingent liabilities that have not been provided for in our Company's financials which if materialized, could adversely affect our financial condition.*

The following table sets forth our contingent liabilities for the period ended September 30, 2024 and for the financial years ended March 31, 2024, March 31, 2023 and March 31, 2022, as per the Restated Financial Information:

Particulars	For the year ended/period ended			
	September 31, 2024	March 31, 2024	March 31, 2023	March 31, 2022
Gujarat Value Added Tax Act and Sales Tax Act	14.09	22.85	22.85	22.85
GST Act	27.07	27.07	-	-

Particulars	For the year ended/period ended			
	September 31, 2024	March 31, 2024	March 31, 2023	March 31, 2022
Bank Guarantee	3.94	3.94	3.94	-
Total	45.10	53.86	26.79	22.85

There can be no assurance that we will not incur similar or increased levels of contingent liabilities in the future and if a significant portion of these liabilities materialise, it could have an adverse effect on our business, financial condition and results of operations. For further information, see “Restated Financial Information” on page 188 of this Draft Red Herring Prospectus.

18. *Our Company's manufacturing activities are labour intensive and depend on availability of skilled and unskilled labourers as well as our business in dependent on our ability to retain our key managerial personnel (KMP), senior managerial personnel (SMP), and our design and engineering team. In case of unavailability of such labourers and / or inability to retain such personnel could adversely affect our business operations.*

As of January 31, 2025, our company has employed 137 employees, all of whom are on our payroll. Our operations and performance are labour intensive and depends on our ability to identify, attract and retain both skilled and unskilled labour. In case such labour is unavailable or we are unable to identify and retain such labourers, our business could be adversely affected. Further, if there are instances where we need to hire contract labour, either for specialised jobs or during periods of high customer orders, the availability of appropriately skilled labour cannot be guaranteed. Any failure to hire the appropriate labour may impact the operations and impair our client relations.

Further, a shortage of skilled or unskilled personnel or work stoppages caused by disagreements with work force could also have an adverse effect on our business, results of operations, cash flows and financial condition. While we have not experienced any major prolonged disruption in our business operations due to strikes, disputes or other problems of similar nature with our work force in the three preceding financial years and six months period ended September 30, 2024, there can be no assurance that we will not experience any such disruption in the future.

In addition, we are dependent on our key managerial personnel (KMP), senior managerial personnel (SMP), and our design and engineering team. Our success and growth depend upon consistent and continued performance of our employees, with direction and leadership from senior management. If we experience high attrition levels, which are largely beyond our control, or if we are unable to motivate and retain existing employees, our business, financial condition, and results of operations may be adversely affected.

The following table sets forth our overall attrition rate as of the periods indicated:

Particulars	For the year ended/period ended			
	September 30, 2024	March 31, 2024	March 31, 2023	March 31, 2022
Workforce Strength	139	129	100	92
Employees Left during the period	17	33	30	23
Attrition Rate (%)*	12.23	25.58	30.00	25.00

* Attrition rate is calculated by dividing number of employees left during the year/period by workforce strength of the company at the end of the year/period.

The loss or diminution in the services of key managerial personnel (KMP), Senior Managerial Personnel (SMP) and our design and engineering team or our failure to maintain such personnel's and other resources to operate and grow our business, could have a material adverse effect on our business, results of operations, financial condition and prospects.

19. *We have entered into a number of related party transactions and may continue to enter into such transactions under Ind AS 24 in the future. However, there can be no assurance that we could not have achieved more favourable terms had such transactions not been entered into with related parties.*

In the past, we have entered into related party transactions with various parties. While we believe that our past related party transactions have been conducted on an arm's length basis, there can be no assurance that we could not have achieved more favourable terms if such transactions had not been entered into with related parties. Furthermore, it is likely that we will continue to enter into related party transactions in the future. There can be no assurance to you that such transactions in the future or any other future related party transactions that we may enter into, individually or in

the aggregate, will not have an adverse effect on our business, cash flows, financial condition, and results of operations. Further, these transactions in the future or any future transactions with our related parties, either individually or in the aggregate, may potentially involve conflicts of interest. Additionally, there can be no assurance that any dispute that may arise between us and related parties will be resolved in our favour.

The following table sets forth some of our related party transactions for the periods indicated:

(₹ in Lakhs)

Particulars	For the year ended/period ended			
	September 30, 2024	March 31, 2024	March 31, 2023	March 31, 2022

Revenue from Operations	4,924.54	6,897.67	7,172.55	5,331.24
Percentage of Revenue from Operations (%)	31.51	17.26	4.63	16.58

For further details of related party transactions, please refer chapter titled “*Restated Financial Information*” beginning on page 188 of this Draft Red Herring Prospectus.

20. We have high financial indebtedness which could adversely affect our financial condition and results of operations and further we may not be able to meet our obligations under the debt financing agreements.

Our company has significant financial indebtedness, which could adversely impact our financial condition and operational flexibility. Our outstanding of borrowing aggregating to ₹ 3,739.36 lakhs as on September 30, 2024 as per restated audited financial statements including secured or unsecured borrowings.

The following table sets forth our debt-to-equity ratio for the periods indicated:

(₹ in Lakhs)

Particulars	For the year ended/period ended			
	September 30, 2024	March 31, 2024	March 31, 2023	March 31, 2022
Total Outstanding debt	3,739.36	4,329.11	4,397.04	4,628.25
Shareholder Funds	1,699.53	1,156.71	820.52	678.14
Debt to Equity Ratio (In times)	2.20	3.74	5.36	6.82
Debt service coverage ratio (In times) *	2.90	1.76	1.42	0.80

* Debt service coverage ratio is calculated by dividing profit before tax plus depreciation and finance cost by interest expense plus current maturity of long-term loans.

Failure to meet our debt obligations could result in our lenders declaring us in default, accelerating repayment demands or takeover our project or even sell our Company’s movable and immovable assets. Our ability to service and repay our borrowings depends primarily on the cash flows generated by our business. If we fail to generate sufficient cash, we may struggle to meet our debt servicing requirements, which could negatively impact our liquidity, financial stability, and business operations. We cannot assure investors that in the event of any such acceleration we will have sufficient resources to repay these borrowings. Failure to meet obligations under debt financing agreements may have an adverse effect on our cash flows, business and results of operations. Our ability to meet our debt service obligations and to repay our outstanding borrowings will depend primarily upon the cash flows generated by our business. We

cannot assure you that we will generate sufficient cash to enable us to service existing or proposed borrowings. Incurring significant indebtedness may limit our flexibility in planning for or reacting to changes in our business & industry and limit our ability to borrow additional funds.

21. We are exposed to foreign currency fluctuation risks, particularly in relation to import of raw materials and export of products, which may adversely affect our results of operations, financial condition and cash flows.

Our Company faces foreign exchange rate risk to the extent that our revenue, expenses, assets or liabilities are denominated in a currency other than the Indian Rupee. Our Company's financial statements are presented in Indian Rupees.

Set forth below are details of our (i) expenditure on consumption of imported raw material, and (ii) revenue from operations from sales located outside India, in each of the corresponding periods:

(₹ in Lakhs)

Particulars	For the year ended/period ended			
	September 30, 2024	March 31, 2024	March 31, 2023	March 31, 2022
Export revenue from operation	2,138.21	1,385.24	333.28	884.16
Percentage to total revenue (%)	43.42	20.08	4.65	16.58
Imported Cost of materials consumed	593.75	2,204.75	1,688.40	1,679.38
In Percentage terms (%)	16.93	40.69	31.29	37.08

Further, we do not hedge our foreign currency risk.

Set forth below are details of our unhedged foreign currency exposure in each of the corresponding periods:

(₹ in Lakhs)

Particulars	For the year ended/period ended			
	September 30, 2024	March 31, 2024	March 31, 2023	March 31, 2022
Trade Receivables	893.34	964.55	924.38	986.31
Trade Payables	205.46	201.49	15.93	83.16

Currently, we do not have a policy for hedging our foreign currency payables/receivable. This lack of hedging increases our vulnerability to exchange rate volatility. Without hedging, we cannot assure that we will not incur potential losses if currencies fluctuate significantly.

The inability to manage foreign currency risk effectively may harm our results of operations and cause our financial results to fluctuate or decline. Economic exposure, which refers to the impact of unexpected currency fluctuations on future cash flows and market value, is particularly challenging to hedge. This exposure can lead to changes in our cash flows and affect our profitability.

22. Our Company, Promoters, Directors, KMP, SMP and subsidiary are party to certain tax proceedings, any adverse decision in such proceedings may have a material adverse effect on our business, results of operations and financial condition.

For further details, please refer to the chapter titled “Outstanding Litigations and Material Developments” on page no. 209 of this Draft Red Herring Prospectus.

There can be no assurance that these litigations will be decided in favour of our Company and consequently it may divert the attention of our management and Promoters and Directors and waste our corporate resources and we may incur significant expenses in such proceedings and may have to make provisions in our financial statements, which could increase our expenses and liabilities. If such claims are determined against us, there could be a material adverse effect on our reputation, business, financial condition and results of operations, which could adversely affect the trading price of our Equity Shares.

23. Any delay or default in receipt of payments from customers could adversely affect our business, results of operations, financial condition and cash flows.

Our business operations involve extending credit facilities to certain customers, resulting to a high level of trade receivables. Consequently, we face the risk of the uncertainty regarding the receipt of these outstanding amounts. Although there have been no instances in the last three financial years and in the six months ended September 30, 2024, where defaults in payments from our clients affected our results of operations and cash flows, we cannot assure you that such instance will not arise in the future. Any prolonged delays in collections or non-payment by customers could adversely affect our cash flows and ability to meet our financial obligations.

The following table sets forth details of our trade receivables for the periods indicated:

Particulars	(₹ in Lakhs)			
	For the year ended/period ended			
	September 30, 2024	March 31, 2024	March 31, 2023	March 31, 2022
Revenue from operations	4,924.54	6,897.67	7,172.55	5,331.24
Trade receivables	1,919.72	1,454.22	1,425.93	1,164.59
Trade receivables Turnover Ratio (In times) *	2.92	4.79	5.54	4.78
Trade receivables Turnover Ratio (no of days)**	63	76	66	76

* Trade receivables Turnover Ratio calculated as Revenue from operations divided by Average Trade receivables.

** Trade receivables Turnover Ratio calculated by dividing average trade receivables by revenue from operations and multiplied by numbers of days in the year/ period.

Given our reliance on credit sales, any disruptions in customer payments may require us to allocate additional resources toward credit monitoring and collection efforts, potentially affecting our operational efficiency. While we take measures to manage our receivables and mitigate credit risk, we cannot assure that such risks will not materially impact our business, financial condition, and future growth.

24. Our Statutory Auditors have included a qualification in the auditor’s report on our audited consolidated financial statements for the financial year ended March 31, 2022 and financial year ended March 31, 2023.

Our Statutory Auditors have included the following qualification in the auditor’s report on our audited consolidated financial statements for the financial year ended March 31, 2022 and financial year ended March 31, 2023, relating to an advance of ₹ 82.22 lakhs by our subsidiary company during the financial year 2016-17 and financial year 2017-18 against which neither the material has been received nor the advance has been received back by the subsidiary.

Our Statutory Auditors have included the Qualification: *We draw attention to the fact that Advance to Supplier of ₹ 8,222 to Millenium Link East for Trade - Saudi Arabia seems to be not recoverable in the absence of third-party confirmation. Accordingly, we are unable to comment on the appropriateness of the carrying value and their consequential impact on the financial statements ended March 31, 2023.*

The above qualification has already been given effect in in the audited consolidated financial statements for the financial year ended March 31, 2024 and for the comparative period of financial year ended March 31, 2023, and consequently in the restated financial statements for three financial years. However, there is no assurance that our auditor's reports for any future financial years will not contain qualifications, emphasis of matters or other observations which could subject us to additional liabilities, due to which our reputation, financial condition or the trading price of the Equity Shares may be adversely affected.

25. ***Within the parameters as mentioned in the chapter titled "Objects of this Issue" of this Draft Red Herring Prospectus, our Company's management will have flexibility in applying the proceeds of this Issue. The fund requirement and deployment mentioned in the Objects of this Issue have not been appraised by any bank or financial institution.***

We intend to use substantial portion of the Net Issue Proceeds towards meeting the working capital requirement. We intend to deploy the Net Issue Proceeds in financial year 2025-26 and financial year 2026-27 and such deployment is based on certain assumptions and strategy which our Company believes to implement in future. The funds raised from the Issue may remain idle on account of change in assumptions, market conditions, strategy of our Company, etc., For further details on the use of the Issue Proceeds, please refer chapter titled "Objects of the Issue" on page 84 of this Draft Red Herring Prospectus.

The deployment of funds for the purposes described above is at the discretion of our Company's Board of Directors. The fund requirement and deployment are based on internal management estimates and has not been appraised by any bank or financial institution. Accordingly, within the parameters as mentioned in chapter titled "Objects of the Issue" on page 84 of this Draft Red Herring Prospectus, the Management will have significant flexibility in applying the proceeds received by our Company from the Issue, subject to approval from Shareholders of the Company. Our Board of Directors will monitor the proceeds of this Issue.

26. ***The industry segments in which we operate are fragmented, exposing us to competition from various players, which may affect our business operational and financial conditions.***

The market for our products is competitive, with the presence of both organized and unorganized players. Players in this industry generally compete with each other on key attributes such as technical competence, quality of products, various products line, customer base, pricing and timely delivery. Some of our competitors may have longer industry experience and greater financial, technical and other resources, which may enable them to react faster in changing market scenario and remain competitive.

Additionally, the unorganized sector offers their products at highly competitive prices, which may not be matched by us and consequently affect our volume of sales and growth prospects. Growing competition may result in a decline in our market share and may affect our margins, which may adversely affect our business operations and our financial condition. Our company mainly face competition from global big players and Indian players which are mostly subsidiaries of global players.

27. ***The shortage or non-availability of power facility may adversely affect our manufacturing processes and have an adverse impact on our results of operations and financial condition.***

We utilize the services of Uttar Gujarat Vij Company Limited for our power needs in the manufacturing process. While we are mainly dependent on the State Government for meeting our electricity requirements, any defaults or non-compliance of the conditions may render us liable for termination of the agreement or any future changes in the terms of the agreement may lead to increased costs, thereby affecting profitability.

We also require substantial electricity for our manufacturing facilities, most of which is sourced from state electricity boards. If supply is not available for any reason, we will need to rely on alternative power sources, which may not be able to consistently meet our requirements. The cost of alternative sources of electricity could be significantly higher, thereby adversely affecting our cost of production and profitability. Interruptions of electricity supply can also result in production shutdowns, increased costs associated with restarting production and the loss of production in progress.

Any disruption / non-availability of power shall directly affect our production which in turn shall have an impact on profitability and turnover of our Company.

28. ***Changes in technology may render our current technologies obsolete or require us to make substantial capital investments.***

Modernization and technology upgradation are essential to provide better services to customers. Although, we strive to keep our technology aligned with the latest industry standards, we may be required to implement new technology or upgrade the existing technology employed by us. Further, the costs of upgrading grading our technology could be

significant, potentially exceeding the investments made by our competitors. This may impact our ability to match them in terms of cost-effectiveness, efficiency, and timely delivery of final products.

29. Any delay in production, or shutdown, or any interruption for a significant period of time, at our manufacturing facility may in turn adversely affect our business, financial condition and results of operations.

Our Company operates a manufacturing facility located at Mehsana, Gujarat. Our success depends on our ability to successfully manufacture and deliver our products to meet our customer’s demand. Our manufacturing facility is susceptible to damage or interruption or operating risks, such as human error, power loss, breakdown or failure of equipment, power supply or processes, performance below the expected levels of output or efficiency, obsolescence, loss of services of our external contractors, terrorist attacks, acts of war, break-ins, earthquakes, other natural disasters and industrial accidents and similar events. Further, our manufacturing facility is also subject to operating risk arising from compliance with the directives of relevant government authorities. Operating risks may result in personal injury and property damage and in the imposition of civil and criminal penalties. If our Company experiences delays in production or shutdowns due to any reason, including disruptions caused by disputes with its workforce or any external factors, our Company’s operations will be significantly affected, which in turn would have a material adverse effect on our business, financial condition and results of operations.

30. Our ability to pay dividends in the future will depend on various factors, including our future earnings, financial condition, cash flows, working capital requirements, capital expenditure and any restrictive covenants in our financing arrangements.

Our company has not paid any dividend during the last three financial years ended on March 31, 2022, 2023, 2024 and the six months period ended on September 30, 2024. We may retain all our future earnings, if any, for use in the operations and expansion of our business. As a result, we may not declare dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board of Directors and will depend on factors that our Board of Directors deem relevant, including but not limited to our results of operations, financial condition, cash requirements, business prospects and any other financing arrangements. Accordingly, realization of a gain on shareholders investments may largely depend upon the appreciation of the price of our Equity Shares. However, there can be no assurance that our Equity Shares will appreciate in value. For more details on our dividend history, please refer to the Chapter titled “Dividend Policy” beginning on page 187 of this Draft Red Herring Prospectus.

31. Our insurance coverage may not be adequate.

Our Company has obtained insurance coverage in respect of factory and Vehicles. While we believe that we maintain insurance coverage in adequate amounts consistent with size of our business, our insurance policies do not cover all risks, specifically risks like loss of profits. Further, there can be no assurance that our insurance policies will be adequate to cover the losses in respect of which the insurance has been availed. If we suffer a significant uninsured loss or if an insurance claim in respect of the subject-matter of insurance is not accepted or any insured loss suffered by us significantly exceeds our insurance coverage, our business, financial condition, and results of operations may be materially and adversely affected. For further details, please refer chapter titled “Business Overview” beginning on page 127 of this Draft Red Herring Prospectus.

32. Our Company has availed unsecured loans which are repayable on demand. Any demand from lenders for repayment of such unsecured loans, may adversely affect our cash flows.

As on September 30, 2024, our Company has unsecured loans from director, relative of directors and inter-company loan amounting to ₹ 1,217.91 lakhs, which are repayable on demand to them. Such loans are not repayable in accordance with any agreed repayment schedule and may be recalled by the relevant lenders at any time. Any such unexpected demand or acceleration of such loan repayment may have a material adverse effect on the business, cash flows, and financial condition. For further details of the unsecured loans of our Company, please refer chapter titled “Restated Financial Information” beginning on page 188 of this Draft Red Herring Prospectus.

33. Our Company has allotted Equity Shares during the preceding one year from the date of this Draft Red Herring Prospectus, at a price lower than the Issue Price.

Our Company has allotted the following Equity Shares during the preceding one year from the date of this Draft Red Herring Prospectus, at a price lower than the Issue Price: The details of such allotments are as follows:

Date of Allotment	Number of Equity Shares Allotted	Face Value (In ₹)	Issue Price (In ₹)	Reasons
April 27, 2024	2500000	10	N.A.	Bonus Issue

November 21, 2024	5000000	10	N.A.	Bonus Issue
-------------------	---------	----	------	-------------

For further details, please refer to the chapter titled "Capital Structure" beginning on page 66 of this Draft Red Herring Prospectus

34. Exposure to Fluctuating Interest Rates May Increase Finance Costs and Adversely Impact Our Profitability, Cash Flows, and Business Operations.

Our secured debt primarily carries floating interest rates or rates subject to periodic adjustments. As a result, any increase in interest rates may lead to higher finance costs, thereby impacting our profitability and cash flows. Currently, we have not entered into any swap or interest rate hedging transactions to mitigate this risk, although we may consider doing so in the future. However, there can be no assurance that we will be able to secure such agreements on commercially favourable terms, that counterparties will fulfil their obligations, or that these hedging measures will effectively mitigate our exposure to interest rate fluctuations.

The following table sets forth details of our finance cost for the periods indicated:

Particulars	For the year ended/period ended			
	September 30, 2024	March 31, 2024	March 31, 2023	March 31, 2022
Finance Cost	137.93	256.92	154.88	135.15
Revenue from operations	4,924.54	6,897.67	7,172.55	5,331.24
Percentage to total revenue (%)	2.80	3.72	2.16	2.54

(₹ in Lakhs)

We may further be unable to pass any increase in interest expense to our customers. Any such increase in interest expense may have a material adverse effect on our business, financial condition, results of operations and cash flows. Furthermore, if we decide to enter into agreements to hedge our interest rate risk, there can be no assurance that we will be able to do so on commercially reasonable terms, that our counterparties will perform their obligations, or that these agreements, if entered into, will protect us fully against our interest rate risk.

35. If we are unable to source business opportunities effectively, we may not achieve our financial objectives.

Our ability to achieve our financial objectives depend on our ability to identify, evaluate and capitalize on business opportunities. To expand our business, we will need to hire, train, supervise and manage new employees, expand our distribution network and to implement systems capable of effectively accommodating our growth. However, we cannot assure you that any such employees will contribute to the success of our business or that we will implement such systems effectively. Our failure to source business opportunities effectively could have a material adverse effect on our business, financial condition and results of operations. It is also possible that the strategies used by us in the future may be different from those presently in use. There is no assurance that our market analyses, and other data or the strategies we use or plans in future to use will be successful under various market conditions.

36. Our failure to identify and adapt to evolving industry trends and customer preferences and to develop new products to meet our customers' demands may materially adversely affect our business.

Changes in the preferences of our customers, regulatory or industry trends or requirements, or in competitive technologies may render certain of our products or business strategies obsolete or less attractive. To compete effectively in our industry, we must be able to develop, upgrade and manufacture new products to meet our customers' demand in a timely manner. In order to do so, we need to identify and analyse key market trends and address our customers' evolving needs proactively and on a timely basis. As a result, we have previously incurred, and may continue to incur, capital expenditures for development of products to meet the demands of our customers. However, we cannot assure you that we will be able to install and commission the required equipment on time to manufacture new products as per our customers' requirements. Our failure to successfully and timely develop and manufacture new products in order to cater to the requirements of our customers and industry trends could have a material adverse effect on our business, financial condition, cash flows, results of operations and future prospects.

37. We may not be successful in implementing our business strategies.

The success of our business depends substantially on our ability to implement our business strategies effectively. Even though we have successfully executed our business strategies in the past, there is no assurance that we will be able to do so consistently in the future. Factors such as market dynamics, competition, operational challenges, and regulatory changes may impact our ability to implement these strategies within the projected timelines and budget. Additionally,

we may face challenges in meeting the expectations of our target customers. Any failure or delay in executing our business strategies could have a material adverse effect on our operations, financial condition, and overall business growth.

- 38. *Our business requires us to obtain and renew certain registrations, licenses, approvals, NOCs and permits in the ordinary course of our business. Our inability to obtain, renew or maintain our statutory and regulatory permits and approvals required to operate our business may have a material adverse effect on our business, financial condition and results of operations.***

We require several statutory and regulatory permits, licenses, and approvals to operate our business. Many of these approvals are granted for fixed periods of time and need renewal from time to time. Presently, we have applied for updating licenses and approvals in the name of "Apollo Techno Industries Private Limited" from "Apollo Techno Industries Limited". Any failure by us to obtain the required permits, licenses or approvals may have a material adverse effect on the business.

We have certain approvals which are pending, and the company has applied for the same including Registration under The Tamil Nadu Industrial Establishment (National Festival and Special Holidays) Act, 1958 for address Plot No 16, Survey No 14/9, Vinayak Nagar, Service Road, Puthagram, Chennai, Tamilnadu, 600066 via application no. 331569-335534 and Registration for Professional Tax Enrolment Certificate and Professional Tax Registration Certificate for address Second Floor, Plot no. C-85/86, Ayodhya Bypass Road, Chatrapati Nagar, Bhopal, Madhya Pradesh, 46204 via Acknowledgement No. 97010021854798.

We have obtained a certificate of Registration under the Town Panchayats, Municipalities and Municipal Corporation (Collection of Tax on Professions, Trade, Callings, and Employments) Rules, 1999 for our premises at P.16, Survey No. 14/9, S.V. Nagar, Near Church (N032), Puthagaram (N032), Chennai – 600099. As per Section 5 (1) of the Tamil Nadu Tax on Professions, Trades, Callings and Employments Act, 1992, every employer liable to pay tax under Section 4 must obtain a certificate of registration, and every taxable person, other than salaried individuals whose tax is paid by the employer, must obtain a certificate of enrolment. Our company has obtained a single certificate and while we believe this complies with regulations, authorities may interpret it differently or require separate certifications. Any non-compliance or regulatory changes could lead to penalties, scrutiny, or additional compliance burdens, impacting our operations and financial position.

Further, we are required to keep already obtained valid key approvals such as Tax Registration, Udyam Registration, and all the other approvals related to the manufacturing of construction equipment and drilling machines, for running our operations in a smooth manner. Also, some of our permits, licenses and approvals are subject to several conditions and we cannot provide any assurance that we will be able to continuously meet such conditions or be able to prove compliance with such conditions to the statutory authorities, which may lead to the cancellation, revocation or suspension of relevant permits, licenses, or approvals. Any failure by us to apply in time, to renew, maintain or obtain the required permits, licenses or approvals, or the cancellation, suspension, or revocation of any of the permits, licenses or approvals may result in the interruption of our operations and may have a material adverse effect on the business.

For further details, please see chapters titled "*Key Industry Regulations*" and "*Government Approvals*" at pages 155 and 213 respectively of this Draft Red Herring Prospectus.

- 39. *We have not entered into any technical support service for the maintenance and smooth functioning of our equipment's and machineries, which may affect our performance.***

Our manufacturing processes involve daily use of technical equipment's and machineries. They require periodic maintenance checks and technical support in an event of technical breakdown or malfunctioning. Our Company has not entered into any technical support service agreements with any competent third party. Our failure to reduce the downtime in as such events occur may adversely affect our productivity, business and results of operations.

- 40. *We rely on third-party transportation providers for procurement of raw materials and for supply of our products and failure by any of our transportation providers could result in loss in sales.***

We depend on road/marine transportation to deliver our finished products to our customers. We use commercial vehicles and third-party transportation providers for procuring our raw materials as well as for distributing our products to our customers. This makes us dependent on various intermediaries such as domestic logistics companies and container freight station operators. External factors such as weather-related problems, strikes, or unforeseen events could impair our ability to procure raw materials from our suppliers or the ability of our suppliers to deliver raw materials to us which may in turn delay the process of manufacturing and supplying our products to our customers, potentially leading to cancellation or non-renewal of purchase orders, and this could adversely affect the performance of our business, results of operations and cash flows. We have not entered into formal agreement with any of our transportation provider. Additionally, if we lose one or more of our third-party transportation providers, we may not be

able to obtain terms as favourable as those we receive from the third-party transportation providers that we currently use, which in turn would increase our costs and thereby adversely affect our operating results.

41. *There may be potential conflicts of interest if our Promoters, Promoters' Group entities, are involved in same business activities that compete with or are in the same line of activity as our business operations.*

Any conflict of interest which could occur between our business and any other similar business activities pursued by our Director, Promoter and Promoter Group entity, could have a material adverse effect on our business and results of operations. One of our group company, namely Apollo Techno International – FZCO, is engaged in a similar line of business as our company as of the date of filing this Draft Red Herring Prospectus. Further, Apollo Techno International – FZCO is authorized under its memorandum of association to carry out activities similar to those of our company.

Although our company and our group company will adopt the necessary procedures and practices, as permitted by law, to address any conflict situations as and when they arise, there can be no assurance that such measures will be entirely effective in eliminating all potential conflicts of interest. Any such conflict, if not managed effectively, could adversely impact our business operations, financial condition, and prospects. Investors should carefully consider this risk before making an investment in our company

For further details of conflict of interest please refer chapter titled “*Information with respect to Group Companies*” on beginning on page no 220 of this Draft Red Herring Prospectus.

42. *Our promoters will continue to retain significant control over our Company after the Initial Public Offering (IPO).*

Our Promoters and the members of the Promoter Group will continue to own majority of our Equity Shares constituting [●] % of the paid-up equity share capital of our Company following the Initial Public Offering (IPO). As a result, our promoters will be in a position to influence any shareholder action or approval requiring a majority vote, except where it is required otherwise by applicable laws or where they abstain from voting. Additionally, our promoters will also have the ability to control our business including matters relating any sale of all or substantially all its assets, the timing and distribution of dividends and the election or termination or appointment of its officers and directors. Further, the extent of the promoters’ shareholding in the Company may result in the delay or prevention of a change of management or control of the Company, even if such a transaction may be beneficial to the other shareholders of the Company.

43. *Our Promoters, Directors, Key Management Personnel (KMP) and Senior Managerial Personnel (SMP) may have interest in our Company other than normal remuneration or benefits and reimbursement of expenses incurred.*

Our Promoters, Directors, Key Management Personnel (KMP), and Senior Managerial Personnel (SMP) may be deemed to be interested in our Company, in addition to normal remuneration or benefits and reimbursements of expenses, to the extent of Equity Shares, held by them and their relatives (if any) and their dividend or bonus entitlement, and other benefits arising from their shareholding in our Company and are also interested to the extent of sitting fee payable to them for attending each of our Board and Committee Meetings.

44. *The average cost of acquisition of Equity shares by our Promoters may be lower than the Issue price.*

The table below provides details of the Equity Shares held by our Promoters and their respective average cost of acquisition, which may be lower than the Issue Price:

Sr. No.	Name of Promoter	No. of Equity Shares held	Average Cost of Acquisition per equity share (in ₹) *
1.	Mr. Parth Rashmikant Patel	29,20,000	2.89
2.	Mr. Rashmikant Haribhai Patel	35,00,000	1.42
3.	Mrs. Manjulaben Rashmikant Patel	35,00,000	2.67
4.	Parth Patel (HUF)	20,000	27.50
5.	Rashmikant Haribhai Patel HUF	20,000	27.50

**The average cost of acquisition of Equity Shares by our Promoters has been calculated by taking into account the amount paid by them to acquire Shares and Shares allotted to them and we didn't consider amount received on sell of shares.*

For further details regarding the average cost of acquisition of Equity Shares by our Promoter in our Company and build-up of Equity Shares of our Promoter in our Company, please see Chapter titled “*Capital Structure*” beginning on 66 of this Draft Red Herring Prospectus.

45. *We could be harmed by employee misconduct or errors that are difficult to detect, and any such incidences could adversely affect our financial condition, results of operations, and reputation.*

Employee misconduct or errors could expose us to business risks or losses, including regulatory sanctions and serious harm to our reputation. There can be no assurance that we will be able to detect or deter such misconduct. Moreover, the precautions we take to prevent and detect such activity may not be effective in all cases. Our employees may also commit errors that could subject us to claims and proceedings for alleged negligence, as well as regulatory actions, which could adversely affect our business, financial condition, results of operations and goodwill.

46. *Our Promoters and Directors have provided personal guarantees to certain loan facilities availed by us, which if revoked may require alternative guarantees, repayment of amounts due or termination of the facilities.*

Our promoters and directors have provided personal guarantees in relation to certain loan facilities availed by us. In the event that any of these guarantees are revoked, by our promoters and directors, the lenders for such facilities may require alternate properties as mortgages/guarantees, repayment of amounts outstanding under such facilities, or may even terminate such facilities. We may not be successful in procuring alternative properties/guarantees satisfactory to the lenders, and as a result may need to repay outstanding amounts under such facilities or seek additional sources of capital, which may not be available on acceptable terms or at all, and any such failure to raise additional capital could affect our operations and our financial condition.

47. *Delays or defaults in client payments could affect our operations.*

We may be subject to working capital risks due to delays or defaults in payment by clients, which may restrict our ability to procure raw materials and meet our financial obligations on time. In addition, any delay or failure on our part to supply the required quantity or quality of products, within the time stipulated timelines, to our customers may in turn cause delay in payment or refusal of payment by the customer. Such defaults/delays by our customers in meeting their payment obligations to us may have a material effect on our cash flow, business, financial condition and results of operations.

48. *The Issue price of our Equity Shares may not be indicative of the market price of our Equity Shares after the Issue and the market price of our Equity Shares may decline below the issue price and you may not be able to sell your Equity Shares at or above the Issue Price.*

The issue price of our Equity Shares is ₹ [●]. The issue price of the equity shares has been based on many factors and may not be indicative of the market price of our Equity Shares after the Issue. The market price of our Equity Shares could be subject to significant fluctuations after the Issue, and may decline below the Issue Price. We cannot assure you that you will be able to sell your Equity Shares at or above the Issue Price.

For further information, please refer the section titled “Basis for Issue Price” beginning on page no 93 of this Draft Red Herring Prospectus.

49. *Our lenders have charge over our movable and immovable properties in respect of finance availed by us.*

We have secured outstanding debt of ₹ 2,521.45 Lakhs as on September 30, 2024, and we have secured our borrowings by creating charge over our movable and immovable properties. In the event we default in repayment of the loans availed by us and any interest thereof, our properties may be forfeited by lenders. It may have a material adverse effect on the business, cash flows and financial condition of our company.

For further information on the financing and loan agreements along with the total amounts outstanding, please refer to section titled “Restated Financial Information” on page 188 of this Draft Red Herring Prospectus.

50. *There is no monitoring agency appointed by Our Company to monitor the utilization of the Issue proceeds and same is entirely at the discretion of Our Company.*

As per SEBI (ICDR) Regulations, 2018, as amended, the appointment of monitoring agency is required only for an Issue size above ₹ 5,000 Lakhs. Hence, we have not appointed any monitoring agency to monitor the utilization of Issue proceeds. However, the audit committee of our Board will monitor the utilization of Issue proceeds in terms of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. Further, our Company shall inform about material deviations in the utilization of Issue proceeds to the stock exchange and shall also simultaneously make the material deviations / adverse comments of the audit committee public.

51. *In the event there is any delay in the completion of the Issue, or delay in the implementation schedule, there would be a corresponding delay in the completion of the objects of this Issue which, which, in turn, could affect our revenues and results of operations.*

The funds that we receive would be utilized for the objects of the Issue as has been stated in the chapter titled “Objects of The Issue” on Page no. 84 of this Draft Red Herring Prospectus. The proposed implementation schedule for the objects of the Issue is based on our management’s estimates. If the implementation schedule is delayed for any other

reason whatsoever, including any delay in the completion of the Issue, it may adversely affect our revenues and results of operations.

52. *We have not identified any alternate source of raising the funds required for the object of the Issue and the deployment of funds is entirely at our discretion and as per the details mentioned in the section titled “Objects of the Issue”.*

Our Company has not identified any alternate source of funding for our objects of the Issue and hence any failure or delay on our part to mobilize the required resources, or any shortfall in the Issue proceeds, could adversely affect our growth plan and profitability. The delay/shortfall in receiving these proceeds may result in inadequacy of funds or may result in borrowing funds on unfavourable terms, both of which scenarios may affect the business operation and financial performance of the company. Further the deployment of the funds raised in the issue will be entirely at the discretion of the management and any revision in the estimates may require us to reschedule our projected expenditure and may have a bearing on our expected revenues and earnings.

For further details of Please refer chapter titled “*Objects for the Issue*” beginning on page 84 of this Draft Red Herring Prospectus.

53. *Any future issuance of Equity Shares may dilute your shareholdings, and sale of the Equity Shares by our major shareholders may adversely affect the trading price of our Equity Shares.*

Any future equity issuances by our Company may lead to the dilution of existing investors’ shareholdings in our Company. In addition, any sale of substantial Equity Shares in the public market after the completion of this Issue, including by our major shareholders, or the perception that such sales could occur, could adversely affect the market price of the Equity Shares and could significantly impair our future ability to raise capital through offerings of the Equity Shares. We cannot predict what effect, if any, market sales of the Equity Shares held by the major shareholders of our Company or the availability of these Equity Shares for future sale will have on the market price of our Equity Shares.

54. *The requirements of being a public listed company may strain our resources and impose additional requirements.*

With the increased scrutiny of the affairs of a public listed company by shareholders, regulators and the public at large, we will incur significant legal, accounting, corporate governance and other expenses that we did not incur in the past. We will also be subject to the provisions of the listing agreements signed with the Stock Exchange. In order to meet our financial control and disclosure obligations, significant resources and management supervision will be required. As a result, management’s attention may be diverted from other business concerns, which could have an adverse effect on our business and operations. There can be no assurance that we will be able to satisfy our reporting obligations and/or readily determine and report any changes to our results of operations in a timely manner, as other listed companies. In addition, we will need to increase the strength of our management team and hire additional legal and accounting staff with appropriate public company experience and accounting knowledge, and we cannot assure that we will be able to do so in a timely manner. Failure of our Company to meet the listing requirements of stock exchange could lead to imposition of huge penalties, if any including suspension of trading, imposed by Stock Exchange.

55. *This Draft Red Herring Prospectus contains information from third parties, including an industry report prepared by an independent third-party research agency, Dun & Bradstreet (“D&B”), which we have commissioned and paid for purposes of confirming our understanding of the industry exclusively in connection with the Issue.*

The industry and market information contained in this Draft Red Herring Prospectus includes information derived from an industry report prepared for our Company by Dun & Bradstreet titled “Construction Drilling Equipment’s Industry in India” March 2025. The Dun & Bradstreet Report has been commissioned and paid for by us for the purposes of confirming our understanding of the industry exclusively in connection with the Issue and is available on the website of our Company at www.apollotechno.com. We officially engaged Dun & Bradstreet in connection with the preparation of the D&B Report pursuant to an agreement dated November 25, 2024. The Dun & Bradstreet Report uses certain methodologies for market sizing and forecasting and may include numbers relating to our Company that differ from those we record internally. Accordingly, investors should read the industry-related disclosure in this Draft Red Herring Prospectus in this context. Our Company, Subsidiaries, Promoters, Directors, Key Managerial Personnel, Senior Management Personnel and the Book Running Lead Managers are not related to Dun & Bradstreet Report.

Industry sources and publications are also prepared based on information as of specific dates. Industry sources and publications may also base their information on estimates, projections, forecasts and assumptions that may prove to be incorrect. Due to possibly flawed or ineffective collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced for other economies and should not be unduly relied upon. Further, we cannot assure you that they are stated or compiled on the same basis or with the same degree of accuracy as may be the case elsewhere. Statements from third

parties that involve estimates are subject to change, and actual amounts may differ significantly from those included in this Draft Red Herring Prospectus. Accordingly, investors should not place undue reliance on, or base their investment decision solely on this information.

EXTERNAL RISK FACTORS

1. *The COVID-19 pandemic, or any future pandemic or widespread public health emergency, could materially and adversely impact our business, financial condition, cash flows and results of operations.*

Since first being reported in December 2019, the outbreak of COVID-19 has spread globally. The World Health Organization declared the outbreak of COVID-19 to be a public health emergency of international concern on January 30, 2020, and a global pandemic on March 11, 2020.

The COVID-19 pandemic has had, and any future pandemic or widespread public health emergency could have, repercussions across regional and global economies and financial markets. The outbreak of COVID-19 in many countries, including India has significantly and adversely impacted economic activity and has contributed to significant volatility and negative pressure in financial markets, and it is possible that the outbreak of COVID-19 will cause a prolonged global economic crisis, recession or depression, despite monetary and fiscal interventions by governments and central banks globally.

The global impact of the outbreak has been rapidly evolving. As cases of COVID-19 have continued to be identified in additional countries, many jurisdictions, including the governments of India, have reacted by instituting restrictive measures including invoking lock downs and quarantines, requiring the closure of non-essential businesses and placing restrictions on the types of businesses that may continue to operate, mandating restrictions on travel, implementing “shelter-in-place” rules and “stay-at-home” orders, and enforcing remote working regulations. No prediction can be made of when any of the restrictions currently in place will be relaxed or expire, or whether or when further restrictions will be announced. Although some governments are beginning to ease or lift these restrictions, the impacts from the severe disruptions caused by the effective shutdown of large segments of the global economy or localized lockdowns remain unknown.

On March 24, 2020, the Government of India ordered a national lockdown in response to the spread of COVID-19. Our business was determined to be operating in an essential industry, which allowed us to continue our operations after the introduction of the lockdown in India, subject to certain adjustments in working patterns.

There can be no assurance that there will not be any material impact on our operations if the outbreak of COVID-19 is not effectively controlled. Although some restrictions have been eased, it is not yet clear when the lockdown conditions will be fully lifted in India. Further, although we were declared an essential business and were able to adjust our business to continue operating during the lockdown, there can be no assurance that further restrictions will not be introduced or that we will continue to retain such essential status. Further, we may be required to quarantine employees that are suspected of being infected of COVID-19, as well as others that have come into contact with those employees or shut down our manufacturing facilities as a health measure, which could have an adverse effect on our business operations or result in a delay in the production and supply of products to our customers in a timely manner. If any of our suppliers are affected by COVID-19 to the extent our supply chain is disrupted, this may affect our ability to meet the demand of our customers.

The full extent to which the COVID-19 pandemic, or any future pandemic or widespread public health emergency impacts our business, operations and financial results will depend on numerous evolving factors that we may not be able to accurately predict, including the scope, severity, and duration of the pandemic; actions taken by governments, business and individuals in response to the pandemic; the effect on customer demand for and ability to pay for our products; the disruptions or restrictions on our employees’ and suppliers’ ability to work and travel; volatility in foreign exchange rates; any extended period of remote work arrangements; and strain on our or our customers’ business continuity plans, and resultant operational risk.

The COVID-19 pandemic, or any future pandemic or widespread public health emergency could therefore materially and adversely impact our business, financial condition, cash flows and results of operations.

2. *The price of our Equity Shares may be volatile, or an active trading market for our Equity Shares may not develop.*

Prior to this Issue, there has been no public market for our Equity Shares. Our Company and the Book Running Lead Manager has appointed Spread X Securities Private Limited as Designated Market Maker for the equity shares of our Company. However, the trading price of our Equity Shares may fluctuate after this Issue due to a variety of factors, including our results of operations and the performance of our business, competitive conditions, general economic, political and social factors, the performance of the Indian and global economy and significant developments in India’s fiscal regime, volatility in the Indian and global securities market, performance of our competitors, the Indian Capital Markets and Finance industry, changes in the estimates of our performance or recommendations by financial analysts

and announcements by us or others regarding contracts, acquisitions, strategic partnership, joint ventures, or capital commitments.

3. *You will not be able to sell immediately on Indian Stock Exchanges any of the Equity Shares you purchase in the Issue until the Issue receives appropriate trading permissions.*

The Equity Shares will be listed on the Stock Exchange. Pursuant to Indian regulations, certain actions must be completed before the Equity Shares can be listed and trading on stock exchange. We cannot assure you that the Equity Shares will be credited to investor's demat accounts, or that trading in the Equity Shares will commence, within the time periods specified in this Draft Red Herring Prospectus. Any failure or delay in obtaining the approval would restrict your ability to dispose of the Equity Shares. In accordance with section 40 of the Companies Act, if the permission of listing the Equity Shares is denied by the stock exchanges, we are required to refund all monies collected to investors.

4. *Our operations are subject to environmental, health and safety laws and regulations.*

Our operations are subject to various Central and State environmental laws and regulations relating to the control of pollution in the various locations in India where we operate. In particular, the discharge or emission of chemicals, dust or other pollutants into the air, soil or water that exceed permitted levels and cause damage to others may give rise to liability to the Government and third parties, and may result in our incurring costs to remedy such discharge or emissions. There can be no assurance that compliance with such environmental laws and regulations will not result in a curtailment of operations, or a material increase in the costs of operations, or otherwise have a material adverse effect on the financial condition and results of our operations. Environmental laws and regulations in India have been increasing in stringency and it is possible that they will become significantly more stringent in the future. Stricter laws and regulations, or stricter interpretation of the existing laws and regulations, may impose new liabilities on us or result in the need for additional investment in pollution control equipment, either of which could adversely affect our business, financial condition or prospects. While as of the date of this Draft Red Herring Prospectus, we are not subject to any environmental legal proceedings, we may be impleaded in such legal proceedings in the course of our business. Such legal proceedings could divert management time and attention, and consume financial resources in Defence or prosecution of such legal proceedings or cause delays in the construction, development or commencement of operations of our projects. No assurance can be given that we will be successful in all, or any, of such proceedings.

5. *There is no guarantee that the Equity Shares issued pursuant to the Issue will be listed on the SME Platform of BSE Limited in a timely manner, or at all.*

In accordance with Indian law and practice, permission for listing and trading of the Equity Shares issued pursuant to the Issue will not be granted until after the Equity Shares have been issued and allotted. Approval for listing and trading will require all relevant documents authorizing the issuing of Equity Shares to be submitted. There could be a failure or delay in listing the Equity Shares on the SME Platform of BSE Limited. Any failure or delay in obtaining the approval would restrict your ability to dispose of your Equity Shares.

6. *Taxes and other levies imposed by the Government of India or other State Governments, as well as other financial policies and regulations, may have a material adverse impact on our business, financial condition and results of operations.*

Taxes and other levies imposed by the Central or State Governments in India that impact our industry include customs duties, excise duties, sales tax, income tax and other taxes, duties or surcharges introduced on a permanent or temporary basis from time to time. There can be no assurance that these tax rates/slab will continue in the future. Further, with the Introduction of the Goods and Services Act, tax rates and its implication may have material impact on our products. Any changes in these tax rates/slabs could adversely affect our financial condition and results of operations.

7. *Foreign investors are subject to foreign investment restrictions under Indian law that limits our ability to attract foreign investors, which may adversely impact the market price of the Equity Shares.*

Under the foreign exchange regulations currently in force in India, transfer of shares between non-residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or fall under any of the exceptions referred to above, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert the Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection/tax clearance certificate from the income tax authority. There can be no assurance that any approval required from the RBI or any other government agency can be obtained on any particular terms or at all.

8. *Global economic, political and social conditions may harm our ability to do business, increase our costs and negatively affect our stock price.*

Global economic and political factors that are beyond our control, influence forecasts and directly affect performance. These factors include interest rates, rates of economic growth, fiscal and monetary policies of governments, change in regulatory framework, inflation, deflation, foreign exchange fluctuations, consumer credit availability, consumer debt levels, unemployment trends, terrorist threats and activities, worldwide military and domestic disturbances and conflicts, and other matters that influence consumer confidence, spending and tourism.

9. Civil disturbances, extremities of weather, regional conflicts and other political instability may have adverse effects on our operations and financial performance.

Certain events that are beyond our control such as earthquake, fire, floods and similar natural calamities may cause interruption in the business undertaken by us. Our operations and financial results and the market price and liquidity of our equity shares may be affected by changes in Indian Government policy or taxation or social, ethnic, political, economic or other adverse developments in or affecting India.

10. Terrorist attacks, civil unrests and other acts of violence or war involving India or other countries could adversely affect the financial markets, our business, financial condition and the price of our Equity Shares.

Any major hostilities involving India or other acts of violence, including civil unrest or similar events that are beyond our control, could have a material adverse effect on India's economy and our business. Incidents such as the terrorist attacks in India, other incidents such as those in US, Indonesia, Madrid and London, and other acts of violence may adversely affect the Indian stock markets where our Equity Shares will trade. Such acts could negatively impact business sentiment as well as trade between countries, which could adversely affect our Company's business and profitability. Additionally, such events could have a material adverse effect on the market for securities of Indian companies, including the Equity Shares.

CHANGES IN AUDITORS

No changes have taken place in the Auditors during the last three years preceding the date of this Draft Red Herring Prospectus.

BOOK BUILDING PROCESS

Book Building, with reference to the Issue, refers to the process of collection of Bids on the basis of the Red Herring Prospectus within the Price Band. The Price Band shall be determined by our Company in consultation with the Book Running Lead Manager in accordance with the Book Building Process, and advertised in all editions of the English

national newspaper [●], all editions of Hindi national newspaper [●] and in regional newspaper [●] where our registered office is situated at least two working days prior to the Bid/ Issue Opening date. The Issue Price shall be determined by our Company, in consultation with the Book Running Lead Manager in accordance with the Book Building Process after the Bid/ Issue Closing Date.

Principal parties involved in the Book Building Process are: -

- Our Company;
- The Book Running Lead Manager in this case being Beeline Capital Advisors Private Limited,
- The Syndicate Member(s) who are intermediaries registered with SEBI / registered as brokers with BSE and eligible to act as Underwriters. The Syndicate Member(s) will be appointed by the Book Running Lead Manager;
- The Registrar to the Issue;
- The Escrow Collection Banks/ Bankers to the Issue and
- The Designated Intermediaries and Sponsor bank

The SEBI ICDR Regulations have permitted the Issue of securities to the public through the Book Building Process, wherein allocation to the public shall be made as per Regulation 253 of the SEBI ICDR Regulations

The Issue is being made through the Book Building Process wherein 50% of the Net Offer shall be available for allocation on a proportionate basis to QIBs, provided that our Company may in consultation with the BRLM allocate upto 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI (ICDR) Regulations (the “Anchor Investor Portion”), out of which one third shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Offer Price. 5% of the QIB Portion shall be available for allocation on a proportionate basis to Mutual Funds only, and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIB Bidders, including Mutual Funds, subject to valid Bids being received at or above the Issue Price. Further, not less than 15 % of the Net Offer shall be available for allocation on a proportionate basis to Non-Institutional Bidders and not less than 35 % of the Net Issue shall be available for allocation to Individual Bidders who applies for minimum application size, in accordance with the SEBI Regulations, subject to valid Bids being received at or above the Issue Price.

All potential Bidders may participate in the Issue through an ASBA process by providing details of their respective bank account which will be blocked by the SCSBs. Anchor Investors are not permitted to participate in the Issue through the ASBA process. Non-Institutional Investors with an application size of up to ₹ 500,000 shall use the UPI Mechanism and shall also provide their UPI ID in the Bid cum Application Form submitted with Syndicate Members, Registered Brokers, Collecting Depository Participants and Registrar and Share Transfer Agents. Anchor Investors are not permitted to participate in the Offer through the ASBA process. Pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 5, 2022, all individual bidders in initial public offerings whose application sizes are up to ₹ 500,000 shall use the UPI Mechanism.

All Bidders, except Anchor Investors, are mandatorily required to use the ASBA process for participating in the Issue. In accordance with the SEBI ICDR Regulations, QIBs bidding in the QIB Portion and Non-Institutional Bidders bidding in the Non- Institutional Portion are not allowed to withdraw or lower the size of their Bids (in terms of the quantity of the Equity Shares or the Bid Amount) at any stage. Individual Bidder who applies for minimum application size can revise their Bids during the Bid/ Issue Period and withdraw their Bids until the Bid/ Issue Closing Date. Further, Anchor Investors cannot withdraw their Bids after the Anchor Investor Bid/ Issue Period. Allocation to the Anchor Investors will be on a discretionary basis.

Subject to valid Bids being received at or above the Issue Price, allocation to all categories in the Net Issue, shall be made on a proportionate basis, except for Retail Portion where allotment to each Individual Bidder who applies for minimum application size shall not be less than the minimum bid lot, subject to availability of Equity Shares in Individual Investors Portion, and the remaining available Equity Shares, if any, shall be allotted on a proportionate basis. Under – subscription, if any, in any category, would be allowed to be met with spill – over from any other category or a combination of categories at the discretion of our Company in consultation with the Book Running Lead Manager and the Stock Exchange. However, under – subscription, if any, in the QIB Portion will not be allowed to be met with spill over from other categories or a combination of categories.

In terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors (except Anchor Investors) applying in a public Offer shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Individual Investor who applies for minimum application size applying in public issue may use either Application Supported by Blocked Amount (ASBA) facility for making application or also can use UPI as a payment mechanism with Application Supported by Blocked

Amount for making application. For details in this regards, specific attention are invited to the chapter titled “Issue Procedure” beginning on page 246 of the Draft Red Herring Prospectus.

The process of Book Building under the SEBI ICDR Regulations is subject to change from time to time and the investors are advised to make their own judgment about investment through this process prior to making a Bid or application in the Offer.

For further details on the method and procedure for Bidding, please see section entitled “Issue Procedure” on page 246 of this Draft Red Herring Prospectus.

Illustration of the Book Building and Price Discovery Process: Bidders should note that this example is solely for illustrative purposes and is not specific to the Issue; it also excludes Bidding by Anchor Investors. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹20 to ₹ 24 per share, Issue size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Issue the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Company in consultation with the BRLM, may finalise the Offer Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Issue Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

Steps to be taken by the Bidders for Bidding:

- Check eligibility for making a Bid (see section titled “Issue Procedure” on page 246 of this Draft Red Herring Prospectus);
- Ensure that you have a demat account and the demat account details are correctly mentioned in the Bid cum Application Form;
- Ensure correctness of your PAN, DP ID and Client ID mentioned in the Bid cum Application Form. Based on these parameters, the Registrar to the Issue will obtain the Demographic Details of the Bidders from the Depositories.
- Except for Bids on behalf of the Central or State Government officials, residents of Sikkim and the officials appointed by the courts, who may be exempt from specifying their PAN for transacting in the securities market, for Bids of all values ensure that you have mentioned your PAN allotted under the Income Tax Act in the Bid cum Application Form. The exemption for Central or State Governments and officials appointed by the courts and for investors residing in Sikkim is subject to the Depository Participant’s verification of the veracity of such claims of the investors by collecting sufficient documentary evidence in support of their claims.
- Ensure that the Bid cum Application Form is duly completed as per instructions given in this Draft Red Herring Prospectus and in the Bid cum Application Form;

Bid/Issue Program:

Event	Indicative Dates
Bid/Issue Opening Date	[●]*
Bid/Issue Closing Date	[●]
Finalization of Basis of Allotment with the Designated Stock Exchange	On or before [●]
Initiation of Allotment / Refunds / Unblocking of Funds from ASBA Account or UPI ID linked bank account	On or before [●]
Credit of Equity Shares to Demat accounts of Allottees	On or before [●]
Commencement of trading of the Equity Shares on the Stock Exchange	On or before [●]

*Our Company in consultation with the Book Running Lead Manager may consider participation by Anchor Investors in accordance with the SEBI ICDR Regulations. The Anchor Investor Bid/Issue Period shall be one Working Day prior to the Bid/Issue Opening Date in accordance with the SEBI ICDR Regulations.

The above timetable is indicative and does not constitute any obligation on our Company or the Book Running Lead Manager. Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within 3 (Three) Working Days of the Bid/Issue Closing Date, the timetable may change due to various factors, such as extension of the Bid/ Issue Period by our Company, revision of the Price Band or any delays in receiving the final listing and trading approval from the Stock Exchange. The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws.

Bid Cum Application Forms and any revisions to the same will be accepted only between 10.00 a.m. to 5.00 p.m. (IST) during the Issue Period (except for the Bid/Issue Closing Date). On the Bid/ Issue Closing Date, the Bid Cum Application Forms will be accepted only between 10.00 a.m. to 3.00 p.m. (IST) for retail and non-retail Bidders. The time for applying for Individual Applicant who applies for minimum application size on Bid/ Issue Closing Date maybe extended in consultation with the BRLM, RTA and BSE SME taking into account the total number of applications received up to the closure of timings.

Due to the limitation of time available for uploading the Bid Cum Application Forms on the Bid/ Issue Closing Date, Bidders are advised to submit their applications one (1) day prior to the Bid/ Issue Closing Date and, in any case, not later than 3.00 p.m. (IST) on the Bid/ Issue Closing Date. Any time mentioned in this Draft Red Herring Prospectus is IST. Bidders are cautioned that, in the event a large number of Bid Cum Application Forms are received on the Bid/Issue Closing Date, as is typically experienced in public Issue, some Bid Cum Application Forms may not get uploaded due to the lack of sufficient time. Such Bid Cum Application Forms that cannot be uploaded will not be considered for allocation under this Issue. Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holidays). Neither our Company nor the BRLM is liable for any failure in uploading the Bid Cum Application Forms due to faults in any software/hardware system or otherwise.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid Cum Application Form, for a particular Applicant, the details as per the file received from Stock Exchange may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Bid Cum Application Form, for a particular ASBA Applicant, the Registrar to the Issue shall ask the relevant SCSBs / RTAs / DPs / stock brokers, as the case may be, for the rectified data.

WITHDRAWAL OF THE ISSUE

Our Company in consultation with the BRLM, reserve the right not to proceed with the Issue at any time before the Bid/Issue Opening Date without assigning any reason thereof.

If our Company withdraw the Issue any time after the Issue Opening Date but before the allotment of Equity Shares, a public notice within 2 (two) working days of the Issue Closing Date, providing reasons for not proceeding with the Issue shall be issued by our Company. The notice of withdrawal will be issued in the same newspapers where the pre-Issue advertisements have appeared and the Stock Exchange will also be informed promptly. The BRLM, through the Registrar to the Issue, will instruct the SCSBs to unblock the ASBA Accounts within 1 (one) working Day from the day of receipt of such instruction.

If our Company withdraw the Issue after the Bid/Issue Closing Date and subsequently decides to proceed with an Issue of the Equity Shares, our Company will have to file a fresh Prospectus with the stock exchange where the Equity Shares may be proposed to be listed.

Notwithstanding the foregoing, the Issue is subject to obtaining (i) the final listing and trading approvals of the Stock Exchange with respect to the Equity Shares Issued through the Prospectus, which our Company will apply for only after Allotment; and (ii) the final RoC approval of the Prospectus.

DETAILS OF THE MARKET MAKING ARRANGEMENT FOR THIS ISSUE

Our Company and the Book Running Lead Manager have entered into an agreement dated March 05, 2025 with the following Market Maker to fulfil the obligations of Market Making:

Name	Spread X Securities Private Limited
Correspondence Address:	Shilp Corporate Park, B Block, 13 th Floor, B-1309, Near Rajpath Club, Rajpath Rangoli Road, S.G. Highway, Ahmadabad City Gujarat 380054 India
Tel No.:	+91 79 6907 2018
E-mail:	info@spreadx.in
Website:	www.spreadx.in
Contact Person:	Mrs. Khushbu Shah
SEBI Registration No.:	INZ000310930

The Market Maker shall the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations, 2018 and the circulars issued by the BSE and SEBI in this regard from time to time.

Following is a summary of the key details pertaining to the proposed Market Making arrangement:

1. The Market Maker(s) (individually or jointly) shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the stock exchange. Further, the Market Maker(s) shall inform the exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker(s).
2. The prices quoted by Market Maker shall be in compliance with the Market Maker Spread Requirements and other particulars as specified or as per the requirements of SME Platform of BSE Limited (BSE SME) and SEBI from time to time
3. The minimum depth of the quote shall be ₹ 1,00,000. However, the investors with holdings of value less than ₹ 1,00,000 shall be allowed to offer their holding to the Market Maker(s) (individually or jointly) in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
4. The Market Maker shall not sell in lots less than the minimum contract size allowed for trading on the SME Platform (in this case currently the minimum trading lot size is [●] equity shares; however, the same may be changed by the SME Platform of BSE from time to time).
5. After a period of three (3) months from the market making period, the Market Maker would be exempted to provide quote if the Shares of Market Maker in our company reaches to 25% of Issue Size (Including the [●] Equity Shares

ought to be allotted under this Issue). Any Equity Shares allotted to Market Maker under this Issue over and above [●] Equity Shares would not be taken in to consideration of computing the threshold of 25% of Issue Size. As soon as the Shares of Market Maker in our Company reduces to 24% of Issue Size, the Market Maker will resume providing 2-way quotes.

6. The Inventory Management and Buying/Selling Quotations and its mechanism shall be as per the relevant circulars issued by SEBI and SME Platform of BSE Limited (BSE SME) i.e. BSE Limited (“BSE”) from time to time.
7. There shall be no exemption/threshold on downside. However, in the event the Market Maker exhausts his inventory through market making process, BSE may intimate the same to SEBI after due verification.
8. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.
9. There would not be more than five Market Makers for a script at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.
10. On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction.
11. The Marker maker may also be present in the opening call auction, but there is no obligation on him to do so.
12. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.
13. The Market Maker(s) shall have the right to terminate said arrangement by giving a one months’ notice or on mutually acceptable terms to the Book Running Lead Manager, who shall then be responsible to appoint a replacement Market Maker(s) and execute a fresh arrangement.

In case of termination of the above mentioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Book Running Lead Manager to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of the SEBI (ICDR) Regulations, 2018, as amended. Further our Company and the Book Running Lead Manager reserve the right to appoint other Market Makers either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed five or as specified by the relevant laws and regulations applicable at that particulars point of time. The Market Making Agreement is available for inspection at our office from 11.00 a.m. to 5.00 p.m. on working days.

14. Risk containment measures and monitoring for Market Makers: BSE SME Exchange will have all margins, which are applicable on the BSE main board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. BSE can impose any other margins as deemed necessary from time-to-time.
15. The price band shall be 20% and the market maker spread (difference between the sell and the buy quote) shall be within 10% or as intimated by exchange from time to time.
16. Price Band and Spreads: SEBI Circular bearing reference no: CIR/MRD/DP/ 02/2012 dated January 20, 2012, has laid down that for Issue size up to ₹ 250 crores, the applicable price bands for the first day shall be:

17. Financing purchase of Equity Shares:

None of our Promoters, Promoter Group, our directors and their relatives has entered into any financing arrangement or financed the purchase of the Equity Shares of our Company by any other person during the period of six months immediately preceding the date of filing of this Draft Red Herring Prospectus.

18. Details of Promoter's Contribution locked in for three years:

Our Promoter has given its consent to include such number of Equity Shares held by it as may constitute 20% of the fully diluted post-issue equity share capital of our Company as Promoter's Contribution ("Minimum Promoters' contribution") in terms of Sub-Regulation (1) of Regulation 236 of the SEBI (ICDR) Regulations, 2018 and have agreed not to sell or transfer or pledge or otherwise dispose of in any manner, the Minimum Promoters' Contribution, and to be marked Minimum Promoters' Contribution as locked-in. – Noted for Compliance.

In terms of clause (a) of Regulation 238 of the SEBI (ICDR) Regulations, 2018, Minimum Promoters' Contribution as mentioned above shall be locked-in for a period of three years from the date of commencement of commercial production or date of allotment in the Initial Public Offer, whichever is later.

Explanation: The expression "date of commencement of commercial production" means the last date of the month in which commercial production of the project in respect of which the funds raised are proposed to be utilized as stated in the offer document, is expected to commence.

In our case, the company is going to utilize proceeds of issue towards existing projects of the company. Therefore, Minimum Promoter's Contribution shall be locked in for a period of 3 years from date of allotment in Initial Public Offer.

We further confirm that Minimum Promoter Contribution of 20% of the post Issue Paid-up Equity Shares Capital does not include any contribution from Alternative Investment Fund.

The Minimum Promoter Contribution has been brought into to the extent of not less than the 20.00% of the Post Issue Capital and has been contributed by the persons defined as Promoter under the SEBI (ICDR) Regulations, 2018.

The lock-in of the Minimum Promoter Contribution will be created as per applicable regulations and procedure and details of the same shall also be provided to the Stock Exchange before listing of the Equity Shares.

The details of Minimum Promoter Contribution are as follows:

We further confirm that no part proceed of the Issue shall be utilized for repayment of any Part of unsecured loan outstanding as on date of Draft Red Herring Prospectus. As operate in competitive environment, our Company may have to revise its business plan from time to time and consequently our fund requirements may also change. Our Company's historical expenditure may not be reflective of our future expenditure plans. Our Company may have to revise its estimated costs, fund allocation and fund requirements owing to various factors such as economic and business conditions, increased competition and other external factors which may not be within the control of our management. This may entail rescheduling or revising the planned expenditure and funding requirements, including the expenditure for a particular purpose at the discretion of the Company's management.

For further details on the risks involved in our business plans and executing our business strategies, please see the Section titled "Risk Factors" beginning on page no. 26 of this Draft Red Herring Prospectus.

DETAILS OF USE OF ISSUE PROCEEDS

1. TO MEET WORKING CAPITAL REQUIREMENTS:

We are a manufacturer specializing in trenchless technology and foundation equipment for the construction industry. Our product line-up includes Horizontal Directional Drilling (HDD) rigs, Diaphragm Drilling Rigs, Rotary Drilling Rigs and Spare parts. The Horizontal Directional Drilling rigs equipment is primarily utilized for the installation of essential utilities such as gas, water, sewer lines, optical fibre cables, and electrical conduits. Meanwhile, the Diaphragm Drilling Rig is designed for constructing foundations for deep basements, retaining walls in rail and metro stations, as well as developments along riverfronts. The Rotary Drilling Rig is employed for creating foundation piles necessary for high-rise buildings and bridges. We also provide warranties, on-site support and technical training to ensure our customers are well-equipped to utilize our machinery effectively.

Net Working Capital requirement of our company for the period ended 30th September, 2024 on restated standalone basis was ₹ 4,188.30 Lakhs and as on March 31, 2024 on restated standalone basis was ₹ 4,186.86 Lakhs as against that of ₹ 3,644.09 Lakhs and ₹ 3,206.93 Lakhs as on March 31, 2023 and March 31, 2022 respectively.

The Net Working capital requirements on restated standalone basis as on March 31, 2025 is estimated to be ₹ 4,948.58 Lakhs, ₹ 8,426.36 Lakhs, as on March 31, 2026 and ₹ 12,018.88 Lakhs as on March 31, 2027. The Company will meet the requirement to the extent of ₹ 3,850.00 Lakhs from the Net Proceeds of the Issue and balance from borrowings and internal accruals at an appropriate time as per the requirement.

Rationale for raising additional working capital

Our business is working capital intensive and we fund our working capital requirements in the ordinary course of business from our internal accruals and financing facilities from various banks, financial institutions and unsecured borrowings. Our Company requires additional working capital for funding future growth requirements of our Company and for other corporate purposes.

Our business requires working capital majorly for investment in Inventories, trade receivables, advances to suppliers, payment to trade payables and funding day to day operations. To expand our business, it is necessary to maintain adequate inventory levels to ensure timely fulfilment of customer orders and avoid production delays. Additionally, our manufacturing process depends on a steady supply of raw materials, components, and spare parts, making advance payments to suppliers helps secure raw materials at competitive rates.

Furthermore, as part of our business strategy we intend to cater to the rising demand of our existing customers and to increase our existing customer base by enhancing the reach of our products in different parts of the country. To achieve this, our company plans to offer more favourable credit terms and extend the credit period for our customers. Additionally, in response to competitive pressures, the company has also extended longer credit periods to attract export customers in the export market. This has resulted in higher trade receivables, as export customers now have an extended timeframe to settle their payments, aligning with industry practices in the export sector.

Our Company's existing working capital requirement and funding on the basis of Restated Standalone Financial Statements for Financial year 2021-22, 2022-23, 2023-24 and for the six months period ended September 30, 2024 are as stated below:

Justification for “Holding Period” levels

The incremental working capital requirement of our company is primarily driven by increase in the trade receivables and Inventories guided by the increase in the revenue from operations. Further, with the fund infusion from the net issue proceeds, we will also be in position to provide timely payment to our suppliers resulting into reduction in trade payables.

The justifications for the holding levels mentioned in the table above are provided below:

Particulars	Details
Trade Receivables	<p>Trade receivables are amount owed to our Company by customers. Our Company has trade receivable days in the range of 79-89 days in the financial year 2021-22, 2022-23 and 2023-24. For the Six months ended September 30, 2024, holding period for trade receivables was 82 days.</p> <p>Our company estimates Trade Receivables Holding period, gradually increasing with increase in Revenue from Operation, of 78 days in FY 2024-25, 84 days in FY 2025-26 and 89 days in FY 2026-27. Increase in Trade Receivable days is in line with the past trend of our company and is mainly due to increase in estimated volume of sales and increase in amount receivable from customers as a result of our plan to provide favourable credit terms to our customers allowing them more time to settle their invoices. By offering this flexibility, we expect to stimulate increased sales volume and foster stronger customer relationships to expand our market share.</p>
Inventories	<p>Inventories are amount to Includes Raw materials, finished goods, Work in progress and Scrap.</p> <p>Our Company had Inventories days in the range of 184-231 days in the financial year 2021-22, 2022-23 and 2023-24. For the Six months ended September 30, 2024, holding period for inventories was 162 days.</p> <p>Our Company estimates Inventories Holding period of 191 days in financial year 2024-25, 232 days in financial year 2025-26 and 236 days in financial year 2026-27. The increase in inventory can be attributed to the higher maintained inventory to support availability of our product and to cater the demand of the of the market.</p> <p>This strategic procurement ensures that the company is well prepared to meet the growing demand from the export market and fulfil customer orders in a timely manner. This inventory will be used to showcase products to potential customers, allowing them to experience the quality and features first hand. This strategy aims to enhance client engagement and support sales efforts by providing tangible examples of the company’s offerings.</p>
Trade Payables	<p>Trade payables are amount to be paid to suppliers by company following purchase of materials and expenses.</p> <p>Our Company had trade payable days in the range of 56-78 days in the financial year 2021-22, 2022-23 and 2023-24. For the Six months ended September 30, 2024, holding period for trade payable was 57 days</p> <p>Our Company estimates Trade Payable Holding period of 59 days in financial year 2024-25, 56 days in financial year 2025-26 and 53 days in financial year 2026-27. Our company has intended to reduce number of days for trade payable to maintain relations with our suppliers. By reducing the time, it takes to settle our payables we aim to negotiate more favourable terms and conditions with our suppliers, enabling us to access competitive pricing for the services we receive.</p>

Subject to applicable laws, in the event of any increase in the actual requirement of funds earmarked for the purposes set forth below, such additional fund requirement will be met by way of any means available to us, including from internal accruals and seeking additional debt from existing and/or future lenders. However, the use of issue proceeds for General Corporate Purposes shall not exceed 15% of the issue size or 1000 lakhs whichever is less at any point of time.

APPRAISAL REPORT

None of the objects for which the Issue Proceeds will be utilized have been appraised by any financial institutions or any banks or other independent agency.

BRIDGE FINANCING

We have not entered into any bridge finance arrangements that will be repaid from the Net Issue Proceeds. However, we may draw down such amounts, as may be required, from an overdraft arrangement / cash credit facility with our lenders, to finance the existing ongoing project facility requirements until the completion of the Issue. Any amount that is drawn down from the overdraft arrangement / cash credit facility during this period to finance our existing/ongoing projects will be repaid from the Net Issue Proceeds.

INTERIM USE OF FUNDS

Pending utilization of the Issue Proceeds for the Objects of the Issue described above, our Company shall deposit the funds only in Scheduled Commercial Banks included in the Second Schedule of Reserve Bank of India Act, 1934.

In accordance with Section 27 of the Companies Act, 2013, our Company confirms that, pending utilization of the proceeds of the Issue as described above, it shall not use the funds from the Issue Proceeds for any investment in equity and/or real estate products and/or equity linked and/or real estate linked products.

MONITORING UTILIZATION OF FUNDS

There is no requirement for the appointment of a monitoring agency, as the Issue size is less than ₹ 5000 Lakhs. Our Board will monitor the utilization of the proceeds of the Issue and will disclose the utilization of the Net Issue Proceeds under a separate head in our balance sheet along with the relevant details, for all such amounts that have not been utilized. Our Company will indicate investments, if any, of unutilized Net Issue Proceeds in the balance sheet of our Company for the relevant Fiscal subsequent to receipt of listing and trading approvals from the Stock Exchanges.

Pursuant to Regulation 32 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, our Company shall on half-yearly basis disclose to the Audit Committee the Application of the proceeds of the Issue. On an annual basis, our Company shall prepare a statement of funds utilized for purposes other than stated in this Draft Red Herring Prospectus and place it before the Audit Committee. Such disclosures shall be made only until such time that all the proceeds of the Issue have been utilized in full.

VARIATION IN OBJECTS

In accordance with Section 13(8) and Section 27 of the Companies Act, 2013 and applicable rules, our Company shall not vary the objects of the Issue without our Company being authorized to do so by the Shareholders by way of a special resolution through postal ballot. In addition, the notice issued to the Shareholders in relation to the passing of such special resolution (the "Postal Ballot Notice") shall specify the prescribed details as required under the Companies Act and applicable rules. The Postal Ballot Notice shall simultaneously be published in the newspapers, one in English and one in the vernacular language of the jurisdiction where the Registered Office is situated. Our Promoters or controlling Shareholders will be required to provide an exit opportunity to such Shareholders who do not agree to the proposal to vary the objects, at such price, and in such manner, as may be prescribed by SEBI, in this regard.

Further, any benefits available under any other laws within or outside India, except for those specifically mentioned in the statement, have not been examined and covered by this statement.
3. The benefits discussed in the enclosed Annexures are not exhaustive and the preparation of the contents stated is the responsibility of the Company's management. We are informed that these Annexures are only intended to provide information to the investors and are neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the proposed initial public offering.
4. In respect of non-residents, the tax rates and the consequent taxation shall be further subject to any benefits available under the applicable Double Taxation Avoidance Agreement, if any, between India and the country in which the non-resident has fiscal domicile.
5. We do not express any opinion or provide any assurance as to whether
 - i) the Company or its shareholders or its Material Subsidiary will continue to obtain these benefits in future;
 - ii) the conditions prescribed for availing the benefits have been I would be met with; and
 - iii) the revenue authorities’ courts will concur with the views expressed herein.
6. The Content of the enclosed Annexures are based on information, explanations and representations obtained from the company and on the basis of their understanding of the business activities and operations of the company.

7. No assurance is given that the revenue authorities/ Courts will concur with the view expressed herein. Our views are based on existing provisions of law and its implementation, which are subject to change from time to time. We do not assume any responsibility to updates the views consequent to such changes.
8. We shall not be liable to any claims, liabilities or expenses relating to this assignment except to the extent of fees relating to this assignment, as finally judicially determined to have resulted primarily from bad faith or intentional misconduct. We will not be liable to any other person in respect of this statement.
9. This certificate is provided solely for the purpose of assisting the addressee Company in discharging its responsibility under the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 for inclusion in the Draft Prospectus/ Prospectus in connection with the proposed issue of equity shares and is not be used, referred to or distributed for any other purpose without our written consent.

ANNEXURE I TO THE STATEMENT OF TAX BENEFITS

The information provided below sets out the possible special tax benefits available to the Company, the Shareholders and its Subsidiary Company under the Taxation Laws presently in force in India. It is not exhaustive or comprehensive and is not intended to be a substitute for professional advice. Investors are advised to consult their own tax consultant with respect to the tax implications of an investment in the Equity Shares particularly in view of the certain recently enacted legislation may not have a direct legal precedent or may have a different interpretation on the benefits, which an investor can avail.

YOU SHOULD CONSULT YOUR OWN TAX ADVISORS CONCERNING THE INDIAN TAX IMPLICATIONS AND CONSEQUENCES OF PURCHASING, OWNING AND DISPOSING OF EQUITY SHARES IN YOUR PARTICULAR SITUATION

A. SPECIAL TAX BENEFITS TO THE COMPANY

The Company is not entitled to any special tax benefits under the Taxation Laws.

B. SPECIAL TAX BENEFITS TO THE SHAREHOLDER

The Shareholders of the Company are not entitled to any special tax benefits under the Taxation Laws.

C. SPECIAL TAX BENEFITS TO THE SUBSIDIARY COMPANY

Our Material Subsidiary Company is not entitled to any special tax benefits under the Taxation Laws.

Note:

1. All the above benefits are as per the current tax laws and will be available only to the sole / first name holder where the shares are held by joint holders.

We hereby give our consent to include our above referred opinion regarding the special tax benefits available to the Company, to its shareholders and its Subsidiary Company in the Draft Red Herring Prospectus/ Red Herring Prospectus/ Prospectus.

SECTION VIII – ABOUT THE COMPANY

INDUSTRY OVERVIEW

Unless otherwise indicated, industry and market data used in this section has been derived from the industry report titled “Construction Drilling Equipment’s Industry in India” dated March 2025 (the “D&B Report”) prepared and issued by Dun & Bradstreet. The D&B Report was made available on the website of our Company at www.apollotechno.com/investor from the date of the Red Herring Prospectus until the Bid/Issue Closing Date. We officially engaged Dun & Bradstreet in connection with the preparation of the D&B Report on November 25, 2024, and exclusively paid and commissioned the D&B Report for the purpose of confirming our understanding of the industry we operate in, in connection with the Issue. Dun & Bradstreet is an independent agency which has no relationship with our Company, our Promoters, any of our Directors, Key Managerial Personnel, Senior Management or the Book Running Lead Manager. GLOBAL ECONOMIC OVERVIEW

The global economy started to rise from its lowest levels after countries started to lift the lockdown in 2020 and 2021. The lockdown was a key factor as it affected economic activities resulting in a recession in the year CY 2020, as the GDP growth touched -3.3%.

In CY 2021 disruption in the supply chain affected most of the advanced economies as well as low-income developing economies. The rapid spread of Delta and the threat of new variants in mid of CY 2021 further increased uncertainty in the global economic environment.

Global economic activities experienced a sharper-than-expected slowdown in CY 2022. One of the highest inflations in decades, seen in 2022, which forced most of the central banks to tighten their fiscal policies. Russia’s invasion of Ukraine affected the global food supply resulting in a further increment in the cost of living.

Further, despite initial resilience earlier in 2023, marked by a rebound in reopening and progress in curbing inflation from the previous year's highs, the situation remained precarious. Economic activity lagged its pre-pandemic trajectory, particularly in emerging markets and developing economies, leading to widening disparities among regions. Numerous factors are impeding the recovery, including the lasting impacts of the pandemic and geopolitical tensions, as well as cyclically driven factors such as tightening monetary policies to combat inflation, the reduction of fiscal support amidst high debt levels, and the occurrence of extreme weather conditions. As a result, global growth declined from 3.3% in CY 2023 to 3.2% in CY 2024.

Note: Advanced Economies and Emerging & Developing Economies are as per the classification of the World Economic Outlook (WEO). This classification is not based on strict criteria, economic or otherwise, and it has evolved over time. It comprises of 40 countries under the Advanced Economies including the G7 (the United States, Japan, Germany, France, Italy, the United Kingdom, and Canada) and selected countries from the Euro Zone (Germany, Italy, France etc.). The group of emerging market and developing economies (156) includes all those that are not classified as Advanced Economies (India, China, Brazil, Malaysia etc.)

In the current scenario, global GDP growth is estimated to have recorded a moderate decline of 3.2% in CY 2024 as compared to 3.3% in CY 2023. While high inflation and rising borrowing costs are affecting private consumption, on the other hand, fiscal consolidation is affecting government consumption. Slow growth in developed economies will affect the GDP growth in CY 2024 and global GDP is expected to record a flat growth of 3.2% in CY 2024.

GDP Growth Across Major Regions

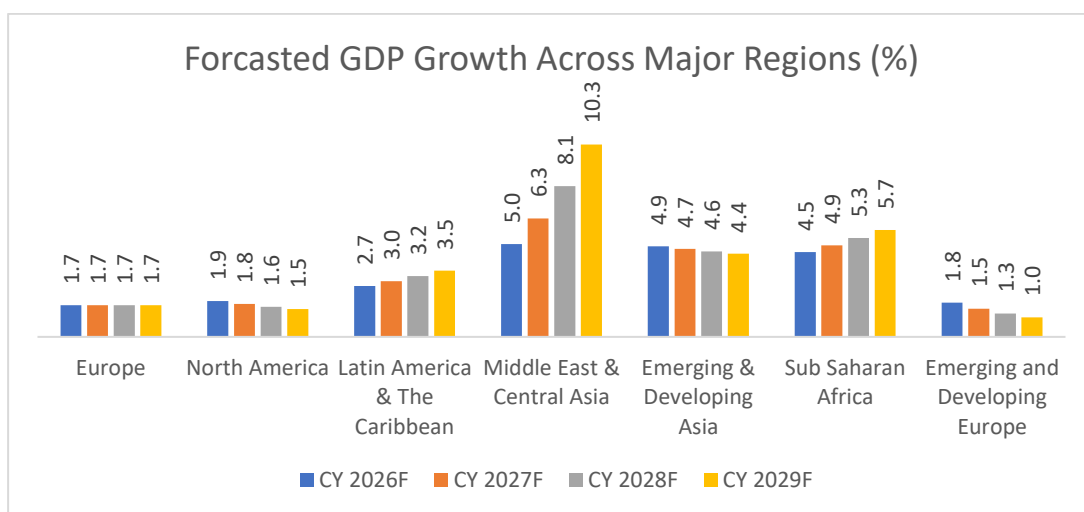

GDP growth of major regions including Europe, Latin America & The Caribbean, Middle East & Central Asia, and Sub-Saharan Africa, were showing signs of slow growth and recession between 2020 – 2023, but leaving Latin America & The Caribbean, 2024 is expected to show resilience and growth. Meanwhile, GDP growth in Emerging and Developing Asia (India, China, Indonesia, Malaysia, etc.) is expected to decrease from 5.3% in CY 2024 to 5.0% in CY 2025, while in the North America, it is expected to decrease from 2.5% in CY 2024 to 2.1% in CY 2025.

Source-IMF World Economic Outlook October 2024 update.

Except for Emerging and Developing Asia, Latin America & The Caribbean and North America, all other regions are expected to record an increase in GDP growth rate in CY 2024 as compared to CY 2023. GDP growth in Latin America & The Caribbean is expected to decline due to negative growth in Argentina. Further, growth in the United States is expected to come down at 2.1% in CY 2024 due to lagged effects of monetary policy tightening, gradual fiscal tightening, and a softening in labour markets slowing aggregate demand.

Although Europe experienced a less robust performance in 2023, the recovery in 2024 is expected to be driven by increased household consumption as the impact of energy price shocks diminishes and inflation decreases, thereby bolstering real income growth. Meanwhile, India and China saw greater-than-anticipated growth in 2023 due to heightened government spending and robust domestic demand, respectively. Sub-Saharan Africa's expected growth in 2024 is attributed to the diminishing negative impacts of previous weather shocks and gradual improvements in supply issues.

After winning the U.S. Presidential election in November, President-elect Donald Trump has announced the possibility of imposing a 25% import tariff on goods from Canada and Mexico, as well as an additional import tariffs on goods from the Chinese Mainland. The economic impact will depend on the nature of the tariffs, the extent to which they are applied, their duration, and whether they are reciprocated with retaliatory actions. Similarly, the scale of deportations alongside enhanced border restrictions – another potential policy priority – may see U.S. net migration fall and lead to lower overseas labor supply. President-elect Trump has also spoken of extending tax cuts and general deregulation. We will understand more when the new administration takes office on January 20, 2025, but in the meantime, the uncertainty is likely to affect business decisions. The market expects the impact of the incoming administration’s new policies to be inflationary and has pared back expectations about the pace of Federal Funds rate cuts next year, with 75% of investors expecting U.S. interest rates to end 2025 in the range of 3.50% to 4.25%.

Given expectations of a generally higher inflationary environment in the U.S. in 2025, those emerging economies closely connected to movements in the Fed Funds rate, such as Mexico (the Bank of Mexico closely follows the U.S. Federal Reserve), Hong Kong S.A.R. (which operates a U.S. dollar peg for its currency), and those countries in parts of Latin America and Eastern Europe which are likely to find accessing international capital markets more difficult, are also likely to experience stress.

Europe-U.S. trade relations may also come under pressure, given the region’s trade surplus with the U.S., at a time when the Eurozone’s growth trajectory is already potentially weakening. Europe would likely be subject to blanket tariffs ranging from 10% to 20% on all imports. The U.S. is the EU’s top export partner, accounting for around 20% of the EU’s total exports outside of the union, and so further reciprocal tariffs on U.S. exports may be limited.

Aside from potential inflationary effects from upcoming U.S. policies, global underlying inflation continues to normalize, supporting monetary policy loosening. Progress towards central bank targets may, however, be slowing and in some regions, such as the Eurozone and the U.S., may be ticking up in recent readings, but the broad trend is of softer price pressures. We may find that the European Central Bank and the Bank of England make more progress than the Federal Reserve in cutting interest rates. The Chinese Mainland, meanwhile, continues to battle deflation.

Falling interest rates in major economies will ease pressure on emerging economies: local currencies should appreciate against the U.S. dollar, which would lessen imported inflation and allow central banks in emerging economies to focus on underlying domestic price pressures. Growth in India and in parts of Latin America, Eastern Europe, and the Middle East will likely offset the underlying slowdown in the Chinese Mainland. Brazil’s central bank has been raising interest rates in recent months to combat rising inflation, indicating that central banks may be willing to reverse course if required. One of the key short-term risks is the path of global disinflation – and the corresponding pace of monetary policy easing. With inflation edging up in some economies and expectations that it may re-accelerate in 2025, central banks are likely to continue to act cautiously.

Geopolitical risks in the Middle East continue to be a systemic regional risk, though the recent ceasefire between Israel and Hezbollah offers optimism, despite being endangered by transgressions. Political/insecurity risk has been, and continues to be, a key risk category this year. Latest incidents include the imposition and then almost immediate repeal of martial law in South Korea; the collapse of the French government following a vote of no confidence; and Germany’s governing coalition finally breaking apart after months of disagreements. Germany is at a critical juncture, confronting a confluence of escalating geopolitical, economic, and domestic challenges that threaten its stability and leadership of Europe. The risk is acute – Germany faces losing its position as Europe’s economic powerhouse, threatening dependent neighbors, and potentially undermining its wider geopolitical influence.

INDIA MACROECONOMIC ANALYSIS

India’s economy showed resilience with GDP growing at 8.2% in CY 2023. The GDP growth in CY 2023 represents a return to pre pandemic era growth path. Even amidst geopolitical uncertainties, particularly those affecting global energy and commodity markets, India continues to remain one of the fastest growing economies in the world.

Country	Real GDP Growth (CY 2023)	Projected GDP Growth (CY 2024)	Projected GDP Growth (CY 2025)
India	8.20%	7.00%	6.50%
China	5.20%	4.80%	4.50%
Russia	3.60%	3.20%	1.50%

Countries considered include - Largest Developed Economies and BRICS (Brazil, Russia, India, China, and South)

Countries have been arranged in descending order of GDP growth in 2023).

There are few factors aiding India's economic recovery – notably its resilience to external shocks and rebound in private consumption. This rebound in private consumption is bringing back the focus on improvements in domestic demand, which together with revival in export demand is a precursor to higher industrial activity. Already the capacity utilization rates in Indian manufacturing sector are recovering as industries have stepped up their production volumes. As this momentum sustains, the country may enter a new capex (capital expenditure) cycle. The universal vaccination program by the Government has played a big part in reinstating confidence among the population, in turn helped to revive private consumption.

On the lending side, the financial health of major banks has witnessed an improvement which has helped in improving the credit supply. With capacity utilization improving, there would be demand for credit from the corporate sector to fund the next round of expansion plans. The banking industry is well poised to address that demand. Underlining the improving credit scenario is the credit growth to the micro, small, and medium enterprise (MSME) sector as the credit outstanding to the MSME sector by scheduled commercial banks in the fiscal year 2024 grew by 14% to INR 10.31 trillion compared to INR 9.02 trillion as on 24 March 2023. The extended Emergency Credit Linked Guarantee Scheme (ECLGS) by the Union Government has played a major role in improving this credit supply.

As per the provisional estimates 2023-24, India's GDP in FY 2024 grew by 8.2% compared to 7.0% in the previous fiscal on the back of solid performances in manufacturing, mining, and construction sectors. The year-on-year increase in growth rate is also partly due to by a strong growth in investment demand led by public capital expenditure.

Sectoral Contribution to GVA and Annual Growth Trend

Source:

Ministry of Statistics & Programme Implementation (MOSPI)

Sectoral analysis of GVA reveals industrial sector recovered sharply registering 9.5% y-o-y increase in FY 2024 against 2.1% in the previous fiscal. In the industrial sector, growth across major economic activity such as mining, manufacturing and construction sector rose significantly and it registered a growth of 7.1%, 9.9% and 9.9% in FY 2024 against a y-o-y change of 1.9%, -2.20%, and 9.44% in FY 2023, respectively. Utilities sector observed a marginal moderation in y-o-y growth to 7.5% against 9.44% in the previous years.

Talking about the services sector's performance, with major relaxation in covid restriction, progress on COVID-19 vaccination and living with virus attitude, business in the service sector gradually returned to normalcy in FY 2023. Economic recovery was supported by the service sector as individual mobility returned to the pre-pandemic level. The trade, hotel, transport, communication, and broadcasting segment continued to strengthen in FY 2023 and grow in FY 2024, although the growth hasn't shown substantial increases. In FY 2024, services sector grew by 7.6% against 10% y-o-y growth in the previous year.

Expansion in Service Sector

Services sector is a major contributor to the country's overall economic growth. In absolute terms, services sector GVA has increased from INR 68.78 trillion in FY 2019 to INR 86.6 trillion in FY 2024 (as per the provisional estimated), registering a CAGR of nearly 5%. Within Services sector, the GVA by financial, real estate and professional services-the largest contributing segment observed 6.3% CAGR while Public Administration, defence and other services¹ observed 4.5% CAGR and Trade, hotels, transport, communication, and services related to broadcasting witnessed 3.1% CAGR between FY 2019-24.

¹ Other services include Education, Health, Recreation, and other personal services.

² Projection as Based on CMIE Growth rate till FY 2029 and FY 2030 is based on Dun & Bradstreet assumption.

India's HSBC Services Purchasing Managers' Index, an important indicator to track service sector performance, measured 60.3 in July 2024 against 60.5 in the previous month. Since August 2021, the services sector has consistently remained above the threshold of 50, which distinguishes growth from contraction.

IIP Growth

Industrial sector performance as measured by IIP index; in FY 2024 it is growing at 5.9% (against 5.2% in FY 2023). Previously IIP index exhibited temporary recovery in FY 2022 from the low of Covid induced slowdown in industrial growth during FY 2020 and FY 2021. Manufacturing index, with 77.6% weightage in overall index, grew by 5.5% in FY 2024 against 4.7% y-o-y growth in FY 2023 while mining sector index too grew by 7.5% in FY 2024 against 5.8% in the previous years. Mining & manufacturing both shown improvement according to previous except the Electricity sector Index, witnessed an improvement of 7.1% in FY 2024 against 8.9% in the previous year.

Source: Ministry of Statistics & Programme Implementation (MOSPI)

As per the use-based classification, most segments have shown growth for FY 2024 compared to FY 2023. Capital good and primary goods were segments which faced less growth as compared to previous year. The contracting IIP data points

towards adverse operating business climate as global headwinds, high inflation, and monetary tightening cumulatively impacted the broader industrial sector performance. In contrast all the segments except the above two have shown growth.

Inflation Scenario

The inflation rate based on India's Wholesale Price Index (WPI) exhibited significant fluctuations across different sectors from August 2023 to November 2024. However, a recovery was noted by November 2024, with WPI reaching 5.5%, supported by a strong rise in Primary Articles and -5.9% a rebound in Fuel & Power prices. By July 2024, while Primary Articles growth moderated to 3.1%, the Global (WPI) remained positive at 1.9%, indicating stabilization in the market after earlier volatility.

Retail inflation rate (as measured by the Consumer Price Index) in India showed notable fluctuations between August 2023 and October 2024. Rural CPI inflation peaked at 7.02% in August 2023, declining to 6.68% in October 2024. Urban CPI inflation followed a similar trend, rising to 6.59% in August 2023 and then dropping to 5.62% in October 2024. Overall, the national CPI inflation rate increased to 6.83% in August 2023 but moderated to 6.21% by October 2024, indicating a gradual easing of inflationary pressures across both rural and urban areas. CPI measured below 6% tolerance limit of the central bank since September 2023. As a part of an anti-inflationary measure, the RBI has hiked the repo rate by 250 bps since May 2022 to the current 6.5% while it has been holding the rate at 6.5% since 8 Feb 2023.

Growth Outlook

India's economy has exceeded expectations, registering an 8.2% growth in FY24. High-frequency indicators such as automobile sales, e-way bills, cargo traffic, and exports signal sustained growth momentum into Q2 FY25. However, the rural demand outlook is tied to the monsoon, where inconsistent rainfall could impact the agriculture sector and inflation. The government is proactively boosting grain storage capacity to mitigate these risks. On the credit front, the Reserve Bank of India (RBI) has kept the policy rate unchanged, with inflation expected to average around 5% in FY25. Despite stable policy rates, lending rates may rise due to the incomplete transmission of earlier hikes, while strong credit growth in the private sector suggests potential capacity expansion. Supply-side challenges persist, particularly in food storage infrastructure. The government has launched a massive initiative to enhance grain storage capacity by 70 million tonnes over the next five years. The recent long-term agreement for operating Iran's Chabahar Port is also set to bolster trade and supply chain resilience.

In terms of trade, India's recent agreements, particularly with the European Free Trade Association (EFTA) and Oman, are opening new markets and opportunities for exports. The proposed mega-distribution hub in the UAE by 2025 will further support India's global trade ambitions, particularly in Africa, Europe, and the US.

Politically, the continuation of the National Democratic Alliance (NDA) government signals sustained reforms, with optimism around labour and land reforms. The government is also taking steps to control retail inflation by managing food

prices and import duties. The external environment remains cautious, with geopolitical tensions, particularly in Gaza, posing potential risks to global stability.

Overall, India's short-term growth outlook remains positive, underpinned by strong domestic demand, proactive government measures, and expanding global trade relationships, despite some challenges in the rural economy and supply chain infrastructure.

India's Projected Economic Growth

Looking ahead to 2025, India's projected GDP growth of 6.5% stands out as the fastest among major emerging markets, significantly outpacing China's 4.8%, and Brazil's 3%. This robust growth trajectory is expected to sustain at 6.5% annually from 2025 to 2029, reflecting strong economic fundamentals and continued momentum.

This decent growth momentum in near term CY 2025 is accompanied by a slowdown in inflation, as well as various other factors in the medium to long term that will support the economy. These include enhancements in physical infrastructure, advancements in digital and payment technology, improvements in the ease of doing business and a higher quality of fiscal expenditure to foster sustained growth.

On the demand side, improving employment conditions and moderating inflation are expected to stimulate household consumption. Further, the investment cycle is gaining traction, propelled by sustained government capital expenditure, increased capacity utilization and rising credit flow.

From uplifting the underprivileged to energizing the nation's infrastructure development, the Government has outlined its vision to propel India's advancement and achieve a 'Viksit Bharat' by 2047 in the interim budget announced on 1st Feb 2024. Noteworthy positives in the budget include achieving a lower-than-targeted fiscal deficit for FY2024 and setting a lower-than expected fiscal deficit target for FY2025, proposing dedicated commodity corridors and port connectivity corridors, providing long-term financing at low or nil interest rates to the private sector to step up R&D (Research & Development) in the sunrise sectors.

Achieving a reduced fiscal deficit of 5.8% in FY2024 and projecting a lower than-anticipated fiscal deficit of 4.9% as announced in the interim budget in July 2024 for the current fiscal year (FY 2025) are positive credit outcomes for India. This showcases the country's capability to pursue a high-growth trajectory while adhering to the fiscal glide path. There has been a significant boost to capital expenditure for two consecutive years; capital expenditure – which is budgeted at 3.4% of GDP (INR 11.1 trillion) for fiscal year 2024-25 – is at a 21-year high (3.3% of GDP in fiscal year 2023-24). The enhancement of port connectivity, coupled with the establishment of dedicated commodity corridors (energy, mineral and cement), is poised to enhance manufacturing competitiveness. This strategic move aims to fulfil India's export targets and reduce logistics costs.

KEY GROWTH/DEMOGRAPHIC DRIVERS FOR ECONOMIC GROWTH

Strong Domestic Demand

Domestic demand has traditionally been one of the strong drivers of Indian economy. After a brief lull caused by COVID-19 pandemic, the domestic demand is recovering. Consumer confidence surveys by Reserve Bank / other institutions points to an improvement in consumer confidence index, which is a precursor of improving demand. India has a strong middle-class segment which has been the major driver of domestic demand. Factors like fast paced urbanization and improving income scenario in rural markets are expected to accelerate domestic demand further. PFCE as a percentage of GDP increased to 58% during FY 2022 and FY 2023 while in FY 2024 it settled at 56%. There are two factors that are driving this domestic demand: One the large pool of consumers and second the improvement in purchasing power. As per National Statistics Office (NSO), India's per capita net national income (at constant prices) stood at INR 106,744 in FY 2024 against INR 99,404 in FY 2023 and INR 87,586 in FY 2018. This increase in per capita income has impacted the purchasing pattern as well as disposable spending pattern in the country. Consumer driven domestic demand is majorly fueled by this growth in per capita income.

India's Per capita GDP trends

India is poised to become the world's third-largest economy with a projected GDP of USD 5 trillion within the next three years, driven by ongoing reforms. As one of the fastest-growing major economies, India currently holds the position of the fifth-largest economy globally, following the US, China, Japan, and Germany. By 2027-28, it is anticipated that India will surpass both Germany and Japan, reaching the third-largest spot. This growth is bolstered by a surge in foreign investments and a wave of new trade agreements with India's burgeoning market of 1.4 billion people. The aviation industry is witnessing unprecedented orders, global electronics manufacturers are expanding their production capabilities, and suppliers traditionally concentrated in southern China's manufacturing hubs are now shifting towards India.

To achieve its vision of becoming the world’s third-largest economy by 2027-28, India will need to implement transformative industrial and governmental policies. These policies will be crucial for sustaining the consistent growth of the nation’s per capita GDP over the long term.

Source: IMF

From CY 2024-29, India’s per capita GDP is projected to grow at a compound annual growth rate of 9.4%. This growth will be driven by the service sector, which now accounts for over 50% of India’s GDP, marking a significant shift from agriculture to services.

Digitization Reforms

Ongoing digitization reforms and the resultant efficiency gains accrued would be a key economic growth driver in India in the medium to long term. Development of digital platforms has helped in the seamless roll out of initiatives like UPI (Unified Payments Interface), Aadhaar based benefit transfer programs, and streamlining of GST (Goods and Services Tax) collections. All of these have contributed to improving the economic output in the country. Some of the key factors that have supported the digitization reforms include – the growth in internet penetration in India together with drop in data tariffs, growth in smartphone penetration, favorable demographic pattern (with higher percentage of tech savvy youth population) and India’s strong IT (Information Technology) sector which was leveraged to put in place the digital ecosystem. All these factors are expected to remain supportive and continue to propel the digitization reforms in India.

Increased adoption of digital technology and innovation, inclusive and sustainable practices, business-friendly and transparent regulations, and heightened corporate research and development (R&D) investments will further bolster the country’s growth. These factors will collectively support employment growth across both private and public sectors, including Micro, Small, and medium enterprises (MSMEs).

INDUSTRY- CONSTRUCTION EQUIPMENT

Indian construction equipment industry is the world’s third-largest, next only to China and the U.S, transforming India’s infrastructure growth. The construction equipment industry in India is experiencing significant growth, driven by various factors including urbanization, government infrastructure investments, and technological advancements.

Infrastructure development is the foundation of the construction sector, which is supported by strategic government investment and active private sector participation, leading to widespread expansion of critical sectors. Infrastructure sector development under the government flagship programme i.e. National Infrastructure Pipeline and National Master Plan ‘Gati Shakti’, amongst other paves way for integrated, holistic, and inclusive economic development. In addition to this master plan, infrastructure development programmes launched by Ministry of Road Transport and Highways (MoRTH), Ministry of Shipping compliment construction equipment industry growth.

Construction and mining equipment comprise of machinery used in construction operation as well as mining. These include heavy lift equipment like crane, earthmoving equipment like dozers, loaders and heavy transport vehicles like tippers, dumpers and trailers. Manufacturing of these equipments are capital intensive and require access to superior technology, due to which only handful of players manufacture the large and complex equipment.

Broad Classification in construction equipment sector

Classification	Type of equipment
Foundation Equipment	Digging equipment (including excavator, backhoe, dragline excavator), Loading equipment (wheel loader, dump truck), Compacting equipment (compact roller, bulldozer), Rigs including Diaphragm rig, Piling rig and Vertical drilling rig
Trenchless Equipment	Light and heavy Horizontal Directional Drilling (HDD) Rigs, Auger Boring Equipment, Micro Tunnelling Machines (MTM), Pipe Ramming Machines (PR), Cured-In-Place Pipe (CIPP) Lining Equipment.
Concrete Equipment	Concrete Mixers, Concrete Pumps, Batching Plants
Construction Vehicles	Dumpers, Trippers, Tankers, Trailers
Material Handling Equipment	Mobile cranes, Gantry cranes, Hoists, Forklifts, Telehandlers
Construction Equipment	Road rollers, Road making machines, Tandem Compactors and Soil Compactors, Construction Drilling Equipment
Material Processing Equipment	Concrete mixers, Hot mix plants, Stone crushers, Screeners, Jaw Crushers, Impact Crushers, Cone Crushers
Mining Equipment	Crushing equipment, screening equipment, Conveying & feeding equipment, Pyro processing equipment, tunneling equipment, Slurry pumping equipment

Nearly 65-70% of the different construction equipment in India operate on roads and highways, while the rest are in off-road/off-highway applications such as mining, quarrying, irrigation projects and the like. Construction equipment operating on roads are regulated by MoRTH from 1st April 2021, and so are at par with international standards, with global competitiveness. However, the off-road construction equipment is unregulated, thus lacking adequate governance.

The construction equipment industry in India is poised for substantial growth driven by infrastructure investments, urbanization trends, and technological advancements. While challenges such as high costs and labor shortages exist, the overall outlook remains positive as demand continues to rise across various sectors. As companies adapt to these dynamics, opportunities for innovation and expansion will likely shape the future landscape of this vital industry.

Drilling Equipment

Despite the availability of multiple types of equipment deployed in construction activity, a construction project is incomplete without drilling equipment. Drilling equipment plays a crucial role in construction, particularly in foundation engineering, road construction, and various infrastructure projects. The types of drilling equipment vary widely, each designed for specific applications and geological conditions. Among them, the specialized drilling equipments are:

- **Horizontal Directional Drilling**
- **Diaphragm Wall Drilling Rigs**
- **Rotary Drilling Rigs also called as Piling Rigs**

These types of drilling equipment are predominantly used for the following purposes:

- **Underground Infrastructure:**

HDD is used to install pipelines for water, gas, sewage, and electricity, as well as cables for telecommunications.

- **Foundation Work**

Drilling equipment is vital for creating stable foundations for buildings and infrastructure. It allows for precise hole placement and depth control, which are critical for structural integrity.

- **Geotechnical Investigation**

Helps assess soil conditions before construction begins, ensuring that projects are built on solid ground. This geotechnical investigation is an important element in construction of any major projects such as metro line, bridges, windmill installation and the like. Any infrastructure project with heavy investment cannot be started without geotechnical investigation. This process is crucial in deciding the method of construction, type of equipment to be used for construction and the materials to be used for construction.

- **Efficiency and Safety**

Modern drilling technologies improve operational efficiency and minimize risks associated with manual drilling methods. These types of drilling equipment ensure safety of the workforce, reduce the labour force involved in drilling and thus, reduce the overall construction cost, environmental hassles, and employee safety at the construction site.

Horizontal Directional Drill

Horizontal directional drilling (HDD) is a sophisticated trenchless technology used primarily for installing underground pipelines, conduits, and cables with minimal surface disruption. This method is particularly advantageous in urban environments or areas with existing underground utilities. HDD is used when trenching or excavating is not practical. The tools and techniques used in HDD process are an outgrowth of the oil well drilling industry. HDD is characterized by its ability to create horizontal boreholes beneath obstacles like roads, railroads, and rivers without the need for extensive excavation. The process is generally divided into three main stages:

- **Pilot Hole Drilling** – A small-diameter pilot hole is drilled along a predetermined path using a steerable drill bit. Drilling fluid aids the drill bit cut through the soil and rock. It lubricates and cools the drill bit. It also carries cuttings from the hole back to the surface.
 - Pilot hole drilling is the most challenging and time consuming. When a piece of drill pipe is advanced, the next drill pipe is fitted with a wire inside, which is attached to all the pipes. This wire is used to signal the steering probe located at the bottom hole assembly (BHA).
 - Pilot hole directional drilling is achieved by using non-rotating drill string with an asymmetrical leading edge.
- **Hole Expansion** – The pilot hole is then enlarged to accommodate the installation of the desired pipeline or conduit. This is done through an appropriate tool to open the pilot hole, which depends on the percentage of variables such as soil types, soil stability, depth, drilling mud, borehole hydrostatic pressure and the like.
- **Pipe Installation** – Pipe installation is done by attaching a prefabricated pipeline pull section behind a reaming assembly at the exit point and pulling the reaming assembly and pull section back to the drilling rig. Finally, the production pipe is pulled back through the enlarged hole. This is done through a pullback operation, which involves an entire pipeline string pulling back through the drilling mud along the reamed-pole pathway. Proper pipe handling, cradling, bending minimization are followed in pipe installation.

ADVANTAGES OF HDD

Advantages of HDD compared to traditional trenching methods are listed below:

- **Minimal Surface Disruption** – HDD allows for the installation of utilities without disturbing the surface, making it ideal for urban and residential area. Additionally, HDD is preferred if the underground is congested with other utilities.
- **Cost-effectiveness** – The method typically requires less equipment and fewer personnel, leading to lower overall project costs, including reduced surface restoration expenses.
- **Speed** – HDD projects can be completed faster than conventional methods due to reduced excavation time and surface restoration efforts. Horizontal drilling is done across is more efficient than drilling down, so done at a faster speed.
- **Depth of Installation** – Pipeline installation is deeper than the trench approach. The technique allows for deeper installations, minimizing the risk of damaging existing underground utilities.

Equipment Used in HDD

HDD uses three main equipment, supported by many ancillary accessories and supportive nuts, bolts, wires, computer system, control unit and the like.

- **Drilling Rig** – A surface-launched rig equipped with an inclined ramp instead of a vertical mast.
- **Drill Pipe and Tools** – These are similar to those used in oil well drilling but adapted for horizontal applications. Drill pipes are often non-magnetic to avoid interference with directional tools.
- **Drilling Fluid** – Essential for lubricating the drill bit, cooling it, transporting cuttings back to the surface, and stabilizing the borehole.

Technicalities of HDD

- **Drilling Techniques**
 - **Directional Control** – is achieved through specialized drill bits that allow steering during drilling.
 - **Measurement while Drilling (MWD)** – Tools that provide real-time data on borehole **inclination** and azimuth, enabling immediate adjustments as needed.
- **Hole Stability Factors**

The stability of the drilled hole can be affected by

 - Soil type and condition
 - The diameter of the hole
 - The geometry of the drilling path
- **Risks Involved**
 - Fluid loss due to porous soil conditions
 - Hydraulic fractures caused by excessive fluid pressure.
 - Hole instability leading to potential pipeline damage during installation.
- **Safety Considerations**
 - Ensuring all personnel are trained in HDD processes and equipment operation.
 - Conducting thorough site assessments to identify potential hazards.
 - Implementing measures to prevent fluid loss and manage hydraulic fractures during drilling.

In summary, horizontal directional drilling is a highly efficient method for installing underground utilities with minimal environmental impact. Its advantages make it a preferred choice in many construction projects where traditional excavation methods would be impractical or disruptive.

DIAPHRAGM WALL DRILLING RIGS

Diaphragm wall drilling rigs are specialized machines used in the construction of diaphragm walls, which are reinforced concrete structures cast into the ground for various applications such as foundation support, excavation support, and cut-off walls. Diaphragm walls have become a standard method in specialist foundation engineering, acting as retaining structures, cut-off walls, foundation elements with structural function.

Overview of Diaphragm Walls

A diaphragm wall is a continuous wall constructed from a series of overlapping panels. These walls serve multiple purposes including:

- **Support for Excavation** – Diaphragm walls provide stability during excavation in deep or challenging soil conditions. This is constructed using grab or cutters to create a narrow trench excavation into the ground. The trench is supported by engineered slurry. These walls are made with reinforced concrete, though unreinforced walls can be used.
- **Foundation Elements** – Used as part of the foundation for large structures like buildings and underground stations. This is a reinforced concrete wall constructed in the ground to support major construction projects. These walls serve as both temporary and permanent earth-retaining structures, that are largely effective in urban areas with limited space for excavation and shoring systems.
- **Cut-off Walls** – Diaphragm wall is used to prevent water seepage in areas like dams and basements. Diaphragm walls in dams are used as cut-off provisions or underground foundations for dams that require deep excavation or water control.

Types of Diaphragm Wall Drilling Rigs

- **Trench Cutters**
 - Designed for hard soil conditions.
 - Equipped with cutting wheels that loosen soil, which is then mixed with slurry for removal.
 - Capable of reaching depths up to 80-100 meter
- **Hydraulic Grabs**
 - Operate in cycles to excavate soil by inserting a grab into the trench, loosening it, and removing it.
 - Supported by slurry to stabilize the trench during excavation.
- **KHD Systems**
 - Compact designs ideal for tight spaces and various alignments.
 - Feature a rotation system for enhanced manoeuvrability.

Construction Methods

- **Trench Cutter Method**
 - Utilizes a trench cutter to excavate soil while mixing it with slurry. The slurry supports the trench walls and is recycled through a desanding plant.
 - This method is cost-effective as it has high operational efficiency due to continuous excavation, requiring lesser labour thus reducing labour cost, and the versatility to handle wide range of soil types.
- **Hydraulic Grab Method**

- Involves cyclic excavation using hydraulic grabs. The grab loosens soil at the trench base and removes it while maintaining trench stability with slurry.
- It is not as cost-effective as trench cutter method, as it is effective only in soft soils, but needs more labour for operation.

- **Slurry Preparation**

- A mixture of bentonite and water is prepared to stabilize trench walls during construction. Tanks and pumps are used to manage slurry on-site effectively.

Key features of Trench Cutters and Diaphragm Wall Grabs are captured below:

Features	Trench Cutters	Diaphragm Wall Grabs
Design	Equipped with two counter-rotating cutter wheels	Consists of mechanical or hydraulic clamshell grabs
Excavation Method	Continuous excavation with simultaneous spoil removal	Cyclic excavation, where soil is intermittently removed
Wall Thickness Capability	Can create walls from 500mm to 3,200mm thick	Suitable for 600mm to 1,500 mm wall thickness
Soil Type Handling	Effective in a wide variety of soil types, including hard rock	Primarily used for softer soils but can handle larger blocks with modifications
Depth Capability	Suitable for depths exceeding 40 meters	Typically used for shallower depths than trench cutters
Operational Noise and Vibration	Produces more noise and vibration due to cutting process	Operates with low noise and vibration levels, particularly with hydraulic grabs
Soil Transport	Continuously transports excavated material mixed with slurry to the surface	Soil is transported cyclically, which may require additional handling
Precision and Control	Offers hydraulic steering for precise horizontal control during excavation	Verticality is monitored through installed measuring systems; less control over horizontal alignment
Applications	Ideal for constructing deep diaphragm walls in challenging soil conditions, including urban settings	Commonly used for shallow diaphragm walls in less complex soil environments.

Advantages of Diaphragm Wall Drilling Rigs

- **Versatility** – Effective in various soil types, including very hard formations and rock. Capable of resisting high lateral loads from soil and water pressures.
- **Vibration-free Operation** – Reduces disturbance to surrounding structures. Compared to other methods like driven piles, diaphragm wall construction generates less disturbance, which is beneficial in urban setting
- **Depth Capability** – Can construct walls exceeding 100 meters in depth.
- **Efficiency** – Continuous operation with minimal interruptions due to slurry recycling.
- **Durability** – Made from reinforced concrete, they are long-lasting and suitable for various environmental conditions.
- **Structural Stability** – Capable of resisting high lateral loads from soil and water pressures.

Applications

- **Basement Construction** – Diaphragm walls are commonly used to create robust and watertight enclosures for basements, protecting them from groundwater and soil pressure. This is particularly important in areas with high water tables or unstable soil condition.
- **Under-ground Parking Garages** – These walls provide necessary support for underground parking structures, preventing soil collapse and ensuring safety during excavation and construction.
- **Metro and Subway Stations** – In urban environments, diaphragm walls form a "box" structure that isolates the construction site from surrounding soil and groundwater, allowing safe excavation for metro and subway stations. Once constructed, they serve as permanent structural elements.
- **Tunnels** – Diaphragm walls are utilized in tunnel construction to provide stability and support against lateral earth pressures, ensuring the integrity of the tunnel structure.
- **Bridges & Dams** – Diaphragm walls enhance the stability of dams by minimizing seepage through foundations, which is crucial for maintaining structural integrity under high water pressure in a dam. Similarly, these can be integrated into bridge foundations, offering strength and stability to withstand loads and environmental conditions.
- **Environmental Remediation** – Used as cut-off walls to prevent groundwater contamination during remediation projects, diaphragm walls help isolate polluted areas from clean groundwater sources.
- **Retaining Walls** – They serve as effective retaining structures in various construction projects, providing lateral support against soil movement.
- **Land Usage Optimization** – By enabling the construction of deep basements and underground facilities without increasing surface footprint, diaphragm walls optimize land usage in densely populated urban areas.

Diaphragm walls play a crucial role in foundation engineering across various applications, particularly where structural integrity and groundwater control are paramount. Their versatility makes them an invaluable tool in modern construction projects. Diaphragm wall drilling rigs are critical tools in modern construction engineering, allowing for efficient and effective installation of diaphragm walls under challenging conditions while minimizing surface disruption and maintaining structural integrity.

Rotary Drilling Rigs

Rotary drilling rigs also referred as DTH Rigs or water rig is a water well application equipment. These are critical tools used in various industries, including, used in mining, quarrying, construction, and other industries. They operate by rotating a drill bit to bore into the earth's surface, making them versatile and efficient for deep drilling applications. This is the most common type of drilling deep into the ground for several centuries. Rotary drilling rigs use high level of torque and rotation. The rotation of the drill bit bores through the rock formation at a speed of 50 to 120rpm, with the use of fixed cutter bits (called as PDC bits) and roller-cone bits. These two types of bits are predominantly used in this process.

Advantages of these Drilling Rigs Over Conventional Equipment

HDD	Diaphragm Wall Drilling	Rotary Drilling
<p>Minimal Surface Disruption: HDD is a trenchless method. It does not require extensive excavation or open trenches, thus, reducing surface disruption. This is particularly beneficial in urban areas, where maintaining access to properties and minimizing disruption to daily</p>	<p>Structural Integrity & Stability: Diaphragm walls provide excellent lateral support and can resist high lateral loads and bending moments, making them suitable for deep excavations and heavy structures. This structural stability is crucial in urban environments where space is</p>	<p>Increased Flexibility: Rotary drilling rigs feature a lightweight modular design, making them easy to install and relocate, which enhances operational flexibility across different job sites.</p>

<p>activities is crucial.</p>	<p>limited, and surrounding structures must be protected.</p>	
<p>Reduced Environmental Impact: The trenchless nature of HDD minimizes disturbance to local ecosystems, including sensitive areas like wetlands and rivers. It protects flora and fauna by avoiding large-scale land clearing and soil displacement. Additionally, HDD reduces the risk of soil contamination since it does not bring contaminated soil to the surface.</p>	<p>Watertight Construction: The reinforced concrete nature of diaphragm walls allows them to act as effective barriers against groundwater infiltration, which is essential in projects located below the water table. This capability helps maintain dry working conditions during construction, reducing the risk of water-related issues.</p>	<p>Higher Automation: Many rotary drilling rigs are equipped with advanced automation features and computer operating systems, allowing for greater operational efficiency and productivity compared to conventional rigs, which often require more manual intervention.</p>
<p>Cost-Effectiveness: HDD results in lower overall installation costs due to reduced labor requirements and faster installation times. With less need for heavy equipment and fewer personnel on-site, operational costs are minimized. The efficiency of HDD can lead to savings in cleanup and restoration efforts as well.</p>	<p>Reduced Surface Disruption: Similar to HDD, diaphragm wall drilling minimizes surface disruption since it involves trenching rather than extensive excavation. This is particularly advantageous in urban areas where maintaining access and minimizing disturbance to traffic and nearby buildings is important.</p>	<p>Faster Drilling Speeds: Rotary drilling rigs can achieve significantly higher drilling speeds, reaching up to 10 mph in soil and sand, and 4-6 mph in clay. This speed is generally 3-5 times faster than that of conventional drilling rigs, allowing for quicker project completion.</p>
<p>Flexibility in Installation: HDD allows for the installation of utilities in challenging locations, such as under roads, rivers, or other obstacles where conventional drilling would be impractical or prohibitively expensive. This flexibility enables utility placement in areas that would otherwise require extensive excavation or rerouting.</p>	<p>Versatility in Soil Conditions: Diaphragm wall rigs can be equipped with various tools (e.g., grabs or trench cutters) that allow them to operate effectively in diverse soil conditions, including hard and soft soils. This versatility makes them suitable for a wide range of construction projects.</p>	<p>Improved Operational Efficiency: The use of drilling muds in rotary drilling rigs helps lubricate, cool, and clean the drill bit while stabilizing the hole wall. This results in better penetration rates and overall higher operational efficiency compared to traditional methods.</p>
<p>Faster Installation Times: The process of HDD is quicker than conventional methods. Since it requires less excavation and fewer crew members, projects can be completed more rapidly, which is advantageous for both contractors and clients.</p>	<p>Efficient Excavation Process: The process of constructing diaphragm walls typically involves continuous trenching supported by slurry, which stabilizes the excavation and allows for deeper and wider trenches compared to conventional methods. This efficiency can lead to faster project completion times.</p>	<p>Better Adaptability to Geological Conditions: Rotary drilling rigs can be configured with different drill bits tailored to various strata, making them suitable for a wide range of geological conditions, including clay, silt, sand, and even slightly weathered rock formation, this is limited in conventional drills.</p>
<p>Improved Safety: By reducing the need for extensive excavation, HDD minimizes hazards associated with traditional digging methods, such as cave-ins or equipment accidents. The smaller footprint of HDD operations also contributes to a safer work environment for crews and nearby residents.</p>	<p>Adaptability to Site Constraints: Diaphragm wall rigs are designed to work in confined spaces and can be adapted for various alignments, making them ideal for sites with limited headroom or proximity to existing structures. Their compact design facilitates operations in challenging urban environment</p>	<p>Reduced Environmental Impact: Rotary drilling rigs generate less noise and vibration compared to conventional methods, contributing to a cleaner job site with lower environmental pollution. This is particularly important in urban areas where noise regulations may apply.</p>
<p>Less Need for Permits: HDD</p>	<p>Environmental Benefits: The use of</p>	<p>Enhanced Safety Features: With</p>

<p>involves less surface disturbance; it often requires fewer permits compared to conventional drilling methods that may impact public rights-of-way or require road closures. This can streamline project timelines and reduce bureaucratic hurdles.</p>	<p>low-carbon concrete and electric-powered equipment in diaphragm wall construction reduces the environmental footprint compared to conventional methods that may rely on diesel-powered machinery. Additionally, the reduced need for large-scale excavation minimizes soil displacement and potential contamination.</p>	<p>higher levels of automation and fewer manual handling requirements, rotary drilling rigs can reduce the risk of accidents associated with traditional drilling methods. The self-propelling nature of these rigs also contributes to safer operations on-site</p>
<p>Durability of Installations: The materials used in HDD installations, such as high-density polyethylene (HDPE) pipes, are known for their durability and resistance to corrosion. This leads to longer-lasting infrastructure with lower maintenance needs compared to some traditional materials.</p>	<p>Long-Term Durability: Diaphragm walls are designed for durability, providing long-lasting solutions that require less maintenance over time compared to some traditional foundation methods. Their robust construction helps ensure structural integrity throughout the lifespan of the building or infrastructure they support.</p>	<p>Cost-Effectiveness: Although the initial investment may be higher for rotary drilling rigs, their efficiency and speed can lead to lower overall costs due to reduced labor requirements and faster project timelines compared to conventional drills.</p>
<p>Specific Applications: HDD are suitable for specific horizontal applications such as installing cable ducts, pipes for residential, commercial and municipal purpose, with minimal labour, footprint and property damage.</p>	<p>Specific Applications: Diaphragm wall drilling are suitable for specific purposes such as basements, tunnels, bridge piers, retaining walls, underground car parks and the like.</p>	<p>Versatility in Applications: Rotary drilling rigs are suitable for various applications such as oil and gas exploration, water well drilling, foundation work for buildings and bridges, and environmental remediation projects. This versatility is greater than that of conventional drills.</p>
<p>Conclusion: Horizontal Directional Drilling presents significant advantages over conventional drilling methods by minimizing environmental impact, reducing costs and installation times, enhancing safety, and providing greater flexibility in utility installations. These benefits make HDD an increasingly popular choice for various applications in utility construction and infrastructure development.</p>	<p>Conclusion: Diaphragm wall drilling rigs present significant advantages over conventional drilling methods, particularly in urban construction contexts where stability, environmental impact, and site constraints are critical considerations. Their ability to create strong, watertight barriers while minimizing surface disruption makes them an essential choice for modern foundation engineering projects.</p>	<p>Conclusion: Rotary drilling rigs offer significant advantages over conventional drilling methods through enhanced flexibility, automation, speed, efficiency, adaptability to geological conditions, reduced environmental impact, improved safety features, cost-effectiveness, and versatility in applications. COMPETITIVE LANDSCAPE

The domestic market for specialised construction equipment including trenchless and foundation equipment comprise mainly of Indian subsidiaries of global conglomerates¹ while home grown companies are very limited. At present, Apollo

¹ which majorly operates as a supplier of trenchless and foundation equipment in India.

Techno Industries Private Limited² is the only home-grown manufacturing player to operate in this space. Few global Construction Equipment manufacturers like Sany India have manufacturing presence in India which are engaged manufacturing of specialised construction equipments.

The construction equipment industry in India is shaped by several competitive factors that influence market dynamics and the strategies of key players. The key factors shaping competition in the construction equipment sector are listed below:

- **National Infrastructure Pipeline**

The Indian government's significant investment in infrastructure projects, including highways, railways, and urban development, creates a robust demand for construction equipment. This investment acts as a catalyst for growth in the industry, prompting companies to enhance their offerings to meet rising project demands.

- **Technological Innovations in Equipment**

The integration of advanced technologies such as automation, telematics, and real-time data monitoring systems is transforming the construction equipment landscape. Companies that adopt these technologies can improve operational efficiency, safety, and productivity, giving them a competitive edge.

- **Focus on Sustainability**

There is an increasing emphasis on environmentally friendly machinery that meets stringent emission standards. Manufacturers that innovate to produce sustainable equipment are likely to capture a larger market share.

- **Market Demand Fluctuations**

- **Economic Factors**

The construction equipment market is highly susceptible to economic fluctuations, political stability, and changes in government policies. Companies must be agile and responsive to these changes to maintain competitiveness.

- **Urbanization Trends**

Rapid urbanization drives demand for construction equipment as cities expand and require new infrastructure. Companies that can quickly adapt to urban development needs will have a competitive advantage.

- **Cost Competitiveness**

- **Pricing Strategies**

With a price-sensitive market, companies must balance quality and cost-effectiveness. Competitive pricing strategies are essential for attracting customers while maintaining profitability.

- **Local Manufacturing**

Initiatives like "Make in India" encourage local manufacturing, which can reduce costs associated with imports and tariffs. Companies that establish local production facilities may benefit from lower operational costs.

- **Availability of Skilled Labour**

The availability of skilled labor is crucial for the effective operation of advanced machinery. Companies that invest in training programs or collaborate with educational institutions may gain a competitive advantage by ensuring a skilled workforce.

² Assessment based on Dun & Bradstreet Extensive Secondary research. During the secondary research process Dun & Bradstreet could not come across any home grown / domestic manufacturer in this domain. The Indian players active in this segment are mostly subsidiaries of global players.

- **Strategic Partnerships and Collaborations**

Companies are increasingly engaging in partnerships, mergers, and acquisitions to enhance their market position. Collaborations with technology providers or other manufacturers can lead to innovative product offerings and expanded market reach.

- **Customer-Centric Innovations**

Providing customized solutions tailored to specific customer needs can differentiate companies in a crowded market. Additionally, offering excellent after-sales service can enhance customer loyalty and retention.

- **Export Opportunities**

As Indian manufacturers seek to expand their footprint internationally, they face competition from established global players. Companies that successfully navigate export markets can significantly enhance their growth prospects. However, the domestic manufacturer engaged in manufacturing special equipment face limited competition in the export market as entry barriers are high and there exist very few players which operates in this segment globally. The low competition in the global manufacturing fronts provide good export opportunities to companies operating in India in this segment including Apollo Techno Industries Private Limited.

The competitive landscape of the construction equipment industry in India is influenced by government investments, technological advancements, economic fluctuations, cost competitiveness, labour availability, strategic partnerships, customer-centric innovations, and export opportunities. Companies that effectively leverage these factors will be better positioned to thrive in this dynamic market environment. As the industry evolves, continuous adaptation and innovation will be key to maintaining a competitive edge.

Growth Forecast

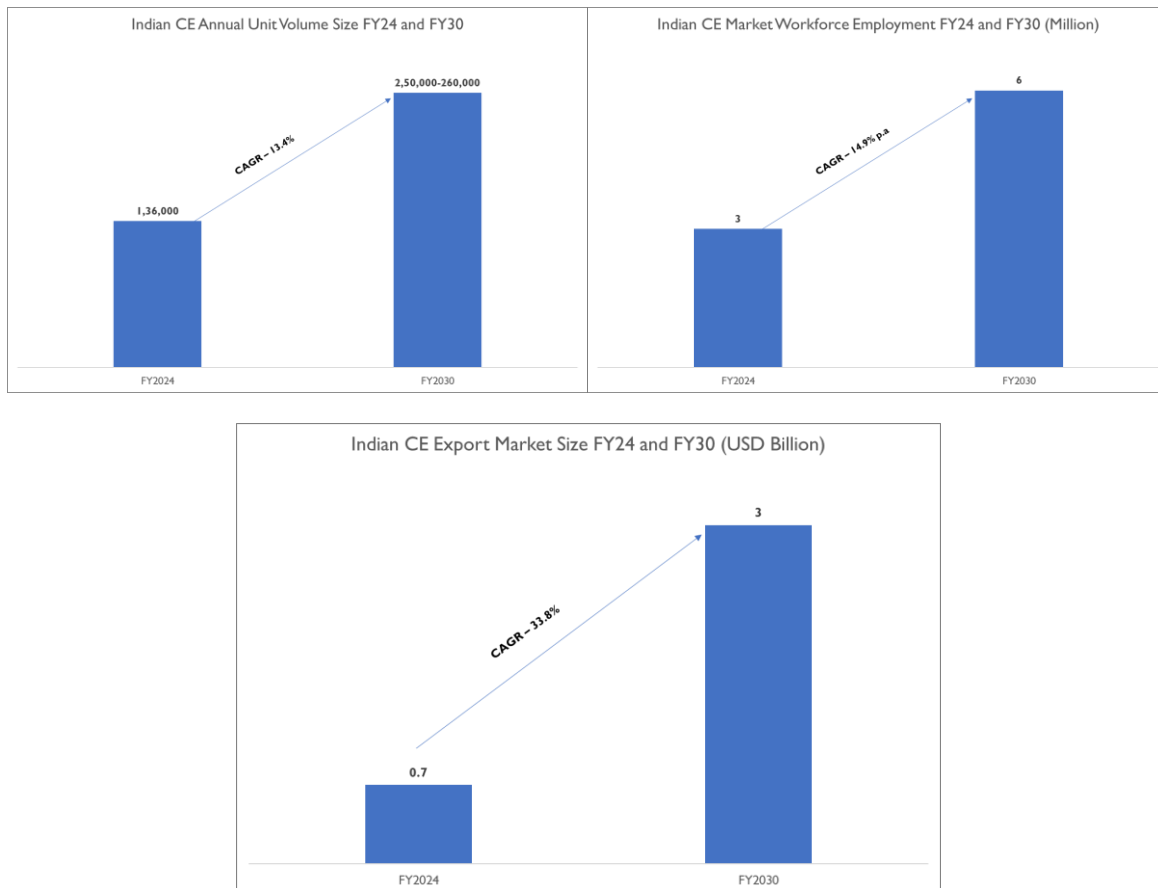

Expected Growth in Indian CE Market

Indian CE market is poised for strong growth in FY2030, supported by steady economic growth, infrastructure projects and planned pipeline in place by Ministry of Road Transport and Highways (MoRTH), Ministry of Shipping, Ministry of Housing and Urban Affairs, Ministry of Planning and Development and Ministry of Commerce and Industry. In addition to these government projects and pipelines, urban infrastructure development, multiple commercial housing projects across the country are some of the factors that is assuring a remarkable growth to this sector by FY2030.

In addition to the market size, the other goals for FY2030 includes target for employment, annual volume of CE, and export value.

Source: ICEMA Activity Report FY2023-24

Key Factors Impacting Future Demand in Indian CE Market

The key factors contributing to the growth for FY2030 includes:

- Electric and Alternate Fuel Engines**
 This includes steps to promote usage of electric engines or engines of equipment powered by alternative fuels. This is a significant step towards achieving Net Zero emissions target by 2070 along with the commitment towards COP26.
- Increased Localisation of Supply Chains**
 Promoting 'Make in India' initiative and 'Production-Linked Incentive (PLI)' scheme towards capacity building of MSMEs and local component manufacturers for improved resilience of supply chain and risk mitigation.
- Application-Specific Equipment**
 Promoting usage of smaller equipment appropriate for the construction site with reduced noise and emissions due to construction activity.
- Leveraging Telematics & Advanced Technologies**
 Equipment with efficient utilization of advanced technologies and telematics will be preferred and have more demand for complex construction projects demanding higher levels of precision, productivity and connectivity.

Threats & Challenges Impacting CE Industry

Analysis of Major Threats & Challenges Indian CE Market

The Indian construction equipment market faces several threats and challenges that impact its growth and competitiveness.

- **High Cost of Equipment Maintenance and Replacement**

The significant costs associated with maintaining and replacing construction equipment deter many companies from purchasing new machinery. This leads to a preference for rental services, which can hinder sales growth in the new equipment market.

- **Increasing Demand for Rental Equipment**

The rising trend of renting construction equipment rather than purchasing it outright poses a challenge for manufacturers. Contractors often opt for rentals to avoid high capital expenditures, impacting overall sales volumes for new machinery.

- **Economic Fluctuations**

The construction equipment market is sensitive to economic cycles. Economic downturns or slowdowns can lead to reduced investment in infrastructure projects, directly affecting demand for construction equipment.

- **Regulatory Compliance and Emission Standards**

Compliance with stringent emission regulations (such as the CEV Stage-IV standards) can increase production costs and complicate manufacturing processes. Delays in implementing these standards may also create uncertainty in the market.

- **Supply Chain Challenges**

The need for a robust supply chain is critical for achieving localization targets within the industry. Any disruptions or inefficiencies in the supply chain can hinder production capabilities and affect delivery timelines.

- **Competition from Imported Equipment**

The influx of imported construction machinery, often at competitive prices, poses a threat to domestic manufacturers. This competition can pressure local companies to reduce prices or enhance their product offerings to maintain market share.

- **Technological Adaptation**

As the industry shifts towards automation and digitalization (e.g., IoT connectivity, GPS tracking), companies must invest in new technologies to remain competitive. Those unable to adapt may fall behind.

- **Labour Shortages**

A shortage of skilled labour in the construction sector can impede project timelines and affect the operational efficiency of construction equipment. This challenge necessitates investment in training and development programs.

- **Geopolitical Factors**

Global geopolitical dynamics, such as trade tensions and shifts in manufacturing bases (e.g., the China+1 strategy), can influence supply chains and investment flows into India's construction sector.

- **Market Volatility**

Fluctuations in material costs, currency exchange rates, and interest rates can create an unpredictable business environment, making it challenging for companies to plan investments and pricing strategies effectively.

The Indian construction equipment market is navigating a complex landscape characterized by high maintenance costs, increasing demand for rentals, regulatory pressures, supply chain challenges, and competition from imports. Addressing these threats will require strategic planning, investment in technology, and a focus on building a skilled workforce to sustain growth in this dynamic industry.

SWOT Analysis

Strengths

- **Government Initiatives:** Government initiatives such as infrastructure development plans, including metro rail projects, ports, industrial corridors, and freight corridors, are anticipated to boost infrastructural development in India. The government is investing approximately USD 1.4 trillion in infrastructure development, which has direct influence in the various construction equipment including foundation equipment demand.
- **Increasing Awareness:** There is growing awareness and demand for foundation equipment and Trenchless equipment in the construction industry. Construction companies are becoming more conscious about productivity and are demanding the latest technologies. This makes these equipments inevitable in the construction industry.
- **Domestic Demand:** The increasing population, urbanization, and improving lifestyles are driving demand for infrastructure construction, affordable housing and smart buildings, contributing to the growth of the heavy construction equipment market.

Weakness

- **Cyclical Demand:** The demand for construction equipment in India is cyclical, with periods of growth followed by periods of stagnation.
- **Policy Paralysis:** Policy paralysis and sluggish economic conditions can have a negative impact the demand for construction equipment market.
- **Monsoon Season Impact:** The monsoon season in certain parts of the country can lead to a temporary shrinking of demand for construction equipment.
- **Maintenance and After-Sales Support:** Maintaining construction equipment is a costly and time-consuming endeavour. In India, especially in rural or less-developed areas, the availability of reliable service centres and spare parts can be limited.

Opportunities

- **Infrastructure Development:** Numerous port projects, underground metro railway projects, and overall development of core infrastructure and real estate projects are creating opportunities for the heavy construction equipment market.
- **Technological Development:** The adoption of new technologies, such as diesel hammers, hydraulic hammers, and hydraulic press-in methods, can drive market growth.
- **Global Demand:** Various economies are trusting Indian construction equipment and importing it for their development activities, providing growth opportunities to the market.
- **Public-Private Partnerships:** Government policies aimed at encouraging Public-Private Partnerships (PPP) and infrastructure development are expected to boost the construction equipment market's growth.

Threats

- **Competition:** The Indian market has players competing on various grounds, including customer base, geographical presence, technology, and product portfolio. (Need clear input)
- **Economic Slowdown:** An economic slowdown or negative policies from the government could adversely affect the demand for foundation equipment.

- **Global Economic Crisis:** Global economic factors and trade policies could impact the import and export of construction equipment.
- **Skilled Labor:** Shortage of skilled operators to use the machinery may hamper the market. A major hindrance in this growth is the lack of disciplined & consistent workforce at the factory level which wants to work consistently.

Policy Initiatives/Government Incentives Designed to Promote the Industry Activity

The Indian government has implemented several incentives designed to promote construction across various sectors, particularly focusing on infrastructure development, housing, and sustainable practices.

Policy Initiative / Government Incentives	Details
Pradhan Mantri Awas Yojana (PMAY) – U 2.0	Approved on 9 th Aug’24, this scheme aims to construct 100,000 new houses within 1 st Sep2029, with financial subsidy of INR 250,000 per house
Urban Infrastructure Development Fund (UIDF)	Established with an annual allocation of around USD 1.2 billion, the UIDF aims to enhance infrastructure in Tier-2 and Tier-3 cities. This initiative supports projects that improve urban infrastructure, thereby driving construction activities in smaller cities
Bharatmala Pariyojana and Sagarmala Project	These ambitious infrastructure initiatives focus on improving road connectivity and port infrastructure across the country. They involve substantial investments that stimulate construction activities related to highways, roads, and transportation networks.
Green Building Incentive	The government promotes sustainable construction practices through initiatives like the Eco-Niwas Samhita and the Green Rating for Integrated Habitat Assessment (GRIHA), that assess buildings based on 34 criteria. States offer incentives such as increased floor-to-area ratio (FAR), property tax reductions, and subsidies for projects achieving green certifications.
State Incentives for Green Buildings	<ul style="list-style-type: none"> • Maharashtra leads in Green Building Incentives, with 373 LEED-Certified projects, totalling 10 million sq.meters • Karnataka ranks second with 301 LEED-Certified projects, covering 9.7 million sq.meters • Harayna has 139 LEED-Certified projects, followed by Telangana at 106 LEED-Certified projects. • Uttar Pradesh has 95 LEED-Certified projects and actively growing.

The Indian government's incentives for promoting construction encompass a range of financial support mechanisms, regulatory simplifications, and initiatives focused on sustainability and skill development. These measures aim to stimulate growth in the construction sector, enhance infrastructure development, and promote affordable housing while addressing environmental concerns. As these incentives continue to evolve, they play a crucial role in shaping the future landscape of India's construction industry.

BUSINESS OVERVIEW

The following information is qualified in its entirety by, and should be read together with, the more detailed financial and other information included in this Draft Red Herring Prospectus, including the information contained in the section titled “Risk Factors” on Page no. 26 of this Draft Red Herring Prospectus. In this chapter, unless the context requires otherwise, any reference to the terms “We”, “Us”, “Apollo Techno Industries Limited”, “ATIL” and “Our” refers to Our Company. Unless stated otherwise, the financial data in this section is as per our Restated financial statements prepared in accordance with Accounting Standard set forth in this Draft Red Herring Prospectus.

Our Company was originally incorporated as “Apollotechno Industries Private Limited” as a private limited company, under the provisions of the Companies Act, 2013 vide Certificate of Incorporation dated April 26, 2016 issued by Deputy Registrar of Companies, Central Registration Centre having Corporate Identification Number U29100GJ2016PTC091682. The name of our company was changed to “Apollo Techno Industries Private Limited”. Consequent upon change of name a fresh Certificate of Incorporation dated December 19, 2024 was issued by Registrar of Companies, Central Processing Centre. Subsequently, our Company was converted from a private limited company to public limited company pursuant to special resolution passed in the Extra-Ordinary General Meeting of the company held on December 19, 2024 and consequently the name of our Company was changed to “Apollo Techno Industries Limited” pursuant to fresh certificate of incorporation dated December 27, 2024 issued to our Company by the Registrar of Companies, Central Processing Centre having Corporate Identification Number U29100GJ2016PLC091682. For details of change in name and registered office of our Company, please refer to chapter titled “History and Corporate Structure” beginning on page no. 116 of this Draft Red Herring Prospectus.

We are a manufacturer specializing in trenchless technology and foundation equipment for the construction industry. Our product line-up includes Horizontal Directional Drilling (HDD) rigs, Diaphragm Drilling Rigs, Rotary Drilling Rigs and Spare parts. The Horizontal Directional Drilling rigs are primarily utilized for the installation of essential utilities such as gas pipelines, water supply lines, sewer lines, optical fibre cables, and electrical conduits. The Diaphragm Drilling Rigs are designed for constructing foundations for deep basements, retaining walls in railway, airports and metro stations, as well as developments along riverfronts. The Rotary Drilling Rigs are employed for creating foundation piles necessary for high-rise buildings and bridges. We also provide warranties, on-site support and technical training to ensure our customers are well-equipped to utilize our machinery effectively.

In 2017, we started our commercial operation in domestic market. In the same year we exported our product Apollo A800 HDD machine. In 2019 we further launched our product Apollo A1200 HDD Machine. In 2021 we acquired our subsidiary Apollo Techno Equipments Limited. To expand our product portfolio and to offer new products, we have launched Diaphragm Wall Drilling Rig Machine in 2023.

Our organization has experienced growth, driven by ongoing improvements and customer support. We operate on an SAP ERP system, which enhances our manufacturing processes. Our company is committed to delivering quality products and we strive to maintain the highest standards in every aspect of our operations. We are accredited with quality management system certification of ISO 9001:2015.

With in-house design and engineering capabilities, we are able to offer a broad spectrum of products and solutions that emphasize quality to our clients. As of January 31, 2025 we have a team 5 (Five) members in our design department. This strategic focus has enabled us to expand our business both domestically and internationally. In addition to our manufacturing capabilities, we also provide refurbishment services for used machines at our factory. This comprehensive approach not only enhances our product offerings but also reinforces our commitment to sustainability and customer satisfaction in the construction equipment market.

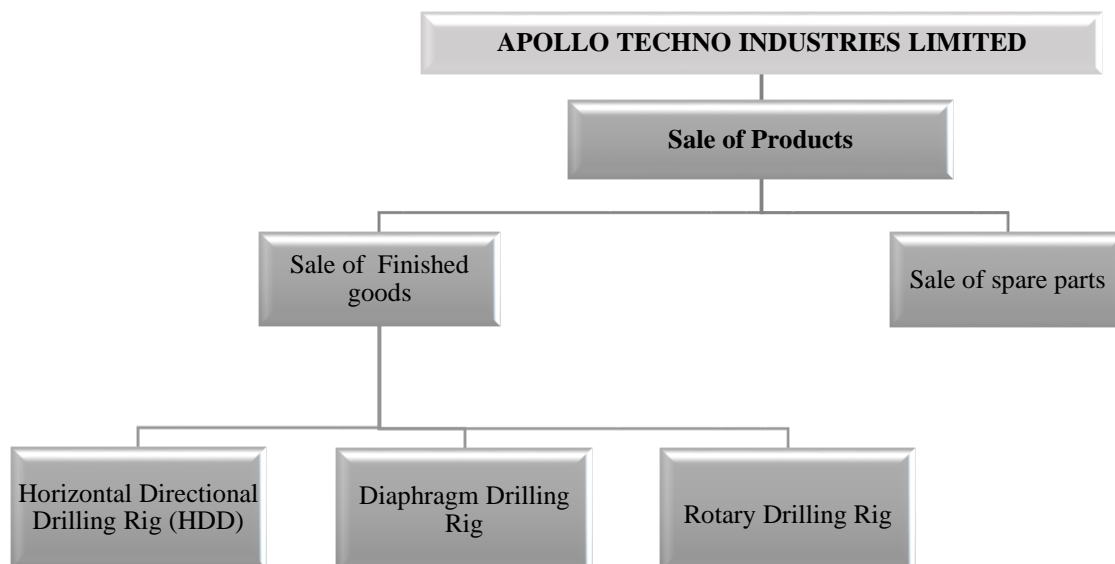

Our Directors and Promoters, Mr. Rashmikant Haribhai Patel and Mr. Parth Rashmikant Patel, bring a wealth of experience to our organization, with a combined experience of over 22 years in the construction drilling equipment industry. Their extensive industry knowledge and strategic leadership contribute significantly to the growth and development of our Company. Additionally, we are supported by experienced team. This team is committed to ensuring customer satisfaction by providing quality products and after-sales support, adhering to industry standards.

Incorporated in April 2016, Apollo Techno Industries Limited is a Mehsana based company that manufactures a variety of specialised construction equipment. Apollo Techno Industries Limited is the only domestic manufacturer* that is engaged in the manufacturing of Horizontal Directional Drilling equipments, Diaphragm wall Drilling Rigs and one of the manufacturers of Rotary Drilling Rigs catering the end user industries demand in India as well as in export markets. (Source: D&B Report for “Construction Drilling Equipment’s Industry in India” of March, 2025).

OUR BUSINESS MODEL

1. Horizontal Directional Drilling Rig (HDD):

We are the manufacturer of Horizontal Directional Drilling (HDD). Horizontal Directional Drilling (HDD) is a trenchless technology used primarily for installing essential utilities such as gas pipelines, water supply lines, sewer lines, optical fibre cables, and electrical conduits with minimal surface disruption. This method is particularly advantageous in urban environments or areas with existing underground utilities. Horizontal Directional Drilling (HDD) is used when trenching or excavating is not practical.

2. Diaphragm Drilling Rig:

Diaphragm wall drilling rigs are specialized machines used in the construction of diaphragm walls, which are reinforced concrete structures cast into the ground for various applications such as foundation support, excavation support, and cut-off walls. Diaphragm walls have become a standard method in specialist foundation engineering, acting as retaining structures, cut-off walls and foundation elements with structural function.

3. Rotary Drilling Rig:

Rotary drilling rigs are widely used in various industries such as construction, and infrastructure development. These rigs operate by rotating a drill bit to penetrate the earth's surface, making them versatile and efficient for deep drilling applications. They are commonly employed for creating strong foundations for high-rise building, bridges and other large structure.

4. Sale of Spare Parts:

Spare parts are parts of machines that are sold and given to customers depending on their needs in the event that the machine fails or is damaged due to regular wear and tear. These parts include Drill Rods, Hydraulic Pumps, Filters, Oil Seals and Electric components etc.

OUR COMPETITIVE STRENGTH

1. Focus on quality and customer service:

For us, quality is of utmost importance. We are accredited with quality management system certification of ISO 9001:2015. We believe that delivering quality products is not only a measure of our success, but also a reflection of our commitment to excellence. With a team of skilled professionals, we have built a history of delivering products that are worth their value and meet the high standards of quality. We ensure that every product we manufacture passes strict quality checks before it reaches our clients. We never compromise on quality, and always strive to deliver products that exceed our clients' expectations.

2. Strong Market Presence Driven by Customer-Centric Approach:

We prioritize understanding and addressing our customers' diverse product needs, fostering long-term relationships and enhancing customer retention. This strong foundation has given us a competitive advantage in acquiring new customers and expanding our market presence. Our domestic sales footprint spans multiple states, with Gujarat consistently leading in contributions. As of September 30, 2024, Gujarat accounted for 34.52% of our total domestic sales, followed by Maharashtra at 11.88%, and Haryana at 8.12%. Our existing relationship with our customers represents a competitive advantage in gaining new customers and increasing our business.

3. Experienced promoters and management team:

Our Directors and Promoters, Mr. Rashmikant Haribhai Patel and Mr. Parth Rashmikant Patel, bring a wealth of expertise to our organization, with a combined experience of over 22 years in the construction drilling equipment industry. They lead the company with a vision of delivering quality products. Our management team consists of experienced persons handling various business functions. The strength and entrepreneurial vision of our Promoters and management have been instrumental in driving steady growth of our company and implementing our long- and short-term business strategies.

4. In-House Engineering and Design Capabilities:

We develop components and processes through our in-house design and manufacturing capabilities, producing products as per the market requirements and specifications. Our in-house engineering and design capabilities enable us to offer quality products. As of January 31, 2025, we have a team of 5 (Five) members in our design department. Our design team is trained on software tools such as computer-aided design tools, which further enhance the design and development processes that we utilize. Since our incorporation, our in-house engineering and design capabilities have enabled us to continuously enhance our existing products while driving the development of new ones. In 2017, we exported our Apollo A800 HDD machine, followed by the launch of the Apollo A1200 HDD machine in 2019. Expanding our product portfolio further, we introduced the Diaphragm Wall Drilling Rig Machine in 2023.

5. Strong Market Presence Across Key Regions:

Our extensive presence across multiple states, including Gujarat, Maharashtra, Haryana, Madhya Pradesh, Uttar Pradesh, Assam, Tamil Nadu, Rajasthan, Karnataka, Andhra Pradesh, Goa and Telangana, among others strengthens our foothold in the domestic market. This wide geographical reach enables us to effectively cater to diverse customer needs, ensuring a steady demand for our products across different regions. By strategically positioning ourselves in these key states, we not only enhance our market visibility but also diversify revenue streams, reduce dependency on a single region, and improve overall business resilience.

BUSINESS STRATEGY

1. Leveraging Our Market Skills and Relationships:

The business of our Company is customer oriented and always strives to maintain good relationship with the customer. Leveraging our market skills and relationships is a continuous process in our organization and the skills that we impart in our people give importance to customers. We aim to do this by leveraging our operations expertise as well as marketing skills and our industry relationships.

2. Maintaining Edge Over Competitors:

We intend to continue to enhance and scale in existing executional capabilities to provide best quality products to our customers. By enhancing our executional capabilities, we intend to maintain edge over our competitors. In order to maintain our competitive edge, we will continue to add technology, hire skilled human resource and optimize our process. We are executing projects throughout domestic and international market with equal client satisfaction.

3. Continue Striving for Cost Efficiency:

We will continue to enhance our operating practices and improve operational effectiveness. Improved efficiency leads to improve performance and higher sales, enabling us to reduce fixed costs and enhance profit margins.

Our focus on economies of scale allows us to strengthen our negotiating power in procurement, further driving cost savings. Our gross profit margin improved from 17.77% in FY 2022-23 to 28.07% in FY 2023-24, demonstrating our ability to enhance profitability through cost efficiency. As of September 30, 2024, our gross profit margin stands at 30.37%, reflecting our ongoing efforts in cost optimization.

Moving forward, we will continue to enhance our operating practices and leverage economies of scale to strengthen our financial position, drive sustainable growth, and maintain a competitive edge in the market.

4. Expanding Global and Domestic Market Presence:

We aim to strengthen our market position by leveraging export opportunities while maintaining a strong foothold in the domestic market. India continues to be our primary revenue source, contributing 56.58% of total revenue as of September 30, 2024. However, we have significantly expanded our global presence, with exports to the UAE/Middle East rising to 31.51% of total revenue from operation as of September 30, 2024, compared to 17.26% in FY 2023-24. Additionally, we have successfully entered the Russian Federation, which now accounts for 11.91% of our revenue as of September 30, 2024.

Going forward, our strategy is to expand into high-margin international markets to enhance profitability and diversify revenue streams. Simultaneously, we intend to focus on consolidating our market share in India, while increasing our global presence across our existing portfolio of products in the construction equipment segment.

The table below sets forth our revenue from India and from overseas for the periods indicated, based on our Restated Financial Information.

KEY BUSINESS PROCESS FLOW

By following below defined steps, we maintain high-quality standards throughout production. Our emphasis on quality control and safety procedures helps us deliver reliable products that meet all necessary specifications.

Our manufacturing process flows from raw materials to finished goods and dispatch, as outlined below:

1. Procurement of Raw Material:

We procure raw materials required for body fabrication based on forecasts provided by the management team and bought-out material are ordered as per our requirement.

2. Inspection Raw Materials Received:

Upon receipt, raw materials and bought out materials are transferred to the quality department for quality checks and bought-out materials are stored and issue as per the assembly plan.

3. Material Cutting:

The Cutting department processes components according to design specifications using various machines, including laser cutting machines.

4. Semi-Part Fabrication:

- After cutting, components are inspected by the fabrication in-charge and the fabrication in-charge, who releases the cutting parts according to production planning to fabrication team for weldment of each machine.
- Some weldment requiring additional processing, such as boring and drilling, are sent for job work at vendor facilities. After completing the job-work, they undergo a quality check to ensure the specification are as per requirement. After quality check of parts are fabricated if required and then sent to blasting process.
- Some weldment that do not require job work are directly moved for fabrication and after the final inspection by the concerned engineer at fabrication, they proceed to the blasting process.

5. Blasting process:

After fabrication, weldment will be passed from powder blasting process before being sent to the paint booth.

6. Direct Purchased Components:

Simultaneously, bought-out materials, after inspection, are sent to the paint shop for painting, if required, while other materials are directly sent for assembly.

7. Paint Shop:

The painting process is carried out using either powder coating or liquid painting, as per requirements.

8. Semi, Main and Final Assembly:

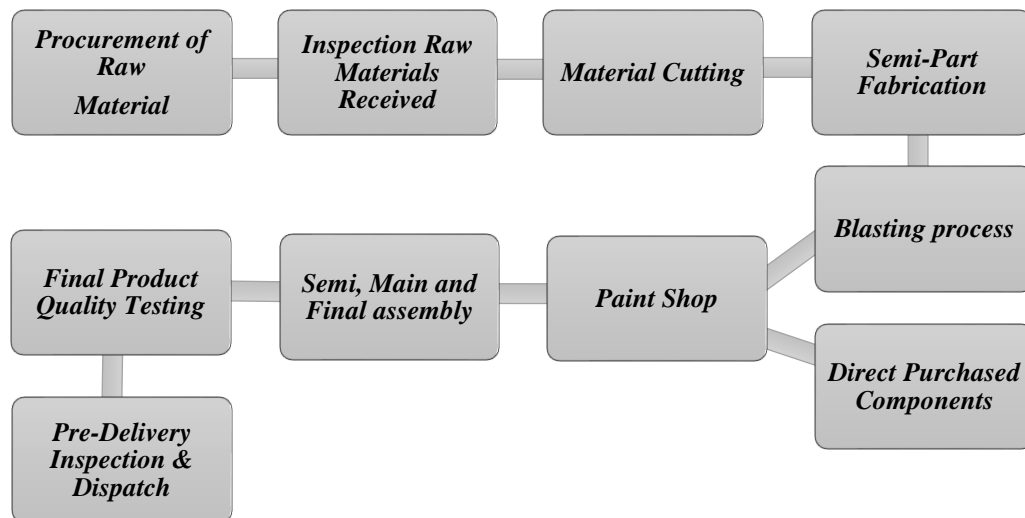

Components from the paint shop, along with direct purchased bought out materials and electronic components, are sent to the assembly department for semi, main and final assembly.

9. Final Product Quality Testing:

After assembly of machine, all final products undergo for quality testing and inspection.

10. Pre-Delivery Inspection & Dispatch:

Before dispatch, the inspection department inspects the final product. Once approved then final products are dispatched and provided with technical training on site.

OUR PRODUCTS

1. HORIZONTAL DIRECTIONAL DRILLING RIG (“TRENCHLESS TECHNOLOGY”)

- Directional Boring, popularly known as (HDD).
- The Technology usually preferred in those installation processes where trenching or excavation cannot be implemented.
- This technique in installation of various pipes, conduits, Steel pipes, power cables, water lines, etc., Causing minimum harmful impact on the environment.
- Major applications include crossing waterways, shore approaches, roadways, environmental sensitive areas, congested areas, etc.

A200

A compact rig with dynamic performance

The A200 HDD is designed to work on narrow streets. The 85 HP Ashok Leyland engine delivers unmatched performance that operators can feel and appreciate during tough pull-back conditions. The A200 features a high-quality rack-pinion system with a thrust/pullback capacity of 9850 kg.. The A200 delivers a spindle torque of 3800Nm that provides high performance, greater crew productivity and efficiency. The A200 features sealed and lubricated track rollers, carrier rollers and idlers that provide long service life, which keeps your machine in the field and working longer. Apollo single-piece forged drill rod provides the optimal range of strength and more flexibility with finished threads.

A400

Better Productivity – Drill Perfect

The A400 HDD provides 12600 kg of pull-backforce and 5500 Nm of spindle torque, which delivers long-lasting productivity in a compact, well-designed and for better maneuverability. The 130 HP Ashok Leyland engine delivers unmatched performance that operators can feel and appreciate during tough drilling conditions. The A400 is fitted with quality components, which ensure durability over time. The design of the A400 is simple and delivers reliable operation and ease of maintenance. The A400 rig features a thoughtfully designed operator station with smart controls. For rig stability, the A400 offers an auto-anchoring system. Apollo single-piece forged drill rod provides the optimal range of strength and more flexibility with finished threads.

A600

An Enhanced Rig with Greater Performance - Built to Counter Tough Jobs.

The A600 HDD features a rack-pinion system powered by a 130 HP Ashok Leyland engine. Along with a pullback capacity of 20810 kg. and Spindletorque of 6500 Nm, the A600 is equipped with a variable flow water pump for a variety of tough drilling conditions. The A600 HDD is equipped with three variable drilling speeds, with greater rotational speed for enhanced productivity. The A600 also features; automatic rod loading on a rack and pinion system (optional) to reduce manpower requirements and increase job efficiency. The A600 features sealed & lubricated track rollers; carrier rollers and idlers that provide excellent service life and help keep the A600 working longer in the field. Based on the customer's input, we have designed the A600 for durability and to deliver results in a highly efficient and reliable manner across a wide range of segments. Apollo single-piece forged drill rod provides the optimal range of strength and more flexibility with finished threads.

A800

Powerful, Reliable, Rugged and Smallest Footprint in its Class.

The A800 HDD is designed for a range of small to medium-diameter, short to long-distance jobs and soft-to-hard rock boring projects. The A800 is constructed with a rack and pinion system with a 170 HP Ashok Leyland engine. Along with the more powerful engine, pull back force of 32020 kg. with a spindle torque rating of 7200Nm. This combination of pullback force and torque is ideal for longer-distance jobs and larger-diameter applications. The A800 is equipped with an auto rod-loader system on rack and pinion system to reduce manpower requirements and increase job efficiency. The A800 also features three drilling

	<p>speeds for different conditions. This model's proportional operated joystick control is designed to match your natural wrist and arm positions during operation to reduce operator fatigue and provide maximum comfort. The A800 also features sealed and lubricated track rollers; carrier rollers and idlers that provide excellent service life and help keep the rig working longer in the field. Additional special features are the auto-drill function and half-rotational function (optional), which enhance performance in solid conditions. Apollo single-piece forged drill rod provides the optimal range of strength and more flexibility with finished threads.</p>
	<p>A900 compact, powerful and reliable source for variety job-site</p> <p>The A900 HDD delivers powerful combinations of 36010 kg of thrust-pullback force with the greater spindle torque rating of 8500 Nm which you need to get the job done quicker. A900 HDD is powered by a 170 HP Ashok Leyland (6 cylinders) with a turbocharger that efficiently delivers tremendous power. The rig is equipped with an auto-reloading system and an auto-anchoring system with safety features that help you to make your job faster.</p>
	<p>A950 Compact size with enhance force for pipeline jobs</p> <p>The A950 HDD designed to handle pipeline job in narrow areas where operator required more power. A950 is gathering engine of 220 HP Ashok Leyland (6 cylinders) with a turbocharger, and the thrust-pullback capacity of 42030 kg along with Spindle torque of 14500 Nm. The rig is equipped with an auto-reloading system and an auto-anchoring system with safety features which deliver for greater performance.</p>
	<p>A1000 Impressive size with increased power</p> <p>The A1000 HDD is manufactured to cater to larger-size diameters along with longer-distance lengths. The rig is constructed with a quality rack-pinion system and powered by a 225 HP Cat engine, with a thrust/pull-back force of 50400 Kg with a rotational spindle torque rating of 19798 Nm. An air-conditioned cabin with a rotating operator seat provides a surround view for maximum comfort to monitor the operations. In-built crane is available as an optional.</p>

A1200

A Large-size Rig for Bigger Job-site

The A1200 is designed to cater to large-size underground infrastructure construction projects, equipped to face tough hard ground and difficult job-site conditions. The equipment is constructed with a quality rack-pinion system and powered by a 275 hp Cat engine. Along with this powerful engine, thrust/pull-back force of 65300 kg with a rotational spindle torque rating of 30200 Nm which is ideal for longer distance jobs and larger diameter applications. Air-conditioned cabin with rotating operator seat provides a surround view for maximum comfort to monitor the operations. In-built crane is available as an optional.

A1500

Rigid and tough rig in its class

The A1500 equipped with enhanced thrust-pullback capacity and rotation torque for special job-site and critical condition. Loaded with cat engine with capacity of 95100 kg and spindle torque of 36300 Nm with in-built crane for loading with drill rods into the rod box. Air-conditioned cabin with rotating operator seat provides a surround view for maximum comfort to monitor the operations.

A2000

Built to take on the Challenge

The all-new A2000 HDD is loaded with 125300 kg of thrust-pullback force and up to 39477 Nm of spindle torque with great spindle speed to power through in any soil condition. A2000 is engineered to attain maximum productivity, powered by 6 cylinders, 402 HP with a turbocharger CAT engine efficiently delivers tremendous power to all drilling functions so that you can achieve the target faster. The A2000 HDD features auto drilling and auto thrust-pullback along with moving moving-wise system for better performance of your rig.

A combination of larger-diameter pipe with a lengthy installation through various soil conditions including solid rock, Apollo empowers you, A2000 with power and driller-friendly technology.

A3000

"Designed for Larger-Scale Horizontal Drilling Jobs"

The A3000 is in a maxi rig category of horizontal directional drilling (HDD) rig used for longer distances, greater depths and larger diameter pipe projects with Placement of polyethylene pipe, oil and gas steel pipe, or Conduit Under obstacles, Including river crossings, or cannel crossings. The rig is equipped Cat engine with the Thrust-pullback force of

	<p>180300 kg and spindle torque of 77012 Nm. A3000 having separate cabin for better visibility of the operations and operator can comfortably operate the rig.</p>
	<p>HD 50/100</p> <p>The all-new HD 50/100 is a freshly launched rig. It has been designed to be a more compact and cost-effective product than the A-series and R-series. It has a 275 HP cat engine and a 800LPM in-built mud pump, which makes drilling more efficient and having thrust/pullback capacity of 1000 KN (101971 kg) and high torque. The air-conditioned cabin, with a rotating operator seat, gives a surround view for optimal comfort while monitoring operations. A built-in crane is offered as an option.</p>

2. DIAPHRAGM DRILLING RIG (“VERTICAL DRILLING AND FOUNDATION EQUIPMENT”)

Diaphragm wall is a continuous wall constructed in ground in to facilitate certain construction activities, such as:

- As a retaining wall
- As a cut-off provision to support deep excavation
- As the final wall for basement or other underground structure (e.g. tunnel and shaft)
- As a separating structure between major underground facilities as a form of foundation (barrette pile – rectangular pile)

Benefits of Diaphragm wall Rig

- Diaphragm walls enhance the foundation strength of constructions
- It provides vital structural support for tunnels
- Diaphragm walls offer reliable protection from flood risk.

	<p>DW 235</p> <p>Digging Deeper, Growing Stronger</p> <p>The DW 235 is powered by a caterpillar engine. The rig can grab from 400 to 800 mm at a depth of 30 m, including Kelly's extension. The DW 235 includes a unique feature called the free-fall mechanism, which boosts productivity. The rig's undercarriage was designed and manufactured at our state-of-the-art India plant. It has a shoe width of 800 mm and a wire rope diameter of 28mm.</p>

3. ROTARY DRILLING RIG (“VERTICAL DRILLING AND FOUNDATION EQUIPMENT”)

- Piling rigs are construction machines specifically built to install piles—long and slender structural elements that are driven deep into the ground to ensure support and stability for a variety of structures.
- These rigs come equipped with robust hydraulic systems and various attachments that allow for efficient driving, extracting, and boring of piles into the earth.
- The rotary drilling rig is used in segments of urban infrastructure, Metro and Rapid Rail connectivity, Bridges and flyovers, and general construction.

	<p>PR 235</p> <p>Enhanced Productivity for rotary drilling rig</p> <p>We have launched a rotary drilling rig. The PR 235 is frequently used in piles ranging in diameter from small to big, with a maximum pile depth of 54 meters. PR 235 can be used for diameters up to 1800 mm. The rig is powered by a Caterpillar engine and has two winches: the main winch and the auxiliary winch. The rig's undercarriage was developed and constructed in our factory.</p>

COLLABORATIONS, ANY PERFORMANCE GUARANTEE OR ASSISTANCE IN MARKETING BY THE COLLABORATORS

Our Company has not entered into any collaboration, or performance guarantee or assistance for marketing with any Company.

MARKETING AND MARKETING APPROACH

The marketing department plays a crucial role within our organization, facilitating the distribution of our products across India while also engaging in export activities to various international markets, including Nepal, the UAE/ Middle East, and Russia. Our dedicated sales and marketing team, comprising 8 (Eight) salespersons as on January 31, 2025, is committed to developing and implementing a business development strategy that is adaptable to the diverse needs of these markets. Their experience allows them to understand and respond effectively to customer requirements.

A key aspect of our approach is the emphasis on providing after-sales support, which is integral to our customer service. By understanding our client specific needs, we are able to enhance our product offerings and deliver solutions that truly serve our customer requirement.

To bolster our market presence, we have established a professionally designed website and engagement on various social media platforms. Additionally, we invest in advertising within construction industry publications to connect with corporate clients and government entities. Participating in exhibitions allows us to showcase our products, providing a valuable opportunity for potential customers to explore our products.

END USERS OF OUR PRODUCTS

Our customers are mainly contractors who own the machines based on their project requirements. These Contractors can be individuals, proprietors, infrastructure development companies etc.

COMPETITION

In this industry, we face competition from well-established organized and international brands that possess superior financial resources, greater market share, extensive product offerings, and various other advantages. Larger competitors are often more strategically positioned to promote their products effectively, leveraging their resources to enhance visibility and consumer engagement.

RAW MATERIAL

We manufacture machines based on management estimation for upcoming projects and based on the orders received. The manufacturing process consists of several steps such as procurement of raw material, inspection raw materials received, material cutting, semi-part fabrication, smoothening, direct purchased components, paint shop, semi, main and final assembly, final product quality testing and pre-delivery inspection & dispatch.

Our primary raw material is metal sheets, hydraulic motors, engines, blocks, drill rods and other components. We procure these raw materials from our suppliers based on purchase orders, and we do not have any purchase agreements or firm commitments with them. Drill rods and hydraulic motors are among the materials which are imported by our company and we are dependent on foreign suppliers for these components. The raw materials are only sourced from suppliers from our approved vendors list. Raw materials are inspected based on specifications and parameters quality checks are performed in line with the work instructions established, before accepting the materials for usage in our production line. The quality of the raw materials, together with our strong supply chain, ensures a steady supply.

UTILITIES

Water Facility:

Water is required only for drinking and sanitary purposes, and an adequate water supply is available through a bore well for these needs, as well as for manufacturing purposes at our registered office.

Electricity:

We consume a substantial amount of power for our business operations. Adequate and cost-effective supply of electrical power and fuel is critical to our manufacturing facilities. We rely on the state electricity boards through a power grid for the supply of electricity. The company's present power requirement is being sourced through power sanctioned by Uttar Gujarat Vij Company Limited.

GAS:

Our Company has established a connection with Sabarmati Gas Limited. We utilize this gas for manufacturing purpose.

DESIGN AND DEVELOPMENT

Our Company possesses a robust suite of engineering, design and technological capabilities developed in-house. This includes not only our design and manufacturing expertise but also our comprehensive development processes, which collectively enhance our quality control measures. By integrating these capabilities, we ensure that every aspect of our operations contributes to superior product outcomes, allowing us to maintain high standards throughout the production cycle.

As of January 31, 2025 we have a team 5 (Five) members in our design department. We have streamlined our operations to cover the entire product lifecycle, from initial concept to final execution. Our computer-aided design tools empower our employees to refine both design and process parameters, boosting operational efficiency and productivity.

We are committed to achieving rapid development timelines to assist our clients in navigating the complexities of product launches. By minimizing iterations in our development processes, we ensure quality and timely deliveries, positioning ourselves as the preferred partner for projects with demanding schedules.

Since incorporation, we have continuously developed our products. While we have developed various versions of our product horizontal directional drilling rig to cater different demands of our customers, we further introduced the Diaphragm Wall Drilling Rig Machine in 2023 to expand our product offerings.

TRANSPORTATION

The mode of transportation for a particular shipment is dependent on the location of Customer. We transport our finished products by road and sea. We may have to pay for transportation costs in relation to the delivery of some of the raw materials. We do not own any vehicles for the transportation of our products and/or raw materials; we therefore rely on third party transportation and logistics providers for delivery of our raw materials and products. However, we do not have any long-term contractual arrangements with such third-party transportation and logistics providers. Any disruptions in logistics could impair our ability to procure raw materials and/or deliver our products on time.

EMPLOYEE SAFETY AND TRAINING

We endeavour to adhere to laws and regulations relating to the protection of health, employee safety and the environment. We carry out our activities while following appropriate standards of work safety and we strive to ensure that our working conditions remain a healthy and safe work environment for our employees.

We have taken initiatives to reduce the risk of accidents and prevent environmental pollution at our facilities, including:
(i) We provide protective equipment to our employees as part of our initiatives to reduce the risk of accidents and prevent environmental pollution.

(ii) We provide training to our employees to reduce the risk of accidents and prevent environmental pollution.

HUMAN RESOURCES

We consider our employees and personnel as one of our most important assets, who are critical to maintaining our competitive position, we also place importance on developing our employees and human resources. Our manpower is a prudent mix of experienced and young personnel which gives us the dual advantage of stability and growth.

As on January 31, 2025 we have the total 137 Employees.

BUSINESS AND/OR KEY INDUSTRY AND/OR TRADE RELATED LAWS AND REGULATIONS:

State Laws

We operate in various states. Accordingly, legislations passed by the state governments are applicable to us in those states. These include legislations relating to, among others, Shops and Establishment Act, classification of fire prevention and safety measures and other local licensing. Further, we require several approvals from local authorities such as municipal bodies. The approvals required may vary depending on the state and the local area.

Municipality Laws

Pursuant to the Constitution (Seventy-Fourth Amendment) Act, 1992, the respective state legislatures in India have power to endow the municipalities with power to implement schemes and perform functions in relation to matters listed in the Twelfth Schedule to the Constitution of India. The respective states of India have enacted laws empowering the municipalities to issue trade license for operating eating outlets and implementation of regulations relating to such license along with prescribing penalties for non-compliance.

The Micro, Small and Medium Enterprises Development Act, 2006

In order to promote and enhance the competitiveness of Micro, Small and Medium Enterprise (“MSME”) the Micro, Small and Medium Enterprises Development Act, 2006 is enacted. A National Board shall be appointed and established by the Central Government for MSME enterprise with its head office at Delhi in the case of the enterprises engaged in the manufacture or production of goods pertaining to any industry mentioned in first schedule to Industries (Development and Regulation) Act, 1951. As per the revised classification via Notification no. CG-DL-E-01062020-219680 applicable w.e.f. from July 1, 2020, an enterprise would be classified as: “Micro enterprise”, where the investment in plant and machinery or equipment does not exceed one Crore rupees and Turnover does not exceed five Crore rupees; “Small enterprise”, where the investment in plant and machinery or equipment does not exceed ten Crore rupees and Annual Turnover does not exceed fifty Crore rupees; or a “Medium enterprise”, where the investment in plant and machinery or equipment does not exceed fifty Crore rupees and the Annual Turnover does not exceed Two hundred and Fifty Crore rupees.

Factories Act, 1948

The Factories Act, 1948, as amended (the "**Factories Act**"), defines a "factory" to cover any premises which employs 10 or more workers on any day of the preceding 12 months and in which a manufacturing process is carried on with the aid of power or any premises where at least 20 workers are employed, and where a manufacturing process is carried on without the aid of power. Each State Government has enacted rules in respect of the prior submission of plans and their approval for the establishment of factories and registration/licensing thereof. The Factories Act provides for imposition of fines and imprisonment of the manager and occupier of the factory in case of any contravention of the provisions of the Factories Act.

Fire prevention laws

State governments have enacted laws that provide for fire prevention and life safety. Such laws include provisions in relation to providing fire safety and life saving measures by occupiers of buildings, obtaining certification in relation to compliance with fire prevention and life safety measures and impose penalties for non-compliance. Gujarat Fire Prevention and Life Safety Measures Regulations, 2023 is applicable to our Company.

LAWS RELATING TO SPECIFIC STATE WHERE ESTABLISHMENT IS SITUATED:

Gujarat Shops and Establishments (Regulation of Employment and Conditions of Service) Act, 2019

The Gujarat Shops and Establishments (Regulation of Employment and Conditions of Service) Act, 2019 sets forth regulations for employment conditions in shops and establishments across Gujarat. It requires businesses to register and sets limits on working hours (9 hours per day, 48 per week), with overtime paid at twice the normal rate. Weekly time off and annual, sick, and casual leave are mandated, along with specific provisions for women's night shifts, ensuring safety and transportation. The Act also emphasizes employee welfare, mandating facilities like clean drinking water and first-aid, and includes a grievance redressal system to address employee concerns.

Gujarat Factories (Amendment) Rules, 2021

The Gujarat Factories (Amendment) Rules, 2021 amend the Gujarat Factories Rules, 1963, bringing them in line with modern industrial practices and national safety standards. The amendments focus on improving worker safety, with stricter regulations on personal protective equipment (PPE), requiring it to meet Indian, European, or American standards. They also mandate regular occupational health and safety audits, with internal audits conducted periodically and external audits every three years for certain categories of factories. The updates aim to enhance compliance with global standards and improve workplace conditions across Gujarat's factories.

Gujarat State Tax on Professions, Trades, Callings and Employments Act, 1976

The Gujarat State Tax on Professions, Trades, Callings, and Employments Act, 1976 mandates a professional tax on individuals engaged in various professions, trades, and employments within Gujarat, serving as a revenue source for the state. Applicable to both salaried employees and self-employed individuals, the Act defines tax slabs based on income levels or professional categories, with a maximum annual tax of ₹2,500 in accordance with Article 276 of the Indian Constitution. Employers are responsible for registering under the Act, deducting the tax from employees' salaries, and submitting it to the government, while self-employed individuals are required to obtain a Certificate of Enrollment and pay their tax directly. Recent amendments have enhanced penalties for non-compliance, streamlined registration requirements, encouraged digital filing and online payments, and increased exemption limits for certain categories to alleviate the burden on lower-income individuals. Exemptions under the Act apply to specific groups, such as individuals with disabilities, senior citizens, and those below certain income thresholds. These updates aim to improve compliance, ease the tax filing process, and ensure steady revenue for Gujarat's public welfare initiatives.

GENERAL CORPORATE

Companies Act, 2013

The Companies Act, 2013, has replaced the Companies Act, 1956 in a phased manner. The Act received the assent of President of India on 29th August 2013. The Companies Act deals with incorporation of companies and the procedure for incorporation and post incorporation. The conversion of private company into public company and vice versa is also laid down under the Companies Act, 2013. The procedure related to appointment of Directors. The procedure relating to winding up, voluntary winding up, appointment of liquidator also forms part of the Act. Further, Schedule V (read with sections 196 and 197), Part I lays down the conditions to be fulfilled for the appointment of a managing or whole-time director or manager. It provides the list of Acts under which if a person is prosecuted, he cannot be appointed as the director or Managing Director or Manager of a Company. The provisions relating to remuneration of the directors payable by the companies is under Part II of the said schedule.

The Registration Act

The act is used for proper recording of transactions relating to other immovable property also. The Registration Act provides for registration of other documents also, which can give these documents more authenticity. Registering authorities have been provided in all the districts for this purpose.

The Indian Contract Act, 1872

The Indian Contract Act, 1872 (Contract Act) codifies the way in which a contract may be entered into, executed, implementation of the provisions of a contract and effects of breach of a contract. A person is free to contract on any terms he chooses. The Contract Act consists of limiting factors subject to which contract may be entered into, executed and the breach enforced. It provides a framework of rules and regulations that govern formation and performance of contract. The contracting parties themselves decide the rights and duties of parties and terms of agreement.

Negotiable Instruments Act, 1881

In India, cheques are governed by the Negotiable Instruments Act, 1881, which is largely a codification of the English Law on the subject. The Act provides effective legal provision to restrain people from issuing cheques without having sufficient funds in their account or any stringent provision to punish them in the event of such cheque not being honored by their bankers and returned unpaid. Section 138 of the Act, creates statutory offence in the matter of dishonor of cheques on the ground of insufficiency of funds in the account maintained by a person with the banker which is punishable with imprisonment for a term which may extend to two years, or with fine which may extend to twice the amount of the cheque, or with both.

Sale of Goods Act, 1930

The law relating to the sale of goods is codified in the Sale of Goods Act, 1930. It defines sale and agreement to sell as a contract whereby the seller transfers or agrees to transfer the property in goods to the buyer for a price and provides that there may be a contract of sale between part owner and another and that the contract of sale may be absolute or conditional.

Information Technology Act, 2002 (“Information Technology Act”)

The Information Technology Act seeks to (i) provide legal recognition to transactions carried out by various means of electronic data interchange involving alternatives to paper-based methods of communication and storage of information; (ii) facilitate electronic filing of documents; and (iii) create a mechanism for the authentication of electronic documentation through digital signatures. The Information Technology Act facilitates electronic commerce by recognizing contracts concluded through electronic means, protects intermediaries in respect of third-party information liability and creates liability for failure to protect sensitive personal data. The Information Technology Act empowers the Government of India to formulate rules with respect to reasonable security practices and procedures and sensitive personal data. In exercise of this power, the Department of Information Technology, Ministry of Electronics and Information Technology, Government of India (“DoIT”), on April 11, 2011, notified the Information Technology (Reasonable Security Practices and Procedures and Sensitive Personal Data or Information) Rules, 2011 (“IT Security Rules”) which prescribe directions for the collection, disclosure, transfer and protection of sensitive personal data by a body corporate or any person acting on behalf of a body corporate. The IT Security Rules require every such body corporate to provide a privacy policy for handling and dealing with personal information, including sensitive personal data, ensuring security of all personal data collected by it and publishing such policy on its website. The IT Security Rules further require that all such personal data be used solely for the purposes for which it was collected and any third-party disclosure of such data is made with the prior consent of the information provider, unless contractually agreed upon between them or where such disclosure is mandated by law. The DoIT also notified the Information Technology (Intermediaries Guidelines and Digital Media Ethics Code) Rules, 2021 (“IT Intermediaries Rules”) on February 25, 2021, requiring intermediaries receiving, storing, transmitting, or providing any service with respect to electronic messages to not knowingly host, publish, transmit, select or modify any information prohibited under the IT Intermediaries Rules, to disable hosting, publishing, transmission, selection or modification of such information once they become aware of it, as well as specifying the due diligence to be observed by intermediaries.

EMPLOYMENT AND LABOUR LAWS

The Code on Wages, 2019 (the “Code”)

The Code received the assent of the President of India on August 8, 2019. The Code is yet to be notified in the Official Gazette. The Code will replace the four existing ancient laws namely (i) the Payment of Wages Act, 1936, (ii) the Minimum Wages Act, 1948, (iii) the Payment of Bonus Act, 1965, and (iv) the Equal Remuneration Act, 1976. The Code will apply to all employees and allows the Central Government to set a minimum statutory wage. In pursuance of the Code, the Code on Wages (Central Advisory Board) Rules, 2021 have been notified, which prescribe, inter alia, the constitution and functions of the Central Advisory Board set up under the Code on Wages, 2019.

The four existing laws are as follows:

- **The Payment of Wages Act, 1936**

Payment of Wages Act, 1936, as amended, Payment of Wages (Amendment) Act, 2017 is aimed at regulating the payment of wages to certain classes of persons employed in certain specified industries and to ensure a speedy and effective remedy for them against illegal deductions or unjustified delay caused in paying wages to them. The Act confers on the person(s) responsible for payment of wages certain obligations with respect to the maintenance of registers and the display in such factory/establishment, of the abstracts of this Act and Rules made there under.

- **The Minimum Wages Act, 1948**

The Minimum Wages Act, 1948 came into force with an objective to provide for the fixation of a minimum wage payable by the employer to the employee. Every employer is mandated to pay the minimum wages to all employees engaged to do any work skilled, unskilled, and manual or clerical (including out-workers) in any employment listed in the schedule to this Act, in respect of which minimum rates of wages have been fixed or revised under the Act.

- **The Payment of Bonus Act, 1965 (the “PoB Act”)**

The PoB Act provides for payment of minimum bonus to factory employees and every other establishment in which 20 or more persons are employed and requires maintenance of certain books and registers and filing of monthly returns showing computation of allocable surplus, set on and set off of allocable surplus and bonus due.

- **The Equal Remuneration Act, 1976**

The Equal Remuneration Act 1979 provides for payment of equal remuneration to men and women workers and for prevention discrimination, on the ground of sex, against female employees in the matters of employment and for matters connected therewith. The Act was enacted with the aim of state to provide Equal Pay and Equal Work as envisaged under Article 39 of the Constitution of India.

Contract Labour (Regulation and Abolition) Act, 1970

The Contract Labour (Regulation and Abolition) Act, of 1970 requires establishments that employ or have employed on any day in the preceding twelve months fifty or more workers as contract labour to be registered. The Act requires the principal employer of an establishment to which the Contract Labour Act applies to make an application for registration of the establishment to employ contract labour in the establishment. Contractor to whom the Contract Labour Act applies is required to obtain a license and not to undertake or execute any work through contract labour except under and in accordance with the license issued. The Contract Labour Act imposes certain obligations on the contractor including the establishment of canteens, rest rooms, washing facilities, first aid facilities and provision of drinking water and payment of wages. In the event that the contractor fails to provide these amenities, the principal employer is under an obligation to provide these facilities within a prescribed time.

Inter State Migrant Workmen (Regulation of Employment and Condition of Service) Act, 1979

This law is applicable to all the establishments employing five or more migrant workmen from other states. In addition to this, this law is also applicable to contractors who have employed five or more inter-State workmen. The establishment must be registered with the local authority while employing migrant workers. This means that if an establishment is prohibited from employing migrant workers from other states if they do not have a certificate from the concerned authority. The same law applies to the contractors too who employ workers from one state and deploy them in other states. As per this law, the contractors deploying the migrant workers must provide terms and conditions of the recruitment to the workers. These are the remuneration payable, hours of work, fixation of wages and other essential amenities.

Code on Social Security, 2020

The Government of India enacted ‘The Code on Social Security, 2020 which received the assent of the President of India on September 28, 2020. The provisions of this code will be brought into force on a date to be notified by the Central Government. It proposes to subsume several separate legislations including the Employee’s Compensation Act, 1923, the Employees’ State Insurance Act, 1948, the Employees’ Provident Funds and Miscellaneous Provisions Act, 1952, the Maternity Benefit Act, 1961 and the Payment of Gratuity Act, 1972. The laws that the code shall subsume, are currently as follows:

- **Employee’s Compensation Act, 1923**

The Employees’ Compensation Act, 1923 provides for payment of compensation to injured employees or workmen by certain classes of employers for personal injuries caused due to an accident arising out of and during the course of employment. Under the Employees’ Act, the amount of compensation to be paid depends on the nature and severity of the injury. The Employees’ Act also lays down the duties/obligations of an employer and penalties in cases of non-fulfilment of such obligations thereof. There are separate methods of calculation or estimation of compensation for injury sustained by the employee. The employer is required to submit to the Commissioner for Employees’

Compensation a report regarding any fatal or serious bodily injury suffered by an employee within seven days of death/serious bodily injury.

- **Employee's State Insurance Act, 1948**

It is an Act to provide for certain benefits to employees in case of sickness, maternity and 'employment injury' and to make provision for certain other matters in relation thereto. It shall apply to all factories (including factories belonging to the Government) other than seasonal factories. The ESI Act requires all the employees of the establishments to which this Act applies to be insured in the manner provided there under. Employer and employees both are required to make contribution to the fund. The return of the contribution made is required to be filed with the Employee State Insurance department.

- **Employee's Provident Fund and Miscellaneous Provisions Act, 1952**

The EPF Act is applicable to an establishment employing more than 20 employees and as notified by the government from time to time. All the establishments under the EPF Act are required to be registered with the appropriate Provident Fund Commissioner. Also, in accordance with the provisions of the EPF Act, the employers are required to contribute to the employees' provident fund the prescribed percentage of the basic wages, dearness allowances and remaining allowance (if any) payable to the employees. The employee shall also be required to make the equal contribution to the fund. The Central Government under Section 5 of the EPF Act (as mentioned above) frames Employees Provident Scheme, 1952.

- **Maternity Benefit Act, 1961**

The Act provides for leave and right to payment of maternity benefits to women employees in case of confinement or miscarriage etc. The Act is applicable to every establishment which is a factory, mine or plantation including any such establishment belonging to government and to every establishment of equestrian, acrobatic and other performances, to every shop or establishment within the meaning of any law for the time being in force in relation to shops and establishments in a state, in which ten or more persons are employed, or were employed, on any day of the preceding twelve months; provided that the state government may, with the approval of the Central Government, after giving at least two months' notice shall apply any of the provisions of this Act to establishments or class of establishments, industrial, commercial, agricultural or otherwise.

- **Payment of Gratuity Act, 1972**

The Act shall apply to every factory, mine plantation, port and railway company; to every shop or establishment within the meaning of any law for the time being in force in relation to shops and establishments in a State, in which ten or more persons are employed, or were employed, on any day of the preceding twelve months; such other establishments or class of establishments, in which ten or more employees are employed, on any day of the preceding twelve months, as the Central Government, may by notification, specify in this behalf. A shop or establishment to which this Act has become applicable shall be continued to be governed by this Act irrespective of the number of persons falling below ten at any day. The gratuity shall be payable to an employee on termination of his employment after he has rendered continuous service of not less than five years on superannuation or his retirement or resignation or death or disablement due to accident or disease. The five-year period shall be relaxed in case of termination of service due to death or disablement.

Employees' Deposit Linked Insurance Scheme, 1976

The scheme shall be administered by the Central Board constituted under section 6C of the EPF Act. The provisions relating to recovery of damages for default in payment of contribution with the percentage of damages are laid down under Section 8A of the Act. The employer falling under the scheme shall send to the Commissioner within fifteen days of the close of each month a return in the prescribed form. The register and other records shall be produced by every employer to the Commissioner or other officer so authorized shall be produced for inspection from time to time. The amount received as the employer's contribution and Central Government's contribution to the insurance fund shall be credited to an account called as "Deposit-Linked Insurance Fund Account."

The Employees' Pension Scheme, 1995

Family pension in relation to this Act means the regular monthly amount payable to a person belonging to the family of the member of the Family Pension Fund in the event of his death during the period of reckonable service. The scheme shall apply to all the employees who become a member of the EPF or PF of the factories provided that the age of the employee should not be more than 59 years in order to be eligible for membership under this Act. Every employee who is a member of EPF or PF has an option of the joining the scheme. The employer shall prepare a Family Pension Fund contribution card in respect of the all the employees who are members of the fund.

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 (the "Act")

In order to curb the rise in sexual harassment of women at workplace, this Act was enacted for prevention and redressal of complaints and for matters connected therewith or incidental thereto. The terms sexual harassment and workplace are both defined in the Act. Every employer should also constitute an "Internal Complaints Committee" and every officer and member of the company shall hold office for a period of not exceeding three years from the date of nomination. Any aggrieved woman can make a complaint in writing to the Internal Committee in relation to sexual harassment of female at workplace. Every employer has a duty to provide a safe working environment at workplace which shall include safety from the persons coming into contact at the workplace, organizing awareness programs and workshops, display of rules relating to the sexual harassment at any conspicuous part of the workplace, provide necessary facilities to the internal or local committee for dealing with the complaint, such other procedural requirements to assess the complaints.

Child Labour (Prohibition and Regulation) Act, 1986 (the "CLPR Act")

The "CLPR Act seeks to prohibit the engagement of children in certain employments and to regulate the conditions of work of children in certain other employments. Part B of the Schedule to the CLPR Act strictly prohibits employment of children in cloth printing, dyeing and weaving processes and cotton ginning and processing and production of hosiery goods.

TAX RELATED LEGISLATIONS

Income Tax Act, 1961 (the "IT Act")

The IT Act is applicable to every Company, whether domestic or foreign whose income is taxable under the provisions of the IT Act or Rules made thereunder depending upon its Residential Status and Type of Income involved. The IT Act provides for the taxation of persons resident in India on global income and persons not resident in India on income received, accruing or arising in India or deemed to have been received, accrued or arising in India. Every Company assessable to income tax under the IT Act is required to comply with the provisions thereof, including those relating to Tax Deduction at Source, Advance Tax, Minimum Alternative Tax and like. Every such Company is also required to file its returns by September 30 of each assessment year.

Central Goods and Services Tax Act, 2017 (the "GST Act")

The GST Act levies indirect tax throughout India to replace many taxes levied by the Central and State Governments. The GST Act was applicable from July 1, 2017, and combined the Central Excise Duty, Commercial Tax, Value Added Tax (VAT), Food Tax, Central Sales Tax (CST), Introit, Octroi, Entertainment Tax, Entry Tax, Purchase Tax, Luxury Tax, Advertisement Tax, Service Tax, Customs Duty, Surcharges. GST is levied on all transactions such as sale, transfer, purchase, barter, lease, or import of goods and/or services. India has adopted a dual GST model, meaning that taxation is administered by both the Union and State Governments. Transactions made within a single state is levied with Central GST (CGST) by the Central Government and State GST (SGST) by the government of that state. For inter-state transactions and imported goods or services, an Integrated GST (IGST) is levied by the Central Government. GST is a consumption-based tax; therefore, taxes are paid to the state where the goods or services are consumed and not the state in which they were produced.

Customs Act, 1962

The provisions of the Customs Act, 1962 and rules made there under are applicable at the time of import of goods i.e., bringing into India from a place outside India or at the time of export of goods i.e., taken out of India to a place outside India. Any Company requiring to import or export any goods is first required to get itself registered and obtain an IEC (Importer Exporter Code).

ENVIRONMENTAL LAWS

The Environment Protection Act, 1986 and Environment (Protection) Rules, 1986

The Environmental Protection Act, 1986 is an "umbrella" legislation designed to provide a framework for co-ordination of the activities of various Central and State authorities established under various laws. The potential scope of the Act is broad, with "environment" defined to include water, air and land and the interrelationships which exist among water, air and land, and human beings and other living creatures such as plants, micro-organisms and property. Further, the Ministry of Environment and Forests looks into Environment Impact Assessment. The Ministry receives proposals for expansion, modernization and setting up of projects and the impact which such projects would have on the environment which is assessed by the Ministry in detail before granting clearances for such proposed projects.

National Environmental Policy, 2006

This Policy seeks to extend the coverage, and fill in gaps that still exist, in light of present knowledge and accumulated experience. This policy was prepared through an intensive process of consultation within the Government and inputs from

experts. It does not displace but builds on the earlier policies. It is a statement of India's commitment to making a positive contribution to international efforts. This is a response to our national commitment to a clean environment, mandated in the Constitution in Articles 48 A and 51 A (g), strengthened by judicial interpretation of Article 21. The dominant theme of this policy is that while conservation of environmental resources is necessary to secure livelihoods and well-being of all, the most secure basis for conservation is to ensure that people dependent on particular resources obtain better livelihoods from the fact of conservation, than from degradation of the resource. Following are the objectives of the National Environmental Policy:

1. Conservation of Critical Environmental Resources
2. Intra-generational Equity: Livelihood Security for the Poor
3. Inter-generational Equity
4. Integration of Environmental Concerns in Economic and Social Development
5. Efficiency in Environmental Resource Use
6. Environmental Governance
7. Enhancement of resources for Environmental Conservation.

Air (Prevention and Control of Pollution) Act, 1981 (“Air Act”)

Air Act is an act to provide for the prevention, control and abatement of air pollution, with a view to carrying out the aforesaid purposes, of Boards, for conferring on and assigning to such Boards powers and functions relating thereto and for matters connected therewith. With a view to ensuring that the standards for emission of air pollutants from automobiles laid down by the State Board under clause (g) of subsection (1) of section 17 of the Air Act are complied with, the State Government shall, in consultation with the State Board, give such instructions as may be deemed necessary to the concerned authority in charge of registration of motor vehicles under the Motor Vehicles Act, 1939 (Act 4 of 1939), and such authority shall, notwithstanding anything contained in that Act or the rules made thereunder be bound to comply with such instructions.

The Water (Prevention and Control of Pollution) Act, 1974 (“Water Act”)

It is a central piece of legislation in India aimed at preventing, controlling, and reducing water pollution. It empowers Central and State Pollution Control Boards to establish standards and monitor water quality in rivers, lakes, streams, and groundwater sources. The Act prohibits the discharge of pollutants into water bodies beyond permissible limits and requires industries to obtain consent before releasing effluents. It allows for setting up water testing laboratories, inspecting industrial facilities, and enforcing penalties for violations, including fines and imprisonment. The Act promotes awareness and engagement of the public in pollution control and provides guidelines for sewage and industrial wastewater treatment to ensure safe water for drinking, agriculture, and industrial use.

Noise Pollution (Regulation and Control) Rules, 2000 (“Noise Pollution Rules”)

The Noise Pollution Rules were enacted to regulate and decrease the ambient noise levels in public places from various sources, inter-alia, industrial activity, construction activity, (firecrackers, sound producing instruments), generator sets, loud speakers, public address systems, music systems, vehicular horns and other mechanical devices which have deleterious effects on human health and the psychological well-being of the people. The State Government shall take measures for abatement of noise including noise emanating from vehicular movements, (blowing of horns, bursting of sound emitting fire crackers, use of loud speakers or public address system and sound producing instruments) and ensure that the existing noise levels do not exceed the ambient air quality standards specified under these rules.

INTELLECTUAL PROPERTY LEGISLATIONS:

- **Trade Marks Act, 1999 (“Trade Marks Act”)**

A trade mark is essentially any mark capable of being represented graphically and distinguishing goods or services of one person from those of others and includes a device, brand, heading, label, ticket, name, signature, word, letter, numeral, shape of goods, packaging or combination of colours or any combination thereof. In India, trademarks enjoy protection under both statutory and common law. Registration of a trade mark grants the owner a right to exclusively use the trade mark as a mark of goods and services and prevents the fraudulent use of marks in India. The Trade Marks Act permits the registration of trade marks for goods and services. Certification trademarks and collective marks can also be registered under the Trade Marks Act. The Registrar of Trade Marks is the authority responsible for, among other things, registration of trade marks, settling opposition proceedings and rectification of the register of trade marks. The Trade Marks (Amendment) Act, 2010 has been enacted to cover Indian nationals as well as

foreign nationals to secure simultaneous protection of trade marks in other countries. The Trade Marks (Amendment) Rules, 2013 were enacted to give effect to the Trade Mark (Amendment) Act, 2010.

- **The Patents Act, 1970 (“Patents Act”)**

The Patents Act governs the patent regime in India. A patent is an intellectual property right relating to inventions and grant of exclusive right, for limited period, provided by the Government to the patentee, for excluding others from making, using, selling and importing the patented product or process or produce that product. In addition to the broad requirement that an invention must satisfy the requirements of novelty, utility and non-obviousness in order for it to avail patent protection, the Patents Act further provides that patent protection may not be granted to certain specified types of inventions and materials even if they satisfy the above criteria.

- **The Copyright Act, 1957**

The Copyright Act, 1957, along with the Copyright Rules, 2013 (“Copyright Laws”) governs copyright protection in India. A registration under the Copyright Laws acts as a prima facie evidence of the particulars entered therein and helps expedite infringement proceedings and reduce delay caused due to evidentiary considerations. The Copyright Laws prescribe a fine, imprisonment or both for violations, with enhanced penalty on second or subsequent convictions.

- **Designs Act, 2000 (“DA”) and the Designs Rules, 2001 (“DR”)**

The DA regulates and protects the originality of an article’s design and prohibits the piracy of registered designs. The primary objective of the DA is to protect new or original designs from getting copied, and ensure that the creator, originator or artisan of the design is not deprived of their rightful gains for the creation of their design. The central government also drafted the DR under the authority of the DA for the purposes of specifying certain prescriptions regarding the practical aspects related to design such as payment of fees, register for designs, classification of goods, address for service, restoration of designs, etc.

OTHER LAWS:

Foreign Trade (Development and Regulation) Act, 1992

The FTA is the main legislation concerning foreign trade in India. The FTA, read along with the Foreign Trade (Regulation) Rules, 1993, provides for the development and regulation of foreign trade by facilitating imports into, and augmenting exports from, India and for matters connected therewith or incidental thereto. It authorizes the government to formulate as well as announce the export and import policy and to keep amending the same on a timely basis. The government has also been given a wide power to prohibit, restrict and regulate the exports and imports in general as well as specified cases of foreign trade. The FTA read with the Foreign Trade Policy, 2023, prohibits anybody from undertaking any import or export except under an importer-exporter code (“IEC”) number granted by the Director General of Foreign Trade. Hence, every entity in India engaged in any activity involving import/export is required to obtain an IEC unless specifically exempted from doing so. The IEC shall be valid until it is cancelled by the issuing authority. An IEC number allotted to an applicant is valid for all its branches, divisions, units and factories. Failure to obtain the IEC number shall attract penalty under the FTA.

Foreign Trade Policy (the “FTP”) 2023

The foreign trade policy of India is governed and regulated by the Foreign Trade (Development and Regulation) Act, 1992, as amended (“FTA”). The FTA empowered the Central Government to make provisions for the development and regulation of foreign trade by way of facilitating imports into as well as augmenting exports from the country and in all other matters related to foreign trade. The government has also been given a wide power to prohibit, restrict and regulate the exports and imports in general as well as specified cases of foreign trade. It is authorised to periodically formulate the FTP and amend it thereafter whenever it deems fit. All exports and imports are required to be in compliance with this policy. The FTP provides for certain schemes for the promotion of export of finished goods and import of inputs. The FTP shall continue to be in operation unless otherwise specified or amended. The FTA, read with the FTP, also provides that no person or company can make exports or imports without having obtained an importer exporter code number (“IEC”) granted by the Director General of Foreign Trade, Ministry of Commerce (“DGFT”) pursuant to Section 7 of the FTA unless exempted from doing so. Any person who makes any export or import in contravention of any provision of the FTA or any rules or orders made thereunder, or the foreign trade policy would become liable to a penalty of not less than ₹10,000 and not more than five times the value of the goods or services or technology in respect of which any contravention is made or is attempted to be made, whichever is made.

Foreign Exchange Management Act, 1999 & Rules thereunder

Foreign investment in India is governed primarily by the provisions of the FEMA, and the rules, regulations and notifications thereunder, as issued by the RBI from time to time and the FEMA Rules and the Consolidated FDI Policy. In terms of the Consolidated FDI Policy, foreign investment is permitted (except in the prohibited sectors) in Indian companies either through the automatic route or the Government route, depending upon the sector in which the foreign investment is sought to be made. In terms of the Consolidated FDI Policy, the work of granting government approval for foreign investment under the Consolidated FDI Policy and FEMA has now been entrusted to the concerned administrative ministries/departments.

The FEMA Rules were enacted on October 17, 2019 in supersession of the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2017, except for things done or omitted to be done before such supersession. The total holding by any individual NRI, on a repatriation basis, shall not exceed five percent of the total paid-up equity capital on a fully diluted basis or shall not exceed five percent of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrant. Provided that the aggregate ceiling of 10 percent may be raised to 24 percent if a special resolution to that effect is passed by the general body of the Indian company.

The total holding by each FPI or an investor group, shall be less than 10 percent of the total paid-up equity capital on a fully diluted basis or less than 10 percent of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all FPIs put together, including any other direct and indirect foreign investments in the Indian company permitted under these rules, shall not exceed 24 per cent of paid-up equity capital on a fully diluted basis or paid-up value of each series of debentures or preference shares or share warrants. The said limit of 10 percent and 24 percent shall be called the individual and aggregate limit, respectively.

BUSINESS OVERVIEW

We are a manufacturer specializing in trenchless technology and foundation equipment for the construction industry. Our product line-up includes Horizontal Directional Drilling (HDD) rigs, Diaphragm Drilling Rigs, Rotary Drilling Rigs and Spare parts. The Horizontal Directional Drilling rigs are primarily utilized for the installation of essential utilities such as gas pipelines, water supply lines, sewer lines, optical fibre cables, and electrical conduits. The Diaphragm Drilling Rigs are designed for constructing foundations for deep basements, retaining walls in railway, airports and metro stations, as well as developments along riverfronts. The Rotary Drilling Rigs are employed for creating foundation piles necessary for high-rise buildings and bridges. We also provide warranties, on-site support and technical training to ensure our customers are well equipped to utilize our machinery effectively.

OUR BUSINESS MODEL

1. Horizontal Directional Drilling Rig (HDD):

We are the manufacturer of Horizontal Directional Drilling (HDD). Horizontal Directional Drilling (HDD) is a trenchless technology used primarily for installing essential utilities such as gas pipelines, water supply lines, sewer lines, optical fibre cables, and electrical conduits with minimal surface disruption. This method is particularly advantageous in urban environments or areas with existing underground utilities. Horizontal Directional Drilling (HDD) is used when trenching or excavating is not practical.

2. Diaphragm Drilling Rig:

Diaphragm wall drilling rigs are specialized machines used in the construction of diaphragm walls, which are reinforced concrete structures cast into the ground for various applications such as foundation support, excavation support, and cut-off walls. Diaphragm walls have become a standard method in specialist foundation engineering, acting as retaining structures, cut-off walls and foundation elements with structural function.

3. Rotary Drilling Rig:

Rotary drilling rigs are widely used in various industries such as construction, and infrastructure development. These rigs operate by rotating a drill bit to penetrate the earth's surface, making them versatile and efficient for deep drilling applications. They are commonly employed for creating strong foundations for high-rise building, bridges and other large structure.

4. Sale of spare parts:

Spare parts are parts of machines that are sold and given to customers depending on their needs in the event that the machine fails or is damaged due to regular wear and tear. These parts include Drill Rods, Hydraulic Pumps, Filters, Oil Seals and Electric components etc.

COMPARISON OF FINANCIAL YEAR 2023-24 WITH FINANCIAL YEAR 2022-23:

TOTAL INCOME:

Our total income decreased by 4.53 % or ₹328.37 lakhs from ₹7,256.54 lakhs in FY 2022-23 to ₹6,928.18 lakhs in FY 2023-24, primarily due to reasons as discussed below:

Revenue from operations

Revenue from operations in FY 2022-23 and FY 2023-24 comprised of total revenue from operation from (i) Sale of Products includes Sale of spare parts, Sale of Finished goods and sale of traded goods, (ii) Sale of Services includes Erection & Commission Income and (iii) Other Operating Revenue includes Scrap sales and Other Operating Revenue. The total revenue from operations decreased by 3.83% or ₹274.88 lakhs from ₹ 7,172.55 lakhs in FY 2022-23 to ₹6,897.67 lakhs in FY 2023-24. This decrease in revenue from operations can be primarily attributed to decrease in sales of spare parts which decreased from ₹ 2,255.68 lakhs in FY 2022-23 to ₹ 1,228.78 lakhs in FY 2023-24. Our revenue from sale of finished goods has increased from ₹ 4,896.87 lakhs in FY 2022-23 to ₹ 5,628.08 lakhs in FY 2023-24. This growth is attributed to the increase in the number of machines sold, from 47 machines in FY 2022-23 to 60 machines in FY 2023-24. In FY 2023-24 we have launched new product Diaphragm Wall Drilling Rig Machine, which contributed ₹ 976.00 lakhs in the revenue from operations. In FY 2023-24 our export contribution has also increased from 4.65% in FY 2022-23 to 20.08% in FY 2023-24.

Other Income:

Other income mainly includes (i) Interest on deposits with banks (ii) Export Incentives (iii) Dividend Income (iv) Net gain on foreign currency transactions & translation (v) Other Non-operating Income. Other income of the company decreased by 63.68% or ₹53.49 lakhs from ₹ 84.00 Lakhs in FY 2022-23 to ₹30.51 lakhs for FY 2023-24. The primary reason for such decrease in other income due to decreased in gain on foreign currency transactions & translation from ₹ 58.37 lakhs in FY 2022-23 to ₹ 1.83 lakhs in FY 2023-24.

TOTAL EXPENDITURE:

Our total expenses decreased by 9.42% being ₹672.71 lakhs from ₹ 7,140.00 lakhs in FY 2022-23 to ₹ 6,467.29 lakhs in FY 2023-24. The reasons for change are discussed below:

Cost of material consumed

Our Cost of materials consumed were ₹ 5396.07 lakhs in FY 2022-23 as compared to ₹ 5418.56 lakhs in FY 2023-24 showing a minimum increase of 0.42 % from previous year i.e. FY 2022-23.

Changes in Inventories of Finished Goods and work in progress

During the financial year 2023-24, there was a decrease of ₹456.74 lakhs in the change in inventories of finished goods and work in progress, compared to an increase of ₹501.93 lakhs in FY 2022-23, resulting in decreasing of cost. The balance of finished goods increased from ₹158.29 lakhs to ₹ 243.76 lakhs by the year-end, while work-in-process inventory rose from ₹ 155.11 lakhs to ₹ 491.29 lakhs, indicating a higher volume of production in progress. These changes in inventory levels, particularly the increase in work-in-progress, contributed to the overall decrease in inventory adjustments.

Employee Benefit Expenses

Employee Benefit Expenses of the company increased by 17.21% being ₹80.69 lakhs from ₹468.76 lakhs in FY 2022-23 to ₹549.44 lakhs for FY 2023-24. Increase in Employee Benefit Expenses is primarily attributable to Increase in Salaries and Wages from ₹ 395.67 lakhs in FY 2022-23 to ₹ 465.24 lakhs in FY 2023-24, mainly due to salary raise and increase in employee count from 100 employees in FY 2022-23 to 129 employees in FY 2023-24.

Finance Costs

Finance Costs of the company increased by 65.88 % being ₹ 102.04 lakhs from ₹154.88 lakhs in FY 2022-23 to ₹256.92 lakhs in FY 2023-24. Finance costs includes interest expense incurred in relation to loan from banks and others, Interest on income tax, other interest expense and Other Borrowing Costs. Such increase in Finance costs is primarily attributable to increase in interest on loan from banks from ₹ 111.91 lakhs in FY 2022-23 to ₹ 202.07 lakhs in FY 2023-24 primarily due to increase in bank loans.

Depreciation and Amortisation Expense

Depreciation and Amortisation expenses of the company Increased by 2.89% being ₹2.75 lakhs from ₹95.35 lakhs in FY 2022-23 to ₹98.10 lakhs in FY 2023-24. The increase in Depreciation and Amortisation Expense can be primarily attributed addition of software in FY 2023-24.

Other Expenses

Other Expenses of the company increased by 14.91 % being ₹77.99 lakhs from ₹523.01 lakhs in FY 2022-23 to ₹601.00 lakhs for FY 2023-24. Increase in Other Expenses can be attributed primarily to commission on sales which increased from ₹134.73 lakhs in FY 2022-23 to ₹174.79 lakhs in FY 2023-24. Other expenses primarily include Power and Fuel, Repairs to Buildings, Repairs to Machinery, Repairs to Others, Warranty Expense, Administrative Expenses, Advertisement Expenses, Export Clearing Expense, Other Manufacturing Expenses, Legal and Professional Expenses, Rent, Rates and Taxes, Insurance, Travelling and Conveyance Expenses, Auditor Remuneration, Prior-period Items, Freight and Forwarding Expenses, Selling and Distribution Expenses, Bad debts written off, Commission on Sales and Miscellaneous Expenses.

Profit before Tax (PBT)

QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

In the course of undertaking our business, we are exposed to the following risks arising from financial instruments, which include credit risk, liquidity risk and market risk. Our primary focus is to achieve better predictability of financial markets and seek to minimize potential adverse effects on our financial performance.

Credit Risk

Credit risk is the risk that a customer or counterparty to a financial instrument will fail to perform or fail to pay amounts due causing financial loss. The potential activities where credit risks may arise include from cash and cash equivalents, security deposits or other deposits and principally from credit exposures to customers relating to outstanding receivables. The maximum credit exposure associated with financial assets is equal to the carrying amount.

Our exposure to credit risk is influenced mainly by the individual characteristics of each customer and the geography in which it operates. Credit risk is managed through credit approvals, establishing credit limits, and continuously monitoring the creditworthiness of customers to which our Company grants credit terms in the normal course of business.

Liquidity Risk

Liquidity risk is the risk that we will encounter difficulty in meeting the obligations associated with its financial liabilities that are proposed to be settled by delivering cash or other financial asset. Our financial planning has ensured, as far as possible, that there is sufficient liquidity to meet the liabilities whenever due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to our reputation. We have practiced financial diligence and syndicated adequate liquidity in all business scenarios.

Market Risk

Market risk is the risk that results in changes in market prices, such as foreign exchange rates, interest rates and equity prices, which will affect our income or the value of our holdings of financial instruments. Our operations result in us being exposed to foreign currency risk on account of trade receivables, trade payables and borrowings. The foreign currency risk may affect our income and expenses, or our financial position and cash flows. The objective of our management of foreign currency risk is to maintain this risk within acceptable parameters, while optimizing returns.

EFFECT OF INFLATION

We are affected by inflation as it has an impact on the Cost of operating expense, wages, etc. In line with changing inflation rates, we rework our margins so as to absorb the inflationary impact.

SECTION X – LEGAL AND OTHER INFORMATION

OUTSTANDING LITIGATIONS AND MATERIAL DEVELOPMENTS

Except as stated in this section, there are no: (i) outstanding criminal proceedings (including first information reports, whether cognizance has been taken or not, initiated by or against our Company, Directors, Promoters, Key Managerial Personnel, Senior Managerial Personnel and Subsidiary Company); (ii) outstanding actions taken by statutory or regulatory authorities; (iii) outstanding claims relating to direct and indirect taxes; (iv) outstanding disciplinary actions including penalties imposed by SEBI or Stock Exchanges against the Promoters in the last five financial years, including any outstanding action; or (v) Material Litigation (as defined below); involving our Company, Directors, Promoters and Subsidiary Company. (vi) all outstanding criminal proceedings involving key managerial personnel and senior management personnel of our company and also the actions by regulatory authorities and statutory authorities against such key managerial personnel and senior management personnel of our company.

For the purposes of (iv) above, in terms of the Materiality Policy adopted by our Board pursuant to a resolution dated January 16, 2025 any pending litigation / arbitration proceedings involving the Relevant Parties shall be considered “material” for the purposes of disclosure in this Draft Red Herring Prospectus, if:

(a) The aggregate amount involved in such individual litigation exceeds 1% of profit after tax of the Company, as per the last audited financial statements;

(b) where the decision in one litigation is likely to affect the decision in similar litigations, even though the amount involved in such single litigation individually may not exceed 1% of the profit after tax of the Company as per the last audited financial statements, if similar litigations put together collectively exceed 1% of the profit after tax of the Company; and

(c) litigations whose outcome could have a material impact on the business, operations, prospects or reputations of the Company and the Board or any of its committees shall have the power and authority to determine the suitable materiality thresholds for the subsequent financial years on the aforesaid basis or any other basis as may be determined by the Board or any of its committees.

Further, it is clarified that for the purpose of the above, any tax litigation which involves a claim greater than the materiality threshold as defined above, will be disclosed individually and pre-litigation notices received by our Company, or Directors or Promoters or Subsidiary Company from third parties shall in no event be considered as litigation until such time that our Company or Directors or Promoters or Subsidiary Company are impleaded as defendants in litigation proceedings before any judicial forum and accordingly have not been disclosed in this section.

Our Board of Directors considers dues owed by our Company to the small-scale undertakings and other creditors exceeding 5% of the outstanding trade payables, as per the last audited financial statements, as material dues for the Company. This materiality threshold has been approved by our Board of Directors pursuant to the resolution passed on January 16, 2025. Further, for outstanding dues to any party which is a micro, small or a medium enterprise (“MSME”), the disclosure will be based on information available with our Company regarding status of the creditor as defined under Section 2 of the Micro, Small and Medium Enterprises Development Act, 2006, as amended, as has been relied upon by the Statutory Auditors.

Joint Holders

Where 2 (two) or more persons are registered as the holders of any Equity Shares, they will be deemed to hold such Equity Shares as joint holders with benefits of survivorship.

Jurisdiction

Exclusive Jurisdiction for the purpose of this Issue is with the competent courts/authorities in Mehsana, Gujarat.

The Equity Share have not been and will not be registered under the U.S. Securities Act or any state securities laws in the United States and may not be issued or sold within the United States or to, or for the account or benefit of, —U.S. persons (as defined in Regulation S), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable U.S. state securities laws. Accordingly, the Equity Shares are being

issued and sold only outside the United States in offshore transactions in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those issues and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be issued or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Nomination Facility to the Investor

In accordance with Section 72 of the Companies Act, 2013, read with Companies (Share Capital and Debentures) Rules, 2014, the sole Applicant, or the first Applicant along with other joint Applicants, may nominate any one person in whom, in the event of the death of sole Applicant or in case of joint Applicants, death of all the Applicants, as the case may be, the Equity Shares Allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to equity share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of Equity Share(s) by the person nominating. A buyer will be titled to make afresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at our Registered Office of our Company or to the registrar and transfer agents of our Company.

Any person who becomes a nominee by virtue of the provisions of Section 72 of the Companies Act, 2013, shall upon production of such evidence, as may be required by the Board, elect either:

1. To register himself or herself as the holder of the equity shares; or
2. To make such transfer of the equity shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the equity shares, and if the notice is not complied with within a period of ninety (90) days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the equity shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Issue will be made only in dematerialized form, there is no need to make a separate nomination with our Company. Nominations registered with the respective depository participant of the applicant would prevail. If the Investors require changing of their nomination, they are requested to inform their respective depository participant.

Withdrawal of the Issue

Our Company in consultation with the BRLM, reserve the right to not to proceed with the Issue after the Issue Opening Date but before the Allotment. In such an event, our Company would issue a public notice in the newspapers in which the pre-Issue advertisements were published, within two (2) days of the Issue Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Issue. The Book Running Lead Manager, through the Registrar to the Issue, shall notify the SCSBs to unblock the bank accounts of the ASBA Bidders within one (1) Working Day from the date of receipt of such notification. Our Company shall also inform the same to the Stock Exchanges on which Equity Shares are proposed to be listed.

Notwithstanding the foregoing, this Issue is also subject to obtaining (i) the final listing and trading approvals of the Stock Exchange, which our Company shall apply for after Allotment (ii) the final RoC approval of the Red Herring Prospectus after it is filed with the RoC. If our Company in consultation with BRLM withdraws the Issue after the Issue Closing Date and thereafter determines that it will proceed with an issue/issue for sale of the Equity Shares, our Company shall file a fresh Draft Red Herring Prospectus/Red Herring Prospectus with Stock Exchange.

While our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within three Working Days of the Bid/Issue Closing Date or such other period as may be prescribed by the SEBI, the timetable may be extended due to various factors, such as extension of the Bid/Issue Period by our Company in consultation with the BRLM, revision of the Price Band or any delay in receiving the final listing and trading approval from the Stock Exchange. The commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws.

SEBI vide circular SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 has reduced the post issue timeline for IPOs. The revised timeline of T+3 days has been made applicable in two phases, i.e., voluntary for all public issues opening on or after September 1, 2023 and mandatory on or after December 1, 2023. Accordingly, the Issue has been made under UPI Phase III, subject to the timing of the Offer and any circulars, clarification or notification issued by the SEBI from time to time, including with respect to SEBI circular SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023.

The SEBI is in the process of streamlining and reducing the post Issue timeline for initial public offerings. Any circulars or notifications from the SEBI after the date of the Draft Red Herring Prospectus may result in changes to the above-mentioned timelines. Further, the Issue procedure is subject to change to any revised circulars issued by the SEBI to this effect.

The BRLM will be required to submit reports of compliance with listing timelines and activities, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

In terms of the UPI Circulars, in relation to the Issue, the BRLMs will be required to submit reports of compliance with timelines and activities prescribed by SEBI in connection with the allotment and listing procedure within three Working Days from the Bid/Issue Closing Date, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

Submission of Bids

Bid/Issue Period (except the Bid/Issue Closing Date)

Submission and Revision in Bids: Only between 10.00 a.m. and 5.00 p.m. (Indian Standard Time (“IST”))

Bid/Issue Closing Date

Submission and Revision in Bids: Only between 10.00 a.m. and 3.00 p.m. IST

On the Bid/Issue Closing Date, the Bids shall be uploaded until:

- i) 4.00 p.m. IST in case of Bids by QIBs and Non-Institutional Bidders, and
- ii) Until 5.00 p.m. IST or such extended time as permitted by the Stock Exchange, in case of Bids by Individual Bidders (who applies for minimum application size).

On the Bid/Issue Closing Date, extension of time will be granted by the Stock Exchange only for uploading Bids received from Individual Bidders (who applies for minimum application size) after taking into account the total number of Bids received and as reported by the BRLM to the Stock Exchange.

The Registrar to the Issue shall submit the details of cancelled/ withdrawn/ deleted applications to the SCSBs on a daily basis within 60 minutes of the Bid closure time from the Bid/ Issue Opening Date till the Bid/ Issue Closing Date by obtaining the same from the Stock Exchanges. The SCSBs shall unblock such applications by the closing hours of the Working Day and submit the confirmation to the BRLM and the RTA on a daily basis.

To avoid duplication, the facility of re-initiation provided to Syndicate Members, if any shall preferably be allowed only once per Bid/batch and as deemed fit by the Stock Exchange, after closure of the time for uploading Bids.

It is clarified that Bids not uploaded on the electronic bidding system or in respect of which the full Bid Amount is not blocked by SCSBs or not blocked under the UPI Mechanism in the relevant ASBA Account, as the case may be, would be rejected.

Due to limitation of time available for uploading the Bids on the Bid/Issue Closing Date, Bidders are advised to submit their Bids one day prior to the Bid/Issue Closing Date. Any time mentioned in this Draft Red Herring Prospectus is Indian Standard Time. Bidders are cautioned that, in the event a large number of Bids are received on the Bid/Issue Closing Date, as is typically experienced in Initial Public Offering (IPO), some Bids may not get uploaded due to lack of sufficient time. Such Bids that cannot be uploaded will not be considered for allocation under the Issue. Bids will be accepted only during Monday to Friday (excluding any public holiday). None among our Company or any Member of the Syndicate shall be liable for any failure in (i) uploading the Bids due to faults in any software/ hardware system or blocking of application amount by the SCSBs on receipt of instructions from the Sponsor Bank on account of any errors, omissions or non-compliance by various parties involved in, or any other fault, malfunctioning or breakdown in, or otherwise, in the UPI Mechanism.

In case of any discrepancy in the data entered in the electronic book vis-a-vis data contained in the physical Bid cum Application Form, for a particular Bidder, the details of the Bid file received from the Stock Exchanges may be taken our Company in consultation with the BRLM, reserve the right to revise the Price Band during the Bid/Issue Period, provided that the Cap Price shall be less than or equal to 120% of the Floor Price and the Floor Price shall not be less than the face value of the Equity Shares. The revision in the Price Band shall not exceed 20% on either side, i.e. the Floor Price can move up or down to the extent of 20% of the Floor Price and the Cap Price will be revised accordingly. The Floor Price shall not be less than the face value of the Equity Shares.

In case of any revision to the Price Band, the Bid/Issue Period will be extended by at least three additional Working Days following such revision of the Price Band, subject to the Bid/Issue Period not exceeding a total of 10 Working Days. In cases of force majeure, banking strike or similar circumstances, our Company in consultation with the BRLM, for reasons to be recorded in writing, extend the Bid/Issue Period for a minimum of three Working Days, subject to the Bid/ Issue Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid/Issue Period, if applicable, will be widely disseminated by notification to the Stock Exchange, by issuing a public notice, and also by indicating the change on the respective websites of the BRLM and the terminals of the Syndicate Members, if any and by intimation to SCSBs, other Designated Intermediaries and the Sponsor Bank, as applicable. In case of revision of Price Band, the Bid Lot shall remain the same.

SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019, had introduced an alternate payment mechanism using Unified Payments Interface (“UPI”) and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI Mechanism for RIBs applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days. (“UPI Phase I”). The UPI Phase I was effective till June 30, 2019.

Subsequently, for applications by Retail Individual Investors through Designated Intermediaries, the process of physical movement of forms from Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism with existing timeline of T+6 days is applicable for a period of three months or launch of five main board public issues, whichever is later (“UPI Phase II”), with effect from July 1, 2019, by SEBI circular (SEBI/HO/CFD/DIL2/CIR/P/2019/76) dated June 28, 2019, read with circular (SEBI/HO/CFD/DIL2/CIR/P/2019/85) dated July 26, 2019. Further, as per the SEBI circular (SEBI/HO/CFD/DCR2/CIR/P/2019/133) dated November 8, 2019, the UPI Phase II had been extended until March 31, 2020. However, due to the outbreak of COVID-19 pandemic, UPI Phase II has been further extended by SEBI until further notice, by its circular (SEBI/HO/CFD/DIL2/CIR/P/2020/50) dated March 30, 2020. Thereafter, the final reduced timeline of T+3 days may be made effective using the UPI Mechanism for applications by Retail Individual Investors (“UPI Phase III”), as may be prescribed by SEBI. Further, SEBI, vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, and circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, has introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances. This circular is effective for initial public offers opening on/or after May 1, 2021, except as amended pursuant to SEBI circular SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, and the provisions of this circular are deemed to form part of this Draft Red Herring Prospectus. Furthermore, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 5, 2022, all individual Investors in initial public offerings (opening on or after May 1, 2022) whose application sizes are up to ₹ 500,000 shall use the UPI Mechanism.

Furthermore, SEBI vide press release bearing number 12/2023 has approved the proposal for reducing the time period for listing of shares in public issue from existing 6 working days to 3 working days from the date of the closure of the issue. The revised timeline of T+3 days shall be made applicable in two phases i.e. voluntary for all public issues opening on or after September 1, 2023 and mandatory on or after December 1, 2023. Further, SEBI has vide its circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 reduced the time taken for listing of specified securities after the closure of a public issue to three Working Days. Accordingly, the Issue will be made under UPI Phase III on a mandatory basis, subject to any circulars, clarification or notification issued by the SEBI from time to time.

Phased implementation of Unified Payments Interface

SEBI has issued UPI Circulars in relation to streamlining the process of public issue of equity shares and convertibles. Pursuant to the UPI Circulars, UPI has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under the ASBA) for applications by RIIs through intermediaries with the objective to reduce the time duration from public issue closure to listing from six Working Days to

up to three Working Days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI Mechanism, the UPI Circulars proposes to introduce and implement the UPI Mechanism in three phases in the following manner:

- a) Phase I: This phase was applicable from January 01, 2019 and lasted till June 30, 2019. Under this phase, a Retail Individual Bidder, besides the modes of Bidding available prior to the UPI Circulars, also had the option to submit the Bid cum Application Form with any of the intermediary and use his / her UPI ID for the purpose of blocking of funds. The time duration from public issue closure to listing continued to be six Working Days.
- b) Phase II: This phase has commenced with effect from July 01, 2019 and will continue for a period of three months or floating of five main board public issues, whichever is later. Under this phase, submission of the Bid cum Application Form by a Retail Individual Investor through intermediaries to SCSBs for blocking of funds has been discontinued and has been replaced by the UPI Mechanism. However, the time duration from public issue closure to listing continues to be six Working Days during this phase. SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 extended the timeline for implementation of UPI Phase II till further notice.
- c) Phase III: This phase has become applicable on a voluntary basis for all issues opening on or after September 1, 2023 and on a mandatory basis for all issues opening on or after December 1, 2023, vide SEBI circular bearing number SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 (“T+3 Notification”). In this phase, the time duration from public issue closure to listing has been reduced to three Working Days. The Issue shall be undertaken pursuant to the processes and procedures as notified in the T+3 Notification as applicable, subject to any circulars, clarification or notification issued by the SEBI from time to time, including any circular, clarification or notification which may be issued by SEBI.

Pursuant to the UPI Circular, SEBI has set out specific requirements for redressal of investor grievances for applications that have been made through the UPI Mechanism. The requirements of the UPI Circular include, appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send SMS alerts for the blocking and unblocking of UPI mandates, the requirement for the Registrar to submit details of cancelled, withdrawn or deleted applications, and the requirement for the bank accounts of unsuccessful Bidders to be unblocked no later than one day from the date on which the Basis of Allotment is finalized. Failure to unblock the accounts within the timeline would result in the SCSBs being penalised under the relevant securities law. Additionally, if there is any delay in the redressal of investors’ complaints in this regard, the relevant SCSB as well as the post – Issue BRLM will be required to compensate the concerned investor.

All SCSBs offering the facility of making applications in public issues shall also provide the facility to make application using UPI. The Company will be required to appoint one of the SCSBs as a Sponsor Bank to act as a conduit between the Stock Exchange and NPCI in order to facilitate collection of requests and/ or payment instructions of the Individual Bidders using the UPI.

The processing fees for applications made by Individual Bidders using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks provide a written confirmation on compliance with SEBI Circular No: SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 read with SEBI Circular No: SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021.

The list of Banks that have been notified by SEBI as Issuer Banks for UPI are provided on <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&intmId=40>.

For further details, refer to the “General Information Document” available on the websites of the Stock Exchange and the BRLM.

Our Company, the Promoters and the BRLM do not accept any responsibility for the completeness and accuracy of the information stated in this section and General Information Document and are not liable for any amendment, modification or change in the applicable law which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that their Bids are submitted in accordance with applicable laws and do not exceed the investment limits or maximum number of the Equity Shares that can be held by them under applicable law or as specified in the Red Herring Prospectus.

Further, our Company, the Promoters and the Members of the Syndicate are not liable for any adverse occurrences consequent to the implementation of the UPI Mechanism for application in the Issue.

BOOK BUILDING PROCEDURE

In terms of Rule 19(2)(b) of the Securities Contracts (Regulation) Rules, 1957, as amended (the “SCRR”) read with Regulation 252 of SEBI ICDR Regulations, 2018, the Issue is being made for at least 25% of the post-Issue paid-up Equity Share capital of our Company. The Issue is being made under Regulation 229(2) of Chapter IX of SEBI (Issue of Capital

and Disclosure Requirements) Regulations, 2018 via book building process wherein not more than 50% of the Issue shall be allocated on a proportionate basis to QIBs, provided that our Company and may, in consultation with the BRLM, allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI ICDR Regulations, of which one-third shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Allocation Price. In the event of under-subscription, or non-allocation in the Anchor Investor Portion, the balance Equity Shares shall be added to the QIB Portion. Further, 5% of the QIB Portion (excluding the Anchor Investor Portion) shall be available for allocation on a proportionate basis only to Mutual Funds, and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIBs (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Issue Price. Further, not less than 15% of the Net Issue shall be available for allocation on a proportionate basis to Non-Institutional Bidders, out of which (a) one third of such portion shall be reserved for applicants with application size of more than 2 lots and upto such lots equivalent to not more than ₹ 10,00,000 and (b) two-third of such portion shall be reserved for applicants with application size of more than ₹ 10,00,000 provided that the any unsubscribed portion in either of such sub-categories could have been allocated to applicants in the other sub-category of Non-Institutional Bidders and not less than 35% of the Net Issue shall be available for allocation to Individual Bidders (who applies for minimum application size) in accordance with the SEBI ICDR Regulations, subject to valid Bids being received at or above the Issue Price.

Subject to valid Bids being received at or above the Issue Price, undersubscription, if any, in any category, except the QIB Portion, would be allowed to be met with spill-over from any other category or a combination of categories at the discretion of our Company in consultation with the BRLM, and the Designated Stock Exchange. However, under-subscription, if any, in the QIB Portion will not be allowed to be met with spill over from other categories or a combination of categories.

The Equity Shares, on Allotment, shall be traded only in the dematerialized segment of the Stock Exchange.

Bidders should note that the Equity Shares will be allotted to all successful Bidders only in dematerialised form. The Bid cum Application Forms which do not have the details of the Bidders' depository account, including DP ID, Client ID, the PAN and UPI ID, for RIBs Bidding in the Retail Portion using the UPI Mechanism, shall be treated as incomplete and will be rejected. Bidders will not have the option of being allotted Equity Shares in physical form. However, they may get their Equity Shares rematerialized subsequent to allotment of the Equity Shares in the Issue, subject to applicable laws.

Under existing SEBI Regulations, a QIB Bidder cannot withdraw its Application after the Issue Closing Date and is required to pay 100% QIB Margin upon submission of Application.

Bidders are advised to ensure that any single Application from them does not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or regulation or as specified in the Red Herring Prospectus.

The above information is given for the benefit of the Bidders. The Company and the BRLM are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

METHOD OF BIDDING PROCESS

Our Company, in consultation with the BRLM will decide the Price Band and the minimum Bid lot size for the Issue and the same shall be advertised in all edition of [●] (A widely circulated English national daily newspaper) and all edition of [●] (A widely circulated Hindi national daily newspaper) and Ahmedabad edition of [●] (A widely circulated Gujarati daily newspaper, Gujarati being the regional language of Gujarat where our registered office is Located) at least two Working Days prior to the Bid / Issue Opening Date. The BRLM and the SCSBs shall accept Bids from the Bidders during the Bid / Issue Period.

- a) The Bid / Issue Period shall be for a minimum of three Working Days and shall not exceed 10 Working Days. The Bid/ Issue Period maybe extended, if required, by an additional three Working Days, subject to the total Bid/ Issue Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid / Issue Period, if applicable, will be advertised in all edition of [●] (A widely circulated English national daily newspaper) and all edition of [●] (A widely circulated Hindi national daily newspaper) and Ahmedabad edition of [●] (A widely circulated Gujarati daily newspaper, Gujarati being the regional language of Gujarat where our registered office is Located) and also by indicating the change on the websites of the Book Running Lead Manager.

- b) During the Bid/ Issue Period, Individual Bidders, should approach the BRLM or their authorized agents to register their Bids. The BRLM shall accept Bids from Anchor Investors and ASBA Bidders in Specified Cities and it shall have the right to vet the Bids during the Bid/ Issue Period in accordance with the terms of the Red Herring Prospectus. ASBA Bidders should approach the Designated Branches or the BRLM (for the Bids to be submitted in the Specified Cities) to register their Bids.
- c) Each Bid cum Application Form will give the Bidder the choice to Bid for up to three optional prices (for details refer to the paragraph titled “Bids at Different Price Levels and Revision of Bids” below) within the Price Band and specify the demand (i.e., the number of Equity Shares Bid for) in each option. The price and demand options submitted by the Bidder in the Bid cum Application Form will be treated as optional demands from the Bidder and will not be cumulated. After determination of the Issue Price, the maximum number of Equity Shares Bid for by a Bidder/Applicant at or above the Issue Price will be considered for allocation/Allotment and the rest of the Bid(s), irrespective of the Bid Amount, will become automatically invalid.
- d) The Bidder / Applicant cannot Bid through another Bid cum Application Form after Bids through one Bid cum Application Form have been submitted to a BRLM or the SCSBs. Submission of a second Bid cum Application Form to either the same or to another BRLM or SCSB will be treated as multiple Bid and is liable to be rejected either before entering the Bid into the electronic bidding system, or at any point of time prior to the allocation or Allotment of Equity Shares in this Issue. However, the Bidder can revise the Bid through the Revision Form, the procedure for which is detailed under the paragraph “Build-up of the Book and Revision of Bids”.
- e) Except in relation to the Bids received from the Anchor Investors, the BRLM/the SCSBs will enter each Bid option into the electronic bidding system as a separate Bid and generate a Transaction Registration Slip, (“TRS”), for each price and demand option and give the same to the Bidder. Therefore, a Bidder can receive up to three TRSs for each Bid cum Application Form
- f) The BRLM shall accept the Bids from the Anchor Investors during the Anchor Investor Bid/ Issue Period i.e. one working day prior to the Bid/ Issue Opening Date. Bids by QIBs under the Anchor Investor Portion and the QIB Portion shall not be considered as multiple Bids.
- g) Along with the Bid cum Application Form, Anchor Investors will make payment in the manner described in “Escrow Mechanism - Terms of payment and payment into the Escrow Accounts” in the section “*Issue Procedure*” beginning on page 246 of this Draft Red Herring Prospectus
- h) Upon receipt of the Bid cum Application Form, submitted whether in physical or electronic mode, the Designated Branch of the SCSB shall verify if sufficient funds equal to the Bid Amount are available in the ASBA Account, as mentioned in the Bid cum Application Form, prior to uploading such Bids with the Stock Exchange.
- i) If sufficient funds are not available in the ASBA Account, the Designated Branch of the SCSB shall reject such Bids and shall not upload such Bids with the Stock Exchange.
- j) If sufficient funds are available in the ASBA Account, the SCSB shall block an amount equivalent to the Bid Amount mentioned in the Bid cum Application Form and will enter each Bid option into the electronic bidding system as a separate Bid and generate a TRS for each price and demand option. The TRS shall be furnished to the ASBA Bidder on request.
- k) The Bid Amount shall remain blocked in the aforesaid ASBA Account until finalization of the Basis of Allotment and consequent transfer of the Bid Amount against the Allotted Equity Shares to the Public Issue Account, or until withdrawal/failure of the Issue or until withdrawal/rejection of the Bid cum Application Form, as the case may be. Once the Basis of Allotment is finalized, the Registrar to the Issue shall send an appropriate request to the SCSB for unblocking the relevant ASBA Accounts and for transferring the amount allocable to the successful Bidders to the Public Issue Account. In case of withdrawal/failure of the Issue, the blocked amount shall be unblocked on receipt of such information from the Registrar to the Issue.

BIDS AT DIFFERENT PRICE LEVELS AND REVISION OF BIDS

- a) Our Company in consultation with the BRLM, and without the prior approval of, or intimation, to the Bidders, reserves the right to revise the Price Band during the Bid/Issue Period, in accordance with the SEBI ICDR Regulations, provided that (i) the Cap Price will be less than or equal to 120% of the Floor Price, (ii) the Cap Price will be at least 105% of the Floor Price, and (iii) the Floor Price will not be less than the face value of the Equity Shares. Subject to compliance with the foregoing, the Floor Price may move up or down to the extent of 20% of the Floor Price and the Cap Price will be revised accordingly.
- b) Our Company in consultation with the BRLM, will finalize the Issue Price within the Price Band, without the prior approval of, or intimation, to the Bidders.

- c) The Bidders can Bid at any price within the Price Band. The Bidder has to Bid for the desired number of Equity Shares at a specific price. Individual Bidders may Bid at the Cut-off Price. However, bidding at the Cut-off Price is prohibited for QIB and Non-Institutional Bidders and such Bids from QIB and Non-Institutional Bidders shall be rejected.
- d) Individual Bidders, who Bid at Cut-off Price agree that they shall purchase the Equity Shares at any price within the Price Band. Individual Bidders shall submit the Bid cum Application Form along with a cheque/demand draft for the Bid Amount based on the Cap Price with the Syndicate. In case of ASBA Bidders (excluding Non-Institutional Bidders and QIB Bidders) bidding at Cut-off Price, the ASBA Bidders shall instruct the SCSBs to block an amount based on the Cap Price.
- e) The price of the specified securities offered to an anchor investor shall not be lower than the price offered to other applicants.
- f) Participation by Associates /Affiliates of BRLM and the Syndicate Members
- g) The BRLM and the Syndicate Members, if any, shall not be allowed to purchase in this Issue in any manner, except towards fulfilling their underwriting obligations. However, the associates and affiliates of the BRLM and the Syndicate Members, if any, may subscribe the Equity Shares in the Issue, either in the QIB Category or in the Non-Institutional Category as may be applicable to such Bidders, where the allocation is on a proportionate basis and such subscription may be on their own account or on behalf of their clients.
- h) Neither the BRLM nor any persons related to the BRLM (other than Mutual Funds sponsored by entities related to the BRLM), Promoters and Promoter Group can apply in the Issue under the Anchor Investor Portion.

Option to Subscribe in the Issue

- a. As per Section 29(1) of the Companies Act 2013, allotment of Equity Shares shall be made in dematerialized form only. Investors will not have the option of getting allotment of specified securities in physical form.
- b. The Equity Shares, on allotment, shall be traded on the Stock Exchange in demat segment only.
- c. A single application from any investor shall not exceed the investment limit/minimum number of Equity Shares that can be held by him/her/it under the relevant regulations/statutory guidelines and applicable law.

BIDS BY ANCHOR INVESTORS:

Our Company in consultation with the BRLM, may consider participation by Anchor Investors in the Issue for up to 60% of the QIB Portion in accordance with the SEBI Regulations. Only QIBs as defined in Regulation 2(1)(ss) of the SEBI Regulations and not otherwise excluded pursuant to Schedule XIII of the SEBI Regulations are eligible to invest. The QIB Portion will be reduced in proportion to allocation under the Anchor Investor Portion. In the event of undersubscription in the Anchor Investor Portion, the balance Equity Shares will be added to the QIB Portion. In accordance with the SEBI Regulations, the key terms for participation in the Anchor Investor Portion are provided below.

- 1) Anchor Investor Bid cum Application Forms will be made available for the Anchor Investors at the offices of the BRLM.
- 2) The Bid must be for a minimum of such number of Equity Shares so that the Bid Amount is at least 200.00 Lakhs. A Bid cannot be submitted for over 60% of the QIB Portion. In case of a Mutual Fund, separate Bids by individual schemes of a Mutual Fund will be aggregated to determine the minimum application size of 200.00 Lakhs
- 3) One-third of the Anchor Investor Portion will be reserved for allocation to domestic Mutual Funds.
- 4) Bidding for Anchor Investors will open one Working Day before the Bid/ Issue Opening Date and be completed on the same day.
- 5) Our Company in consultation with the BRLM, will finalize allocation to the Anchor Investors on a discretionary basis, provided that the minimum and maximum number of Allottees in the Anchor Investor Portion will be, as mentioned below:
 - where allocation in the Anchor Investor Portion is up to 200.00 Lakhs, maximum of 2 (two) Anchor Investors.
 - where the allocation under the Anchor Investor Portion is more than 200.00 Lakhs but upto 2500.00 Lakhs, minimum of 2 (two) and maximum of 15 (fifteen) Anchor Investors, subject to a minimum Allotment of 100.00 Lakhs per Anchor Investor; and
 - where the allocation under the Anchor Investor portion is more than 2500.00 Lakhs: (i) minimum of 5 (five) and maximum of 15 (fifteen) Anchor Investors for allocation upto 2500.00 Lakhs; and (ii) an additional 10 Anchor Investors for every additional allocation of 2500.00 Lakhs or part thereof in the Anchor Investor Portion; subject to a minimum Allotment of 100.00 Lakhs per Anchor Investor.
- 6) Allocation to Anchor Investors will be completed on the Anchor Investor Bid/ Issue Period. The number of Equity Shares allocated to Anchor Investors and the price at which the allocation is made will be made available in the public domain by the BRLM before the Bid/ Issue Opening Date, through intimation to the Stock Exchange.
- 7) Anchor Investors cannot withdraw or lower the size of their Bids at any stage after submission of the Bid.
- 8) If the Issue Price is greater than the Anchor Investor Allocation Price, the additional amount being the difference between the Issue Price and the Anchor Investor Allocation Price will be payable by the Anchor Investors within 2 (two) Working Days from the Bid/ Issue Closing Date. If the Issue Price is lower than the Anchor Investor Allocation Price, Allotment to successful Anchor Investors will be at the higher price, i.e., the Anchor Investor Issue Price.
- 9) At the end of each day of the bidding period, the demand including allocation made to anchor investors, shall be shown graphically on the bidding terminals of syndicate members and website of stock exchange offering electronically linked transparent bidding facility, for information of public.

- 10) Equity Shares Allotted in the Anchor Investor Portion will be locked in for a period of 30 days from the date of Allotment.
- 11) The BRLM, our Promoters, Promoter Group or any person related to them (except for Mutual Funds sponsored by entities related to the BRLM) will not participate in the Anchor Investor Portion. The parameters for selection of Anchor Investors will be clearly identified by the BRLM and made available as part of the records of the BRLM for inspection by SEBI.
- 12) Bids made by QIBs under both the Anchor Investor Portion and the QIB Portion will not be considered multiple Bids.
- 13) Anchor Investors are not permitted to Bid in the Issue through the ASBA process.

BIDS BY HUFs

Bids by Hindu Undivided Families or HUFs should be made in the individual name of the Karta. The Bidder should specify that the Bid is being made in the name of the HUF in the Bid cum Application Form/Application Form as follows: "Name of sole or first Bidder: XYZ Hindu Undivided Family applying through XYZ, where XYZ is the name of the Karta". Bids/Applications by HUFs will be considered at par with Bids/Applications from individuals.

BIDS BY MUTUAL FUNDS

With respect to Bids by Mutual Funds, a certified copy of their SEBI registration certificate must be lodged along with the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserve the right to reject any Bid without assigning any reason thereof.

Bids made by asset management companies or custodians of Mutual Funds shall specifically state names of the concerned schemes for which such Bids are made.

In case of a Mutual Fund, a separate Bid can be made in respect of each scheme of the Mutual Fund registered with SEBI and such Bids in respect of more than one scheme of the Mutual Fund will not be treated as multiple Bids provided that the Bids clearly indicate the scheme concerned for which the Bid has been made.

No Mutual Fund scheme shall invest more than 10.00% of its net asset value in equity shares or equity related instruments of any single company provided that the limit of 10.00% shall not be applicable for investments in case of index funds or sector or industry specific schemes. No Mutual Fund under all its schemes should own more than 10.00% of any company's paid-up share capital carrying voting rights.

BIDS BY ELIGIBLE NRIs

Eligible NRIs may obtain copies of Bid cum Application Form from the Designated Intermediaries. Only Bids accompanied by payment in Indian Rupees or freely convertible foreign exchange will be considered for Allotment. Eligible NRI Bidders bidding on a repatriation basis by using the Non-Resident Forms should authorize their SCSB (if they are Bidding directly through the SCSB) or confirm or accept the UPI Mandate Request (in case of Bidding through the UPI Mechanism) to block their Non-Resident External ("NRE") accounts, or Foreign Currency Non-Resident ("FCNR") Accounts, and eligible NRI Bidders bidding on a non- repatriation basis by using Resident Forms should authorize their SCSB (if they are Bidding directly through SCSB) or confirm or accept the UPI Mandate Request (in case of Bidding through the UPI Mechanism) to block their Non-Resident Ordinary ("NRO") accounts for the full Bid Amount, at the time of the submission of the Bid cum Application Form. Participation of Eligible NRIs in the Issue shall be subject to the FEMA Rules.

In accordance with the Consolidated FDI Policy, the total holding by any individual NRI, on a repatriation or non-repatriation basis, shall not exceed 5.00% of the total paid-up equity capital on a fully diluted basis or shall not exceed 5.00% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together, on a repatriation or non- repatriation basis, shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrant. Provided that the aggregate ceiling of 10.00% may be raised to 24.00% if a special resolution to that effect is passed by the general body of the Indian company.

NRIs will be permitted to apply in the Issue through Channel I or Channel II (as specified in the UPI Circular). Further, subject to applicable law, NRIs may use Channel IV (as specified in the UPI Circular) to apply in the Issue, provided the UPI facility is enabled for their NRE/ NRO accounts.

NRIs applying in the Issue using UPI Mechanism are advised to enquire with the relevant bank whether their bank account is UPI linked prior to making such application. For details of investment by NRIs, see "*Restrictions on Foreign Ownership of Indian Securities*" beginning on page 275 of this Draft Red Herring Prospectus. Participation of eligible NRIs shall be subject to FEMA NDI Rules.

BIDS BY FPIs

In terms of the SEBI FPI Regulations, the issue of Equity Shares to a single FPI or an investor group (which means the same multiple entities having common ownership directly or indirectly of more than 50% or common control) must be below 10% of our post-Issue Equity Share capital. Further, in terms of the FEMA NDI Rules, with effect from April 1, 2020, the aggregate FPI investment limit is the sectoral cap applicable to an Indian company as prescribed in the FEMA NDI Rules with respect to its paid-up equity capital on a fully diluted basis. Currently, the sectoral cap for retail trading of food products manufactured and/ or produced in India is 100% under automatic route.

FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time. In case of Bids made by FPIs, a certified copy of the certificate of registration issued under the SEBI FPI Regulations is required to be attached to the Bid cum Application Form, failing which our Company reserves the right to reject any Bid without assigning any reason. FPIs who wish to participate in the Issue are advised to use the Bid cum Application Form for Non-Residents.

In terms of the FEMA, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs shall be included.

The FEMA NDI Rules were enacted on October 17, 2019 in supersession of the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident outside India) Regulations, 2017, except as respects things done or omitted to be done before such supersession. FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI, may issue, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only by persons registered as Category I FPIs; (ii) such offshore derivative instruments are issued only to persons eligible for registration as Category I FPIs; (iii) such offshore derivative instruments are issued after compliance with 'know your client' norms; and (iv) such other conditions as may be specified by SEBI from time to time.

An FPI issuing off-shore derivative instruments is also required to ensure that any transfer of off-shore derivative instruments issued by, or on behalf of it subject to, inter alia, the following conditions:

- (i). Such offshore derivative instruments are transferred to person subject to fulfilment of SEBI FPI Regulations; and
- (ii). Prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred are pre-approved by the FPI.

Bids by FPIs which utilise the multi-investment manager structure in accordance with the Operational Guidelines for Foreign Portfolio Investors and Designated Depository Participants issued to facilitate implementation of the SEBI FPI Regulations ("Operational FPI Guidelines"), submitted with the same PAN but with different beneficiary account numbers, Client IDs and DP IDs shall not be treated as multiple Bids ("MIM Bids"). It is hereby clarified that FPIs bearing the same PAN may be treated as multiple Bids by a Bidder and may be rejected, except for Bids from FPIs that utilise the multi-investment manager structure in accordance with the Operational FPI Guidelines (such structure referred to as "MIM Structure"). In order to ensure valid Bids, FPIs making MIM Bids using the same PAN and with different beneficiary account numbers, Client IDs and DP IDs, are required to submit a confirmation that their Bids are under the MIM Structure and indicate the name of their investment managers in such confirmation which shall be submitted along with each of their Bid cum Application Forms. In the absence of such confirmation from the relevant FPIs, such MIM Bids shall be rejected.

BIDS BY SEBI-REGISTERED AIFS, VCFS AND FVCIS

The SEBI FVCI Regulations, SEBI VCF Regulations and the SEBI AIF Regulations prescribe, inter alia, the investment restrictions on the FVCIs, VCFs and AIFs registered with SEBI respectively. FVCIs can invest only up to 33.33% of the investible funds by way of subscription to an initial public offering. Category I AIF and Category II AIF cannot invest more than 25% of the investible funds in one Investee Company directly or through investment in the units of other AIFs. A Category III AIF cannot invest more than 10% of the investible funds in one Investee Company directly or through investment in the units of other AIFs. AIFs which are authorized under the fund documents to invest in units of AIFs are prohibited from offering their units for subscription to other AIFs. A VCF registered as a Category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than 1/3rd of its investible funds by way of subscription to an initial public offering of a venture capital undertaking. Additionally, a VCF that has not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the SEBI VCF Regulations (and accordingly shall not be allowed to participate in the Issue) until the existing fund or scheme managed by the fund is wound up and such funds shall not launch any new scheme after the notification of the SEBI AIF Regulations.

There is no reservation for Eligible NRIs, FPIs and FVCIs and all Bidders will be treated on the same basis with other categories for the purpose of allocation.

Further, the shareholding of VCFs, category I AIFs or category II AIFs and FVCIs holding Equity Shares prior to Issue, shall be locked-in for a period of at least one year from the date of purchase of such Equity Shares.

All non-resident investors should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and commission.

The Company or the BRLM will not be responsible for loss, if any, incurred by the Bidder on account of conversion of foreign currency.

BIDS BY LIMITED LIABILITY PARTNERSHIPS

In case of Bids made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserve the right to reject any Bid without assigning any reason thereof.

BIDS BY BANKING COMPANIES

In case of Bids made by banking companies registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, and (ii) the approval of such banking company's investment committee are required to be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserves the right to reject any Bid without assigning any reason thereof. The investment limit for banking companies in non-financial services companies as per the Banking Regulation Act, the Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, as amended and Master Circular on Basel III Capital Regulations dated July 1, 2014, as amended, is 10.00% of the paid up share capital of the investee company, not being its subsidiary engaged in non-financial services, or 10.00% of the bank's own paid-up share capital and reserves, whichever is lower.

However, a banking company would be permitted to invest in excess of 10% but not exceeding 30% of the paid-up share capital of such investee company, subject to prior approval of the RBI if (i) the investee company is engaged in non-financial activities permitted for banking companies in terms of Section 6(1) of the Banking Regulation Act; or (ii) the additional acquisition is through restructuring of debt, or to protect the banking company's interest on loans/investments made to a company. The bank is required to submit a time bound action plan to the RBI for the disposal of such shares within a specified period. The aggregate investment by a banking company along with its subsidiaries, associates or joint ventures or entities directly or indirectly controlled by the bank; and mutual funds managed by asset management companies controlled by the bank, more than 20% of the investee company's paid-up share capital engaged in non-financial services. However, this cap doesn't apply to the cases mentioned in (i) and (ii) above. The aggregate equity investments made by a banking company in all subsidiaries and other entities engaged in financial services and non-financial services, including overseas investments shall not exceed 20% of the bank's paid-up share capital and reserves.

In terms of the Master Circular on Basel III Capital Regulations dated July 1, 2014, as amended (i) a bank's investment in the capital instruments issued by banking, financial and insurance entities should not exceed 10% of its capital funds; (ii) banks should not acquire any fresh stake in a bank's equity shares, if by such acquisition, the investing bank's holding exceeds 5% of the investee bank's equity capital; (iii) equity investment by a bank in a subsidiary company, financial services company, financial institution, stock and other exchanges should not exceed 10% of the bank's paid-up share capital and reserves; (iv) equity investment by a bank in companies engaged in non-financial services activities would be subject to a limit of 10% of the investee company's paid-up share capital or 10% of the bank's paid-up share capital and reserves, whichever is less; and (v) a banking company is restricted from holding shares in any company, whether as pledgee, mortgagee or absolute owner, of an amount exceeding 30% of the paid-up share capital of that company or 30% of its own paid-up share capital and reserves, whichever is less. For details in relation to the investment limits under Master Direction – Ownership in Private Sector Banks, Directions, 2016, see “*Key Industry Regulation*” beginning on page 155.

BIDS BY SCSBS

SCSBS participating in the Issue are required to comply with the terms of the circulars issued by the SEBI dated September 13, 2012 and January 2, 2013. Such SCSBS are required to ensure that for making applications on their own account using ASBA, they should have a separate account in their own name with any other SEBI registered SCSBS. Further, such account shall be used solely for the purpose of making application in public issues and clear demarcated funds should be available in such account for such applications.

BIDS BY SYSTEMICALLY IMPORTANT NBFCs

In case of Bids made by Systemically Important NBFCs registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, (ii) the last audited financial statements on a standalone basis, (iii) a net worth certificate from its statutory auditors, and (iv) such other approval as may be required by the Systemically Important NBFCs are required

to be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserves the right to reject any Bid without assigning any reason thereof.

Systemically Important NBFCs participating in the Issue shall comply with all applicable regulations, directions, guidelines and circulars issued by the RBI from time to time.

The investment limit for Systemically Important NBFCs shall be as prescribed by RBI from time to time.

BIDS BY INSURANCE COMPANIES

In case of Bids made by insurance companies registered with the IRDAI, a certified copy of certificate of registration issued by IRDAI must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserves the right to reject any Bid without assigning any reason thereof.

The exposure norms for insurers are prescribed under the IRDAI Investment Regulations, based on investments in equity shares of the investee company, the entire group of the investee company and the industry sector in which the investee company operates. Insurance companies participating in the Issue are advised to refer to the IRDAI Investment Regulations 2016, as amended, which are broadly set forth below:

- a) equity shares of a company: the lower of 10%* of the outstanding equity shares (face value) or 10% of the respective fund in case of life insurer or 10% of investment assets in case of general insurer or reinsurer;
- b) the entire group of the investee company: not more than 15% of the respective fund in case of a life insurer or 15% of investment assets in case of a general insurer or reinsurer or 15% of the investment assets in all companies belonging to the group, whichever is lower; and
- c) the industry sector in which the investee company operates: not more than 15% of the fund of a life insurer or a general insurer or a reinsurer or 15% of the investment asset, whichever is lower.

The maximum exposure limit, in the case of an investment in equity shares, cannot exceed the lower of an amount of 10% of the investment assets of a life insurer or general insurer and the amount calculated under (a), (b) and (c) above, as the case may be.

**The above limit of 10% shall stand substituted as 15% of outstanding equity shares (face value) for insurance companies with investment assets of ₹ 25,000,000 lakhs or more and 12% of outstanding equity shares (face value) for insurers with investment assets of ₹ 5,000,000 lakhs or more but less than ₹ 25,000,000 lakhs.*

Insurance companies participating in this Issue shall comply with all applicable regulations, guidelines and circulars issued by IRDAI from time to time.

BIDS BY PROVIDENT FUNDS/PENSION FUNDS

In case of Bids made by provident funds/pension funds, subject to applicable laws, with minimum corpus of ₹ 2,500 lakhs, a certified copy of a certificate from a chartered accountant certifying the corpus of the provident fund/pension fund must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserves the right to reject any Bid without assigning any reason thereof.

BIDS UNDER POWER OF ATTORNEY

In case of Bids made pursuant to a power of attorney or by limited companies, corporate bodies, registered societies, Eligible FPIs, Mutual Funds, Systemically Important NBFCs, insurance companies, insurance funds set up by the army, navy or air force of the Union of India, insurance funds set up by the Department of Posts, India, or the National Investment Fund and provident funds with a minimum corpus of ₹ 2,500 lakhs (subject to applicable law) and pension funds with a minimum corpus of ₹ 2,500 lakhs, a certified copy of the power of attorney or the relevant resolution or authority, as the case may be, along with a certified copy of the memorandum of association and articles of association and/or bye laws must be lodged along with the Bid cum Application Form. Failing this, our, in consultation with the BRLM, reserves the right to accept or reject any Bid in whole or in part, in either case without assigning any reason therefor.

Our Company, in consultation with the BRLM, in their absolute discretion, reserves the right to relax the above condition of simultaneous lodging of the power of attorney along with the Bid cum Application Form subject to the terms and conditions that our Company, in consultation with the BRLM may deem fit.

ISSUANCE OF A CONFIRMATION NOTE ("CAN") AND ALLOTMENT IN THE ISSUE:

1. Upon approval of the basis of allotment by the Designated Stock Exchange, the BRLM or Registrar to the Issue shall send to the SCSBs a list of their Bidders who have been allocated Equity Shares in the Issue.
2. The Registrar will then dispatch a CAN to their Bidders who have been allocated Equity Shares in the Issue. The dispatch of a CAN shall be deemed a valid, binding and irrevocable contract for the Bidder

Issue Procedure for Application Supported by Blocked Account (ASBA) Bidders

In accordance with the SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 all the Bidders have to compulsorily apply through the ASBA Process. Our Company and the Book Running Lead Manager are not liable for any amendments, modifications, or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. ASBA Bidders are advised to make their independent investigations and to ensure that the ASBA Bid Cum Application Form is correctly filled up, as described in this section.

The lists of banks that have been notified by SEBI to act as SCSB (Self Certified Syndicate Banks) for the ASBA Process are provided on <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognised=yes>. For details on designated branches of SCSB collecting the Bid Cum Application Form, please refer the above-mentioned SEBI link.

Terms of payment

The entire Issue price of ₹ [●] per share is payable on application. In case of allotment of lesser number of Equity Shares than the number applied, the Registrar shall instruct the SCSBs to unblock the excess amount paid on Application to the Bidders.

SCSBs will transfer the amount as per the instruction of the Registrar to the Public Issue Account, the balance amount after transfer will be unblocked by the SCSBs.

The Bidders should note that the arrangement with Banker to the Issue or the Registrar is not prescribed by SEBI and has been established as an arrangement between our Company, Banker to the Issue and the Registrar to the Issue to facilitate collections from the Bidders.

Payment mechanism

The Bidders shall specify the bank account number in their Bid Cum Application Form and the SCSBs shall block an amount equivalent to the Application Amount in the bank account specified in the Bid Cum Application Form. The SCSB shall keep the Application Amount in the relevant bank account blocked until withdrawal/ rejection of the Application or receipt of instructions from the Registrar to unblock the Application Amount. However, Non-Retail Bidders shall neither withdraw nor lower the size of their applications at any stage. In the event of withdrawal or rejection of the Bid Cum Application Form or for unsuccessful Bid Cum Application Forms, the Registrar to the Issue shall give instructions to the SCSBs to unblock the application money in the relevant bank account within one day of receipt of such instruction. The Application Amount shall remain blocked in the ASBA Account until finalization of the Basis of Allotment in the Issue and consequent transfer of the Application Amount to the Public Issue Account, or until withdrawal/ failure of the Issue or until rejection of the Application by the ASBA Bidder, as the case may be.

Please note that, in terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors applying in a public Issue shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self-Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Individual Investors applying in public Issue have to use UPI as a payment mechanism with Application Supported by Blocked Amount for making application.

Payment into Escrow Account for Anchor Investors

All the investors other than Anchor Investors are required to bid through ASBA Mode. Anchor Investors are requested to note the following:

Our Company in consultation with the Book Running Lead Manager, in its absolute discretion, will decide the list of Anchor Investors to whom the CAN will be sent, pursuant to which the details of the Equity Shares allocated to them in their respective names will be notified to such Anchor Investors. For Anchor Investors, the payment instruments for payment into the Escrow Account should be drawn in favour of:

- a. In case of resident Anchor Investors: — [●]

 15. The details uploaded in the online IPO system shall be considered as final and Allotment will be based on such details for applications.

Build of the Book

- a) Bids received from various Bidders through the Designated Intermediaries may be electronically uploaded on the Bidding Platform of the Stock Exchange on a regular basis. The book gets built up at various price levels. This information may be available with the BRLM at the end of the Bid/ Issue Period.
- b) Based on the aggregate demand and price for Bids registered on the Stock Exchange Platform, a graphical representation of consolidated demand and price as available on the websites of the Stock Exchange may be made available at the Bidding centres during the Bid/ Issue Period.

Withdrawal of Bids

- a) RIIs can withdraw their Bids until Bid/ Issue Closing Date. In case a RII wishes to withdraw the Bid during the Bid/ Issue Period, the same can be done by submitting a request for the same to the concerned Designated Intermediary who shall do the requisite, including unblocking of the funds by the SCSB in the ASBA Account.
- b) The Registrar to the Issue shall give instruction to the SCSB for unblocking the ASBA Account on the Designated Date. QIBs and NIIs can neither withdraw nor lower the size of their Bids at any stage.

Price Discovery and Allocation

- a) Based on the demand generated at various price levels, our Company in consultation with the BRLM, shall finalize the Issue Price and the Anchor Investor Issue Price.
- b) The SEBI ICDR Regulations, 2018 specify the allocation or Allotment that may be made to various categories of Bidders in an Issue depending on compliance with the eligibility conditions. Certain details pertaining to the percentage of Issue size available for allocation to each category is disclosed overleaf of the Bid cum Application Form and in the RHP. For details in relation to allocation, the Bidder may refer to the RHP.
- c) Under-subscription in any category (except QIB Category) is allowed to be met with spill over from any other category or combination of categories at the discretion of the Issuer and the in consultation with the BRLM and the Designated Stock Exchange and in accordance with the SEBI ICDR Regulations. Unsubscribed portion in QIB Category is not available for subscription to other categories.
- d) In case of under subscription in the Issue, spill-over to the extent of such under-subscription may be permitted from the Reserved Portion to the Issue. For allocation in the event of an undersubscription applicable to the Issuer, Bidders may refer to the RHP.
- e) In case if the Individual Investor (who applies for minimum application size) category is entitled to more than the allocated portion on proportionate basis, the category shall be allotted that higher percentage.

Illustration of the Book Building and Price Discovery Process: Bidders should note that this example is solely for illustrative purposes and is not specific to the Issue; it also excludes Bidding by Anchor Investors. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹20 to ₹ 24 per share, Issue size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Issue the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Issuer, in consultation with the BRLM, may finalise the Issue Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Issue Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

GENERAL INSTRUCTIONS

Please note that the NIIs are not permitted to withdraw their bids or lower the size of Bids in terms of quantity of Equity Shares or Bid Amount) at any stage. Individual Investor can revise their Bids during the Bid/ Issue period and withdraw their Bids until Bid/ Issue Closing date.

Anchor investors are not allowed to withdraw their Bids after Anchor Investors bidding date.

BASIS OF ALLOCATION

- a) The SEBI (ICDR) Regulations specify the allocation or Allotment that may be made to various categories of Bidders in an Issue depending on compliance with the eligibility conditions. Certain details pertaining to the percentage of Issue size available for allocation to each category is disclosed overleaf of the Bid cum Application Form and in the RHP. For details in relation to allocation, the Bidder may refer to the RHP.
- b) Under-subscription in any category (except QIB Category) is allowed to be met with spill over from any other category or combination of categories at the discretion of the Issuer and in consultation with the BRLM and the Designated Stock Exchange and in accordance with the SEBI (ICDR) Regulations, Unsubscribed portion in QIB Category is not available for subscription to other categories.
- c) In case of under subscription in the Issue, spill-over to the extent of such under- subscription may be permitted from the Reserved Portion to the Issue. For allocation in the event of an under-subscription applicable to the Issuer, Bidders may refer to the RHP.

ALLOTMENT PROCEDURE AND BASIS OF ALLOTMENT

The allotment of Equity Shares to Bidders other than Individual Investors (who applies for minimum application size) and Anchor Investors may be on proportionate basis. For Basis of Allotment to Anchor Investors, Bidders may refer to RHP. No Individual Investor (who applies for minimum application size) will be allotted less than the minimum Bid Lot subject to availability of shares in individual investor (who applies for minimum application size) Category and the remaining available shares, if any will be Allotted on a proportionate basis. The Issuer is required to receive a minimum subscription of 90% of the Issue. However, in case the Issue is in the nature of Issue for Sale only, then minimum subscription may not be applicable.

Flow of Events from the closure of bidding period (T DAY) Till Allotment:

- On T Day, RTA to validate the electronic bid details with the depository records and also reconcile the final certificates received from the Sponsor Bank for UPI process and the SCSBs for ASBA and Syndicate ASBA process with the electronic bid details.
- RTA identifies cases with mismatch of account number as per bid file / Final Certificate and as per applicant's bank account linked to depository demat account and seek clarification from SCSB to identify the applications with third party account for rejection.
- Third party confirmation of applications to be completed by SCSBs on T+1 day.
- RTA prepares the list of final rejections and circulate the rejections list with BRLM/ Company for their review/ comments.
- Post rejection, the RTA submits the basis of allotment with the Designated Stock Exchange (DSE).
- The Designated Stock Exchange (DSE), post verification approves the basis and generates drawal of lots wherever applicable, through a random number generation software.
- The RTA uploads the drawal numbers in their system and generates the final list of allottees as per process mentioned below:

Process for generating list of allottees: -

- Instruction is given by RTA in their Software System to reverse category wise all the application numbers in the ascending order and generate the bucket /batch as per the allotment ratio. For example, if the application number is 78654321 then system reverses it to 12345687 and if the ratio of allottees to applicants in a category is 2:7 then the system will create lots of 7. If the drawal of lots provided by Designated Stock Exchange (DSE) is 3 and 5 then the system will pick every 3rd and 5th application in each of the lot of the category and these applications will be allotted the shares in that category.
- In categories where there is proportionate allotment, the Registrar will prepare the proportionate working based on the oversubscription times.
- In categories where there is undersubscription, the Registrar will do full allotment for all valid applications.
- On the basis of the above, the RTA will work out the allottees, partial allottees and non- allottees, prepare the fund transfer letters and advice the SCSBs to debit or unblock the respective accounts.

BASIS OF ALLOTMENT

a. For Individual Bidders

Bids received from the Individual Bidders at or above the Issue Price shall be grouped together to determine the total demand under this category. The Allotment to all the successful Individual Bidders will be made at the Issue Price.

In case the aggregate demand in this category is greater than [●] Equity Shares at or above the Issue Price, Allotment shall be made on a proportionate basis up to a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter. For the method of proportionate Basis of Allotment refer below.

c. For QIBs

For the Basis of Allotment to Anchor Investors, Bidders/Applicants may refer to the SEBI ICDR Regulations or RHP / Prospectus. Bids received from QIBs Bidding in the QIB Category (net of Anchor Portion) at or above the Issue Price may be grouped together to determine the total demand under this category. The QIB Category may be available for Allotment to QIBs who have Bid at a price that is equal to or greater than the Issue Price. Allotment may be undertaken in the following manner: Allotment shall be undertaken in the following manner:

- a) In the first instance allocation to Mutual Funds for [●]% of the QIB Portion shall be determined as follows:
 - In the event that Bids by Mutual Fund exceeds [●]% of the QIB Portion, allocation to Mutual Funds shall be done on a proportionate basis for [●]% of the QIB Portion.
 - In the event that the aggregate demand from Mutual Funds is less than [●]% of the QIB Portion then all Mutual Funds shall get full Allotment to the extent of valid Bids received above the Issue Price.
 - Equity Shares remaining unsubscribed, if any, not allocated to Mutual Funds shall be available for Allotment to all QIB Bidders as set out in (b) below;
- b) In the second instance allotment to all QIBs shall be determined as follows:
 - In the event of oversubscription in the QIB Portion, all QIB Bidders who have submitted Bids above the Issue Price shall be allotted Equity Shares on a proportionate basis, upto a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter for [●]% of the QIB Portion.
 - Mutual Funds, who have received allocation as per (a) above, for less than the number of Equity Shares Bid for by them, are eligible to receive Equity Shares on a proportionate basis, upto a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter, along with other QIB Bidders.
 - Under-subscription below [●] % of the QIB Portion, if any, from Mutual Funds, would be included for allocation to the remaining QIB Bidders on a proportionate basis. The aggregate Allotment to QIB Bidders shall not be more than [●] Equity Shares.

d. ALLOTMENT TO ANCHOR INVESTOR (IF APPLICABLE)

- a) Allocation of Equity Shares to Anchor Investors at the Anchor Investor Allocation Price will be at the discretion of the Issuer, in consultation with the BRLM, subject to compliance with the following requirements:
 - i) not more than 60% of the QIB Portion will be allocated to Anchor Investors;
 - ii) one-third of the Anchor Investor Portion shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the price at which allocation is being done to other Anchor Investors; and
 - iii) allocation to Anchor Investors shall be on a discretionary basis and subject to:
 - a maximum number of two Anchor Investors for allocation up to ₹2 crores;
 - a minimum number of two Anchor Investors and maximum number of 15 Anchor Investors for allocation of more than ₹ 2 crores and up to ₹ 25 crores subject to minimum allotment of ₹ 1 crore per such Anchor Investor; and
 - in case of allocation above twenty-five crore rupees; a minimum of 5 such investors and a maximum of 15 such investors for allocation up to twenty-five crore rupees and an additional 10 such investors for every additional twenty-five crore rupees or part thereof, shall be permitted, subject to a minimum allotment of one crore rupees per such investor.
- b) A physical book is prepared by the Registrar on the basis of the Anchor Investor Application Forms received from Anchor Investors. Based on the physical book and at the discretion of the Issuer, in consultation with the BRLM, selected Anchor Investors will be sent a CAN and if required, a revised CAN.

e. In the event that the Issue Price is higher than the Anchor Investor Allocation Price:

Anchor Investors will be sent a revised CAN within one day of the Pricing Date indicating the number of Equity Shares allocated to such Anchor Investor and the pay-in date for payment of the balance amount. Anchor Investors are then required to pay any additional amounts, being the difference between the Issue Price and the Anchor Investor Allocation Price, as indicated in the revised CAN within the pay-in date referred to in the revised CAN. Thereafter, the Allotment Advice will be issued to such Anchor Investors

f. In the event the Issue Price is lower than the Anchor Investor Allocation Price:

Anchor Investors who have been Allotted Equity Shares will directly receive Allotment Advice.

g. Basis of Allotment for QIBs (other than Anchor Investors) and NIIs in case of Over Subscribed Issue:

In the event of the Issue being Over-Subscribed, the Issuer may finalise the Basis of Allotment in consultation with the BSE Limited (The Designated Stock Exchange). The allocation may be made in marketable lots on proportionate basis as set forth hereunder:

- a) The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e. the total number of Shares applied for in that category multiplied by the inverse of the oversubscription ratio (number of Bidders in the category multiplied by number of Shares applied for).
- b) The number of Shares to be allocated to the successful Bidders will be arrived at on a proportionate basis in marketable lots (i.e. Total number of Shares applied for into the inverse of the over subscription ratio).
- c) For Bids where the proportionate allotment works out to less than [●] equity shares the allotment will be made as follows:
 - Each successful Bidder shall be allotted [●] equity shares; and
 - The successful Bidder out of the total bidders for that category shall be determined by draw of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (b) above.
- a) If the proportionate allotment to a Bidder works out to a number that is not a multiple of [●] equity shares, the Bidder would be allotted Shares by rounding off to the nearest multiple of [●] equity shares subject to a minimum allotment of [●] equity shares.
- b) If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the Bidders in that category, the balance available Shares or allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful Bidder in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising Bidder applying for the minimum number of shares. If as a result of the process of rounding off to the nearest multiple of [●] Equity Shares, results in the actual allotment being higher than the shares offered, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the Issue specified under the Capital Structure mentioned in the RHP.

Individual Investor' means an investor who applies for shares of value of not more than ₹ 2,00,000/-. Investors may note that in case of over subscription allotment shall be on proportionate basis and will be finalized in consultation with BSE Limited - the designated Stock Exchange.

The Executive Director / Managing Director of BSE Limited - the designated Stock Exchange in addition to Book Running Lead Manager and Registrar to the Public Issue shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI (ICDR) Regulations.

RESTRICTION ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and Foreign Exchange Management Act, 1999 (“**FEMA**”). While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of Indian economy upto any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The government bodies responsible for granting foreign investment approvals are the Reserve Bank of India (“**RBI**”) and Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India (“**DIPP**”).

The Government of India, from time to time, has made policy pronouncements on Foreign Direct Investment (“**FDI**”) through press notes and press releases. The Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India (“**DIPP**”), has issued consolidated FDI Policy Circular of 2020 (“**FDI Policy 2020**”), which with effect from October 15, 2020, consolidates and supersedes all previous press notes, press releases and clarifications on FDI Policy issued by the DIPP that were in force. The Government proposes to update the consolidated circular on FDI policy once every year and therefore, FDI Policy 2020 will be valid until the DIPP issues an updated circular. The RBI also issues Master Circular on Foreign Investment in India every year. Presently, FDI in India is being governed by Master Circular on Foreign Investment as updated from time to time by RBI. In terms of the Master Circular, an Indian company may issue fresh shares to people resident outside India (who is eligible to make investments in India, for which eligibility criteria are as prescribed). Such fresh issue of shares shall be subject to *inter-alia*, the pricing guidelines prescribed under the Master Circular.

Under the current FDI Policy of 2020, foreign direct investment in micro and small enterprises is subject to sectoral caps, entry routes and other sectoral regulations. At present 100 % foreign direct investment through automatic route is permitted in the sector in which our Company operates. Therefore, applicable foreign investment upto 100% is permitted in our company under automatic route.

In case of investment in sectors through Government Route approval from competent authority as mentioned in Chapter 4 of the FDI Policy 2020 has to be obtained by the Company. The transfer of shares between an Indian resident to a non-resident does not require the prior approval of the RBI, subject to fulfilment of certain conditions as specified by DIPP/RBI, from time to time. Such conditions include: (i) where the transfer of shares requires the prior approval of the Government as per the extant FDI policy provided that: a) the requisite approval of the Government has been obtained; and b) the transfer of shares adheres with the pricing guidelines and documentation requirements as specified by the Reserve Bank of India from time to time.; (ii) where the transfer of shares attract SEBI (SAST) Regulations subject to the adherence with the pricing guidelines and documentation requirements as specified by reserve Bank of India from time to time.; (iii) where the transfer of shares does not meet the pricing guidelines under the FEMA, 1999 provided that: a) The resultant FDI is in compliance with the extant FDI policy and FEMA regulations in terms of sectoral caps, conditionality’s (such as minimum capitalization, etc.), reporting requirements, documentation etc.; b) The pricing for the transaction is compliant with the specific/explicit, extant and relevant SEBI regulations/guidelines (such as IPO, Book building, block deals, delisting, exit, open offer/substantial acquisition/SEBI SAST); and Chartered Accountants Certificate to the effect that compliance with the relevant SEBI regulations/guidelines as indicated above is attached to the form FC-TRS to be filed with the AD bank and iv) where the investee company is in the financial sector provided that: a) Any ‘fit and proper/due diligence’ requirements as regards the non-resident investor as stipulated by the respective financial sector regulator, from time to time, have been complied with; and b) The FDI policy and FEMA regulations in terms of sectoral caps, conditionality’s (such as minimum capitalization, pricing, etc.), reporting requirements, documentation etc., are complied with. As per the existing policy of the Government of India, OCBs cannot participate in this Issue and in accordance with the extant FDI guidelines on sectoral caps, pricing guidelines etc. as amended by Reserve bank of India, from time to time. Investors are advised to confirm their eligibility under the relevant laws before investing and / or subsequent purchase or sale transaction in the Equity Shares of Our Company. Investors will not offer, sell, pledge or transfer the Equity Shares of our Company to any person who is not eligible under applicable laws, rules, regulations, guidelines. Our Company, the Underwriters and their respective directors, officers, agents, affiliates and representatives, as applicable, accept no responsibility or liability for advising any investor on whether such investor is eligible to acquire Equity Shares of our Company.

Investment conditions/restrictions for overseas entities

Under the current FDI Policy 2020, the maximum amount of Investment (sectoral cap) by foreign investor in an issuing entity is composite unless it is explicitly provided otherwise including all types of foreign investments,

direct and indirect regardless of whether it has been made for FDI, FPI, NRI/OCI, LLPs, FVCI, Investment Vehicles and DRs under Schedule 1, 2, 3, 6, 7, 8, 9, and 11 of FEMA (Transfer or Issue of Security by Persons Resident outside India) Regulations, 2017. Any equity holding by a person resident outside India resulting from conversion of any debt instrument under any arrangement shall be reckoned as foreign investment under the composite cap. Portfolio Investment upto aggregate foreign investment level of 49% or sectoral/statutory cap, whichever is lower, will not be subject to either Government approval or compliance of sectoral conditions, if such investment does not result in transfer of ownership and/or control of Indian entities from resident Indian citizens to non-resident entities. Other foreign investments will be subject to conditions of Government approval and compliance of sectoral conditions as per FDI Policy. The total foreign investment, direct and indirect, in the issuing entity will not exceed the sectoral/statutory cap.

i. Investment by FPIs under Portfolio Investment Scheme (PIS):

With regards to purchase/sale of capital instruments of an Indian company by an FPI under PIS the total holding by each FPI or an investor group as referred in SEBI (FPI) Regulations, 2014 shall not exceed 10 % of the total paid-up equity capital on a fully diluted basis or less than 10% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all FPIs put together shall not exceed 24 % of paid-up equity capital on fully diluted basis or paid-up value of each series of debentures or preference shares or share warrants. The said limit of 10 percent and 24 percent will be called the individual and aggregate limit, respectively. However, this limit of 24 % may be increased upto sectoral cap/statutory ceiling, as applicable, by the Indian company concerned by passing a resolution by its Board of Directors followed by passing of a special resolution to that effect by its general body.

ii. Investment by NRI or OCI on repatriation basis:

The purchase/sale of equity shares, debentures, preference shares and share warrants issued by an Indian company (hereinafter referred to as “Capital Instruments”) of a listed Indian company on a recognised stock exchange in India by Non-Resident Indian (NRI) or Overseas Citizen of India (OCI) on repatriation basis is allowed subject to certain conditions under Schedule 3 of the FEMA (Transfer or Issue of security by a person resident outside India) Regulations, 2017 i.e.:

The total holding by any individual NRI or OCI shall not exceed 5 percent of the total paid-up equity capital on a fully diluted basis or should not exceed 5 percent of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10 percent of the total paid-up equity capital on a fully diluted basis or shall not exceed 10 percent of the paid-up value of each series of debentures or preference 373 shares or share warrants; provided that the aggregate ceiling of 10 percent may be raised to 24 percent if a special resolution to that effect is passed by the general body of the Indian company.

iii. Investment by NRI or OCI on non-repatriation basis:

As per current FDI Policy 2020, schedule 4 of FEMA (Transfer or Issue of Security by Persons Resident outside India) Regulations – Purchase/ sale of Capital Instruments or convertible notes or units or contribution to the capital of an LLP by a NRI or OCI on non-repatriation basis – will be deemed to be domestic investment at par with the investment made by residents. This is further subject to remittance channel restrictions. The Equity Shares have not been and will not be registered under the U.S. Securities Act of 1933, as amended (“US Securities Act”) or any other state securities laws in the United States of America and may not be sold or offered within the United States of America, or to, or for the account or benefit of “US Persons” as defined in Regulation S of the U.S. Securities Act, except pursuant to exemption from, or in a transaction not subject to, the registration requirements of US Securities Act and applicable state securities laws. Accordingly, the equity shares are being offered and sold only outside the United States of America in an offshore transaction in reliance upon Regulation S under the US Securities Act and the applicable laws of the jurisdiction where those offers and sale occur.

4. The Authorized Share Capital of the Company shall be as prescribed in Clause V of the Memorandum of Association of the Company.
5. Subject to the provisions of the Act and these Articles, the shares in the capital of the Company for the time being (including any shares forming part of any increased capital of the Company) shall be under the control of the Board who may allot the same or any of them to such persons, in such proportion and on such terms and conditions and either at a premium or at par or at a discount (subject to compliance with the provisions of the Act) and at such terms as they may, from time to time, think fit and proper and with the sanction of the Company in General Meeting by a Special Resolution give to any person the option to call for or be allotted shares of any class of the Company, either at par, at a premium or subject as aforesaid at a discount, such option being exercisable at such

times and for such consideration as the Board thinks fit unless the Company in General Meeting, by a Special Resolution, otherwise decides. Any offer of further shares shall be deemed to include a right, exercisable by the person to whom the shares are offered, to renounce the shares offered to him in favour of any other person.

Subject to the provisions of the Act, any redeemable Preference Share, including Cumulative Convertible Preference Share may, with the sanction of an ordinary resolution be issued on the terms that they are, or at the option of the Company are liable to be redeemed or converted on such terms and in such manner as the Company, before the issue of the shares may, by special resolution, determine.

6. The Company in General Meeting, by a Special Resolution, may determine that any share (whether forming part of the original capital or of any increased capital of the Company) shall be offered to such persons (whether members or holders of debentures of the Company or not), giving them the option to call or be allotted shares of any class of the Company either at a premium or at par or at a discount, (subject to compliance with the provisions of Section 53) such option being exercisable at such times and for such consideration as may be directed by a Special Resolution at a General Meeting of the Company or in General Meeting and may take any other provisions whatsoever for the issue, allotment or disposal of any shares.
7. The Board may at any time increase the subscribed capital of the Company by issue of new shares out of the unissued part of the Share Capital in the original or subsequently created capital, but subject to Section 62 of the Act, and subject to the following conditions namely:
 - I. (a) Such further shares shall be offered to the persons who, at the date of the offer, are holder of the equity shares of the Company in proportion, as nearly as circumstances admit, to the capital paid up on those shares at that date.
 - (b) The offer aforesaid shall be made by notice specifying the number of shares offered and limiting a time not being less than twenty-one days, from the date of the offer within which the offer, if not accepted, will be deemed to have been declined.
 - (c) The offer aforesaid shall be deemed to include a right exercisable by the person concerned to renounce the shares offered to him or any of them in favour of any other person and the notice referred to in clause (b) shall contain a statement of this right.
 - (d) After the expiry of the time specified in the notice aforesaid, or in respect of earlier intimation from the person to whom such notice is given that he declines to accept the shares offered, the Board may dispose of them in such manner as it thinks most beneficial to the Company.
 - II. The Directors may, with the sanction of the Company in General Meeting by means of a special resolution, offer and allot shares to any person at their discretion by following the provisions of section 62 of the Act and other applicable provisions, if any.
 - III. Nothing in this Article shall apply to the increase in the subscribed capital of the Company which has been approved by:
 - (a) A Special Resolution passed by the Company in General Meeting before the issue of the debentures or the raising of the loans, and
 - (b) The Central Government before the issue of the debentures or raising of the loans or is in conformity with the rules, if any, made by that Government in this behalf.
8. (1) The rights attached to each class of shares (unless otherwise provided by the terms of the issue of the shares of the class) may, subject to the provisions of Section 48 of the Act, be varied with the consent in writing of the holders of not less than three fourths of the issued shares of that class or with the sanction of a Special Resolution passed at a General Meeting of the holders of the shares of that class.
 - (2) To every such separate General Meeting, the provisions of these Articles relating to General Meeting shall Mutatis Mutandis apply, but so that the necessary quorum shall be two persons at least holding or representing by proxy one-tenth of the issued shares of that class.
9. **Issue of further shares with disproportionate rights**

Subject to the provisions of the Act, the rights conferred upon the holders of the shares of any class issued with preferred or other rights or not, unless otherwise expressly provided for by the terms of the issue of shares of that class, be deemed to be varied by the creation of further shares ranking pari passu therewith.

10. Not to issue shares with disproportionate rights

The Company shall not issue any shares (not being Preference Shares) which carry voting rights or rights in the Company as to dividend, capital or otherwise which are disproportionate to the rights attached to the holders of other shares not being Preference Shares.

11. Power to pay commission

The Company may, at any time, pay a commission to any person for subscribing or agreeing to subscribe (whether absolutely or conditionally) for any share, debenture or debenture stock of the Company or procuring or agreeing to procure subscriptions (whether absolute or conditional) for shares, such commission in respect of shares shall be paid or payable out of the capital, the statutory conditions and requirements shall be observed and complied with and the amount or rate of commission shall not exceed five percent of the price at which the shares are issued and in the case of debentures, the rate of commission shall not exceed, two and half percent of the price at which the debentures are issued. The commission may be satisfied by the payment of cash or the allotment of fully or partly paid shares or partly in one way and partly in the other. The Company may also, on any issue of shares, pay such brokerage as may be lawful.

12. Liability of joint holders of shares

The joint holders of a share or shares shall be severally as well as jointly liable for the payment of all installments and calls due in respect of such share or shares.

13. Trust not recognised

Save as otherwise provided by these Articles, the Company shall be entitled to treat the registered holder of any share as the absolute owner thereof and accordingly, the Company shall not, except as ordered by a Court of competent jurisdiction or as by a statute required, be bound to recognise any equitable, contingent, future or partial interest lien, pledge or charge in any share or (except only by these presents otherwise provided for) any other right in respect of any share except an absolute right to the entirety thereof in the registered holder.

14. Issue other than for cash

- a) The Board may issue and allot shares in the capital of the Company as payment or part payment for any property sold or goods transferred or machinery or appliances supplied or for services rendered or to be rendered to the Company in or about the formation or promotion of the Company or the acquisition and or conduct of its business and shares may be so allotted as fully paid-up shares, and if so issued, shall be deemed to be fully paid-up shares.
- b) As regards all allotments, from time to time made, the Board shall duly comply with Section 39 of the Act.

15. Acceptance of shares

An application signed by or on behalf of the applicant for shares in the Company, followed by an allotment of any share therein, shall be acceptance of the shares within the meaning of these Articles; and every person who thus or otherwise accepts any share and whose name is on the Register shall, for the purpose of these Articles, be a shareholder.

16. Member' right to share Certificates

1. Every person whose name is entered as a member in the Register shall be entitled to receive without payment:
 - a. One certificate for all his shares; or
 - b. Share certificate shall be issued in marketable lots, where the share certificates are issued either for more or less than the marketable lots, sub-division/consolidation into marketable lots shall be done free of charge.
2. The Company shall, within two months after the allotment and within fifteen days after application for registration of the transfer of any share or debenture, complete and have it ready for delivery; the share certificates for all the shares and debentures so allotted or transferred unless the conditions of issue of the said shares otherwise provide.

3. Every certificate shall be under the signature of two Directors and/or the Company Secretary of the Company and shall specify the shares to which it relates and the amount paid-up thereon.
4. The certificate of title to shares and duplicates thereof when necessary shall be issued under the signature of two Directors and/or the Company Secretary of the Company or authorized official(s) of the Company.

17. One Certificate for joint holders

In respect of any share or shares held jointly by several persons, the Company shall not be bound to issue more than one certificate for the same share or shares and the delivery of a certificate for the share or shares to one of several joint holders shall be sufficient delivery to all such holders. Subject as aforesaid, where more than one share is so held, the joint holders shall be entitled to apply jointly for the issue of several certificates in accordance with Article 20 below.

18. Renewal of Certificate.

If a certificate be worn out, defaced, destroyed, or lost or if there is no further space on the back thereof for endorsement of transfer, it shall, if requested, be replaced by a new certificate without any fee, provided however that such new certificate shall not be given except upon delivery of the worn out or defaced or used up certificate, for the purpose of cancellation, or upon proof of destruction or loss, on such terms as to evidence, advertisement and indemnity and the payment of out of pocket expenses as the Board may require in the case of the certificate having been destroyed or lost. Any renewed certificate shall be marked as such in accordance with the provisions of the act in force.

For every certificate issued under the last preceding Article, no fee shall be charged by the Company.

19. Splitting and consolidation of Share Certificate

The shares of the Company will be split up/consolidated in the following circumstances:

- (i) At the request of the member/s for split up of shares in marketable lot.
- (ii) At the request of the member/s for consolidation of fraction shares into marketable lot.

20. Directors may issue new Certificate(s)

Where any share under the powers in that behalf herein contained are sold by the Directors and the certificate thereof has not been delivered up to the Company by the former holder of the said shares, the Directors may issue a new certificate for such shares distinguishing it in such manner as they think fit from the certificate not so delivered up.

21. Person by whom installments are payable

If, by the conditions of allotment of any share, the whole or part of the amount or issue price thereof shall be payable by installments, every such installment, shall, when due, be paid to the Company by the person who for the time being and from time to time shall be the registered holder of the share or his legal representative or representatives, if any.

LIEN

22. Company's lien on shares

The Company shall have first and paramount lien upon all shares other than fully paid-up shares registered in the name of any member, either or jointly with any other person, and upon the proceeds or sale thereof for all moneys called or payable at a fixed time in respect of such shares and such lien shall extend to all dividends from time to time declared in respect of such shares. But the Directors, at any time, may declare any share to be exempt, wholly or partially from the provisions of this Article. Unless otherwise agreed, the registration of transfer of shares shall operate as a waiver of the Company's lien, if any, on such shares.

23. As to enforcing lien by sale

For the purpose of enforcing such lien, the Board of Directors may sell the shares subject thereto in such manner as it thinks fit, but no sale shall be made until the expiration of 14 days after a notice in writing stating and demanding payment of such amount in respect of which the lien exists has been given to the registered holders of the shares for the time being or to the person entitled to the shares by reason of the death of insolvency of the register holder.

24. Authority to transfer

- a. To give effect to such sale, the Board of Directors may authorise any person to transfer the shares sold to the purchaser thereof and the purchaser shall be registered as the holder of the shares comprised in any such transfer.
- b. The purchaser shall not be bound to see the application of the purchase money, nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings relating to the sale.

25. Application of proceeds of sale

The net proceeds of any such sale shall be applied in or towards satisfaction of the said moneys due from the member and the balance, if any, shall be paid to him or the person, if any, entitled by transmission to the shares on the date of sale.

CALLS ON SHARES

26. Calls

Subject to the provisions of Section 49 of the Act, the Board of Directors may, from time to time, make such calls as it thinks fit upon the members in respect of all moneys unpaid on the shares held by them respectively and not by the conditions of allotment thereof made payable at fixed times, and the member shall pay the amount of every call so made on him to the person and at the time and place appointed by the Board of Directors.

27. When call deemed to have been made

A call shall be deemed to have been made at the time when the resolution of the Directors authorising such call was passed. The Board of Directors making a call may by resolution determine that the call shall be deemed to be made on a date subsequent to the date of the resolution, and in the absence of such a provision, a call shall be deemed to have been made on the same date as that of the resolution of the Board of Directors making such calls.

28. Length of Notice of call

Not less than thirty days' notice of any call shall be given specifying the time and place of payment provided that before the time for payment of such call, the Directors may, by notice in writing to the members, extend the time for payment thereof.

29. Sum payable in fixed installments to be deemed calls

If by the terms of issue of any share or otherwise, any amount is made payable at any fixed times, or by installments at fixed time, whether on account of the share or by way of premium, every such amount or installment shall be payable as if it were a call duly made by the Directors, on which due notice had been given, and all the provisions herein contained in respect of calls shall relate and apply to such amount or installment accordingly.

30. When interest on call or installment payable

If the sum payable in respect of any call or, installment be not paid on or before the day appointed for payment thereof, the holder for the time being of the share in respect of which the call shall have been made or the installment shall fall due, shall pay interest for the same at the rate of 12 percent per annum, from the day appointed for the payment thereof to the time of the actual payment or at such lower rate as the Directors may determine. The Board of Directors shall also be at liberty to waive payment of that interest wholly or in part.

31. Sums payable at fixed times to be treated as calls

The provisions of these Articles as to payment of interest shall apply in the case of non-payment of any such sum which by the terms of issue of a share, become payable at a fixed time, whether on account of the amount of the share or by way of premium, as if the same had become payable by virtue of a call duly made and notified.

32. Payment of call in advance

The Board of Directors, may, if it thinks fit, receive from any member willing to advance all of or any part of the moneys uncalled and unpaid upon any shares held by him and upon all or any part of the moneys so advance may (until the same would, but for such advance become presently payable) pay interest at such rate as the Board of Directors may decide but shall not in respect of such advances confer a right to the dividend or participate in profits.

33. Partial payment not to preclude forfeiture

Neither a judgment nor a decree in favour of the Company for calls or other moneys due in respect of any share nor any part payment or satisfaction thereunder, nor the receipt by the Company of a portion of any money which shall from, time to time, be due from any member in respect of any share, either by way of principal or interest

nor any indulgency granted by the Company in respect of the payment of any such money shall preclude the Company from thereafter proceeding to enforce a forfeiture of such shares as herein after provided.

FORFEITURE OF SHARES

34. If call or installment not paid, notice may be given

If a member fails to pay any call or installment of a call on the day appointed for the payment not paid thereof, the Board of Directors may during such time as any part of such call or installment remains unpaid serve a notice on him requiring payment of so much of the call or installment as is unpaid, together with any interest, which may have accrued. The Board may accept in the name and for the benefit of the Company and upon such terms and conditions as may be agreed upon, the surrender of any share liable to forfeiture and so far as the law permits of any other share.

35. Evidence action by Company against shareholders

On the trial or hearing of any action or suit brought by the Company against any shareholder or his representative to recover any debt or money claimed to be due to the Company in respect of his share, it shall be sufficient to prove that the name of the defendant is or was, when the claim arose, on the Register of shareholders of the Company as a holder, or one of the holders of the number of shares in respect of which such claim is made, and that the amount claimed is not entered as paid in the books of the Company and it shall not be necessary to prove the appointment of the Directors who made any call nor that a quorum of Directors was present at the Board at which any call was made nor that the meeting at which any call was made was duly convened or constituted nor any other matter whatsoever; but the proof of the matters aforesaid shall be conclusive evidence of the debt.

36. Form of Notice

The notice shall name a further day (not earlier than the expiration of fourteen days from the date of service of the notice), on or before which the payment required by the notice is to be made, and shall state that, in the event of non-payment on or before the day appointed, the shares in respect of which the call was made will be liable to be forfeited.

37. If notice not complied with, shares may be forfeited

If the requirements of any such notice as, aforementioned are not complied with, any share in respect of which the notice has been given May at any time thereafter, before the payment required by the notice has been made, be forfeited by a resolution of the Board to that effect. Such forfeiture shall include all dividends declared in respect of the forfeited shares and not actually paid before the forfeiture.

38. Notice after forfeiture

When any share shall have been so forfeited, notice of the resolution shall be given to the member in whose name it stood immediately prior to the forfeiture and an entry of the forfeiture shall not be in any manner invalidated by any omission or neglect to give such notice or to make such entry as aforesaid.

39. Boards' right to dispose of forfeited shares or cancellation of forfeiture

A forfeited or surrendered share may be sold or otherwise disposed off on such terms and in such manner as the Board may think fit, and at any time before such a sale or disposal, the forfeiture may be cancelled on such terms as the Board may think fit.

40. Liability after forfeiture

A person whose shares have been forfeited shall cease to be a member in respect of the forfeited shares but shall, notwithstanding such forfeiture, remain liable to pay and shall forthwith pay the Company all moneys, which at the date of forfeiture is payable by him to the Company in respect of the share, whether such claim be barred by limitation on the date of the forfeiture or not, but his liability shall cease if and when the Company received payment in full of all such moneys due in respect of the shares.

41. Effect of forfeiture

The forfeiture of a share shall involve in the extinction of all interest in and also of all claims and demands against the Company in respect of the shares and all other rights incidental to the share, except only such of these rights as by these Articles are expressly saved.

42. Evidence of forfeiture

A duly verified declaration in writing that the declarant is a Director of the Company and that a share in the Company has been duly forfeited on a date stated in the declaration, shall be conclusive evidence of the facts

therein stated as against all persons claiming to be entitled to the share, and that declaration and the receipt of the Company for the consideration, if any, given for the shares on the sale or disposal thereof, shall constitute a good title to the share and the person to whom the share is sold or disposed of shall be registered as the holder of the share and shall not be bound to see to the application of the purchase money (if any) nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale or disposal of the share.

43. Non-payment of sums payable at fixed times

The provisions of these regulations as to forfeiture shall apply in the case of non-payment of any sum which by terms of issue of a share, becomes payable at a fixed time, whether, on account of the amount of the share or by way of premium or otherwise as if the same had been payable by virtue of a call duly made and notified.

44. Validity of such sales

Upon any sale after forfeiture or for enforcing a lien in purported exercise of the powers herein before given, the Directors may cause the purchaser's name to be entered in the register in respect of the shares sold and may issue fresh certificate in the name of such a purchaser. The purchaser shall not be bound to see to the regularity of the proceedings, nor to the application of the purchase money and after his name has been entered in the register in respect of such shares, the validity of the sale shall not be impeached by any person and the remedy of any person aggrieved by the sale shall be in damages only and against the Company exclusively.

TRANSFER AND TRANSMISSION OF SHARES

45. Transfer

- a. The instrument of transfer of any share in the Company shall be executed both by the transferor and the transferee and the transferor shall be deemed to remain holder of the shares until the name of the transferee is entered in the register of members in respect thereof.
- b. The Board shall not register any transfer of shares unless a proper instrument of transfer duly stamped and executed by the transferor and the transferee has been delivered to the Company along with the certificate and such other evidence as the Company may require to prove the title of the transferor or his right to transfer the shares.

Provided that where it is proved to the satisfaction of the Board that an instrument of transfer signed by the transferor and the transferee has been lost, the Company may, if the Board thinks fit, on an application on such terms in writing made by the transferee and bearing the stamp required for an instrument of transfer, register the transfer on such terms as to indemnity as the Board may think fit.

- c. An application for the registration of the transfer of any share or shares may be made either by the transferor or the transferee, provided that where such application is made by the transferor, no registration shall, in the case of partly paid shares, be effected unless the Company gives notice of the application to the transferee. The Company shall, unless objection is made by the transferee within two weeks from the date of receipt of the notice, enter in the register the name of the transferee in the same manner and subject to the same conditions as if the application for registration was made by the transferee.
- d. For the purpose of Sub-clause (c), notice to the transferee shall be deemed to have been duly given if dispatched by prepaid registered post to the transferee at the address given in the instrument of transfer and shall be delivered in the ordinary course of post.
- e. Nothing in Sub-clause (d) shall prejudice any power of the Board to register as a shareholder any person to whom the right to any share has been transmitted by operation of law.

46. Form of transfer

Shares in the Company shall be transferred by an instrument in writing in such common form as specified in Section 56 of the Companies Act.

47. Board's right to refuse to register

The Board, May, at its absolute discretion and without assigning any reason, decline to register;

1. The transfer of any share, whether fully paid or not, to a person of whom it do not approve or
2. Any transfer or transmission of shares on which the Company has a lien

- a. Provided that registration of any transfer shall not be refused on the ground of the transferor being either alone or jointly with any other person or persons indebted to the Company on any account whatsoever except a lien on the shares.
- b. If the Board refuses to register any transfer or transmission of right, it shall, within fifteen days from the date of which the instrument or transfer of the intimation of such transmission was delivered to the Company, send notice of the refusal to the transferee and the transferor or to the person giving intimation of such transmission as the case may be.
- c. In case of such refusal by the Board, the decision of the Board shall be subject to the right of appeal conferred by Section 58.
- d. The provisions of this clause shall apply to transfers of stock also.

48. Further right of Board of Directors to refuse to register

- a. The Board may, at its discretion, decline to recognize or accept instrument of transfer of shares unless the instrument of transfer is in respect of only one class of shares.
- b. No fee shall be charged by the Company for registration of transfers or for effecting transmission on shares on the death of any member or for registering any letters of probate, letters of administration and similar other documents.
- c. Notwithstanding anything contained in Sub-articles (b) and (c) of Article 46, the Board may not accept applications for sub-division or consolidation of shares into denominations of less than hundred (100) except when such a sub-division or consolidation is required to be made to comply with a statutory order or an order of a competent Court of Law or a request from a member to convert his holding of odd lots, subject however, to verification by the Company.
- d. The Directors may not accept applications for transfer of less than 100 equity shares of the Company, provided however, that these restrictions shall not apply to:
 - i. Transfer of equity shares made in pursuance of a statutory order or an order of competent court of law.
 - ii. Transfer of the entire equity shares by an existing equity shareholder of the Company holding less than hundred (100) equity shares by a single transfer to joint names.
 - iii. Transfer of more than hundred (100) equity shares in favour of the same transferee under one or more transfer deeds, one or more of them relating to transfer of less than hundred (100) equity shares.
 - iv. Transfer of equity shares held by a member which are less than hundred (100) but which have been allotted to him by the Company as a result of Bonus and/or Rights shares or any shares resulting from Conversion of Debentures.
 - v. The Board of Directors be authorised not to accept applications for sub-division or consolidation of shares into denominations of less than hundred (100) except when such sub-division or consolidation is required to be made to comply with a statutory order of a Court of Law or a request from a member to convert his holding of odd lots of shares into transferable/marketable lots, subject, however, to verification by the Company.

Provided that where a member is holding shares in lots higher than the transferable limit of trading and transfers in lots of transferable unit, the residual shares shall be permitted to stand in the name of such transferor notwithstanding that the residual holding shall be below hundred (100).

49. Rights to shares on death of a member for transmission

- a. In the event of death of any one or more of several joint holders, the survivor, or survivors, alone shall be entitled to be recognised as having title to the shares.
- b. In the event of death of any sole holder or of the death of last surviving holder, the executors or administrators of such holder or other person legally entitled to the shares shall be entitled to be recognised by the Company as having title to the shares of the deceased.

Provided that on production of such evidence as to title and on such indemnity or other terms as the Board may deem sufficient, any person may be recognised as having title to the shares as heir or legal representative of the deceased shareholder.

Provided further that if the deceased shareholder was a member of a Hindu Joint Family, the Board, on being satisfied to that effect and on being satisfied that the shares standing in his name in fact belonged to the joint family, may recognise the survivors of Karta there of as having titles to the shares registered in the name of such member.

Provided further that in any case, it shall be lawful for the Board in its absolute discretion, to dispense with the production of probate or letters of administration or other legal representation upon such evidence and such terms as to indemnity or otherwise as the Board may deem just.

50. Rights and liabilities of person

1. Any person becoming entitled to a share in consequence of the death or insolvency of a member may, upon such evidence being produced as may from time to time be required by the Board and subject as herein, after provided elect either
 - a. to be registered himself as a holder of the share or
 - b. to make such transfer of the share as the deceased or insolvent member could have made.
2. The Board, shall, in either case, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent member had transferred the share before his death or insolvency.

51. Notice by such a person of his election

- a. If the person so becoming entitled shall elect to be registered as holder of the shares himself, he shall deliver or send to the Company a notice in writing signed by him stating that he so elects.
- b. If the person aforesaid shall elect to transfer the share, he shall testify his election by executing a transfer of the share.
- c. All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice of transfer had been signed by that member.

52. No transfer to infant, etc.

No transfer shall be made to an infant or a person of unsound mind.

53. Endorsement of transfer and issue of certificate

Every endorsement upon the certificate of any share in favour of any transferee shall be signed by the Secretary or by some person for the time being duly authorised by the Board in that behalf.

54. Custody of transfer

The instrument of transfer shall, after registration, remain in the custody of the Company. The Board may cause to be destroyed all transfer deeds lying with the Company for a period of ten years or more.

55. Register of members

- a. The Company shall keep a book to be called the Register of Members, and therein shall be entered the particulars of every transfer or transmission of any share and all other particulars of shares required by the Act to be entered in such Register.

Closure of Register of members

- b. The Board may, after giving not less than seven days previous notice by advertisement in some newspapers circulating in the district in which the Registered Office of the Company is situated, close the Register of Members or the Register of Debenture Holders for any period or periods not exceeding in the aggregate forty-five days in each year but not exceeding thirty days at any one time.

When instruments of transfer to be retained

- c. All instruments of transfer which shall be registered shall be retained by the Company but any instrument of transfer which the Directors may decline to register shall be returned to the person depositing the same.

56. Company's right to register transfer by apparent legal owner

The Company shall incur no liability or responsibility whatever in consequence of their registering or giving effect to any transfer of shares made or purporting to be made by any apparent legal owner thereof (as shown or appearing in the Register of Members) to the prejudice of persons having or claiming any equitable right, title or interest to or in the same shares not withstanding that the Company may have had notice of such equitable right or title or interest prohibiting registration of such transfer and may have entered such notice referred thereto in any book of the Company and the Company shall not be bound by or required to regard or attend to or give effect to any notice which may be given to it of any equitable right, title or interest or be under any liability whatsoever for refusing or neglecting so to do, though it may have been entered or referred to in the books of the Company; but the Company shall nevertheless be at liberty to have regard and to attend to any such notice and give effect thereto, if the Board shall so think fit.

62. Conversion of shares

The Company may, by Ordinary Resolution, convert all or any fully paid share(s) of any denomination into stock and vice versa.

63. Transfer of stock

The holders of stock may transfer the same or any part thereof in the same manner as, and subject to the same regulations, under which, the shares from which the stock arose might before the conversion have been transferred, or as near thereto as circumstances admit; provided that the Board may, from time to time, fix the minimum amount of stock transferable, so, however, that such minimum shall not exceed the nominal amount of the shares from which the stock arose.

64. Right of stockholders

The holders of the stock shall, according to the amount of the stock held by them, have the same rights, privileges and advantages as regards dividends, voting at meetings of the Company and other matters, as if they held the shares from which the stock arose, but no such privilege or advantage (except participation in the dividends and profits of the Company and its assets on winding up) shall be conferred by an amount of stock which would not, if existing in shares, have conferred that privilege or advantage.

65. Applicability of regulations to stock and stockholders

Such of the regulations contained in these presents, other than those relating to share warrants as are applicable to paid-up shares shall apply to stock and the words shares and shareholder in these presents shall include stock and stockholder respectively.

66. DEMATERIALISATION OF SECURITIES

a) Definitions

For the purpose of this Article:

‘Beneficial Owner’ means a person or persons whose name is recorded as such with a depository;

‘SEBI’ means the Securities and Exchange Board of India;

‘Depository’ means a company formed and registered under the Companies Act, 2013, and which has been granted a certificate of registration to act as a depository under the Securities and Exchange Board of India Act, 1992, and

‘Security’ means such security as may be specified by SEBI from time to time.

b) Dematerialisation of securities

Notwithstanding anything contained in these Articles, the Company shall be entitled to dematerialise or rematerialise its securities and to offer securities in a dematerialised form pursuant to the Depositories Act, 1996 and the rules framed thereunder, if any.

c) Options for investors

Every person subscribing to securities offered by the Company shall have the option to receive security certificates or to hold the securities with a depository. Such a person, who is the beneficial owner of the securities, can at any time opt out of a depository, if permitted by law, in respect of

any security in the manner provided by the Depositories Act and the Company shall, in the manner and within the time prescribed, issue to the beneficial owner the required certificates of securities. If a person opts to hold his security with a depository, the Company shall intimate such depository the details of allotment of the security, and on receipt of the information, the depository shall enter in its record the name of the allottee as the beneficial owner of the security.

d) Securities in depositories to be in fungible form

All securities held by a depository shall be dematerialised and be in fungible form. Nothing contained in Sections 89 and 186 of the Act shall apply to a depository in respect of the securities held by it on behalf of the beneficial owners.

e) Rights of depositories and beneficial owners:

- i.** Notwithstanding anything to the contrary contained in the Act or these Articles, a depository shall be deemed to be the registered owner for the purposes of effecting transfer of ownership of security on behalf of the beneficial owner.
- ii.** Save as otherwise provided in (a) above, the depository, as the registered owner of the securities, shall not have any voting rights or any other rights in respect of the securities held by it.
- iii.** Every person holding securities of the Company and whose name is entered as the beneficial owner in the records of the depository shall be deemed to be a member of the Company. The beneficial owner of the securities shall be entitled to all the rights and benefits and be subject to all the liabilities in respect of his securities which are held by a depository.

f) Service of documents

Notwithstanding anything in the Act or these Articles to the contrary, where securities are held in a depository, the records of the beneficial ownership may be served by such depository on the Company by means of electronic mode or by delivery of floppies or discs.

g) Transfer of securities

Nothing contained in Section 56 of the Act or these Articles shall apply to transfer of securities effected by a transferor and transferee both of whom are entered as beneficial owners in the records of a depository.

h) Allotment of securities dealt with in a depository

Notwithstanding anything in the Act or these Articles, where securities are dealt with in a depository, the Company shall intimate the details thereof to the depository immediately on allotment of such securities.

i) Distinctive numbers of securities held in a depository

Nothing contained in the Act or these Articles regarding the necessity of having distinctive numbers of securities issued by the Company shall apply to securities held in a depository.

j) Register and Index of Beneficial owners

The Register and Index of Beneficial Owners, maintained by a depository under the Depositories Act, 1996, shall be deemed to be the Register and Index of Members and Security Holders for the purposes of these Articles.

k) Company to recognize the rights of registered holders as also the beneficial owners in the records of the depository

Save as herein otherwise provided, the Company shall be entitled to treat the person whose name appears on the Register of Members as the holder of any share, as also the beneficial owner of the shares in records of the depository as the absolute owner thereof as regards receipt of dividends or bonus or services of notices and all or any other matters connected with the Company, and accordingly, the Company shall not, except as ordered by a Court of competent jurisdiction or as by law required, be bound to recognize any benami trust or equity or equitable, contingent or other claim to or interest in such share on the part of any other person, whether or not it shall have express or implied notice thereof.

GENERAL MEETINGS

67. Annual General Meeting

The Company shall in each year hold in addition to the other meetings a general meeting which shall be styled as its Annual General Meeting at intervals and in accordance with the provisions of Section 96 of the Act.

68. Extraordinary General Meeting

1. Extraordinary General Meetings may be held either at the Registered Office of the Company or at such convenient place as the Board or the Managing Director (subject to any directions of the Board) may deem fit.

Right to summon Extraordinary General Meeting

2. The Chairman or Vice Chairman may, whenever they think fit, and shall if so directed by the Board, convene an Extraordinary General Meeting at such time and place as may be determined.

69. Extraordinary Meeting by requisition

Number of member's more than 5000: 30 members personally present

74. If quorum not present, when meeting to be dissolved and when to be adjourned

If within half an hour from the time appointed for the meeting, a quorum is not present, the meeting, if called upon the requisition of members, shall be dissolved; in any other case, it shall stand adjourned to the same day in the next week and at the same time and place or to such other day and to be at such other time and place as the Board may determine and if at the adjourned meeting a quorum is not present within half an hour from the time appointed for the meeting, the members present shall be a quorum.

75. Chairman of General Meeting

The Chairman of the Board of Directors shall preside at every General Meeting of the Company and if he is not present within 15 minutes after the time appointed for holding the meeting, or if he is unwilling to act as Chairman, the Vice Chairman of the Board of Directors shall preside over the General Meeting of the Company.

76. When Chairman is absent

If there is no such Chairman, or Vice Chairman or if at any General Meeting, either the Chairman or Vice Chairman is not present within fifteen minutes after the time appointed for holding the meeting or if they are unwilling to take the chair, the members present shall choose one of their members to be the Chairman.

77. Adjournment of meeting

The Chairman may, with the consent of any meeting at which a quorum is present and shall, if so directed by the meeting, adjourn that meeting from time to time from place to place, but no business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.

When a meeting is adjourned for thirty days or more, notice of the adjourned meeting shall be given as in the case of an original meeting. Save as aforesaid, it shall not be necessary to give any notice of adjournment or of the business to be transacted at an adjourned meeting.

78. Questions at General Meeting how decided

At a General Meeting, a resolution put to the vote of the meeting shall be decided on a show of hands/result of electronic voting as per the provisions of Section 108, unless a poll is (before or on the declaration of the result of the show of hands/ electronic voting) demanded in accordance with the provisions of Section 109. Unless a poll is so demanded, a declaration by the Chairman that a resolution has, on a show of hands/ electronic voting, been carried unanimously or by a particular majority or lost and an entry to that effect in the book of the proceedings of the Company shall be conclusive evidence of the fact without proof of the number or proportion of the votes recorded in favour of or against that resolution.

79. Casting vote

In the case of an equality of votes, the Chairman shall, whether on a show of hands, or electronically or on a poll, as the case may be, have a casting vote in addition to the vote or votes to which he may be entitled as a member.

80. Taking of poll

If a poll is duly demanded in accordance with the provisions of Section 109, it shall be taken in such manner as the Chairman, subject to the provisions of Section 109 of the Act, may direct, and the results of the poll shall be deemed to be the decision of the meeting on the resolution on which the poll was taken.

81. In what cases poll taken without adjournment

A poll demanded on the election of Chairman or on a question of adjournment shall be taken forthwith. Where a poll is demanded on any other question, adjournment shall be taken at such time not being later than forty-eight hours from the time which demand was made, as the Chairman may direct.

82. Votes

- a. Every member of the Company holding Equity Share(s), shall have a right to vote in respect of such capital on every resolution placed before the Company. On a show of hands, every such member present shall have one vote and shall be entitled to vote in person or by proxy and his voting right on a poll or on e-voting shall be in proportion to his share of the paid-up Equity Capital of the Company.
- b. Every member holding any Preference Share shall in respect of such shares have a right to vote only on resolutions which directly affect the rights attached to the Preference Shares and subject as aforesaid, every such member shall in respect of such capital be entitled to vote in person or by proxy, if the dividend due on such preference shares or any part of such dividend has remained unpaid in respect of an aggregate period of not less than two years preceding the date of the meeting. Such dividend shall be deemed to be due on Preference Shares in respect of any period, whether a dividend has been declared by the Company for such period or not, on the day immediately following such period.
- c. Whenever the holder of a Preference Share has a right to vote on any resolution in accordance with the provisions of this article, his voting rights on a poll shall be in the same proportion as the capital paid-up in respect of such Preference Shares bear to the total equity paid-up capital of the Company.

83. Business may proceed notwithstanding demand for poll

A demand for a poll shall not prevent the continuance of a meeting for the transaction of any business other than that on which a poll has been demanded; The demand for a poll may be withdrawn at any time by the person or persons who made the demand.

84. Joint holders

In the case of joint holders, the vote of the first named of such joint holders who tender a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders.

85. Member of unsound mind

A member of unsound mind, or in respect of whom an order has been made by any Court having jurisdiction in lunacy, may vote, whether on a show of hands or on a poll, by his committee or other legal guardian, and any such committee or guardian may, on a poll vote by proxy.

86. No member entitled to vote while call due to Company

No member shall be entitled to vote at a General Meeting unless all calls or other sums presently payable by him in respect of shares in the Company have been paid.

87. Proxies permitted on polls

On a poll, votes may be given either personally or by proxy provided that no Company shall vote by proxy as long as resolution of its Directors in accordance with provisions of Section 113 is in force.

88. Instrument of proxy

- a. The instrument appointing a proxy shall be in writing under the hand of the appointed or of the attorney duly authorised in writing, or if the appointer is a Corporation, either under the signature of two Directors and/or the Company Secretary of the Company or under the hand of an officer or attorney so authorised. Any person may act as a proxy whether he is a member or not.
- b. A body corporate (whether a company within the meaning of this Act or not) may:

1. If it is a member of the Company by resolution of its Board of Directors or other governing body, authorise such persons as it thinks fit to act as its representatives at any meeting of the Company, or at any meeting of any class of members of the Company;
 2. If it is a creditor (including a holder of debentures) of the Company, by resolution of its Directors or other governing body, authorise such person as it thinks fit to act as its representative at any meeting of any creditors of the Company held in pursuance of this Act or of any rules made thereunder, or in pursuance of the provisions contained in any debenture or trust deed, as the case may be.
- c. A person authorised by resolution as aforesaid shall be entitled to exercise the same rights and powers (including the right to vote by proxy) on behalf of the body corporate which he represents, as if he were personally the member, creditor or debenture holder.

89. Instrument of proxy to be deposited at the office
